

Guthrie

# Cybersecurity & Networking

## Secure Your Future.

Become an ethical hacker so you can protect internet-connected hardware, software, and data systems from digital threats, and keep businesses, schools, and gaming communities safe.

At Guthrie you will gain the skills to:

- Design, build and manage networks
- Develop ethical hacking and testing skills
- Defend against digital attacks
- Explore how AI is shaping Cybersecurity
- Understand Cybersecurity laws and ethics
- Develop security policies to minimize risks
