JBER/GMS
Activity Bus Contract

The activity bus is funded by the Anchorage School District (ASD) to provide Gruening students transportation home to JBER via GMS from after school activities via the activity bus.

Even more so than our regular bus transportation, the activity bus is a *privilege*. It is a **gift** that ASD can cease providing at any time for a variety of reasons, one of which is student behavior.

Student behavior should be the LAST reason for ASD to need to cancel this service to its Gruening students. With this in mind, I enter this contract:

_____ I know the activity bus is a gift.

_____ I know I am to be respectful of the driver – in other words speak to him/her as I would a classroom teacher.

_____ I must choose my seat wisely – know a good seatmate.

_____ I must remain in my seat, facing front, at all times.

_____ I must speak in conversational tones – not yell.

The expectation is that the activity bus ride is incident free and pleasant for all. The driver determines if common sense decorum has been neglected.

There will be ONE report of misbehavior from the driver or JBER personnel, which will be relayed to Gruening administration--and result in a warning. Any further reported infractions will result in me, _____, being removed from all activity bus privileges for a period of time, up to the remainder of the year.
