

Overall 11<sup>th</sup> Grade SAT Participation slightly decreased:  
 88.9% in 2024  
 88.2% in 2025

- Overall participation for BCPS, including charter schools, slightly decreased from 88.9% in 2024 to 88.2% in 2025.
- Performance growth on the SAT is shown across all subgroups and the overall score mean.
- On a scale from 200 to 800, the Evidence-Based Reading and Writing (EBRW) mean score for 11th-grade students was 497 in the 2025 SAT School Day testing window, 8 points higher than the prior year.
- On a scale from 200 to 800, the Math mean score for 11th-grade students was 474 in the 2025 SAT School Day testing window, 19 points higher than the prior year.
- In 2024, 3.4% of 11th-grade students met the SAT score threshold for the Florida Academic Scholarship, compared to 5.1% in 2025.
- In 2024, 10.1% of 11th-grade students met the SAT score threshold for the Florida Medallion Scholarship, compared to 14.5% in 2025.
- In 2025, the District outperformed both the state and national averages in the Math Section score, and in the EBRW section, the District surpassed the state and matched the national average.

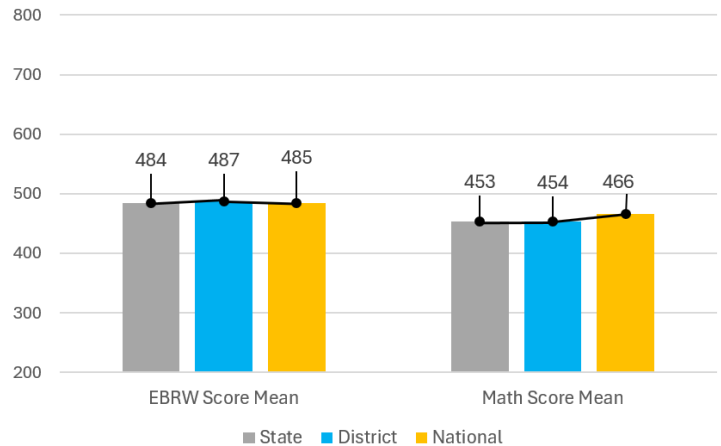

**10% of 11<sup>th</sup> grade students who needed ELA Concordance met it on 2024 SAT School Day and 14% met it in 2025.**

**18% of 11<sup>th</sup> grade students who needed Algebra 1 Concordance met it on 2024 SAT School Day and 7% met it in 2025.**

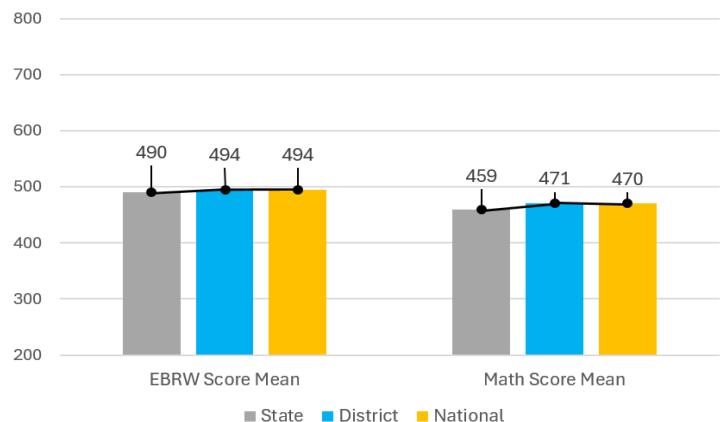

## College Board Reports

More than half of 11th-grade participants in SAT School Day met the EBRW college-ready benchmark in 2024 (59.2%) and in 2025 (57.3%).

**SUBJECT: SAT SCHOOL DAY IN BROWARD COUNTY PUBLIC SCHOOLS FOR 2023-2024 and 2024-2025 SCHOOL YEARS**

School administrators can use the information in the report to evaluate their school's level of participation and their students' performance on the Evidence-Based Reading and Writing (EBRW) and the Mathematics Sections of the Scholastic Aptitude Test (SAT). Administrators and educators can use these results to inform their curriculum, instruction, and enrichment programs to best serve their students.

Broward County Public Schools (BCPS) offered the 2024 SAT School Day to students between Monday, March 4, 2024, and Tuesday, April 26, 2024, and the 2025 SAT School Day to students between Monday, March 3, 2025, and Friday, April 25, 2025. The 2024 and 2025 SAT School Day administrations were sponsored by the Florida Department of Education (FLDOE) and were open to charter school students. All 11th-grade BCPS students enrolled in traditional schools and centers were offered a SAT School Day for the first time in April 2016. The initiative was put in place to eliminate the economic and logistical barriers that have limited students' participation in the SAT in the past. This memo summarizes student participation and scores from the 2024 and 2025 SAT School Day administrations.

Major findings include:

- During the 2023–2024 SAT School Day testing window, all 11th-grade subgroups achieved participation rates of at least 70%, increasing to 72% or higher in the 2024–2025 testing window.
- Performance growth on SAT is shown across all subgroups and the overall score mean.
- On a scale from 200 to 800, the EBRW mean score for 11th-grade students was 497 in the 2025 SAT School Day testing window, 8 points higher than the prior year and exceeding both the concordant score and the college-readiness benchmark of 480
- On a scale from 200 to 800, the Math mean score for 11th-grade students was 474 in the 2025 SAT School Day testing window, 19 points higher than the prior year.
- Of the 11th-grade students who had not yet met the English Language Arts (ELA) graduation requirement, 10.4% (n=540) of students met the requirement on the 2024 SAT School Day. In comparison, 14.2% (n=666) of students met the requirement on the 2025 SAT School Day.
- Of the 11th-grade students who had not yet met the requirement, 17.9% (n=735) of students met the requirement on the 2024 SAT School Day. In comparison, 6.8% (n=208) of 3,037 students met the requirement on the 2025 SAT School Day.
- More than half of 11th-grade participants in SAT School Day met the EBRW college-ready benchmark in 2024 (59.2%) and in 2025 (57.3%).
- In 2024, 31.8% of 11th-grade students met or exceeded the Math benchmark, compared to 29.7% in 2025.

### **Bright Futures Scholarships**

- In 2024, 3.4% of 11th-grade students (n = 658) met the SAT score threshold for the Florida Academic Scholarship, compared to 5.1% (n = 991) in 2025.
- In 2024, 10.1% of 11th-grade students (n=1,962) met the SAT score threshold for the Florida Medallion Scholarship, compared to 14.5% (n=2,806) in 2025.

### **College Board Reports**

- According to the College Board (2024), the District exceeded the state average SAT scores by 1 point in Math, 3 points in EBRW, and 4 points in the SAT Total Score mean.
- During 2024, the District was above the National average in EBRW score by 2, a 2-point difference, but remained below the National averages in SAT Total Score and Math Score.
- In 2025, the District outperformed both the state and national averages in SAT Total score and in Math Section score, and surpassed the state while matching the national average in EBRW.

Report from the Office of the Superintendent

September 2025

## **SCHOLASTIC APTITUDE TEST (SAT) SCHOOL DAY IN BROWARD COUNTY PUBLIC SCHOOLS (BCPS) FOR 2024 AND 2025 TESTING ADMINISTRATIONS**

Offered through The College Board, the Scholastic Aptitude Test (SAT) is an entrance exam used by most U.S. colleges and universities to make admissions decisions (Princeton Review, 2023). Beginning in 2020-2021, as a part of the Florida Coronavirus Aid, Relief, and Economic Security (CARES) Act, the Florida Department of Education (FLDOE) partnered with The College Board to provide a school-day administration of the SAT. The school day administration was offered to all public-school students in eleventh grade enrolled in Florida to increase SAT participation throughout the state (FLDOE, 2020). Charter school students also participated in SAT School Day for the 2023-2024 and the 2024-2025 school years. This was the ninth year that the SAT School Day was offered to students in Broward County Public Schools (BCPS) traditional public schools and centers. Prior to the 2020-2021 school year, BCPS paid for SAT School Day; presently, the FLDOE financially supports the SAT School Day for the entire state of Florida. The FLDOE paid students' registration fees (providing direct cost savings of sixty-eight dollars to each student) and offered the 2024 SAT assessment during Monday, March 4, 2024, and Tuesday, April 26, 2024 and the 2025 SAT assessment during Monday, March 3, 2025, and Friday, April 25, 2025 testing windows, thus making it highly convenient for students to take the exam. Additionally, students were given access to the *Official SAT Practice* online exam preparation course, which is a comprehensive and effective way for students to prepare for the exam at their own pace (College Board, 2023).

### **Background**

The first Broward SAT School Day took place in April 2016, following a successful pilot in three high schools the year before. For the eighth consecutive year, the 2024 SAT School Day was offered to 11th-grade students between Monday, March 4, 2024, and Tuesday, April 26, 2024 (BCPS, 2024), and for the 2025 SAT School Day, it was offered between Monday, March 3, 2025, and Friday, April 25, 2025 (BCPS, 2025).

## Definition of Terms

- **Participation Rate** refers to the number of 11th-grade students who took the SAT on the SAT School Day testing window, divided by the number of 11th-grade students enrolled during that time.
- **Evidence-Based Reading and Writing (EBRW) Mean** refers to the average score on the SAT's EBRW section. Possible scores range from 200 to 800.
- **Math Mean** refers to the average score on the mathematics section of the SAT. Possible scores range from 200 to 800.
- **Concordance Score** refers to a score that a student may use to satisfy the 10<sup>th</sup>-grade English Language Arts (ELA) Florida Assessment of Student Thinking (FAST) or Algebra 1 End of Course (EOC) graduation requirement if they scored lower than a level 3 on the ELA portion of the FAST ELA Reading or lower than a level 3 on the Basic English Skills Test (B.E.S.T.) Algebra 1 EOC. For students who entered grade 9 between 2020-2021 and 2022-2023, the ELA concordant score is 480 or higher on the SAT EBRW section, and the Algebra 1 concordance score is 430 or higher on the SAT Math section. For students who entered grade 9 in 2022-2023 and after, the ELA concordant score is 490 or higher on the SAT EBRW section and the Algebra 1 concordant score is 420 or higher on the SAT Math section (FLDOE, 2024).
- **EBRW Benchmark** refers to the college readiness benchmark the College Board put forth for the redesigned EBRW section of the SAT. Students who meet the benchmark, scoring 480 on the EBRW, have a 75% likelihood of achieving at least a C in first-semester, credit-bearing college-level courses in history, literature, social science, or writing (College Board, 2016).
- **Math Benchmark** refers to the college readiness benchmark the College Board put forth for the redesigned Mathematics section of the SAT. Students who meet the benchmark, scoring 530 on the Math section, have a 75% likelihood of achieving at least a C in first-semester, credit-bearing college-level courses in algebra, statistics, precalculus, or calculus (College Board, 2016).
- **Florida Academic Scholarship (FAS)** refers to the most competitive Bright Futures scholarship, a general merit scholarship that has as one of its criteria a minimum Total Score on the SAT of 1340 for 2024-2025 graduates and 1330 for 2025-2026 graduates (FLODE, Office of Student Financial Assistance, 2024). The FAS qualifies a student to receive 100% of tuition paid at a Florida college or university for up to 5 years and 120 semester hours of college credit after high school graduation.

- **Florida Medallion Scholarship (FMS)** refers to the other general merit Bright Futures scholarship besides the FAS, a scholarship that has as one of its criteria a minimum Total Score on the SAT of 1210 for 2024-2025 graduates and 1190 for 2025-2026 graduates (FLDOE, Office of Student Financial Assistance, 2024). The FMS qualifies a student to receive 75% of tuition paid at a Florida college or university for up to 5 years and 120 semester hours of college credit after high school graduation.

### **SAT: Benefits to Students and Schools**

The SAT is a college entrance exam that nearly all U.S. colleges and universities accept. As such, many students choose to take the exam to meet college entrance requirements. Additionally, various colleges and educational organizations award scholarships or grants based, in part, on SAT scores. For example, the State of Florida uses SAT scores to determine eligibility for Bright Futures merit scholarships. Additionally, the SAT helps students determine areas where they are ready for college-level courses and areas where they need to improve their skills and knowledge. Another benefit of the SAT is for students who did not pass the 10th-grade ELA portion of the Florida Assessment of Student Thinking (FAST) or the Algebra 1 EOC Assessment, which are requirements for earning a high school diploma. Students can meet the graduation requirement by earning a concordant score on the EBRW section of the SAT or the Mathematics section of the SAT, respectively.

Schools also benefit from the SAT in several ways. Schools have access to an online reporting portal that offers participation and score reports for an entire school, disaggregated by demographic groups (College Board, 2015). Reports include the percentage of students meeting the college readiness benchmark scores for both the EBRW and Mathematics sections of the redesigned SAT (College Board, 2016). Schools can compare their students' performance with other students at the district and state levels. Schools can also access Instructional Planning reports and Question Analysis reports that drill down to the student level on specific questions. Taken together, these reports allow for curriculum planning at the student, class, school, and district levels. Additionally, schools benefit by increasing their graduation rate when students who failed to pass the 10th-grade ELA portion of the FAST or the Algebra 1 EOC meet those graduation requirements by earning concordant scores on the EBRW section or the Math section of the SAT, respectively.

## **Barriers to Taking the SAT**

Two common social barriers that students face when taking the SAT are time and the cost of the exam. The SAT requires a registration fee of sixty-eight dollars per student per exam. While students from low-income families can waive the testing fee, not all students are aware that they may be eligible for a waiver. Even those students who can afford to pay the registration fee face challenges in participating in the Saturday offerings of the SAT. The SAT is typically offered on specified weekend dates seven or eight times per year. The need to take the SAT outside of school time—with testing sites that could be far from home—limits students' convenience and access to take the assessment. These challenges include arranging travel to and from the testing site, having to work on the weekend, or having family obligations. Thus, despite the benefits associated with the SAT, taking the SAT has been out of reach for some BCPS students, especially if they are not aware of waivers or the SAT School Day taken during the school schedule.

## **Method**

This report summarizes SAT data from the 2024 and 2025 SAT School Day administrations. Eleventh-grade students enrolled on the first day of the testing window beginning on Monday, March 4, 2024, for the 2024 SAT School Day or Monday, March 3, 2025, for the 2025 SAT School Day, were included in the analysis. Results include participation rates and scores analyzed on a District-wide level and aggregated by school, gender, race/ethnicity, and special student populations. These special populations include students Eligible for Free-or-Reduced-Price Lunch (FRL), Students with Disabilities (SWD), Gifted students, and students who are English Language Learners (ELL). The Broward County SAT data were obtained by retrieving demographic and enrollment data from the district's data warehouse and testing data from the College Board website. The 2024 testing data was retrieved from the College Board portal on Wednesday, July 25, 2024, and on Tuesday, July 15, 2025, for 2025 testing data, and includes all data available as of these dates.

## Results

### Eleventh Grade Participation on SAT School Day

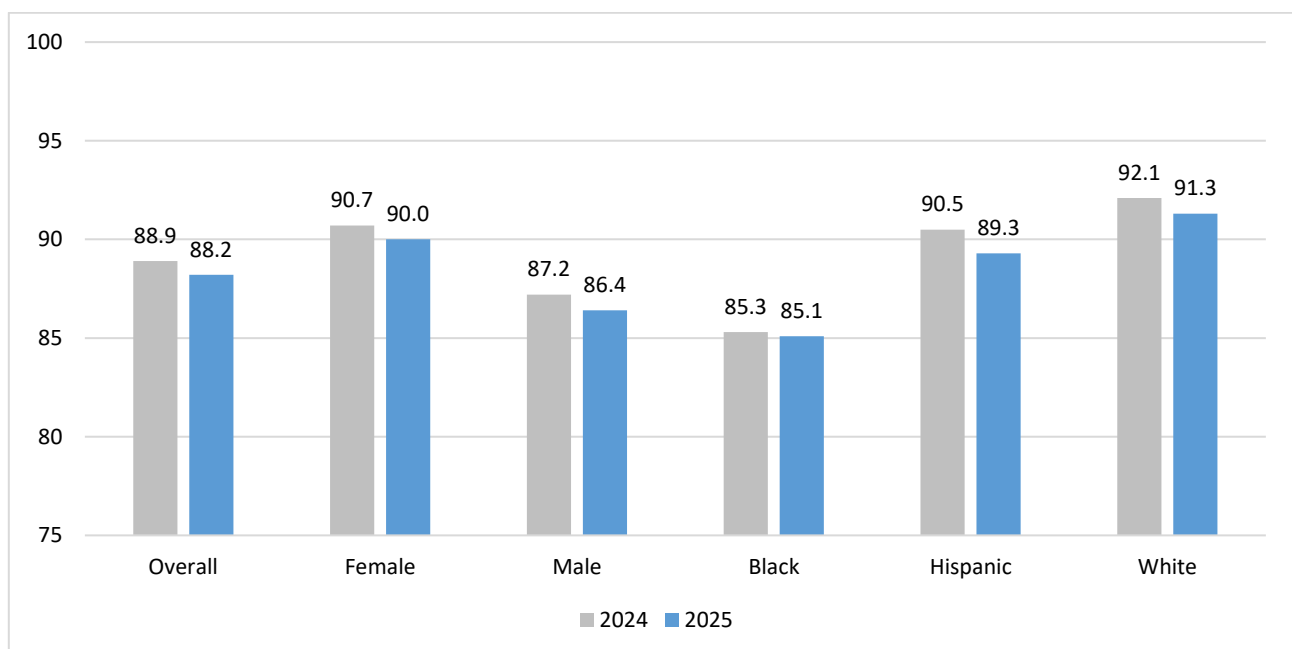

For 11th-grade students, overall participation for BCPS, including charter schools, slightly decreased from 88.9% ( $n=17,193$ ) in 2024 to 88.2% ( $n=17,102$ ) in 2025. Figures 1 and 2 display participation percentages for 11th-grade subgroups for school years 2023-2024 and 2024-2025. During the 2024 SAT School Day testing window, all 11th-grade subgroups achieved participation rates of at least 70.7%, increasing to 72.7% or higher in the 2025 testing window, where the lowest participation rate was among SWD for both years.

### Participation by School Type

Participation among 11th-grade students enrolled in selected charter schools was lower in 2023-2024 (77.8%,  $n=1,838$ ) and in 2024-2025 (80.2%,  $n=1,925$ ) than among those enrolled in traditional schools in 2023-2024 (90.5%,  $n=15,355$ ) and in 2024-2025 (89.3%,  $n=15,177$ ). School-by-school participation rates for 11th-grade students are provided in Appendix A and Appendix B.

**Figure 1**

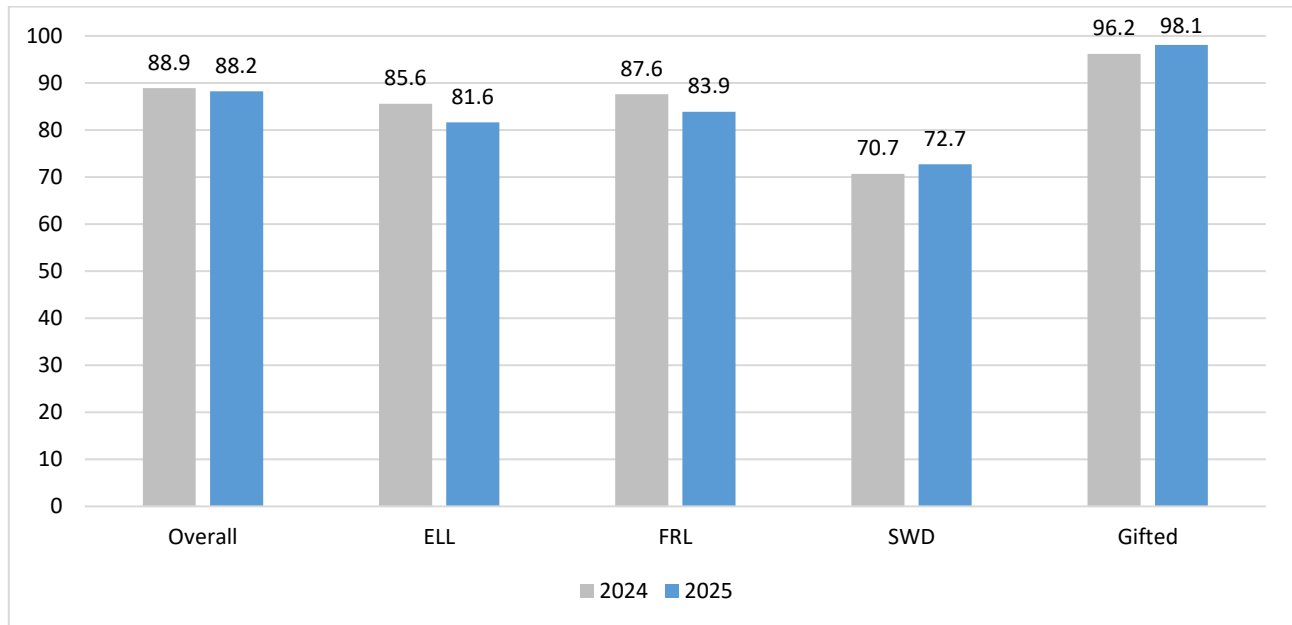

*SAT Participation Percentage Among 11<sup>th</sup> Grade Students Overall, Sex, and Race*

\*Note: Traditional and Charters are included in this chart.

**Figure 2**

*SAT Participation Percentage Among 11<sup>th</sup> Grade Students: Overall, ELL, FRL, SWD, and Gifted*

### Performance

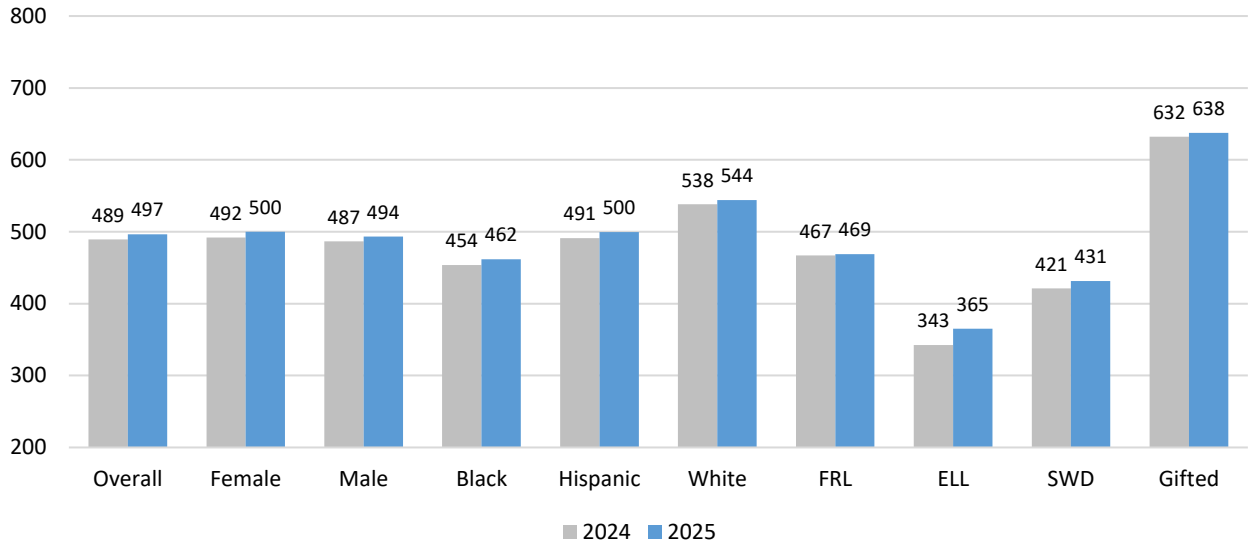

Figure 3, Appendix E, and Appendix F display overall SAT scores by subgroup for EBRW and Math for 11th-grade students. Appendices E and F present mean scores and the percentage of 11th-grade students meeting concordance standards, college-readiness benchmarks, and Bright Futures scholarship eligibility criteria broken down by subgroups. School-by-school measures of performance are displayed for 11th-grade students in Appendix A and Appendix B.

### EBRW Mean Score Eleventh Grade Students

Figure 3 displays averages of EBRW Section scores overall and by subgroup for 11th-grade students. On a scale from 200 to 800, the EBRW mean score for 11th-grade students was 497 in the 2025 SAT School Day testing window, 8 points higher than the prior year and exceeding both the concordant score and the college-readiness benchmark of 480 (see Figure 3, Appendix E, and Appendix F). EBRW performance growth on the SAT is shown across all subgroups and the overall score mean. The two highest-performing groups in 2024 and 2025 were Gifted students and White students. The lowest-performing group was English Language Learners for both years.

**Figure 3**

*SAT Performance EBRW Score Averages Among 11<sup>th</sup> Grade Students*

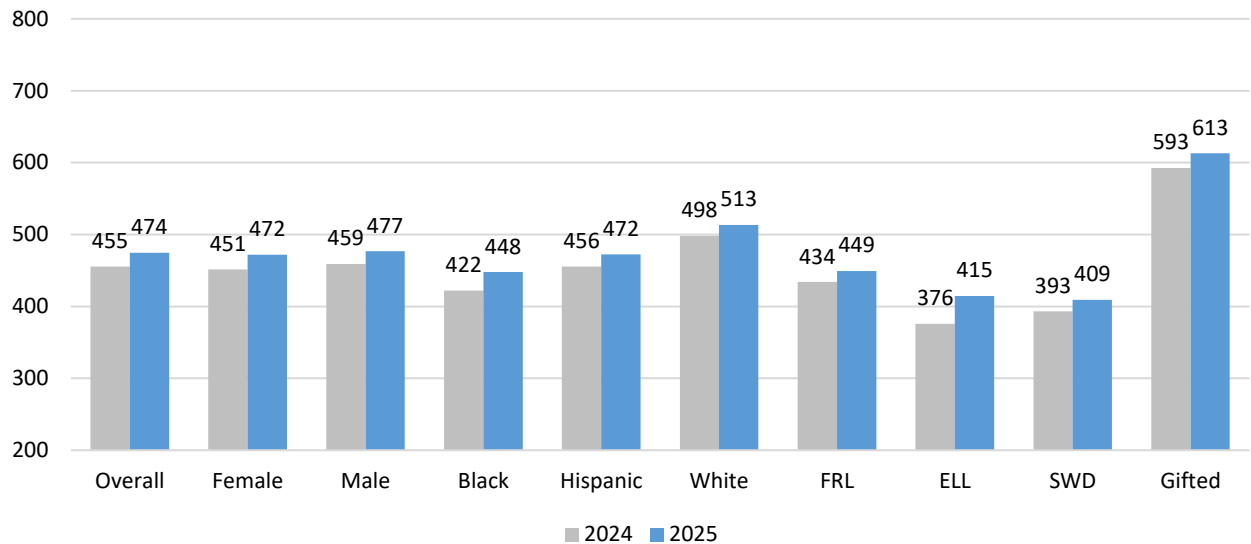

\*Note: Traditional and Charters are included in this chart.

**Mathematics Mean Score Eleventh Grade Students**

Figure 4 displays averages of Math Section scores overall and by subgroup for 11th-grade students. On a scale from 200 to 800, the Math mean score for 11th-grade students was 474 in the 2025 SAT School Day testing window, 19 points higher than the prior year. Math performance growth on the SAT is shown across all subgroups and the overall score mean. The two highest-performing groups in 2024 and 2025 were Gifted students and White students. The lowest performing group was ELLs in 2024 and SWD in 2025.

**Figure 4**

*SAT Performance Math Score Averages Among 11<sup>th</sup> Grade Students*

\*Note: Traditional and Charters are included in this chart

**ELA Concordant Scores (SAT EBRW Section)**

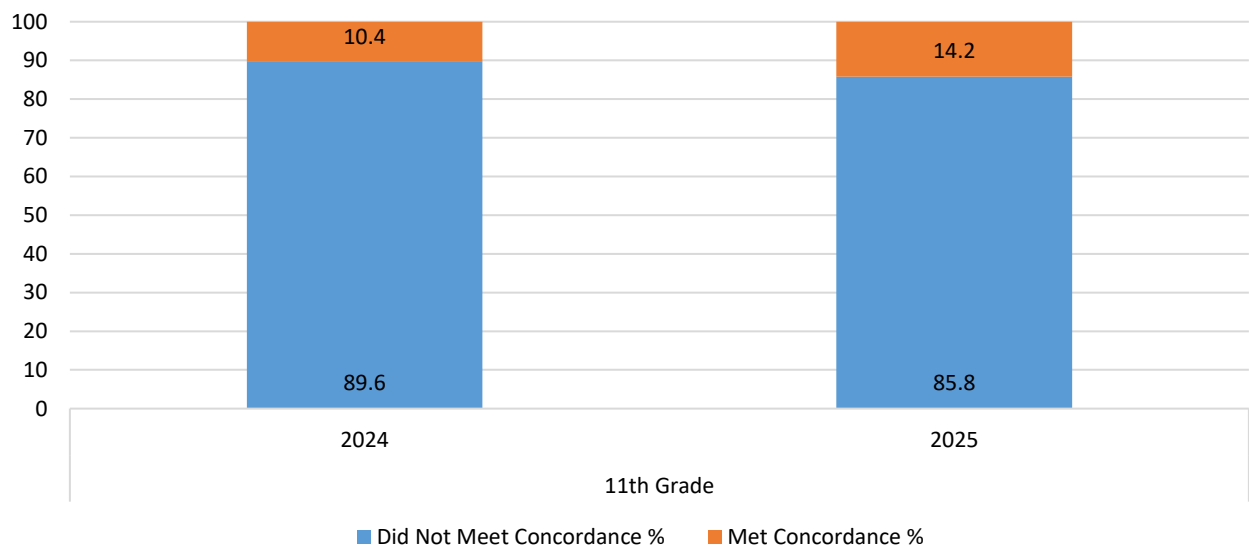

Of the 11th-grade students who had not yet met the ELA graduation requirement ( $n=5,216$ ), 10.4% ( $n=540$ ) of students met the requirement on the 2024 SAT School Day. In comparison, 14.2% ( $n=666$ ) of students met the ELA graduation requirement on the 2025 SAT School Day of the group of students who had not yet met it ( $n=4,701$ ) (see Figure 5). Among 11th-grade students who needed to meet ELA concordance on SAT School Day in 2024, there were differences between subgroups for students who met concordance and those who did not. A larger percentage of White students met concordance than Hispanic students, and a larger percentage of Hispanic students met concordance than Black students for both years. Across the 2024 and 2025 SAT School Day testing windows, Gifted students were more likely to meet concordance than Non-Gifted students; Non-ELL students outperformed ELL students; and Students without Disabilities outperformed those with Disabilities (see Appendix E and Appendix F).

## Algebra 1 Concordant Scores (SAT Math Section)

Of the 11th-grade students who had not yet met the Algebra 1 graduation requirement ( $n=4,110$ ), 17.9% ( $n=735$ ) met the requirement on the 2024 SAT School Day. In comparison, 6.8% ( $n=208$ ) of students met the Algebra 1 graduation requirement on the 2025 SAT School Day of the group of students who had not yet met it ( $n=3,037$ ) (see Figure 6). Among 11th-grade students required to meet mathematics concordance on the 2024 SAT School Day, a higher percentage of White (23.4%) and Hispanic (18.6%) students met the standard compared to Black students (15.9%). In contrast, during the 2025 School Day, the differences among racial/ethnic groups narrowed, with Black (7.1%) and Hispanic (6.7%) students slightly outperforming White students (6.1%) in meeting the Algebra 1 concordance score. Across the 2024 and 2025 SAT School Day testing windows, Gifted students were more likely to meet concordance than Non-Gifted students; Non-ELL students outperformed ELLs; and Students without Disabilities outperformed those with Disabilities in meeting Algebra 1 concordance score for graduation requirement (see Appendix E and Appendix F).

**Figure 5**

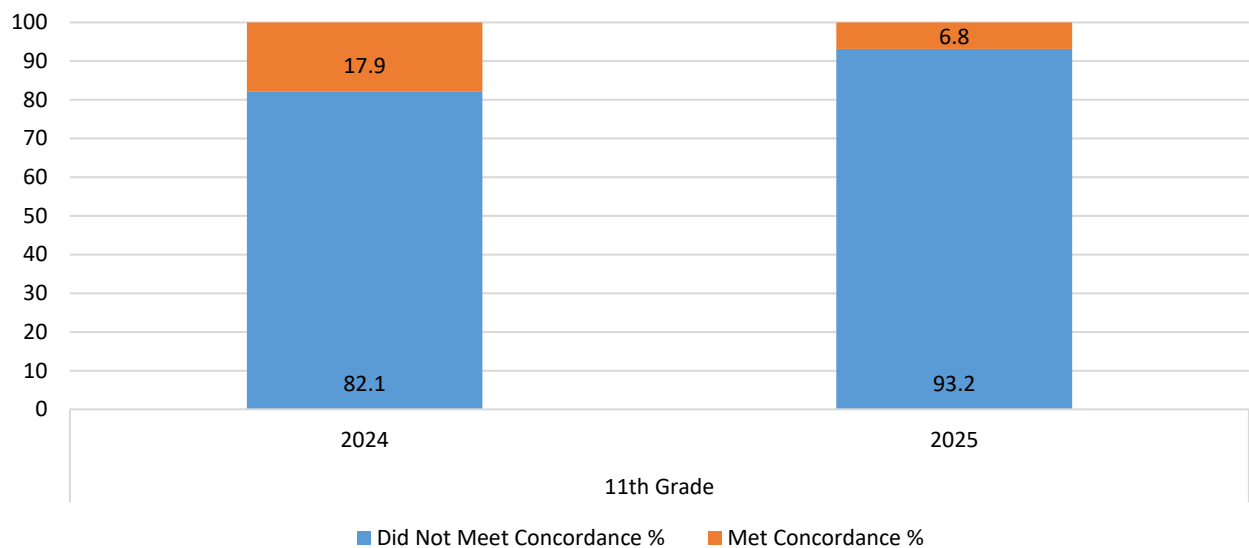

*Percent of Students Who Achieved an ELA Concordant Score on SAT School Day 2024 and 2025 for Students Who Had Not Met the Graduation Testing Requirement Previously*

\*Note: Traditional and Charters are included in this chart

**Figure 6**

*Percent of Students Who Achieved an Algebra 1 Concordant Score on SAT School Day 2024 and 2025 for Students Who Had Not Met the Graduation Testing Requirement Previously*

\*Note: Traditional and Charters are included in this chart

### **Benchmark Scores**

More than half of 11th-grade participants in SAT School Day met the EBRW college-ready benchmark in 2024 (59.2%) and in 2025 (57.3%). Among 11th-grade students, a larger percentage of female students, White students, and Gifted students met the benchmark than did their counterparts for both years (see Appendix E and Appendix F). SWD, students Eligible for Free-or-Reduced-Price Lunch, and ELLs had a lower percentage of students who met the EBRW benchmark than their counterparts during both testing windows in 2024 and in 2025.

In 2024, 31.8% of 11th-grade students met or exceeded the Math benchmark, compared to 29.7% in 2025. Among 11th-grade students, a greater percentage of male students, White students, and Gifted students met the math benchmark than did their counterparts for both years. A smaller percentage of students eligible for Free or Reduced-Price Lunch and ELLs met the math benchmark compared to their peers in both testing years. In 2024, SWD outperformed their counterparts in meeting the benchmark, but in 2025, they had the lowest percentage rate in all subgroups (see Appendix E and Appendix F).

## Bright Futures Scholarships

There are two general merit scholarships students can earn from the State of Florida for attending Florida colleges or universities that fall under the banner of the Bright Futures Scholarships. The requirement for the Florida Academic Scholarship is an SAT total score of 1340 for 2024-2025 graduates and 1330 for 2025-2026 graduates. The requirement for the Florida Medallion Scholarship is an SAT Total score of 1210 for 2024-2025 graduates and 1190 for 2025-2026 graduates (FLDOE, Office of Student Financial Assistance, 2021).

### Florida Academic Scholarship (FAS).

In 2024, 3.4% ( $n=658$ ) of 11th-grade students met the SAT score threshold for the Florida Academic Scholarship, compared to 5.1% ( $n=991$ ) in 2025. For 11th-grade students, a greater percentage of male students, White students, and Gifted students met the FAS criterion during both years. A lower percentage of Students Eligible for FRL and SWD met the FAS threshold compared to their counterparts in 2024 and 2025. In 2024, no ELLs met the FAS score criterion; but in 2025, 0.7% ( $n=11$ ) achieved this criterion (see Appendix E and Appendix F).

### Florida Medallion Scholarship (FMS).

In 2024, 10.1% ( $n=1,962$ ) of 11th-grade students met the SAT score threshold for the Florida Medallion Scholarship, compared to 14.5% ( $n=2,806$ ) in 2025. For 11th-grade students, male, White, and Gifted students were more likely than their counterparts to meet the FMS minimum threshold during both years. Students Eligible for FRL, ELLs, and SWD were less likely than their counterparts to meet the SAT score FMS criterion in 2024 and 2025 (see Appendix E and Appendix F).

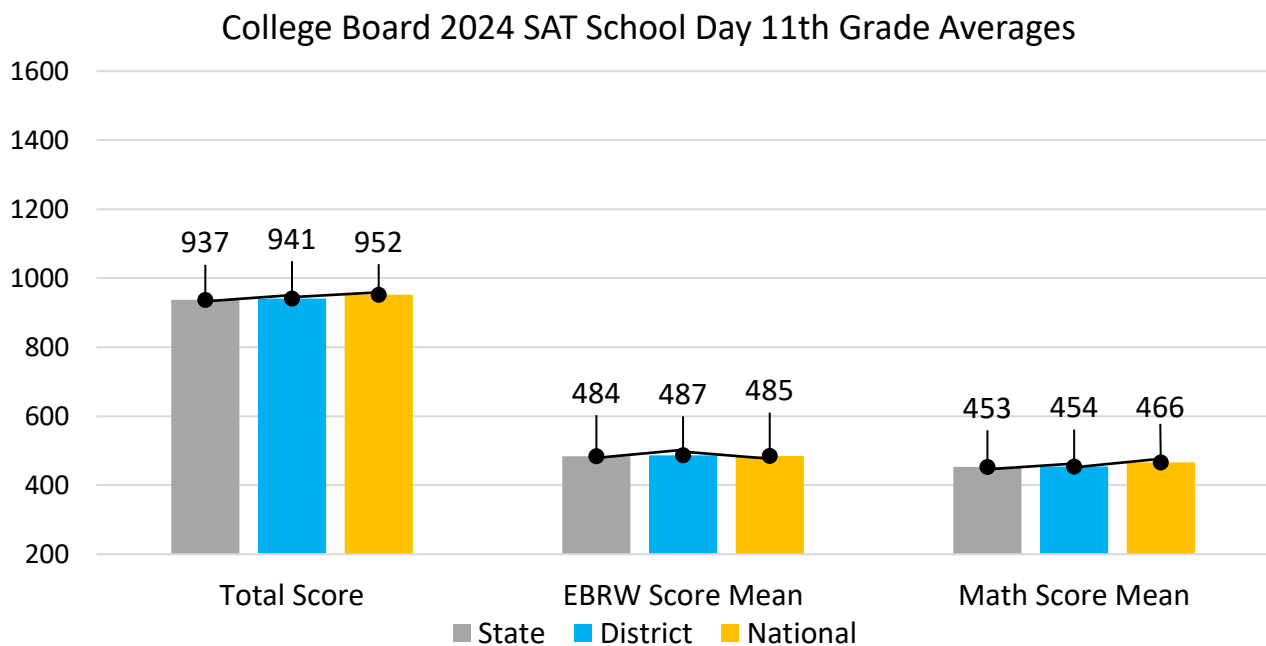

## College Board Reports

The College Board Dashboard offers a range of tools that enable districts and schools to monitor the percentage of students meeting SAT benchmark standards at various points throughout the academic year, including during SAT School Day administration. The College Board reports SAT performance for all test-takers, including homeschooled students and those testing at centers, which results in different mean scores compared to our reports that include only traditional and select charter schools participating in SAT School Day.

According to the College Board (2024), the District exceeded the state average SAT scores by 1 point in Math, 3 points in EBRW, and 4 points in the SAT Total Score mean. The District also was above the National average in EBRW score by a 2-point difference, but remained below the National averages in SAT Total Score and Math Score (see Figure 7). In 2025, the District outperformed both the state and national averages in SAT Total score and the Math Section score, and in the EBRW section, the District surpassed the state and matched the national average (see Figure 8).

### Discussion

In 2024 and 2025, BCPS hosted the eighth and ninth years of SAT School Day for all 11th-grade students. Supported by the Florida CARES Act, the FLDOE in 2025 sponsored the event for the fourth and fifth time (FLDOE, 2020) and included some charter schools that participated during the 2024 and 2025 SAT School Day testing windows (they had the choice of the SAT or the American College Testing (ACT)). All participating students were offered the *Official SAT Practice* online course to help them prepare for the exam, and starting in 2024, students were able to take the computer-based SAT on SAT Day.

The percentage participating in SAT School Day decreased by less than 1 percentage point from 88.9% in 2024 to 88.2% in 2025. Additionally, SAT School Day was a success in offering students access to the test who may encounter barriers to SAT testing. For context, the year prior to BCPS launching the SAT School Day (2016), only 49.7 percent of 11th-grade students took the SAT at any time during the school year. Additionally, participation in 2024 and 2025 was over 70.7% for groups with historically low SAT participation rates: Black students, Students Eligible for FRL, and ELLs. Participation varies by school type, with students from centers less likely to

participate than students from traditional schools and charters. Students from charter schools were less likely to participate than students from traditional schools.

In 2024, 10.4% ( $n=540$  of  $N=5,216$ ) of 11th-grade students requiring ELA concordance met the benchmark on SAT School Day. In 2025, this increased to 14.2% ( $n=666$  of  $N=4,701$ ). In 2024, 17.9% ( $n=735$  of  $N=4,110$ ) of 11th-grade students requiring Algebra 1 EOC concordance met the benchmark on SAT School Day. In 2025, this decreased to 6.8% ( $n=208$  of  $N=3,037$ ).

Over half of all 11th-grade students participating in SAT School Day achieved the college-readiness benchmark score for the EBRW section, while slightly less than a third met the benchmark for the Math section during 2024 and 2025. For Bright Futures, over ten percent of all 11th-grade students met the minimum threshold for the Florida Medallion Scholarship in both years, and over three percent of 11th-graders met the criterion for the FAS in 2024 and over five percent in 2025.

## Conclusion

There are many reasons for schools to encourage students to participate in the SAT School Day. SAT School Day offers free and convenient access to a popular college entrance exam accepted by nearly all U.S. colleges and universities. The school-day administration of the SAT is designed to eliminate economic and logistical barriers that have traditionally limited students' participation in this exam. Students who participate in SAT School Day can use their results to meet college entrance requirements and to apply for scholarships and grants, such as Bright Future scholarships. Students who have not yet met the ELA or Algebra 1 graduation testing requirements can meet those requirements by earning concordance scores on the SAT. Finally, educators can use the results from the SAT School Day to guide instruction by identifying existing strengths and weaknesses in their curriculum in English, reading, writing, and mathematics. The online educator reporting portal that accompanies the SAT allows educators to tailor reports specifically at the school, class, and student levels.

School administrators can use the information in Appendix A, B, C, and D to evaluate their school's level of participation and their students' performance on the EBRW and Mathematics sections of the SAT. Administrators and educators at schools with lower mean scores on either section can use these results to inform their curriculum, instruction, and enrichment programs to best serve their students. BCPS District staff can view and interact with SAT data through the Department's SAT and Preliminary

SAT or Preliminary Scholastic Assessment Test (PSAT) dashboard available on the SharePoint link below:

Appendix A: 2024 SAT School Day school-level participation and performance - Grade 11  
11th Grade

Note: The concordant score for the ELA 10th grade graduation requirement for those who entered grade 9 between 2020-21 and 2022-23 is a 480 EBRW score and for those who entered grade 9 in 2022-23 and after is a 490 EBRW score. The EBRW benchmark cutoff score is 480.  
The concordant score for the Algebra 1 EOC graduation requirement for those who entered grade 9 between 2020-21 and 2022-23 is a 430 Math score and for those who entered grade 9 in 2022-23 and after is a 420 Math Score. The Math benchmark cutoff score is 530.  
Florida Academic scholarship (FAS) criteria for SAT is a minimum Total Score of 1340 for 2024-2025 graduates and 1330 for 2025-2026 graduates. The Florida Medallion Scholarship (FMS) criteria for SAT is a minimum Total Score of 1210 for 2024-2025 graduates and 1190 for 2025-2026 graduates.  
\*Data suppressed for schools with fewer than 10 participants. (\*\*) Data suppressed for school that tested less than 10 students. Missing schools indicates that no 11th graders participated on the SAT Day testing window. (a) 0 in this category means that no students needed to meet concordance score.

Note: (\*) Schools with less than 10 students enrolled. (\*\*) Schools with less than 10 students tested. (a) 0 in this category means that no students needed to meet concordance score.

Appendix B: 2025 SAT School Day school-level participation and performance - Grade 11  
11th Grade

Note: The concordant score for the ELA 10th grade graduation requirement for those who entered grade 9 between 2020-21 and 2022-23 is a 480 EBRW score and for those who entered grade 9 in 2022-23 and after is a 490 EBRW score. The EBRW benchmark cutoff score is 480. The concordant score for the Algebra 1 EOC graduation requirement for those who entered grade 9 between 2020-21 and 2022-23 is a 430 Math score and for those who entered grade 9 in 2022-23 and after is a 420 Math Score. The Math benchmark cutoff score is 530. Florida Academic scholarship (FAS) criteria for SAT is a minimum Total Score of 1340 for 2024-2025 graduates and 1330 for 2025-2026 graduates. The Florida Medallion Scholarship (FMS) criteria for SAT is a minimum Total Score of 1210 for 2024-2025 graduates and 1190 for 2025-2026 graduates. (\*\*) Data supressed for school that tested less than 10 students. Missing schools indicates that no 11th graders participated on the SAT Day testing window. (a) 0 in this category means that no students needed to meet concordance score.

Note: (\*\*) Schools with less than 10 students tested. (a) 0 in this category means that no students needed to meet concordance score.

Appendix C: 2024 SAT School Day school-level participation and performance - Grade 12  
12th Grade

Note: The concordant score for the ELA 10th grade graduation requirement for those who entered grade 9 between 2020-21 and 2022-23 is a 480 EBRW score and for those who entered grade 9 in 2022-23 and after is a 490 EBRW score. The EBRW benchmark cutoff score is 480.  
The concordant score for the Algebra 1 EOC graduation requirement for those who entered grade 9 between 2020-21 and 2022-23 is a 430 Math score and for those who entered grade 9 in 2022-23 and after is a 420 Math Score. The Math benchmark cutoff score is 530.  
Florida Academic scholarship (FAS) criteria for SAT is a minimum Total Score of 1340 for 2024-2025 graduates and 1330 for 2025-2026 graduates. The Florida Medallion Scholarship (FMS) criteria for SAT is a minimum Total Score of 1210 for 2024-2025 graduates and 1190 for 2025-2026 graduates.  
\*Data suppressed for schools with fewer than 10 participants. (\*\*) Data supressed for school that tested less than 10 students. Missing schools indicates that no 12th graders participated on the SAT Day testing window. (a) 0 in this category means that no students needed to meet concordance score.

Note: (\*) Schools with less than 10 students enrolled. (\*\*) Schools with less than 10 students tested. (a) 0 in this category means that no students needed to meet concordance score.

Appendix D: 2025 SAT School Day school-level participation and performance - Grade 12  
12th Grade

Note: The concordant score for the ELA 10th grade graduation requirement for those who entered grade 9 between 2020-21 and 2022-23 is a 480 EBRW score and for those who entered grade 9 in 2022-23 and after is a 490 EBRW score. The EBRW benchmark cutoff score is 480.  
The concordant score for the Algebra 1 EOC graduation requirement for those who entered grade 9 between 2020-21 and 2022-23 is a 430 Math score and for those who entered grade 9 in 2022-23 and after is a 420 Math Score. The Math benchmark cutoff score is 530.  
Florida Academic scholarship (FAS) criteria for SAT is a minimum Total Score of 1340 for 2024-2025 graduates and 1330 for 2025-2026 graduates. The Florida Medallion Scholarship (FMS) criteria for SAT is a minimum Total Score of 1210 for 2024-2025 graduates and 1190 for 2025-2026 graduates.  
(\*\*) Data supressed for school that tested less than 10 students. Missing schools indicates that no 12th graders participated on the SAT Day testing window. (a) 0 in this category means that no students needed to meet concordance score.

Note: (\*\*) Schools with less than 10 students tested. (a) 0 in this category means that no students needed to meet concordance score.

Appendix E: 2024 SAT School Day scores by subgroup - Grade 11

Note: The concordant score for the ELA 10th grade graduation requirement for those who entered grade 9 between 2020-21 and 2022-23 is a 480 EBRW score and for those who entered grade 9 in 2022-23 and after is a 490 EBRW score. The EBRW benchmark cutoff score is 480.

The concordant score for the Algebra 1 EOC graduation requirement for those who entered grade 9 between 2020-21 and 2022-23 is a 430 Math score and for those who entered grade 9 in 2022-23 and after is a 420 Math Score. The Math benchmark cutoff score is 530.

Florida Academic scholarship (FAS) criteria for SAT is a minimum Total Score of 1340 for 2024-2025 graduates and 1330 for 2025-2026 graduates. The Florida Medallion Scholarship (FMS) criteria for SAT is a minimum Total Score of 1210 for 2024-2025 graduates and 1190 for 2025-2026 graduates.

Appendix F: 2025 SAT School Day scores by subgroup - Grade 11

Note: The concordant score for the ELA 10th grade graduation requirement for those who entered grade 9 between 2020-21 and 2022-23 is a 480 EBRW score and for those who entered grade 9 in 2022-23 and after is a 490 EBRW score. The EBRW benchmark cutoff score is 480.

The concordant score for the Algebra 1 EOC graduation requirement for those who entered grade 9 between 2020-21 and 2022-23 is a 430 Math score and for those who entered grade 9 in 2022-23 and after is a 420 Math Score. The Math benchmark cutoff score is 530.

Florida Academic scholarship (FAS) criteria for SAT is a minimum Total Score of 1340 for 2024-2025 graduates and 1330 for 2025-2026 graduates. The Florida Medallion Scholarship (FMS) criteria for SAT is a minimum Total Score of 1210 for 2024-2025 graduates and 1190 for 2025-2026 graduates.

Appendix G: 2024 SAT School Day scores by subgroup - Grade 12

Note: The concordant score for the ELA 10th grade graduation requirement for those who entered grade 9 between 2020-21 and 2022-23 is a 480 EBRW score and for those who entered grade 9 in 2022-23 and after is a 490 EBRW score. The EBRW benchmark cutoff score is 480.

The concordant score for the Algebra 1 EOC graduation requirement for those who entered grade 9 between 2020-21 and 2022-23 is a 430 Math score and for those who entered grade 9 in 2022-23 and after is a 420 Math Score. The Math benchmark cutoff score is 530.

Florida Academic scholarship (FAS) criteria for SAT is a minimum Total Score of 1340 for 2024-2025 graduates and 1330 for 2025-2026 graduates. The Florida Medallion Scholarship (FMS) criteria for SAT is a minimum Total Score of 1210 for 2024-2025 graduates and 1190 for 2025-2026 graduates.

Appendix H: 2025 SAT School Day scores by subgroup - Grade 12

Note: The concordant score for the ELA 10th grade graduation requirement for those who entered grade 9 between 2020-21 and 2022-23 is a 480 EBRW score and for those who entered grade 9 in 2022-23 and after is a 490 EBRW score. The EBRW benchmark cutoff score is 480.

The concordant score for the Algebra 1 EOC graduation requirement for those who entered grade 9 between 2020-21 and 2022-23 is a 430 Math score and for those who entered grade 9 in 2022-23 and after is a 420 Math Score. The Math benchmark cutoff score is 530.

Florida Academic scholarship (FAS) criteria for SAT is a minimum Total Score of 1340 for 2024-2025 graduates and 1330 for 2025-2026 graduates. The Florida Medallion Scholarship (FMS) criteria for SAT is a minimum Total Score of 1210 for 2024-2025 graduates and 1190 for 2025-2026 graduates.
