September 16, 2025

Dear Parent/Guardian,

Legislation (G.S. §115C-83.15) passed during the 2013 long session of the North Carolina General Assembly provides parents with an additional measure of school performance in the form of School Performance Grades. Beginning with the 2013–14 school year, the annual North Carolina School Report Cards display a letter grade of A, B, C, D, or F for each school in the state.

The School Performance Grades are based 80 percent on the school's achievement score (student proficiency) and 20 percent on students' academic growth. At Bladenboro Primary School, the achievement score for the 2024-2025 school year is based on how well the students performed on the End-of-Grade Reading and Math End-of-Grade Assessments.

The purpose of this letter is to inform you that Bladenboro Primary School has been designated as a low performing school by the North Carolina State Board of Education. As defined in G.S. 115C-105.37: "The State Board of Education shall identify low-performing schools on an annual basis. Low-performing schools are those that earn an overall school performance grade of D or F and a school growth score of "met expected growth" or "not met expected growth" as defined by G.S. 115C-83.15."

Bladenboro Primary School received a School Performance Grade of "D" and a growth designation of "met expected growth" for the 2024–2025 school year. Although we are committed to improving this score, it is important to remember that just as no one single score or grade tells the whole story of a student, neither does it tell you everything about the performance of a school or the opportunities that the school provides.

A low performing school is required to develop an improvement plan that specifically addresses how the school will improve both the school performance grade and school growth score. The plan will also include how central office administrators and I will work with, and monitor the progress of Bladenboro Primary School. The school is already engaged in the work of refining its plan to present to the Board of Education at the October meeting, scheduled for 6 p.m. on Monday, October 13, 2025. The final plan will be available for review on the school's website.

One of our top priorities for 2025–2026 is to improve our School Performance Grade.

Bladenboro Primary School has defined several priorities for the 2025–2026 school year to help improve their School Performance Grade. Below are several key initiatives, programs, and strategies that the school will implement or continue to strengthen.

- Strengthen Core Instruction
 - Align daily instruction to NC Standards with high-probability instructional strategies.

- Use hands-on learning and manipulatives in math to deepen student understanding.
- Provide small-group instruction in reading and math to close achievement gaps.
- Daily Interventions ("Boost")
 - Implement Boost intervention block daily with fidelity for all students.
 - Use ongoing assessment data to flexibly group students and provide targeted support in reading and math.
 - Monitor intervention effectiveness through PLC data discussions and progress monitoring checks.
 - Ensure tutors focus on all achievement level students to promote growth for all.
- Professional Learning & Teacher Support
 - Hold scheduled PLCs to focus on data analysis and instructional strategies.
 - The Curriculum Specialist will provide individualized PD for teachers in effective literacy (phonics) and math (problem-solving strategies).
- Student Engagement & School Culture
 - Implement Leader in Me across all grade levels to promote leadership, accountability, and positive school culture.
 - Host weekly grade-level celebrations and competitions to increase student motivation and make learning fun.
 - Implement two student led conference nights to build on student accountability.
- Family & Community Engagement
 - Send home monthly letters with learning strategies for parents to support student achievement.
 - Use the Bladen County Schools district app for consistent communication with families to increase engagement and transparency.
 - Host two parent curriculum nights during the year to engage families and build partnerships.

We encourage you to actively engage in your student's academic journey and invite you to collaborate with their teacher(s) to help ensure they stay on track for success. Working together as a team, we can improve not only how well our students are performing individually, but how the school is performing as a whole. There is nothing more important to us than ensuring students are ready for the next step in their academic careers. We appreciate your partnership and support to make it a successful school year.

If you have any questions regarding the School Performance Grade or the school's plans for improvement, please do not hesitate to contact John Ammons, principal at Bladenboro Primary School, by calling (910) 863-3387, or by email, jeammons@bladen.k12.nc.us.

Sincerely,

Jason B. Atkinson, Ed.D.
Superintendent
