TWENTY-FIVE (25) SACRED MUSICAL EXPERIENCES ARE OPEN TO ALL

and scheduled at religious and non-religious locations alike with time to hear each offering daily. Not religious? No worries. Sacred music bridges the gap between the earthly and the spiritual, elevates the human spirit, has the power to heal, and the ability to bring listeners together in community to celebrate not only our commonality but the beauty in what makes us unique and different. **Save The Week** for this inaugural sacred music festival! Performances are free or at low cost. Please see individual events for more details.

Join us for the inaugural presentation of
