DATE: February 1, 2019

SUBJECT: 2019 Summer Food Service Program RFQ #19-930

We received bids from six companies for the 2019 Summer Food Service Program grocery and paper products bid. The contract for this award is effective May 1, 2019 through July 20, 2019. The bid specifications allow for items to be awarded in whole or in part.

Two of the six vendors bid on the grocery items. ES Foods was low bidder on the eight items submitted for consideration however their pricing did not include delivery as specified in the bid documents. Administration recommends the Summer Food Service Program grocery products be purchased from U.S. Food Service located in Lexington, South Carolina in whole as they were the only vendor for grocery products to bid on at least 95% of the items.

Four of the six vendors bid on the paper products. Of the four vendors only 3 vendors bid on all items. The cumulative low bidder for all items was Southeastern Paper Group. Administration recommends the paper products be purchased from Southeastern Paper Group located in Spartanburg, South Carolina.
