New York State Immunization Requirements

for School Entrance/Attendance<sup>1</sup>

**NOTES:**  
All children must be age-appropriately immunized to attend school in New York State. The number of doses depends on the schedule recommended by the Advisory Committee on Immunization Practices (ACIP). Intervals between doses of vaccine must be in accordance with the “[ACIP-Recommended Child and Adolescent Immunization Schedule](#).” Doses received before the minimum age or intervals shown on the schedule are not valid and do not count toward the number of doses listed below. See footnotes for specific information for each vaccine. Children who are enrolling in gradeless classes must meet the immunization requirements of the grades for which they are age equivalent.

Dose requirements **MUST** be read with the footnotes of this schedule
