Gifted & Talented Program Revisions

2025-2026

*Ms. Cheryl Salway, Assistant Principal/Supervisor of
Curriculum & Instruction*

Mr. William Clark, Gifted & Talented Teacher

What is the definition of Gifted & Talented?

New Jersey's 2020 Strengthening Gifted & Talented Act states...

A "gifted and talented student" means a student who possesses or demonstrates a high level of ability in one or more content areas when compared to his chronological peers in the school district...

At SBS we...

- Differentiate in the classroom based on subject area
- Offer Advanced Mathematics in Grades 6-8 for those students who meet the criteria
- Offer ELA Enrichment

All Placements are based on EOY 2025 numbers (F & P, iReady, NJSLA)

- **EQUITY**: not all students have the same summer experiences with reading and math
- **iReady Testing Window** as approved in District Testing Calendar: We do not publish scores until that is completed. (Some students need make-ups, are flagged...again EQUITY)
- To run an **efficient, timely** and equitable program, scores for EOY are the best to use

ELA Enrichment: *What Is It?*

- Meant for high performance in this academic area
- Identifies students who may not be high performers in math
- Builds on ELA standards that are used in the classroom
- Middle school enrichment uses Journalistic Learning Institute curriculum of which Mr. Clark was a 2023-2024 Educator Fellow
- Our Gifted & Talented Educator, Mr. Clark, is a certified English teacher and a local journalist

Considerations for SBS Gifted & Talented Programming

- **Multiple measures put emphasis on both high academic performance and creative thinking**
- **Standards based on National Association for Gifted Children that emphasize interests, abilities, & cooperation**
- **Students may work on projects that do not fall in the realm of classroom standards (ISTE standards, NAGC, ALA)**

Criteria and Process for K-2 SBS Gifted & Talented Identification

Based on 15 Point Rubric: iReady Math, iReady Reading, and Fountas & Pinnell

- **2024-2025 admitted students** who earn **12-15 points** on the rubric are automatically readmitted.
- Students who were **not previously admitted** who earn **12-15 points** on the rubric must achieve a **90% or above** on each section of the **Torrance Test of Creativity**
- **2024-2025 admitted students** who earned **below 12 points** will have to **appeal at the mid-year point** for reentry

Criteria and Process for 3-8 SBS Gifted & Talented Identification

Based on 16 Point Rubric: iReady Math, iReady Reading, NJSLA Math & NJSLA ELA

- **2024-2025 admitted students who earn 13-16 points on the rubric are automatically readmitted**
- **Students who were not previously admitted who earn 13-16 points on the rubric must achieve a 90% or above on each section of the Torrance Test of Creativity**
- **2024-2025 admitted students who earned below 13 points will have to appeal at the mid-year point for reentry**

The Appeals Process

- **G&T appeals will take place at the midpoint of the year. MP2 ends 2.2.26; all appeals must be requested by 2.13.26.**
- **ELA Enrichment can be appealed after MP1 and MP2.**
- **Appeal must be sent in writing (letter or PDF) to Ms. Salway, Assistant Principal/Supervisor of Curriculum; and Mr. Clark, Gifted & Talented Teacher and specific new data that qualifies the child for Enrichment or Gifted and Talented.**
- **Appeal response will be based on calculated rubric with new MOY data weighed against EOY data 75% to 25%**

Final Thoughts

- **All data can be found on LinkIt! Parent Portal. Parents should look therebefore communicating with Mr. Clark and Ms. Salway**
- **Appeals will only take place at the middle of the school year**
- **Parents of students who were once in the program and will not remain in the program will be notified**
