
DATA
MATE

WHAT IS DATA MATE?

DataMate is a web-based assessment management system. This system provides educators with a comprehensive program for analyzing assessment data to improve instructional alignment and student achievement.

Students login with Class Link. It has already been added to their Class Link.

WHAT CAN I USE DATA MATE FOR?

- Make your own assessments from scratch.
- Make your own assessments using released questions.
- Analyze data quickly and easily with 40+ reports.
- Give students practice with an online test format the looks JUST LIKE the CBT assessments students will see starting in grade 3.
- Look back on student proficiency over the years.

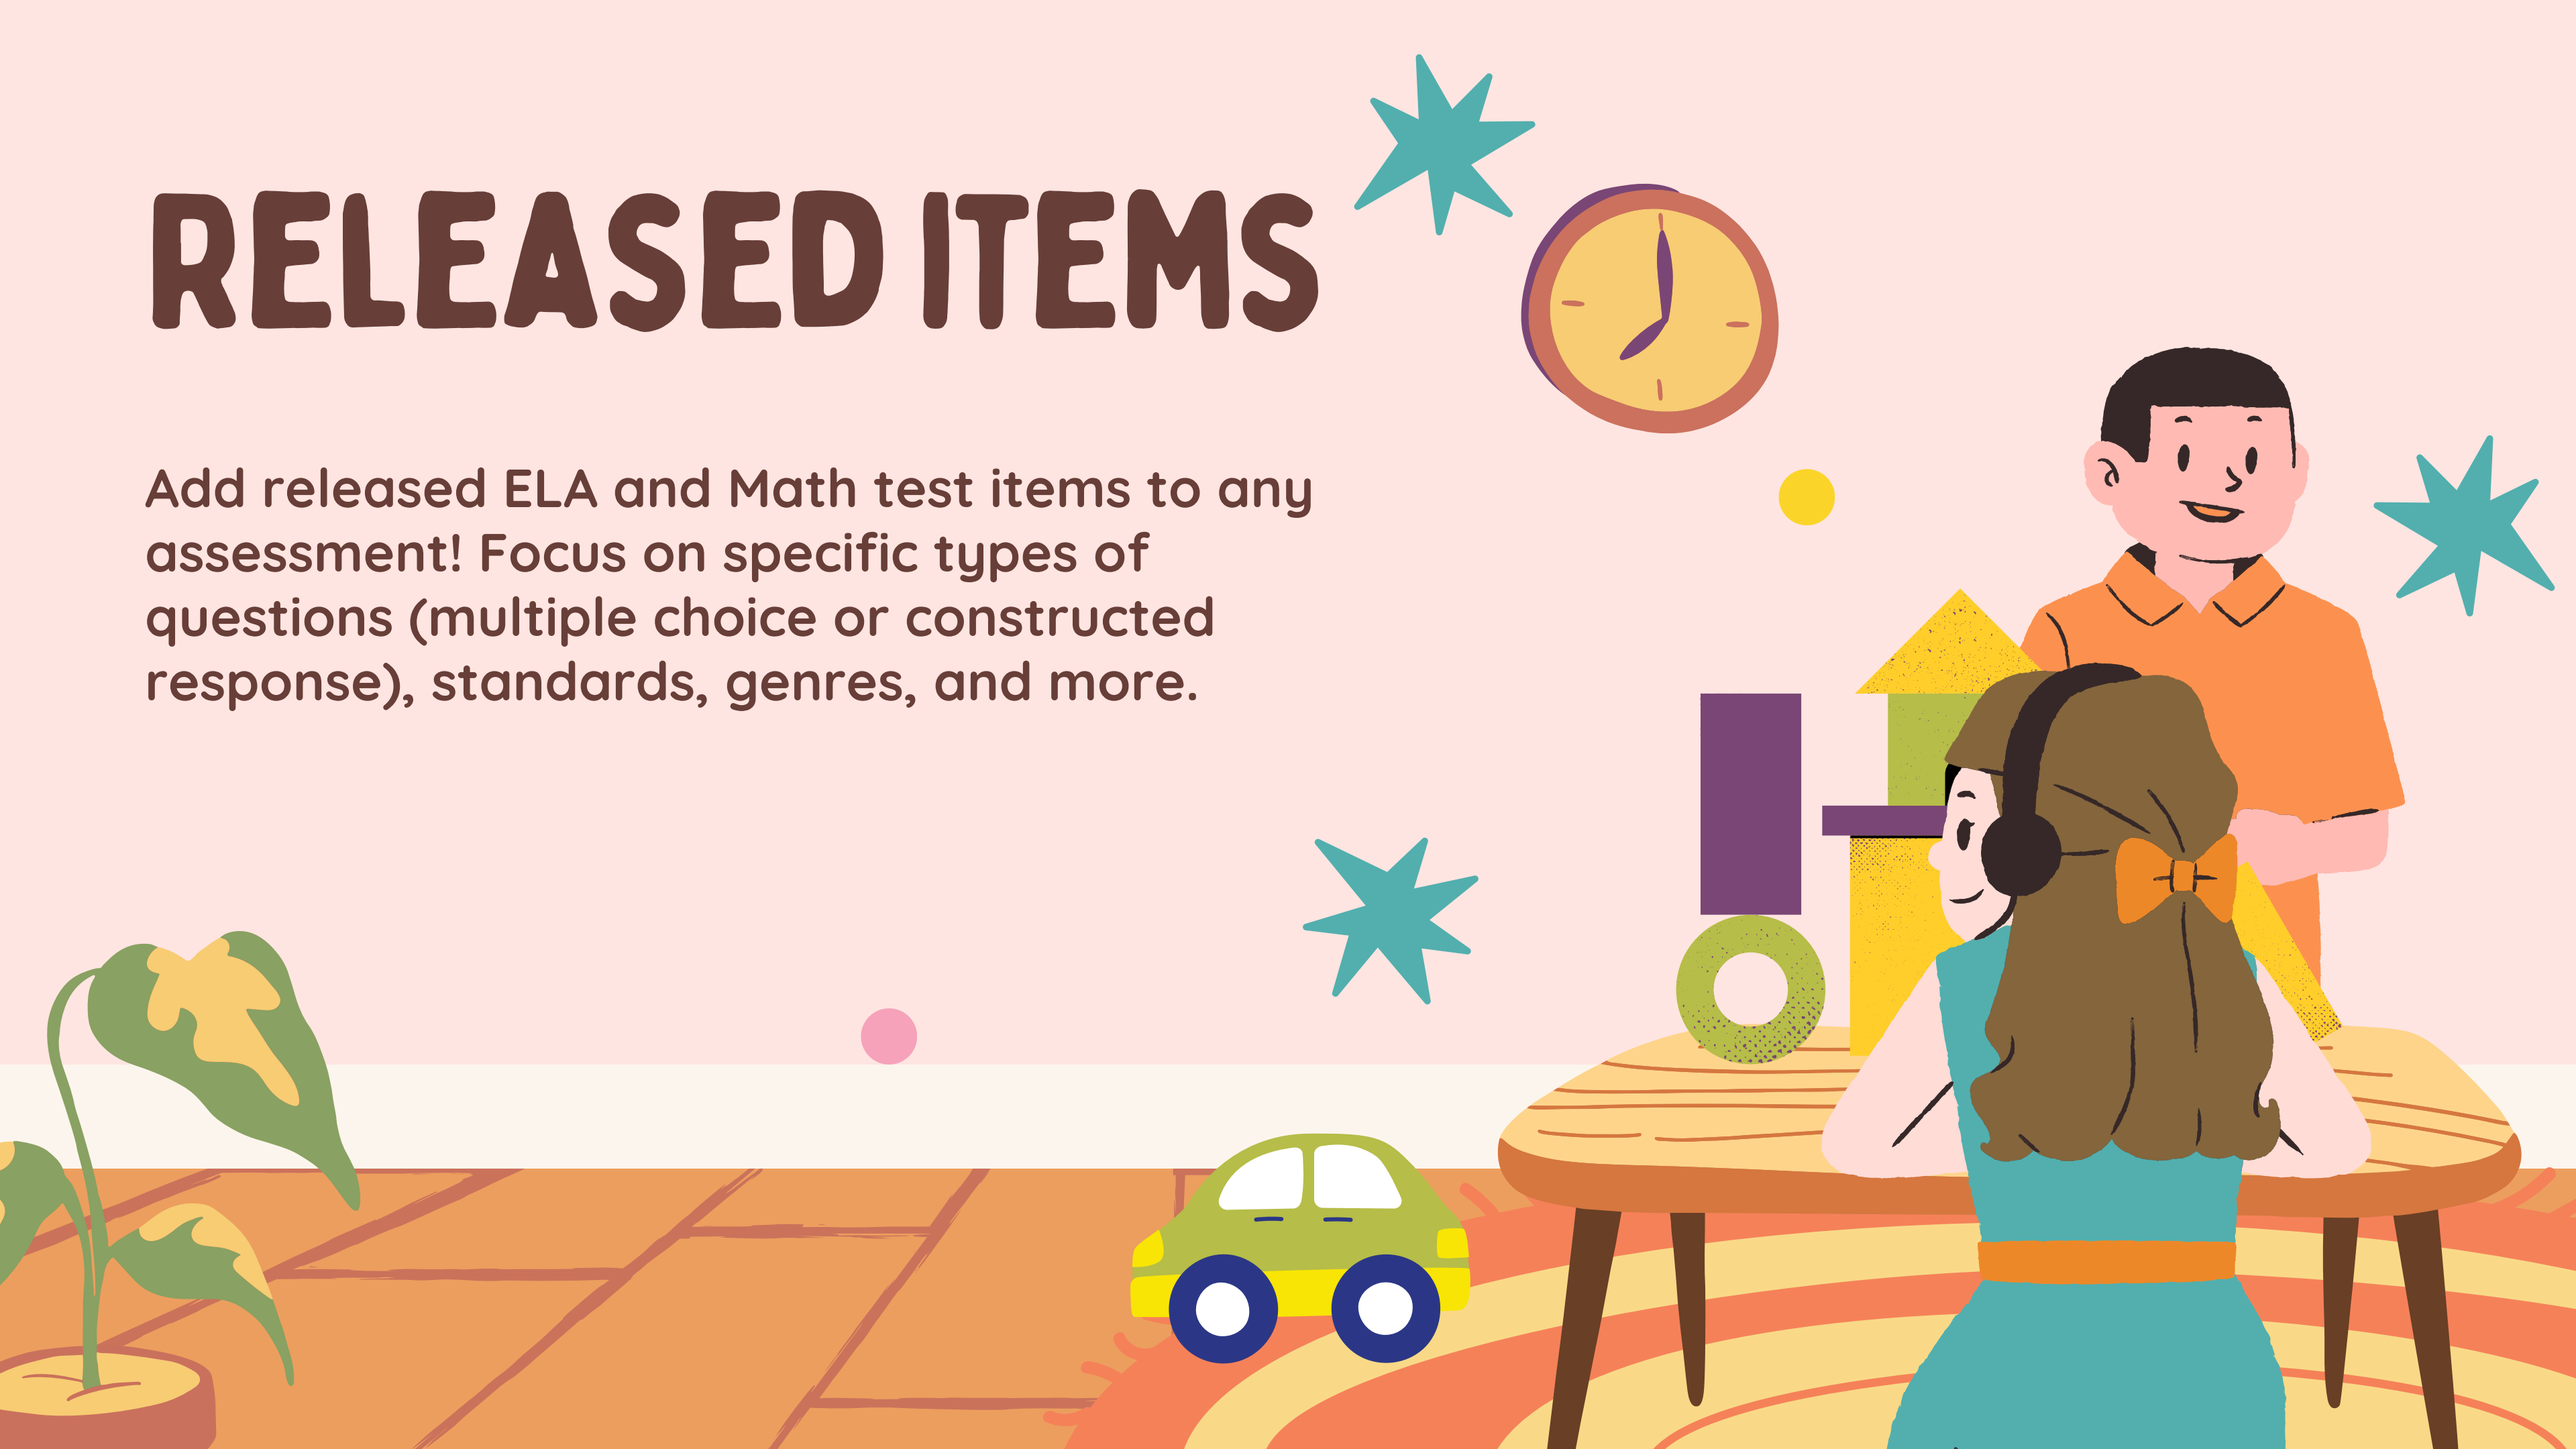

CREATE ASSESSMENTS FROM SCRATCH

What can we use this for? Interim assessments, load Zearn math unit assessments, state test practice, and more! You can add any multiple choice or constructed response questions and build your own tests!

RELEASED ITEMS

Add released ELA and Math test items to any assessment! Focus on specific types of questions (multiple choice or constructed response), standards, genres, and more.

LEARNING LINKS

When you are looking at reports, you can see questions that have been released from the state. For some of those questions, there are learning links, or lessons that can be used to support further instruction on those standards or types of questions.

USER MANUAL

The user manual gives you step by step instructions on how to build your own assessments, create assessments from scratch, and use Data Mate with your students. It is a helpful tool when setting up Data Mate!

TOUR OF DATA MATE

Let’s pop online and check it out in real time!
