PERSONALIZED LEARNING

NRWE

Photo Scissors

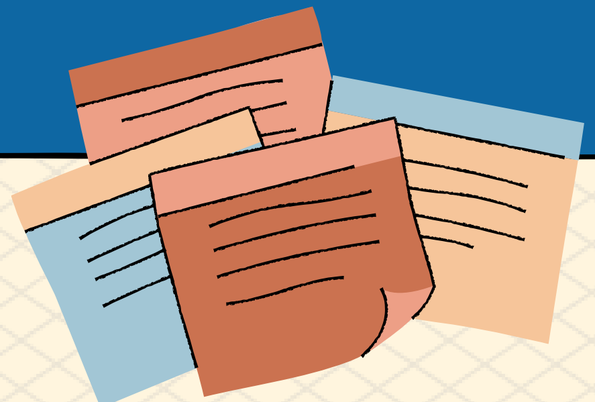

Using Technology in the Classroom to Enhance Learning

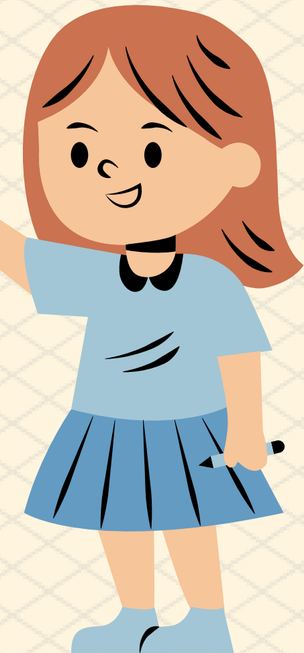

Objectives:

I can learn what Photo Scissors is and how to use it.

I can brainstorm and share ideas for using Photo Scissors in the classroom.

What is Photo Scissors?

Photo Scissors is a free website that allows you to quickly and easily remove the background from a photograph.

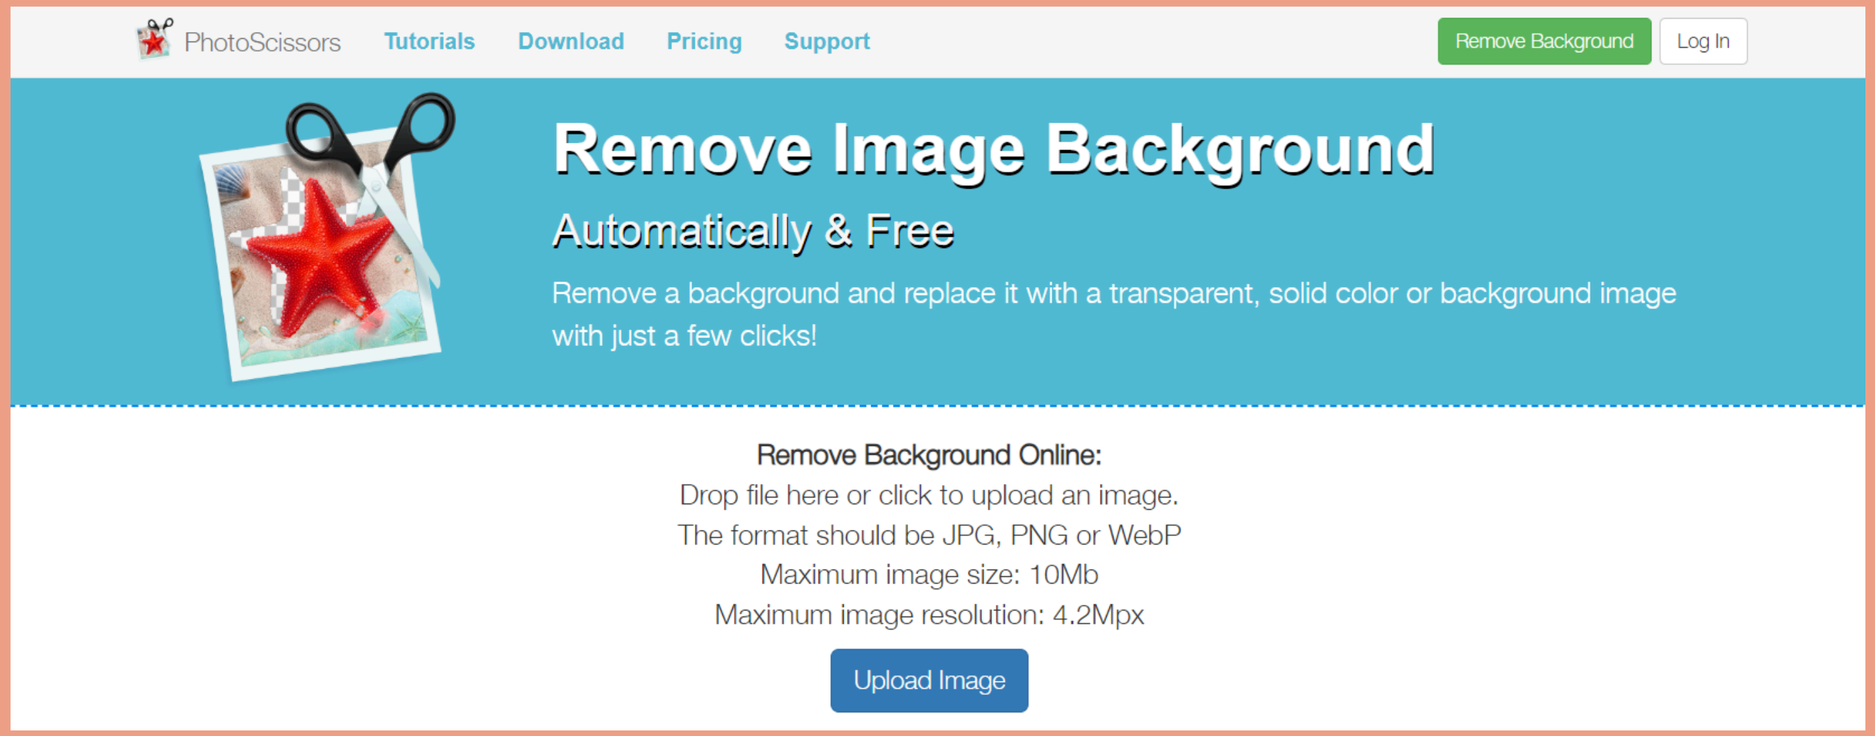

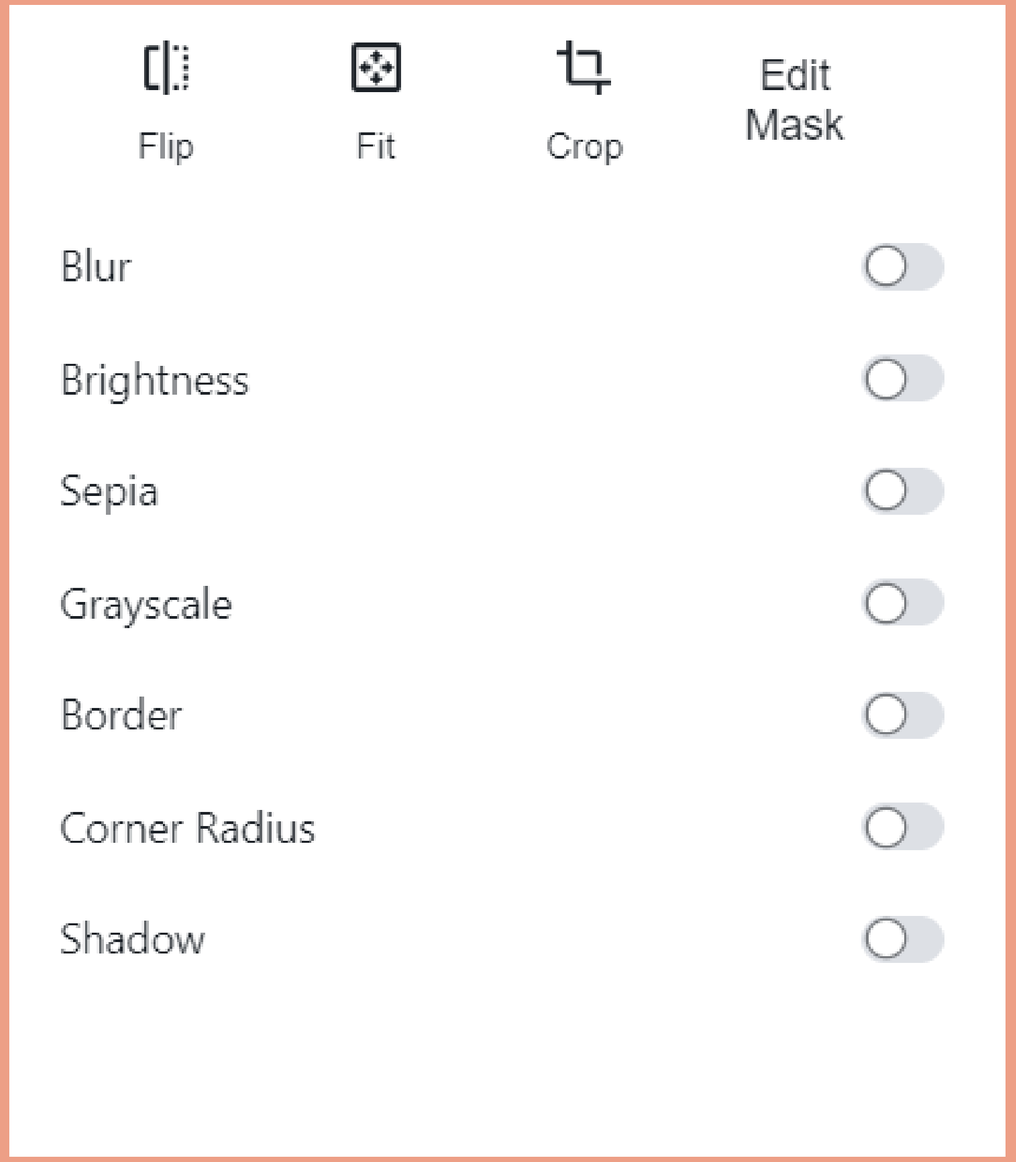

Step 1: Upload a Photo

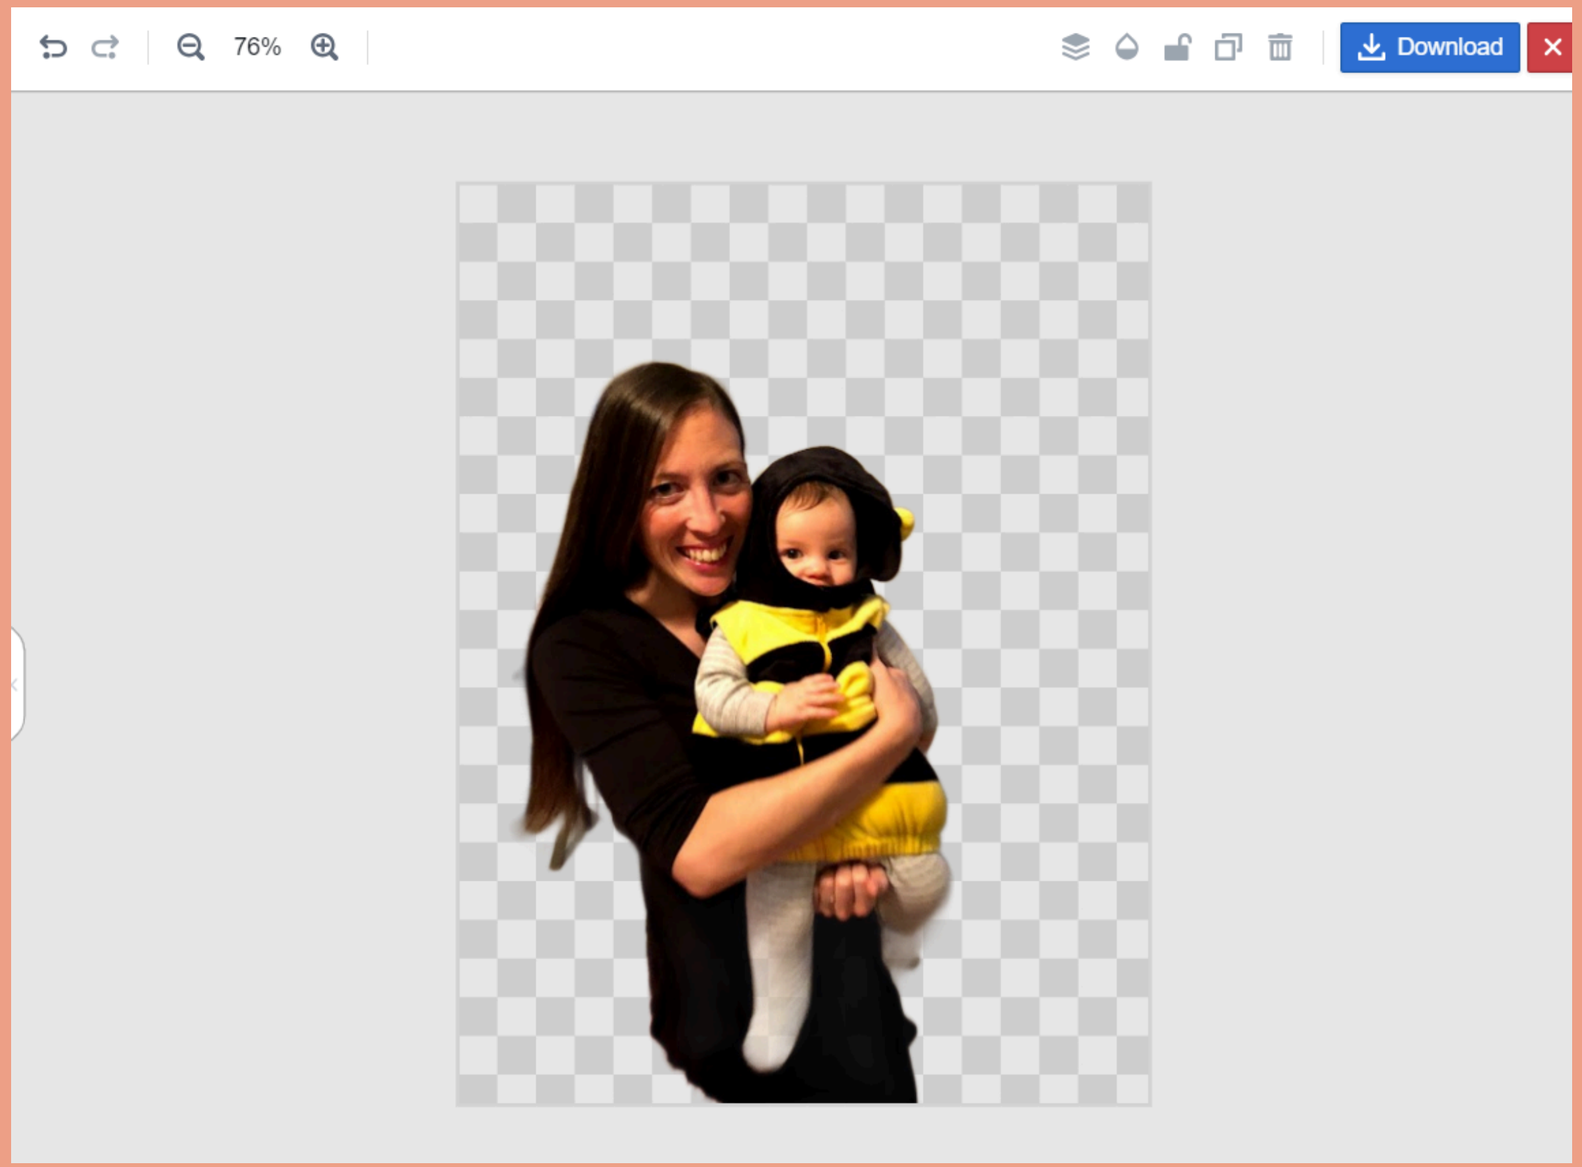

Click here!

Step 2: Edit

Flip
Fit
Crop
Edit Mask
Blur
Brightness
Sepia
Grayscale
Border
Corner Radius
Shadow

Step 3: Download

Download in low resolution FOR FREE.

Where do I put this background-free picture?

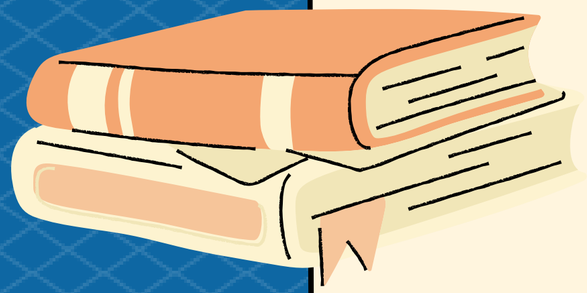

I used Jamboard for this example. You can use PowerPoint (my favorite for creating), Google Draw, Google Slides, etc.

I added a background photo that I found on Google.
The Google suite lets you search on Google for pictures so it is easy.

Finished Product

Use that image however you would like!

Check out the link above to see what I did!

Ideas for Using Photo Scissors

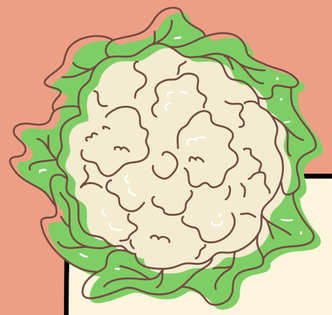

Decorate your classroom! Take pictures of your students and post them around the room.

Have kids put their picture on top of a picture of a country they researched, a scene in a book, the setting of a story, etc.

SEL Time: Connect with your kids and have them put themselves in a picture of a place they would love to travel to someday.

Let's Brainstorm!

What are some of your ideas for using Photo Scissors in the classroom?

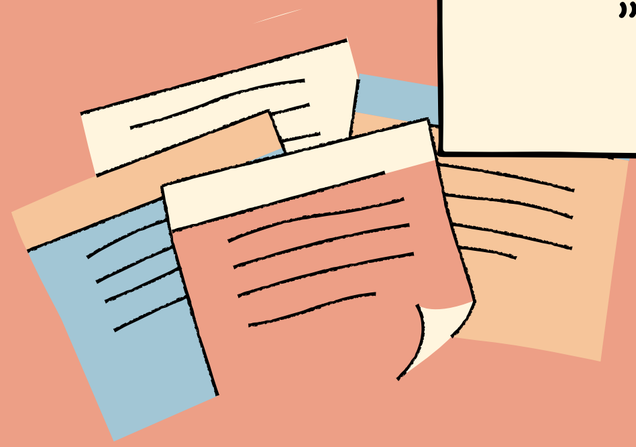

JAMBOARD

Click on the link above. Add a Sticky Note for ideas you have for using Photo Scissors in the classroom.

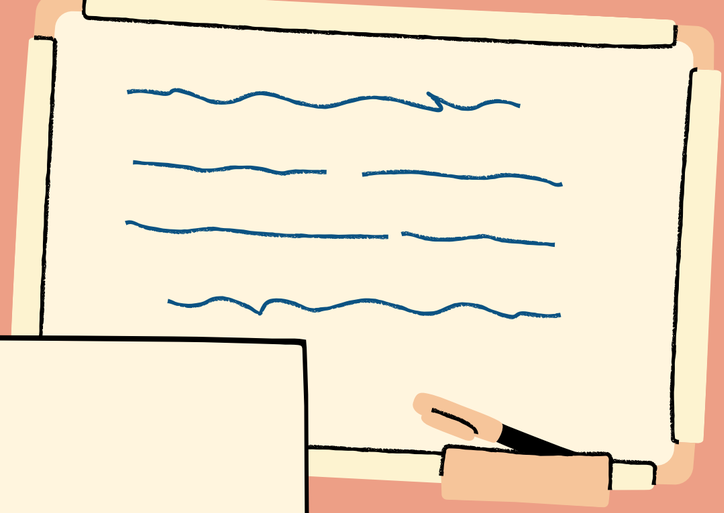

CANVA

YOU CAN REMOVE A BACKGROUND IN CANVA, TOO! JUST ADD YOUR PHOTO TO YOUR PROJECT. CLICK "EDIT PHOTO." UNDER "TOOLS," USE THE "BG REMOVER" TO REMOVE THE BACKGROUND!

Thank You!

DO YOU HAVE ANY QUESTIONS FOR ME?
