

TEXARKANA ISD

ADMINISTRATION

Dear Westlawn Families,

We hope the new school year is off to a great start for your family! As we continue working to provide the best opportunities for our students, we want to share some important information about potential partnerships that could benefit our schools.

As you may know, accountability ratings for last year were not what we had hoped, although we did see improvement in several areas. Because of this, we are exploring additional ways to support student success and ensure that all of them reach their full potential.

One option we are exploring is a Texas Senate Bill 1882 (SB 1882) partnership. These partnerships allow districts to work with trusted outside organizations to bring in innovative programs and extra resources for students and staff. The goal is to boost student success by providing more support and flexibility in how schools serve children.

Important points for families:

- **Nothing is decided yet.** We are only exploring opportunities at Westlawn for Fall 2026 and will keep you informed every step of the way.
- **Student experience remains our priority.** If a partnership is chosen, your child will continue to attend the same school, but the campus may receive additional resources and innovative programs.
- **Community input matters.** We will host meetings later this fall where you can learn more about potential partners and provide feedback.
- **Ongoing investment.** Nothing will change this school year. We are committed to investing in our staff, students, and facilities while exploring these options to support long-term success.

We are excited about the potential of these partnerships to bring more staff, financial resources, and innovative ideas to the campus. Our goal is always to give students every opportunity to be successful and achieve their full potential.

We will share the application for interested partners on our website in the coming days, and we will provide updates as the process continues. Thank you for your continued support as we work to make Westlawn the very best place for our students to learn and grow.

Sincerely,

Doug Brubaker, Ph.D.
Superintendent of Schools
