EXECUTIVE SUMMARY

ROCKWOOD R-VI SCHOOL DISTRICT BUDGET OVERVIEW AND HIGHLIGHTS

The 2025-26 budget serves as the comprehensive financial plan of the Rockwood R-VI School District ("District") for the 2025/26 fiscal year. Its primary purpose is to provide clear, timely and useful information about the District's past performance, current financial status, and future projections. This document is intended to support informed decision-making and meaningful financial discussions aligned with the mission, goals and strategic objectives of the Board of Education.

In Rockwood, we are committed to achieving higher levels of excellence to meet the needs of our students and support their learning. The classroom remains at the core of our purpose – it is the reason our district exists. Our north star is our students; they inspire and shape every decision we make. They are at the heart of our new strategic plan for 2025-2030, Forward Together.

We recognize that our success depends on the collective efforts of the entire community. This is why we developed *The Rockwood Promise* as the foundation of our five-year plan. *The Rockwood Promise* is the embodiment of who we are and how we operate. This Promise acts as a shared foundation or starting point that addresses every child, empowering us to collectively achieve our district and community aspirations.

- We Cultivate Belonging: We promise to embrace diversity, foster strong relationships and ensure inclusivity.
- We Empower All: We promise to empower each other to take ownership of our learning and our future.
- We Honor Dignity: We promise to foster an environment where everyone is respected, safe, seen and heard.
- We Embrace Innovation: We promise to nurture curiosity, creativity and problem-solving to achieve at high levels.

The District's mission, vision and core values were an integral part of developing the *Forward Together* plan and *The Rockwood Promise*.

Mission Statement: We do whatever it takes to ensure all students realize their potential.

<u>Vision:</u> Every student loves life and finds success.

<u>Core</u> <u>Values:</u> Our core values affirm what we stand for and how we treat each other. These values define who we are as a school district – individually and collectively.

At the core of our strategic plan is the fundamental belief that we are all unique and gifted with a wide variety of skills, interests and talents. We learn in different ways and need support and opportunities to grow, learn and reach our highest potential. The budget is structured to support the District's goals and strategies outlined *Forward Together* and represent the priorities and major initiatives that will be underway through 2030. These goals and strategies include the following areas:

- 1. Nurturing Learning
- 2. Fiscal Responsibility
- 3. Highly Qualified Staff
- 4. Safe and Caring Schools

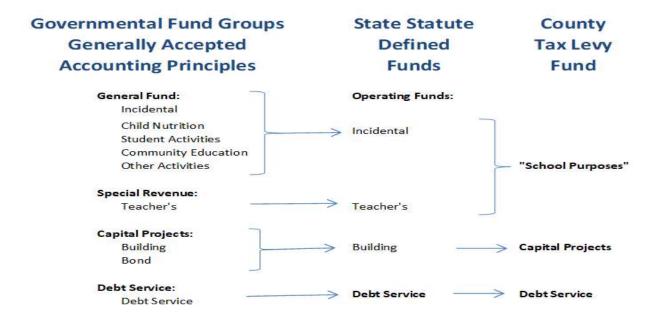

Budget Overview and Highlights

Missouri State statutes require school districts to prepare an annual budget to identify available resources and guide district spending for the ensuing school year. The statute requires the school district budget document to include five specific components. They are as follows:

- ► The 2025/26 *Budget Message*
- Estimated *Revenues* to be received from all sources, with comparison to estimated or actual revenues for the prior two years
- ► Estimated *Expenditures* to be paid by fund with comparison to estimated or actual expenditures for the prior two years
- ▶ A schedule detailing *Debt Service* interest, principal and charges on all debt of the district
- ▶ A general *Fund Summary* including information on assessed valuation, tax levies and fund balances.

A school district's Board of Education is to formally adopt this budget in June prior to the beginning of the new school term on July 1.

State statutes, in conjunction with generally accepted accounting principles (GAAP) and in accordance with the definitions of the Governmental Accounting Standards Board (GASB) statement of principles on fund accounting systems, have determined the funds appropriate for public school operations. Rockwood follows the legal requirements of the State of Missouri for fund accounting and constructs its budget utilizing the following approved funds:

The District's budget for the 2025/26 fiscal year includes total revenues, expenditures and fund balances for the District as a whole. This document also presents total revenues, expenditures and fund balances for the District's operating funds, which are comprised of the Incidental Fund and the Special Revenue (Teacher's) Fund. While considered an operating fund, the activity of the Building Fund is reported separately for presentation purposes since the resources allocated to the Building Fund are specifically used to address the capital needs of the District, such as equipment, facility maintenance, safety and technology items. Detailed fund schedules provide further information on the activities within each fund and include an analysis of the proposed budget for the 2025/26 fiscal year. Detailed budget schedules are also included summarizing forecasted revenues by objects and sources as defined by Missouri Department of Elementary and Secondary Education (DESE). Preparation of the budget also includes detailed schedules for forecasted expenditures by object, department, program and function.

Background on the District

The District began with the opening of Eureka High School in 1908. It was the first four-year high school in St. Louis County west of Kirkwood. The District, in its present form, was created on October 29, 1949 by a merger of 26 districts. The name was changed from Reorganized School District No. R-VI of St. Louis County, Missouri to Rockwood R-VI School District, St. Louis County, Missouri in April 1964. The District comprises 150-square miles located in southwest St. Louis County and a small section of northern Jefferson County. Geographically, the District represents approximately 30% of St. Louis County. It encompasses all or parts of twenty communities including Ballwin, Chesterfield, Ellisville, Eureka, Fenton, Manchester and Wildwood. According to the 2020 Census, this represents approximately 156,223 residents in 59,967 households. The District has a total of 33 school buildings comprised of 4 high schools, 6 middle schools, 19 elementary schools, a Center for Creative Learning building and three Early Childhood Centers. Overall, the District's 3,300 plus employees work in 38 District buildings across our 150-square mile area to service our students. The chart below summarizes the District's enrollment history for Resident and Voluntary Interdistrict Choice Corporation (VICC) students over a 10-year period.

	Resident	VICC	Total
2015-16	19,485	1,541	21,026
2016-17	19,309	1,544	20,853
2017-18	19,396	1,465	20,861
2018-19	19,398	1,396	20,794
2019-20	19,647	1,265	20,912
2020-21	18,962	1,163	20,125
2021-22	19,190	1,096	20,286
2022-23	18,922	964	19,886
2023-24	18,571	831	19,402
2024-25	18,273	662	18,935

Rockwood School District has the largest enrollment in the St. Louis County area but we have been experiencing a gradual enrollment decline in total over the last 10 years. While certain areas within the District's boundaries have seen growth due to residential development during this timeframe, overall our enrollment has decreased 2,091 students, or 9.9% since 2015/16. Enrollment has decreased an average of 5.3% in other St. Louis County school districts and an average of 2.9% at the State level over the same time period. The decline in enrollment involves both our students who reside in the District as well as students through the VICC program, which is being phased out.

Annually, the District updates our enrollment forecast using a cohort survival method based on the September membership counts that are reported to the State. In the current year, the District engaged a consulting firm to perform a demographic study that will provide enrollment forecasts for the next 10 years based on more sophisticated models and data not available to the District. Early reports indicate our 2025/26 projections are not significantly different from those developed by the consulting firm. The final report was not yet available as this budget was being developed and therefore District estimates have been used. Forecasts beyond the next three years are more heavily impacted by models provided by the consultants, and will be used for future budget and planning purposes.

Our current 2025/26 enrollment forecast based on September 2024 membership is 18,735 students, a decrease of 200 students. Half of this decrease is due to a decline in the number of VICC students as that program is phased out. We are forecasting 57 fewer elementary students, 92 fewer middle school students, and 51 fewer high school students. This decline, spread across all buildings in the District, will have only a minor impact to our classroom staffing levels.

Performance

The Rockwood School District continues to be a leader in the field of public education. As a District that is Accredited with Distinction, the highest level of accreditation by the State, Rockwood students are renowned for their achievements. The 2024/25 school year has reinforced the bedrock principles that make the Rockwood School District a special place to learn and grow. The District's 33 schools and supporting programs collectively make up one of the highest performing school districts in the country. The following are some of the highlights of academic achievement in Rockwood.

- Rockwood's class of 2023 averaged a composite score of 23.1 on the ACT, outperforming the state average of 19.9
- Rockwood students are performing at high levels in the content areas of Language Arts, Mathematics, Science and Social Studies on state assessment tests.
- Advanced Placement (AP) results shows 87% of students in Rockwood have scores of 3 or higher.
- The graduation rate for Rockwood students is 96.1% compared to the state average of 90.8%
- All four Rockwood high schools earned the Distinguished School designation by Project Lead the Way and are among 291 schools around the nation and 26 from Missouri.
- All four Rockwood high schools were listed in the "Best High School" rankings by U.S. News and World Report.
- Thirty Rockwood high school seniors earned their associate degree at the same time as their high school diploma through the Early College Partnership, a joint venture with St. Louis Community College-Wildwood.
- Blevins Elementary was named a 2024 National Schools of Character and three schools, Blevins Elementary, Eureka Elementary and Lafayette High School were named State Schools of Character.
- Wildwood Middle School earned a Promising Practices Award from Character.org for their innovative practices in the area of character education.

ROCKWOOD R-VI SCHOOL DISTRICT BUDGET MESSAGE

The development of the District budget each year has its own unique circumstances and challenges. Planning for the 2025/26 budget was no different; however, the budget process that the District has in place allows for the District to make the necessary adjustments to these challenges both in the short-term and long-term. At the beginning of the budget process the District's priorities are reviewed and revised as necessary for the Incidental and Special Revenue Teachers' funds (Operating Funds). Fiscal responsibility is a priority for the District as we incorporate the following factors in protecting the District's financial position:

- Careful forecasting of revenue and expense drivers
- Operational and program necessity
- Sustainability of expenditure trends
- Review of our self-insured health insurance fund
- Maintenance of our fund balance

As shown by the chart below, 79% of the operating revenue comes from local sources and 19% comes from state sources. Four of these sources comprise 90% of total operating revenue: Local property taxes, Prop C sales tax, M&M surtax and the State's Basic Formula for public school districts. Due to the dependency on these revenue sources, the finance office spends a considerable amount of time ensuring our revenue forecasts are reliable and accurate by keeping the factors up to date with information from local and state sources, prior year trends and actuals as well as current market conditions.

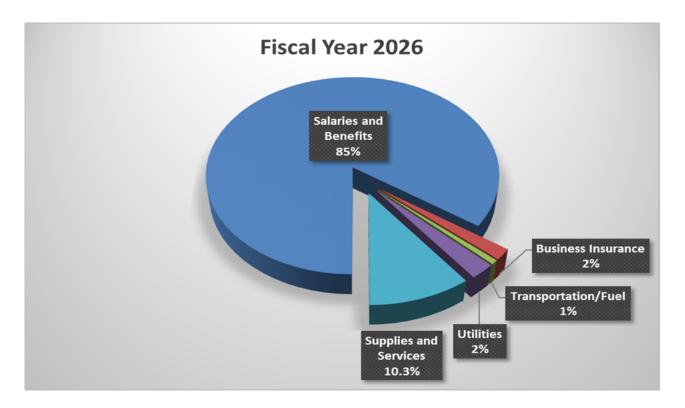

Over the next few budget years these revenue factors will be challenged by circumstances within the District as well as the changing landscape in public education. A few examples of the challenges the District will face and discussed further in the budget book include:

- The financial outcome of Senate Bill 190 passed by the State of Missouri in May 2023 that provides tax relief to qualifying senior citizens. Adequate data does not exist to estimate this impact, which will first be realized in FY 2025/26.
- The District currently has the 19th lowest total tax levy across the 22 St. Louis County school districts.
- The decline in student enrollment will impact the District's Weighted Average Daily Attendance (WADA) included in the State's Basic Formula and will require careful monitoring for appropriate staffing.
- Currently the District is expecting the State's Adequacy Target (SAT) for funding public education to be \$7,145; however, the Governor has recommended funding at \$6,760, which would result in an estimated \$7 million decrease in state funding for the District in FY 2025/26.
- Formation of a state task force to review the State's methods of funding Missouri K-12 public schools will result in changes to funding that are currently unknown.
- The impact of legislative bills that reduce the State of Missouri's general revenue sources used to fund public education affect State funding beyond the Basic Formula, including the State's of the 75% reimbursement of a District's transportation costs.

Providing accurate revenue projections begins the expenditure budget process by which the District determines our ability to provide for competitive salaries and benefits, maintain programs that support our students and sustain these costs in the short and long-term forecast. The District invests in our staff by allocating 85% of our operating expenditure budget to salaries and benefits. All staff employed by the District are committed to the mission of the District in serving our students. When reviewing the budget for salaries and benefits, the District uses benchmarks from other area school districts. Each specific employee group is treated with careful analysis in determining the salary increases to be allocated to our employee groups.

The self-insured medical plan of the District is the centerpiece of our employee benefits package and a significant cost to the District. The District contributes 100% of employee premiums and 50% of premiums for dependent coverage. The plan has been significantly impacted by rising pharmacy costs. The District has been able to keep premiums relatively low compared to actual costs in recent years by providing additional contributions to the self-insurance fund above premium payments, but must make adjustments in the coming year to offset this trend.

The ability to offer salary increases that will improve our compensation against area benchmarks as well as provide a competitive insurance benefit plan must be balanced with the long-term financial stability of the District. Other challenges faced by the District include staffing shortages in areas such as bus drivers, custodians and child nutrition associates. The District's new strategic plan contains Focus Areas within the Goal Areas of Highly Qualified Staff and Fiscal Responsibility that address the above challenges.

The finance office also commits valuable time to the remaining 15% of the operating budget by ensuring our supply and service budgets cover the necessary items to support our schools and programs but are evaluated and adjusted as necessary. Supplies and services budgets are threatened by increasing prices and sometimes availability issues related to items that are used in our buildings. Utilities are managed by automated controls that are monitored to ensure a balance of comfort with energy efficiency in the operation of our buildings. The District participates in the Missouri United School Insurance Council (MUSIC), a pool of K-12 school districts and community colleges throughout the state, that provides the best value to the District with a low claims deductible, claims management, and risk management tools and assistance.

The operating expenditure budget is reviewed by each applicable department and then the Superintendent's Cabinet to support recommendations to the Board of Education throughout the budget process. The District's three-year expenditure forecasts are in line with prior year actual trends to ensure we provide a realistic fund balance forecast and decisions made now do not place the District in a vulnerable financial position in the future.

The District's fund balance has increased over the last few budget years and exceeds the balance required by district policy. Short-term uses of fund balance are an appropriate method to fund operations as long an exit plan is in place to reverse that trend. A sound financial plan for utilizing the fund balance cannot include relying on fund balance to cover recurring costs. The District's three-year forecast reflects a planned spend down in fund balance beginning with the 2026/27 school year as the best use of available resources. This plan allows us to continue operating with consistency in class size and staffing targets, previously approved curriculum, current support resources, and existing salary agreements with employee groups over the next two years while maintaining an adequate fund balance. During this time, results of the demographic study and opportunities for additional funding can be explored while certain revenue unknowns become more defined and estimable. Plans and adjustments can be made to shape future budget years accordingly.

From a capital perspective, budgeting for the upkeep of our safety, technology and facility cycle maintenance was a major challenge that the District faced for many years. The District relied on bond issues to support these costs, resulting in significant levels of deferred maintenance when bond issues were not approved or were limited in scope. In November 2023, the District received overwhelming community support in this area with the passage of Proposition 3. Prop 3 provides for the transfer of a portion of the debt service levy to the capital projects levy to address our safety, technology and facility cycle maintenance needs. Phase two of this transfer will occur in the 2025/26 school year and the Prop 3 transfer will be complete, providing over \$30 million in annual revenue to address safety, technology and facility cycle maintenance items. The tax levy remaining in the debt service fund is sufficient to cover our remaining general obligation debt.

Our 2025/26 budget process began in October 2024 and continued to evolve throughout the school year as we were placing the finishing touches on the budget through May 2025. As part of our budget process, the District also updated our three-year financial projection to ensure the Board of Education, District administration and our community are provided with the necessary information when making key decisions. The District will end the 2024/25 fiscal year with a positive growth to our operating fund balance. From a financial perspective the 2025/26 budget incorporates many estimates based on the following:

- Local assessed valuation (AV) is a reassessment year in 2025 with a forecasted 5.06% increase; overall, AV has increased over 48% the last eight years.
- Collections of current and delinquent taxes continue to match our budget and forecasted amounts.
- State Basic Formula is fully funded at this time with our revenue being impacted by our decrease in enrollment.
- Local sales tax collections are budgeted to increase 3.5% although DESE is forecasting a 1.3% decrease to the per WADA amount. The District will monitor the sales tax collections through 2025/26. The decrease in the District's enrollment will also have an impact on future revenue through Prop C.
- The State's budget currently includes an allocation to fully fund the State's statutorily required 75% reimbursement of a District's transportation costs for the third fiscal year in a row.
- The State Adequacy Target used in the Basic Formula revenue has been adjusted and increased from \$6,760 to \$7,145.
- Ability to offer strong salary commitments in the 2025/26 school year and contribute additional funds to the self-insurance medical fund.
- Adjustments to the expenditure budget for certain costs increases being experienced due to inflation or other economic situations, such as utilities and fuel.
- The completion of the Proposition 3 transfer to Capital Projects fund to address safety, technology and facility cycle maintenance.

The District feels confident that the 2025/26 budget will continue to guide Rockwood in a fiscally sound and responsible direction. From the beginning of the budget process to the formal approval, there has been considerable scrutiny and review of the budget to ensure the resources of the District are being budgeted to provide outstanding instruction and support allowing each student to achieve his/her highest potential. The District is proud of these financial accomplishments that we have been able to achieve over the years:

- One of three school districts in Missouri to have a "AAA" bond rating by S&P
- Achieved the Meritorious Budget Award (MBA) for the 25th consecutive year
- Received the Government Finance Officers Association (GFOA) and the Association of School Business Officials International (ASBO) Certificates of Achievement for financial reporting for the District's audited financial statements
- Only Missouri school district with all of the above

Our budget work began in October 2024 as we focused on the operational funds of the District. As in previous years, our budget process begins with official enrollment that is taken the last week of September each school year. In October 2024, school and department levels began working on their requested budgets that included new programs and curriculum, staffing, purchased services and supply budgets to support our students in the 2025/26 school year. All departments reviewed their requests with their respective Superintendent Cabinet members. After formal approval by their Cabinet member, the budget requests were submitted to the finance office. During October 2024, the District also began the process of negotiating with the Rockwood National Education Association (RNEA), our largest bargaining unit representing educators in the District. In November 2024, the Superintendent's Cabinet met in a series of meetings to go through the District staffing levels and requests as well as a review of other budget requests as compiled by the finance office. The school building budgets were based on a per pupil calculation and provided to building level administration for building allocations. In December 2024, the finance department presented a preliminary 2025/26 budget to the Board of Education that included a planned spending deficit of approximately \$0.3 million. From January through May 2025, the finance office revised revenue and expense projections based on the status of negotiations with specific bargaining units as well as other updated information and continued to work with various departments including the human resource department as compensation studies were finalized which determined our personnel costs. In May 2025, a budget update was presented to the Board of Education that included all the changes since our last presentation. Throughout 2025/26, the District will continue to monitor the budget and prepare monthly financial projections starting in November of each year.

The District's self-sustaining funds, including Child Nutrition and Community Education, have a slightly different budget timeline. From December through January department leads meet with their staff to cover budget needs and goals. A proposed budget was submitted to the departments' administrators for review. Over the next couple of months, actions such as meal prices for Child Nutrition and fees for after school and Community Education programs are taken to the Board of Education for approval. The proposed budgets approved by the respective administrators were submitted to finance in March 2025. The proposed budgets for our self-sustaining funds were part of the budget update provided to the Board in May 2025.

The total final proposed budget for fiscal year 2025/26 for all funds includes budgeted revenue of \$358.6 million and budgeted expenditures of \$375.3 million, resulting in a decrease of fund balance of \$16.8 million. For the operating funds, the budget includes revenues of \$284.6 million, expenditures of \$281.2 million and transfers of \$0.6 million which results in a budgeted increase of fund balance of \$3.9 million.

As summarized by the schedule below, the District is budgeting for total beginning fund balance of \$145.5 million at July 1, 2025 and ending fund balance of \$128.7 million at June 30, 2026. For District operating funds on the accrual basis, beginning fund balance at July 1, 2025 is forecasted to be \$93.5 million and ending fund balance at June 30, 2026 to be \$97.4 million.

	Operating	Building	D	ebt Service	Se	elf-Sustaining	Total
Revenues	\$ 284,596,576	\$ 34,878,580	\$	8,558,095	\$	30,545,776	\$ 358,579,027
Espenditures	(281,219,155)	(42,077,109)		(19,423,840)		(32,597,774)	(375,317,878)
Transfers in (out)	585,000	=		=		(585,000)	
Change in fund balance	3,962,421	(7,198,529)		(10,865,745)		(2,636,998)	(16,738,851)
Fund balance, July 1, 2025	93,472,521	15,030,797		19,790,084		17,157,083	145,450,485
Fund balance, June 30, 2026	\$ 97,434,942	\$ 7,832,268	\$	8,924,339	\$	14,520,085	\$ 128,711,634

The District is budgeting for a \$16.7 million decrease in total fund balance and \$3.9 million increase in our operating funds. The decrease in the building fund is related to the timing of facility maintenance projects funded by Prop 3 that are overlapping between fiscal years as the work begins in 2024/25 but is completed in 2025/26. The current forecast of this overlap is \$7.1 million. The debt service fund is restricted to pay only District principal and interest payments on our outstanding debt and the District has a planned decrease in fund balance of \$10.9 million in accordance with our amortization schedules of our outstanding general obligation principal and interest payments. The calculation of the debt service levy is in accordance with the Missouri State Auditor's office and the remaining levy of \$0.14 is sufficient to cover our remaining debt payments. The District's self-sustaining funds reflect a decrease in fund balance as certain one-time capital expenditures will be used from carryover fund balances in the Child Nutrition office. Total amount of these expenditures is expected to be \$2.4 million.

The fund balance of the operating funds is forecasted to be \$97.4 million at June 30, 2026 which represents a 35% fund balance ratio to operating expenditures. The fund balance at June 30 each year must anticipate that our local property tax revenue is received primarily in December and January of each year and provide adequate cash flow through the low period before those revenues are received. Each year's ending fund balance must be sufficient to support required cash flow throughout the entire year. Current Board of Education policy requires a 22% fund balance level (including a 4% fiscal stabilization fund) which provides the District with sufficient cash flow to prevent the need to borrow funds during low periods of revenue collections. The District also must recognize that as expenditures increase, our fund balance reserves must also increase to remain at the same ratio to expenditures. Another purpose of our fund balance is to provide the District with the ability to make decisions and adjust in a timely manner to any changes in revenue sources or legislative actions. It is our responsibility to ensure our fund balances meet the goals of the District both in the short-term and long-term perspectives.

Additional information on the operating revenues and expenditures is provided below.

Operating Revenue

The revenue budget for 2025/26 operations is expected to be \$284.6 million which is a \$13.2 million increase compared to the 2024/25 revenue forecast of \$271.4 million. Significant revenue components of the 2025/26 budget and their respective change from 2024/25 are as follows:

- Local property taxes (+\$11.0)
 - As the table below shows, the District has a growing local tax base which provides approximately 65% of our operating revenue. This growth has resulted in decreases in the tax rate over the past several years. As the table below shows, our assessed valuation (AV) has increased \$2.3 billion (54%) and our tax rate has decreased \$0.7198 in the last 10 years.

Calendar	Tax Rate			Total Tax	Assessed	%
Year	Ceiling	Recoupment	Debt Service	Rate	Valuation	Change
2015	3.8013	0.1202	0.68	4.6015	3,392,942,833	
2016	3.8411	0.1467	0.68	4.6678	3,423,852,818	0.91%
2017	3.6705	0.1510	0.68	4.5015	3,724,290,340	8.77%
2018	3.7109	0.1630	0.68	4.5539	3,762,959,020	1.04%
2019	3.5487	0.1176	0.68	4.3463	4,117,115,290	9.41%
2020	3.5493	0.0692	0.68	4.2985	4,169,988,108	1.28%
2021	3.4162	0.0290	0.68	4.1252	4,499,638,385	7.91%
2022	3.4560	0.0123	0.68	4.1483	4,639,005,137	3.10%
2023	3.1985	0.0122	0.68	3.8907	5,388,208,735	16.15%
2024	3.5598	0.0028	0.32	3.8826	5,418,871,115	0.57%
2025*	3.7398	0.0019	0.14	3.8817	5,693,276,971	5.06%

^{*} estimated for the 2025/26 budget

Tax year 2025 is a reassessment year and the District is estimating a 5.06% increase to total AV (\$5.6 billion) based on preliminary information provided by our local county assessor's office as well as prior year trends. Our 2025/26 budgeted tax rate of \$3.8817 is slightly below the 2024/25 tax rate of \$3.8826.

One factor of local taxes that is not accounted for in this estimate is the financial impact of Senate Bill 190 (2023) which provided tax relief to eligible senior citizens. There is inadequate information available to the District at this time to determine the financial cost of Senate Bill 190; therefore, we have not included any adjustments to our budget for this. Based on the language of the bill, the tax owed on primary residences of taxpayers over age 62 who apply for the credit will be frozen at the level of their initial application. The AV and tax rate will continue to be reassessed and calculated as normal, but the amount due will be reduced to the prior amount. Therefore, while the District's total assessed taxes will continue to increase in line with prior estimates, the collection of these assessed taxes will decrease. Preliminary estimates based on incomplete data indicate that the District's collection rate will decrease from an average of 97% in prior years to approximately 93% when the freeze is implemented. This would result in a \$7.1 million decrease in operating revenue from local property taxes, and reduce the currently projected increase. The currently projected increase of \$11.0 million in local property taxes is due to the following:

• +\$8.3 million increase in current taxes due to the budgeted 5.06% increase in assessed valuation of our local tax base primarily due to new construction and personal property:

Estimated Assessed Valuation	5,693,276,971
Operating tax rate	3.1217
Collection rate	97.0%
Estimated Assessed Revenue	172,395,216
Increase from 2024/25	8,261,837

- -\$1.4 million decrease in delinquent tax collections. Delinquent taxes are made up of the District collecting on outstanding unpaid taxes offset by amounts paid back to taxpayers on settlements for cases in which they protested the value of their property. When the payments to taxpayers are greater than the delinquent tax collections received by the District this creates a reduction in revenue. With the increases to assessed valuations realized by the District over the past three reassessment years, our 2025/26 budget includes the expectation that the District will continue to payout more to taxpayers for protested settlements with the local county assessors than collection on delinquent taxes owed to the District compared to the 2024/25 budget year.
- +\$4.1 million increase in M&M Surtax which is based on the estimated increase to commercial AV of 5%. Of the increase, \$3.6 million is related to the reallocation of M&M surtax revenue reported in the Building fund in 2024/25 to the Special Revenue Teacher's fund in 2025/26. As part of our budget process, we are recommending the reallocation of these funds to provide resources to support salary increases for our educators. Year over year, the total increase in M&M surtax is \$0.5 million, consistent with prior year actuals.

•Prop C – Sales tax (+\$0.5)

o The distribution of sales tax funding through Prop C is based on a per WADA (Weighted Average Daily Attendance) for all eligible schools in the State multiplied by the District's prior year actual WADA. A District's increase or decrease in enrollment will typically impact the prior year actual WADA. Due to our declining enrollment, we expect our WADA to decrease by 287 compared to 2024/25. Guidance from the State indicates that the 2025/26 projected per WADA could decrease to \$1,495 but the District's adopted budget includes a per WADA of \$1,567. The District used prior year trends to adjust the budget to \$1,567 but we will closely monitor sales tax collections at the State level. With the changes in our factors, the District is budgeting for 2025/26 Prop 3 revenue to be \$26.7 million which is a \$0.5 million increase over 2023/24:

WADA (prior year)	17,053
Amount per WADA	1,567
	26,722,051
Increase from 2024/25	468,418

- State Basic Formula including Classroom Trust (+\$5.9)
 - o Revenue from the State Basic Formula represents nearly 12% of the operating budget. We are budgeting for \$35.3 million in revenue from the State formula in 2025/26 which is a \$5.9 million increase compared to 2024/25. As summarized below, revenue from the State formula is a combination of multiple factors:

<u> </u>	2024/25	2025/26
Residential ADA used in the Formula	17,409.000	17,114.000
Summer Academy ADA	131.000	131.000
Total ADA funded by the State	17,540.000	17,245.000
SAT	6,760	7,145
DVM	1.088	1.088
Appropriation Factor	100%	100%
Total State Formula Revenue	33,627,602	39,153,655
Senate Bill 727 - Calendar Incentive	-	336,276
Financial Institution Tax - State Portion	52,729	124,391
_	33,680,331	39,614,322
Increase from 2024/25		5,933,991

The first factor is the Weighted Average Daily Attendance (WADA) of resident students for the District. The Basic Formula allows a district to use the higher of the current school year or prior two school years. Since the District is experiencing declining enrollment, the residential ADA of 17,114 noted above reflects the WADA from the 2023/24 school year.

The second factor is the cost-of-living index (Dollar Value Modifier) set by the State and we expect that index to remain at 1.088. The last significant factor in the state formula is the State Adequacy Target ("SAT") which is the targeted funding level for public education. In support of local public education, the Missouri Legislature has appropriated enough general funds to fully fund the State formula at \$7,145 in 2025/26; however, the final SAT amount will not be finalized until the governor of Missouri approves the budget. In January 2025, the governor's 2025/26 recommendation for the SAT was to remain at \$6,760. Should the SAT be finalized at \$6,760, the District will realize a \$7 million decrease in revenue to the 2025/26 budget.

The above revenue sources account for 90% of the District's operating funds. However, there are other revenue items that we are constantly monitoring, including:

- Transportation revenue from the State of Missouri is currently budgeted to be fully funded (75% of a District's transportation costs) in 2025/26. The District is budgeting an increase of only \$0.1 million as our transportation expenditures are expected to remain relatively flat in 2024/25
- Voluntary Interdistrict Choice Corporation (VICC) is expecting a decrease in revenue of \$0.8 million as enrollment decreases due to the planned phase out of this program
- All other local, county, and state revenue will remain relatively flat compared to the 2023/24 school year.
- Federal revenues currently account for only 0.8% of total 2025/26 operating funds and at this time are expected to decrease by \$2.0 million compared to 2024/25. This is due to the District receiving all remaining funds in 2024/25 from the Elementary and Secondary Emergency Relief Supplement Act (ESSER). These funds reimbursed specific one-time expenses to address a variety of areas, including student intervention programs, social, emotional and mental health awareness and air quality enhancements.

The budget for 2025/26 includes a transfer into the operating funds from non-operating funds totaling \$585,000 from the Child Nutrition Services fund.

Operating Expenditures

The expenditure budget for 2025/26 operating funds is expected to be \$281.2 million. This is a \$11.4 million increase compared to the 2024/25 expenditure forecast of \$269.8 million. The principle differences are:

- Salaries and benefits (+7.2)
 - o The following chart shows the significant changes to salaries and benefits including the anticipated dollar increase for each of our employee work groups. The District negotiates separately with each of its six bargaining units. Employee groups that are not included in a bargaining unit will normally receive the same salary percentage increase that was provided on average to the salary schedule of our educators. For 2025/26, the Board of Education approved a salary increase of 5.25% for members of the RNEA. The budget recapture line is a budget technique that estimates the amount of unspent budget and is initially placed in the salary and benefit line item but will be redistributed across all expenditure categories as the school year proceeds. The 2025/26 budget includes premium increases of 10% along with a \$3.0 million increase in the District's contribution above premiums to the employee's self-insurance fund to assist with the rising costs of medical and pharmacy care experienced by our plan. Overall salaries and benefits are expected to increase \$7.2 million over the 2024/25 salary and benefit forecast. Below is a summary of budgeted changes:

	Salary		Benefits		
Salary Increases:		_			_
Teachers	\$5,628,599		\$	956,862	
Administrators	627,595			91,001	
Custodial	167,054			20,046	
Nurses	95,677			11,481	
Social Workers	64,908			7,789	
Transportation	255,954			30,714	
Support staff	1,021,283			356,698	
		7,861,070			1,474,594
Budgeted recapture		(3,500,000)			_
Other staffing additions/changes		(242,788)			(28,163)
Annual premium increase					1,716,225
Total Significant Changes		\$4,118,282			\$3,162,656

- Supplies/services (+\$2.9)
 - The supplies and services budget for 2025/26 is estimated to be \$30.6 million based on individual department requests and direct allocations made to the schools using a formula. The increase is related to the adjustment of budgets for inflation, costs of certain programs and supplies and materials for curriculum adoptions approved by the Board of Education.

- Property and Liability Insurance (+0.5)
 - Insurance for the District's property, workers' compensation and general liability increased 28% in 2024/25 and we expect our premiums to increase an additional 10% in 2025/26.
- Transportation, fuel and utilities (+0.6)
 - Budgets to run our district owned transportation fleet has increased \$0.3 million based on current fuel costs for our buses. In addition, the District is budgeting a \$0.3 million increase in utilities based on rate increases by our suppliers.

Rockwood School District is an award-winning district with exemplary students, staff and resources. We are thankful for the loyalty and support of our taxpayers, the vision of the Board of Education, the dedication and hard work of fellow employees and the success of our students. We believe the budget presented reflects our commitment to thoughtfully and prudently spend the funds entrusted to us to ensure all students in our District realize their potential.

Cyndee Byous, SFO, CPA Chief Financial Officer Dan Steinbruegge, SFO, CPA Director of Finance

Dan Steinbyge

REVENUE

REVENUE EXPLANATION

The District's budget reports revenues by Total Funds and by Operating Funds. Total Fund reports include the four funds required by Missouri State law for school districts; General (including Incidental, Child Nutrition, Student Activities and Community Education Funds), Special Revenue (Teachers'), Debt Service and Capital (Building, Proposition 3 and Bond Issues Funds).

The Operating Fund reports include only the Incidental portion of the General Fund, Special Revenue and the Building portion of the Capital funds. It is important to note that the District considers the Incidental and Special Revenue funds to account for the day-to-day operations of the District and internal reporting will reflect this method. While included as a Operating Fund, the Building Fund utilizes the resources in this fund for the capital needs of the District in accordance with the State of Missouri accounting manual. Not included in operating reports are those funds dedicated to primarily self-supporting activities, debt service and the capital funds (Bond Issue related). Revenue detail is included to report the major sources of revenue and the proportion of those sources of the whole. The District's major sources of revenue are property tax and sales tax (locally generated), Volunteer Transfer Student revenue and Foundation Formula revenue (State). This document also includes information on the revenue per average daily attendance of pupils as well as statistics on assessed valuations and tax rates (the factors which drive local revenue), details on revenue sources for history, budgets and forecasts and comparative data on current year versus prior year budgets.

Every attempt is made to explain major changes in revenue from one year to the next or any significant change in the method of distribution or source of revenue. Each chart and graph provided within this document is from District historical and forecasted records.

ROCKWOOD R-VI SCHOOL DISTRICT TOTAL REVENUE BY FUND COMPARISON

	ESTIMATED		BUDGET	% of TOTAL	%
		2024/25	2025/26	REVENUE	CHANGE
General	\$	121,512,592	\$ 134,233,381	37%	10%
Special Revenue (Teachers)		179,302,784	180,908,971	51%	1%
Debt Service		18,276,641	8,558,095	2%	-53%
Building		27,965,471	34,878,580	10%	25%
TOTAL FUNDS	\$	347,057,488	\$ 358,579,027	100%	3.3%

Total revenues for 2025/26 is budgeted to be \$358.6 million which is an \$11.5 million increase from 2024/25. The District's revenue is primarily from local tax efforts (83%) and overall the District's operating revenues have been strong. Since the District is primarily funded through local sources certain factors are monitored on a continual basis to ensure our budget is sustainable based on current information. Of the \$296.5 million in total local funding as noted below, approximately \$230.5 million (64%) is from local property taxes which is based on the assessed valuation of our local real estate, commercial, agricultural and personal property. Since 2015, the District's assessed valuation has increased over \$2.2 billion (66%) which has allowed the District to lower our tax rate to the lowest in over 30 years. The 2025/26 budget year is a reassessment year for our assessed valuation and the District is budgeting a 5.08% increase to assessed valuation with the expectation that our tax rate will remain flat compared to 2024/25. Another factor of local revenue is related to Prop C funding that is passed through from the State of Missouri and is tied to the local sales tax collections. Funding from Prop C Sales Tax has increased \$6.7 million (35%) in the last five years and current estimates indicate another 3.5% increase in 2025/26. The District's return on investments is also another factor in local revenue as we are estimating a return of over 3.5% in 2025/26 based on the current interest rate environment. The State of Missouri has continued to fully fund public education for the near future and current forecasting has revenue from the Foundation formula increasing \$5.9 million in 2025/26. The two main factors in our Foundation Formula revenue is the State Adequacy Target (SAT) which is the funding level set by the State and a District's Weighted Average Daily Attendance (WADA). The increase in revenue is due to the SAT level increasing from \$6,760 to \$7,145 which is offsetting the District's WADA decrease from 17,540 to 17,245. Since 2019/20, the District's enrollment has declined by 1,977 students, or 9.5%. The decrease in federal funding of \$2.5 million is related to the liquidation of the ESSER III funding in 2024/25. All COVID-19 pandemic funds allocated to the District were fully spent by September 30, 2024.

Taxes are inclusive of property tax, merchants and manufacturing tax, payment in lieu of tax and financial institution tax Foundation Formula includes Classroom Trust Funds

MAJOR REVENUE SOURCES

Included in the above are four major revenue sources for the District which are local property taxes, state foundation formula funds, voluntary transfer student (desegregation) aid and sales taxes. When combined, these four sources account for \$300,608,976 or 84% of total District revenues and \$292,970,756 or 92% of all operating revenues in 2025/26.

ROCKWOOD R-VI SCHOOL DISTRICT FOUR MAJOR REVENUE SOURCES

Property Taxes

Property taxes are derived from taxing real and personal property. The tax rate, set each year in September, is levied on each \$100 of assessed valuation. This valuation is determined by the county assessor's office, based on current market value of residential, commercial and agricultural real estate, and personal property. Typically the District will experience an increase in assessed valuation in the odd calendar years when the assessor's office reassess the property values resulting in the tax rate to change depending on the final assessed valuation. The even calendar years are considered non-reassessment years and any changes to the assessed valuation is through new construction and changes in personal property. For 2025/26, the District's assessed valuation is expected to increase 5.08% to \$5.7 billion since 2025 is a reassessment year. Below is a table providing historical and projected tax rates and assessed valuations:

Fund	2021/22	2022/23	2023/24	2024/25	2025/26
Operating *	3.4052	3.3883	3.1307	3.1226	3.1217
Building	0.0400	0.0800	0.0800	0.4400	0.6200
Debt Service	0.6800	0.6800	0.6800	0.3200	0.1400
Total Tax Rate	4.1252	4.1483	3.8907	3.8826	3.8817

Assessed valuation	4,499,638,385	4,639,005,137	5,388,208,735	5,418,871,115	5,693,276,971

^{*} Operating is comprised of the Incidental and Special Revenue (Teachers)

To the extent that the District's assessed values, excluding increases from personal property and new construction, exceed the lesser of the Consumer Price Index (CPI), (which is budgeted at 2.9% for 2025/26) or 5%, the District is required, based upon calculations made in accordance with the rules and regulations of the State Auditor's office and the Hancock amendment, to decrease its operating tax levy from the prior year's rate. In a year when the assessed valuation declines, the District is allowed to roll up the operating tax levy. Additionally, the State Tax Commission in a given year may reduce property tax valuations for various parcels. These reductions in valuations result in a loss of tax revenue to the taxing entity. The law allows a taxing entity to recoup this loss over a three year period, and the District is budgeting \$0.0019 cents in 2025/26 to recover the lost revenue. Another factor impacting the presentation of the District's tax rate is the successful passage of Proposition 3 which allows for the capital projects fund tax rate to increase by \$0.54 cents over a two-year period to address safety, technology and facility cycle maintenance needs while decreasing the debt service levy by the same \$0.54 cents resulting in a zero-tax rate increase. In 2024/25, the District transferred \$0.36 to the capital projects fund and in 2025/26 the District will transfer the remaining \$0.18 to the capital projects fund to complete the transition. Overall for 2025/26, the District is budgeting for the total tax levy to remain the same as 2024/25 due to the completion of the Prop 3 transfer which resets the tax rate ceiling, estimated to be \$3.8917.

Foundation Formula

The District's second largest revenue source is the State of Missouri's Foundation Formula for education. Missouri's Foundation Formula is comprised of two revenue sources: Basic Formula and the Classroom Trust Fund. The District is currently budgeting 2025/26 Formula and Classroom Trust revenue to increase \$5.9 million compared to the 2024/25 projections and is based on four factors included in the calculation. Formula Weighted Average Daily Attendance (WADA) for the regular school term is one factor in the state formula and the District is allowed to use the highest of the current or prior two school years. Since the District is experiencing declining enrollment we are using the 2023/24 WADA in our 2025/26 forecasting. The second factor in the State Formula is the District's Dollar Value Modifier (DVM), which is adjusted by DESE, and is remaining the same as 2024/25 at 1.088. The third factor in the State Formula is the appropriation factor and that will remain at 100%. The State Adequacy Target is the final factor in the state formula. The current state budget that was approved in May 2025 and sent for the governors approval reflects State appropriating enough funding to keep the State Formula fully funded at \$7,145 which reflects an increase from \$6,760 in 2024/25. The increase in the SAT is partially offset due to the decline in the District's WADA. School district's in Missouri are also incentivized through Senate Bill 727 to maintain a 169 day attendance calendar in the prior school year. If that requirement is met they will receive 1% of the prior year Foundation Formula revenue. The District met this requirement in 2024/25 and the additional 1% revenue of roughly \$0.3 million has been included in the 2025/26 forecast.

The Classroom Trust Fund accounts for gaming revenue distributed to school districts. The trend for Gaming Revenues in Missouri is estimated to increase in 2025/26 for an estimated payment per ADA of \$576.

VICC (Desegregation) Aid

Under a settlement which continues funding for an extensive city-to-suburb student transfer program that began 40 years ago in a federal desegregation case in St. Louis, Rockwood is estimated to have approximately 527 students from the city as part of our educational community. The transfer program is currently being phased out which will reduce the number of eligible students transferring to Rockwood. The District has budgeted to record this revenue in the Special Revenue (Teachers) Fund. Rockwood receives reimbursement for the cost of educating these voluntary transfer students (VTS) who elect to commute from their homes to attend the District. The rate of reimbursement has been set at \$7,800 per student enrolled at Rockwood in 2025/26.

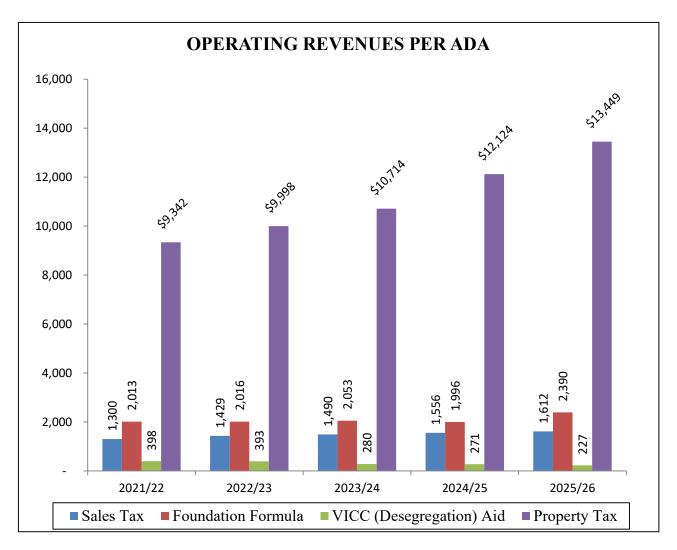

Sales Taxes

Rockwood receives sales tax revenue from the State of Missouri but this revenue is considered locally generated. A 1% sales tax is collected from all retail sales across Missouri, aggregated by the State, and then distributed back to each school district based on the prior year WADA for the District multiplied by a per WADA amount that is calculated by DESE based on collections. Overall collections from sales tax revenue in Missouri has been strong resulting in a 2024/25 per WADA payout of \$1,514 (at the time of budget completion and represents a preliminary 2.64% increase compared to 2023/24 school year). Short-term projections from DESE indicate that the per WADA amount will decrease to \$1,495 (2%) but we have budgeted our 2025/26 per WADA to increase 3.5% to \$1,567 based on prior year trends. The per WADA of \$1,567 results in an estimated \$0.4 million increase in Prop C funding by the State for a total of \$26.7 million in 2025/26 and is budgeted to be recorded in the Special Revenue (Teachers) Fund. The District will monitor sales tax collections in 2025/26 and adjust the revenue projections as necessary.

EXPENDITURES

EXPENDITURE EXPLANATION

The following pages report expenditures by fund, by function (how the budget supports the activities of the District) and by object (how we actually spend the budgeted dollars). Rockwood reports expenditure budgets by Total (all funds) and Operating Funds (Incidental, Special and Building Funds). Four funds are legally required by Missouri laws governing school districts. These are 1. General (including Incidental, Child Nutrition, Student Activities and Community Education Funds), 2. Special Revenue (Teachers'), 3. Debt Service and 4. Capital (Building) funds.

The General Fund expenditures are virtually a "catch all" for anything not supported by another fund. The Special Revenue (Teachers') Fund can only be used for expenditures related to certificated salaries and benefits for those staff members. The Debt Service Fund may only be used for payment of debt obligations resulting from general obligation bond issues, including principal, interest and paying agency fees. The Capital (Building) Funds are used for expenditures related to acquisition or construction and major maintenance of all capital assets for the District.

The functions used in the District's reporting system capture expenditures by the program they support. The major classification of function include Instruction, Building (school) Support, Transportation, Administration, Maintenance of Facilities, Instructional Support, Professional Development, Debt Service plus Bond Issue related costs and those programs which are self-supporting. Instructional functions (programs) are further broken down to report Elementary, Middle and High school expenditures as well as Gifted, Special, and Early Childhood education areas. These detail areas will be reported in the Summary By Program section of this document.

Expenditures by Object clarifies which classification of expenditures claim the District's budget dollars. These classifications are broken down into the major areas of Salaries and Benefits plus Supplies and Purchased Services for Food Services, Transportation, Student Activities, Capital and Debt Service expenditures. Each chart and graph provided in this document is from District's historical financial and forecasted records.

ROCKWOOD R-VI SCHOOL DISTRICT TOTAL EXPENDITURES BY FUND COMPARISON

	ESTIMATED	BUDGET	% of TOTAL	%
	2024/25	2025/26	EXPENDITURES	CHANGE
General	\$ 121,142,727.70	\$ 132,835,129	35%	10%
Special Revenue (Teachers)	175,485,224	180,981,800	48%	3%
Debt Service	16,481,365	19,423,840	5%	18%
Building	22,667,111	42,077,109	11%	86%
TOTAL FUNDS	\$ 335,776,428	\$ 375,317,878	100%	11.8%

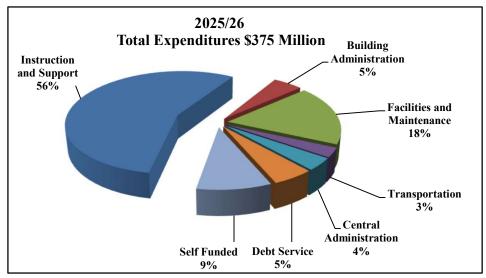

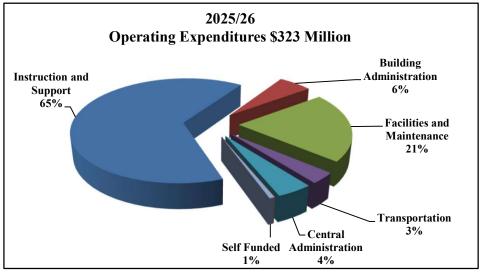

The total current projected expenditures for the 2024/25 budget is \$335.8 million and is budgeted to increase \$39.5 million to \$375.3 million in 2025/26. As previously mentioned, the District follows the legal requirements of the State of Missouri for fund accounting and a summary of expenditures by fund is reflected above. Our 2025/26 expenditure budget for the General fund is expected to increase \$11.7 million and the Special Revenue (Teachers) fund reflects an increase of \$5.5 million. Approximately 85% of these funds expenditure budgets are comprised of salary and benefits and for 2025/26 includes a 5.25% increase in salaries for the majority of our employees. The District's self-insured medical and pharmacy plan will incur a 10% increase in premiums for employee and dependent coverage as well as an additional \$3.0 million contribution to offset rising pharmacy costs the plan is incurring. The Child Nutrition fund, which is part of the General fund, is expected to increase \$2.8 million to address equipment refresh and kitchen updates. The expenditure budget for the Debt Service fund is directly related to the debt maturity schedule on outstanding general obligation bonds and will have a 2025/26 budget of \$19.4 million to meet those obligations. The increase in the Building fund expenditures of \$19.4 million in 2025/26 compared to 2024/25 is related to the completion of the Proposition 3 tax rate transfer of \$0.18 providing approximately \$10.9 million in additional resources to fund capital expenditures to address safety, technology and facility cycle maintenance needs. The remaining difference of \$8.6 million is the estimated cost of Prop 3 projects that began in the 2024/25 school year but will be completed in the 2025/26 school year.

ROCKWOOD R-VI SCHOOL DISTRICT EXPENDITURES BY FUNCTION 2025/26

Rockwood R-VI School District's expenditures are broken down by the overall areas that the budget dollars support. The report and graphs below illustrate that 65% of the operating budget is spent to support instruction expenditures. Out of the total budget, 56% of budgeted expenditures supports instruction. The difference is due to bond issue, debt service payments and the self-funded programs.

	TOTAL	OPERATING
Instruction and Support	\$ 209,290,880	\$ 209,290,880
Building Administration	18,249,738	18,249,738

Debt Service	19,423,840	-
Self Funded	34,713,482	2,115,708
	\$ 375,317,878	\$ 323,296,264

ROCKWOOD R-VI SCHOOL DISTRICT TOTAL EXPENDITURES BY OBJECT

Total expenditures by object show how the District actually spends the dollars budgeted in specific expenditure groups. Salaries and benefits account for 68% of total expenditure budget and 85% of total operating budget (incidental and special revenue teachers' fund). Purchased services are amounts paid for services rendered by personnel who are not on the District's payroll and for other services that the District will purchase (i.e. repairs, professional services, etc.). Supplies are for those general items needed to support the operation of the District while capital reflect expenditures for the acquisition of or additions to capital assets, including bond issue expenditures. Debt service relates to the principal and interest on outstanding debt.

DEBT SERVICE

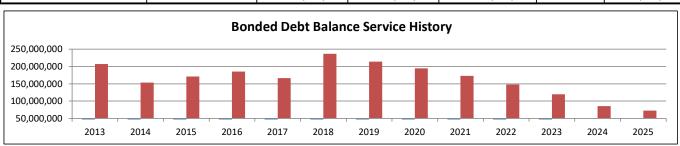

ROCKWOOD R-VI SCHOOL DISTRICT DEBT SERVICE

The Debt Service Fund balance is forecast to be \$8.9 million as of June 30, 2026, compared to \$19.8 million as of June 30, 2025. Current state law limits the bonded indebtedness to a maximum of 15% of assessed value or \$854 million (2025/26 estimated assessed value is \$5,693,276,971). At June 30, 2025, the District has an outstanding bonded debt level of \$72.3 million, well within the legal limits for school districts. The 2025/26 budget for the Debt Service fund includes \$17,250,000 in principal and \$2,580,215 in interest payments. in 2025/26 the District will transfer \$0.18 of the tax levy to the Building fund which completes the Proposition 3 transfer. The remaining Debt Service levy of \$0.14 is forecasted to be sufficient in satisfying the District's remaining general debt obligations.

FUND SUMMARY

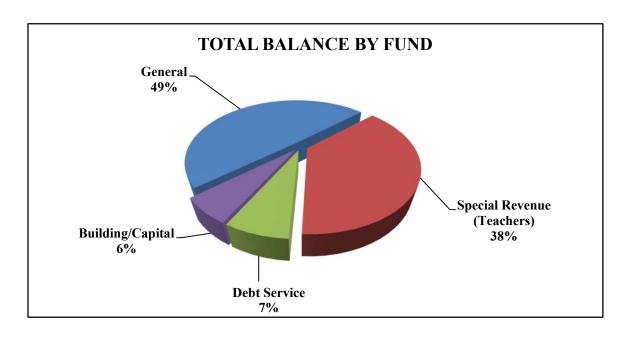

ROCKWOOD R-VI SCHOOL DISTRICT TOTAL ENDING FUND BALANCE COMPARISON

	E	STIMATED	BUDGET	% TOTAL	%
		2024/25	2025/26	BUDGET	CHANGE
General	\$	62,296,144	\$ 63,694,396	49%	2%
Special Revenue (Teachers)		48,333,460	48,260,631	38%	0%
Debt Service		19,790,083	8,924,338	7%	-55%
Building/Capital		15,030,796	7,832,267	6%	-48%
Total Funds	\$	145,450,483	\$ 128,711,632	100%	-12%

The fund structure includes the State required four major funds: General (including Incidental, Child Nutrition, Student Activities and Community Education Funds), Special Revenue (Teachers'), Debt Service, Capital (Building, Prop 3 and Bond Issue Funds). Total fund balances are budgeted to decrease \$16.8 million in 2025/26 to a total of \$128.7 million. The largest decreases of fund balance is in the Debt Service fund (-\$10.9 million) and Building/Capital fund (-\$7.2 million). For the Debt Service fund, the decrease was planned through the structure of our general obligation maturity schedule and completion of the Proposition 3 tax levy transfer. For the Building fund, the decrease is related to the timing of the spending of Proposition 3 funds on projects that begin in 2024/25 but are completed in 2025/26. Overall, at the beginning of the budget year, the District budgets for 100% of Proposition 3 funds to be spent within a budget year and adjustments are made once project timelines are complete. For 2024/25, approximately \$8.9 million of summer 2025 projects will carryover into 2025/26 resulting in a net zero change over the two year period.

The District receives nearly 70% of its operating revenue from local tax sources based on assessed valuation of property and our approved tax levy. These ad valorem portion of these taxes are payable at December 31 each year. Consequently, the District receives the majority of their revenue dollars in December or January and must either support the cash flow requirements with fund balances or by borrowing. This is the basis of Board Policy 3117 requiring a minimum fund balance level equal to 18% plus a 4% fiscal stabilization threshold for a total fund balance level of 22% of budgeted operating expenditures. Following these guidelines allows the Disrict to have sufficeint cash to meet our obligations during the low periods of revenue collections which avoids the need for TAN's (Tax Anticipation Note's) borrowing. The estimated Operating fund (Incidental and Special Revenue Teachers') balance for 2025/26 of \$97.4 million meets the requirements of Board Policy 3117.

ORGANIZATION ENROLLMENT PERFORMANCE

ROCKWOOD SCHOOL DISTRICT

ROCKWOOD R-VI SCHOOL DISTRICT ANNUAL REPORT TO THE COMMUNITY 2024-2025

Welcome to Rockwood!

Our students, staff members and families have been excited to head back into our hallways for the first half of the 2024-2025 school year in the Rockwood School District! Rockwood is a special place for our students to learn and grow, and we are committed to maintaining a safe, focused and fun environment for everyone in our community.

Our nearly 3,400 teachers and staff members go above and beyond to ensure a quality learning experience each day for over 19,000 learners. We prioritize the physical safety and mental and social-emotional health of our students through a multi-tiered system of support. We keep our focus on our students' education through cultivating positive, respectful relationships that build a solid foundation for learning. And we always make sure to keep things fun and celebrate the many and varied successes of our students, staff and community members!

These collective efforts uphold a reputation founded on high student achievement, outstanding teachers and staff and great community support.

"Rockwood is not only the gem of St. Louis County; I believe it's the gem of the state of Missouri. It is a district that is known for student achievement, innovation and ensuring that the needs of all students are being addressed. We have been one of the most well-regarded school districts in this country, and we will continue to be just that by working together to ensure all students realize their full potential."

- Dr. Curtis Cain, Rockwood Superintendent of Schools

Mission

We do whatever it takes to ensure all students realize their potential.

Vision

Every student loves life and finds success

Core Values

Our core values affirm what we stand for and how we treat each other. These values define who we are as a school district—individually and collectively.

Student Achievement

The Rockwood School District continues to be a state and national leader in education. Rockwood students routinely perform at high levels in the content areas of Reading, Language Arts, Mathematics, Science and Social Studies on state assessment tests.

Awards

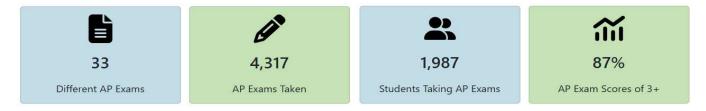

Advanced Placement (AP)

AP provides students the opportunity to take college-level courses while in high school. Students who participate gain college-level skills and may earn college credit while they are still in high school.

More than 60 percent of the graduating class earned a B or better through coursework from the Advanced Placement or Advanced Credit Program.

Missouri Assessment Program (MAP) - % of students proficient

The Missouri Assessment Program (MAP) offers statewide grade-level assessments for students in the academic areas of English Language Arts, Mathematics, Science and Social Studies. MAP results should be used in tandem with other data points—such as learning environment and other contextual factors—to understand student performance in relation to academic goals.

MAP		Language Arts	Math	Science	Social Studies
1	Rockwood	59.8%	59.3%	57.5%	56.8%
	Missouri	43.2%	41.2%	38.4%	39.7%

ACT

Nearly 89 percent of 2024 Rockwood graduates participated in at least one administration of the ACT.

The ACT defines College Readiness Benchmarks as minimum scores needed to indicate a 50 percent chance of obtaining a B or higher or a 75 percent chance of obtaining a C or higher in the corresponding credit-bearing

The numbers below reflect students' best ACT attempts.

ACT		Composite Average	Students Meeting All Four Benchmarks
1	Rockwood	23.5	40%
	Missouri	20.1	20%

Graduation Rate

The Rockwood graduation rate continues to be significantly above the state average. We want all students to graduate and be prepared for college, career and citizenship.

<u> </u>		Graduation Rate
1	Rockwood	96.1%
T	Missouri	90.8%

Highly Qualified Staff

- Babler Elementary Principal Dr. Michelle Fitzsimmons was named the St. Louis Suburban Elementary Principals Association (SLSEPA) 2024-2025 Outstanding Assistant Principal.
- Rockwood South Middle language arts teacher Kristen Engle was named the 2024 Association for Middle Level Education (AMLE) Educator of the Year.
- Two Rockwood educators received a 2024 Emerson Excellence in Teaching Award, and Rockwood Teacher of the Year, Molly Clince, was one of 10 educators for the Missouri Regional Teacher of the Year for the St. Louis region.
- Marquette High nurse Tracy Crawford was named a recipient of the 2024 St. Louis Suburban School Nurses' Association's (SLSSNA) Outstanding Service by a School Nurse Award.
- Twenty-six Rockwood nurses have received National Board Certification of School Nurses (NBCSN).
- Rockwood provides ongoing professional development for all of its employees. We have a comprehensive program for the development of teachers and staff at all levels.

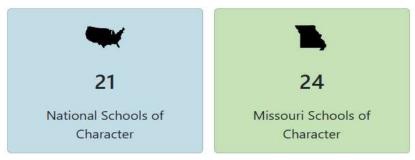

Safe and Caring Schools

The health and safety of our students, staff members and our entire community will always be a top priority in Rockwood. To help ensure the safety and security of our school communities, we recognize the importance of continually collaborating with emergency management officials to ensure best practices are implemented for school safety; reviewing and evaluating the district's comprehensive safety plan; and providing professional learning on safety for staff at all levels. This includes districtwide options-based response training so that staff members are prepared to lockdown, barricade and evacuate students to a safe location outside the school building during an intruder alert.

With the passage of Proposition 3 in the fall of 2023, the Rockwood School District is developing a systematic plan to address continuing safety upgrade priorities around the district. This includes all exterior doors being connected to a door monitoring system with keypad entries and exterior security camera upgrades by the Technology Department to follow after the door access controls projects are completed. Every exterior door that will be updated with the monitoring system will receive upgraded surveillance systems as well.

We care about our students. We recognize that relationships matter. Our core values drive our work as we connect with students so they can learn, grow and reach their highest potential. Rockwood Student Services provides social-emotional support for all students. Our caring, trained school counselors, social workers and behavior

Responsible Finance

For the 15th straight year, Rockwood School District has earned a top ranking as a AAA-rated district from Standard & Poor's. The AAA rating reflects organizations with exemplary financial strength and discipline in meeting all obligations.

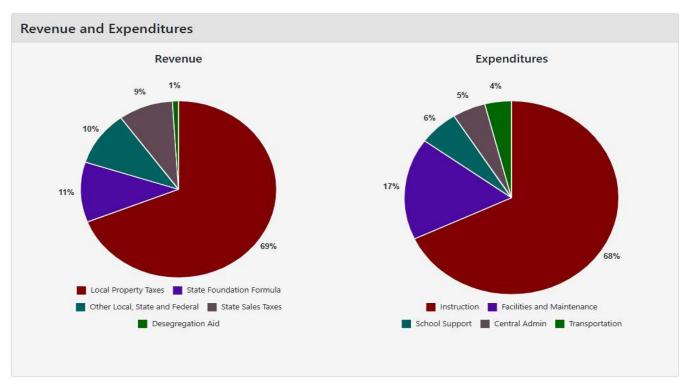

According to Standard & Poor's, a AAA-rated organization has an extremely strong capacity to meet its financial commitments. A AAA credit rating is the highest one issued by Standard & Poor's, and Rockwood is one of only four districts in the state to earn such a high bond rating. Rockwood has also earned the Meritorious Budget Award (MBA) for excellence in budget presentation by the Association of School Business Officials (ASBO) International for 25 consecutive years and the ASBO and Government Finance Officers Association (GFOA) Certificate of Excellence (COE) in financial reporting for 19 straight years. Rockwood is the only school district in the state to currently hold a AAA rating as well as ASBO's MBA and COE and GFOA's COE.

\$295,644,956
Operating Budget

Exceptional Community

Partners in Education

A good education requires a partner. In Rockwood, we have PIE (Partners in Education).

PIE facilitators collaborate with volunteers willing to share their expertise or special talents with our students. This community cooperation enhances curriculum

Parkway-Rockwood Community Education

Parkway-Rockwood Community Education offers a broad range of programs and services for youth and adults in several areas, including aquatics, adult education and literacy, enrichment, outdoor education, school-age care, sports and visual and performing arts.

Rockwood Early Childhood Education

The Rockwood Early Childhood Education program has a longstanding reputation for excellence in educating children from birth to kindergarten with resources such as Parents As Teachers, screenings, preschool, diagnostics and special education.

All teachers are certified by the state in Early Childhood Education and/or Early Childhood Special Education. The preschool program features a curriculum aligned with Rockwood's high standards.

Rockwood Gives Back

Rockwood Gives Back is a group of volunteers who support Rockwood students and families in need. Rockwood Gives Back cultivates a spirit of generosity and donations, connects families with services to strengthen our school district and develops a districtwide culture of support for our children.

Rockwood Gives Back works closely with district and school staff members to nurture a close, caring school community.

ROCKWOOD R-VI SCHOOL DISTRICT BOARD OF EDUCATION 2025/26

Lynne Midyett, President Term Expires 2026

Lynne Midyett was appointed to the Rockwood Board of Education in June 2016. She has a history of service in public education, including her work as the former assistant superintendent of partner districts with Special School District. She began her career as a special education teacher serving Rockwood students. Ms. Midyett earned her Master of Arts in Special Education and her certification in Educational Administration. Her family has lived in Rockwood for over 25 years, and her children graduated from Marquette High School. She currently has three grandchildren attending Rockwood schools.

Tamara Jo Rhomberg, Vice President Term Expires 2027

Ms. Rhomberg is a 40-plus year resident of the Rockwood School District with two children and two grandchildren who have graduated from Rockwood Schools. As a mother, a grandmother, and a great grandmother, education remains front and center as her focus.

With 50 years in education—a bachelor's degree in Elementary Education from Southeast Missouri State University, and a masters in Educational Process from Maryville University—Ms. Rhomberg's educational experience covers a wide range of roles and positions - 6 years in second grade in the Lindbergh School District, 10 years as a reading specialist at Kellison Elementary, 13 years as language arts/ intervention coordinator , OASIS coordinator and Title I coordinator in the Rockwood School District. After retiring from education, Ms. Rhomberg joined Zaner-Bloser Publishing as a National Literacy Consultant and for 6 years traveled the United States delivering professional development to educators of all levels. Ms. Rhomberg continues to support educators as an adjunct professor at Webster University where she teaches undergraduate/ graduate reading courses.

Ms. Rhomberg is an active member of various professional organizations including the International Literacy Association and currently serves on the St. Louis Suburban Reading Council as a director and is the Missouri Literacy Association president. During the 2017-2018 school year she served as an appointed director on the Rockwood School District Board of Education. Her long term educational opportunities and her district historical perspectives provide her with the knowledge, training, and experience to make complex decisions affecting Rockwood students, staff, parents, and patrons.

Karen (Kary) Bachert, Director Term Expires 2026

Kary was elected to the Rockwood Board of Education in 2023. She is a lifelong resident of the Rockwood School District, attending Westridge, Selvidge, and Lafayette. A Mizzou graduate with an elementary education degree and masters degree in educational administration from UMSL, Kary taught in Rockwood from 1995-2006 at Crestview, Wild Horse and Kehrs Mill. She received teacher of the year honors twice. Kary currently works for the American Heart Association. Kary and her husband of 21 years, Jason (Lafayette '91) have two boys: Brady (Eureka '21) and Bennett (EHS Sophomore). Bachert has volunteered in the district for more than 15 years, and she currently works for the American Heart Association.

Sarah Boyer, Director Term Expires 2028

Sarah was elected to the Rockwood Board of Education in 2025. She has been a teacher for 15 years, including eight years serving Rockwood students through the Special School District. Currently, she is an instruction coach, supporting special education teachers in implementing effective instructional strategies in the Parkway School District. She is a Girl Scout co-leader and serves as secretary of the Westridge PTO. Boyer has been a resident of Rockwood for more than 10 years, is married to a Rockwood graduate and has two daughters who attend Rockwood schools.

Robert (Bob) Cadigan, Director Term Expires 2026

Bob was elected to the Board in 2023. He has nearly 30 years of corporate leadership experience in positions ranging from manager to vice president. He graduated with a bachelor of science from the United States Military Academy at West Point. He left the Army as a captain after 11 years of service and earned a Master of Business Administration from the University of Kansas. He has lived in the St. Louis area for 25 years, with the last six years in Rockwood. He has two children who have graduated from college and is married to a Rockwood educator who has two children currently enrolled in Rockwood schools.

Phil Milligan, Director Term Expires 2027

Phil Milligan was sworn into the Rockwood Board of Education in 2024. He holds a BME from Southeast Missouri State University, an MS in Music Education from the University of Illinois at Urbana-Champaign, an MA in Educational Administration from Lindenwood University, and an EdS from the University of Missouri St. Louis.

Phil taught band for 17 years, most recently at Lafayette High School. He spent 12 years as a middle school administrator in the Francis Howell and Mehlville school districts. He also teaches and supervises student teachers for Lindenwood and Missouri State.

Phil and his wife Teresa, have lived in the Rockwood School District since 1989. Teresa was a music teacher in Rockwood for 23 years. They have two daughters who graduated from Eureka High School and are now an administrator and teacher, respectively, for Special School District serving Rockwood.

Dr. Mara Vorachek-Warren, Director Term Expires 2025

Dr. Mara Vorachek-Warren was sworn into the Rockwood Board of Education in 2024 after being appointed by the Board to fill a vacant seat. She holds a Ph.D. in Biochemistry from Duke University Medical Center, and a Bachelor of Science in Biochemistry from the University of Texas at Austin.

Dr. Vorachek-Warren has been an educator for more than 20 years and currently serves as dean of mathematics and sciences at St. Charles Community College, where she has served as dean or interim dean since 2017. She is also an adjunct faculty member in the chemistry department at St. Charles Community College and served as an associate professor, then professor, at the institution from 2011 to 2017. Her two children attend middle school in Rockwood.

ROCKWOOD R-VI SCHOOL DISTRICT 2025/26 SALARY AND PERSONNEL CHANGES

Overview of Staff Compensation

The primary goal of a school district is to provide a quality education for every student who walks through its doors. Rockwood believes its outstanding schools are the result of our educators, administrators and support staff who serve our students on a daily basis. Highly Qualified Staff is one of the goal areas in the District's five-year strategic plan. We employ close to 2,700 employees in our operating fund, in which 85% of our budget is allocated towards their compensation.

The District compensation package is designed to support this goal and is made up of man opportunities to value our employees, including but not limited to:

- Competitive salaries and extra duty compensation
- Covering 100% of employee health insurance premiums and 50% of dependent premiums
- National board stipends for specific employee groups
- Paid professional development opportunities for summer workshops
- Tuition reimbursement for continuing education
- Employee assistance and wellness programs

In preparation for the budget process, the District collects and analyzes salary data from the other 21 area school districts in St. Louis County. The District works closely with six bargaining units during different negotiating cycles, using interest-based bargaining concepts to address the interests of each specific bargaining unit and Board of Education. Interest-based bargaining involves a team representing the bargaining unit as well as members of administration representing the Board of Education. Each interest identified through the process is unique to the bargaining unit and may have financial or non-financial outcomes. All financially related outcomes must be balanced and sustainable in both the short-term and the long-term to be fiscally responsible to our patrons using the resources available to us.

Our largest bargaining unit is comprised of our educators represented by the Rockwood National Educational Association (RNEA). In March 2025 the Board of Education approved a three-year negotiated agreement with the RNEA beginning July 1, 2025 through June 30, 2028. This agreement includes a two-year salary schedule with future negotiation planned for the third year. The three-year agreement includes agreements regarding professional development and positive school environments as well as clarity on student conferences. The District has committed to providing average salary increases of 5.25% and 4.75% on the respective 2025/26 and 2026/27 salary schedules. The 2025/26 salary schedule focuses on increasing the starting salary for teaching staff by increasing step 1 of the bachelor's channel from \$44,240 to \$47,014. The highest step in the 2025/26 salary schedule is in the Doctorate channel with a salary of \$105,965. Parties representing the RNEA and the District will meet during the 2026/27 school year to finalize the third and final salary schedule of this three-year agreement.

The District also has entered into agreements covering compensation and work environment for the members of the following employee groups:

Bargaining Unit	Contract Begin	Contract End
Rockwood Custodial Education		
Association (RCEA)	7/1/2024	6/30/2026
Rockwood Association of Nurses		
(RAN)	7/1/2023	6/30/2026
Childhood Professionals (RAECP)	7/1/2024	6/30/2026
Rockwood Association of Social		
Workers (RASW)	7/1/2024	6/30/2026
Local 610 *	7/1/2022	6/30/2025

^{*} currently in process of negotiations at time of budget book has been published

For those employee groups that are not covered by a bargaining unit, the District budgets salary increases based on the average salary increase provided to the RNEA's salary schedule.

From an employee benefit perspective, providing a competitive health insurance coverage continues to be a significant personnel cost. Our medical and dental insurance plan is considered self-insured, which means employee and district premium contributions are intended to cover the cost of all claims and administrative costs of running the plan. The District works closely with a third- party administrator to monitor our plan performance and provide actuarial calculations to support the premium structure. District administration works closely with an insurance advisory committee that includes representatives from employee groups across the District. The committee meets 4-5 times throughout the school year to receive updates on plan performance including current and future trends, review plan and program offerings, and compare our plan benchmarks to those of other local school districts.

Providing an attractive insurance plan is important to the District to attract and retain employees. Like most school districts, we are facing financial challenges to our self-insured plan, specifically to pharmacy as the cost of prescriptions has increased dramatically over recent years as the chart below shows. Our medical expenses have been below industry average for the past three plans years, although our plan did experience a 14% increase in 2021/22, which was attributed to procedures delayed during the COVID-19 pandemic.

Plan Year	Medical	Pharmacy
2020/21	-4%	-1%
2021/22	14%	25%
2022/23	0%	23%
2023/24	2%	27%
2024/25 *	2%	-3%

^{*} trend for plan year ending 10/31/25

The Board of Education is committed to our employees by not only covering 100% of the insurance premium costs for employees and 50% of the insurance premium charged for dependents but also making additional contributions over the past three plan years to help stabilize the self-insurance fund. These contributions to the self-insured plan have helped limit the premium increases to employees while the District reviewed and evaluated the rising costs of pharmacy.

Through the work of the insurance advisory committee, the District faced the realization that the trend in pharmacy costs will likely continue into the foreseeable future. Review of our premium structure reflects a 37% gap between our current premiums and the projected premiums to fully fund our plan. As a result, plan design changes were recommended related to specific deductible and out-of-pocket coverages which can be made while keeping the plan design competitive with our benchmarks. A 10% premium increase is recommended for the plan year beginning November 1, 2025. As shown below, the 10% increase represents the largest insurance premium increase to employees in recent plan history. However, this premium level will still require the District to increase its additional contribution above premiums by \$3 million over the prior year. The recommendation of the final premium increase and plan design changes is expected to be presented to the Board of Education in June 2025.

Plan Year	Pre mium Incre as e	Additional Contribution
Tian Tear	Herease	Contribution
2020/21	2.40%	-
2021/22	2.55%	-
2022/23	4.70%	1,800,000
2023/24	2.80%	4,500,000
2024/25	3.00%	4,600,000
2025/26	10.00%	7,600,000

The health insurance plan will continue to be monitored by District administration and the insurance advisory committee with the goal of reaching a point of adequate premiums within the term of the current strategic plan.

All provisions of the Affordable Care Act (ACA) were effective with the plan beginning November 1, 2016. The District meets all compliance requirements of the ACA.

The District monitors our classroom staffing of certificated teachers along with projected enrollment. Beginning at the elementary level, the District has set a goal of having classroom sizes close to the following:

Grade	# students per section
K	20
1	21
2	22
3	23
4	24
5	25

We use our projected enrollment that is completed in October of each school year to determine the projected number of class sections needed at the elementary level. Enrollment is then monitored through the beginning of the subsequent school year and sections are rebalanced and staffing is adjusted as necessary. Educators may be reassigned to other grade levels within a building as larger or smaller cohorts matriculate. With the District's declining enrollment, educators may need to be reassigned to other buildings in order to maintain efficient class sizes and decrease staff sizes commensurately while utilizing attrition to achieve this. On the other hand, if additional class sections are needed to maintain class sizes at the desirable level, the District will make the necessary adjustment by either hiring an additional teacher or other support staff to assist in the classroom. For the 2025/26 school year the District is forecasting 57 fewer elementary students. Based on our class size goals, this will result in a reduction of 8 sections (8 FTE's) leaving a total of 404 budgeted elementary sections.

The middle schools are staffed using a team-based model in which students are grouped into teams and core subjects are staffed to each team. Therefore, we will not see any changes in middle school staffing unless a specific building experiences a significant shift in enrollment. We are forecasting middle school enrollment to decrease by 92 students which will not reduce the number of teams or impact our middle school staffing. However, based on review of projected enrollment at LaSalle Middle School, one FTE is being added to balance specific courses at this school.

The District staffs high school using a point system which equates to one point per FTE. With high school enrollment forecasted to decrease by 51 students, our budget includes a reduction of 5 FTE's. All reductions in FTE's are addressed through attrition and retirements.

School Level	FTE's	Costs
<u> </u>	TILS	Costs
Elementary	(8)	(504,000)
Middle	1	80,000
High	(5)	(400,000)
	(12)	(824,000)

The below chart summarizes key ratios for the District compared to the State of Missouri:

	2023	3/24	2022	2/23	2021/22			
	Rockwood	Missouri	Rockwood	Missouri	Rockwood	Missouri		
udent/Classroom Teacher Ratio	15:1	16:1	16:1	16:1	17:1	16:1		
er Pupil Expenditure	\$ 11,626	\$ 13,154	\$ 12,142	\$ 14,003	\$ 11,627	\$ 13,154		

Stu Per

Source: Missouri Comprehensive Data Systems through DESE, most recent data available as of May 2024

A major factor impacting the per pupil expenditure in the Rockwood School District is the economy of scale realized by the District due to its large enrollment. Rockwood is the third largest district in the state. The Missouri average per pupil expenditure includes many smaller districts with a higher ratio of administrative and other fixed costs.

As part of the annual budget process, District leadership carefully analyzes our entire staffing model and areas of need with an emphasis on providing resources to our students and current staff. Staffing and other personnel costs account for 85% of the incidental and special revenues' teachers fund (up to 88% when fully staffed) and is a key component of the budget. On a monthly basis the District forecasts salary and benefit expenses to ensure the budget is being satisfied. Any requests for additional staffing are carefully reviewed by the Superintendent's Cabinet during the budget process and if approved recommended to the Board of Education. For the 2025/26 school year, the following staffing additions are included in the budget:

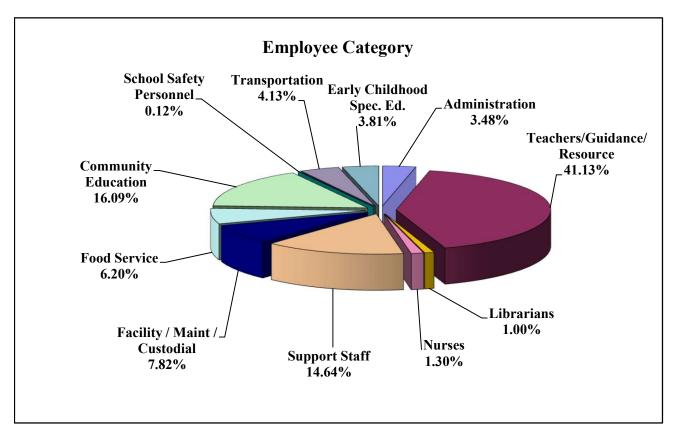

- Addition of a Speech Language Pathologist and Physical Therapists in our Early Childhood program
- Increase work calendar for supervisors in the Parents As Teachers program
- Addition of a certificated educator at LaSalle Springs Middle School (+1.0 FTE)
- Increase to salary ranges and support staff promotion programs

The ability to offer salary increases that will improve our compensation against area benchmarks as well as provide a competitive insurance benefit plan must be balanced with the long-term financial stability of the District. Other challenges faced by the District include staffing shortages in areas such as bus drivers, custodians and child nutrition associates where the applicant pool is low. The District has budgeted approximately \$176,000 to recruit staff through outreach programs using social media, TV and radio campaigns as well as targeted marketing to fill these positions. The District's new strategic plan contains Focus Areas within the Goal Areas of Highly Qualified Staff and Fiscal Responsibility that address the above challenges.

ASBO Awards School District for Excellence in Budget Presentation

Reston, VA – October 7, 2024 – The Association of School Business Officials International (ASBO) proudly recognizes Rockwood R-VI School District's for excellence in budget presentation with the Meritorious Budget Award (MBA) for fiscal year 2024–2025.

ASBO International's MBA and introductory Pathway to the MBA programs promote and recognize excellence in school budget presentation. Program participation enhances school business officials' skills in developing, analyzing, and presenting a school system budget. Participants submit their budget documents to a panel of school financial professionals who review the materials for compliance with the MBA Criteria Checklist and other requirements and provide expert feedback that districts can use to improve their budget documents.

Districts that meet the stringent program requirements may earn either the MBA or Pathway to the MBA (Pathway). Pathway is an introductory program that allows districts to ease into full MBA compliance.

"Presenting a budget that is both accessible and accurate is crucial for school districts to clearly communicate and build trust with their communities," explains Jim Rowan, CAE, SFO, ASBO International Executive Director. "The Meritorious Budget Award program provides districts with the resources and tools to do just that, and the districts that receive the award are recognized for their commitment to upholding nationally recognized budget presentation standards."

Learn more about the program at asbointl.org/MBA.

Rockwood School District Strategic Plan: 2025–2030

COMPREHENSIVE SCHOOL IMPROVEMENT PLAN

ACKNOWLEDGMENTS

At the heart of any strategic plan is the community it serves. Rockwood is grateful for the dedicated members of the Strategic Plan Steering Committee, who dedicated their time, talent and many hours to help develop this plan. Thank you also to the parents, staff and community members who took the time to share their thoughts and ideas over the course of a year, which guided the direction of this strategic plan and ultimately our promise to each other. Most of all, thank you to our students who provided insight and a fresh perspective on the ways we can improve our school district. We continue to learn from you, and you are the reason behind everything we do.

INTRODUCTION

In an era defined by both unprecedented opportunities and complex challenges, our highly regarded school district remains steadfast in its commitment to academic excellence. The classroom is the reason we have a school district. Our north star is our students, guiding everything we do. They are our future, and they are at the heart of this strategic plan. We recognize that staff, families, residents, business owners, faith leaders, first responders – everyone – plays a role in our success. That was at the heart of developing the Rockwood Promise as a foundation for our five-year plan.

The Rockwood Promise is more than just an idea; it's the embodiment of who we are and how we operate. By articulating our community's pledge to every student, it provides the framework for bringing our new strategic plan to life. This Promise acts as a shared foundation or starting point that addresses every child, empowering us to collectively achieve our district and community aspirations. It also speaks to who we want to be as adults and as a community; modeling the tenets of the Promise as an example for our students in how we treat them and each other.

We recognize that maintaining the Rockwood standard of excellence requires a proactive and forward-thinking approach. Forward Together outlines our vision for the future, embracing innovation and addressing the evolving needs of our learners to ensure they are not only academically prepared but also equipped with the critical skills and mindsets necessary to excel in a rapidly changing world.

Forward Together will take us well into the next five years. While this is a long-term process, we are keenly aware that we don't have all the answers today for how to design every support for every child. We are committed to aligning everything we do to this plan but also having the flexibility to adjust as we learn, monitor and grow.

The future strength of our community and region is inextricably linked to the education our students receive today. Recognizing the universal impact of public education, we deeply appreciate serving and partnering with a community that actively prioritizes learning, isn't afraid to ask challenging questions and consistently supports our pursuit of continuous improvement.

Join us on this journey as we work together to make Rockwood schools even better. This is Rockwood – inspiring each student, shaping every future.

In Rockwood, we have a shared belief that education is not just about students or educators. Learning is inherent and human. It is about relationships and the experiences that bring us together every day.

At the beginning of this journey, we established a theme for the year and this process – Partner, Plan and Promise. We PARTNER to listen, We PLAN together, and We PROMISE to bring our collective vision to life. This set the stage for a systematic review that would involve our entire Rockwood community. We looked at the planning process as a roadmap of how Rockwood will continue to improve in the years ahead.

From the beginning of the process, we knew it was imperative that there be representation from every patron group across all four quadrants of the district. We wanted both the Plan and the Promise to represent the values, aspirations, goals and priorities of our community. Along the way, we asked questions, listened, evaluated and took a closer look together at what we can do better. The yearlong process included:

THE PLANNING PROCESS

1. Strategic Plan Kick-Off Meeting

Nearly 30 Rockwood patrons gathered May 21, 2024 at the Center for Creative Learning for a Strategic Plan Kick-Off meeting to initiate discussions and help set the stage for Rockwood's next five-year strategic plan. During the meeting, Superintendent Dr. Curtis Cain provided a district update, and attendees had the opportunity to share their vision for the future of Rockwood and what our collective community promise should be to our children. Discussions at the meeting included reflecting on the district's successes and challenges as well as who we want to be as a district for our students, staff and community.

2. ThoughtExchange

Throughout the year, Rockwood patrons were encouraged to answer the question "What do we want to promise our children?" through a ThoughtExchange. There were 166 different thoughts shared that had more than 3,900 ratings. This feedback was used to inform both the language of the Forward Together Goal Areas and the Promise. Here is the summary of what was expressed through the ThoughtExchange:

We promise our children a high-quality education, ensuring them a safe, inclusive and nurturing environment. They deserve individualized support, respected individuality and a focus on both academic excellence and critical thinking. Our commitment includes preparing them for real-world challenges, fostering a love of learning and equipping them with social, emotional and life skills. Every child will feel valued, respected and secure, with a strong sense of community and belonging. Their well-being, growth and success are paramount.

3. Strategic Plan Steering Committee

The Strategic Plan Steering Committee application was open from May 21, 2024 through June 17, 2024. In an effort to generate creative solutions that include a good cross-section

of individuals and perspectives, committee members were both selected from the applications and invited by the superintendent to participate based on role, background and location within the district. The committee included students, staff, parents and community members who represented all grade levels and all four quadrants of the district. They met seven times over the course of the year, examining feedback from the ThoughtExchange, Community Engagement Meetings, small-group input and the Community Survey.

4. Community Engagement Meetings

There were four community engagement meetings held throughout the year that were open to all patrons of the Rockwood community. Each meeting focused on one of the four goal areas. Nurturing Learning was held on Oct. 8, 2024 at Rockwood Summit High; Fiscal Responsibility was held on Nov. 12, 2024 at Eureka High; Highly Qualified Staff was held Jan. 14, 2025 at Lafayette High; and Safe and Caring Schools was held Feb. 11, 2025 at Marquette High. Nearly 250 patrons attended and participated in the four meetings. Feedback from those meetings was shared with the Strategic Plan Steering Committee to help drive the direction and content of the new strategic plan.

5. Small-Group Input

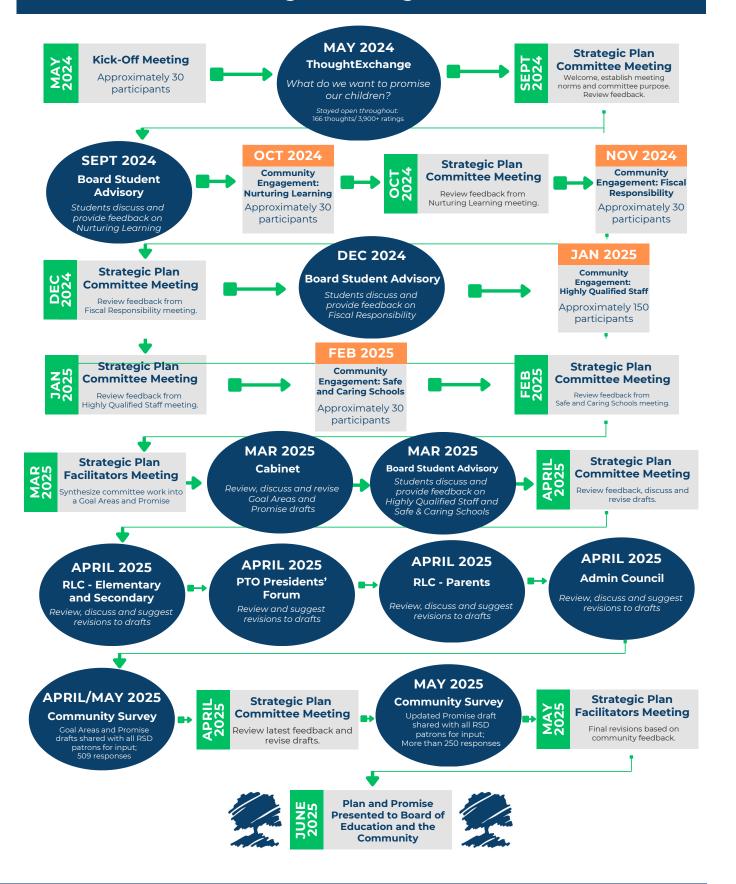

Once the community engagement meetings were complete, focus areas were developed and the Rockwood Promise started to take shape, feedback was obtained from a number of groups and shared with the committee to help revise and finetune both the Plan and the Promise. Those groups included:

- Cabinet
- Board of Education Student Advisory Group
- Presidents' Forum
- Religious Leaders
- Rockwood Learning Council (Elementary & Secondary)
- Rockwood Learning Council (Parents)
- Administrative Council

6. Community Survey

We shared a community survey across all communication channels, including a mailer sent to all district residents, inviting them to weigh in on the draft Plan and Promise. During the committee's final meeting, significant changes were made to the draft Promise, which was shared again with the community for feedback.

Mission: We do whatever it takes to ensure all students realize their potential.

Vision: Every student loves life and finds success.

Values: Every Student; Caring Schools; Collective Responsibility; Optimize Resources.

THE ROCKWOOD PROMISE

At the core of Forward Together is the fundamental belief that we are all unique and gifted with a wide variety of skills, interests and talents. We also believe that everyone plays a role in supporting our students: staff, families, peers and members of the greater Rockwood community. With that in mind, the Rockwood Promise took shape with an opportunity for all patrons to weigh in. Some groups weighed in multiple times as the Promise was revised based on that feedback. The Rockwood Promise represents who we want to be as a school district and a community. We acknowledge that a promise is a weighty responsibility that speaks to the integrity of those who make it, and we don't take that lightly. As a community, we aspire individually and collectively to live up to this promise to our children, empowering them to achieve great things and want to be an integral part of our thriving and welcoming community. It will be the responsibility of every member of the Rockwood community to ensure that the Rockwood Promise is reflected in our actions, decisions, priorities, conversations and celebrations - from the boardroom to the classroom, office, cafeteria, school bus, playing fields, hallways and neighborhoods throughout the Rockwood School District.

THE ROCKWOOD

WE CULTIVATE BELONGING:

We promise to embrace diversity, foster strong relationships and ensure inclusivity.

WE EMPOWER ALL:

We promise to empower each other to take ownership of our learning and our future.

WE HONOR DIGNITY:

We promise to foster an environment where everyone is respected, safe, seen and heard.

WE EMBRACE INNOVATION:

We promise to nurture curiosity, creativity and problem-solving to achieve at high levels.

rsdmo.org/promise

NURTURING LEARNING

Ensure all students can learn at high levels by providing an engaging, equitable and supportive learning environment that fosters critical thinking, experiential learning, student well-being and varied pathways for success beyond high school.

Focus Areas

1. Academic Depth and Complexity

- Strengthen Critical Thinking and Problem-Solving Skills Ensure a strong foundation in core skills while integrating diverse instructional approaches ensuring opportunities for students to think deeply, ask questions, analyze information and apply their learning in meaningful ways.
- Foster a Consistent Learning Experience Across Schools Align learning expectations, grading practices and access to specialized programs to ensure equitable experiences across the district.
- Ensure Growth Utilize a Multi-Tiered System of Support (MTSS) that includes systematic data analysis, the establishment of student goals and the implementation of evidence-based instructional practices at each tier.

2. Academic Mindset and Behaviors

- Connecting Life-Readiness Skills to Academic Achievement Provide all students access
 to digital citizenship, leadership and social-emotional development skills, which leads
 to academic success.
- Utilize a Multi-Tiered System of Support Leverage mental health resources, student support services and career exploration initiatives within an MTSS framework to promote student success and well-being.

3. Learning Access and Future Readiness

- Promote Equitable Access to Learning Resources Ensure all students have access to technology, career exploration, advanced coursework and extracurricular opportunities.
- Increase Career & Post-Secondary Readiness Strengthen the connection between K-12 learning and post-secondary success, preparing students for a wide range of future careers by leveraging community partnerships, expanding experiential learning and developing future-ready assets.

4. Digital Fluency and Purposeful Technology Integration

 Foster responsible and creative technology use – Integrate digital tools to support critical thinking, collaboration and student-driven creation while avoiding over-reliance on screens.

FISCAL RESPONSIBILITY

Maintain long-term financial sustainability by optimizing resource allocation, continuing transparency, diversifying and augmenting revenue sources and advocating for policies that support the district's financial health and educational priorities.

Focus Areas

1. Workforce and Enrollment Planning

- Address Staffing and Compensation Challenges Conduct competitive compensation analyses and explore strategic pay adjustments in support of recruitment and retention strategies for staff.
- Plan for Enrollment Fluctuations Maintain agility to deploy appropriate financial models to address revenue fluctuations and resource requirements while maintaining quality educational programs.

2. Revenue and Funding Strategies

- Diversify Revenue Streams Explore alternative funding sources, including grants, partnerships and state/federal funding opportunities.
- Strengthen Legislative Advocacy Efforts Engage in proactive advocacy for favorable education policies, funding protection and legislative decisions that impact school finance and operations.

3. Budget Optimization and Fiscal Sustainability

- Optimize Budget Alignment Continue to align financial decisions with district priorities to address ongoing needs such as staffing, student programs and facility improvements.
- Evaluate and Adapt Fiscal Policies Regularly Continuously review financial strategies, expenditure thresholds and approval processes to ensure responsible and strategic fiscal management.

4. Financial Transparency and Community Engagement

- Continue Transparency Regarding Financial Decision-Making Improve communication around financial priorities, budget allocations and Prop 3 funding through regular updates and accessible reports.
- Expand Community Engagement on Financial Matters Use a variety of communication channels to educate stakeholders on budget decisions, funding challenges and taxrelated impacts.

5. Technology Infrastructure and Resource Management

- Enhance Technology Reliability and Impact Implement a strategic approach to technology investment.
- Maximize Sustainability and Cost-Effectiveness Align procurement and budgeting with long-term district needs.
- Enhance Facility and Capital Improvement Planning Develop systems to efficiently address long-term capital planning for aging buildings, technology and infrastructure.

HIGHLY QUALIFIED STAFF

Attract, retain and support a diverse, highly qualified staff by providing competitive compensation, comprehensive benefits and professional growth opportunities while fostering a culture of well-being and excellence.

Focus Areas

1. Compensation, Benefits and Financial Well-Being

- Enhance Compensation and Benefits Awareness Conduct a comparative analysis of salary and benefits against similar districts to target competitiveness and share findings with staff.
- Review of Leave Policies Conduct a comprehensive review of employee leave policies to ensure they align with the evolving needs of staff.

2. Employee Voice and Advocacy

- Strengthen Employee Voice and Engagement Promote opportunities for staff to provide feedback through community engagement and committee meetings to inform decision-making and ensure transparency.
- Advocate for Sustainable Funding and Resources Engage in community education and advocacy around school funding (federal, state and local resources) to support competitive salary and benefit enhancements.

3. Employee Wellness and Support

- Ensure Wellness and Mental Health Programs Optimize wellness initiatives, including health fairs, mental health resources and proactive education on available benefits.
- Provide Concise and Timely Communication and Awareness of Benefits Provide ongoing
 education on employee benefits, wellness programs and cost-saving options to ensure
 staff maximize their available resources.
- Optimize Use of District Wellness and Benefits Funds Assess the efficacy of wellness programs and incentives in order to reallocate resources as needed to maximize impact.

4. Recruitment, Retention and Workforce Development

- Improve Recruitment Strategies for Certified Staff Invest in targeted recruitment and retention efforts that attract and support a staff with a variety of backgrounds, experiences and perspectives, ensuring a workforce that reflects and meets the needs of the district's students and community.
- Improve Recruitment Strategies for Support Staff Invest in targeted recruitment efforts
 while strengthening internal programs to develop and support growth within the district.
 Cultivate a skilled and diverse support staff that mirrors the district's students and
 community and contributes meaningfully to a positive, inclusive learning environment.
- Develop Long-Term Retention and Workforce Planning Implement data-driven workforce planning to anticipate staffing needs and maintain a strong, diverse talent pipeline.

5. Professional Growth and Career Pathways

- Strengthen Support for New and Veteran Educators Develop mentorship and growyour-own programs for new educators while creating meaningful career growth and leadership opportunities for veteran staff.
- Cultivate a Culture of Growth and Support for All Staff Provide ongoing, high-quality professional learning.

SAFE & CARING SCHOOLS

Create a safe, inclusive and supportive school community by continuing to enhance consistent school security, fostering a sense of belonging, strengthening student support services and enhancing communication between schools, families and the community to ensure a welcoming and secure learning environment for all.

Focus Areas

1. Physical Safety and Security Measures

- Enhance School Safety Measures Regularly evaluate and enhance security technology, while providing ongoing staff training and protocol updates to ensure a consistently secure and responsive school environment.
- Maintain Partnerships with First Responders Work with police, fire departments and emergency teams to refine safety protocols, conduct drills and implement bestpractice security strategies.
- Ensure Appropriate Safety Staffing Regularly assess and ensure the appropriate number of safety staff while implementing a continuous improvement framework to address evolving security needs and maintain a safe school environment.

2. Mental Health and Student Well-Being

- Maintain Mental Health and Student Support Maintain multi-tiered systems of support through the training of all educators and continuing to ensure equitable access to counselors, social workers and other mental health resources.
- Increase Awareness of Support Services Improve outreach so students and families are aware of mental health programs, social services and school-based resources.

3. Positive School Climate and Relationships

- Foster a Culture of Belonging Expand peer mentorship, educational access and dignity and belonging initiatives to help all students and staff feel valued and included.
- Foster Positive Relationships Maintain open communication and proactively address concerns to foster collaborative problem-solving.
- Implement Conflict Resolution and Restorative Practices Expand peer mediation, socialemotional learning-based interventions and restorative programs to reduce conflict, promote empathy and strengthen student and staff relationships.

4. Proactive Communication and Training

- Enhance Communication and Transparency Establish clear, proactive communication between schools, students, families and safety personnel to build trust and ensure shared responsibility for a safe learning environment.
- Expand Safety and Social-Emotional Learning Training Provide regular training for staff, students and families on emergency procedures and social-emotional learning strategies.

5. Prevention and Follow-Up

- Address Substance Use and Prevention Expand substance use prevention education, ensuring access to early intervention programs and recovery resources.
- Wellness Re-entry Plan Enhance the structured re-entry process for students returning from disciplinary events, substance use treatment or any long-term absence providing academic support, counseling and strategies to promote long-term success and well-being.

CONTINUOUS IMPROVEMENT

Forward Together will adapt and grow as a fluid roadmap. To support its goals, we will develop aligned objectives and review them annually from 2025 to 2030 to ensure accountability. Addressing the future needs of our students and community, we will continuously refine our priorities and strategies, and Rockwood will use multiple measures to demonstrate student learning and growth.

Forward Together is the starting point of our journey with students and the community, not a definitive statement. We will move forward thoughtfully, taking calculated steps to implement innovative and research-supported learning models.

Developed through significant community engagement and grounded in research and a passion for our students, both the Rockwood Promise and Forward Together call us to be courageous in our pursuit of positive outcomes for every student we serve.

A special thank you to our Strategic Plan Steering Committee members as well as members of the Superintendent's Cabinet and additional staff who assisted with meetings and presentations throughout the year:

ROCKWOOD R-VI SCHOOL DISTRICT SUMMARY OF ACCOUNTING POLICIES

Rockwood R-VI School District was established under the Statutes of the State of Missouri. The District operates as a "six director" District (with seven members of the Board of Education) as described in RSMo Chapter 162. Rockwood School District operates fiscally independent of the State of Missouri or any other jurisdiction in the counties or local township in which it operates.

1. SUMMARY OF ACCOUNTING POLICIES:

A. Fund Accounting

The Accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are summarized by providing a separate set of self-balancing accounts that include the assets, liabilities, and fund balances arising from revenues and expenditures. The measurement focus is upon determination of changes in the financial position rather than upon net income determination. District resources are allocated to and accounted for, in individual funds based upon the purposes for which they are to be spent and the means by which spending activites are controlled. The following are the District's major funds:

The **General Fund** is the general operating fund of the District, and accounts for expenditures for non-certified employees, pupil transportation costs, operation of plant, fringe benefits, student body activities, community services, the food service program and any expenditures not required or permitted to be accounted for in other funds.

The **Special Revenue** (**Teachers**) **Fund** is required to be established by state law, which accounts for expenditures for certificated employees involved in instruction and administration, and includes revenues restricted by the state and local tax levy allocations for the payment of teacher salaries and certain benefits.

The **Debt Service Fund** is used to account for the resources accumulated for, and the payment of principal, interest and fiscal charges on long-term debt obligations

The Capital Projects Fund is used to account for all facility acquisition, construction, lease purchase principal and interest payments, and other capital outlay expenditures. Revenue placed in the Capital Projects Fund primarily comes from the tax rate set in the Capital Projects Fund and proceeds of bond issues.

B. Basis of Accounting

The measurement focus and basis of accounting determine the accounting and financial reporting treatment applied to a fund. The District's policy is to operate its budget on the modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become both measurable and available. Expenditures are recognized in the accounting period in which the fund liability is incurred. The District prepares the year end statements on the full accrual basis of accounting, following GASB regulations.

C. Budgets and Budgetary Accounting

The District follows the procedures in establishing the budgetary data reflected in the financial statements:

- 1) In accordance with Chapter 67, RSMo, the District adopts a budget for each fund of the political subdivision.
- 2) Prior to July, the Chief Financial Officer, who serves as the budget officer, submits to the Board of Education a proposed modified accrual basis budget for the fiscal year beginning on the following July 1. The proposed budget includes estimated revenues and proposed expenditures for all District funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year.
- 3) A public hearing is conducted to obtain taxpayer comments. Prior to its approval by the Board of Education, the budget document is available for public inspection.
- 4) In June the budget is legally enacted by a vote of the Board of Education.
- 5) Subsequent to its formal approval of the budget, the Board of Education has the authority to make necessary adjustments to the budget by formal vote of the board. Adjustments made during the year are reflected in the budget information included in the general-purpose financial statements. Budgeted amounts are as finally amended by the Board of Education.

D. Property Taxes and Other Receivables

Property tax revenue is recognized in the fiscal year levied and available. Sales tax revenue is recognized when collected and available. Property tax and sales tax revenues are considered available when due or past due and receivable.

Federal and State grant aid is considered revenue and will be accrued when the granting agency or authority has approved the reimbursement expenditure.

E. Post Employment Benefits

COBRA Benefits - Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District provides healthcare benefits to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium plus a 2% administration charge is paid in full by the insured on or before the tenth (10th) day of each month for the actual month covered. This program is offered for the duration of 18 months after the termination date. There is no associated cost to the District under this program. The District prepared the initial COBRA enrollment forms and the former employee makes the premium payment directly to the insurance carrier. The District offers continued healthcare benefits to retired employees who elect to participate. The retiree pays the premium. There is no additional charge to the District for this offered benefit.

F. Inventories

Inventories are valued at cost, on a first-in, first-out (FIFO) basis and consist of purchased food, supplies and donated government commodities. The cost is recorded as an expenditure at the time the inventory is purchased. Reporting inventories are equally offset by a fund balance reserve, which indicates they are unavailable for appropriation. Changes are made at year-end in accordance with GASB34 accounting rules.

G. Compensated Absences and Early Retirement

An accrual for certain salary related payments associated with vacation time and unused sick leave are included in the government-wide financial statements. District employees earn vacation time throughout the fiscal year to be taken by the end of the subsequent fiscal year. Any unused vacation days remaining will be forfeited by the employee. Unused vacation is payable to the employee upon termination. Employees who meet certain requirements may receive compensation for unused sick leave payable at time of retirement.

H. Teachers' Salaries

The salary payment schedule of the District requires the payment of salaries over a twelve-month period. Consequently, the final three teacher payrolls related to the school year are included in accrued liabilities on the basic financial statements.

2. CASH AND TEMPORARY INVESTMENTS

The District maintains a cash and temporary investment pool that is available for use by all funds except the Debt Service Fund (State law requires that all deposits of the Debt Service Fund be kept separate and apart from all other funds of the District). The District also keeps Bond Issue funds separate. Each fund type's portion of this pool is displayed as "Cash and Equivalents" under each fund's caption. Investments of the pooled accounts consist primarily of repurchase agreements, carried at fair value, which approximates cost. Interest income, when earned, is allocated to individual funds based upon cash and temporary balances.

Deposits - Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits.

Investments

Authority

The Board authorizes the treasurer and the finance department to direct the management of district funds and to invest said funds not needed for the daily operation of the district.

Prudence

All participants in the investment process shall act responsibly as custodians of the public trust. The standard of prudence to be applied shall be "prudent investor" rules, which states, "Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived."

Ethics and Conflict of Interest

Personnel involved in the investment process shall refrain from personal business activity that could create an appearance of impropriety or could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions. Employees and investment officials shall disclose to the treasurer any material financial interests in financial institutions that conduct business within Missouri and they shall further disclose any large personal financial/investment positions that could be related to the performance of the portfolio. Employees and officers shall refrain from undertaking personal investment transactions with the same individual with which business is conducted on behalf of the district.

Objectives

The primary objective of investment activities shall be legality, safety, liquidity, yield and the provision of a capital base for future needs.

Legality

The treasurer will invest the district's excess funds only within the legal guidelines set forth by the constitution and the Statutes of the State of Missouri. Any investment alternative outside these guidelines is not permissible.

Safety

Safety of principal is the foremost objective of the investment program. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio.

Liquidity

The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demand.

Yield

The investment portfolio shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints and liquidity needs. Return on investment is of least importance compared to the safety and liquidity objectives described above.

<u>Performance</u>

Active management should produce, over a period of time, book yields in excess of a low risk passive alternative.

Reporting

The finance department shall report monthly to the Board on the present status of the district's investment portfolio. The report will include a listing of the securities held at the end of the reporting period, the maturity date of each investment and the percentage of the total portfolio each investment represents.

Investment Types

In accordance with and subject to restrictions imposed by the Constitution and the laws of the State of Missouri, Regulation 3160 contains a list of the entire range of investments that the district will consider and which shall be authorized for investments of funds by the district.

3. TAXES

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and are payable by December 31. All unpaid taxes become delinquent January 1 of the following year. The county collects the property taxes and remits them to the District on a monthly basis. The majority of these tax revenues are received in late December and throughout January.

4. CHANGES IN GENERAL FIXED ASSETS

General fixed assets are capitalized at the time the liability is incurred. The assets are capitalized at cost (or estimated cost if actual cost is not available). Additions for construction in progress related to Bond Issue projects are reported as construction in progress until the year in which the construction project is completed and placed in use by the District. Changes to the accounting for fixed assets and long-term liabilities have been made in conjunction with the implementation of GASB34. The Board requires a perpetual inventory system be maintained for fixed assets.

5. CHANGES IN LONG-TERM DEBT

Article VI, Section 26(b), Constitution of Missouri, limits the outstanding amount of authorized general obligation bonds of a district to fifteen percent of the assessed valuation of a district (including state-assessed railroad and utilities).

6. PENSION PLANS

The District contributes to the Public School Retirement System of Missouri (PSRS), a cost sharing multiple employer defined benefit pension plan. PSRS provides retirement and disability benefits to certificated employees and death benefits to members and beneficiaries. Positions covered by the PSRS are not covered by Social Security. PSRS benefit provisions are set forth in Chapter 169.010-.141 of the Missouri Revised Statutes.

PSRS members are required to contribute 14.5% of their annual covered salary and the District is required to contribute a matching amount. The contribution requirements of members and the District are established and may be amended by the PSRS Board of Trustees. The District also contributes to the Public Education Employee Retirement System of Missouri (PEERS), a cost sharing multiple-employer defined benefit pension plan. PEERS provides retirement and disability benefits to employees of the District who work 20 or more hours per week and who do not contribute to the PSRS. Certain part-time certified employees may be covered by this plan. Benefit provisions are set forth in Chapter 169.600-.715 of the Missouri Revised Statutes. PEERS members are required to contribute 6.86% of their annual covered salary and the District is required to contribute a matching amount. The contribution requirements of members and the District are established and may be amended by the Board of Trustees.

7. DEFERRED COMPENSATION PLAN

The District offers its employees a choice of deferred compensation plans created in accordance with Internal Revenue Code Sections 457(b) or 403(b). These plans, available to all District employees, permit them to defer a portion of their salary until future years. The District utilizes the services of a third party administrator to monitor transactions through the deferred compensation plan are in accordance with plan documents and IRS regulations.

8. SELF INSURED MEDICAL BENEFITS

The District is under a self-insured plan to provide medical, dental, and vision benefits to participating employees, retirees and their families. The District pays for 100% of an employees insurance premium and 50% of an employees dependent coverage. Employees pay for the other 50% of their dependent coverage and participating employees contribute to the self-insurance fund through payroll deductions based on their coverage election. The District's maximum liability for each employee and in the aggregate for a one-year period is limited by insurance coverage. Transactions for the self-funded insurance are recorded in the Internal Service Fund. Retirees are required to pay the cost of the insurance premium.

9. INSURANCE PROGRAM

The District, along with various other local school districts, participates in the Missouri United School Insurance Council ("MUSIC"), an insurance association for workers' compensation, general liability, and property casualty insurance. The purpose of MUSIC is to distribute the cost of self-insurance over similar entities. MUSIC requires an annual premium payment to cover estimated claims payable and reserves for claims for each entity. Part of the assessment then goes to buy excess insurance contracts for the group as a whole. Should the contributions received by MUSIC not be sufficient, special assessments can be made of the District members. In the past, the District has received a rebate for excess reserves not used by claims for the year.

ROCKWOOD R-VI SCHOOL DISTRICT BOARD OF EDUCATION POLICIES

Fiscal Year

The fiscal year is defined as beginning annually on the first day of July and ending on the thirtieth day of June following.

The district treasurer shall not draw any check or issue any order for payment that is in excess of the income and unencumbered fund balances of the school district for the fiscal year beginning on the first day of July and ending on the thirtieth day of June following.

Budget Adoption Procedures

The Superintendent, working with the staff, shall prepare a tentative budget for the next fiscal year. This budget must be ready for Board consideration at a regular Board meeting specified by the Board. The Board may revise the items contained therein.

The Board will conduct at least one public hearing in regard to the proposed budget and taxation rate. The Superintendent will present a final budget to the Board at a regular or special Board meeting before the new fiscal year begins.

Purchasing Authority

A budget is required for every fund that the district uses in its yearly operation. The annual budget of the district shall be considered as the financial plan for the ensuing fiscal year. The Superintendent is authorized to make expenditures and commitments in accordance with the annual budget and in harmony with specific policies, rules and regulations of the Board, administrative plans approved by the Board, the district's system of internal accounting, and the state statutes. The same procedures shall be followed with respect to expenditures provided for by specific Board action.

Budget Implementation

The adopted budget of the District serves as the guide to direct and limit expenditures in the district. Overall responsibility for assuring control rests with the Superintendent, who will establish procedures for budget control and reporting throughout the district.

The total amounts, which may be expended during the fiscal year for the operation of the school district, are set forth in the budget. The total budgeted expenditure for each program is the maximum amount that may be expended for that classification of expenditures during the school year, unless a budget transfer is recommended by the Superintendent and is approved by the Board.

In cases where a proposed expenditure has not been included in the adopted budget, no action shall be taken until the Superintendent informs the Board of the need for the expenditure(s). Thereafter, the Board may follow one of two plans:

- It may appropriate an amount sufficient to take care of the needed expenditure from the unencumbered budget surplus, provided the appropriation and expenditure can be made from the proper funds.
- The Board of Education may instruct the Superintendent to revise the budget in order that sufficient funds may be available for the expenditure(s), if the expenditure(s) are approved by the Board.

The Board will review the financial condition of the District monthly and shall require the Superintendent to prepare a monthly financial report. The report will show the current budget for revenues and expenditures, year to date collections on revenues and uses of expenditures, variances between budget and year to date activity, any transfers between funds and finally the fund balance available at the end of that particular month.

Fund Balances

Operating Reserve-Because of the cyclical nature of district revenues and expenses, the purpose of the operating reserve is to cover cash flow needs for normal district operations during each fiscal year and avoid Tax Anticipation Note (TAN) borrowing. The operating reserve component of the Inciddental and Special Revenue Teachers' funds on July 1 will be approximately eighteen percent (18%) of the budget's expenditures for these funds.

Financial Stabilization Reserve-A separate financial stabilization reserve shall be established to minimize the disruptive impact of major adverse financial changes on district programs and budget. Such adverse financial changes might be related to emergency facility repairs, student enrollment changes, reductions in state or local funding, etc. The funding goal for this reserve shall be four percent (4%) of annual operating expenditures (excluding carryovers), but may increase based on the potential needs of the district, the condition of facilities, economic prospects and/or other pertinent factors. Any funds drawn from this reserve during a fiscal year must be approved by the Board and shall be replenished in succeeding years as part of the regular budget process.

Budget Transfer Authority

During the budget year, the Superintendent may transfer any unencumbered balance or portion thereof, from the expenditure authorization of one account to another, subject to limitations provided by state laws and approval of the Board.

Revenues from Investment/Use of Surplus Funds

The Board authorizes the treasurer to invest surplus school district moneys which are determined to not being immediately needed for the operation of the school district. The Treasurer shall follow procedures established by the Board in making investments and obtaining the best interest rates possible.

Future investments may be made only in those instruments approved by, and in a method in conformity with state law including any instrument permitted by law for the investment of state moneys according to Senate Bill 581, which became effective August 28, 1992. All investment earnings shall be credited to the fund from which investments were made.

Depository of Funds

Selection of depositories may be made by bid selection in accordance with state statues. The Board of Education may receive bid proposals from banking institutions operating within the county in which the district is located or an adjoining county.

If bids are solicited, the Board shall open the bids in a public meeting, select from among the bidders those bids which will be accepted and notify each of those bidders so selected. The Board may reject any or all of the bids.

ROCKWOOD R-VI SCHOOL DISTRICT CLASSIFICATION OF REVENUES AND EXPENDITURES

The District follows the accounting manual provided by the Missouri Department of Elementary and Secondary Education. The accounting manual follows GAAP reporting provides a clear definition for revenue and expenditures in order to report and classify a transaction for proper reporting to the State and community. DESE requires a District to report their financial condition through the Annual Secretary of Board Report (ASBR) by fund and object with further detail on the function of an expenditure. Object codes identify the specific source or use of revenue or expenditures.

Below is a summary of the sources of revenues and significant objects associated with the source:

5100: Revenues from Local Sources

5111 – Current Taxes

5112 – Delinquent Taxes

5113 – Proposition C

5115 - M&M Surtax

5120 – Tuition

5140 – Interest

5170:5190 – Other Pupil and Local Income

5200: Revenue from County Sources

5221 - State Assessed Railroad and Utility Taxes

5300: Revenue from State Sources

5311 – Basic Formula

5312 – Transportation

5314 - Early Childhood

5319 - Classroom Trust

5400 - Revenue from Federal Sources

5422 - ARP: ESSER III

5423 - CARES: ESSER II

5424 - CARES: ESSER I

5428 - CRF

5445:5446 – National School Lunch and Breakfast Programs

5451 - Title I

5600 - Other Non-Current Local Revenue Sources

The District's operations are supported by other revenue sources including: Adventure Club for before and after school grade K-5 child care, Pre-School tuition for our earliest learners, ages 3-5, various reimbursements from other schools sharing in the cost to transport student's considered homeless, agreements in place from cell or other technology arrangements to have access to specific areas owned by the District.

Expenditures provide more detail by ways of a function code which is the action or purpose for which a person or thing is used or exists. The function includes the activities or actions that are performed to accomplish the objectives of the District. There are five broad areas or functions of a school district as noted below:

1000's - Instructional Services

2000's – Support Services

3000's - Community Services

4000's – Facilities Acquisition and Construction Services

5000's - Long and Short Term Debt Services

Expenditure objects describe how the service or commodity was obtained as a result of a specific expenditure. There are six object categories, each which is further sub-divided into sub-objects and are described below:

6100's - Salaries

6200's – Employee Benefits

6300's - Purchased Services

6400's – General Supplies

6500's - Capital Outlay

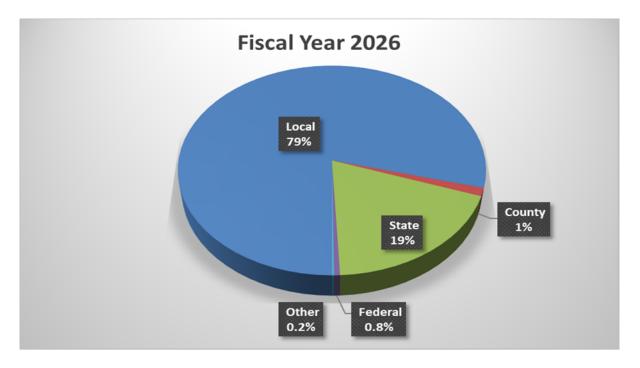

6600's - Long and Short Term Debt

ROCKWOOD R-VI SCHOOL DISTRICT BUDGET MESSAGE

The development of the District budget each year has its own unique circumstances and challenges. Planning for the 2025/26 budget was no different; however, the budget process that the District has in place allows for the District to make the necessary adjustments to these challenges both in the short-term and long-term. At the beginning of the budget process the District's priorities are reviewed and revised as necessary for the Incidental and Special Revenue Teachers' funds (Operating Funds). Fiscal responsibility is a priority for the District as we incorporate the following factors in protecting the District's financial position:

- Careful forecasting of revenue and expense drivers
- Operational and program necessity
- Sustainability of expenditure trends
- Review of our self-insured health insurance fund
- Maintenance of our fund balance

As shown by the chart below, 79% of the operating revenue comes from local sources and 19% comes from state sources. Four of these sources comprise 90% of total operating revenue: Local property taxes, Prop C sales tax, M&M surtax and the State's Basic Formula for public school districts. Due to the dependency on these revenue sources, the finance office spends a considerable amount of time ensuring our revenue forecasts are reliable and accurate by keeping the factors up to date with information from local and state sources, prior year trends and actuals as well as current market conditions.

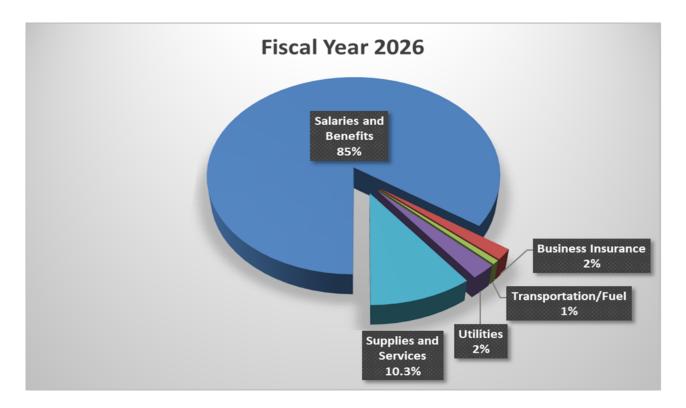

Over the next few budget years these revenue factors will be challenged by circumstances within the District as well as the changing landscape in public education. A few examples of the challenges the District will face and discussed further in the budget book include:

- The financial outcome of Senate Bill 190 passed by the State of Missouri in May 2023 that provides tax relief to qualifying senior citizens. Adequate data does not exist to estimate this impact, which will first be realized in FY 2025/26.
- The District currently has the 19th lowest total tax levy across the 22 St. Louis County school districts.
- The decline in student enrollment will impact the District's Weighted Average Daily Attendance (WADA) included in the State's Basic Formula and will require careful monitoring for appropriate staffing.
- Currently the District is expecting the State's Adequacy Target (SAT) for funding public education to be \$7,145; however, the Governor has recommended funding at \$6,760, which would result in an estimated \$7 million decrease in state funding for the District in FY 2025/26.
- Formation of a state task force to review the State's methods of funding Missouri K-12 public schools will result in changes to funding that are currently unknown.
- The impact of legislative bills that reduce the State of Missouri's general revenue sources used to fund public education affect State funding beyond the Basic Formula, including the State's of the 75% reimbursement of a District's transportation costs.

Providing accurate revenue projections begins the expenditure budget process by which the District determines our ability to provide for competitive salaries and benefits, maintain programs that support our students and sustain these costs in the short and long-term forecast. The District invests in our staff by allocating 85% of our operating expenditure budget to salaries and benefits. All staff employed by the District are committed to the mission of the District in serving our students. When reviewing the budget for salaries and benefits, the District uses benchmarks from other area school districts. Each specific employee group is treated with careful analysis in determining the salary increases to be allocated to our employee groups.

The self-insured medical plan of the District is the centerpiece of our employee benefits package and a significant cost to the District. The District contributes 100% of employee premiums and 50% of premiums for dependent coverage. The plan has been significantly impacted by rising pharmacy costs. The District has been able to keep premiums relatively low compared to actual costs in recent years by providing additional contributions to the self-insurance fund above premium payments, but must make adjustments in the coming year to offset this trend.

The ability to offer salary increases that will improve our compensation against area benchmarks as well as provide a competitive insurance benefit plan must be balanced with the long-term financial stability of the District. Other challenges faced by the District include staffing shortages in areas such as bus drivers, custodians and child nutrition associates. The District's new strategic plan contains Focus Areas within the Goal Areas of Highly Qualified Staff and Fiscal Responsibility that address the above challenges.

The finance office also commits valuable time to the remaining 15% of the operating budget by ensuring our supply and service budgets cover the necessary items to support our schools and programs but are evaluated and adjusted as necessary. Supplies and services budgets are threatened by increasing prices and sometimes availability issues related to items that are used in our buildings. Utilities are managed by automated controls that are monitored to ensure a balance of comfort with energy efficiency in the operation of our buildings. The District participates in the Missouri United School Insurance Council (MUSIC), a pool of K-12 school districts and community colleges throughout the state, that provides the best value to the District with a low claims deductible, claims management, and risk management tools and assistance.

The operating expenditure budget is reviewed by each applicable department and then the Superintendent's Cabinet to support recommendations to the Board of Education throughout the budget process. The District's three-year expenditure forecasts are in line with prior year actual trends to ensure we provide a realistic fund balance forecast and decisions made now do not place the District in a vulnerable financial position in the future.

The District's fund balance has increased over the last few budget years and exceeds the balance required by district policy. Short-term uses of fund balance are an appropriate method to fund operations as long an exit plan is in place to reverse that trend. A sound financial plan for utilizing the fund balance cannot include relying on fund balance to cover recurring costs. The District's three-year forecast reflects a planned spend down in fund balance beginning with the 2026/27 school year as the best use of available resources. This plan allows us to continue operating with consistency in class size and staffing targets, previously approved curriculum, current support resources, and existing salary agreements with employee groups over the next two years while maintaining an adequate fund balance. During this time, results of the demographic study and opportunities for additional funding can be explored while certain revenue unknowns become more defined and estimable. Plans and adjustments can be made to shape future budget years accordingly.

From a capital perspective, budgeting for the upkeep of our safety, technology and facility cycle maintenance was a major challenge that the District faced for many years. The District relied on bond issues to support these costs, resulting in significant levels of deferred maintenance when bond issues were not approved or were limited in scope. In November 2023, the District received overwhelming community support in this area with the passage of Proposition 3. Prop 3 provides for the transfer of a portion of the debt service levy to the capital projects levy to address our safety, technology and facility cycle maintenance needs. Phase two of this transfer will occur in the 2025/26 school year and the Prop 3 transfer will be complete, providing over \$30 million in annual revenue to address safety, technology and facility cycle maintenance items. The tax levy remaining in the debt service fund is sufficient to cover our remaining general obligation debt.

Our 2025/26 budget process began in October 2024 and continued to evolve throughout the school year as we were placing the finishing touches on the budget through May 2025. As part of our budget process, the District also updated our three-year financial projection to ensure the Board of Education, District administration and our community are provided with the necessary information when making key decisions. The District will end the 2024/25 fiscal year with a positive growth to our operating fund balance. From a financial perspective the 2025/26 budget incorporates many estimates based on the following:

- Local assessed valuation (AV) is a reassessment year in 2025 with a forecasted 5.06% increase; overall, AV has increased over 48% the last eight years.
- Collections of current and delinquent taxes continue to match our budget and forecasted amounts.
- State Basic Formula is fully funded at this time with our revenue being impacted by our decrease in enrollment.
- Local sales tax collections are budgeted to increase 3.5% although DESE is forecasting a 1.3% decrease to the per WADA amount. The District will monitor the sales tax collections through 2025/26. The decrease in the District's enrollment will also have an impact on future revenue through Prop C.
- The State's budget currently includes an allocation to fully fund the State's statutorily required 75% reimbursement of a District's transportation costs for the third fiscal year in a row.
- The State Adequacy Target used in the Basic Formula revenue has been adjusted and increased from \$6,760 to \$7,145.
- Ability to offer strong salary commitments in the 2025/26 school year and contribute additional funds to the self-insurance medical fund.
- Adjustments to the expenditure budget for certain costs increases being experienced due to inflation or other economic situations, such as utilities and fuel.
- The completion of the Proposition 3 transfer to Capital Projects fund to address safety, technology and facility cycle maintenance.

The District feels confident that the 2025/26 budget will continue to guide Rockwood in a fiscally sound and responsible direction. From the beginning of the budget process to the formal approval, there has been considerable scrutiny and review of the budget to ensure the resources of the District are being budgeted to provide outstanding instruction and support allowing each student to achieve his/her highest potential. The District is proud of these financial accomplishments that we have been able to achieve over the years:

- One of three school districts in Missouri to have a "AAA" bond rating by S&P
- Achieved the Meritorious Budget Award (MBA) for the 25th consecutive year
- Received the Government Finance Officers Association (GFOA) and the Association of School Business Officials International (ASBO) Certificates of Achievement for financial reporting for the District's audited financial statements
- Only Missouri school district with all of the above

Our budget work began in October 2024 as we focused on the operational funds of the District. As in previous years, our budget process begins with official enrollment that is taken the last week of September each school year. In October 2024, school and department levels began working on their requested budgets that included new programs and curriculum, staffing, purchased services and supply budgets to support our students in the 2025/26 school year. All departments reviewed their requests with their respective Superintendent Cabinet members. After formal approval by their Cabinet member, the budget requests were submitted to the finance office. During October 2024, the District also began the process of negotiating with the Rockwood National Education Association (RNEA), our largest bargaining unit representing educators in the District. In November 2024, the Superintendent's Cabinet met in a series of meetings to go through the District staffing levels and requests as well as a review of other budget requests as compiled by the finance office. The school building budgets were based on a per pupil calculation and provided to building level administration for building allocations. In December 2024, the finance department presented a preliminary 2025/26 budget to the Board of Education that included a planned spending deficit of approximately \$0.3 million. From January through May 2025, the finance office revised revenue and expense projections based on the status of negotiations with specific bargaining units as well as other updated information and continued to work with various departments including the human resource department as compensation studies were finalized which determined our personnel costs. In May 2025, a budget update was presented to the Board of Education that included all the changes since our last presentation. Throughout 2025/26, the District will continue to monitor the budget and prepare monthly financial projections starting in November of each year.

The District's self-sustaining funds, including Child Nutrition and Community Education, have a slightly different budget timeline. From December through January department leads meet with their staff to cover budget needs and goals. A proposed budget was submitted to the departments' administrators for review. Over the next couple of months, actions such as meal prices for Child Nutrition and fees for after school and Community Education programs are taken to the Board of Education for approval. The proposed budgets approved by the respective administrators were submitted to finance in March 2025. The proposed budgets for our self-sustaining funds were part of the budget update provided to the Board in May 2025.

ROCKWOOD R-VI SCHOOL DISTRICT 2025/26 BUDGET TIMELINE

Process No.	Date(s)	Description
1	9/16/2024	Budget and salary request memo's will be distributed for departments (operating and non-operating) for FY26 budget.
2	9/25/2024	First semester official enrollment
3	10/1/2024	Facilities team begins annual walkthroughs of our buildings in order to update the capital needs of the District
4	10/10/2024	Enrollment projections are complete. School budget allocation is calculated.
5	10/29/2024	Admin Leadership Team complete review of their department budgets and submit to finance office.
6	11/5/2024 - 11/29/2024	Budget workshops for Admin Leadership Team
7	12/17/2024	Preliminary Budget target is presented to the Board of Education; school allocations are distributed to building principals
8	1/31/2025	School and non-operating budgets are due to finance office
9	Feb-May 2025	Ongoing revision/refinement of budget and discussions with the Board of Education including, but not limited to: • Revenue forecasting updates • Employee compensation and contract offerings • Refinements to program and department budgets
10	June 2025	Final adoption by Board of Education.

FINANCIAL SECTION

ROCKWOOD R-VI SCHOOL DISTRICT 2025/26 BUDGET

EXPLANATION OF KEY REVENUES AND EXPENDITURES

The following explanations cover the major local, county, state and federal revenues which are allocated to the General, Teachers, Debt Service and/or Building Funds according to the tax levy associated with each fund or at the discretion of the Board of Education. Other revenues are particular to the funds that they support.

REVENUE LOCAL

5111 Current Taxes – these revenues are derived from taxing real and personal property within the District for the current year. The estimated \$3.8817 total tax levy for 2025/26 will be levied on each \$100 of assessed valuation which is determined by the local County Assessor's office. Each even numbered year is a non-reassessment year and each odd number year is a reassessment year. This is the main source of revenue for funding the operations of the District, representing 69% of the operating revenue, or 64% of total revenue. Assessed valuations are expected to increase approximately 5.08% for 2025/26 since calendar year 2025 is a reassessment year.

5112 Delinquent Taxes – this revenue is derived from collection of delinquent prior years' and is offset by the refunding of taxes to taxpayers that have won an appeal to decrease their assessed valuation with the County Assessor or Board of Equalization.

5113 Sales Tax (Proposition C) – these revenues are collected by the state through a 1% sales tax on consumer goods and then distributed to school districts based on their weighted average daily attendance (WADA) multiplied by a per pupil amount calculated by the State of Missouri. For the 2025/26 school year the District is forecasting the per pupil amount to be \$1,567 which is above the current guidance from the State of Missouri. Our forecast is based on collection trends experienced by the District and we will closely monitor any changes to the forecasted per WADA. The second factor in this calculation is the District's prior year WADA. We are in a declining enrollment phase and are estimating our 2024/25 WADA to be 17,053, which is a 1.7% decline from 2023/24. Any changes to the WADA could be offset by the changes in the final per pupil allocation. Prop C revenues represent 9% of the operating revenue of the District and will fluctuate with the student population and local economic factors.

5114 Financial Institution Tax – this revenue is based on a tax levied on intangible assets held by banks or other financial institutions. Revenue from this source will fluctuate from year to year as there is no formal calculator District's can use to estimate the revenue. The District uses prior year actuals as a baseline for estimating this revenue source and actuals will vary from year to year.

5115 Merchants and Manufacturers Tax – these revenues are a surcharge on commercial real estate to replace revenue lost when the past business inventory tax was eliminated. The District has experienced increase revenues from this source as a result of commercial assessed valuations increasing 19% the last four school years.

5141–5143 Interest – these revenues are from earnings on all temporary deposits and investments plus interest received on delinquent taxes. As fund balances increase or decrease over time and as interest rates change, these revenues will fluctuate. The District has adjusted our interest revenue from investments based on current market conditions reflecting a 3.5-5% return on investment.

5179 Other Pupil Activity Income – these revenues include parking revenue, payments for musical instruments, gifts and other donations.

5197 Voluntary Inter-district Choice Corporation (VICC) – these revenues are based on the number of volunteer transfer students (VICC) enrolled in the District from the St. Louis City district. The District receives \$7,800 per student enrolled in the program. The District is estimating 527 students to be enrolled through the VICC program in 2025/26.

5198 Miscellaneous Local Revenue – these revenues include cell phone tower lease revenue, energy rebates, litigation settlements, purchasing card rebates and other sustaining local revenue sources.

COUNTY

5221 State Assessed Utility – these revenues are assessed against the property of railroad and utility companies based on the county assessed valuation and the average county school district levy rate. These revenues represent 1% of total revenue.

STATE

5311 Foundation Formula – these revenues are state general fund amounts distributed to school districts based on a formula calculated to provide equity in revenues to all school districts in the state. These revenues are 13% of total revenue when combined with revenue object 5319 (also from State Foundation Formula). The Foundation Formula and Classroom Trust revenue forecast's factors are as follows: State Adequacy Target (SAT) of \$7,145 per weighted average daily attendance (WADA), Dollar Value Modifier (DVM) of 1.088, District WADA of 17,114 and Classroom Trust payment of \$576 per WADA. The estimated factors are forecasted to generate approximately \$39.6 million in revenue for 2025/26.

5312 Transportation – these revenues are from the state for reimbursement of a portion of the cost to transport students to and from school. Historically this revenue source has been underfunded by the State of Missouri but beginning with the 2022/23 budget year, the State of Missouri increased the appropriation for transportation revenue by \$214 million which fully funded transportation for the first time since 1991. The 2025/26 budget reflects transportation being full funded once again.

5314 ECSE - **State**- these revenues support the joint program with the District and the State of Missouri for Early Childhood Special Education and will continue in the future with growth in this important program. Any federal funds received for ECSE are reported under object 5442.

5319 Classroom Trust Fund - these revenues are part of the new Missouri Foundation Formula as explained in revenue object 5311. The Classroom Trust Fund portion of the formula is deducted "off the top" and may be placed in any fund and spent for any expenditure at the discretion of the Board of Education. The current forecast for Classroom Trust is \$576 per WADA.

5324 Parents As Teachers – these revenues are received from the state for Early Childhood Screening and Parents as Teachers programs. They are projected to decline.

FEDERAL

5418 ROTC Reimbursements – these revenues are federal government reimbursements for the various military services reserve officer-training programs.

5422:5424 CARES Elementary and Secondary School Emergency Relief (ESSER) Fund – amounts received through DESE funded by the various federal relief funds in 2020 and 2021. Funding is available through various timelines with a current end date of September 30, 2024.

5442 ECSE – Federal – see 5314 above for explanation of Early Childhood Special Education.

5442: 5448 School Breakfast and Lunch Programs – these revenues are received directly from DESE for the National School Breakfast and Lunch Programs on students who qualify for free and reduced lunch meals.

5451 Title I – these revenues are appropriated from the U.S. Congress for Elementary and Secondary Education Amendments of 1965 for special programs. A portion of the Voluntary Transfer Student revenue is received through the Federal Title I program as a pass through.

EXPENDITURES

6100 Salaries - Amounts paid to LEA employees who are considered to be in a position of permanent nature or hired temporarily, including personnel substituting for those in permanent positions. This includes gross salary for personal services rendered while on the LEA payroll.

6200 Employee Benefits - Amounts paid by LEAs on behalf of employees. These amounts are over and above the gross salary. Such payments are fringe benefits and, while not paid directly to employees, are part of the cost of salaries and benefits. These charges should be distributed to functions in accordance with the salary function of the employee or group of employees.

6300 Purchased Services - Amounts paid for services rendered by personnel who are not on the LEA's payroll and for other services that LEAs may purchase. While a product may or may not result from the transaction, the primary reason for the purchase is the service provided in order to obtain the desired result. The IRS says that a person who is a regular employee may NOT be treated as a consultant (purchased service) by the same employer for other duties.

6400 Supplies and Materials - Amounts paid for material items of an expendable nature that are consumed, wear out, deteriorate in use, or items that lose their identity through fabrication or incorporation into different or more complex units or substances. It should be noted that a more thorough classification of expenditures would be achieved by identifying the object with the function, for example, the type of supplies, such as audiovisual supplies or classroom teaching supplies. For evaluation of a particular supply object, supplies can be broken into subdivisions such as food and other supplies in the food services program. To determine the merit of prepared food versus raw food, two further breakouts could be used: (1) food prepared for serving and (2) unprepared food.

6500 Capital Outlay - Expenditures for the acquisition of capital assets or additions to capital assets. They include expenditures for land or existing buildings; improvements of grounds; construction of buildings; additions to buildings; remodeling of buildings; initial equipment; additional equipment; and replacement of equipment. Lease purchase principal and interest with intent to acquire title must be treated as Capital Outlay. It is important to differentiate between expenditure object code 6500, Capital Outlay and function code 2540, Operation and Maintenance of Plant. Capital Outlay is an expenditure object, or what is purchased. Using the multidimensional coding structure, Capital Outlay may be related to all functions and subject matter areas should it be desired. For clarification of maintenance costs see function code 2540, Operation and Maintenance of Plant and expenditure object code 6332, Repairs and Maintenance. For improvement costs, see function code 4051, Building Acquisition, Construction and Improvement Services and expenditure object code 6521, Buildings, or expenditure object code 6531, Improvements Other Than Buildings.

6600 Long and Short Term Debt - Expenditures for the retirement of debt, the payment of interest on debt and the payment of fees.

ROCKWOOD R-VI SCHOOL DISTRICT FORECASTS

Budget forecasting is an essential tool for long term planning for the District and may look differently across the individual funds that make up our budget based on the following:

- <u>Incidental and Special Revenue (Teachers') funds</u>: considered the Operating funds of the District accounting for the day-to-day operations of the District
- <u>Child Nutrition, Student Activities and Community Education funds</u>: self-supporting funds based on the participation in programs offered by these departments to students, employees and our community
- <u>Building and Prop 3 funds</u>: funded primarily through local tax collections that provides resources for the purchase of equipment, cycle maintenance of our buildings, technology support for our students and staff as well as addressing safety related items at our buildings
- <u>Debt service fund</u>: dedicated tax rate collected that can only be used to pay outstanding general obligation bond principal and interest

Our projections for each of these funds are based on information currently available to us and certain estimates are based on historical information and trends. The projections have been carefully reviewed; however, actual results may vary from the forecasts and at any time the forecasts can be revised based on new information presented to the District. Variations between actuals and forecasts could have a positive or negative impact. Throughout our budgeting process, District leadership has been committed to providing resources to our staff and students to support their educational environment while also preserving the long-term financial position of the District. Commitments by the District must be sustainable within our revenue resources. Below is a summary of the major budget factors we have used in our process for the Incidental and Special Revenue (Teachers') funds:

Revenue estimates for 2025/26

1. Local property taxes are our largest source of revenue and the forecast for 2025/26 is based on 2025 being a reassessment year. Our estimated increase in assessed valuations is 5.06% for a total assessed valuation of \$5.7 billion based on information received from the County's Assessors Office. Our total tax rate is expected to remain relatively flat compared to 2024/25:

Incidental Fund	\$1.4753
Special Revenue (Teachers Fund)	1.6464
Building Fund	0.6200
Debt Service Fund	0.1400
	\$3.8817

Our tax rate ceiling will be reset since the District will be completing the Proposition 3 levy transfer in September 2025. Overall, we expect total assessed taxes for the operating funds to increase \$8.3 million for a total of \$172.4 million. The District has not factored into our budget the expected negative financial impact of Senate Bill 190 which freezes the amount of taxes owed for individuals over a certain age who meet specific eligibility requirements. Tax year 2025 is the first year Senate Bill 190 will be effective and the District has not been provided adequate information on the financial impact since the application process is open through June 30. Since Senate Bill 190 is essentially a credit taken on assessed taxes each year, we would expect our collection rate to decrease from the budgeted 97% collection rate that is historically obtained. Each 1% decrease in collection rate is equal to \$1.8 million in revenue.

- 2) The Foundation Formula and Classroom Trust revenue is estimated to increase \$5.9 million in 2025/26 compared to 2024/25 and is based on the following factors:
- a. State Adequacy Target (SAT) of \$7,145 which is an increase from the currently projected SAT of \$6,760 in 2024/25
- b. Weighted Average Daily Attendance (WADA) of 17,245 which is a decrease of 295 from 2024/25 and is consistent with our declining enrollment
- c. Dollar Value Modifier (DVM) remaining at 1.088

Using these factors which are based on guidance from DESE, we expect our total revenue from the Foundation Formula and Classroom Trust to be \$39.6 million. It is important to note that the guidance from DESE on SAT being \$7,145 is based on the budget approved by the Missouri Legislature in May 2025. The budget is not fully finalized until the governor approves the budget. In January 2025, the governor recommended the SAT to be finalized at \$6,760. Should the governor reverse the recommendation by the Missouri Legislature and finalize the SAT for 2025/26 to be \$6,760, the District will incur a \$7 million decrease in revenue.

- 3) Proposition C sales tax revenue continues to be strong and is paid out on a district's prior year weighted average daily attendance (WADA) at a per WADA amount set by the State based on current collections. The per WADA amount has increased 51% since 2019/20. The District is currently forecasting the 2025/26 per WADA to be \$1,567 which is a 3.5% increase over 2024/25. The \$1,567 is currently above the recommended amount from DESE of \$1,495 and the District will monitor sales tax collections throughout the 2025/26 budget year and adjust accordingly based on updated information. The increase to the per WADA is offset by the decrease in the District's prior year WADA from 17,340 to 17,053 due to our declining enrollment. Total forecasted revenue from Proposition C sales tax is \$26.7 million.
- 4) We will receive approximately \$7,800 per student involved in The Voluntary Interdistrict Choice Corporation's (VICC) program's participation through the District. The program is in the process of phasing out and the District is expected to enroll approximately 129 fewer students in 2025/26 compared to 2024/25. Total 2025/26 forecasted revenue through VICC is \$3.8 million.
- 5) The District is budgeting for the State of Missouri to fully fund the State's statutorily required 75% reimbursement of a District's transportation costs. Total forecasted transportation revenue is \$5.8 million and this would be the fourth year in a row the State has fully funded the District's transportation revenue.
- 6) Federal revenues are expected to decrease \$2.5 million in 2025/26 compared to 2024/25 primarily due to the expiration of the Relief funds from the COVID-19 pandemic that were all received by the District prior to September 2024.
- 7) All other county and state revenues will remain relatively flat in 2025/26 compared to 2024/25.

In addition to the current year budget factors, the District continually updates our three-year forecasting model to ensure the resources available to us are sustainable to cover District operations in our long-term financial plan. The following factors are included in our revenue forecasts of our major revenue sources for the 2026/27 through 2028/29 budget years:

		_	Local Taxes	
	2026/27		2027/28	2028/29
Reassessment Year	 No		Yes	No
Increase in Assessed Valuation	2.02%		5.06%	2.00%
Calculation Rate	97%		97%	97%
Total Assessed Valuation	\$ 5,808,527,431	\$	6,102,416,100	\$ 6,224,464,422

As mentioned above, the financial outcome of Senate Bill 190 is expected to impact the collection rate used in our forecasting. The District will update our factors as information is received from St. Louis County. A 1% change in our collection rate has a \$1.8 million dollar impact to our revenue.

Expenditure estimates for 2025/26

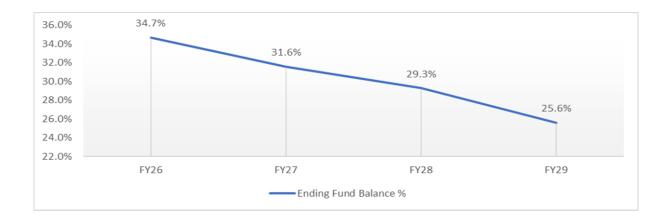

- 1) Salaries and benefits account for 85% of the District's operating budget. Salary increases for employees in the operating funds are expected to total \$7.6 million while employee benefits will increase \$3.1 million. The salary increases include a 5.25% increase to the teacher's salary schedule as well as to those employees not currently under a negotiated contract. The budget also includes the salary increases included in the contracts for the 2025/26 school year for the other five bargaining units in the District. Retirement benefits will continue to be at the stated retirement contribution levels which are 14.5% for certificated staff and 6.86% for non-certificated staff. Insurance benefits include a 10.0% increase to our self-insured health plan premium rates as well as a \$3.0 million increase in the additional contribution above premiums made by the District to support the plan in 2025/26.
- 2) Purchased services and supplies budget lines items have been reviewed and adjusted where appropriate to account for inflation and expected increases to commodities prices averaging 1-5%.
- 3) Approximately 4% of the operating budget is allocated to expenditures we consider fixed costs that cover our building utilities, general lines of business insurance and fuel for the District's fleet. The largest portion of our fixed costs is in utilities and general lines of insurance of which we are budgeting to increase 6% and 7% respectfully.

For budget year 2026/27 through 2028/29, the District has forecasted expenditures based on the following:

- Salary increases of 4.75% for 2026/27 and an average of 2% for employees not covered by a negotiated agreement for 2027/28 and 2028/29
- Medical and pharmacy insurance to increase approximately 7%
- General lines of business insurance to increase 5%
- Other fixed costs, supplies and services to increase between 2-5%

The estimates used in the revenue and expenditure forecasting for the operating funds are based on current data available to the District and provide a realistic financial picture through the 2028/29 budget year. One important component of the financial picture is the fund balance of the District. Board of Education policy 3117 requires a minimum operating reserve of 22%. The majority of the District's revenues come in December and January when the District collects on the taxes assessed. The fund balance is expected to provide the District adequate cash flow during the times of low revenue collections which is normally from July through November of each year. Fund balances are also designed to cover short-term changes to revenue sources or other unexpected circumstances requiring expenditures. In addition to cash flow requirements, the fund balance must also increase relative to any increases in expenditures to remain at the required ratio.

Based on the factors included in the forecasting through 2028/29, the District is projected to remain above our current board policy levels, but the projected budgets do include a planned spend-down of the fund balance. Future District planning must include strategies to reverse this trend of deficit spending. It is important to keep in mind these fund balance levels are also prior to any adjustments for the impact of the senior citizen tax freeze, potential changes to SAT funding levels in the Foundation Formula, and other revenue uncertainties that have not been included in our forecasting. These strategies may include actions that increase revenues, reduce expenditures, or both. The Board of Education has begun considering the possibility of a ballot initiative to increase the operating tax levy. Staffing levels will be closely monitored for any possible adjustments related to declining enrollment. The District will continue to monitor our revenue sources, explore new revenue opportunities, make fiscally responsible decisions regarding expenditures and continue to inform our Board of Education and community on the financial position of the District.

ROCKWOOD R-VI SCHOOL DISTRICT RELIEF FUNDS FROM THE COVID-19 PANDEMIC

In response to the COVID-19 pandemic, various legislative packages were approved between March 2020 through March 2021 that provided emergency relief funds to Elementary and Secondary schools to address the prevention, preparation and response to the COVID-19 pandemic. The District received \$2.9 million through June 30, 2021 from various relief fund sources that were used to purchase PPE, technology needs and costs to implement a virtual learning environment early on in the pandemic.

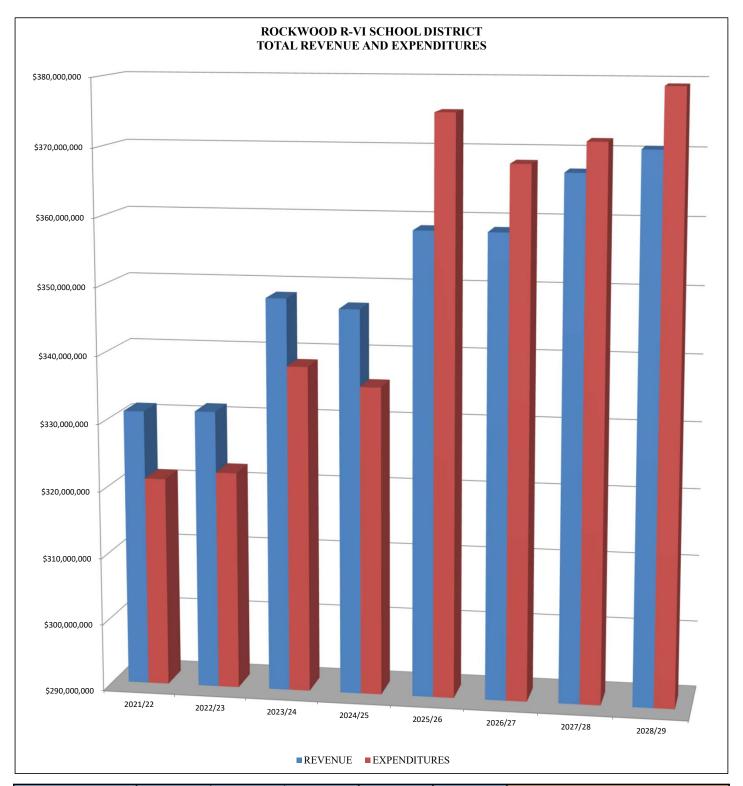

Elementary and Secondary School Emergency Relief (ESSER II) was signed into law through the Coronavirus Response and Relief Supplement Act (CRRSA) in December 2020 and awarded the District \$3.5 million. The District has fully spent our award allocation following the allowable uses criteria in the grant guidelines with advanced approval from DESE. Below is a summary of the allowable costs for ESSER II spent by the District:

	 2021/22	2022/23
PPE and other COVID-19 supplies/equipment: custodial equipment, PPE	\$ 229,981	\$ 306,510
Student/staff mental health programs: Alive and Well, Hazel Health	313,748	430,384
Technology: cybersecurity platforms and software, outdoor access points, other hardware	747,701	523,856
Indoor air quality enhancements: HVAC Ionization and software	780,196	4,577
Other items in response to COVID-19: Touchless POS systems, contact tracing, water bottle filling stations	179,620	
	2,251,246	1,265,327
		\$ 3,516,573

Elementary and Secondary School Emergency Relief (ESSER III) was signed into law through the American Rescue Plan (ARP) in March 2021 and awarded the District \$7.9 million to be used by September 30, 2024. The State of Missouri legislature appropriated ESSER III funding in March 2022; therefore funding was not available to the District until that time. The District has satisfied the federal guidelines which includes publishing/maintaining our Safe Return to In-Person instruction and Continuity Plan (SRCSP), budget application and compliance plans and communication with public/stakeholders. The funding provides for a wide range of activities to address needs arising from the COVID-19 pandemic but must earmark a minimum of 20% to address instructional needs. Below is a summary of the allowable costs for ESSER III spent by the District:

	 2021/22	2022/23	2023/24		2024/25
Response to COVID-19: PPE, custodial equipment, training, etc.	\$ 162,109	\$ -	\$	475,145	\$ 190,115
Accelerated learning: intervention programs, tutoring and materials	606,678	861,432		769,623	261,112
Indoor air quality enhancements: HVAC controls and unit replacements	-	2,245,732		1,923,674	5,808
Addressing mental health needs: Alive and Well, Hazel Health programs	-	-		352,916	56,817
	768,787	3,107,164		3,521,358	513,852
					\$ 7,911,161

All COVID-19 relief funds available to the District have been fully spent as of June 30, 2025.

SUMMARY OF ALL FUNDS

ROCKWOOD R-VI SCHOOL DISTRICT 2025/26 BUDGET FUND EXPLANATIONS

GENERAL FUND

The General Fund is the group of accounts reflecting daily district activities. Detailed line item expenditures are included in the financial section of this document which support this and all of the major funds. This fund accounts for expenditures for non-certified employees, pupil transportation costs, operation of plant, fringe benefits, student body activities, community services, the child nutrition program, and any expenditure not required or permitted to be accounted for in other funds.

SPECIAL REVENUE (TEACHERS) FUND

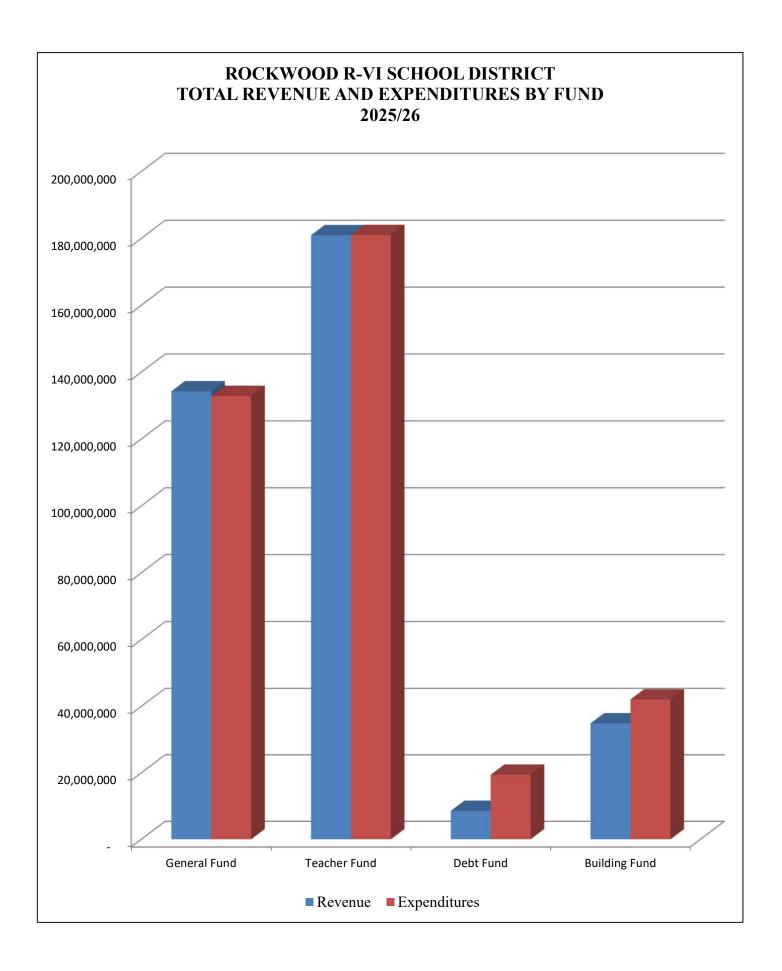

This is a special revenue fund that accounts for revenues derived from specific taxes or other designated revenue sources. The Teachers' fund is a special revenue fund which accounts for expenditures for certified employees involved in instruction and administration, and includes revenues restricted by the state and local tax levy allocations for the payment of teacher salaries and benefits. No other payments may be made from this fund.

CAPITAL PROJECT FUND

This fund accounts for all spending regarding bond issues and other capital related needs. This fund accounts for the proceeds of long-term debt instruments, taxes and other revenues designated for acquisition or construction of major capital assets.

DEBT SERVICE FUND

The District's General Obligation Bond Issues are serviced through the Debt Service Fund. The Debt Service Fund accounts for the accumulation of resources (mainly local tax revenue) for and the payment of principal, interest and fiscal charges on general long-term debt.

ROCKWOOD R-VI SCHOOL DISTRICT FUND BALANCES - GOVERNMENTAL FUNDS

In the fund financial statements, governmental funds report the following classifications of fund balance:

Nonspendable – includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact.

Restricted – includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.

Committed – includes amounts that can only be used for specific purposes. Committed fund balance is reported pursuant to resolutions passed by the Board of Education, the District's highest level of decision making authority. Commitments may be modified or rescinded only by the Board. The District does not have any committed fund balances.

Assigned – includes amounts that the District intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Amounts are assigned by the District's highest level of decision making authority or a body or official that has been given the authority to assign funds. The Board delegates the authority to assign amounts for specific purposes to the Chief Financial Officer.

Unassigned – includes amounts that have not been assigned to other funds or restricted, committed or assigned to a specific purpose within the General Fund. In other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed or assigned to those purposes, a negative unassigned fund balance may be reported.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board has provided otherwise in its commitment or assignment actions.

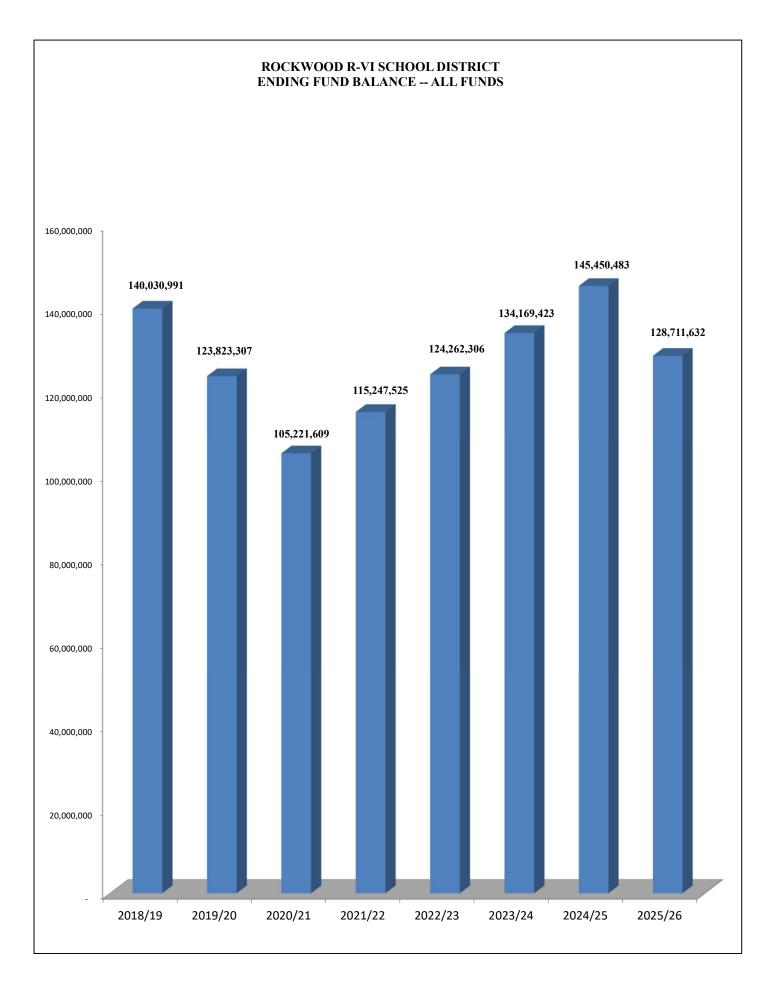

The table below summarizes our estimated fund balance by classification according to GASB 54:

			Special]	Debt Service		
		General	Revenue		Fund	Capital	Total
Estimated Fund Balances							
Nonspendable	l						
Prepaid items	\$	2,192,594	\$ -	\$	-	\$ -	\$ 2,192,594

Assigned							
Other capital projects		-	-		-	7,832,268	7,832,268
Unassigned		60,217,369	-		-	-	60,217,369
Total Fund Balance - June 30, 2026	\$	63,624,194	\$ 48,330,831	\$	8,924,339	\$ 7,832,268	\$ 128,711,632

The District implemented GASB Statement No. 74 and GASB Statement No. 75 for post-retirement benefit reporting. Actuarial costs for this implementation are not included in the 2025/26 budget. As of July 1, 2024, the actuarial accrued liability for benefits was \$33,904,400, all of which was unfunded. The District currently pays for the implicit rate subsidy associated with these postemployment health care benefits on a pay-as-you-go basis.

As previously noted, the District follows the legal requirements of the State of Missouri for fund accounting. Based on factors included in our forecasting the District is expected to trend with a deficit spend in fund balance through 2028/29. The forecast does reflect the ability for the District to remain above the board policy threshold of 22%; however, adjustments to reverse the deficit spend will need to be made. Any adjustments could be in the form of an increase to revenues, such as a tax levy increase, or intentiional reductions in expenditures such as those directly related with a declining enrollment environment. The District will continue to monitor and provide information on our financial position in order to remain financially responsible in the decisions made by the Board of Education.

ROCKWOOD R-VI SCHOOL DISTRICT 2025/26 BUDGET INCIDENTAL FUND (110)

	REVENUE EXPLANATION	
511-5122	Local - Property Taxes	\$ 80,490,474
5115	Local - Merchants and Manufacturers Taxes (M&M)	6,976,557
5141-5144	Local - Interest on Investments & Delinquent Taxes	1,272,797
5198	Other Local	1,796,350
5221	County - Assessed Utility Tax	1,573,611
5312	State - Transportation	5,813,796
5314	State - Early Childhood Special Ed	3,580,078
5324	State - Educ. Screening (Parents as Teachers)	970,000
	Other State	170,000
5418-5499	Federal	443,942
5800	Transportation Amounts Received From Other LEAs	600,000
TOTAL REV	ENUE	\$ 103,687,605

Please see the General Revenue Explanation (page 194) for details concerning the General Fund revenue. Local property tax, merchants and manufacturing and interest from delinquent taxes are allocated among the Incidental, Special Revenue (Teachers), Debt Service and Building Funds according to the tax levy associated with each fund and therefore the distribution is consistent across all funds. The Incidental Fund is estimated to receive \$1.4753 of the 2025/26 budgeted \$3.8817 tax levy.

ROCKWOOD R-VI SCHOOL DISTRICT 2025/26 BUDGET INCIDENTAL FUND (110)

EXPENDITURE EXPLANATION

6100 Salaries and Wages - Classified

\$ 41,965,028

These expenditures are for certificated and non-certificated employees and administrators serving in a non-teaching position. For 2025/26, salary increases approved by the Board of Education impacting employees in the incidental fund were between 3.5%-5.25%.

6200 Benefits 16,191,773

These expenditures are for all payroll related benefits including regulated payroll taxes, retirement costs (6.86% for non-certificated employees), and health and life insurance on the above mentioned classified employees. The 2025/26 budget includes a 10.0% increase to health insurance premiums as well as a \$3.0 million supplemental contribution to the District's self-insured medical plan to limit the impact of our rising medical and pharmacy costs to employees.

6300 Purchased Services

21,440,576

These expenditures are costs related to the following services provided to the District by nonemployees as well as other services purchased by the District:

Instruction Services	\$ 839,800
Instr Program Imp Service	568,654
Pupil Services	30,000
Staff Services	1,200
Audit Services	68,000
Data Processing/Tech Services	440,550

ROCKWOOD R-VI SCHOOL DISTRICT 2025/26 BUDGET

CHILD NUTRITION SERVICES (120)

REVENUE EXPLANATION		
5100 Local This is revenue from students and adults for the sale of meals served under the National School Lunch and Breakfast Programs as well as a la carte, snack bar, vending and special meals. This revenue also includes funds collected for special events and meetings where catering fees are charged. Changes in student population as well as approved increases in lunch or breakfast prices are the drivers for this revenue.	\$	7,055,014
5300 State The State Department distributes money based on the number of meals served. The Child Nutrition Department provides an estimate of the revenue.		41,530
5400 Federal The Federal government provides funding based on the number of Type A meals served and on the number of free and reduced price meals served to students of families who meet guidelines for receiving free and reduced priced meals.		1,866,655
5600 Sale of Property		1,200
TOTAL REVENUE	\$	8,964,399
		- 9 9
		2,5 2 1,0 5 5
EXPENDITURE EXPLANATION	6	
EXPENDITURE EXPLANATION 6100 Salaries and Wages Salaries and wages reflect the amount paid to employees, both management and support staff, who are considered to be in a position of permanent nature or hired temporarily, including personnel substituting for those in permanent positions. The Board of Education approved a 5.25% increase to employees for the 2025/26 school year.	\$	3,942,699
6100 Salaries and Wages Salaries and wages reflect the amount paid to employees, both management and support staff, who are considered to be in a position of permanent nature or hired temporarily, including personnel substituting for those in permanent positions. The Board of Education approved a 5.25% increase	\$	

Supply costs include the inventory purchased for the cafeteria program as well as non-program sales.

6500 Capital

These costs are associated with refresh of certain kitchen equipment. The program is using accumulated fund balance to address kitchen equipment needs across all campuses of the District.

4,321,932

The services are primarily equipment repairs, rental and trash hauling services. The costs

associated with these services are expected to increase slightly with inflation.

5311	State - Foundation Formula	29,188,272
5314	State - Early Childhood Special Ed	3,405,205
5319	State - Classroom Trust Fund	10,426,050
5400	Federal	1,141,275
TOTAL REVI	ENUE	\$ 180,908,971

Please see the General Revenue Explanation (page 194) for details concerning the Special Revenue (Teachers) Fund revenue. Local property tax, merchants and manufacturing taxes are allocated among the General, Special Revenue (Teachers), Debt Service and Building Funds according to the tax levy associated with each fund and therefore the distribution is consistent across all funds. The Special Revenue (Teachers) Fund is estimated to receive \$1.6464 of the 2025/26 budgeted \$3.8817 tax levy. The District has chosen to place all of the State revenue sources from the Foundation Formula and the Classroom Trust fund in the Special Revenue (Teachers) Fund.

ROCKWOOD R-VI SCHOOL DISTRICT 2025/26 BUDGET

SPECIAL REVENUE (TEACHERS) FUND (200)

EXPENDITURE EXPLANATION

6100 Salaries and Wages

\$ 133,732,623

These expenditures are for full or part time contract and prorated portions of the costs for work performed by certified administrators and teachers. In March 2025, the Board of Education and the Rockwood National Education Association ratified a contract through the 2027/28 (two-years for salary) school year. The budget for the 2025/26 school year includes a 5.25% increase to the salary schedule.

6200 Benefits 46,579,177

These are expenditures for all payable related benefits on the above mentioned certificated employees including retirement costs, Medicare and insurance costs. The 2025/26 budget includes a 10.0% increase to health insurance premiums as well as a \$3.0 million supplemental contribution to the District's self-insured medical plan to limit the impact of our rising medical and pharmacy costs to employees.

6300 Purchased Services

670,000

This expenditure is for the pass-through funding to Special School District for instructional services.

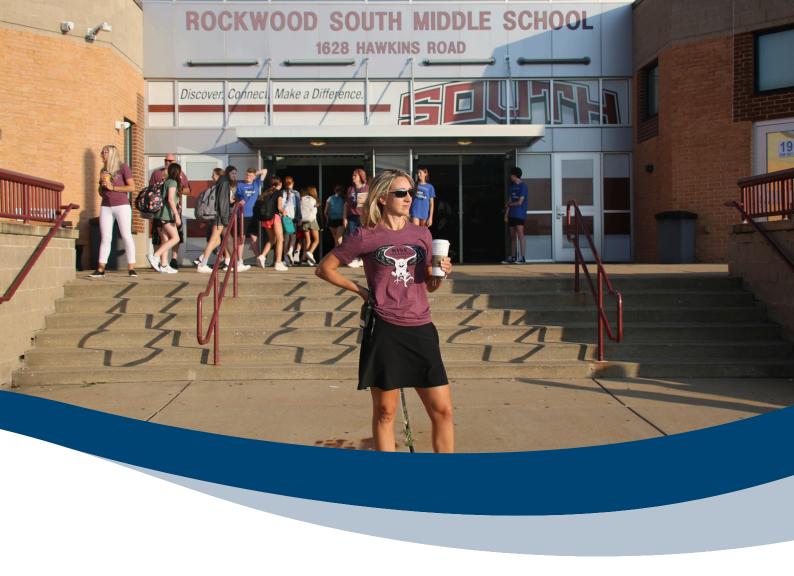

TOTAL EXPENDITURES

\$ 180,981,800

These are the only expenditures that may be charged to the Special Revenue (Teachers) Fund.

BUILDING FUND

ROCKWOOD R-VI SCHOOL DISTRICT BUILDING FUND EXPLANATION

The District follows generally accepted accounting principles (GAAP) and legal requirements of the State of Missouri for fund accounting. The Building Fund represents the operations portion of the capital projects fund. While there are a variety of revenue sources to this fund it is primarily funded through the District's tax rate. The Proposition 3 (Prop 3) fund accounts for the revenue and expenditures related to a 2023 ballot initative transferring a portion of the District's debt service levy to the capital projects fund. Below is a summary of the budgeted and forecasted capital projects fund tax rates:

	2024/25	2025/26	2026/27	2027/28	2028/29
Building	0.08	0.08	0.08	0.08	0.08
Proposition 3	0.36	0.54	0.54	0.54	0.54
Total Capital Projects Tax Rate	0.44	0.62	0.62	0.62	0.62

As noted above, the capital projects tax rate is a combination of the Building fund and Proposition 3 fund. While we report the total of the Building and Proposition 3 funds together in our Building fund budget, the District internally reports these separately in our accounting system to enable reporting to our patrons regarding the outcomes of Prop 3. The purpose of this summary is to provide the breakdown and explanation between the Building and Proposition 3 funds as it relates to the 2025/26 budget document.

The Building fund tax rate of \$0.08 is used to fund annual department equipment and furniture, vehicle and bus acquisition and capital lease payments. The Building fund also includes a fix-on-failure allocation that will be used to address immediate repairs and replacements of facility maintenance items that are not part of the annual cycle maintenance planning. Common examples of items addressed by the fix-on-failure allocation include replacements and repairs for chillers, HVAC units, roofing, boiler and hard-surface areas around our facilities. Below is a summary of our budgeted use for the Building fund resources:

Expenditure description	2025/26	2026/27	2027/28	2028/29	
Department equipment and furniture	\$ 908,140	\$ 908,140	\$ 908,140	\$ 908,140	
Vehicle and bus acquisition	2,035,190	2,147,000	2,347,000	2,547,000	
Fix on failure	1,800,000	1,800,000	1,900,000	1,900,000	
Building improvements	890,999	-	-		
	\$ 5,634,329	\$ 4,855,140	\$ 5,155,140	\$ 5,355,140	

The District has thirty-seven buildings with an average age of forty-seven years and totaling 3.8 million square feet that need to be maintained in order to continue to provide an outstanding education for our students. Annual costs to provide that maintenance on our aging facilities is approximately \$30 million. Beginning in 2014/15, work began on a long-range capital plan that was included in the District's *Way Forward* strategic plan to transition to a pay-as-you-go-method rather than relying on bond issues to address safety, technology and facility cycle maintenance needs. This plan was completed in November 2023 when Proposition 3 was presented to the voters and received an overwhelming 66.3% approval rate. Prop 3 allows the District to increase the Capital Projects tax rate by \$0.54 over a two-year period. In return, the District is lowering the Debt Service tax rate by \$0.54 resulting in a net no-tax rate increase.

The funding from Proposition 3 allows the District to be proactive and follow our long-term capital plan to address replacement of items that have a short-term life span, such as student and staff devices, HVAC units, roofing and paving. The District will be able to address these items without incurring additional debt and subsequent interest payments on that debt. Although bond issues may still be necessary in order to fund large-scale construction projects, such as new buildings or significant improvements, restructuring the tax levy without raising the overall tax rate is the most fiscally-responsible way to fund annual projects and ensure the District is being good stewards of taxpayer dollars.

The 2025/26 budget includes the full transition of the tax rate transfer of \$0.54 to the Proposition 3 fund dedicated to our annual cycle maintenance needs. The tax rate in the Debt Service levy has been reduced by the same amount to complete the transfer promised at the ballot. Below is a summary of our budgeted use of resources generated through Proposition 3, based on when the District plans to spend the funds for projects in each of the categories:

Category	Expenditure Description	2025/26	2026/27	2027/28	2028/29

\$ 36,442,780 \$ 30,225,000 \$ 31,725,000 \$ 32,325,000

The planning for capital outlay is updated each year as our Chief Financial Officer (CFO), Director of Facilities, and other members of the facilities department visiting each building to tour and discuss significant needs with building administrators. The plan is also updated as necessary throughout the year as maintenance work orders are submitted and reviewed. The maintenance listing is prioritized and monitored throughout the year. The estimates provided above, specifically for the projected budget years beginning in 2026/27 are based on currently known needs and will certainly change as we prepare for each budget cycle.

The District also works with a Capital Planning Advisory Committee made up of representatives from every patron group, including teachers, building and district administrators, the Board of Education and members of the community. The committee is designed to provide feedback and input on various aspects of the district's capital planning and communication to patrons. While advisory in

For additional information on Proposition 3 please visit our website: www.prop3.rsdmo.org/facilities

Total expenditures reported in the building fund are summarized below:

Fund	2025/26	2026/27	2027/28	2028/29
Building Proposition 3	\$ 5,634,329 36,442,780	\$ 4,855,140 30,225,000	\$ 5,155,140 31,725,000	\$ 5,355,140 32,325,000

5114	Local - Financial Institution Tax		5,622							
5116	Local - In Lieu of		3,810							
5141-5144	Local - Interest on Investments and Delinquent Taxes		337,428							
5221	County - State Assessed Utility and Other		661,316							
5400	Federal		20,000							
5600	Sale of Property		24,000							
TOTAL REV	ENUE	\$	34,878,580							

Please see the Building Fund Explanation (page 194) for details concerning the Capital Fund revenues. Local property taxes, merchants and manufacturing and interest from delinquent taxes are allocated among the General, Special Revenue (Teachers), Debt Service and Building Funds according to the tax levy associated with each fund and therefore the distribution is consistent across all funds. The Building Fund is budgeted to receive \$0.62 of the 2025/26 budgeted \$3.8817 tax levy which includes \$0.54 from Proposition 3.

ROCKWOOD R-VI SCHOOL DISTRICT 2025/26 BUDGET

BUILDING FUND (430 AND 450)

EXPENDITURE EXPLANATION									
6521 Building These are expenditures for the design, addition, renovation or structural components of new and existing buildings. For the 2025/26 budget year the majority of this line item will include the roof replacements at specific buildings as part of the annual cycle maintenance funded by Proposition 3.	\$ 7,463,620								
6531 Improvements Other Than Buildings These are expenditures for the initial and additional improvement of sites and adjacent ways after acquisition. For the 2025/26 budget year this line item will include parking lot surface replacements and improvements as well as door access security features all funded through Proposition 3.	6,208,948								
6541-6542 Regular and Instructional Apparatus Equipment These are expenditures for the initial, additional, and replacement of technology equipment for staff, students and infrastutre as well as furniture and machinery.	25,797,351								
6543 Technology-Related Hardware These are expenditures for the initial, additional, and replacement of technology equipment.	72,000								
6551 Vehicles These expenditures are for the purchase of maintenance and warehouse vehicles (does not include pupil transportation vehicles). These expenditures will change annually with the need to replace existing or add new vehicles to the District fleet.	647,000								
6552 Vehicles - School Buses The 2025/26 budget provides for the replacement of 13 school buses as part of our bus refresh cycle. All buses used in our fleet are owned by the District.	1,888,190								
TOTAL EXPENDITURES	\$ 42,077,109

The most recent bond issuance to fund cycle maintenance and technology refresh was from the April 2017 voter authorization. As of June 30, 2024, all bond issue funds have been fully spent as we transition to the annual safety, technology and cycle maintenance items being funded through Proposition 3 in the building fund. See subsequent schedules for additional information on the previous bond issue projects.

ROCKWOOD R-VI SCHOOL DISTRICT CAPITAL PROJECTS

The summary of expenditures included in the proceeding page are primarily through the issuance of general obligation bonds and are reported within the Bond Issue funds. Historically the District relied on general obligation bonds to satisfy capital project needs. As previously discussed, those needs are now currently being budgeted through the Proposition 3 funding and at this time the District does not have any plans to issue new general obligation bonds. Below is a summary of the two most recent bond issues that are included in prior years of this budget book.

On April 7, 2015, the District voters approved Proposition 4, a \$68.95 million bond issue to address capital funding needs at the District's 19 elementary schools, 6 middle schools and 4 high schools. Selling of these bonds occurred through two installments in May 2015 and March 2016. Combined with the par value, premium received on the bonds and interest earnings, the District spent a total of \$76.8 million on various cycle maintenance and special projects through March 2020. A summary of the use of those funds provided through Proposition 4 is provided below:

Project Name	Aı	mount Spent	Completion Date
High school science lab upgrades	\$	16,640,508	September 2017
HVAC (district-wide)		9,644,663	November 2018
Asphalt (district-wide)		7,376,841	February 2019
Roofing (district-wide)		5,306,662	October 2017
Athletic facilities		11,754,718	October 2017
Kitchen/cafeteria expansion		2,432,926	January 2017
Building renovations		1,117,733	June 2017
Safety (district-wide)		1,192,414	June 2017
Technology		12,207,053	February 2020
Other cycle maintenance (district-wide)		3,037,544	June 2018
Other special projects		1,599,384	June 2018
Other costs		4,439,241	June 2018

During the 2016/17 school year the District began planning for significant growth occurring within the District in which approximately 2,300 homes would be built over the next 5 years. Projections of increases in student enrollment led District officials to review current capacity in our schools. Also, during the last few years, the District has supported STEM/Innovative learning initiatives as well as making a concentrated effort to decrease class sizes at the elementary level to move toward the State's desirable class size numbers. In April 2017, the District placed a \$95.5 million bond issue on the ballot and once again the Community approved the measure. The bond authorization, Prop T, is expected to cover projects and cycle maintenance through the 2023/24 school year. The District sold \$62.8 million in March 2018 and sold \$31.1 million in November 2019 for a total of \$93.9 million of the \$95.5 authorization. Due to better than expected premiums and investment returns totaling approximately \$10.9 million, the District was able to provide savings to our community by not selling the \$1.6 million of remaining bonds. The below chart summarizes the projects funded through Prop T. As of June 30, 2024, the District has spent 100% of these bond proceeds.

The chart below summarizes projects and important dates funded by Prop T through June 30, 2024:

Project Name	A	mount Spent	Completion Date
Eureka High School STEM	\$	31,415,116	August 2020
Eureka Elementary School		22,627,660	August 2019
Geggie Elementary School Addition		4,985,421	April 2019
Marquette High School STEM		7,563,861	June 2021
Wildwood Middle School Gym		2,246,548	June 2021
Elementary STEM Labs		2,622,416	January 2020
High School Tennis Courts and Bleachers		2,899,755	October 2022

Asphalt (district-wide)		5,144,315	August 2023
Athletic Fields (district-wide)		4,302,835	August 2023
Technology		14,867,655	July 2023
Other special and cycle maintenance projects		4,776,130	August 2023
Other costs		676,030	June 2022
	\$	105,089,736	

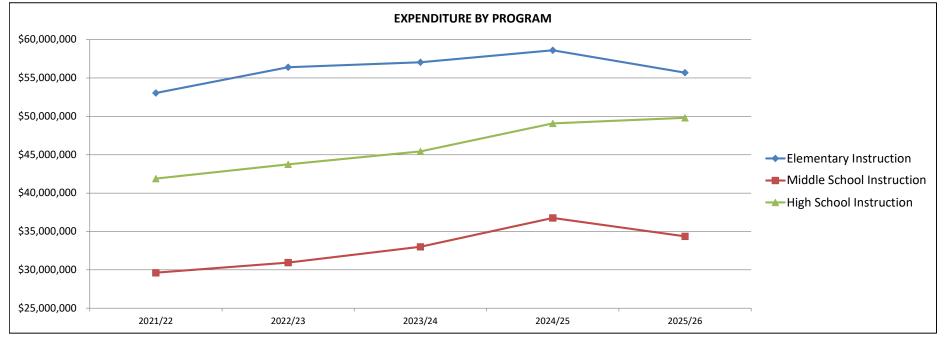

The District currently enjoys a bond rating of AAA with Standard and Poor's Rating Agency. Missouri State Public School Law, Section 164.161, states that the entire amount of bonds (loans) outstanding in the aggregate may not exceed fifteen percent of the value of assessed property as of the last completed assessment for state and county purposes. The District's estimated assessed valuation for 2024/25 is \$5,445,296,441 which translates to a bond issue debt limit of approximately \$816,794,466. Currently the District has a total debt level of \$85,585,000, well below the State of Missouri limit.

\$55,690,077 ELEMENTARY INSTRUCTION

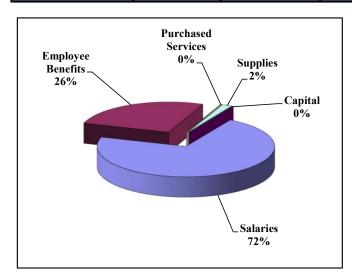

The elementary curriculum/instruction portion of the budget provides the funds to pay teacher salaries and benefits, purchase materials, software, and manipulatives which will support curriculum as approved by the Board of Education. Staff development will continue to focus on implementation of new curriculum, revisions to curriculum, and continuing training in the area of acceleration/differentiation. Funding will continue to be provided for district-level math, language arts, reading and ESOL coaches.

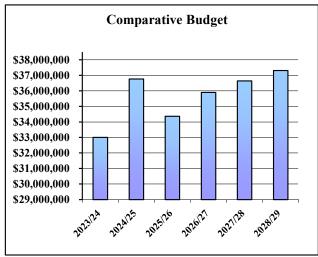

At the building level, budgets are allocated to buildings based on per pupil expenditures. These funds are spent to support curricular needs within the building, initiative programs, student programs and supplemental materials and supplies. Funds are being provided to buy hardware, software, books and materials. In addition, staff development is being provided for regular classroom teachers in the area of reading instruction. To target students who are at risk of educational failure, and change the achievement level for those students in particular. Staff development will provide support to teacher's implementation of all new curriculum.

The District monitors the enrollment at each building following our class size sections. Depending on the circumstances the District may add classroom sections at a building prior to the start of the school year. The 2025/26 adopted budget includes 404 sections across our 19 elementary buildings. Our budget recapture technique is placed in the elementary function; however we expect elementary salaries to exceed the 2024/25 projection. Overall teachers are provided a 5.25% increase for 2025/26 school year per the ratified contract. Benefits are increasing due to the above mentioned salary increases, as well as changes in the District's insurance plan as employee premiums are estimated to increase 10.0%.

\$34,366,143 MIDDLE SCHOOL INSTRUCTION (grades 6-8)

The middle school curriculum/instruction portion of the budget provides the funds to pay teacher salaries and benefits. Funds will also provide for the purchase of textbooks, materials, software and equipment to support continuing implementation of all curriculum documents as approved by the Board of Education. At the building level, budgets are allocated to buildings based on per pupil expenditures. These funds are spent to support curricular needs within the building, initiative programs, student programs and supplemental materials and supplies. Much time, effort and energy is spent on proper professional development of teachers in the area of best grading practices, first best instruction, evaluation instruments, and effective use of technology in the classroom. Salary costs in 2025/26 will increase 5.25% with the teacher's contract and negotiation efforts. Benefits are increasing due to the above mentioned salary increases, as well as changes in the District's insurance plan as employee premiums are estimated to increase 10.0%.

This program supports the K-12 curriculum/instruction by implementing our goal that each student will have a textbook or appropriate resources in both the core and foreign language areas. Funds also continue to support implementation of the library automation system for grades K-12. The allocation of these funds allows us to purchase the objective and ACT/SAT reports and to pre-code tests with student information. In addition, other regular instruction includes the costs of providing virtual learning formats to our students and the District is currently evaluating the financial impact of offering virtual learning options to our students.

The District responds to the needs of students who are culturally different, at risk of educational failure, bilingual, or have special needs by providing a broad spectrum of programs, services, and resources. Programs and services, including Special School District (SSD) are available district-wide at all levels. The programs, including Parents as Teachers, First Steps, SSD, health centers and mental health agencies, aim to enhance the academic success of students identified as at-risk.

- At the elementary level, Care Teams meet regularly to develop strategies for addressing the needs of at-risk students. Title I programs provide skills for students struggling with basic skills.
- At the middle school level, grade level teams meet daily to create interventions addressing the needs of at-risk students. Title I VICC funds are also used to promote skills for students struggling with reading. Literacy coaches have been implemented for students experiencing academic difficulties as well as tutoring being offered both by teacher help sessions and peer tutoring.
- At the high school level, tutoring is available both through teacher help sessions and peer tutoring. Mentoring programs link students with staff to offer a one-to-one contact. The Pathway Wellness Center educates students (middle and high school) who are in danger of dropping out of school because they experience difficulty in the regular school setting or other external factors that may limit learning abilities in a regular school setting.

\$8,352,611 EARLY CHILDHOOD SPECIAL EDUCATION

In 2002/03, the District assumed responsibility for the provision of early childhood special education services. Previously, the services were provided by the Special School District of St. Louis County. Early childhood special education is a federally mandated program funded 100% through State and Federal funds. The program provides special education and related services to pre-kindergarten children who are evaluated and determined eligible for services. Related services can include but are not limited to speech-language therapy, physical therapy, occupational therapy, music therapy, nutrition therapy, and transportation. An Individual Education Program is established for each eligible child and all services are delivered by professionals certified in early childhood special education or in the related services. Early childhood special education services are provided throughout the District in a variety of settings. The program operates on the philosophy of supportive inclusion through integrated classroom settings whenever appropriate. Transportation expenditures related to this program are included in this schedule.

\$11,901,644 STUDENT ACTIVITIES

These budget funds support direct and personal services for public school students such as entertainment, clubs, band, and orchestra that are operated by the student body under the guidance and direction of an adult and are not part of the regular instruction program. The activities are partially or wholly self-supporting. This schedule is inclusive of self-funded activities, school-sponsored athletics and other activities. Transportation expenditures related to student activities are currently reported in the Transportation program but will be transferred to this program at year end.

\$814,500 TUITION TO OTHER DISTRICTS

These expenditures are to reimburse other local educational authorities for the cost of educating the District's students. The largest portion is a pass-through of revenue from the State to the Special School District (SSD). SSD handles the education of special needs students for all school districts in St. Louis County.

\$27,026,370 INSTRUCTIONAL SUPPORT

This area of the budget covers the costs of salaries, services and supplies for administrative, technical and logistical support to facilitate and enhance instruction. Included are costs associated with planning, developing and implementing curriculum development, student attendance, social services and guidance, standardized testing programs and health services. The District has been able to budget for annual curriculum adoptions based on the Board approved plans since the 2014/15 school year. The annual adoptions includes curriculum training and implementation of supplies and materials budgeted to be in place at the beginning of the school year for our students.

\$3,015,124 PROFESSIONAL DEVELOPMENT

These expenditures are designed to contribute to the professional learning for educators, administrators and support staff. The expenditures meet the objectives of the Board of Education approved comprehensive school improvement plan (CSIP). Professional learning areas of focus within these expenditures include personalizing student learning to meet the needs of individuals, K-5 literacy and mathematics instructional strategies to support all learners, Universal Supports, technology-rich classrooms, optimizing the classroom environment and curricular-related topics. In addition, particular attention has been paid to meeting the social and emotional needs of students, empowering our educators to identify and support students with needs in these areas. Examples of this learning include Trauma-Informed Care and Mindfulness in the Classroom. Included in the professional development budget is the 1% allocation through the Basic State Formula which the District annual exceeds.

LIBRARY SERVICES

\$3,539,353 LIBRARY SERVICES

The budgeted expenditures cover the salaries and related benefits for all certified librarians. It also funds the purchase, processing, circulation and inventory of library materials (i.e. print materials such as books and magazines as well as electronic materials such as Destiny and database subscriptions, ebooks, audio books, etc.) These materials and supplies are vital for the successful implementation of the Library program goals which include supporting subject area curriculums and teaching information literacy skills. It is important that our students have these opportunities to become college and career ready, independent readers and critical thinkers.

\$36,832,909 CARE AND UPKEEP OF FACILITIES

This portion of the budget covers the salary for approximately 250 custodial, maintenance and facilities support staff members and professional employees. Supplies, services and capital expenditures (non-bond issue related) for all activities concerned with keeping all physical facilities open, comfortable and safe as well as maintaining grounds, building and equipment in an efficient, working condition are also paid from this department. A portion of the capital budget includes the fix-on-failure allocation that will address any immediate needs that arise during the school year.

TRANSPORTATION

	Ι	ACTUAL 2023/24	E	ESTIMATED 2024/25		BUDGET 2025/26		FORECAST 2026/27		FORECAST 2027/28		ORECAST 2028/29

\$10,146,900 TRANSPORTATION

This section of the budget covers expenses incurred by the District in transporting K-12 students to and from home and school and for school sponsored field trips utilizing the District's owned vehicles and drivers. In 2015/16, the District determined that purchasing and operating it's own fleet of buses and staff was more cost effective than contracting with a transportation vendor, and consequently, our fleet of 186 buses were purchased. Much like all school districts, we are currently experiencing a shortage in bus drivers as we have reduced our routes by a total of 59 since the 2021/22 school year. The District's bus fleet has also been reduced to 123 buses to reflect the current reality. The 2025/26 budget includes a staff of approximately 115 bus drivers and 34 additional staff to support the transportation services. The District will continue to issue an annual fuel bid, and the selected vendor's annual fuel contract term will be limited to the 2025/26 school year. Purchased Services expenditure reflect amounts are the result of the net of the transfer of transportation expenditures to other programs. The District is budgeting to purchase 13 new school buses as part of our annual bus refresh review. This program does not include transportation expenditures for Early Childhood Special Education students.

CHILD NUTRITION AND WAREHOUSE

\$10,719,239 CHILD NUTRITION SERVICES

The Child Nutrition Services serves breakfast, lunch, ala carte snacks and catering within the Rockwood School District. On average and in a normal school year, the Department will serve approximately 1.3 million student lunches and 0.3 million student breakfast's. The District also receives commodities from the USDA. The 2025/26 budget includes an average 5.25% increase in wages to our child nutrition staff. In prior years the program has increased the beginning pay in attempt to offer competitive wages in this job market. Commodity and supplies prices have increased based on supply demands and inflation. The budget includes the necessary adjustments to account for these increases. The program also pays the district for indirect cost association with running the programs, approximately \$585,00 annually, in accordance with the State guidelines. The department maintains all the necessary record keeping to satisfy the requirements for students who are eligible to receive free and reduced meals per the guidelines by the State of Missouri and the USDA National School Lunch program and the Breakfast program.

\$19,951,102 COMMUNITY SERVICES

These expenditures are in support of services provided to the community as a whole or certain target segments in particular. These costs support programs related to providing fee-based opportunities to the citizens of the District. These expenditures, with the exception of State supported Early Childhood and non-public school expenditures, are self-supported through the Community Education fee structure and include School-Age Care, Aquatics, Youth and Adult Sports, Visual and Performing Arts, Babler Outdoor Education Center, and Enrichment programs. Community Education provides high quality programs and services that enhance the quality of life for district residents. Beginning in 2014/15, Rockwood entered into a partnership with Parkway School District to offer a combined Community Education program. The Community Education partnership has allowed for enhanced and expanded programming and services for youth, families and adults in the areas of Adult Education and Literacy, Aquatics, Enrichment, Outdoor Education, School-Age Care, Sports and Fitness and Visual and Performing Arts. Each year, Community Education employs more than 500 staff in full-time, part-time and seasonal positions, works with more than 30 community partners and engages more than 450 volunteer coaches to deliver programs at over 50 locations throughout both districts. Rockwood serves as the fiscal agent for the Community Education partnership and all programs are fee-based, with the exception of the Adult Education and Literacy programs which are funded through grants administered by Parkway. The program was significantly impacted by the COVID-19 pandemic closures but has been able to fully recover and the program is budgeting for increased participation and positive financial status throughout the 2025/26 school year.

\$37,202,213 CAPITAL OUTLAY - FACILITY ACQUISITION

This portion of the budget supports the acquisition of land and buildings, improvement and major maintenance of buildings, construction of buildings, additions to buildings as well as initial installation of service systems and costs for lease purchase obligations. A thorough review of the District's facilities occurs each school year. Through 2023/24 the primary source of funding these expenditures was through bond issues. Beginning in 2024/25 the District has a dedicated revenue source to fund our cycle maintenance, technology and safety needs of approximately \$30 million per year.

ROCKWOOD R-VI SCHOOL DISTRICT 2025/26 BUDGET

EXPLANATION OF KEY REVENUES AND EXPENDITURES

The following explanations cover the major local, county, state and federal revenues which are allocated to the General, Teachers, Debt Service and/or Building Funds according to the tax levy associated with each fund or at the discretion of the Board of Education. Other revenues are particular to the funds that they support.

REVENUE LOCAL

5111 Current Taxes – these revenues are derived from taxing real and personal property within the District for the current year. The estimated \$3.8817 total tax levy for 2025/26 will be levied on each \$100 of assessed valuation which is determined by the local County Assessor's office. Each even numbered year is a non-reassessment year and each odd number year is a reassessment year. This is the main source of revenue for funding the operations of the District, representing 69% of the operating revenue, or 64% of total revenue. Assessed valuations are expected to increase approximately 5.08% for 2025/26 since calendar year 2025 is a reassessment year.

5112 Delinquent Taxes – this revenue is derived from collection of delinquent prior years' and is offset by the refunding of taxes to taxpayers that have won an appeal to decrease their assessed valuation with the County Assessor or Board of Equalization.

5113 Sales Tax (Proposition C) – these revenues are collected by the state through a 1% sales tax on consumer goods and then distributed to school districts based on their weighted average daily attendance (WADA) multiplied by a per pupil amount calculated by the State of Missouri. For the 2025/26 school year the District is forecasting the per pupil amount to be \$1,567 which is above the current guidance from the State of Missouri. Our forecast is based on collection trends experienced by the District and we will closely monitor any changes to the forecasted per WADA. The second factor in this calculation is the District's prior year WADA. We are in a declining enrollment phase and are estimating our 2024/25 WADA to be 17,053, which is a 1.7% decline from 2023/24. Any changes to the WADA could be offset by the changes in the final per pupil allocation. Prop C revenues represent 9% of the operating revenue of the District and will fluctuate with the student population and local economic factors.

5114 Financial Institution Tax – this revenue is based on a tax levied on intangible assets held by banks or other financial institutions. Revenue from this source will fluctuate from year to year as there is no formal calculator District's can use to estimate the revenue. The District uses prior year actuals as a baseline for estimating this revenue source and actuals will vary from year to year.

5115 Merchants and Manufacturers Tax – these revenues are a surcharge on commercial real estate to replace revenue lost when the past business inventory tax was eliminated. The District has experienced increase revenues from this source as a result of commercial assessed valuations increasing 19% the last four school years.

5141–5143 Interest – these revenues are from earnings on all temporary deposits and investments plus interest received on delinquent taxes. As fund balances increase or decrease over time and as interest rates change, these revenues will fluctuate. The District has adjusted our interest revenue from investments based on current market conditions reflecting a 3.5-5% return on investment.

5179 Other Pupil Activity Income – these revenues include parking revenue, payments for musical instruments, gifts and other donations.

5197 Voluntary Inter-district Choice Corporation (VICC) – these revenues are based on the number of volunteer transfer students (VICC) enrolled in the District from the St. Louis City district. The District receives \$7,800 per student enrolled in the program. The District is estimating 527 students to be enrolled through the VICC program in 2025/26.

5198 Miscellaneous Local Revenue – these revenues include cell phone tower lease revenue, energy rebates, litigation settlements, purchasing card rebates and other sustaining local revenue sources.

COUNTY

5221 State Assessed Utility – these revenues are assessed against the property of railroad and utility companies based on the county assessed valuation and the average county school district levy rate. These revenues represent 1% of total revenue.

STATE

5311 Foundation Formula – these revenues are state general fund amounts distributed to school districts based on a formula calculated to provide equity in revenues to all school districts in the state. These revenues are 13% of total revenue when combined with revenue object 5319 (also from State Foundation Formula). The Foundation Formula and Classroom Trust revenue forecast's factors are as follows: State Adequacy Target (SAT) of \$7,145 per weighted average daily attendance (WADA), Dollar Value Modifier (DVM) of 1.088, District WADA of 17,114 and Classroom Trust payment of \$576 per WADA. The estimated factors are forecasted to generate approximately \$39.6 million in revenue for 2025/26.

5312 Transportation – these revenues are from the state for reimbursement of a portion of the cost to transport students to and from school. Historically this revenue source has been underfunded by the State of Missouri but beginning with the 2022/23 budget year, the State of Missouri increased the appropriation for transportation revenue by \$214 million which fully funded transportation for the first time since 1991. The 2025/26 budget reflects transportation being full funded once again.

5314 ECSE - **State**- these revenues support the joint program with the District and the State of Missouri for Early Childhood Special Education and will continue in the future with growth in this important program. Any federal funds received for ECSE are reported under object 5442.

5319 Classroom Trust Fund - these revenues are part of the new Missouri Foundation Formula as explained in revenue object 5311. The Classroom Trust Fund portion of the formula is deducted "off the top" and may be placed in any fund and spent for any expenditure at the discretion of the Board of Education. The current forecast for Classroom Trust is \$576 per WADA.

5324 Parents As Teachers – these revenues are received from the state for Early Childhood Screening and Parents as Teachers programs. They are projected to decline.

FEDERAL

5418 ROTC Reimbursements – these revenues are federal government reimbursements for the various military services reserve officer-training programs.

5422:5424 CARES Elementary and Secondary School Emergency Relief (ESSER) Fund – amounts received through DESE funded by the various federal relief funds in 2020 and 2021. Funding is available through various timelines with a current end date of September 30, 2024.

5442 ECSE – Federal – see 5314 above for explanation of Early Childhood Special Education.

5442: 5448 School Breakfast and Lunch Programs – these revenues are received directly from DESE for the National School Breakfast and Lunch Programs on students who qualify for free and reduced lunch meals.

5451 Title I – these revenues are appropriated from the U.S. Congress for Elementary and Secondary Education Amendments of 1965 for special programs. A portion of the Voluntary Transfer Student revenue is received through the Federal Title I program as a pass through.

INFORMATIONAL SECTION

ROCKWOOD R-VI SCHOOL DISTRICT History

- Consolidated School District Forms. Consolidation of Eureka, Minche, Crescent and Augustine school districts.
- **1909** Eureka High School built. Took place of the original high school that was in the "Opera House". First principal is J. Varnum Jones.
- First graduating class Eureka High School. Seven members of the graduation class.
- District purchases its first (2) buses. State law provided aid for bus transportation.
- Administrative Annex building built. Formerly Eureka High School and Eureka Junior High School.
- District changed name to Town School District of Eureka.
- Ellisville and Ballwin Elementary Schools built. First Principal was Chloe Lowe, who served as area principal until 1949.
- District changed name to Re-Organized District No. 6. Morgan Selvidge becomes Superintendent of Schools. Served until 1970.
- Early Childhood Center at Vandover built. (Formerly Vandover Elementary School)
- **1950** Ballwin Elementary joined the district in August of 1950. Miss Margaret Sutton was principal at Ballwin when the school was incorporated into the District.
- Chesterfield Elementary School built. First principal is Miss Garlin Kellison. Pond Elementary School built. First principal is Allen Crawford.
- Eureka Elementary School built. First principal is H.W. Lloyd.

- 1954 Eureka Junior High School established. First principal is Graig Wilson. Located in the old elementary building (original EHS). Crestview Junior High School built. First principal is William Landes. Building became Babler Elementary in 1989
- Westridge Elementary School built. First principal is Robert J. Stanley
- Lafayette High School opens. Became Crestview Junior High in 1989. First principal is Art Keller
- 1964 District changed name to Rockwood District R-6
- 1965 Geggie Elementary School opens. Original principal was Mynatt Scott. Named after Robert T. Geggie who served on the Board from the time of reorganization until 1970. Bowles Elementary School built. First principal is Richard Pennycuick. Woerther Elementary School built January 1965. Named after Henry Woerther who had served on the Old Ballwin School Board. First principal is Margaret Sutton.
- 1966 Kindergarten began.
- Morgan Selvidge Junior High built. First principal is Ray Eickmeyer. Named after Morgan Selvidge, Superintendent of Schools from 1949-1970.
- 1973 Eureka High School occupies new campus. Kellison Elementary School built. Named after Miss Garlin Kellison, a well-known teacher and principal in Rockwood. First principal is Richard Pennycuick. Westview School built. Purchased by Rockwood from Special School District in 1983 and dedicated to Matthew E. Sullivan. Became the Center for Creative Learning in 1997.

ROCKWOOD R-VI SCHOOL DISTRICT History

- **1974** Stanton Elementary School built. Named after Robert Stanton who worked in RSD from 1950-1975. First principal is Tom Krebs.
- 1975 Preschool program begins.
- Vandover becomes a Community & Preschool Center.
- **1979** Rockwood South Junior High School built. First principal is Charles Yates.
- Green Pines Elementary School opens. First principal is John Scatizzi.
- 1989 Ridge Meadows Elementary School opens . First principal is Carol Kottwitz. Kehrs Mill Elementary School opens. First principal is Mary Riedel. Lafayette High School builds new campus. Crestview Junior High moves to building that was formerly Lafayette High School. Babler Elementary School established in former Crestview Junior High School. First principal is Dave Henslee.
- Uthoff Valley Elementary School opens. First principal is Dr. Cheryl Cozette.
- Rockwood Valley Middle School opens. First principal is Mary Riedel.
- 1993 LaSalle Springs Middle School opens. First principal is Scott Francin. Rockwood Summit High School opens. First principal is Tom Hensley. Marquette High School opens. First principal is Dan Deschamp.
- Wild Horse Elementary School opens. First principal is Dr. Karen Hargadine.
- Ralph Blevins Elementary School opens. First principal is Ms. Celestine Knox. Named after Ralph Blevins Jr., a popular principal.

- Wildwood Middle School opens. First principal is Edward Morris.
- Early Childhood Center at Clarkson Valley built.
- Fairway Elementary School opens. First principal is Dr. Karen Hargadine.
- Center for Creative Learning (grades 1-2) moves to the former Kindergarten Center next to Ellisville Elementary.
- 2011 Rockwood launches Alumni Association.
- Rockwood celebrates the 100th anniversary of the first graduating class of Eureka High.
- Newly built Eureka Elementary School opens and old building becomes new Eureka Early Childhood Center.

ROCKWOOD R-VI SCHOOL DISTRICT ENROLLMENT PROJECTION METHODOLOGY

Overview

The Rockwood School District, as well as the United States, is undergoing major shifts in public school enrollment. These shifts in enrollment are the result of many factors, including but not limited to: fertility rates, birth rates, infant mortality rates, land use policies, new housing, removal of existing housing, change in household composition, interest rates, boundary changes, changes in educational delivery, private schools, home schooling, new policies governing education such as charter schools, new populations to be served [i.e. preschool], immigration policy, the changing economy, war and peace. Obviously, some of these can be projected with some degree of reasonable accuracy and others cannot.

Looking back over the past 40 years, there have been some demographic, economic and social changes. The three largest factors include the baby boom, birth control, and the development of suburbs. The baby boom of the late 1940s and 50s was followed by the baby bust of the 1960s and 70s.

The size of a family today is at an all-time low and is not likely to decline dramatically. Analysis of the 2010 census indicates that the number of women of childbearing age in Rockwood School District attendance boundaries is declining when compared to the 2000 census. Less women of childbearing age translates into a reduction in the number of births in Rockwood, unless there is greater in-migration of women in their 20-40's. However, given the current economic conditions, home sales are declining substantially--St. Louis County shows approximately 50% less existing home sales in 2010 versus 2005. This decline dramatically affects the in-migration of women, and will contribute to a declining enrollment in Rockwood School District.

At the same time, new housing is being developed. In determining future enrollments, the most important factors will be actual numbers of births, turnover of existing neighborhoods, amount of new housing, and change in household composition. In addition, any one of the following events could cause a significant change in projected enrollments.

- Boundary Adjustments
- New School Openings
- Program Additions or Changes
- Full Day Kindergarten
- Preschool
- Special School District (SSD) Students
- Change in Grade Configuration

- Magnet Schools
- Zoning Changes
- Unplanned New Housing
- Planned/Not Built Housing Developments
- Interest Rates
- Private Schools
- Change in the Economy

Projection Methodologies

In developing enrollment projections, it is helpful to approach the process from a more global level. There are a number of methodologies that have been developed for the District to project student enrollment. They are as follows:

• Cohort Survival Method

Cohort survival projections use historic birth data and historic school enrollments to "age" a known population throughout the school grades. A "survival ratio" is developed and multiplied by the prior year's enrollment to determine the following year's totals. The result is a linear forecast that presumes the continuation of prior trends. This method is useful in areas where the population is stable, and there has been no significant fluctuation in enrollment or births from year to year. In some cases the survival ratio is adjusted where historic trends are not anticipated to repeat or continue.

• Live Birth Analysis

There is not a grade cohort to follow for students coming into kindergarten, therefore live birth rates are used to develop a survival ratio. Babies born five years previous to the kindergarten class are compared in number, and a ratio based on regression analysis is developed to project future kindergarten enrollments.

• Student Enrollment by Grade Analysis

By grade analysis draws trends from the review of each K-12 grade and the percent of the total student enrollment that each grade represents. The trends for a point in time ten years ago, five years ago and the current year are analyzed for patterns of enrollment movement. Assumptions for future patterns are made to the future enrollment of the district.

• Age/Gender Demographic Study

Age and gender demographic studies seek to determine the impact of demographic changes on the enrollment of a district and individual attendance areas. This type of study reviews the most recent census data available for trends in changes of residence by age and gender. The focus on the gender is toward 20-44 year old females or the childbearing ages. It also analyzes the change in age of resident by 5 year increments and the impact on school enrollment in the future. Also, this demographic study looks at the change in age of the non-childbearing population and the movement out of the district (migration).

• Land-Saturation and New Housing Development Analysis

In areas where there is a high rate of development and the future development patterns in the area are clear, a "build-out" scenario can be developed. This scenario takes into consideration the remaining acreage to be developed, zoning policies, density per acre, type of housing, and ratios of school-age children per household type. This method is particularly useful in areas experiencing rapid growth.

• Migration/Change in Household Composition

The change in household composition or neighborhood turnover is one of the most difficult factors to predict. Neighborhoods often go through cycles of newer homes having younger families. As the families remain in the neighborhood, students become older and eventually the home becomes an "empty nest". At some point, the housing unit is sold and a new family moves in. As simple as it may seem, it is extremely complex to track who lives in each household.

Most projection methods involve some combination of these methods. But, no matter what method is used, the most important factor is the size of the data set. In general, short-term forecasts will be more accurate than long-term forecasts and larger aggregates yield more accurate forecasts; most projections also assume that historic patterns will repeat themselves in the future.

Local Tax revenue is derived by levy of the District's tax rate on each \$100 of assessed valuation (established by the county assessor) of the real or personal property. The 2025/26 budgeted rate includes the communities approval of Proposition 3 in November 2023. Tax rates will be reviewed and finalized at a public hearing planned for a September 2025 Board meeting.

ROCKWOOD R-VI SCHOOL DISTRICT IMPACT OF BUDGET ON TYPICAL DISTRICT TAXPAYER

On January 1 of every second year the property values are rendered for appraisal (reassessment). The appraisal process for the Rockwood School District is conducted by the St. Louis or Jefferson County Assessor's office. For Rockwood School District residential real estate is appraised at 19% of market value, commercial at 32%, agricultural at 12%, and personal property at 33% of value.

The Assessor's Office submits preliminary values to the school district by June. These values are usually a realistic estimate of the ultimate certified values that come by September. The preliminary values are good estimates upon which to base the tax levies for the operating and debt service budgets. Once the certified values are received by the district, the tax rate adoption is completed prior to October and the budgeting process can be begin for the subsequent fiscal year.

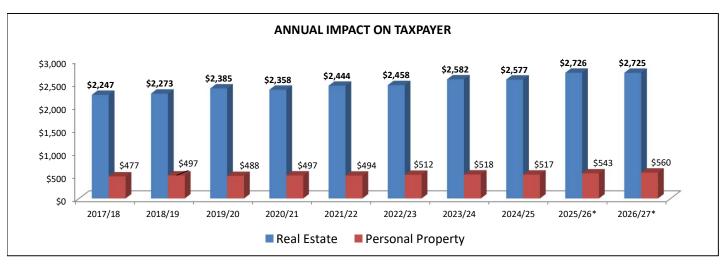

Property owners (both Real Estate and Personal Property) are taxed by the various taxing authorities (including the school district) in their county of residence. Tax levy rates (so much per \$100 of assessed valuations) are set by the taxing authorities according the State law. Assessed valuations are established by the county in which the property resides and updated every other year by reassessment. The tax obligation is billed by the county department of revenue and paid through that department to the taxing authorities. The tax billed is simply the levy rate multiplied by the assessed valuation. There are normally multiple taxing authority obligations included on one tax bill which is typically mailed to tax payers in November with a due date of December 31. The District receives the majority of its revenue in late December and January.

Shown in the following charts are the effects of the District's tax levy on residential real estate owners and the change in assessed value of property over time. Our levy has varied over these years as the assessed valuation changed. The overall increase in the tax bills is driven by the increase in property value and increased tax rates in our district.

The various bond issues noted above have provided the District to fund specific special projects such as our high school STEM labs, turf fields, building additions as well as the construction of a new Eureka Elementary. Bond issue funding has also provided routine cycle maintenance items such as HVAC, athletic fields, flooring, roofing and asphalt work. Technology items, such as chromebooks, servers and other infrastructure has also been provided by these bond issues.

PERSONNEL

ROCKWOOD R-VI SCHOOL DISTRICT HIGHLY QUALIFIED STAFF

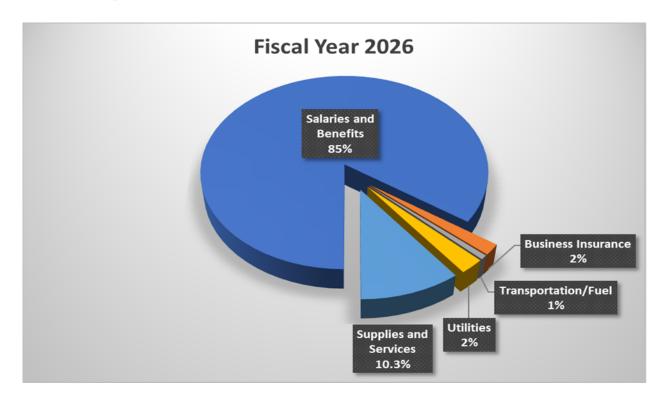

- Babler Elementary Principal Dr. Michelle Fitzsimmons was namted the St. Louis Suburban Elementary Principals Association (SLSEPA) 2024-25 Outstanding Assistant Principal.
- Two Rockwood educators received a 2023 Emerson Excellence in Teaching Award, and Rockwood Teacher of the Year, Molly Clince, was one of ten educators for the Missouri Regional Teacher of the Year for the St. Louis region.
- Rockwood South Middle language arts teacher Kristen Engle was named the 2024 Association for Middle Level Education (AMLE) Educator of the Year.
- Marquette High nurse Tracy Crawford was named the recipient of the 2024 St. Louis Suburban School Nurses Association (SLSSNA) Outstanding Service by a School Nurse Award.
- Twenty-six Rockwood nurses have received National Board Certification of School Nurses (NBCSN).
- Rockwood provides ongoing professional development for all of its employees. We have a comprehensive program for the development of teachers and staff at all levels.
- 147 National Board Certified teachers
- 83% Have advanced degrees
- 14 Average years of experience

ROCKWOOD R-VI SCHOOL DISTRICT 2025/26 SALARY AND PERSONNEL CHANGES

Overview of Staff Compensation

The primary goal of a school district is to provide a quality education for every student who walks through its doors. Rockwood believes its outstanding schools are the result of our educators, administrators and support staff who serve our students on a daily basis. Highly Qualified Staff is one of the goal areas in the District's five-year strategic plan. We employ close to 2,700 employees in our operating fund, in which 85% of our budget is allocated towards their compensation.

The District compensation package designed to support this goal. is made up of many opportunities to value our employees, including but not limited to:

- Competitive salaries and extra duty compensation
- Covering 100% of employee health insurance premiums and 50% of dependent premiums
- National board stipends for specific employee groups
- Paid professional development opportunities for summer workshops
- Tuition reimbursement for continuing education
- Employee assistance and wellness programs

In preparation for the budget process, the District collects and analyzes salary data from the other 21 area school districts in St. Louis County. The District works closely with six bargaining units during different negotiating cycles, using interest-based bargaining concepts to address the interests of each specific bargaining unit and Board of Education. Interest-based bargaining involves a team representing the bargaining unit as well as members of administration representing the Board of Education. Each interest identified through the process is unique to the bargaining unit and may have financial or non-financial outcomes. All financially related outcomes must be balanced and sustainable in both the short-term and the long-term to be fiscally responsible to our patrons using the resources available to us.

Our largest bargaining unit is comprised of our educators represented by the Rockwood National Educational Association (RNEA). In March 2025 the Board of Education approved a three-year negotiated agreement with the RNEA beginning July 1, 2025 through June 30, 2028. This agreement includes a two-year salary schedule with future negotiation planned for the third year. The three-year agreement includes agreements regarding professional development and positive school environments as well as clarity on student conferences. The District has committed to providing average salary increases of 5.25% and 4.75% on the respective 2025/26 and 2026/27 salary schedules. The 2025/26 salary schedule focuses on increasing the starting salary for teaching staff by increasing step 1 of the bachelor's channel from \$44,240 to \$47,014. The highest step in the 2025/26 salary schedule is in the Doctorate channel with a salary of \$105,965. Parties representing the RNEA and the District will meet during the 2026/27 school year to finalize the third and final salary schedule of this three-year agreement.

The District also has entered into agreements covering compensation and work environment for the members of the following employee groups:

Bargaining Unit	Contract Begin	Contract End
Rockwood Custodial Education		
Association (RCEA)	7/1/2024	6/30/2026
Rockwood Association of Nurses		
(RAN)	7/1/2023	6/30/2026
Childhood Professionals (RAECP)	7/1/2024	6/30/2026
Rockwood Association of Social		
Workers (RASW)	7/1/2024	6/30/2026
Local 610 *	7/1/2022	6/30/2025

^{*} currently in process of negotiations at time of budget book has been published

For those employee groups that are not covered by a bargaining unit, the District budgets salary increases based on the average salary increase provided to the RNEA's salary schedule.

From an employee benefit perspective, providing a competitive health insurance coverage continues to be a significant personnel cost. Our medical and dental insurance plan is considered self-insured, which means employee and district premium contributions are intended to cover the cost of all claims and administrative costs of running the plan. The District works closely with a third- party administrator to monitor our plan performance and provide actuarial calculations to support the premium structure. District administration works closely with an insurance advisory committee that includes representatives from employee groups across the District. The committee meets 4-5 times throughout the school year to receive updates on plan performance including current and future trends, review plan and program offerings, and compare our plan benchmarks to those of other local school districts.

Providing an attractive insurance plan is important to the District to attract and retain employees. Like most school districts, we are facing financial challenges to our self-insured plan, specifically to pharmacy as the cost of prescriptions has increased dramatically over recent years as the chart below shows. Our medical expenses have been below industry average for the past three plans years, although our plan did experience a 14% increase in 2021/22, which was attributed to procedures delayed during the COVID-19 pandemic.

Plan Year	Medical	Pharmacy
2020/21	-4%	-1%
2021/22	14%	25%
2022/23	0%	23%
2023/24	2%	27%
2024/25 *	2%	-3%

^{*} trend for plan year ending 10/31/25

The Board of Education is committed to our employees by not only covering 100% of the insurance premium costs for employees and 50% of the insurance premium charged for dependents but also making additional contributions over the past three plan years to help stabilize the self-insurance fund. These contributions to the self-insured plan have helped limit the premium increases to employees while the District reviewed and evaluated the rising costs of pharmacy.

Through the work of the insurance advisory committee, the District faced the realization that the trend in pharmacy costs will likely continue into the foreseeable future. Review of our premium structure reflects a 37% gap between our current premiums and the projected premiums to fully fund our plan. As a result, plan design changes were recommended related to specific deductible and out-of-pocket coverages which can be made while keeping the plan design competitive with our benchmarks. A 10% premium increase is recommended for the plan year beginning November 1, 2025. As shown below, the 10% increase represents the largest insurance premium increase to employees in recent plan history. However, this premium level will still require the District to increase its additional contribution above premiums by \$3 million over the prior year. The recommendation of the final premium increase and plan design changes is expected to be presented to the Board of Education in June 2025.

Plan Year	Pre mium Incre as e	Additional Contribution
2020/21	2.40%	_
2021/22	2.55%	-
2022/23	4.70%	1,800,000
2023/24	2.80%	4,500,000
2024/25	3.00%	4,600,000
2025/26	10.00%	7,600,000

The health insurance plan will continue to be monitored by District administration and the insurance advisory committee with the goal of reaching a point of adequate premiums within the term of the current strategic plan.

All provisions of the Affordable Care Act (ACA) were effective with the plan beginning November 1, 2016. The District meets all compliance requirements of the ACA.

The District monitors our classroom staffing of certificated teachers along with projected enrollment. Beginning at the elementary level, the District has set a goal of having classroom sizes close to the following:

Grade	# students per section
K	20
1	21
2	22
3	23
4	24
5	25

We use our projected enrollment that is completed in October of each school year to determine the projected number of class sections needed at the elementary level. Enrollment is then monitored through the beginning of the subsequent school year and sections are rebalanced and staffing is adjusted as necessary. Educators may be reassigned to other grade levels within a building as larger or smaller cohorts matriculate. With the District's declining enrollment, educators may need to be reassigned to other buildings in order to maintain efficient class sizes and decrease staff sizes commensurately while utilizing attrition to achieve this. On the other hand, if additional class sections are needed to maintain class sizes at the desirable level, the District will make the necessary adjustment by either hiring an additional teacher or other support staff to assist in the classroom. For the 2025/26 school year the District is forecasting 57 fewer elementary students. Based on our class size goals, this will result in a reduction of 8 sections (8 FTE's) leaving a total of 404 budgeted elementary sections.

The middle schools are staffed using a team-based model in which students are grouped into teams and core subjects are staffed to each team. Therefore, we will not see any changes in middle school staffing unless a specific building experiences a significant shift in enrollment. We are forecasting middle school enrollment to decrease by 92 students which will not reduce the number of teams or impact our middle school staffing. However, based on review of projected enrollment at LaSalle Middle School, one FTE is being added to balance specific courses at this school.

The District staffs high school using a point system which equates to one point per FTE. With high school enrollment forecasted to decrease by 51 students, our budget includes a reduction of 5 FTE's. All reductions in FTE's are addressed through attrition and retirements.

School		
Level	FTE's	Costs
		_
Elementary	(8)	(504,000)
Middle	1	80,000
High	(5)	(400,000)
	(12)	(824,000)

The below chart summarizes key ratios for the District compared to the State of Missouri:

2023	3/24	2022	2/23	2021/22	
Rockwood	Missouri	Rockwood	Missouri	Rockwood	Missouri
15:1	16:1	16:1	16:1	17:1	16:1
\$ 11,626	\$ 13,154	\$ 12,142	\$ 14,003	\$ 11,627	\$ 13,154

Student/Classroom Teacher Ratio Per Pupil Expenditure

Source: Missouri Comprehensive Data Systems through DESE, most recent data available as of May 2024

A major factor impacting the per pupil expenditure in the Rockwood School District is the economy of scale realized by the District due to its large enrollment. Rockwood is the third largest district in the state. The Missouri average per pupil expenditure includes many smaller districts with a higher ratio of administrative and other fixed costs.

As part of the annual budget process, District leadership carefully analyzes our entire staffing model and areas of need with an emphasis on providing resources to our students and current staff. Staffing and other personnel costs account for 85% of the incidental and special revenues' teachers fund (up to 88% when fully staffed) and is a key component of the budget. On a monthly basis the District forecasts salary and benefit expenses to ensure the budget is being satisfied. Any requests for additional staffing are carefully reviewed by the Superintendent's Cabinet during the budget process and if approved recommended to the Board of Education. For the 2025/26 school year, the following staffing additions are included in the budget:

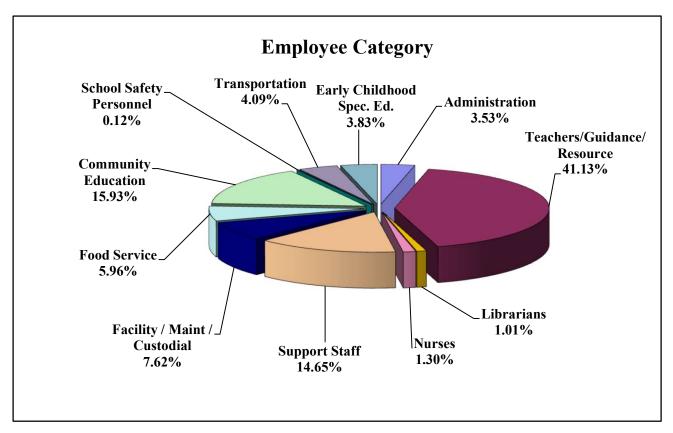

- Addition of a Speech Language Pathologist and Physical Therapists in our Early Childhood program
- Increase work calendar for supervisors in the Parents As Teachers program
- Addition of a certificated educator at LaSalle Springs Middle School (+1.0 FTE)
- Increase to salary ranges and support staff promotion programs

The ability to offer salary increases that will improve our compensation against area benchmarks as well as provide a competitive insurance benefit plan must be balanced with the long-term financial stability of the District. Other challenges faced by the District include staffing shortages in areas such as bus drivers, custodians and child nutrition associates where the applicant pool is low. The District has budgeted approximately \$176,000 to recruit staff through outreach programs using social media, TV and radio campaigns as well as targeted marketing to fill these positions. The District's new strategic plan contains Focus Areas within the Goal Areas of Highly Qualified Staff and Fiscal Responsibility that address the above challenges.

^{*} No teachers exist on these steps

Starting with FY17 (school year 2016-2017) no new Longevity "Off Schedule" Classes will be added. Employees will progress on the 25-year salary schedule. Years of service/ teaching are not necessarily equal to the step number a person is placed on the schedule.

At the conclusion of the 2026-27 school year (June 30, 2027) until a 2027-28 salary schedule has been negotiated and approved, all provisions of the Current Agreement including the existing salary schedule, without salary step increases, shall remain in effect.

Teachers will be held at BA Step 07 and BA15 Step 13. In the event that a teacher on the BA Step 07 or BA15 Step 13 channel accrues sufficient graduate credit for a channel change, the teacher will revert back to the last salary schedule step on his/her channel and will move horizontally one channel and vertically one step. If the salary at the resulting new step is less than the salary on the teacher's previous step, the teacher will be advanced the minimum number of steps needed to result in an increased salary for the teacher. From that point, the teacher will resume advancement on schedule at the rate provided by in the Current Agreement.

BA15	\$56,724				

Starting with FY17 (school year 2016-2017) no new Longevity "Off Schedule" Classes will be added. Existing Longevity Classes will continue and shall be identified by the year in which the employees entered that class. Employees will remain in that class as long as the Current Agreement is in effect.

The BA L09 through BA L16 and the BA15 L09 through BA15 L16 classes will be identical in salary. In the event that a teacher on an L Class on the BA or BA15 channel accrues sufficient graduate credit for a channel change, the teacher will revert back to the last salary schedule step on his/her channel and will move horizontally one channel and vertically one step. If the salary at the resulting new step is less than the salary on the teacher's previous longevity class, the teacher will be advanced the minimum number of steps needed to result in an increased salary for the teacher. From that point, the teacher will resume advancement on schedule at the rate provided by in the Current Agreement.

Starting with FY17 (school year 2016-2017) a new class of Off Schedule Teachers will be created - Transitional Class (T-Class). Teachers that were on BA15 Steps 12 and 13 in FY16 will go Off Schedule starting in FY17 to Transition Class 12 and 13. Teachers will remain in this T Class until such time as he/she accrues sufficient graduate credit for a channel change, when the teacher will revert back to the last salary schedule step on his/her channel and will move horizontally one channel and vertically one step; or until the Salary Schedule BA15 Step 13 exceeds the salary amount in his/her Transitional Class, at which time the teacher will revert back to the salary schedule, BA15 Step13.

At the conclusion of the 2026-27 school year (June 30, 2027) until a 2027-28 salary schedule has been negotiated and approved, all provisions of the Current Agreement including the existing salary schedule, without salary step increases, shall remain in effect.

PERFORMANCE INDICATORS

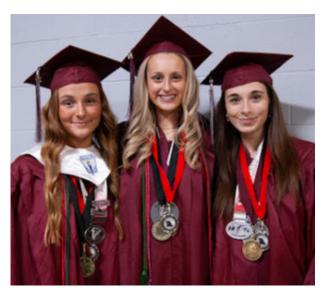

Annual Performance data within this report primarily comes from the 2022-2023 school year. Data included in this report are from ACT, AP, and Missouri Department of Elementary and Secondary Education (DESE).

This Executive Summary provides a top-level view of overall performance on MAP, ACT, AP, STAR (reading and math), climate and social emotional student perceptions, graduation rate, drop-out rate, and attendance.

Frequently used terms in the report

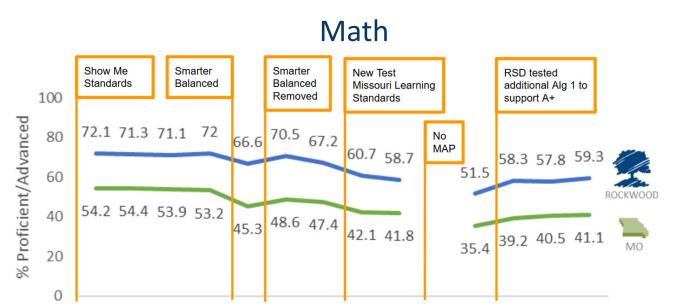

- ELA English Language Arts
- GLA Grade Level Assessment: This refers to assessments given in grades 3-8
- EOC End of Course: This refers to assessments given at the end of select high school courses (Biology, 10th grade ELA, Government, Algebra 1, and (Algebra 2 and Geometry if Algebra 1 completed prior to 9th grade).
- FRL Free and Reduced Lunch
- IEP Individualized Education Plan
- ELL English Language Learner
- HUSG Historically Underperforming Student Groups (This is a DESE defined category that includes students who are Hispanic, black, enrolled in the free and reduced lunch program, have an IEP, or are an English Language Learner).
- Student Groups (SG) This acronym is used by DESE to describe HUSG with shorter notation.

offers statewide assessments for Grade Level ELA and Math (grades 3-8) and Science for grades 5 & 8. End of Course assessments are provided for high school courses in Math (Algebra 1, Algebra 2*, & Geometry*), ELA (Tenth Grade LA), Science (Biology), and Social Studies (Government).

248

This summary provides a top-level view of overall performance on MAP GLA and EOC assessments.

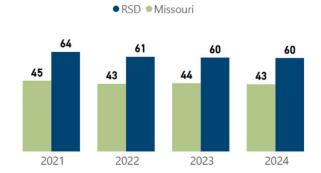

Notes for 2024 administration:

- O 7th year of MAP GLA and EOC administration with these test forms
- o 13,500+ RSD students participated in the Missouri Assessment Program
- 27,500+ MAP GLA and EOC tests were taken by RSD students

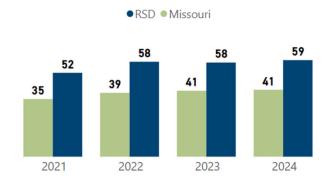

Summary for 2024:

- o Rockwood performed better than state averages for all four content areas.
- Overall consistent scores in Science from 2021-2024

MAP ELA testing is offered in grades 3-8. High school students in their 2nd year of English participate in the English 2 (E2) EOC (End of Course) test. The chart below shows the percent of students in each grade level or EOC scoring proficient or advanced on the test taken each year.

% Proficient and Advanced-ELA

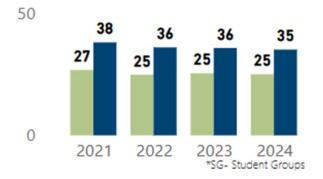

ELA Summary:

- 2024 results by grade level show grades 3, 5, and E2 slightly below the previous year.
- 2024 results for Rockwood exceed the state average for each grade level.
- DESE identified Student Groups (SG), consistently scored higher than the MO state average.
 - SG includes students who are Hispanic, black, enrolled in the free and reduced lunch program, have an IEP, or are an English Language Learner.
 - Each student group individually scored above the MO state average except FRL that was slightly below.

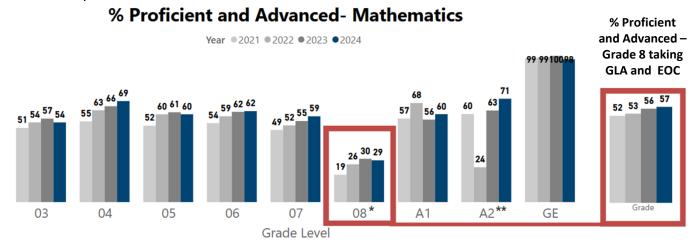

% Proficient and Advanced for DESE Identified Student Groups

■ Missouri ■ RSD

100

MAP Math testing is offered in grades 3-8. Students enrolled in Algebra 1 (A1), Algebra 2 (A2), and Geometry (GE) participate in the corresponding EOCs (End of Course) tests. The chart below shows the percent of students in each grade level or EOC that scored proficient or advanced on the test taken each year.

^{*}Middle school students enrolled in A1, A2, or GE do not take the grade level assessment. Nearly 50% of 8th graders are enrolled in a high school math course (Algebra 1, Alg2, Geometry). Chart at right shows results of all MAP assessments given to 8th graders

**In 2022, the students taking A1 doubled compared to recent years due to it not being offered during the pandemic.

***Only 42 students participated in the Alg 2 EOC in 2022 as students took the Alg 1 EOC instead because it wasn't offered from DESE in 2020 due to the pandemic. (Approximately more than 650 students typically participate in the Alg 2 EOC).

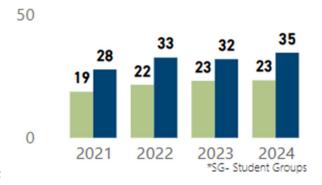

100

Math summary:

- 2024 results are above prior years in all grade levels with the exception of A1.***
- 2024 results for Rockwood exceed the state average for each grade level except grade 8.
- DESE identified Student Groups (SG), consistently scored **higher** than the MO state average except students enrolled in FRL.
 - SG includes students who are
 Hispanic, black, enrolled in the free and reduced lunch program, have an IEP, or are English Language
 Learners

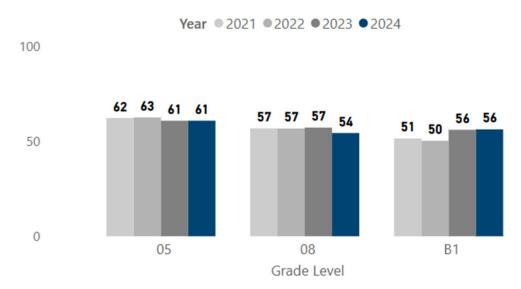

% Proficient and Advanced for DESE Identified Student Groups

MAP Science testing is offered in grades 5 and 8. Students enrolled in Biology participate in the Biology (B1) EOC (End of Course) test. The chart below shows the percent of students in each grade level or EOC that scored proficient or advanced on the test taken each year.

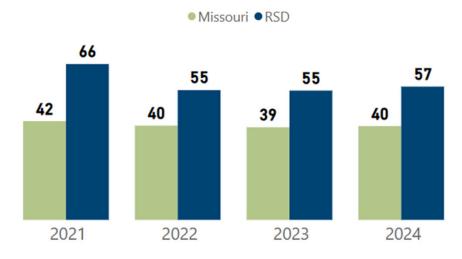

% Proficient and Advanced-Science

MAP Social Studies testing is offered in high school. Students enrolled in

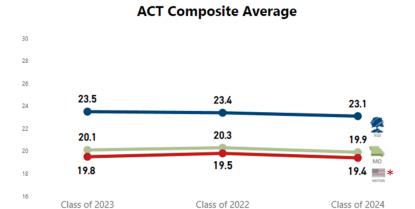

Government (GV) participate in the EOC (End of Course) test. The chart below shows the percent of students that scored proficient or advanced on the test taken each year. *The 2021 Government test was a new assessment.

MAP Social Studies- % Proficient and Advanced

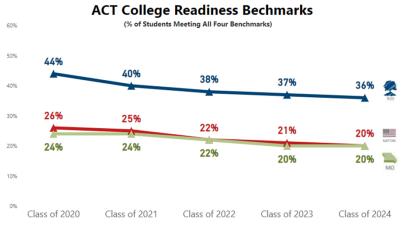

a low of 1 to a high of 36 and are derived from scores earned in each of the four subtests. Since 2012, 11th grade students have participated in the district wide administration of the ACT. All scores referenced in this document reflect their super score. An ACT Super Score uses a student's best performance from each content area to derive their Composite Super Score

- (1) college reportable scores earned under standard time and extended time conditions,
- (2) scores earned when students are in their 10th, 11th, or 12th grade years, and

Notes about ACT Testing:

 Between 2020 and 2022, the number of ACT attempts by students decreased due to limited facilities for testing and adjustments with college admittance requirements.

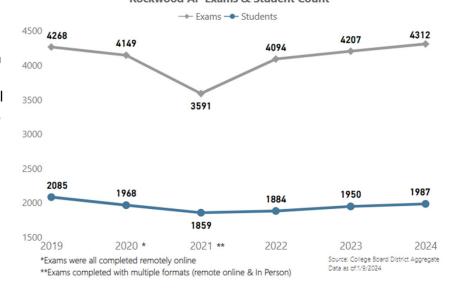

College Readiness Benchmarks are defined by ACT as minimum scores needed to indicate a 50% chance of obtaining a B or higher or a 75% chance of obtaining a C or higher in the corresponding credit-bearing college courses.

Summary:

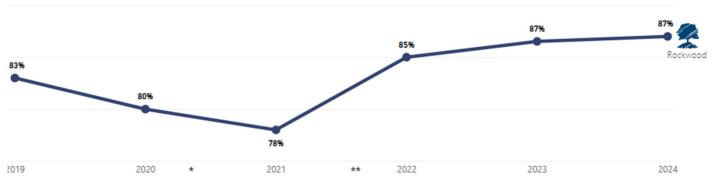

- More than 85% of 2024 graduates participated in at least one ACT administration
- Composite average above Missouri and Nation
- 22.2 Average composite score for the Rockwood Class of 2024
- o 36% of 2024 graduates met the college readiness benchmarks for all four areas compared to 20/21% at the state and national average.

offers more than 30 courses and exams for students to earn college credit or advanced placement while in high School. Each exam is scored on a 1-5 scale. Typically, scores of 3, 4, or 5 are accepted as "passing" scores by colleges and universities.

Participation and achievement in Advanced Placement (AP) exams increased during the 22-23 school year. The graduating class of 2023 had 38% of students earn a 3 or better on at least one AP test, 43% earn a B or better in at least one AP Course, and 68.5% of students earn at least 1 college credit during their high school career.

Percent of AP exams with a score of 3 or better

A score of 3 or higher is generally accepted as college credit (varies by college)

Summary: 32 different topics of AP exams were administered

- 4,317 AP Exams (2% increase from 2023)
- O 1,987 students took at least one exam (3% increase from 2023)
- O 87% of the exams had a score of 3 or above
- O 3.72 average AP exam score (Increase from 2022)
- O Higher Percent of 3 and above than Missouri with 31 exams & higher than the world with 29
- 895 students earned an AP Scholar award

AP Exam Notes:

Data Not available for state & global for 2021, 2022,2023,2024

^{*}exams were all completed remotely online

^{**} exams completed w/ multiple formats (remote online & In-Person)

AP exams in Rockwood had a greater number of exams with students scoring a 3 or above than Missouri and Global participants. The chart below outlines the percent of students scoring three or above for Rockwood, Missouri and Global for each exam:

Rockwood had a higher percent of exams scoring 3 and above than Missouri and the world with 29 exams.

		RSD - Scores 3	MO-Scores 3	Global-Scores 3

AP offers Scholar Awards for academic distinctions for students to cite among their credentials on applications and resumes. Below is additional information about the AP Scholar program:

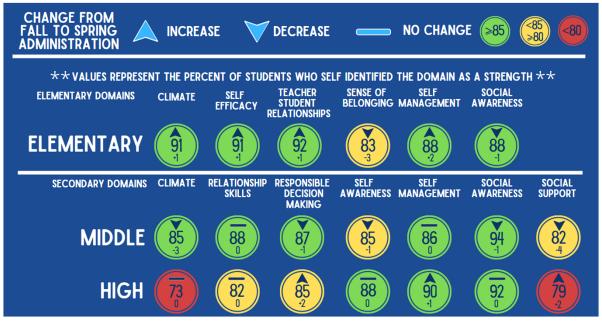

895 Total Awards

Award	Criteria
AP Scholar	Granted to students who receive scores of 3 or higher on three or more AP Exams
AP Scholar with Honor	Granted to students who receive an average score of at least 3.25 on all AP Exams taken, and scores of 3 or higher on four or more of these exams
AP Scholar with Distinction	Granted to students who receive an average score of at least 3.5 on all AP Exams taken, and scores of 3 or higher on five or more of these exams
AP International Diploma	Awarded to students who display exceptional achievement across a variety of disciplines. See eligibility requirements.
AP Capstone Diploma	The AP Capstone Diploma is granted to students who earn scores of 3 or higher in AP Seminar and AP Research and on 4 additional AP Exams of their choosing.
AP Seminar and Research Certificate	The AP Seminar and Research Certificate is granted to students who earn scores of 3 or higher in both AP Seminar and AP Research.

	AP Scholar	AP Scholar with Honor	AP Scholar with Distinction	AP International Diploma	AP Capstone Diploma	AP Seminar and Research Certificate	All Awards
Rockwood Number of Scholars – Spring 2024	291	163	428	1	6	6	895

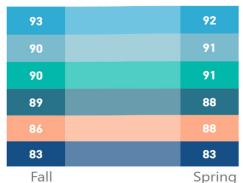

A climate and social and emotional survey designed by the Rockwood School District is administered to all K-12 students in both the fall and the spring of each school year. The Elementary school survey addresses 6 different SEL Domains while the middle and high Schools address 7 different SEL Domains. All surveys address the domains: climate, self-management, & social awareness. The results of the Spring SEL Survey are as follows.

Results by Domain- The Elementary Domain addresses 6 different domains. Three of those domains are also assessed on the Middle and High Surveys. The Middle and High School Surveys address 7 Domains.(* Assessed at all three levels)

Elementary Fall to Spring

- Teacher Student Relationships
- Self-Efficacy
- Sense of Belonging
- Self-Management*
- Social Awareness*
- Climate*
- Relationship Skills
- Responsible Decision-Making
- Self-Awareness
- Social Support

81		80
Fall		Spring

Attendance targets tell us the individual student's attendance rate and set the expectation that 90 percent of the students are in attendance 90 percent of the time.

Rockwood's average attendance rate is normally between 91-94%. Since 2020, the attendance rate has slowly began to increase annually.

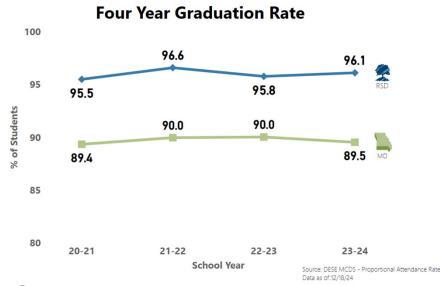

Dropout Rate According to the United States Census Bureau, students who dropout of school are likely to earn 67 cents for every dollar earned by a high school graduate.

 For the 2023-24 school year, Rockwood had a total dropout rate of 0.9%, representing 58 students. Graduation Rate -4 year is calculated by dividing the number of graduates who graduate in four years with a regular high school diploma by the sum of graduates and students in the same cohort ("Class") who dropped out. That number is then multiplied by 100.

Students entering 9th grade together for the first time from the cohort ("Class") are used in the four-year graduation rate. This cohort is subsequently "adjusted" by adding any students who transfer into the cohort during high school and subtracting any students transferring out or emigrating to another country.

Post Graduation Status examines student pathways after high school graduation. Continuing education beyond high school can provide expanded career opportunities.

** These numbers DO NOT represent 100% of Rockwood graduates. Each year up to 7% of students choose not to participate in the post graduate follow up survey.

- O 96.1% of the 2024 Class graduated within 4 years of entering high school
- 90% of the Class of 2023 continued their education (2yr, 4yr, Technical, Military) beyond high school with another 3% entering the workforce.

GLOSSARY

GLOSSARY

This glossary contains definitions of terms used in this budget and such additional terms as deemed necessary to common understandings concerning financial accounting procedures. Several terms, which are not primarily financial accounting terms, have been included because of their significance for school financial accounting. The glossary is arranged alphabetically.

ABE – Adult Basic Education – programs for adult learners of the District's population through a Community Education offered program, usually for a fee.

ACCOUNTING SYSTEM - The total structure of records and procedures which discover, record, classify, and report information on the financial position and operations of a school district or any of its funds, and organizational components.

ACCRUAL BASIS - The basis of accounting under which revenues are recorded when levies are made, and expenditures are recorded as soon as they result in liabilities, regardless of when the revenue is actually received or the payment is actually made. See also **ESTIMATED REVENUE and EXPENDITURES.**

ACCRUE - To record revenues when earned or when levies are made, and to record expenditures as soon as they result in liabilities, regardless of when the revenue is actually received or the payment is actually made. Sometimes, the term is used in a restricted sense to denote the recording of revenues earned but not yet due, such as accrued interest on investments and the recording of expenditures which result in liabilities that are payable in another accounting period, such as accrued interest on bonds.

ACCRUED INTEREST – Interest accumulated between interest dates but not yet due.

ADA – Average daily attendance of students. Calculated by dividing total actual hours of attendance of all students by the amount of scheduled hours (or possible hours) for the term.

AP – Advanced Placement – courses designed to aid the high school student who excels in regular class curriculum and intends to attend a college or university.

APPROPRIATION – An authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. Note: An appropriation is usually limited in amount and as to the time when it may be expected.

APPROPRIATION ACCOUNT – A budgetary account set up to record specific authorizations to spend. The account is credited with original and any supplemental appropriations and is charged with expenditures and encumbrances.

ASSESS - To value property officially for the purpose of taxation. Note the term is also sometimes used to denote the levy of taxes, but such usage is not correct because it fails to distinguish between the valuation process and the tax levy process.

ASSESSED VALUATION - A valuation set upon real estate or personal property by a government as a basis for levying taxes. In Missouri, the assessed value is a percentage of the appraised value as follows: residential - 19%, personal property - 33 1/3%, Commercial - 32%, Agriculture - 12%.

ASSOCIATION OF SCHOOL BUSINESS OFFICIALS INTERNATIONAL (ASBO) – professional association that provides programs and services to promote the highest standards of school business management practices, professional growth, and the effective use of educational resources. The District participates in the Meritorious Budget Award and Certificate of Excellence programs sponsored by ASBO.

A/V – Assessed Valuation. Commercial or market value placed on real, business, farm or personal property by the assessor of the counties of St. Louis and Jefferson multiplied by a percentage in accord with the statute of the State of Missouri.

BALANCE SHEET – A summarized statement, as of a given date, of the financial position of a local education agency per fund and/or all funds combined showing assets, liabilities, reserves, and fund balance and changes in fund balance.

B/I – (See Bond Issue)

BOARD OF SCHOOL DIRECTORS – The elected or appointed body which has been created according to state law and vested with responsibilities for educational activities in a given geographical area. These bodies are sometimes called school boards, governing boards, boards of directors, school committees, school trustees, etc.

BOND – A written promise, generally under seal, to pay a specific sum of money, called the face value, at a fixed time in the future, called the date of maturity and carrying interest at a fixed rate, usually payable periodically. The difference between a note and a bond is that the latter usually runs for a longer period of time and requires greater legal formality. See also SURETY BOND.

BONDED DEBT – The part of the school district debt that is covered by outstanding General Obligation bonds of the district. Sometimes called "funded debt."

BONDS AUTHORIZED AND ISSUED – The part of the school district debt that is covered by outstanding bonds of the district. Sometimes called "Funded Debt."

BONDS AUTHORIZED AND UNISSUED – Bonds which have been legally authorized but not issued and which can be issued and sold without further authorization.

BONDS ISSUED – Bonds sold

BONDS PAYABLE - The face value of bonds issued and unpaid.

BUDGET – A plan of financial operation embodying an estimate of proposed expenditures for a given period or purpose and the proposed means financing those expenditures.

BUDGETARY CONTROL – The control or management of the business affairs of the school district in accordance with an approved budget with a responsibility to keep expenditures within the authorized amounts.

BUILDINGS – A fixed asset account which reflects the acquisition value of permanent structures used to house persons and property owned by the local education agency. If buildings are purchased or constructed, this amount includes the purchase or contract price of all permanent buildings and fixtures attached to and forming a permanent part of such buildings. If buildings are acquired by gift, the account reflects their appraised value at the time of acquisition.

C/P – (See Capital Program.)

CAPITAL BUDGET - A plan of proposed capital outlays and the means of financing them for the current fiscal period. It is usually a part of the current budget.

CAPITAL OUTLAYS - Expenditures that result in the acquisition of or addition to fixed assets.

CAPITAL PROGRAM - A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long term work program or otherwise. It sets forth each project or other contemplated expenditure in which the local education agency is to have a part and specifies the full resources estimated to be available to finance the projected expenditures.

CARES Act - known as the Coronavirus Aid, Relief and Economic Security Act passed in March 2020 to limit the impact of an economic downturn due to the COVID-19 pandemic.

CCL – Center for Creative Learning – the centers for administering the elementary level (TAG) talented and gifted program.

CLASSIFICATION, **FUNCTION** – As applied to expenditures, this term has reference to an activity or services aimed at accomplishing a certain purpose or end; for example, regular instruction, special education, vocational education, or operation and maintenance of plant. (Sometimes referred to as Program.)

CLASSIFICATION OBJECT – As applied to expenditures, this term has reference to an article or service received; for example, salaries, employee benefits or supplies.

CLASSROOM TRUST FUND – This is a state formula category for the gaming money paid to the districts through the formula. The districts have the option to recognize this revenue in the fund they wish and to spend it in the manner they choose.

CODING – A system of numbering, or otherwise designating, accounts, entries, invoices, etc., in such a manner that the symbol used reveals quickly certain required information.

COE – Cooperative Education curriculum – for high school students involving hours in regular curriculum coupled with hours in a for-pay situation in an outside employment situations.

CONTRACTED SERVICES – Labor, material and other costs for services rendered by personnel who are not on the payroll of the local education agency.

COST PER PUPIL – See CURRENT EXPENDITURES PER PUPIL.

COVID-19 – an infectious disease caused by a virus called SARS-CoV-2 that caused a global pandemic and school closures beginning in March 2020.

CPA – Certified Public Accountant – professional licensing achieved through formal education, rigorous testing and experience in accord with the state in which the accountant resides.

CPI – Consumer Price Index – Used to track the change in the cost of consumer goods over a period of time – usually one year.

CRF Funds - the Coronavirus Relief Fund established by the CARES Act that allocated funding to state and local governments to address the COVID-19 pandemic.

CSIP – Continuing School Improvement Program and model which provides the framework for staff development to be aligned with the intended, taught and assessed curriculum as well as with the goals of the Board of Education.

CURRENT EXPENDITURES PER PUPIL – Current expenditures for a given period of time divided by pupil unit of measure.

DEBT – An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of local education agencies include bonds, warrants and notes, etc.

DEBT LIMIT – The maximum amount or gross or net debt that is legally permitted. (15% of assessed valuation for school districts in Missouri)

DEBT SERVICE – Expenditures for the retirement of debt and expenditures for the interest on debt. (Funds must be segregated)

DESEG – Desegregation program (See VICC).

DOLLAR VALUE MODIFIER – Used within the new Foundation Formula calculation as introduced by SB287. This modifier will alter the dollar amount received by a school district based on a variable for the relative purchasing power of a district in the various areas of the state. The modifier uses the state's median wage-per-job and a standard deviation from that point to increase or decrease the base amount to be received by each district.

ECSE (Early Childhood Special Education) – A state and federally funded program designed to target pre-Kindergarten children who are identified as having special needs.

ENCUMBRANCE ACCOUNTING – A system or procedure which involves giving recognition in the accounting budgetary expenditure control records for the issuance of purchase orders, statements, or other commitments chargeable to an appropriation in advance of any liability or payment.

ENCUMBRANCES – Purchase orders, contracts, and/or other commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid, as in accounts payable, or when the actual liability is established or when cancelled.

E/S – Elementary School

EQUIPMENT – Those moveable items used for school operation that are of a non-expendable and mechanical nature, i.e. perform an operation. Computers, printers, smartboards, projectors, vacuum cleaners, lathes, clocks, machinery, and vehicles, etc. are classified as equipment. (Heating and air conditioning systems, lighting fixtures and similar items permanently fixed to or within a building are considered as part of the building).

EP – Eligible Pupil – The previously used basis for distribution of Missouri State funds through the foundation formula. Eligible pupil is equal to the average daily attendance (ADA) for all enrolled students for the year plus two times the ADA for summer school.

ESOL – English Speakers of Other Languages – Curriculum designed to support students who do not speak English as their primary language. Special service provided for limited English proficient students.

ESSER I, II and III Funds - Elementary and Secondary School Emergency Relief Fund established respectfully by the Education Stabilization Fund (March 2020), Coronavirus Response and Relief Supplemental Appropriations Act (December 2020) and the American Rescue Plan (March 2021) that allocated funding to LEA's to address the impact of COVID-19 on schools providing instruction to students.

ESTIMATED REVENUE - When the accounts are kept on an accrual basis, this term designates the amount of revenue estimated to accrue during a given period regardless of whether or not it is all to be collected during the period.

EXPENDITURES – Total charges incurred, whether paid or unpaid, for current costs, capital outlay, and debt service. (Transfers between funds, encumbrances of cash for other current assets such as the purchase of investments in U. S. bonds and payments of cash in settlement of liabilities already accounted as expenditures.)

FACS – Family and Consumers Studies – formerly home economic studies curriculum.

FISCAL PERIOD – Any period at the end of which a local education agency determines its financial position and the results of its operations. The period may be a month, a quarter, or a year, depending upon the scope of the operation and requirements for managerial control and reporting. The fiscal year of Rockwood School District is from July 1 until June 30.

FREE TEXT – Previously used definition for revenue received from the State that must be entirely spent on text book related purchases. The revenue is collected from insurance companies doing business within the state but having no legal residence in the state (foreign insurance). No longer used.

FUNCTION - As applied to expenditures, this term has reference to an activity or service aimed at accomplishing a certain purpose or end; for example, Instruction, Instructional Administration, Plant Maintenance and Operations. (Also may be referred to as Program.)

FUND – A sum of money or other resources set aside for specific activities of a school district. The fund accounts constitute a complete entity and all of the financial transactions for the particular fund are recorded in them.

FUND BALANCE – The excess of assets of a fund over its liabilities and reserves. During the fiscal year prior to closing, it represents the excess of the fund's assets and estimated revenues for the period over its liabilities, reserves and appropriations for the period.

FUND BALANCE, UNDESIGNATED – That portion of the excess funds which has no legal commitments or formal designations by the board of school directors for the future funding needs.

FUND, GENERAL – The fund used to finance the ordinary operations of the local education agency. It is available for a legally authorized purpose and consists of money not specifically designated for some other particular purpose.

FY – Fiscal year – the District's year begins on July 1 and runs through June 30 of each year.

GIFTED – See TAG (Talented and Gifted)

GOVERNMENT FINANCE OFFICERS ASSOCIATION (GFOA) – a professional organization providing timely information, practical educational opportunities, high-quality professional publications and the lastest information on best practices. The District participates in the Certificate of Excellence financial reporting sponsored by GFOA.

H/S - High School

HVAC – Heating, ventilation and air conditioning – projects handled by the facilities department to improve the interior air quality of the District's buildings.

IDEA – Individuals with Disabilities Education Act. Federal program protecting the rights of special needs students in public schools. The District does not have a special curriculum to satisfy IDEA but rather the District develops an individual education program (IEP) for each student with a disability who needs special educational services.

ILC – Individualized Learning Center – Separate facilities for high school or middle school (limited) students who, faced with discipline or other issues are unable to be successful in a regular classroom setting.

INSTRUCTION – The activities dealing directly with the teaching of students or improving the quality of teaching.

ISE – Grants from the Excellence in Education Act.

LEA – Local Educational Agency – School District.

LEVY – (Verb) to impose taxes or special assessments. (Noun) The total of taxes or special assessments imposed by a governmental unit.

LRP-Long range planning

M&M – Merchants and manufacturers tax revenue. A surcharge on commercial real estate to replace revenue lost with the elimination of the merchants and manufacturing businesses' inventory tax.

MAINTENANCE, PLANT (PLANT REPAIRS AND REPLACEMENT OF EQUIPMENT) – Those activities which are concerned with keeping the grounds, buildings, and equipment at their original condition of completeness or efficiency, whether through repairs or by replacements of property (anything less than replacement of a total building).

MAP – Missouri Assessment Program – state criterion based achievement program designed to test the student in Math, Communication Art, Social studies and Science at certain grade levels.

M/S - Middle School

MILL – One one thousandth of a percent. Used to calculate a tax levied on real estate. (One mill = .001%)

MODIFIED ACCRUAL BASIS OF ACCOUNTING – The basis of accounting that is usually followed by governmental funds and agency funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e. both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures, other than interest and principal on long term debt which is recorded when due, are recorded when the fund liability is incurred, if measurable.

MSIP – Missouri School Improvement Program – The State of Missouri's accreditation review for Missouri schools.

MUSIC – Missouri Unified School Insurance – the use of the purchasing power of many united school districts to improve insurance coverage, service and cost.

OBJECT - As applied to expenditures, this term has reference to the classification of goods or services received; for example, payroll costs, purchased and contracted services, materials, and supplies.

PAT – Parents As Teachers – preschool child focused program utilizing parents as teachers under the guidance of trained professional staff members.

PCPs (**PROGRAM CHANGE PROPOSALS**) – The annual list of program enhancements presented to the board for funding consideration.

PDC – Professional Development Committee – serving the employees of the District to plan activities and provide support for professional growth.

PERSONNEL, ADMINISTRATIVE – Personnel on the school payroll who are primarily engaged in activities which have as their purpose the general regulation, direction, and control of the affairs of the school district.

PERSONNEL, CLERICAL – Personnel occupying support positions which have as their major responsibilities the preparing, transferring, transcribing, systematizing, or preserving of written communications and records. This includes classroom aides.

PERSONNEL, **HEALTH** – Persons in the field of physical and mental health such as physicians, psychologists, school nurses, and dentists whose services are directed primarily to students, although sometimes used in group activities.

PERSONNEL, INSTRUCTION – Those who render services dealing with the instruction of pupils.

PERSONNEL, MAINTENANCE – Personnel occupying support positions which are primarily engaged in the repairing and upkeep of grounds, buildings, and equipment.

PIE – Partners in Education – a cooperative program with businesses in the District to further the future of the students in the corporate setting or environment.

POINTS – The District's system of personnel budget allocation which supports site based management. The pseudo measurement of staffing value was designed to eliminate any prejudice associated with age or years of service in hiring employees at the building level.

PROGRAM – The definition of an effort to accomplish a specific objective or objectives consistent with funds or resources available. Budgets and actual revenue and expenditures records may be maintained per program.

PROGRAM BUDGET – A budget wherein expenditures are based primarily on programs of work and secondarily on character and object. A program budget further defines function to subject area when necessary.

PROPOSITION 3 – ballot initiative approved on November 7, 2023 that provides the District authority to increase the Capital Projects fund a total of \$0.54 to address annual safety, technology and facility cycle maintenance items. The District will reduce the debt service fund by \$0.54 resulting in a net no-tax rate increase.

PUBLIC SCHOOL CODE OF 1949 – The primary state law which governs school districts.

RECEIPTS, NONREVENUE – Amounts received which either incur an obligation that must be met at some future date or change the form of an asset from property to cash and therefore decrease the amount and value of school property. Money received from loans, sale of bonds, sale of property purchased from capital funds, and proceeds from insurance loss settlements constitute most of the nonrevenue receipts.

RECEIPTS, REVENUE – Additions to assets which do not incur an obligation that must be met at some future date and do not represent exchanges of property for money.

ROTC – Reserve Officer Training Corps – Military training oriented program for high school students who show an interest in future military careers.

SCHOOL – A division of the school system consisting of a group of pupils composed of one or more teachers to give instruction of a defined type, and housed in a school plant of one or more buildings. More than one school may be housed in one school plant.

SB287 (SENATE BILL 287) - A Missouri State Education Foundation Formula law passed in April, 2005. The bill revises the state aid formula that currently distributes in excess of \$3 billion to Missouri public school districts. Currently, the state formula is essentially a tax-rate formula. SB287 seeks to move away form this tax-rate driven philosophy to a formula that is primarily student-needs based.

SCHOOL, ELEMENTARY – A school classified as elementary by state and local practice and composed of any span of grades not above grade six (Kindergarten through 5th grade). This term includes kindergartens if they are under the control of the local school board of education.

SCHOOL, MIDDLE – A school offering education to students spanning both elementary and secondary levels, normally 6^{th} through 8^{th} grades.

SCHOOL, SENIOR HIGH – A school offering the final years of high school work necessary for graduation; invariably preceded by a junior high school or middle school in the same system.

SCHOOL, SUMMER – The name applied to the school session carried on during the period between the end of regular school term and the beginning of the next regular school term. Tuition is sometimes charged to participants of a summer school program.

SCHOOL, VOCATIONAL – A secondary school which is separately organized under a principal for the purpose of offering training in one or more skilled or semi-skilled trades or occupations. (In St. Louis County, this program is under the jurisdiction of the Special School District.)

SCHOOL PLANT – The site, buildings, and equipment constituting the physical facilities used by a single school or by two or more schools sharing the use of common facilities.

SCHOOL SITE – The land and all improvements to the site, other than structures, such as grading, drainage, drives, parking areas, walks, plantings and playgrounds, and playfields.

SSD – Special School District – A separate and independent school district which serves the needs of students with special requirements for all of the school districts in St. Louis County. SSD teachers occupy the teaching stations of the LEA to serve the students of that school. Placement options range from consultative to a totally inclusive setting. SSD also runs the Vocational Training Program for the districts of St. Louis County.)

STATE ADEQUACY TARGET- An amount of expenditure per student that is the base for the new Foundation Formula put into law by SB287. The adequacy target is the amount per year spent by certain high performing districts in the state and is subject to change every two years.

STUDENT-BODY ACTIVITIES – Services for public school pupils such as interscholastic athletics, entertainment, publications, clubs, band, and orchestra, that are managed or operated by the student body under the guidance and direction of an adult, and are not part of the regular instructional program.

SUPPLY - A material item of an expendable nature that is consumed, worn out, or deteriorated in use; or one that loses its identity through fabrication or incorporation into a different or more complex unit or substance.

SURETY BOND – A written promise to pay damages or to indemnify against losses caused by the party or parties named in the document, through nonperformance or through defalcation; for example, a surety bond given by a contractor or by an official handling cash or securities.

TAG – Talented and Gifted – separate curriculum for students displaying above average ability through testing, sustained grade point average and measure of intelligence (IQ). The Centers for Creative Learning (grades 1-5), Academic Stretch (grades 6-8), and the Secondary Gifted Program (grades 9-12) comprise the District's programs for academically gifted students.

TAN – Tax Anticipation Note Borrowing. Money required to be borrowed by certain school districts to alleviate cash flow problems. School Districts in many instances are greatly dependent on local tax revenues as the primary revenue source. These taxes are collected in late December through January of each year. TAN borrowing enables the LEA to meet the financial needs of their budget from July 1 until the local taxes are collected.

TAXES – Compulsory charges levied by a governmental unit for the purpose of financing services performed for the common benefit.

UNENCUMBERED BALANCE OF APPROPRIATION - That portion of an appropriation not yet expended or encumbered; the balance remaining after deducting from the appropriation the accumulated expenditures and outstanding encumbrances.

VICC – Voluntary Interdistrict Choice Corporation – a new entity formed to collect and administer state funds to support the VTS (Voluntary Transfer Students) who choose to attend a district other than the student district of residence (usually the City of St. Louis School District). LEA's receive funds based on their cost of education (not to exceed an average of the St. Louis County school's cost of education) multiplied by the number of students enrolled.

VTS – Voluntary Transfer Students from St. Louis City School Districts (See VICC)

WADA-WEIGHTED AVERAGE DAILY ATTENDANCE (ADA)-The current basis for distribution within the new Foundation Formula calculations as introduced by SB287. The ADA is weighted for specific student characteristics, specifically, free and reduced-price lunch (poverty) special education needs or limited English language proficiency.
