## CROSS COUNTRY / TRACK AND FIELD

### PHILOSOPHY

We are committed to help each student-athlete achieve his potential. The coaches work with athletes of all abilities and interests, and develop training programs so that they can compete and achieve success. Additionally, all athletes are encouraged to embrace a team-first mindset where they will work with each other, support each other, and ultimately bring out the best in each other, so that both the individual and the team will achieve success. Many of our athletes play multiple sports and use cross country and track and field to improve their athletic abilities, or they just want to compete in a different sport in their off season. One of our strengths is to work with a wide variety of athletes to help them improve their overall level of fitness.

### HISTORY

There is a long history of running at Trinity-Pawling, and of successful teams. More recent teams have achieved excellent results at the Penn Relays, the Founders League Championship Meet and the NEPSTA Championship Meet with numerous Trinity-Pawling athletes winning individual and relay events. Recent alumni return to speak with the current athletes and share stories of their success and lessons learned.

### LEAGUE

The Pride are members of the Founders League, which includes Avon Old Farms, Choate, Hotchkiss, Kent, Loomis Chaffee, Taft, and Westminster. Our other yearly opponents include Berkshire, Brunswick, Canterbury, and Millbrook. The cross country team competes in both the Founders League and NEPSTA Division I Championship Meets at the end of each season. The track and field team competes in dual meets against Founders League opponents, the Penn Relays, the Founders League Championship Meet, and the Division I New England Prep School Championship Meet.
