# Celebrating Grandparents

Grandparents are invited to eat lunch with their All Stars the week of Sept. 8<sup>th</sup> - 12<sup>th</sup> during their regular lunch time.

**\*\* Visiting Grandparents must be listed in Skyward under Family or Emergency Contacts.**

## ATTENDANCE

School attendance is critical for the quality of your child's education. A child who misses a day of school misses a day of learning opportunities. Should it be necessary for your child to miss a day of school, you must submit your child's absence online or send a written and signed note stating the reason for the child's absence within 3 days of the students return from the absence with the information listed below.

- Student's first and last legal name
- Grade Level
- Student ID #
- Specific dates of the absence
- Specific reason for the absence
- Parent signature

If a doctor's note is submitted, please make sure that it covers ALL days of the absence. If not, please send an accompanying parent note with the above-listed information. *Emails will no longer be accepted.* Please use [this link](#) to complete online form. [Absence link](#)

Students are required to attend class 90% of the time it is offered to be able to receive credit and be promoted to the next grade level. All absences, regardless of excused or unexcused, including leaving early and coming in late, count towards the 90% rule.

Please help make your child's education a top priority by building a habit of daily attendance.

## Help Your Child Succeed in School: Build the Habit of Good Attendance Early

### DID YOU KNOW?

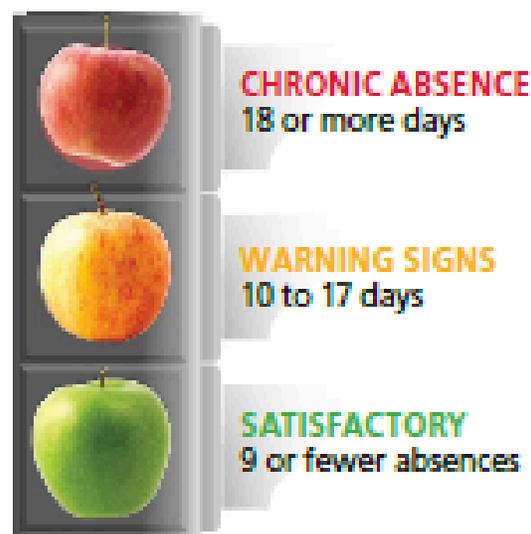

- Starting in preschool and kindergarten, too many absences can cause children to fall behind in school.
- Missing 10%, or about 2 days each month over the course of a school year, can make it harder to learn to read.
- Students can still fall behind if they miss just one or two days every few weeks.
- Being late to school may lead to poor attendance.
- Absences and tardiness can affect the whole classroom if the teacher has to slow down learning to help children catch up.

Attending school regularly helps children feel better about school—and themselves. Start building this habit in preschool so they learn right away that going to school on time, every day is important. Eventually good attendance will be a skill that will help them succeed in high school and college.

### WHAT YOU CAN DO

- Set a regular bedtime and morning routine.
- Lay out clothes and pack backpacks the night before.
- Keep your child healthy and make sure your child has the required shots.
- Introduce your children to their teachers and classmates before school starts.
- Develop backup plans for getting to school if something comes up. Call on a family member, a neighbor, or another parent.
- Try to schedule non-urgent related medical appointments and extended trips when school isn't in session.
- If your child seems anxious about going to school, talk to teachers, school counselors and other parents for advice on how to make your child feel comfortable and excited about learning.
- If you are concerned that your child may have a contagious illness, call your school or health care provider for advice.
- If your child must stay home due to illness, ask the teacher for resources and ideas to continue learning at home.

### When Do Absences Become a Problem?

Note: These numbers assume a 180-day school year.

# CJ HARRIS ELEMENTARY CLINIC QUICK REFERENCE GUIDE

## STAYING HEALTHY

- Sleeping 8-10 hours
- Eating healthy meals
- Drinking plenty of water
- Bathing/Showering
- Brushing your teeth
- Limit screen time
- Physical activity
- Washing your hands often

## MEDICATIONS

When possible, all medication should be given at home.

- A physician's authorization form must be signed by the physician or dentist licensed in the state of Texas AND parent or legal guardian for all prescription medications OR for any non-prescription (OTC) medication to be administered or kept at school for more than 10 days in one school year.
- Parent or legal guardian authorization is required for administration of all non-prescription (OTC) medications administered to days or less, once per school year.
- All over-the-counter medication must be unexpired and in the original, properly labeled container.
- All prescription medication must be unexpired and in a prescription bottle/box accompanied by a U.S. pharmacy label.
- All medication must be brought to the clinic by the parent or designated adult.
- If the medication is new to the student, the first dose of the medication must be given at home.

## IMMUNIZATIONS

According to state law and school board policy, all students must be fully immunized.

- Immunization requirements are determined by State Law. Students without proper documentation of the REQUIRED immunizations WILL NOT be allowed to start school.
- For information regarding medical or conscience exemptions, visit [www.dhs.texas.gov](http://www.dhs.texas.gov) or call your campus school nurse. Medical or conscience exemptions are accepted in lieu of vaccinations and must be valid and unexpired in order to attend school.

## WHEN TO STAY HOME...

To comply with guidelines from the Texas Administrative Code and the Department of State Health Services, a student must stay home or be sent home from school for:

- Conjunctivitis (pink eye)
- Diarrhea: A student must stay home until diarrhea-free for 24 hours without use of diarrhea-suppressing medications.
- Fever: A student with a temperature of 100 F (37.8 C) or higher must stay home until fever-free for 24 hours without use of fever-reducing medication.

Texas DHS Communicable Disease Chart and Notes for Schools with Exclusion Criteria

In the best interest of your child and his/her classmates, your child shall also remain at home for the following conditions:

- Uncontrolled asthma or diabetes
- Undiagnosed rash
- Vomiting...students must stay home until free from vomiting for 24 hours without use of vomiting-suppressing medications.

\*Your child may be sent home for other reasons, as determined by the clinic staff at your child's school.

## HEALTH CONDITIONS

Limited first aid can be provided in the school clinic. Clinic staff will notify you if your child is ill or injured and requires medical attention beyond our resources.

If unable to reach you or other emergency contacts, school personnel may call an ambulance. Parents are responsible for associated emergency costs.

You should provide information about your child's current health concerns at the beginning of every school year and update as necessary throughout the school year. Please contact clinic staff with questions or changes to your child's medical history.

If your child has a chronic condition that will be managed in the school setting, school health service staff must be provided with precision and parent guidelines for individualized health care of the student. These forms are available for you to take to your child's medical provider on our district website under Health Services, Student Health Conditions. The form(s) should be filled out by the medical provider and signed and dated by both the physician and the parent every new school year and as your child's condition changes.

We kindly request documentation from a healthcare provider if your student requires specific accommodations or has restrictions related to the use of medical devices and/or equipment.

\*The school/district does not provide medical devices or equipment for students following an acute injury or surgery.

## TOILETING GUIDELINES AND RESOURCES

- All physically and developmentally able students are expected to handle their own toileting and hygiene (wiping properly, washing hands) on their own or with verbal cues/reminders.
- Please keep a complete set of clothing including underwear and socks, in a zip lock bag with the student's name, grade, and teacher on the bag in their backpack. It is recommended that extra shoes be provided, if possible.
- Parents should ensure students have extra clothing in their backpacks daily.
- Parents will be contacted to pick up their student for a more thorough cleaning if they cannot be cleaned well enough after one soiling or for two urinary accidents in a day. The student may return to school to finish the rest of the day once completed.

For more information and to access all forms, please visit the Health Services section under the Departments tab on our district website:

<https://www.pearlandisd.org/departments/health-services/school-health-services>

Please feel free to call the School Nurse with any questions or concerns. Thank You!

# September CJ HARRIS SCHOOL 2025 COUNSELOR newsletter

## Monthly Focus:

In August I introduced myself to your child during PE in the first week of school and completed quick minute meetings with students in grades 2-4. In September we focus on RESPECT. When I visit your child's classroom I will be teaching about being a respectful friend and respectful friendships.

## RESPECT

is seeing value in all people and things & treating them with care

## Calm & Strong Kids Tip: breathe

Be a STAR! Stop and Smile, Take a deep breath in through your nose, And (pause), Relax exhale slowly through your mouth. Deep breaths are powerful coping skills your child can use anywhere, anytime to help them feel calm and strong.

# RESPECT Family Newsletter

Respectful People

## Respect Overview

This month's focus is Respect. One way to think about Respect is "seeing value in all people and things & treating them with care." Many people feel Respected in different ways. We hope this month inspires discussions with your family about what Respect means to you and how you can practice it together!

Respect is 1 of 3 traits we will focus on throughout the year that helps students Be Kind. Across grade levels, students will be developing skills like perspective-taking, conflict resolution, and leadership.

## Conversation Starters

- Can you share or show what Respect means?
- What is 1 way you have practiced Respect lately?

## PurposeFull Pursuits

Have some fun connecting as a family this month while practicing Respect. Here are 2 "PurposeFull Pursuits" you can complete together!

**#1** A fun way to remind students to show Respect to others is to create a non-verbal cue. As a family, come up with a non-verbal way to cue your student to remember to show Respect to others. An example of this would be anytime you raise the "Respect Rooster" on your hand by closing the middle 2 fingers and bringing your pointer finger and pinky finger up, your student would be reminded to practice living out Respect.

**#2** Review Respect as a family! In our lessons we are teaching that Respect means to see value in people and things and treat them with care. Agree as a family to set aside a certain time each day this week to unplug from devices and plug into family time. It shows Respect to practice being present in the moment without the distractions that can come from technology. Debrief and discuss this challenge afterward. Consider to embracing this practice at least 1 day each week!
