Tuesday, January 20, 2026

8:30 AM—3:30 PM

This class will be held in person at the
Winona Senior High School
Ag Building Classroom
(brown building in front of the high school)
and will also be recorded

Winona Area Public Schools
Community Education
903 Gilmore Avenue
Winona, MN 55987

Phone: 507-494-0900
E-mail: linda.jacobs@winona.k12.mn.us

Why Prepare?

Gaining admission to the college of your choice is more difficult than ever. That's why a high score on the ACT college entrance exam is so important. The ACT is a very unique and challenging test. Knowing what to expect and how to approach each section and type of question can increase scores significantly.

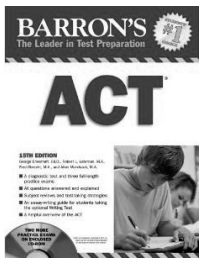

This 6-hour ACT preparation workshop is taught by Dr. Milt Dehn, a testing expert who has helped hundreds of students improve their ACT scores. Through hands-on practice, the workshop teaches specific test-taking strategies for each of the five ACT subject tests and the different types of questions found in each section.

The workshop will be held in person, at the WSHS Ag Building Classroom ***(the brown building attached to the greenhouse in front of the high school)*** from 8:30 am to 3:30 pm on Tuesday, January 20, 2026 and will also be recorded for those unable to attend the live class and for those who wish to review it later.

Note: Please be sure to have a calculator on hand for class.

The cost of the workshop is $89.

Dr. Dehn highly recommends that students purchase the Barron's ACT prep book so that they can complete several practice tests at home *(on-line practice is insufficient preparation).* The book also contains critical review sections on the content of each test section. The cost of the book is $35.

If you wish to purchase this optional book, add $35 to your registration fee. The book and handouts will be available at class.

ACT Preparation

This six-hour workshop emphasizes test-taking strategies and techniques for each of the five ACT subject tests. The workshop content includes:

- ACT facts, scores, and challenges
- ACT general test-taking strategies
- Specific methods and strategies for each of the five subject tests
- Specific strategies for several types of ACT questions within subject tests
- Dealing with the time limits
- A reading method that improves reading scores
- A "rush" reading method
- A brief English grammar review
- Practice with Math questions
- Essay-writing tips
- Strategies and tips for Science Reasoning
- Getting motivated and dealing with test anxiety
