Dr. Nicole Albrecht

# AI Club at GP

The AI Club started as a student initiative, with an interest in exploring the powers and limits of AI in education and learning. The club meets once a week to discuss the readings, complete hands-on exercises, and experiment with the use of AI in each subject led by the faculty. We will also schedule a couple of guest lectures to spark the students interest.

## Art in Action

Ms. Robin Russell

Art in Action is a club for students who simply love art. From studying art to creating art to appreciating art, students will meet a few times a quarter to share their love of art, create masterpieces, and explore new ways to immerse themselves in creativity and expression.

## Asian Pacific Student Association Ms. Shirley Zhang

The Asian Pacific Student Association is a welcoming community that brings together students from across Asia and the Pacific, including China, Korea, Japan, Thailand, Taiwan, the Philippines, Vietnam, Nepal, India, and other Asian countries that make up a diverse group of Asian ethnicity at Prep. Our mission is to celebrate the rich diversity of Asian cultures, foster cross-cultural understanding, and provide a space where students can share traditions, stories, and experiences. Through monthly cultural events rotated by different countries, we aim to build connections, promote inclusivity, and create a supportive environment for all students interested in learning about and celebrating Asian heritage.

# Best Buddies Club

Ms. Mary Butcher

Best Buddies is an international organization that seeks to promote inclusion for people with intellectual and developmental disabilities (IDD). Our school partners with Stone Ridge and the Ivymount School to host social events for high schoolers with IDD so that they can develop friendships with their peers. Our students spend one Sunday a month hosting these events and having fun with their buddies.

Ms. Bonnie Bai

Biology Club offers students a chance to explore the life sciences through hands-on labs, competitions, and field trips. We support participation in the USA Biology Olympiad and Brain Bee, and take an annual trip to the National Aquarium in Baltimore to learn about marine biology and conservation. Whether you're passionate about biology or just curious to learn more, this club is a great way to deepen your understanding of the natural world.

# Biology Club

# Black Student Association

Mr. Dacque Tirado & Ms. Jennifer Jones

The Black Student Association, or BSA, is a student organization that fosters connections, support, and a space for Black students to share their culture with each other and with the broader community. Membership is open to all students in the community.

# Brawl Stars Club

Mr. Patrick Fitzgerald

The Brawl Stars Club is a group of guys who get together to enjoy pizza and play their favorite past time...Brawl Stars!

# Business Club

Mr. Andy Swaminathan

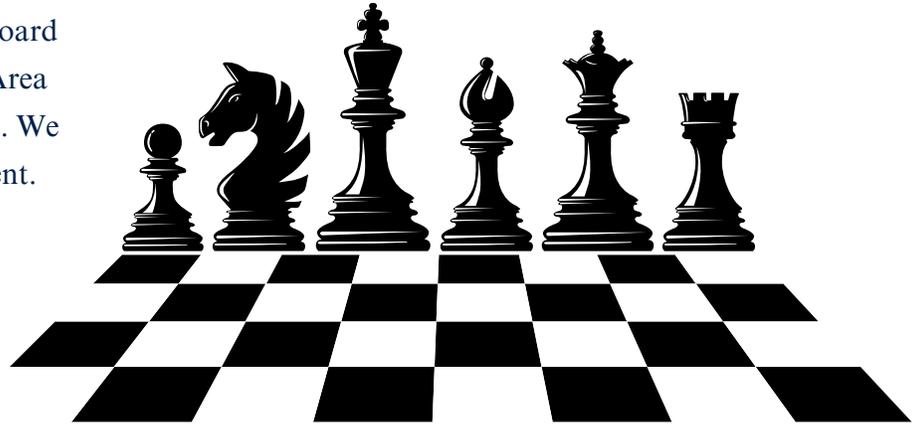

The Business Club is a forum for our students to be exposed to the wide ranging issues in the business world. We aim to be broad based in terms of the different aspects of business fields, ranging from corporate finance, accounting, marketing, engineering, consulting, legal services, small business proprietorship and entrepreneurship. We draw our speakers from our wide alumni network and Prep parents.

# Chess Club

Mr. John DeCaro

The Chess Club meets weekly to play over the board chess. In addition, we participate in the Metro Area Chess League with other schools in the DC area. We also host an annual school-wide chess tournament.

# Classics Club

Dr. George Hendren

Classics Club encourages students to explore the ancient world beyond compulsory Latin class, through enrichment trips to local museums and universities, as well as participation in the Maryland Junior Classical League. Classics sponsors the annual Father Byrne Prize in Latin translation, and of course our always exciting Chariot Races in the spring.

# Computational Linguistics Mr. Brian Dybicz

This club is aimed at helping the students who are interested in logic or linguistics to dig deeper into these fields. The club will be held every Wednesday, and we will mainly focus on doing linguistic problems that solely require the students to have good logic. They would not necessarily need linguistic skills to solve the problems, but they could learn those skills while doing them. Much of the skills are an extension of what they have encountered in Latin if they have taken it already. By attending the club, students will be able to see the application of grammar they have learned in Latin to new and rare languages and find out more linguistic rules that do not exist in the languages they have learned. In addition, the students, if interested, could attend the actual competition of computational linguistics which takes place in January.

# Computer Science Club Dr. Ramon Tusell

The computer science club will get together to discuss topics about computer science as well as specific coding challenges we would like to attempt. Students who join should be passionate about technology, but they do not need to have vast experience in the industry. Beginners are welcome!

# Cooking Club

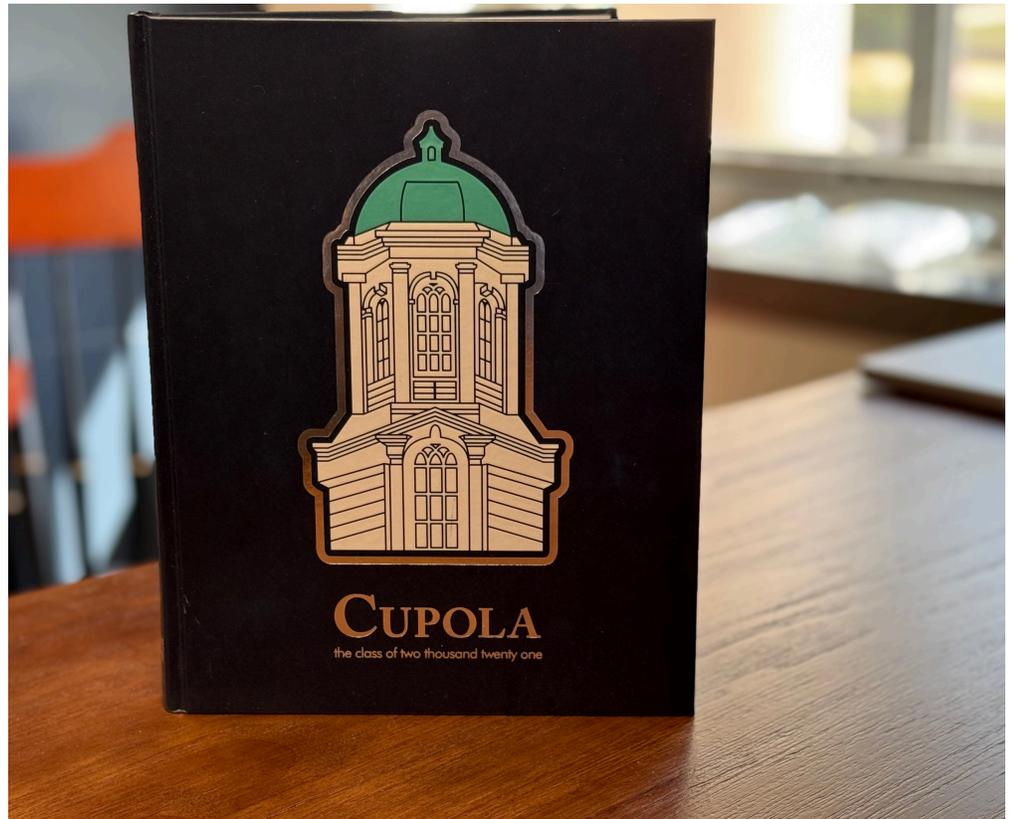

Ms. Valerie Franck

The Cooking Club brings food lovers together to plan, prepare, and enjoy delicious meals as a team. At each meeting, members collaborate to design a menu, organize tasks, and assign responsibilities, ensuring everyone has a role in the process. We then gather in the beautiful open kitchen on the first floor of the dorm to cook the dishes, share skills, and of course, savor the results together. More than just cooking, the club is about teamwork, creativity, and the joy of sharing a great meal with friends.

# Cupola - The GP Yearbook

Ms. Kathleen Vega

The Yearbook Club is responsible for creating the official school yearbook, a lasting record of the people, events, and spirit that define our school year. From photography and layout design to writing and editing, our members play a key role in documenting the memories that matter.

Ms. Bonnie Bai

## Cycling Club

The Cycling Club is an organized wolf-pack of Hoyas passionate about traveling on two wheels. The club meets biweekly on Saturday afternoons and explores trails along the Potomac and in DC. The Club hosts transportation to large bike rides, charity rides, and amateur competitions, such as the D.C. Bike Ride and RCDCU "Bike to Fight Prostate Cancer." Students travel via metro and sometimes by Prep bus. We encourage residents and day students to participate in events.

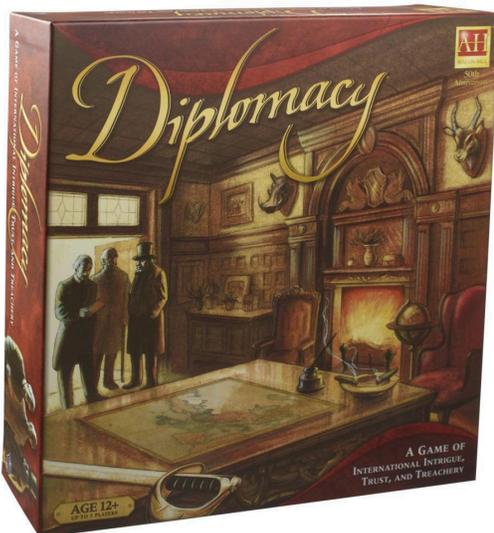

# Desi and Arab Student Association

The Desi and Arab Student Association (DASA) is a club dedicated to sharing and celebrating Desi and Arab cultures with our school community. Our goal is to teach others about traditions, history, food, and music while creating a space that encourages cultural appreciation and understanding. We hope to spread awareness and bring people together by highlighting the richness of these cultures.

## Mr. Dacque Tirado Diplomacy Society

The Diplomacy Society is a club dedicated to those that share a passion for foreign affairs, geo-politics and international strategy board game simulations.

# Engineering & Robotics

Mr. Jacob Kaufmann

The Engineering & Robotics Club is a place for students to explore the exciting world of engineering through hands-on projects, creative problem-solving, and real teamwork. Whether you're interested in mechanical design, coding, electronics, or just curious about how things work, this club offers something for everyone. Our goal is to spark curiosity and provide opportunities for students to gain experience in different engineering fields—including mechanical, electrical, computer science, civil, and even chemical engineering. Last year, our club designed and built a compressed-air cannon that launched a 3D-printed, aerodynamic projectile nearly 200 yards! This year, the boys are currently brainstorming a new project. Ideas have included go-karts, a steel bridge competition, or building a laser harp. Whether you're committed to joining every meeting or just want to drop by occasionally, there's a place for you here. We're a fun and welcoming community of builders, thinkers, and future engineers—and we'd love to have you onboard!

# Environmental Club

Dr. John Krambuhl & Mr. Bill Haardt

Rooted in Pope Francis' encyclical *Laudato si*, on Care for God's Creation, the Environmental Club organizes prayer, service, and community gatherings to connect our faith with good stewardship of the earth. In our fast-paced world, it is easy to forget about the beautiful world we live in. This club spreads awareness and is a space for members to slow down, share, and advocate for the natural world around us.

# Families4Families

Mr. Ryan Eskow

Families4Families is an organization that provides groceries to families in need around the DC area. Once a month, the group gets together on a weekend morning and collects a week's worth of groceries from as many families that volunteer. Members of the group then drive to a drop off location in DC where low-income families come for pick-up.

Ms. Kirsten Keppel

## French Club

The French Club is a group dedicated to sharing French heritage with the student body. Meeting a few times a month, they plan campus events surrounding French culture to help immerse the student body in the beauty and definition of what it means to be French!

## German Club

Ms. Erika McGinn

HOYA GERMAN AMBASSADORS AT PREP. Our club focuses on fostering German speaking cultures at Prep. The German speaking world has a rich culture, it's a lot of fun, and we are here to show bits of it to everyone at Prep. At monthly meetings we learn and discuss interesting cultural traditions in Germany, Austria and Switzerland; we celebrate German traditions school-wide for Oktoberfest, St. Nikolaus Day, and Christmas. We also participate in all time favorites: Modern Languages Soccer Tournament in the Fall and March Madness Basketball tournament in the spring. We collaborate with the German Honor Society and invite speakers to talk about current affairs. We also tutor German for the sophomore and junior classes and more....Check us out!

# Global Matchpoint

Ms. Shirley Zhang

Global MatchPoint is a student-led club that explores international affairs and current global events, including U.S.–China relations and their influence on the world today. Through discussions, guest speakers, and student-produced podcasts, members examine pressing topics such as climate change, technology, trade, and cultural exchange. The club provides a platform for students to share perspectives, broaden global awareness, and strengthen their critical thinking and communication skills. Open to all students with a curiosity about the world, Global MatchPoint invites members to discover how international events connect to their own lives and future.

## Dr. Karen Napolitano GP Prevention Club

The GP Prevention Club is student-led and serves to promote education and prevention on substance use, specifically drugs, alcohol, and nicotine products. GP Prevention hosts speakers and does service work in the community as well. Last winter, GP Prevention partnered with the local Recovery Center of America to collect essential personal hygiene products to support their residents in recovery from Substance Use Disorder (SUD). GP Prevention meets twice a month.

# GP Sportscast Club

Mr. Cam Keuning

The GP Sportscast Club provides live broadcasts for major sporting events on campus as well as pregame & postgame interviews and content supporting our student-athletes and athletic programs. Students will work to prepare professional broadcasts for our livestreamed games, and then they will work to edit film and produce content to inspire interest and create excitement.

Mr. Patrick Fitzgerald **Graphic Design Club**

The Graphic Design Club is a club for students by students! The club's main focus is working on designing the best t-shirts to show Prep Spirit on campus and sporting events.

**Guadalupe Society**

Dr. John Krambuhl

Our Lady of Guadalupe is patroness of the Americas and of the unborn. In the image of Our Lady of Guadalupe, Mary appears as pregnant, and is called a “mother to all mothers,” in solidarity with all mothers, especially those in need. The Guadalupe Society is a compassionate and discerning pro life advocacy club. Our aim is to bring faith into dialogue with culture to form consciences, work for justice, and build young people’s capacity to be in loving relationships.

We work in service to mothers in need through the Gabriel Project and similar ministries, and participate in pro life education and advocacy in partnership with other local Catholic schools.

# GP Unidos

Dr. Ramon Tusell

The mission of GP Unidos is to provide a safe and welcoming space to discuss the experiences of Latinas and Latinos in the United States and the world. We will explore different stereotypes that are perpetuated in popular culture about Latinas and Latinos as well as the impact of these on students. We will expand on ideas of what latinidad means by learning about Latinas and Latinos who have made important contributions to society in both the past and present. With this club, we hope to build community between Latino-identifying students and create more awareness on campus of the achievements, contributions, and diversity of Latino people. You do not have to identify as Latino/Latina or speak Spanish to join our club.

# Hiking Club

Dr. Bob Brewer

The Hiking Club is a high adventure club that hikes throughout the DMV and beyond. We typically have two to three hikes per semester. Most of our hikes are day hikes, meaning we travel and return inside the same day. We have also done overnight hikes in places like Shenandoah National Park. Student leaders help select and plan what we will need for each hike. Some of the hikes we have done in recent years include Maryland Heights near Harper's Ferry, the roller coaster section of the Appalachian Trail in northern Virginia, and Mary's Rock in Shenandoah National Park. These activities offer a great opportunity for our students to get outside of the city, enjoy the beautiful landscape of the Blue Ridge Mountains, bond, and learn survival skills.

# Hoya Jump: GP Comics

Ms. Jasmine White

The GP Comic Club is an up-and-coming studio where those who like to write, draw, or are just fans of comics and manga all meet to create something new. Students will form groups around the beginning of the year and start working on a few comic series that will be compiled into a website for the rest of the school to enjoy. We will also host watch parties to analyze and discuss already existing manga and comics, working together to identify what new knowledge can be gained from them.

# International Relations Club

Ms. Rosita A. Whitman

The International Relations Club, or IRC, provides a platform for students to share their passion for global events, international relations, foreign affairs, and world politics. The IRC offers an arena for students to develop skills in public speaking, negotiations, and critical thinking. Over the course of each year, they compete in events like Model UN, Model Arab League, & Model OAS.

# Investment Club

Mr. Josh Furnary

The Investment Club actively manages over \$300,000 of donated funds from alumni as part of the endowment. Students research, write, and present memos on how to trade large cap stocks and crypto currencies on a global scale, with the goal of beating the S&P 500. This active management of real money gives Prep students skin in the game and a financial leg-up with financial literacy as they compete for highly sought after financial careers and colleges admittance. In keeping with the school's mission, at the conclusion of each academic year, half of that year's profits are realized and gifted in the form of a scholarship to a student in financial need at Prep--last year the scholarship totaled approximately \$30,000. Membership in the investment club demands a willingness to learn, to take risks, and active participation. Please consider joining our club and beginning your journey to financial literacy.

Mr. Ryan Eskow

# Jewish Culture Club

The Jewish Culture Club is where students gather to learn and celebrate Jewish traditions and history. Our mission is to share the Jewish culture with the community through activities such as bringing in traditional Jewish foods, learning about holidays, and exploring the similarities and differences between world religions. We also invite guest speakers to share their personal experiences.

# JRS Action Team

Mr. Dan Bowen

The Georgetown Prep JRS Action Team seeks to bring the mission and message of the Jesuit Refugee Service to our campus. JRS was founded by Fr. Pedro Arrupe, SJ (of "Men For Others" fame!) and he believed that Jesuit education must be rooted in a faith that does justice with special attention for those on the margins of our society and world. As an "action team", we join with teams from other Jesuit high schools and universities to raise awareness and money, as well as to lobby lawmakers on Capitol Hill.

Mr. John Glennon

# Korean Club

The Korean Club's mission is to help students understand and enjoy Korean history and culture. The club organizes outings and on campus events so Prep students can enjoy Korean food, movies, music, and other elements of Korean culture. Past events have included trips to a local Korean BBQ restaurant, a kimchi making class, and Korean movie nights. All students are welcome, no prior knowledge about Korea is required.

# Mandarin Club

Ms. Shirley Zhang

The Mandarin Club is open to all students who want to explore Chinese language and culture—whether you're enrolled in the Chinese program, from the greater China region, or simply curious to learn more. Members celebrate traditions together through schoolwide events like the Mid-Autumn Festival and Lunar New Year, and they connect boarding and day students through cultural excursions in the local Chinese community, such as visiting museums or meeting a celebrity chef. The club also reaches beyond Prep, bringing fun and engaging Chinese cultural programs to younger students in local public and private schools. It's a lively and welcoming space to experience culture, make friends, and build connections both on campus and in the community.

# Math League

Mr. John DeCaro

The Math League competes in various math competitions and tournaments throughout the year. Our premier competition is the AMC, which a number of our students have had great success in. In addition, we participate in Math Madness, Maryland Math League, the Euclid Contest, and the University of Maryland mathematics tournament.

# Dr. Karen Napolitano Morgan's Message

Morgan's Message® is a 501(c)(3) that strives to eliminate the stigma surrounding mental health within the student-athlete community and equalize the treatment of physical and mental health in athletics.

# National Honor Society Ms. Erika McGinn

The National Honor Society is a widely recognized high school organization that recognizes students for outstanding achievement in scholarship, character, leadership, and service. Our chapter was named after the English martyr St. Edmund Campion, S.J. (1540-1581). Students must be invited to join the NHS, based on their GPA, their character, and leadership roles in extracurricular activities. We admit only juniors and seniors to the NHS. Our members regularly tutor freshmen and sophomore students in cooperation with the teachers in every subject. They are role models for the entire Prep community.

# National Art Honor Society Ms. Robin Russell

The National Art Honor Society recognizes outstanding visual arts students and their teachers. The program supports members in achieving the highest standards in art scholarship, character, and service while providing opportunities for leadership, peer recognition, college and career preparation, & community engagement while helping to promote the value of art education within the GP community.

# Photography Club

Ms. Erin Koester-Tusell

In our club, students of all skill levels come together to share their passion for photography. Whether you're a pro or just starting out with your smartphone camera, there's a place for you here. We believe in learning and growing together, fostering an environment where everyone feels supported and inspired to unleash their artistic vision. Through regular meetings and a variety of workshops, we dive deep into the art and practical skills of photography. From mastering the basics of composition to experimenting with techniques, there's always something new to explore. But it's not just about technical skills - it's also about finding your unique voice as a photographer. We encourage our members to express themselves with sincerity, using photography as a medium to reflect their thoughts, feelings, and perspectives on the world around them.

# Ping Pong Club

Mr. Andy Swaminathan

Ping Pong is a fun recreational activity, open to all students and faculty irrespective of skill level. The annual tournaments have become part of Prep tradition. The school-wide annual tournament, featuring faculty and students, is conducted over a few weeks during the 4th quarter and culminates with a lively and enthusiastic event crowning the Prep Ping Pong Champion!

# The Prep Players

Mr. Brandon Rothenberg & Mr. Colin Brown

**“GREAT THEATRE  
IS ABOUT  
CHALLENGING  
HOW WE THINK  
AND  
ENCOURAGING  
US TO  
FANTASIZE  
ABOUT A WORLD  
WE ASPIRE TO.”  
– WILLEM DAFOE**

The Prep Players produce three theatrical productions per school year. The first being a play, then a musical, and finishing the year with short plays or a student created play. The Prep Player act on stage, run the backstage action, and run the sound, lights and other technical elements required for the shows. Some of our past features include: Joseph and the Amazing Technicolor Dreamcoat, Newsies, Huckleberry Finn, and The Legend of Sleepy Hollow

**Mr. Tom Fenfert**

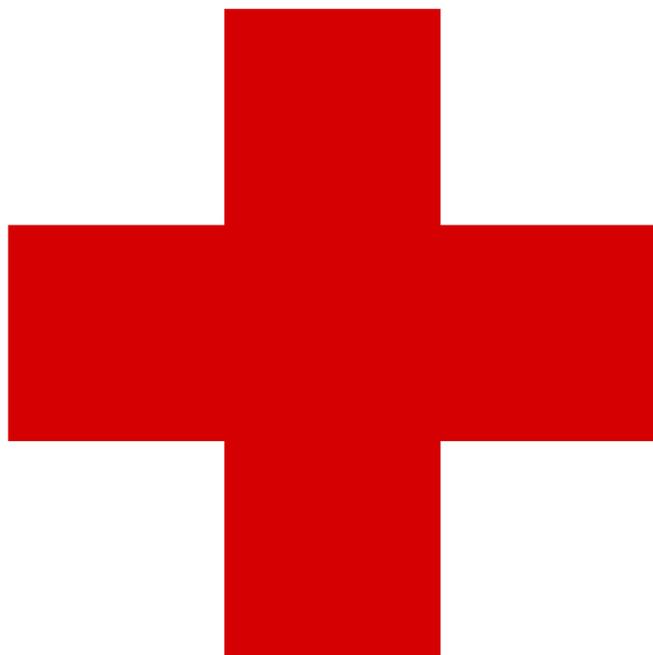

## Physics Club

We aim to provide any student either interested in physics or needing help in physics the necessary support and resources. We welcome any student to join this club. We will meet once a week on Thursday after school. We will cover any necessary topics in curricular physics if any student does not understand, and if none need help in a session, we will focus on one interesting physics phenomena to explore in the session. We might also cooperate with the engineering club for some physics experimentation and application.

# Red Cross Club

Ms. Bonnie Bai

The Georgetown Prep Red Cross Club is an extension of the American Red Cross, led by students and supported by Ms. Bai and representatives from the American Red Cross. Our mission is to prevent and alleviate suffering during emergencies through meaningful service and education. Each year, we host two on-campus blood drives, organize fundraisers and donation campaigns to support disaster relief efforts, and provide a variety of volunteer opportunities for students to get involved in their community. We also organize a field trip to the American Red Cross Blood Donation Center in Baltimore, where students can see how blood donation is processed before it is released to hospitals. Whether you're passionate about health, service, or global impact, the Red Cross Club is a great way to make a difference both locally and beyond.

Ms. Leah Hepburn

# Ski Club

Love the thrill of fresh powder, crisp mountain air, and days filled with adventure? The GP Skis Club is the perfect place for you! Each year, we take a two-night trip to beautiful Stowe, Vermont, where members can hit the slopes, make new friends, and share plenty of laughs both on and off the mountain. For even more excitement, we also organize quick evening trips to local spots like Whitetail or Liberty for night skiing, hopping on the mini bus right after school and heading straight to the snow. Whether you're a seasoned skier or just starting out, GP Ski is all about building memories, trying new runs, and having a blast together.

# Spanish Club

Ms. Antonieta Singer

The Spanish Club is an opportunity for the students to explore different aspects of the Spanish-speaking world through engaging events spread throughout the academic year. The members of the club are usually led by 2 presidents that help to coordinate communication among the members of the club as well as organizing the events. Some of these events are: 1. Día de Muertos 2. Collins Cup / Soccer tournament (in collaboration with the other language clubs) 3. Basketball tournament (in collaboration with the other language clubs) 4. Salsa Dance event (in collaboration with Stone Ridge school). Through these activities and events, members gain a deeper appreciation for the traditions and perspectives of different countries.

# Spectrum Alliance

Dr. Karen Napolitano

Founded in 2015, the GP Spectrum Alliance group promotes the dignity and inclusion of every community member. "Every one is welcome here" is the central message which reflects our core value of cura personalis, the care of the whole person. Spectrum provides affinity for Hoyas who identify as LGBT and their allies while fostering a positive campus climate and mutual respect.

# SPECTRUM ALLIANCE

# Speech & Debate

Mr. Wes Matthews & Mr. Ben Williams

The Prep Debate Club offers students the opportunity to hone the skills of critical thinking, formal logic, public speaking, and persuasive communication. Our meetings will typically consist in learning the techniques of effective argumentation and putting them into action in mock debates. Throughout the year, members will also have the chance to compete on a local and (hopefully) national scale. Whether students are new to debate or already experienced, the club provides a space to develop confidence while learning useful life skills and enjoying a supportive, high-spirited team environment.

# Student Government Association

Ms. Bonnie Bai & Mr. Brian Dybicz

The Student Government Association (SGA) plans school-wide events such as dances, fundraisers, spirit weeks, and assemblies. The two main goals of the organization are to provide service to the school community and to provide members with an opportunity to develop their leadership and planning skills. The organization consists of a president, vice president, secretary, and treasurer; two representatives for each grade level; and two dorm reps. Please address any questions to our faculty moderators, Ms. Bai and Mr. Dybicz.

# Spike Ball Club

Mr. Bill Whalen

The main goal of the Spike Ball club is to promote the game. We want as many people to join as possible so we can expand this fun game more in our Prep community. This year we plan on hosting tournaments where many teams can compete to be the Georgetown Prep spike ball champs. We also plan on getting the nets out more often so that people can play whenever they feel like it.

# The Board Game Club

Mr. Ryan Smith

The board game club offers a time and place for students to enjoy tabletop games with their friends. Whether playing some of their favorites or learning a completely new game, we offer a wide variety of options for our students. From classics like Risk to club favorites like Settlers of Catan, our games range in complexity and duration and we are always looking for any new games our members suggest! We "officially" meet every other Thursday after school on the first floor of the dorms...however Mr. Smith is in his office everyday after school (first floor of the dorms) so come by with some friends, grab a game and play anytime. The board game club also has a VERY dedicated group of Dungeons and Dragons players. New players are always welcome. We have a shared world that students have been playing in since 2020. Your character's actions and choices can affect the world for future GP D&D players and quest givers, allies and potential villains could be Prep Alumni's former characters! There are a number of student game masters who will run their own campaigns that players can join! We have a discord server where members can chat, discuss strategy, send memes and schedule sessions and we have mats, minis, dice, everything a new adventurer needs to start their journey.

# The Little Hoya

Dr. Nicole Albrecht

The Little Hoya is Prep's student newspaper that covers school news, athletics, and the arts, including stories of national interest. It is published six times a year. Students from all grades contribute articles. Students choose topics to cover,

# The Public Health Club

Ms. Joanna Bradley

The Public Health Club's main purpose is to learn about the news in the world of health and understand why it matters to us. We talk about things like how illnesses spread, how they start, and what we can do to prevent them. Our goal is to make health information easy to understand and share with others. We make posters and flyers to spread awareness and help our school community stay informed and healthy.

# Volleyball Club

**Dr. Nicole Albrecht**

The Volleyball Club has grown exponentially over the past year, thanks to the student leadership and interest. What started as a resident students' activity in the dorms and have now turned into an activity open to day and resident students. We have regular practices and away matches during the fall season, including fixtures against Landon. Any player of any level is welcome.

# Yoga Club

**Ms. Robin Russell**

The GP Yoga Club offers all students the opportunity to strengthen their bodies and clear their minds. This club introduces basic poses, simple mindfulness practices that reduce stress, and breathing techniques. You could be an athlete looking to improve performance in your game to look good out there, or you could simply just want a calm space to recharge. No experience is needed for the club. If you want relaxation and personal growth, join us for weekly yoga sessions.
