Mr. Crosby, Curriculum Director, introduced Dane Joslyn, Program Director, from Climb Wyoming, who provided information on Climb Wyoming's mission, which is to help low-income single mothers across the state achieve self-sufficiency through career training and job placement.

Campbell County School District has partnered with Climb Wyoming to provide a 4-week curriculum/training designed to train Instructional Assistants. The goals of the program are to understand the school environment and the TA's role, learn techniques for supporting student learning, practice professional conduct and collaboration, and develop skills for working with teachers and other adults. Ms. Joslyn shared the schedule, which is 5 days/week (40 hours). Four days are dedicated to training (Week 1: Foundations of the TA Role, Week 2: Instructional Support and Student Engagement, Week 3: Practical Skills, and Week 4: Career Readiness), and one day will be a Climb Day, including advocacy, parenting, mindfulness, counseling (individual and group), life skills, and work readiness.

Mr. Crosby shared information regarding the New Hire Induction schedule, including Professional Learning, 504 Training, IEP Training, CHAMPS, Behavior Leadership Strategies Training, and Schoology Overview. New hires must complete at least three full credits of approved district Professional Development courses recommended by their administrator by the end of their third year. Full-credit courses can be one or two credits. Five action labs convert into one full credit, and all courses are listed on the Professional Learning site biannually.

The meeting adjourned at 5:22 PM, with no action taken by the board.
