These funds are to be used for the purpose of providing for the education and services of students with a disability, to strengthen education, drive reforms and improve results for students' ages 3 through 21. The LEA must make available to parents of children with disabilities and to the general public all documents relating to the eligibility of the agency under Part B. Additionally, all LEAs are to provide reasonable opportunities for the participation by teachers, parents, and other interested agencies, organizations, and individuals in the planning for and operation of each applicable program under which Federal funds are made available to such agency through a State agency; and that any application, evaluation, periodic program plan or report relating to each program will be made readily available to parents and other members of the general public.
