September 2025

Principal/Dean News

It is hard to believe we are already heading into the fourth week of school. We are so impressed with how well our students have settled into their routines and am seeing a lot of amazing learning happening in the classrooms.

As we shared in our welcome back materials, consistent attendance is vital for academic success. Please help your child to arrive on time and ready to learn each day.

Don't forget, Picture Day is September 24th.

Mr. Ohlson, Principal
Mr. Puls, Dean

September 2025

Noticias del director/decano

Es difícil creer que ya estamos en la cuarta semana de clases.

Estamos muy impresionados con lo bien que nuestros estudiantes se han adaptado a sus rutinas y vemos un aprendizaje increíble en las aulas.

Como compartimos en nuestros materiales de bienvenida, la asistencia constante es vital para el éxito académico. Por favor, ayuden a su hijo/a a llegar puntual y listo/a para aprender cada día.

No olviden que el Día de la Foto es el 24 de septiembre.

Attention Horizons Families - We need your help!

We are planning on starting a Lego Club for interested 4th and 5th grade students. We are in need of Legos. If you have Lego sets that you are willing to donate, please bring them to school. The Lego sets can have directions or not. As long as we know the name of the Lego set, we can look up the directions. If you have a set that you are willing to donate, either send it along with your child to school or drop it off in the office. Please have your child deliver the sets to Mrs. Otto's office or their classroom teacher can get it to me. We are excited to offer this new experience to our 4th and 5th grade students. More details will be given to students in October to sign up for the Club.

Thank you,

Mrs. Otto, School Counselor

Mrs. Miller, STEM Teacher

Atención familias de Horizons: ¡Necesitamos su ayuda!

Estamos planeando crear un Club de Lego para estudiantes de 4.º y 5.º grado interesados. Necesitamos Legos. Si tienen sets de Lego que estén dispuestos a donar, por favor, tráiganlos a la escuela. Los sets pueden tener instrucciones o no. Siempre que sepamos el nombre del set, podemos buscar las instrucciones. Si tienen un set que estén dispuestos a donar, pueden enviarlo con su hijo/a a la escuela o dejarlo en la oficina. Por favor, pídanle a su hijo/a que entregue los sets en la oficina de la Sra. Otto o su maestro/a puede entregármelos. Nos entusiasma ofrecer esta nueva experiencia a nuestros estudiantes de 4.º y 5.º grado. Les daremos más detalles en octubre para que se inscriban en el Club.

Gracias,

Sra. Otto, Consejera Escolar

Sra. Miller, Maestra de STEM

Dear Families,

As we prepare to begin the new school year, the Appleton Parking Utility would like to emphasize the importance of following the legal parking practices during student drop-off and pick-up times. All our zones are marked as one of the following: loading zones, no-parking areas, and parking areas.

Loading Zones: The adult **MUST** stay in the car. This is for active loading/unloading only. This is for kindergarten drop-off and pick-up. We have adults outside who will help your child get into the car. Parking and leaving your car in a Loading/Unloading zone will result in a ticket.

No Parking Areas: There is **NO** parking at any time in this zone. Please pay close attention to the crosswalks. You cannot have your car parked on a crosswalk, even if you are inside of the car. There is no waiting, loading, or unloading in a No Parking area.

Parking

We have lots of street parking along Woodlands Park. School staff monitor this area after school. Families can park and meet their child on the playground, or students can walk along the sidewalk until they spot their child.

Additionally, the information available on the Appleton Area School District (AASD) website is well-organized, appreciated, and serves as a valuable resource for families:

<https://www.aasd.k12.wi.us/families/family-resources/school-safety-preparedness/traffic-parking-around-our-schools>

Thank you for your continued support in creating a safe and orderly environment for all.

Queridas familias,

Al prepararnos para el inicio del nuevo año escolar, el Servicio de Estacionamiento de Appleton desea enfatizar la importancia de seguir las normas legales de estacionamiento durante la entrada y salida de estudiantes. Todas nuestras zonas están marcadas como: zonas de carga, zonas de no estacionamiento y zonas de estacionamiento.

Zonas de carga y descarga: El adulto DEBE permanecer en el coche. Esto es solo para subir y bajar del coche. Es para dejar y recoger a los niños del kínder. Hay adultos afuera que ayudarán a su hijo a subir al coche. Estacionar y dejar el coche en una zona de carga y descarga resultará en una multa.

Zonas de Prohibido Estacionar: No se permite estacionar en ningún momento en esta zona. Preste mucha atención a los cruces peatonales. No puede estacionar su auto en un cruce peatonal, ni siquiera dentro del vehículo. No se permite esperar, subir ni bajar pasajeros en una zona de Prohibido Estacionar.

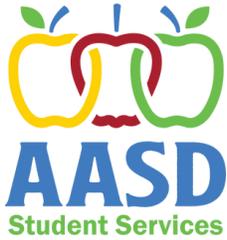

Estacionamiento

Disponemos de amplio estacionamiento en la calle a lo largo de Woodlands Park. El personal escolar supervisa esta área después de clases. Las familias pueden estacionar y esperar a sus hijos en el patio de recreo, o los estudiantes pueden caminar por la acera hasta encontrarlos.

Además, la información disponible en el sitio web del Distrito Escolar del Área de Appleton (AASD) está bien organizada, es muy apreciada y constituye un recurso valioso para las familias:

<https://www.aasd.k12.wi.us/families/family-resources/school-safety-preparedness/traffic-parking-around-our-schools>

Gracias por su continuo apoyo para crear un entorno seguro y ordenado para todos.

Dear AASD Families,

Our AASD Elementary School Counselors are using a resource this year called Sources of Strength as they teach Lifelong Skills lessons in the classroom. This resource will help students think about, develop, and practice positive social and emotional skills to identify and grow strengths in their lives. The resource is research-informed and is modeled after the evidence-based Sources of Strength program that has been in middle and high schools for decades. The focus of Sources of Strength is to develop a school wellness model centered on building community, strength, resilience, and belonging for individuals and communities. At the core of the resource are eight Strengths: Family Support, Positive Friends, Mentors, Healthy Activities, Generosity, Spirituality, Physical Health, and Mental Health. Each lesson invites students to explore these Strengths in their own lives and empowers them to grow their Strengths. By doing so, students build resilience and promote health and wellness for themselves and others.

AASD families play an important role in helping their learners truly apply these Strengths in their lives. You are encouraged to ask your student what they have learned during the Sources of Strength lessons and how they are applying it in their own life. We invite you to join them in this learning process by naming Strengths that you feel strong in and the people, places and activities you use to navigate life's ups and downs. You can find more information about the Sources of Strength Wheel at this [link](#). Please do not hesitate to reach out to AASD Student Services with any questions.

HELP US BUILD A STRONGER SCHOOL COMMUNITY!

Are you interested in supporting our school through the **Horizons Family Network**?

How'd you like to volunteer?

We'd love to learn how you'd like to help, whether is volunteering at events, donating items, or sharing unique skills.

Please take a few minutes to complete our Time & Talent Survey by scanning the QR code.

Thank you for being part of our amazing school family!

Bright Smiles. Bright Futures.

Empowering Youth Through Better Oral Health Care

FREE Quality Dental Care for Students

The **Robert Glass Focus on the Children** program at Tri-County Dental provides **FREE** dental care to **qualified students** right at their school through our mobile clinic.

Set Your Child on the Path to Success

Regular dental care can help kids stay healthy, confident, and ready to learn. The Robert Glass Focus on the Children program provides the following care:

- **Hygiene Appointment** – Screening, cleaning, fluoride varnish, SDF, and sealants as needed
- **Dental Exam** – X-rays, fluoride varnish, and a professional exam
- **Restorative Care** – e.g. filling cavities (may be done at TCD clinic or mobile unit)

How It Works

We partner with schools in **Appleton, Brillion, Neenah, Oshkosh, and Seymour** to bring **FREE** dental care to qualified students that have registered for the program.

If your child qualifies for the free or reduced lunch program and does not have private dental insurance or another dental home, they automatically qualify.

Don't Let Their Smiles Fade and Register Today!

Complete the registration by scanning the QR code to register your student now or visit our website at www.tricountydental.org.

Questions/More info?

Contact Nkaoxue Summers, Tri-County Dental Outreach Care Coordinator at nsummers@tricountydental.org or 920.882.5500 x 107.

Sonrisas Brillantes. Futuros Brillantes.

*Empoderando a la juventud a través de una
mejor atención de salud bucal*

Atención Dental GRATUITA y de Calidad para Estudiantes

El programa **Robert Glass Focus on the Children** de Tri-County Dental brinda atención dental **GRATUITA** a los estudiantes que califican, directamente en su escuela, a través de nuestra clínica móvil.

Ponga a su hijo(a) en el camino hacia el éxito

La atención dental regular puede ayudar a los niños a mantenerse saludables, seguros de sí mismos y listos para aprender. El programa Robert Glass Focus on the Children ofrece la siguiente atención:

- **Cita de Higiene** – Evaluación, limpieza, barniz de flúor, fluoruro diaminado de plata (SDF) y selladores según sea necesario
- **Examen Dental** – Radiografías, barniz de flúor y un examen profesional
- **Cuidado Restaurativo** – por ejemplo, empastes de caries (pueden realizarse en la clínica de TCD o en la unidad móvil)

Cómo Funciona

Nos asociamos con escuelas en **Appleton, Brillion, Neenah, Oshkosh** y **Seymour** para brindar atención dental **GRATUITA** a los estudiantes que califican y que se han inscrito en el programa.

Si su hijo(a) califica para el programa de almuerzo gratuito o reducido y no tiene seguro dental privado ni otro proveedor dental, califica automáticamente.

¡No deje que sus sonrisas se desvanezcan, inscribálos ahora!

Complete la inscripción escaneando el código QR para registrar a su estudiante hoy o visite nuestro sitio web en www.tricountydental.org.

HEALTH SERVICES * P.O. Box 2019, Appleton, WI 54911 * 920-852-5344

From the school nurse: Beginning of Year Reminders

Hello and welcome to the 2025-2026 school year! We are excited to see your students back and we look forward to working with them. In order to help ensure we have the most up to date information for those students with health conditions, please remember to fill out an updated health condition plan which can be found [here](#). Please return these to your student's school office once completed. Any medication that will be kept at school must have a new [medication administration form](#) completed each school year. Please note, if your student has a health plan that lists their medication and dosing, you do not need to also complete a medication administration form. All medications must come in their original

packaging or pharmacy bottle with the student's name and dosing information. If your student is in middle or high school and you would like them to receive the stock medication (Tylenol, Ibuprofen, Benadryl, and TUMS) you will need to give [permission for them to receive these medications](#).

Per Wisconsin law, students are required to be fully immunized or have a signed [waiver](#) on file. To see the current state requirements please see this [letter](#) from the Department of Health Services. If your child has not yet received the appropriate immunizations, please schedule an appointment with your health care provider or the City of Appleton Health Department/Outagamie County Health Department. Additional information about vaccination requirements can be found [here](#). If you have any questions please reach out to your school nurse.

Lastly, every day your student attends school matters! If a student misses 10 days per year for the lifetime of their school career, that adds up to 140 days... almost a full school year. Research and experience teach us that students with poor attendance are at greater risk for school difficulty. Making up missed schoolwork is very helpful, but missed classroom instruction cannot be made up. If you have concerns about getting your student to school or have questions about when to keep your student home, **please** reach out to their school to discuss.

Thank you and make it a great year!

AASDNurses

HEALTH SERVICES * P.O. Box 2019, Appleton, WI 54911 * 920-852-5344

De parte de la enfermera de la escuela: Recordatorios para el inicio del año escolar

¡Hola y bienvenidos al año escolar 2025-2026! Estamos emocionados de ver a sus estudiantes de regreso y esperamos trabajar con ellos. Para ayudar a asegurar que tenemos la información más actualizada para aquellos estudiantes con condiciones de salud, por favor recuerden llenar un plan de condiciones de salud actualizado, que se puede encontrar [aquí](#). Devuelvan estos formularios a la oficina de la escuela de su estudiante una vez completados.

Cualquier medicamento que se mantenga en la escuela debe tener un nuevo [formulario de administración de medicamentos](#) completado cada año escolar. Tomen nota de que, si su estudiante tiene un plan de salud que enumera sus medicamentos y dosis, no es necesario que completen también

un formulario de administración de medicamentos. Todos los medicamentos deben venir en su empaque original o en el frasco de la farmacia con el nombre del estudiante y la información de la dosis. Si su estudiante está en la escuela secundaria o preparatoria y desea que reciba los medicamentos de reserva, deberá dar permiso para que los reciba. Comuníquese con la escuela de su estudiante para obtener más información.

Según la ley de Wisconsin, los estudiantes deben estar completamente vacunados o tener una [exención](#) firmada en el expediente. Para ver los requisitos actuales del estado, consulte [esta carta](#) del Departamento de Servicios de Salud. Si su hijo aún no ha recibido las vacunas correspondientes, por favor programe una cita con su proveedor de atención médica o con el Departamento de Salud de la Ciudad de Appleton/Departamento de Salud del Condado de Outagamie. Información adicional sobre los requisitos de vacunación se puede encontrar [aquí](#). Si tiene alguna pregunta, por favor comuníquese con la enfermera de su escuela.

Por último, ¡cada día que su estudiante asiste a la escuela importa! Si un estudiante falta 10 días por año durante toda su carrera escolar, eso suma 140 días... casi un año escolar completo. La investigación y la experiencia nos enseñan que los estudiantes con mala asistencia tienen un mayor riesgo de tener dificultades escolares. Recuperar el trabajo escolar perdido es muy útil, pero la instrucción en el aula que se pierde no se puede recuperar. Si tiene preocupaciones sobre cómo llevar a su estudiante a la escuela o tiene preguntas sobre cuándo mantener a su estudiante en casa, **por favor** comuníquese con su escuela para discutirlo.

¡Gracias y que tengan un gran año!

Success for
Every Student,
Every Day

Project ADAM
SAVES LIVES

Heart Safe School Designation Letter to School Community

Dear Community,

Horizons Elementary School is pleased to inform you that we have joined a community effort to implement a sustainable and comprehensive CPR and AED program. This decision is the result of our wish to make our buildings safe for our students, visitors and employees.

Sudden Cardiac Arrest (SCA) occurs when the heart suddenly and unexpectedly stops beating, cutting off blood flow to the brain and other vital organs. SCA is fatal if not treated immediately. Having access to an AED as well as having a written plan and a team of CPR/AED-trained staff ready to act in an emergency can save the life of someone suffering a SCA during those critical first few minutes. Through our cooperative efforts with **Project ADAM** and **Children's Hospital of Wisconsin**, we have joined hundreds of schools throughout the state of Wisconsin and beyond in preparing our school for a life-threatening emergency. This program enables us to offer any person who may experience a Sudden Cardiac Arrest during regular school hours, the best chance for survival.

Horizons currently has an AED in the building. The AED is stored in a wall cabinet. When the cabinet door is opened, a loud alarm will sound. This alerts everyone that there is a potential emergency. Our school has a maintenance plan in place for the units. The AEDs are designed to work effectively unless they are tampered with. Additionally, the AED will not shock a person unless it detects a shockable rhythm (ventricular fibrillation).

Staff has been trained to assist with an emergency during regular school hours. After school hours and during the summer, this is a Public Access Defibrillation (PAD) program. If you suspect someone is experiencing a Sudden Cardiac Arrest, please feel free to use the equipment at our school. Good Samaritan laws protect the layperson in a life-saving attempt, although we recommend becoming trained in CPR/AED use as an investment in your health and the health of others. Our local Emergency Medical Services and AASD Medical Director are aware of our procedures for the program.

"Project ADAM is a national, non-profit organization committed to saving lives through advocacy, education, preparedness and collaboration to prevent sudden cardiac death. Our affiliate programs improve the cardiac chain of survival in schools and communities in memory of Adam Lemel, a 17-year-old Whitefish Bay, WI, high school student who collapsed and died while playing basketball at school."

Many thanks for your participation in this important Heart Safe initiative in our school. To see our school on the Project ADAM map, visit www.projectadamwi.com.

Sincerely,

AASD District Nursing Staff
