Approval of a Title I Memorandum of Understanding 2025-2026 School Year between Otsego Local Schools and Bowling Green City Schools for Title I pooling.

TITLE I MEMORANDUM OF UNDERSTANDING
2025-2026 School Year

Title I allocations are made to public school districts based on the number of low-income children residing in a particular district. Since district residents may be attending non-public schools located within another public school district’s boundaries, funds allocated on a per pupil basis can be transferred from one district to another.

In accordance with federal rules and regulations, the purpose of the Bowling Green City School District non-public program is:

- 1) To supplement the educational program for eligible students in non-public schools by providing services in consultation with the non-public school administrators.
- 2) To provide student progress reports and an annual evaluation to ensure that high quality services are being delivered; and
- 3) To provide funding to support opportunities for parent involvement to facilitate meaningful two-way communication between the parents and students served through the Title I program.

In compliance with the purpose of the Title I Non-Public School program, the Bowling Green City School District and the Otsego Local School District agree that:

Meeting

Held _____ 20____

The Bowling Green City School District will provide properly licensed educators to implement the Title I program serving eligible Otsego LSD students attending St. Louis Catholic School, a non-public school within the Bowling Green CSD boundary. The amount of funding will be calculated from the Ohio Department of Education’s CCIP per pupil amount based on economic eligibility as reported by the non-public school to the LEA. The number of eligible pupils times the per pupil allocation for each participating non-public school will be used to calculate the total amount due to the Bowling Green CSD from the Otsego LSD.

The teacher will use a standardized assessment among multi-criterion to rank students based on academic performance and use this list to prioritize services for those in most need. The teacher will provide instruction based on the state academic content standards. The teacher will administer standardized post-tests to evaluate students’ growth and the effectiveness of the Title I non-public program. Copies of student progress reports and the overall program evaluation will be shared in a timely manner with the LEA Federal Program Coordinator.

The Otsego LSD will make payment to the Bowling Green CSD provided that they have complied with the above listed requirements and provided the Otsego LSD with proper documentation.

- For the 2025-2026 school year, Otsego LSD agrees to transfer funds from its Title I allocation in the amount generated by the CCIP to the Bowling Green CSD
- The Bowling Green CSD will provide school-parent compacts for the Title I students, evidence of parent involvement activities, training, materials, progress reports for Title I students, eligibility criteria and a list of students residing in its district who attend St Louis Catholic School to the Otsego LSD.
- Eligible students from the Otsego LSD will be identified for service by the selection procedures designed by the Bowling Green CSD
- The Otsego LSD and the Bowling Green CSD agree after consultation to pool Title I funds across all participating public schools who agree to pool funds. Based on uniform criteria of educational need, the lowest-achieving Title I eligible private school children who attend St Louis Catholic School regardless of their district of residence and without regard to how much funds children from low-income families within their private school generate towards the pool will be served. Eligible low-achieving children may receive Title I services even if their school has few or no children from low-income families who generate Title I funds.
- The Bowling Green CSD agrees to include the student(s) being served from the Otsego LSD in all required district, state and/or federal Title I reports for the 2025-2026 school year.
