FINAL REFLECTIONS

Was the goal of your Collegial Circle met? Please explain.

Yes! We were able to finish the book and leave with strategies, ideas and resources to help us in our own personal life and in the classroom.

How did the members of this Collegial Circle assess whether the outcome was met? What evidence was utilized to assess your progress?

We had group discussions about specific "weeks" each month and kept notes with our key take-ways, ideas we wanted to try in our classrooms, and a check-in on how each of us was feeling at that time on Office 365 so we could look at each other's and use for discussion during our time together.

How did your work impact teaching and learning? [Include student work samples, lesson plans, peer reviews, etc.]

Teachers successfully implemented ideas and strategies to help deal with our emotional exhaustion and help us stay inspired in the classroom.

Did your work align with the Level of Evaluation you identified in your proposal? Please explain.

Yes, our collegial circle complied with the 5 levels of professional development, and teacher reflections could be applied to our personal and professional lives.

Please include any additional comments you would like to share with the Collegial Circle Committee. This may include unanticipated outcomes, next steps, new learning, etc.

Everyone in education needs to read this book! We felt the ideas and reminders were great and can use these suggestions and resources in our personal and professional life. This book also allowed us to get to know each other in the group more and become more comfortable with expressing our own struggles in this profession. I think we will be leaning toward more books like this in the future. Everyone really enjoyed it.
