

## Brentwood Union Free School District Internet Hotspot Loan Agreement

The purpose of this loan is to provide the household of the students below one wireless hotspot device with charger and cable from the Brentwood Union Free School District. The equipment is at all times property of the Brentwood Union Free School District, and is to be used solely for the education of the BUFSD students in the household. The equipment is on loan for the duration of your child’s enrollment within Brentwood schools.

The guardian and the student acknowledge that the internet traffic generated when using the hotspot is not private, and the district reserves the right to view reports of any and all internet websites and services accessed through the hotspot. The district will make a best effort to filter internet through the hotspot, however, the district cannot be held accountable if there is a failure of the filtering service, and guardians are expected to routinely monitor the student’s internet usage. The parent and the guardian agree to abide by the district’s acceptable use policy, which can be found at <https://www.bufsd.org/aup>.

The cellular providers that service the hotspot may occasionally slow down the internet provided through it if there is excessive internet traffic going through it. It is the responsibility of the parents and the students to ensure that the hotspot is only used for educational purposes to avoid such a slowdown. If such a slowdown occurs, the district will be unable to restore the speed, as it is part of the terms in the contract between the district and the cellular provider. Most slowdowns are in effect until the end of month in which it started.

If the hotspot is stolen, damaged or lost, it is the guardian’s responsibility to report it to the school in a timely manner. The guardian is expected to cooperate with any investigations and requests for paperwork in such an event. The guardian may be held responsible for any replacement costs (current projected value: \$200 USD).

If the guardian withdraws all of their students from the district, the hotspot must be returned to the district registration office. Failure to return the hotspot may result in legal action.

Student(s) Name(s)	
Student ID Number(s)	
School(s)	
Guardian Name	
Guardian Phone Number	
Date of Issue	
Device IMEI Number	

I have read the above agreement and will abide by its terms.
