Guidelines

Training

The school district, and independent contractors of the school district, shall provide their employees who have direct contact with children with mandatory training on child abuse recognition and reporting. The training shall include, but not be limited to, the following topics:[17][1][3][4]

1. Recognition of the signs of abuse and sexual misconduct and reporting requirements for suspected abuse and sexual misconduct.
2. Provisions of the Educator Discipline Act, including mandatory reporting requirements.[17][18]
3. District policy related to reporting of suspected abuse and sexual misconduct.
4. Maintenance of professional and appropriate relationships with students.[19]

Employees are required to complete a minimum of three (3) hours of training every five (5) years.[1]

Duty to Report

School employees, independent contractors and volunteers shall make a report of suspected child abuse if they have reasonable cause to suspect that a child is the victim of child abuse under any of the following circumstances:[11]

1. The school employee, independent contractor or volunteer comes into contact with the child in the course of employment, occupation and the practice of a profession or through a regularly scheduled program, activity or service.
2. The school employee, independent contractor or volunteer is directly responsible for the care, supervision, guidance or training of the child.
3. A person makes a specific disclosure to a school employee, independent contractor or volunteer that an identifiable child is the victim of child abuse.
4. An individual fourteen (14) years of age or older makes a specific disclosure to a school employee, independent contractor or volunteer that s/he has committed child abuse.

A child is not required to come before the school employee, independent contractor or volunteer in order for that individual to make a report of suspected child abuse.[11]

A report of suspected child abuse does not require the identification of the person responsible for the child abuse.[11]

Any person who, in good faith, makes a report of suspected child abuse, regardless of whether the report is required, cooperates with an investigation, testifies in a proceeding, or engages in other action authorized by law shall have immunity from civil and criminal liability related to those actions.[20]

Any person required to report child abuse who willfully fails to do so may be subject to disciplinary action and criminal prosecution.[21]

Any person who intentionally or knowingly makes a false report of child abuse or intentionally or knowingly induces a child to make a false claim of child abuse may be subject to disciplinary action and criminal prosecution.[22]

Any person who engages in intimidation, retaliation, or obstruction in the making of a child abuse report or the conducting of an investigation into suspected child abuse may be subject to disciplinary action and criminal prosecution.[23]

The district shall not discriminate or retaliate against any person for making, in good faith, a report of suspected child abuse.[24]

Reporting Procedures

School employees, independent contractors or volunteers who suspect child abuse shall immediately make a written report of suspected child abuse using electronic technologies (www.compass.state.pa.us/cwis) or an oral report via the statewide toll-free telephone number **(1-800-932-0313)**. A person making an initial oral report of suspected child abuse must also submit a written electronic report within forty-eight (48) hours after the oral report. Upon receipt of an electronic report, the electronic reporting system will automatically respond with a confirmation, providing the district with a written record of the report.[11][25][26]

A school employee, independent contractor or volunteer who makes a report of suspected child abuse shall immediately, after making the initial report, notify the school principal and if the initial report was made electronically, also provide the principal with a copy of the report confirmation. The school principal shall then immediately notify the Superintendent or designee that a child abuse report has been made and if the initial report was made electronically, also provide a copy of the report confirmation.[11][25][26]

When a report of suspected child abuse is made by a school employee, independent contractor or volunteer as required by law, the school district is not required to make more than one (1) report. An individual otherwise required to make a report who is aware that an initial report has already been made by a school employee, independent contractor or volunteer is not required to make an additional report. The person making an initial oral report is responsible for making the follow-up written electronic report within forty-eight (48) hours, and shall provide the school principal with a copy of the report confirmation promptly after the written electronic report has been filed. The principal shall in turn provide a copy of the report confirmation to the Superintendent or designee.[11][25][26]

When necessary to preserve potential evidence of suspected child abuse, a school employee may, after the initial report is made, take or cause to be taken photographs of the child who is the subject of the report. Any such photographs shall be sent to the county agency at the time the written report is sent or within forty-eight (48) hours after a report is made by electronic technologies or as soon thereafter as possible. The school principal shall be notified whenever such photographs are taken.[27]

If the Superintendent or designee reasonably suspects that conduct being reported involves an incident required to be reported under the Safe Schools Act, the Superintendent or designee shall inform local law enforcement, in accordance with applicable law, regulations and Board policy.[28][29][30][31][32][33]

Investigation

The school principal shall facilitate the cooperation with the Department of Human Services of the Commonwealth or the county agency investigating a report of suspected child abuse, including permitting authorized personnel to interview the child while in attendance at school.[11][34]

Upon notification that an investigation involves suspected child abuse by a school employee, the principal shall immediately implement a plan of supervision or alternative arrangement that has been approved by the Superintendent for the school employee under investigation. The plan of supervision or alternative arrangement shall be submitted to the county agency for approval.[\[35\]](#)

Book	Policy Manual
Section	800 Operations
Title	Maintaining Professional Adult/Student Boundaries
Code	824
Status	Active
Adopted	March 10, 2016

Authority

This policy applies to district employees, volunteers, student teachers, and independent contractors and their employees who interact with students or are present on school grounds. For purposes of this policy, such individuals are referred to collectively as **adults**. The term **adults** as used in this policy, does not include district students who perform services on a volunteer or compensated basis.

All adults shall be expected to maintain professional, moral and ethical relationships with district students that are conducive to an effective, safe learning environment. This policy addresses a range of behaviors that include not only obviously unlawful or improper interactions with students, but also precursor grooming and other boundary-blurring behaviors that can lead to more egregious misconduct.

The Board directs that all adults shall be informed of conduct that is prohibited and the disciplinary actions that may be applied for violation of Board policies, administrative regulations, rules and procedures.[\[1\]](#)

This policy is not intended to interfere with appropriate pre-existing personal relationships between adults and students and their families that exist independently of the district or to interfere with participation in civic, religious or other outside organizations that include district students.

Definition

For purposes of this policy, **legitimate educational reasons** include matters or communications related to teaching, counseling, athletics, extracurricular activities, treatment of a student's physical injury or other medical needs, school administration or other purposes within the scope of the adult's job duties.

Delegation of Responsibility

The Superintendent or designee shall annually inform students, parents/guardians, and all adults regarding the contents of this Board policy through employee and student handbooks, posting on the district website, and by other appropriate methods.

The building principal or designee shall be available to answer questions about behaviors or activities that may violate professional boundaries as defined in this policy.

Independent contractors doing business with the district shall ensure that their employees who have interaction with students or are present on school grounds are informed of the provisions of this policy.[\[2\]](#)

Guidelines

Adults shall establish and maintain appropriate personal boundaries with students and not engage in any behavior that is prohibited by this policy or that creates the appearance of prohibited behavior.

Prohibited Conduct

Romantic or Sexual Relationships -

Adults shall be prohibited from dating, courting, or entering into or attempting to form a romantic or sexual relationship with any student enrolled in the district, regardless of the student's age. Students of any age are not legally capable of consenting to romantic or sexual interactions with adults.[\[16\]](#)[\[17\]](#)

Prohibited romantic or sexual interaction involving students includes, but is not limited to:

1. Sexual physical contact.

9. Restricting a student's freedom of movement in a sexually intimidating or provocative manner.
10. Displaying or transmitting sexual objects, pictures, or depictions.

Social Interactions -

In order to maintain professional boundaries, adults shall ensure that their interactions with students are appropriate.

Examples of prohibited conduct that violates professional boundaries include, but are not limited to:

1. Disclosing personal, sexual, family, employment concerns or other private matters to one or more students.
2. Exchanging notes, emails or other communications of a personal nature with a student.
3. Touching students without a legitimate educational reason. (Reasons could include the need for assistance when injured, a kindergartner having a toileting accident and requiring assistance, appropriate coaching instruction, or appropriate music instruction).
4. Singling out a particular student or students for personal attention or friendship beyond the ordinary professional adult-student relationship.
5. Taking a student out of class without a legitimate educational reason.
6. Being alone with a student behind closed doors without a legitimate educational reason.
7. Initiating or extending contact with a student beyond the school day or outside of class times without a legitimate educational reason.
8. Sending or accompanying a student on personal errands.
9. Inviting a student to the adult's home without parental consent.
10. Going to a student's home without a legitimate educational reason and/or without parental consent.
11. Taking a student on outings without prior notification to and approval from both the parent/guardian and the building principal.

13. Telling a student personal secrets or sharing personal secrets with a student.
14. For adults who are not guidance/counseling staff, psychologists, social workers or other adults with designated responsibilities to counsel students, encouraging students to confide their personal or family problems and/or relationships. If a student initiates such discussions, the student should be referred to the appropriate school resource.
15. Furnishing alcohol, drugs or tobacco to a student or being present where any student is consuming these substances.
16. Engaging in harassing or discriminatory conduct prohibited by other district policies or by state or federal law and regulations. [3][4]

Electronic Communications -

For purposes of this policy, **electronic communication** shall mean a communication transmitted by means of an electronic device including, but not limited to, a telephone, cellular telephone, computer, computer network, personal data assistant or pager. Electronic communications include, but are not limited to, emails, instant messages and communications made by means of an Internet website, including social media and other networking websites.

As with other forms of communication, when communicating electronically, adults shall maintain professional boundaries with students.

Electronic communication with students shall be for legitimate educational reasons only.

When available, district-provided email or other district-provided communication devices shall be used when communicating electronically with students. The use of district-provided email or other district-provided communication devices shall be in accordance with district policies and procedures. [5]

All electronic communications from coaches and advisors to team or club members shall be sent in a single communication to all participating team or club members, except for communications concerning an individual student's medical or academic privacy matters, in which case the communications will be copied to the building principal. In the case of sports teams under the direction of the Athletic Director, such medical or academic communications shall also be copied to the Athletic Director.

Adults shall not follow or accept requests for current students to be friends or connections on personal social networking sites and shall not create any networking site for communication with students other than those provided by the district for this purpose, without the prior written approval of the building principal.

Exceptions

An emergency situation or a legitimate educational reason may justify deviation from professional boundaries set out in this policy. The adult shall be prepared to articulate the reason for any deviation from the requirements of this policy and must demonstrate that s/he has maintained an appropriate relationship with the student.

Under no circumstance will an educational or other reason justify deviation from the "Romantic and Sexual Relationships" section of this policy.

There will be circumstances where personal relationships develop between an adult and a student's family, e.g. when their children become friends. This policy is not intended to interfere with such relationships or to limit activities that are normally consistent with such relationships. Adults are strongly encouraged to maintain professional boundaries appropriate to the nature of the activity.

It is understood that many adults are involved in various other roles in the community through nondistrict-related civic, religious, athletic, scouting or other organizations and programs whose participants may include district students. Such community involvement is commendable, and this policy is not intended to interfere with or restrict an adult's ability to serve in those roles; however, adults are strongly encouraged to maintain professional boundaries appropriate to the nature of the activity with regard to all youth with whom they interact in the course of their community involvement.

Reporting Inappropriate or Suspicious Conduct

Any person, including a student, who has concerns about or is uncomfortable with a relationship or interaction between an adult and a student, shall immediately notify the Superintendent, principal or other administrator. [4]

All district employees, independent contractors and volunteers who have reasonable cause to suspect that a child is the victim of child abuse, shall immediately report the suspected abuse, in accordance with applicable law, regulations and Board policy. [6][7]

An educator who knows of any action, inaction or conduct which constitutes sexual abuse or exploitation or sexual misconduct under the Educator Discipline Act shall report such misconduct to the Pennsylvania Department of Education on the required form, and shall report such misconduct to the Superintendent and his/her immediate supervisor, within fifteen (15) days of discovery of such misconduct. [8]

If the Superintendent or designee reasonably suspects that conduct being reported involves an incident required to be reported under the Child Protective Services Law, the Educator Discipline Act or the Safe Schools Act, the Superintendent or designee shall make a report, in accordance with applicable law, regulations and Board policy.[\[10\]](#)[\[11\]](#)[\[12\]](#)[\[13\]](#)[\[6\]](#)[\[7\]](#)[\[8\]](#)[\[9\]](#)

It is a violation of this policy to retaliate against any person for reporting any action pursuant to this policy or for participating as a witness in any related investigation or hearing.

Investigation

Allegations of inappropriate conduct shall be promptly investigated in accordance with the procedures utilized for complaints of harassment.[\[14\]](#)[\[4\]](#)[\[18\]](#)[\[19\]](#)

It is understood that some reports made pursuant to this policy will be based on rumors or misunderstandings; the mere fact that the reported adult is cleared of any wrongdoing shall not result in disciplinary action against the reporter or any witnesses. If as the result of an investigation any individual, including the reported adult, the reporter, or a witness is found to have intentionally provided false information in making the report or during the investigation or hearings related to the report, or if any individual intentionally obstructs the investigation or hearings, this may be addressed as a violation of this policy and other applicable laws, regulations and district policies. **Obstruction** includes, but is not limited to, violation of "no contact" orders given to the reported adult, attempting to alter or influence witness testimony, and destruction of or hiding evidence.

Disciplinary Action

A district employee who violates this policy may be subject to disciplinary action, up to and including termination, in accordance with all applicable district disciplinary policies and procedures.[\[15\]](#)[\[20\]](#)[\[21\]](#)

A volunteer, student teacher, or independent contractor or an employee of an independent contractor who violates this policy may be prohibited from working or serving in district schools for an appropriate period of time or permanently, as determined by the Superintendent or designee.

Training

The district shall provide training with respect to the provisions of this policy to current and new district employees, volunteers and student teachers subject to this policy.

The district, at its sole discretion, may require independent contractors and their employees who interact with students or are present on school grounds to receive training on this policy and related procedures.

Adult - an individual eighteen (18) years of age or older.[\[3\]](#)

Visitor - a parent/guardian, adult resident, educator, official or other individual who is not a school employee or independent contractor, and who visits a school or attends or participates in an event or activity at a school, but whose role is less substantial than would be sufficient to meet the definition of volunteer for purposes of this policy.[\[6\]](#)

Volunteer - is an adult, whose role is more than that of a visitor, who voluntarily offers a service to the district without receiving compensation from the district. A volunteer is not a school employee.[\[5\]](#)

The two (2) classifications of volunteers are:

1. **Position Volunteer** - an adult applying for or holding an unpaid position with a school or a program, activity or service, as a person responsible for the child's welfare or having direct volunteer contact with children. Examples include, but are not limited to, overnight field trip chaperones, tutors, coaches, activity advisor, recess or library aides, etc.
2. **Guest Volunteer** - an adult who voluntarily provides a service to the district, without compensation, who: (1) works directly under the supervision and direction of a school administrator, a teacher or other member of the school staff; and (2) does not have direct volunteer contact. Delegation of Responsibility

The Superintendent or designee shall be responsible for the selection and management of volunteers and for ensuring compliance with Board policies, administrative regulations, rules and procedures.

At the discretion of the Superintendent or designee, a volunteer's service may be discontinued at any time.

The Superintendent or designee shall develop administrative regulations to implement this policy and manage the selection, use and supervision of volunteers.

Guidelines

Each prospective position volunteer shall complete and submit a volunteer application.

The names of all position volunteers shall be submitted for approval by the Board and Superintendent or designee.

Information submitted by volunteers in accordance with this policy shall be maintained centrally in a manner similar to that used for school employees.

Position volunteers shall obtain and submit new certifications every sixty (60) months.[\[8\]](#)

A student, eighteen (18) years of age or older, who is volunteering for an event or activity sponsored by the school in which the student is enrolled and occurring on the school's grounds, shall not be required to submit certifications except when the event or activity is for children in the care of a child-care service or the student will otherwise be responsible for the welfare of a child.[\[5\]](#)

The Superintendent or designee shall immediately require a position volunteer to submit new certifications if the Superintendent or designee has a reasonable belief that the volunteer was arrested for or has been convicted of an offense required to be reported by law, was named as a perpetrator in a founded or indicated report, or has provided written notice of such occurrence.[\[7\]](#)

Failure to accurately report such occurrences may subject the position volunteer to disciplinary action up to and including denial of volunteer service and criminal prosecution.[\[7\]](#)
