APR

Effective as of 06/5/25

Learn more at pheaa.org/PAForward

1) **Annual Percentage Rate (APR) Calculations** – The lowest APR is based on the following assumptions: a loan of \$10,000 made in a single disbursement, a borrower who selected an Immediate Repayment Plan and a repayment term of 60 months, monthly payments of \$186.52 and a final payment \$178.29, a fixed periodic interest rate of 4.77%, and total payments of \$11,183.03. The borrower in this sample qualified for a 0.25% Direct Debit benefit for the entirety of the repayment period and a 0.50% Graduation benefit was applied 47 months into repayment. The highest APR is based on the following assumptions: a loan of \$10,000 made in a single disbursement, a borrower who selected an Interest Only Repayment Plan and a repayment term of 180 months, monthly payments of \$108.07, a fixed periodic interest rate of 10.1%, and total payments of \$23,829.83. The borrower received an in-school deferment of 46 months and a grace period of 6 months. The borrower in this sample did not qualify for any interest rate discounts. These APRs are estimates and may differ from the actual rates received.

2) The provided rate range includes Undergraduate, Graduate, and Parent loans and may change based on loan type, loan term, repayment plan, and applicable discounts (not all discounts apply to all loan products). See individual loan programs for more specific information. PHEAA uses applicant credit scores to determine eligibility and interest rates. Higher credit scores may mean an applicant is offered a lower interest rate. Applicants, including co-signers, are subject to credit qualifications, completion of an application and credit agreement, and verification of application information. PHEAA reserves the right to discontinue all programs or benefits without prior notice.
