Financial Aid Made Simple

5 Steps to Financial Aid

Step 1: Look For Free Money First

➤ National

- Most found on corporate websites, scholarship databases & HS guidance offices/webpages
- Lots of competition

➤ Local & Regional

- Check with HS Guidance office/webpage
- Businesses, churches, local foundations, etc. (stay on the lookout)
- Less competition

➤ Post-Secondary:

- Check the school's financial aid & admissions pages on website
- Inquire with financial aid office about scholarships from alumni and endowment funds

Recognize Scholarship Scams

- Application fees
 - Even if the fee is minimal or “only to encourage serious students to apply”
- “Guaranteed” scholarships
 - No individual can honestly “guarantee” you’ll win free money
- Solicitations
 - “You’ve been selected...”
 - “You are a finalist...”
 - Bona fide companies won’t ask for a check or credit card payment upfront
- Official-looking companies
 - The logo may look like the U.S. Dept. of Education’s logo
 - The company may talk about “federal” or “national” awards
- Seminars
 - Don’t get pressured into paying for services on the spot

Step 2: Know Your Deadlines

- Applications for admission
- Deadlines for scholarships
 - Institutions, Outside Sources
- Free Application for Financial Aid (FAFSA)
 - Schools have priority deadlines
 - Don't have to have applied or been accepted to list a school on the FAFSA

PA State Grant Deadlines

You must complete your FAFSA by the deadline to be considered for the PA State Grant.

- **May 1**—If you plan to enroll in a degree program or a college transferable program at a 2-year private college or other college or university
- **August 1**—If you plan to enroll in a community college; a designated Pennsylvania Open-Admission institution; a business, trade, or technical school; a hospital school of nursing; or a 2-year program that is not transferable to another institution

Cost Of Attendance (COA)

Cost of Attendance (COA):

Costs that the student can expect to incur during the school year

- **Direct costs:** billed by the school
- **Indirect costs:** not included in bill but may be incurred
- School costs include:
 - Tuition and fees
 - Housing and food
 - Books, course materials, supplies, and equipment
 - Transportation
 - Personal expenses

Student Aid Index (SAI)

Student Aid Index (SAI)

A measure of a family's financial strength, namely its ability to pay for college. The SAI is calculated from a federal formula using information collected from the Free Application for Federal Student Aid (FAFSA)

The SAI can be as low as negative 1500 (-1500).

SAI values can be as high as 999,999.

It is not the amount a family is required to pay but instead helps the financial aid office determine how much financial support you may need.

Calculating Financial Need

- Schools and colleges receive FAFSA information and calculate financial need
- Financial Aid Office (FAO) “packages” student based on financial need and available funding (varies from school to school)
- Financial aid notification sent to student

Financial Aid Notification

- Official notification from school about financial aid, terms and conditions
- Lists the type and amount of aid to be received
- Describes what must be done to accept or reject any aid
- Discloses students' rights, responsibilities and academic requirements

Reviewing the Financial Aid Offer

How much of the financial aid is free money?

Which awards are based on need, and which are based on merit?

Are there any conditions on the free money? GPA requirement?

Will awards increase as tuition increases?

Will awards change from year to year?

Will loans be needed?

1) **Annual Percentage Rate (APR) Calculations** – The lowest APR is based on the following assumptions: A loan of \$10,000 made in a single disbursement, a borrower who selected an Immediate Repayment Plan and a repayment term of 60 months, monthly payments of \$181.11 and a final payment of \$173.14, a fixed periodic interest rate of 3.57%, and total payments of \$10,858.78. The borrower in this sample qualified for a 0.25% Direct Debit benefit for the entirety of the repayment period and a 0.50% Graduation benefit was applied 47 months into repayment. The highest APR is based on the following assumptions: A loan of \$10,000 made in a single disbursement, a borrower who selected an Interest Only Repayment Plan and a repayment term of 180 months, monthly payments of \$87.42 for 52 months and monthly payments of \$110.48 for the remainder of the repayment term, a fixed periodic interest rate of 10.49%, and total payments of \$24,431.69. The borrower in this sample did not qualify for any interest rate discounts.

These APRs are estimates and may differ from the actual rates received.

2) The provided rate range includes Undergraduate, Graduate, and Parent loans and may change based on loan type, loan term, repayment plan, and applicable discounts (not all discounts apply to all loan products). See individual loan programs for more specific information. PHEAA uses applicant credit scores to determine eligibility and interest rates. Higher credit scores may mean an applicant is offered a lower interest rate.

Applicants, including co-signers, are subject to credit qualifications, completion of an application and credit agreement, and verification of application information. PHEAA reserves the right to discontinue all programs or benefits without prior notice.

ONLY consider Direct PLUS or private alternative loans after looking into all other sources of financial aid.
