Hello KHS Students and Families!

Each week I am even more proud to be the principal of Killingly High School. I attended my first KHS home football game which happened to have record breaking attendance and was so impressed by the amount of support and community involvement. Our marching band was featured on WFSB last weekend and along with students from our Agriscience program attended and represented KHS at the Big E. This week I met with several student leader groups who show up each day and model positive behavior. Also, we have begun dropping into classrooms and seeing great things happening with student engagement. The highlight of this past week was watching our students cheer on all the students who participated in our Unified Soccer Game. This level of sportsmanship is unmatched and speaks volumes about what it means to be a Trailblazer at KHS.

Thank you for your partnership!

Please read each reminder carefully and reach out if you have any questions !

- 📣 **Important Update from the School Counseling Department**
- To help families stay informed about important dates, events, and resources related to post-secondary planning, the School Counseling Department has introduced several ways for parents and guardians to access timely information.

  Earlier this week, you may have received an invitation to join the **Class of 2026 School Counseling Information Google Classroom**—a space designed to keep seniors updated on key deadlines and opportunities. However, we've discovered that many of the email addresses pulled from our records were outdated, incorrect, or missing, which may have prevented some families from receiving the invitation.

✅ Some parents have successfully subscribed to weekly summaries from the Google Classroom.

🌐 To ensure *everyone* has access to the latest updates, we've created a dedicated webpage where all parents and guardians can view the information directly.

This page will be updated regularly, so feel free to visit it at your convenience using the link below.
