

## Mustang Public Schools ~ Support Positions Central Office Pay Scales 2025-2026

All Mustang Public Schools Support Employees will receive an additional \$500.00 in compensation for the 2025-2026 school year. The additional \$500.00 will be paid by an additional contract for hourly employees for the 25-26 school year so that employees will receive this money as quickly as possible while the numerous hourly scales are being updated by HR Staff. The \$500 will be paid over 24 pay periods for hourly employees. The \$500.00 is factored into the salary listings on this document but not the hourly wage listings. Again, HR Staff is currently updating hourly wages listed here.

New hourly employees will see the additional \$500.00 pro-rated based upon the duration of their contract. For example, if an employee is hired after the beginning of the school year with only 3/4 of the school year remaining, he/she would then receive 3/4 of \$500.00 spread over the remaining pay periods.

*\*\*\* Placement on Step Scale does not correlate solely with years of experience. An employee is placed on the appropriate step based on qualification, work experience, certifications, education, supervisor recommendation and HR Director approval. Once placed an employee will increase one step each year if negotiated. Salary formula: (step) x (days in contract) x (hours per day)*

\*\*\* Placement on Step Scale does not correlate solely with years of experience. An employee is placed on the appropriate step based on qualification, work experience, certifications, education, supervisor recommendation and HR Director approval. Once placed an employee will increase one step each year if negotiated. Salary formula: (step) x (days in contract) x (hours per day)
