

Wilson Central School District:

Each student will have the educational opportunity to reach his or her maximum potential by challenging all students to higher levels of achievement. We will provide the environment, encouragement, and instruction to meet this goal while developing the whole child physically, socially, emotionally, and culturally

From the Desk of Tim Carter:

Dear Wilson CSD Families and Staff,

I hope this message finds you well. I wanted to take a moment to reflect on something that is at the heart of our school's success: **a great school culture is not an accident**. It happens when we recognize that **it all depends on each other**—our students, teachers, staff, and families.

To create a truly supportive and caring environment for everyone, we must continue to work together with empathy, respect, and collaboration. When we support one another, we ensure that every student and staff member feels valued and empowered to thrive.

Let's commit to fostering this spirit of unity and care as we move forward. Together, we can continue to build a school community that is strong, inclusive, and supportive for all.

Thank you for being an essential part of this journey.

Have a wonderful weekend and enjoy the time with your family!

Timothy P. Carter

Thought of the Week

“

Great school culture is not an accident. It happens when we recognize that we all depend on each other, and then work together to create supportive, caring conditions for everyone—students, teachers, support staff, guests, everyone!
