Wilson Central School District:

Each student will have the educational opportunity to reach his or her maximum potential by challenging all students to higher levels of achievement. We will provide the environment, encouragement, and instruction to meet this goal while developing the whole child physically, socially, emotionally, and culturally

November 8, 2024

Wilson Central School District
Timothy P. Carter – Superintendent

From the Desk of Tim Carter:

Dear Wilson CSD Families and Staff,

As Veterans Day approaches, I would like to take a moment to honor and express our deep gratitude to the men and women who have served in the armed forces. This special day reminds us of the sacrifices made by veterans and their families to protect our freedoms and ensure our nation's safety.

On Monday, November 111, 2024, we ask our students, teachers, staff, and families to join the Wilson Central School District in recognizing the courage and dedication of our veterans. Please attend one of the many ceremonies around niagara county this weekend to reflect on the importance of service and to pay tribute to those who have given so much for our country.

If there are veterans in your family or community, we encourage you to share their stories with your students, fostering a deeper understanding and appreciation for their service. Let's come together as a school community to honor the contributions of these brave individuals and keep the spirit of gratitude alive in our hearts. Thank you for joining us in commemorating this meaningful day. Have a wonderful long weekend and enjoy the time with your family!

Timothy P. Carter

Thought of the Week

Updates

BMI Survey Notification- As part of a required school health examination, a student is weighed, and his/her height is measured. These numbers are used to figure out the student's body mass index or 'BMI'. The BMI helps the doctor or nurse know if the student's weight is in a healthy range or is too high or too low. Recent changes to the New York State Education Law require that BMI and weight status group be included as part of the student's school health examination. Wilson Central School District has been selected to be part of the survey, we will be reporting to the New York State Department of Health information about our students' weight status groups. Only summary information is sent. No names and no information about individual students are sent. However, you may choose to have your child's information excluded from this survey report. The information sent to the New York State Department of Health will help health officials develop programs that make it easier for children to be healthier. If you do not wish to have your child's weight status group information included as part of the Health Department's survey this year, please contact the school's health clinic to let the nurses know.

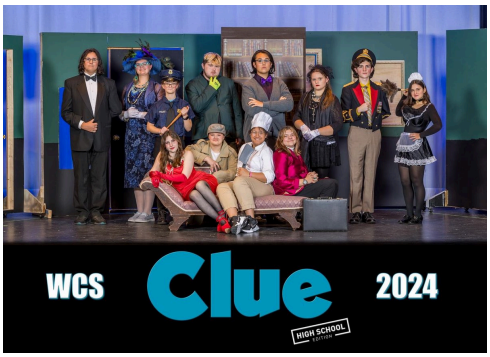

Wilson Elementary School Clinic- 716-751-9341 ext. 160

Wilson High School/ Middle School Clinic- 716-751-9341 ext 125/127
