Wilson Central School District:

Each student will have the educational opportunity to reach his or her maximum potential by challenging all students to higher levels of achievement. We will provide the environment, encouragement, and instruction to meet this goal while developing the whole child physically, socially, emotionally, and culturally

From the Desk of Tim Carter:

Dear Wilson CSD Families and Staff,

As we journey through another school year, let's take a moment to reflect on the unique paths our children take in their learning and growth.

Think about popcorn. Each kernel is placed in the same pot, heated by the same oil, yet they don't all pop at the same time. Some burst open quickly, while others take a little longer—but in the end, they all pop in their own time.

Just like popcorn, every child has their own timeline for learning, growing, and discovering their potential. It can be easy to compare, but let's remember that each child's journey is special and unique. Whether in academics, sports, arts, or social development, trust that their time to shine will come.

Let's continue to encourage, support, and celebrate each child at their own pace. Together, we can create an environment where every student feels valued and empowered to grow in their own way.

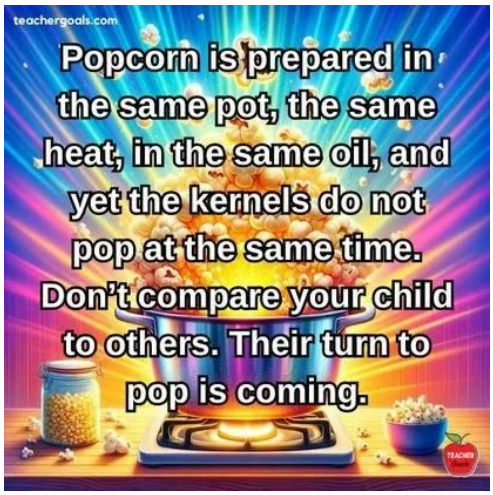

Thank you for being part of our supportive and caring school community!

Have a wonderful weekend and enjoy the time with your family!
