

Post Falls School District Course Syllabus

School: Post Falls High School

<p>Advance Ceramics Studio: Advanced Ceramic Studio is an intensive course that addresses advanced 3D design concepts in hand built, wheel thrown and sculptural ceramics. Students are expected to perform at an advanced skill level while taking initiative to develop their own artistic style and voice. Goals include: developing your portfolio and building a significant body of ceramic work through the exploration of a variety of ceramic techniques. Students are expected to be consistently and constantly productive, challenging themselves artistically.</p>	<p>Teacher contact Info: Amber Steele Poelstra amber.poelstra@sd273.com 208-773-0581</p>
<p>Suggested student supplies: 8.5x11 Spiralbound Sketchbook (blank paper *no lines) Pencil \$20 Art Supply Fee, Optional \$75/college credit (3 credits)</p>	
<p>Board-approved curriculum and supplemental resources: This course utilizes a variety of curricular resources, including materials curated from reputable educational websites, teacher-developed content, and supplemental tools that support the learning goals outlined in the syllabus. Every effort is made to ensure these resources are aligned with grade-level standards and are appropriate for classroom use.</p> <p>If you have any questions about the materials being used or would like to review them in more detail, please feel free to contact me to schedule a meeting. I welcome the opportunity to discuss the curriculum and support your child's learning experience</p>	
<p>Standards covered: 9-12.VA.1.1,9-12.VA.2.1,9-12.VA.2.2,9-12.VA.2.3,9-12.VA.3.1,9-12.VA.3.2,9-12.VA.4.19-12.VA.4.2,9-12.VA.5.1</p>	
<p>Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).</p> <p>Grades in this course are weighted: Yes No</p> <p>If yes, grades are weighted as follows:</p>

Parent/Guardian Opt-In Consent (Per Idaho Code 33-1611)

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

YEAR: 2025-2026 **TERM:** Fall **CREDIT HOURS:** 3

PREREQUISITES: Successful Completion of PFHS Ceramics 1 &2

TEXTBOOK: \$20 Art supply fee per semester, Spiral bound Sketch book .

COURSE DESCRIPTION

Introductory studio environment with emphasis on basic design principles and techniques, hand-built forming methods, development and articulation of individual design criteria, and glaze and surface experimentation. Two 3-hour studios a week and assigned work.

COURSE OVERVIEW

This course is an introduction to the art and craft of making ceramic art. You will be taught proper construction and finishing techniques so that you may gain a comprehensive understanding of clay as a material and its near-limitless capabilities. You will be exposed to historic and contemporary works to aid in exploration of cultural, functional, aesthetic, and expressive uses of clay. Projects will be assigned that explore several different construction techniques and a variety of methods for treating the ceramic surface. In addition to exploring the physical fundamentals of ceramics, we will discuss ways that ideas, emotions, and concepts are expressed through 3- dimensional forms.

ASSIGNMENTS

ASSIGNMENTS

There will be a total of FOUR major projects and small exercises this semester:

- P1: SURFACE TECHNIQUES
- P2: ENCLOSED
- P3: SLAB BUILT
- P4: ARNOLD PALMER

PRESENTATION

Each student will deliver a presentation on a ceramic artist of their choosing.

*In all work, emphasis will be placed on finding imaginative solutions to the problems, on developing skills with a variety of materials and processes, and on increasing your familiarity with the attributes of 3-dimensional art.

At the successful completion of the course students will demonstrate:

- Increased ability to develop their own ideas and forms
- A fuller understanding of fundamental ceramic concerns such as structure, form, and surface
- Development of skills using a variety of tools, processes and techniques
- Familiarity with and understanding of historical and contemporary attributes of ceramic art

- The ability to discuss ideas related to topics and to discuss their own and fellow students' work in both the studio and gallery settings

COURSE REQUIREMENTS

- Attend all classes and demos
- Complete four major projects and exercises
- Prepare for the start of each major project by coming to class with sketches prepared in advance
- Participate in classroom discussions
- Participate and attend all critiques

GRADING

GRADING

Projects will be graded based on the following criteria:

- understanding and interpretation of the objectives of assignments
- time and energy invested in thinking about and executing your work
- quality of your concepts (imaginativeness) and your technical execution (craftsmanship) relative to your intentions.
- overall progress and development in your major area

Each project must be completed on time. All students are required to keep a sketchbook that should contain project ideas, thoughts, drawings, observations, etc. It is essential that you attend all critiques. Your full participation in all aspects of discussion and exhibition is essential to do well in this class. The letter grade you receive will be based on:

75% = Project evaluation. Projects are evaluated on clarity of intention, ambition, creativity, effort, execution, craftsmanship, and progress.

25% = Participation in discussions and critiques, progress and sketchbooks.

Excellent (A) projects are: ambitious, compelling, aesthetically resolved and deliberately crafted. Above Average (B) projects: resolution and/or intention are very good, but not fully developed. Average (C) projects: underdeveloped in one or more of the following areas: concept, aesthetics or craftsmanship. Below Average (D, F) projects: fall short of an assignment's objective, are unresolved in terms of concept, aesthetics and craftsmanship.

Grades are shaped by growth, curiosity, motivation and a positive attitude towards learning. Grades are not issued from project to project; the above-listed criteria is synthesized at the end of the semester. If you would like feedback on your general 'grade range', please talk to me. Incompletes are rarely given, and then only in relationship to illness, a documented death in the family or highly unusual life circumstance.

Important:

In order to advance to the next level, students must have a minimum of 70 percent to pass individual courses. To be more successful in the next level, students should try to achieve 80 percent or higher in individual courses. A GPA less than 2.0 indicates unsatisfactory progress and student may be placed on academic probation.

Grade Standards:

- A (90 - 100 percent): Pass course
- B (80 - 89 percent): Pass course
- C (70 - 79 percent): Pass course
- D (60 - 69 percent): Must repeat course
- F (Below 60 percent): Must repeat course

The high school grade may be recorded as a numerical grade while the university grade will be recorded as a letter grade only. **High school and university grades may differ from each other, depending on your teacher's and/or high school's grading policies.**

Final grades are posted in [MyUI](#).

ACADEMIC INTEGRITY

“Please note that Dual Credit students are held to the same student standards found in the University of Idaho, Student Code of Conduct, which can be viewed at <https://www.uidaho.edu/student-affairs/dean-of-students/student-conduct/student-code-of-conduct>. Definitions of cheating, plagiarism and other forms of academic dishonesty, as well as, policies and procedures for handling such cases are included.”

DUAL CREDIT POLICIES

Dates and Deadlines

Adding or Dropping Courses: To drop or withdraw from a course, dual credit students must submit a request through [DualEnroll](#). The high school counselor will approve or deny the request; if approved, it will be processed through MyUI. Students must confirm all course changes by logging on to [MyUI](#)—MyUI is the official record.

- A “drop” is when a student unenrolls from a course within the posted drop/add period and does not receive a “W” (withdrawal from course). A dropped course is not transcribed.
- A “withdrawal” is when a student unenrolls from a course after the posted drop/add. A grade of “W” will be transcribed. This will not affect the student’s college grade point average; however, they should check their high school’s policy on how a “W” affects their high school grade point average and eligibility for participating in high school activities and programs.
- If a student withdraws or fails to earn credit for a course paid for by Advanced Opportunities, they must subsequently pay for a similar course to be eligible for further Advanced Opportunities funding.

CENTER FOR DISABILITY ACCESS AND RESOURCES (CDAR)

The University of Idaho is committed to ensuring an accessible learning environment where course or instructional content are usable by all students and faculty. If you believe that you require disability-related academic adjustments for this class (including pregnancy-related disabilities), please contact Center for Disability Access and Resources (CDAR) to discuss eligibility. A current accommodation letter from CDAR is required before any modifications, above and beyond what is otherwise available for all other students in this class will be provided. Please be advised that disability-related academic adjustments are not retroactive. CDAR is located at the Bruce Pitman Building, Suite 127. The phone number is 208-885-6307 and e-mail is cdar@uidaho.edu. For a complete listing of services and current business hours visit [Center for Disability Access and Resources](#)

HELP AND RESOURCES

The University of Idaho provides student support to ensure a successful learning experience. The [Dual Credit Website](#) contains information about the Dual Credit program at the University of Idaho.

[MyUI](#) contains official University of Idaho student records. MyUI is the site students use to access student account/billing information, verify enrollment, and grades.

[VandalMail](#) is the official University of Idaho email service. Students should check their account on a regular basis or forward to your regular checked e-mail account.

[Canvas](#) is the University of Idaho's course management system. Please ask your instructor if your course requires you to login to Canvas.

[Course Evaluations](#): Student evaluation of teaching has two purposes: To assist individual instructors in improving their own teaching; and to assist academic administrators in counseling instructors about their teaching. Student evaluations are carefully weighed as a factor in judging the teaching component in tenure, promotion, and salary determinations. Click [here](#) to access your student dashboard to see course evaluation status for any class you are enrolled in.

[Library Help](#): The library website has many databases that will help you find relevant and reliable books, articles, images, and more. Do not hesitate to contact a librarian for research assistance.

- [UIDAHO Library](#)
- [UIDAHO Library \(Off Campus\)](#)
- [Help – Reference Services](#)

[Technology Help](#): The U of I Student Technology Center provides many technology-related services to students.

- [PHONE](#): 208-885-HELP (208-885-4357)

Post Falls School District Course Syllabus

School: Post Falls High School

<p>Course title and description:</p> <p>Advanced Theatre Advanced Theatre is an elective class that expands on topics covered in Theatre Basics. This advanced course will focus on: auditions, scene work, student directing, stage combat, playwriting, and notable plays and playwrights. Students may also participate in theatre club, fall or spring plays, or district and state drama tournaments, but these are not required.</p>	<p>Teacher name and contact information:</p> <p>Jared McDougall, jared.mcdougall@sd273.com</p>
<p>Suggested student supplies:</p> <p>Writing utensil, highlighter, copy of script(s) (handed out in class)</p>	
<p>Board-approved curriculum and supplemental resources:</p> <p>This course utilizes a variety of curricular resources, including materials curated from reputable educational websites, teacher-developed content, and supplemental tools that support the learning goals outlined in the syllabus. Every effort is made to ensure these resources are aligned with grade-level standards and are appropriate for classroom use.</p> <p>If you have any questions about the materials being used or would like to review them in more detail, please feel free to contact me to schedule a meeting. I welcome the opportunity to discuss the curriculum and support your child's learning experience.</p>	
<p>Standards covered:</p> <p>HS1.TH.1.1 HS2.TH.1.1 HS3.TH.1.1 HS1.TH.2.1 HS2.TH.2.1 HS3.TH.2.1 HS1.TH.3.1 HS1.TH.3.2 HS3.TH.3.2 HS1.TH.4.1 HS2.TH.4.1 HS1.TH.5.1 HS3.TH.5.1</p>	

Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).

Grades in this course are weighted:

Yes

No

If yes, grades are weighted as follows:

-

Other information:

Participation: This is a participation-based class! Students are expected to show up every day to class prepared and ready to do the work and have fun. Not only will lack of participation and attendance affect their grade, but it also negatively affects their peers and collaborators.

In-Class Performances: As this is a participation-based theatre course, students will be expected to memorize text and perform it in front of their peers. Non-verbal and improvised performances will also need to be rehearsed and ready to perform.

<p>Course title and description: CREATIVE ARTS 1 Welcome to Art class for the 2025-2026 school year! In this class, students will begin to explore their artistic skills, both technically and conceptually. Students will learn to use visual art as a mode for communication and to express themselves and their ideas. We will be working with several different materials and topics to create personal art that develops students' social, cultural, and/or emotional self awareness. We will study many different techniques over the course of the semester. Through lessons and projects, students will learn and apply the elements of design which are the tools used to make art. Students will make works of art that reflect their creativity and individuality.</p>	<p>Teacher name and contact information: Haley Rivers Email: haley.rivers@sd273.com Phone: 208-773-0581 ext. 6126</p>

Post Falls School District Course Syllabus

School: Post Falls

<p>Course title and description:</p> <p>French I Course Scope</p> <p>This one-year course is designed to facilitate a student's acquisition of the target language at the novice-high level as identified in the foreign language proficiency guidelines established by the American Council on the Teaching of Foreign Languages (ACTFL). The focus is communication in the target language incorporating an understanding of the target cultures, connecting with other disciplines, comparing native language to the target language, and participating in multicultural communities. The course provides practice in correct use of basic vocabulary and language structures to enable students to function effectively within realistic settings. ACTFL recommends that at least 90% of the instructional time in class be conducted in the target language. Instructional practices incorporate integration of diversity awareness including appreciation of all cultures and their important contributions to our society. The appropriate use of technology is an integral part of this course. This course fulfills one of the elective credits required for high school graduation.</p>	<p>Teacher name and contact information:</p> <p>Tara Seatz Room 161 Phone # 773-0581 ext. 6161 Email: tara.seatz@sd273.com</p>

<p>Grading:</p> <p>Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B–</p>	

(80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).

Grades in this course are weighted:

- Yes
- No

If yes, grades are weighted as follows:

Grading categories	Points per assignment	Percentage of Grades
Notebook	5-30	10% Classwork, HW, Participation, Notebook
Homework	10-20	20% Portfolio Lab (Speaking/Writing)
Work	10-70	60% Tests, Quizzes, Presentations
Assessments	15-150	10% Final Examination

Course Outline

-Students will focus on interpersonal, interpretive, and presentational communication during the course of the year through 6 thematic units. Vocabulary, language structures, and conventions will be addressed as they pertain to each unit of study.

S1: Unit 1-Getting Acquainted (September-October) **S2:** Unit 4-People & Possession (February-March)
Unit 2-Everyday life in Paris (October-November) Unit 5-Around Town (March-April)
Unit 3-Daily Activities (December-January) Unit 6-Shopping (May-June)

Classroom Behavior Expectations

-Discipline plan

Students are expected to adhere to the rules and regulations of PFHS as outlined in the student handbook. Behaviors requiring discipline such as: coming to class unprepared, horseplay, disrespect to the teacher or other students, inappropriate language, sleeping in class, unwillingness to work and/or participate will result in the following consequences:

1st infraction: Verbal warning/conference with the student

2nd infraction: Parent/guardian notified and/or detention

3rd infraction: Administrative referral

All students are expected to:

1. Attend class and be on time with all appropriate materials.

2. Study, be prepared, and be positive.

3. Participate appropriately in class.

4. Leave all electronic devices, perfumes, and other cosmetics at home, or in their backpack /

handbag. **If a student refuses to put these items away after instructed to do so, they will be sent to the office for insubordination.**

-Cell phone policy

Students will be expected to have their cell phones in their backpacks during class. If using them during instruction, they will be sent to the office to turn in for the day. They may be returned after 6th period the same day.

-Substitutes

Substitutes at Post Falls High School will be treated with respect. Rudeness, poor behavior, sabotage, or insubordination in **any** degree will result in parent notification, detention, and the lowering of the student's citizenship grade.

-Dress code

Students are expected to adhere to the Post Falls HS dress code as outlined in the student handbook.

Description of Grading Procedures

French grades will be assessed on a proficiency grading scale. In my class, it's not good enough to know all the grammar rules & vocabulary. You have to be able to USE the language to perform well in class. Students will be provided with rubrics that outline the performance expectations & define the levels of proficiency based on student performance. Students will be able to monitor their level of proficiency & participate in assessment for learning in order to improve their level of proficiency. Grades are updated on a regular basis & will be posted on Skyward.

~Class participation is essential to the learning process. It is essential that students actively involve themselves in class exercises and activities and most importantly, speak in French. The more effort the student puts into the learning process, the greater the level of proficiency they will attain.

~ Cheating on tests and quizzes will not be tolerated. Any students giving or receiving information, or found with any electronic devices during testing will be given a zero for the assignment and their citizenship grade will be lowered by one letter.

-Class Work Assignments

Classroom assignments may include, but are not limited to: creating an interactive notebook, completing graphic organizers, project-based learning activities, a variety of assessments for proficiency, research projects using the library/technology resources, oral presentations, written presentations, problem solving activities, constructed written responses, and technology applications.

-Notebooks

Students are expected to keep all handouts, notes, and class information in an organized interactive Composition Notebook. We will be referring to this information throughout the school year and a student's grade may be adversely affected if he/she does not have the correct information to study for exams/assessments. Notebooks will be checked on a regular basis.

-Homework

Homework will include completing interactive notebook activities for each class period. Homework may include finishing skill and practice assignments for credit, memorizing vocabulary, or studying for exams/assessments if a student requires additional preparation. Homework assignments should not exceed 30 minutes of study/practice.

~Any assignment, project, homework, test, or quiz without a name will NOT receive credit and/or receive a failing grade.

If you know that you have turned in an assignment but have not received credit for it, please check if it is in the no name

folders at the front of the room.

-Make-up/Absent Work Procedures

After an absence, students will be expected to check Google classroom/ the absent box located in the back left corner. Reasonable due dates will be determined based on the length of absence. Students are responsible for getting/requesting make-up work and scheduling before or after school to make-up tests/quizzes.

-Late Work Policy

Many of the activities and paperwork will be completed in class and turned in immediately. On the occasions that students have homework, late assignments will receive no more than half of the credit possible and missing assignments will receive no credit. All late/missing assignments must be turned in by the completion of the current unit to receive partial credit.

-Attendance

Regular attendance is essential to be successful in learning a world language. Attendance counts towards course credits.

-Tardy procedures

Post Falls HS tardy procedures will be followed according to the student Handbook. I will assign detention at two tardies and the administration will assign in-house at 4 tardies and Friday school at 6 tardies.

-Teacher's Note:

Students will be using the online program **classroom.google.com** throughout the year. All students will access this site for LECI notes, homework assignments, fluency readings, make-up assignments, extra help/practice and even online quizzes.

Return this page to your teacher.

Parent/Guardian Opt-In Consent (Per Idaho Code 33-1611)

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

University of Idaho Faculty Liaison

Email: ana@uidaho.edu

Phone: 208-885-7073

TERM: Fall - Yearlong

CREDIT HOURS: 4

COURSE FORMAT: Face to Face

PREREQUISITES: Spanish I

TEXTBOOK: Auténtico 2, , Savvas Learning Company. Each student will be given access to our online Savvas account.

COURSE DESCRIPTION

Spanish 102 is designed to strengthen your oral proficiency and listening comprehension skills, as well as to develop your skills in reading and writing in the target language. It provides you with a solid foundation to the fundamentals of the language. Since the goal of the class is to improve the students' language skills, regular attendance as well as in-class participation are crucial. Spanish is the primary language spoken in the classroom.

ASSIGNMENTS

The University of Idaho has 5 learning outcomes for undergraduate education, which express the desired attributes of an educated person: <http://www.uidaho.edu/learningoutcomes>.

1. Learn and integrate
2. Think and create
3. Communicate
4. Clarify purpose and perspective
5. Practice citizenship

Alongside these University learning outcomes, the Department of Modern Languages & Cultures has 3 learning outcomes, which describe the types of knowledge and skills that students should acquire through their work in MLC courses:

- **Communicative proficiency**
- **Cultural understanding and acquisition of knowledge**
- **Analytical ability**

Communicative proficiency:

- Aligned with University learning outcomes: 2 - Think and create; and 3 - Communicate.

- **Cultural understanding and acquisition of knowledge:**

- Through the readings and videos they will encounter in SPAN 102, students will gain knowledge of some significant aspects of Spanish and Latin-American cultures. Students will think critically about the history, geography, and demography of Spanish speaking countries, in connection and in comparison, with those of the United States.

- Aligned with University learning outcomes: 1 - Learn and integrate; 2 - Think and create; 4 - Clarify purpose and perspective; and 5 - Practice citizenship.

- **Analytical ability:**

- In relation to linguistic analysis, students will begin to acquire skill in formulating original thoughts in Spanish. They will use knowledge of basic structures and learned vocabulary to form new sentences that express original ideas. In relation to cultural analysis, students will gain the ability to draw connections between cultural values and assumptions, and the readings and recordings they have in SPAN 102.

- Aligned with University learning outcomes: 1 - Learn and integrate; 2 - Think and create; 3 - Communicate; 4 – Clarify purpose and perspective; and 5 - Practice citizenship.

Learning Activities / Assignments: Provide a range of student learning activities and evaluative methods appropriate for the goals of your course, such as quizzes, exams, writing, worksheets, online activities, individual/group projects, discussions, listening activities, speaking activities, etc.—each of which will measure aspects of the learning outcomes.

Classwork/Homework: Expect classwork/homework daily. Most of the time you will have time in class to finish your work. If you do not finish it becomes homework and is “due” the next time we have class unless otherwise instructed. I believe that classwork/homework is done for practice towards mastering a particular standard. Although you will be given prompt feedback on the classwork/homework assigned, I will not be giving a grade for correctness. At the beginning of class when homework is due I will stamp your homework log. You will either receive a stamp in the column “Complete” and will receive full points for that assignment or a stamp in the “Partially complete” column and will receive half credit or you will get a stamp in the column “Not enough completed for credit” and you will not receive credit for that assignment. Once I have checked everyone’s papers we will go over the answers to that assignment and you may correct/fill in any answer that is wrong or missing. After 10 assignments, or at the end of a chapter, you will turn in your homework log and will receive the number of points you earned for those assignments. If you choose to not complete assignments or to copy from another student on a regular basis you are only hurting yourself. You will not be prepared for the assessment that those assignments are preparing you for. If you are absent the day the assignment was turned in **you are responsible** for getting your homework log stamped by me the day you return. If you are absent the day it was assigned you will need to complete the assignment and be sure to get your log stamped the following day. You need to keep your log in the front of your notebook.

Binder: To stay organized for this class I suggest keeping a 3-ring binder. The binder should have four sections, one for Entry Tasks (you will have an Entry Task at the beginning of class pretty much every day and will be turning these tasks in every 10 entries, so make sure you keep them organized), one for vocabulary, one for notes, and one for homework and your homework log. If you keep the notes and vocabulary sheets in chronological order your life will be so much easier when you need to use these things for reference.

Quizzes/Tests/Projects/Presentations: Expect a quiz every week. There will be a summative test at the end of every chapter. A student's grade in this category will be based on his/her ability to perform the skills listed on this class syllabus. Skills are assessed via a collection of tests. Tests and quizzes cannot be retaken. There will be at least one big project/presentation each semester. Students will not be able to re-do a project or presentation or to turn them in late. I give ample time to complete these and they will be due on the due date.

End of Course Assessment: This is a comprehensive summative assessment that will be given at the end of each semester.

Make-up Work: If you are absent it is your responsibility to make up any work missed due to the absence. Please check with a trusted classmate, the assignment board, Google Classroom, or Mr. Lawson to find out what you have missed. Please communicate with Mr. Lawson before any pre-arranged absence and again upon returning.

All work missed while absent that was turned in for a grade will be shown in the grade book as a zero until it is made up. If the work is not made up it will remain a zero. Again, this is ONLY for work missed due to excused absences. Work missed due to an unexcused absence will not be able to be turned in for a score, it will be a zero.

As per the student handbook students will have 1 day for every day absent to make up work, tests, etc.

A schedule of the week's activities and due dates will be posted on the board every Monday.

Suggestions for success:

- Study 15 minutes every night in addition to any homework – there is ALWAYS something to review
- If you start to fall behind come see me **immediately** for help
- Participate in all class activities
- Practice speaking outside of class
- Make flashcards of vocabulary words

COURSE CONTENT/CURRICULUM

<u>Time</u>	<u>Topic</u>
1st Quarter Para empezar, Chapters 1 & 2	Describing people, question words, nationalities, adjective agreement, ser, leisure activities, seasons, regular present tense verbs, classroom vocabulary, stem-changing verbs, affirmative and negative words, extracurricular activities, saber and conocer, making comparisons and hace + time expressions, daily routines, getting ready for an event, reflexive verbs, ser vs. estar, possessive adjectives, shopping, regular preterite tense verbs, demonstrative adjectives.
2nd Quarter Chapters 3 & 4	Running errands, community, direct object pronouns, irregular preterite tense verbs, modes of transportation, tú commands, present progressive, toys, play terms, imperfect tense, indirect object pronouns, etiquette, celebrations, reciprocal actions.
3rd Quarter Chapters 5 & 6	Natural disasters, emergencies, news and rescues, medical treatments, accidents, more preterite irregulars, other uses of preterite and imperfect, parts of the body, imperfect progressive, sporting events, emotions, preterite tense stem-changers, other reflexive verbs, movies, verbs that use indirect objects, present perfect tense.
4th Quarter Chapters 7 & 9A	Food, cooking, and kitchen items, negative tú commands, impersonal se, camping and eating outdoors, more foods, Ud. And Uds. commands, uses of por, professions, plans for the future, future tense.

GRADING

Course Work	Percent of Final Grade
Homework, Classwork	20%
Exams, Quizzes, Projects and Papers	70%
Final Exam	10%
TOTAL	100%

Important:

In order to advance to the next level, students must have a minimum of 70 percent to pass individual courses. To be more successful in the next level, students should try to achieve 80 percent or higher in individual courses. A GPA less than 2.0 indicates unsatisfactory progress and may be placed on academic probation.

Grade Standards:

- A (90 - 100 percent): pass course
- B (80 - 89 percent): pass course
- C (70 - 79 percent): pass course
- D (60 - 69 percent): must repeat course
- F (Below 60 percent): must repeat course

The Dual Credit High School Grade is recorded as a numerical grade on a 100-point scale. The Dual Credit University Grade is recorded as a letter grade only.

Grades based on a 4.0 weighted GPA are determined as follows. There are no +/- grades.

Your student's grades can be checked anytime online on Skyward Family Access. See the counseling office for your login information.

Final Dual Credit University grades are posted in [Vandal Web](#).

ACADEMIC INTEGRITY

The University of Idaho expects students to engage in academic activities with high standards of honesty and integrity. Honesty is a fundamental value of learning and the educational process. The university promotes activities that instill high standards of academic integrity, civility and citizenship. **Plagiarism, cheating, submitting the work of another person or work previously used, and other forms of academic dishonesty will lead to lowered course grades, failure of the course, or more severe measures, depending on the gravity of the individual case.** For additional information, see Academic Integrity: <https://www.uidaho.edu/student-affairs/dean-of-students/student-conduct/academic-integrity>

"Please note that Dual Credit students are held to the same student standards found in the University of Idaho, Student Code of Conduct, which can be viewed at <https://www.uidaho.edu/student-affairs/dean-of-students/student-conduct/student-code-of-conduct>. Definitions of cheating, plagiarism and other forms of academic dishonesty, as well as, policies and procedures for handling such cases are included."

DUAL CREDIT POLICIES

Dates and Deadlines

Adding or Dropping Courses: To drop or withdraw from a course, dual credit students must submit a request through [DualEnroll](#). The high school counselor will approve or deny the request; if approved, it will be processed through MyUI. Students must confirm all course changes by logging on to [MyUI](#)—MyUI is the official record.

- A “drop” is when a student unenrolls from a course within the posted drop/add period and does not receive a “W” (withdrawal from course). A dropped course is not transcribed.
- A “withdrawal” is when a student unenrolls from a course after the posted drop/add. A grade of “W” will be transcribed. This will not affect the student’s college grade point average; however, they should check their high school’s policy on how a “W” affects their high school grade point average and eligibility for participating in high school activities and programs.
- If a student withdraws or fails to earn credit for a course paid for by Advanced Opportunities, they must subsequently pay for a similar course to be eligible for further Advanced Opportunities funding.

CENTER FOR DISABILITY ACCESS AND RESOURCES (CDAR)

The University of Idaho is committed to ensuring an accessible learning environment where course or instructional content are usable by all students and faculty. If you believe that you require disability-related academic adjustments for this class (including pregnancy-related disabilities), please contact Center for Disability Access and Resources (CDAR) to discuss eligibility. A current accommodation letter from CDAR is required before any modifications, above and beyond what is otherwise available for all other students in this class will be provided. Please be advised that disability-related academic adjustments are not retroactive. CDAR is located at the Bruce Pitman Building, Suite 127. The phone number is 208-885-6307 and e-mail is cdar@uidaho.edu. For a complete listing of services and current business hours visit [Center for Disability Access and Resources](#)

HELP AND RESOURCES

The University of Idaho provides student support to ensure a successful learning experience. The [Dual Credit Website](#) contains information about the Dual Credit program at the University of Idaho.

[MyUI](#) contains official University of Idaho student records. MyUI is the site students use to access student account/billing information, verify enrollment, and grades.

[VandalMail](#) is the official University of Idaho email service. Students should check their account on a regular basis or forward to your regular checked e-mail account.

[Canvas](#) is the University of Idaho’s course management system. Please ask your instructor if your course requires you to login to Canvas.

[Course Evaluations](#): Student evaluation of teaching has two purposes: To assist individual instructors in improving their own teaching; and to assist academic administrators in counseling instructors about their teaching. Student evaluations are carefully weighed as a factor in judging the teaching component in tenure, promotion, and salary determinations. Click [here](#) to access your student dashboard to see course evaluation status for any class you are enrolled in.

[Library Help](#): The library website has many databases that will help you find relevant and reliable books, articles,

Phone: 208-885-7073

TERM: Fall - Yearlong

CREDIT HOURS: 4

COURSE FORMAT: Face to Face

PREREQUISITES: SPAN 102

TEXTBOOK: Auténtico 3, Savvas Learning Company. Each student will be given access to our online Savvas account.

COURSE DESCRIPTION

Spanish 201 is designed for students with intermediate Spanish language skills and concludes the departmental two-year sequence of required courses (101 and 102). In this class, you will develop and enhance your speaking, writing, reading and, listening abilities; through task-based activities, communicatively oriented exercises and grammar-focused drills. Students will practice their reading skills by working with literary texts from different cultural contexts and develop their oral as well as written skills in form of presentations and compositions. Students will also be exposed to audio/video programs to practice and enhance their listening comprehension skills. Spanish 201 covers chapters 1 through 10 of the *Realidades 3* textbook. I am here to help you progress to your full potential in Spanish so please feel free to send me an email to discuss any problem or difficulty you may be experiencing in the course.

ASSIGNMENTS

The University of Idaho has 5 learning outcomes for undergraduate education, which express the desired attributes of an educated person: <http://www.uidaho.edu/learningoutcomes>.

1. Learn and integrate
2. Think and create
3. Communicate
4. Clarify purpose and perspective
5. Practice citizenship

Alongside these University learning outcomes, the Department of Modern Languages & Cultures has 3 learning outcomes, which describe the types of knowledge and skills that students should acquire through their work in MLC courses:

1. Communicative proficiency:

- By the end of SPAN 201, students will be able to communicate in intermediate Spanish. Students will be able

to communicate and have discussions using various verb tenses and situations using an extensive vocabulary. Students should feel comfortable communicating in the present, progressive, and past tenses as well as be able to give commands and properly use the subjunctive form.

- *Aligned with University Learning outcomes: 1. Learn and Integrate, 2. Think and create, 3. Communicate*

2. Cultural understanding and acquisition of knowledge:

Students will gain a greater understanding of and appreciation for Latin American and Iberian culture, particularly in terms of geography, demography, and the vast differences in culture that are present in Latin America and Spain. Students will also gain knowledge of the influence of Latin American and Spanish cultures on North American society.

- *Aligned with University Learning outcomes: 1. Learn and Integrate, 2. Think and create, 4. Clarify purpose and perspective, 5. Practice citizenship.*

3. Analytical ability:

Students will create basic original thoughts in Spanish. Students will gain knowledge of the structure of Spanish and will therefore be able to use the vocabulary learned to form new thoughts and basic sentences. This ability will grow as students become more and more familiar with Spanish structure and verb tenses.

- *Aligned with University Learning outcomes: 1. Learn and Integrate, 2. Think and create, 3. Communicate, 4. Clarify purpose and perspective*

Learning Activities / Assignments: Provide a range of student learning activities and evaluative methods appropriate for the goals of your course, such as quizzes, essays, take-home exams, writing, individual/group projects, discussions, etc.— each of which will measure aspects of the learning outcomes.

COURSE CONTENT/CURRICULUM

Time

Quarter 1

Para empezar, Chapters 1 & 2

Topics

Daily life, present tense verbs, reflexive verbs, special days, verbs like gustar, possessive adjectives, hiking, weather, irregular preterite tense verbs, athletic and academic competition, the imperfect tense, art, preterite vs. imperfect, estar + participle, music, dance, drama, ser and estar, verbs with special meaning in the preterite and imperfect.

Quarter 2

Chapters 3, 4 and 5

COURSE FORMAT: Face to Face

PREREQUISITES: SPAN 201

TEXTBOOK: Realidades 4, Savvas Learning Company. Each student will be given access to our online Savvas account.

COURSE DESCRIPTION

Spanish 202 is designed for students with intermediate Spanish language skills and concludes the departmental two-year sequence of required courses (101, 102 and 201). Drawing on the skills acquired in the previous courses, the class balances linguistic comprehension and language production. Students will practice their reading skills by working with literary texts from different cultural contexts and develop their oral as well as written skills in form of presentations and compositions. Students will also be exposed to audio/video programs to practice and enhance their listening comprehension skills. Spanish 202 covers chapters 1 through 10 of the *Realidades 4* textbook. I am here to help you progress to your full potential in Spanish so please feel free to send me an email to discuss any problem or difficulty you may be experiencing in the course.

ASSIGNMENTS

The University of Idaho has 5 learning outcomes for undergraduate education, which express the desired attributes of an educated person: <http://www.uidaho.edu/learningoutcomes>.

1. Learn and integrate
2. Think and create
3. Communicate
4. Clarify purpose and perspective
5. Practice citizenship

Alongside these University learning outcomes, the Department of Modern Languages & Cultures has 3 learning outcomes, which describe the types of knowledge and skills that students should acquire through their work in MLC courses:

1. Communicative proficiency:

- By the end of SPAN 202, students will be able to understand the main point of spoken and written Spanish on familiar topics, including some radio or TV reports and literary texts. They will be able to speak and write with simple, connected sentences, to express personal opinions or feelings, to give simple explanations, and to narrate a story or the plot of a book or film. They will be comfortable communicating in a variety of verb tenses.
- Aligned with University learning outcomes: 2 - Think and create; and 3 - Communicate.

2. Cultural understanding and acquisition of knowledge:

- Through the readings and videos, they will encounter in SPAN 202, students will gain knowledge of some significant aspects of Spanish and Latin-American cultures. Students will think critically about the history, geography, and demography of Spanish speaking countries, in connection and in comparison, with those of the United States.
- Aligned with University learning outcomes: 1 - Learn and integrate; 2 - Think and create; 4 - Clarify purpose and perspective; and 5 - Practice citizenship.

3. Analytical ability:

- In relation to linguistic analysis, students will begin to acquire skill in formulating original thoughts in Spanish. They will use knowledge of basic structures and learned vocabulary to form new sentences that express original ideas. In relation to cultural analysis, students will gain ability to draw connections between cultural values and assumptions, and the readings and films they will study in SPAN 202.
- Aligned with University learning outcomes: 1 - Learn and integrate; 2 - Think and create; 3 - Communicate; 4 - Clarify purpose and perspective; and 5 - Practice citizenship.

Learning Activities / Assignments: Provide a range of student learning activities and evaluative methods appropriate for the goals of your course, such as quizzes, essays, take-home exams, writing, individual/group projects, discussions, etc.— each of which will measure aspects of the learning outcomes.

COURSE CONTENT/CURRICULUM

CALENDARIO - Español 4 (202)

Cuatrimestre 1: septiembre a noviembre

Capítulo 1 – Esas modas que van y vienen

Grammar Focus- Preterite and Imperfect Tense

Capítulo 2 – La tecnología y el progreso

Grammar Focus- Ser, Estar, and Haber. The future tense, the subjunctive in noun clauses

Capítulo 3 – Los derechos humanos

Grammar Focus- Indirect commands, direct and indirect object pronouns and the personal a, gustar and similar verbs.

Cuatrimestre 2: noviembre a enero

Capítulo 4 – El individuo y la personalidad

Grammar Focus- Reflexive construction, agreement, form and position of adjectives, the participle and the present perfect indicative and subjunctive.

Cuatrimestre 3: enero a marzo

Capítulo 7 – La diversidad humana

Grammar Focus – *Hacer* and *desde* in time expressions. *Por* y *para*. Verbs that require a preposition before an infinitive.

Capítulo 8 – Las artes culinarias y la nutrición

Grammar Focus – The imperfect subjunctive. The conditional and conditional perfect.

Capítulo 9 – Nuestra compleja sociedad

Grammar Focus – The pluperfect subjunctive. Uses of *se* with impersonal and passive constructions. Indefinite and negative expressions.

Cuatrimestre 4: marzo a junio

Capítulo 10 – El empleo y la economía

Grammar Focus – Indirect speech. The relative pronouns *que*, *quien*, and *lo que*, and the relative adjective *cuyo/a(s)*. The relative pronouns *el/la cual* and *los/las cuales*.

Capítulo 11 - El tiempo libre

Grammar Focus – Sequence of tenses with the subjunctive. Uses of definite and indefinite articles. Uses of the infinitive and the *-ing(-ndo)* form of the verb.

Capítulo 12 – Temas que no pasan de moda

Grammar Focus – *Se* for unplanned events. The passive voice. Diminutives and augmentatives.

GRADING

Additional information the instructor would like to add from the Dual Credit High School. All sections/Tables can be edited to meet your needs. **Keep & Edit or Erase.**

Course Work	Percent of Final Grade
Homework, Classwork	20%
Exams, Quizzes, Projects and Papers	70%
Final Exam	10%
TOTAL	100%

Important:

In order to advance to the next level, students must have a minimum of 70 percent to pass individual courses. To be more successful in the next level, students should try to achieve 80 percent or higher in individual courses. A GPA less than 2.0 indicates unsatisfactory progress and may be placed on academic probation.

Grade Standards:

- A (90 - 100 percent): pass course
- B (80 - 89 percent): pass course
- C (70 - 79 percent): pass course
- D (60 - 69 percent): must repeat course
- F (Below 60 percent): must repeat course

The Dual Credit High School Grade is recorded as a numerical grade on a 100-point scale. The Dual Credit University Grade is recorded as a letter grade only.

Final grades are posted in [Vandal Web](#).

ACADEMIC INTEGRITY

The University of Idaho expects students to engage in academic activities with high standards of honesty and integrity. Honesty is a fundamental value of learning and the educational process. The university promotes activities that instill high standards of academic integrity, civility and citizenship. **Plagiarism, cheating, submitting the work of another person or work previously used, and other forms of academic dishonesty will lead to lowered course grades, failure of the course, or more severe measures, depending on the gravity of the individual case.** For additional information, see Academic Integrity: <https://www.uidaho.edu/student-affairs/dean-of-students/student-conduct/academic-integrity>

“Please note that Dual Credit students are held to the same student standards found in the University of Idaho, Student Code of Conduct, which can be viewed at <https://www.uidaho.edu/student-affairs/dean-of-students/student-conduct/>

student-code-of-conduct. Definitions of cheating, plagiarism and other forms of academic dishonesty, as well as, policies and procedures for handling such cases are included.”

DUAL CREDIT POLICIES

Dates and Deadlines

Adding or Dropping Courses: To drop or withdraw from a course, dual credit students must submit a request through DualEnroll. The high school counselor will approve or deny the request; if approved, it will be processed through MyUI. Students must confirm all course changes by logging on to MyUI—MyUI is the official record.

- A “drop” is when a student unenrolls from a course within the posted drop/add period and does not receive a “W” (withdrawal from course). A dropped course is not transcribed.
- A “withdrawal” is when a student unenrolls from a course after the posted drop/add. A grade of “W” will be transcribed. This will not affect the student’s college grade point average; however, they should check their high school’s policy on how a “W” affects their high school grade point average and eligibility for participating in high school activities and programs.
- If a student withdraws or fails to earn credit for a course paid for by Advanced Opportunities, they must subsequently pay for a similar course to be eligible for further Advanced Opportunities funding.

CENTER FOR DISABILITY ACCESS AND RESOURCES (CDAR)

The University of Idaho is committed to ensuring an accessible learning environment where course or instructional content are usable by all students and faculty. If you believe that you require disability-related academic adjustments for this class (including pregnancy-related disabilities), please contact Center for Disability Access and Resources (CDAR) to discuss eligibility. A current accommodation letter from CDAR is required before any modifications, above and beyond what is otherwise available for all other students in this class will be provided. Please be advised that disability-related academic adjustments are not retroactive. CDAR is located at the Bruce Pitman Building, Suite 127. The phone number is 208-885-6307 and e-mail is cdar@uidaho.edu. For a complete listing of services and current business hours visit [Center for Disability Access and Resources](#)

HELP AND RESOURCES

The University of Idaho provides student support to ensure a successful learning experience. The [Dual Credit Website](#) contains information about the Dual Credit program at the University of Idaho.

MyUI contains official University of Idaho student records. MyUI is the site students use to access student account/billing information, verify enrollment, and grades.

VandalMail is the official University of Idaho email service. Students should check their account on a regular basis or forward to your regular checked e-mail account.

Canvas is the University of Idaho’s course management system. Please ask your instructor if your course requires you to login to Canvas.

Course Evaluations: Student evaluation of teaching has two purposes: To assist individual instructors in improving their own teaching; and to assist academic administrators in counseling instructors about their teaching. Student evaluations are carefully weighed as a factor in judging the teaching component in tenure, promotion, and salary determinations. Click [here](#) to access your student dashboard to see course evaluation status for any class you are enrolled in.

Library Help: The library website has many databases that will help you find relevant and reliable books, articles, images, and more. Do not hesitate to contact a librarian for research assistance.

- [UIDAHO Library](#)
- [UIDAHO Library \(Off Campus\)](#)
- [Help – Reference Services](#)

Technology Help: The U of I Student Technology Center provides many technology-related services to students.

Parent/Guardian Opt-In Consent (Per Idaho Code 33-1611)

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

Classroom Rules:

- **No electronic devices!** Once you walk in the classroom door the use of personal electronic devices will be prohibited. This includes headphones. This is a school wide rule!
- Food/drink policy – **Only water is allowed in class.** If you have something other than water it must be placed on the counter for the remainder of the class period. Please eat any snacks in the hallway during passing period.
- Sit in your assigned seat and remain seated during instruction, it is disrespectful to get up when someone is speaking.
- Be prepared every day with your supplies needed.
- Respect yourself: Be responsible for your actions, be on task, and take initiative. Try to succeed.
- Respect others: Treat others as you would like to be treated. No name calling, cussing physical/mental harassment will be tolerated. Help others to succeed.
- Keep the classroom clean. If you see something out of place or trash on the floor or desks, take a minute to clean it up.

Hall Pass Rules: Only one person may leave the classroom at a time. Other rules can be added as necessary throughout the year if there are any issues that come along. I understand that it might be necessary to use the restroom during class but I expect you to return as quickly as possible because all class time is very important. Please bring a water bottle so you do not need to go and get a drink of water.

Cell phones and other electronic devices: In order to ensure academic success, student electronic devices will not be permitted in this classroom. If a prohibited electronic device (this includes cell phones and earbuds) is not stored away for the class period when the bell rings, you will be asked to take the device to surrender it in the In House Suspension room in our office per our student handbook. The student will be able to pick it up at the end of the day. Parents: Please refrain from contacting your student through text or phone during classroom time. If a circumstance occurs that requires immediate attention, please contact the office 1-208-773-0581. Thank you, we believe this will have a positive impact on academic achievement in the classroom.

Group Expectations: Many of the activities we do in class will require that you collaborate with your classmates in order to complete them. For example, there will be a lot of paired speaking activities. Sometimes I will allow you to choose your partner/s and other times I will choose for you. It is a life skill to be able to

work well with other people and I expect that you do your best to work well with the person/people in your group. Many times I will allow you to work with other students in your area on written assignments but I will always have a seating chart and expect for you to sit in your assigned seat unless I have told you otherwise. Other times you will have to work individually and will be asked to not collaborate with others. If you are having a difficult time working with a particular person please come see me as soon as possible so that I may help fix the problem. Please don't wait until the assignment is due to express your concerns or it may be too late.

Attendance/Tardies: The attendance and tardy policies in the Student Handbook will be strictly enforced. Students will be counted as tardy if they are not in their seats when the bell rings. The district tardy policy is as follows:

2 tardies = detention

4 tardies = In-House suspension w/ call home

6 tardies = 1 Friday School

Attendance Policy: More than **8** non-school-related absences in any class results in a loss of credit

Grades: Your student's grades can be checked anytime by using our online system called Skyward Family Access. If you need your username and password, contact the counseling center.

Classwork/Homework: Expect classwork/homework daily. Most of the time you will have time in class to finish your work. If you do not finish it becomes homework and is "**due**" **the next day** unless otherwise instructed. I believe that classwork/homework is done for practice towards mastering a particular standard. At the beginning of class when homework is due I will stamp your homework log. You will either receive a stamp in the column "Complete" and will receive full points for that assignment or a stamp in the "Partially complete" column and will receive half credit or you will get a stamp in the column "Not enough completed for credit" and you will not receive credit for that assignment. It must be apparent that the student has tried to attempt to do the assignment correctly, random answers will not get full/half credit, it will be a zero. If students are caught copying answers from one another, both students will get a zero. Once I have checked everyone's papers we will go over the answers to that assignment and you may correct/fill in any answer that is wrong or missing. There could be times that I will collect all or randomly collect homework assignments after we go over them to hold students accountable for correcting and learning from their mistakes. There will also be times when I do not grade the homework. However, all homework is given for practice that is necessary for learning the language so it should always be completed to the best of your ability. After each unit you will turn in your homework log and will receive the number of points you earned for the homework in that unit. If you choose to not complete assignments or to copy from another student on a regular basis you are only hurting yourself. You will not be prepared for the assessment that those assignments are preparing you for. **If you are absent** the day the assignment was turned in **you are responsible** for getting your homework log stamped by me **when you return**. If you are absent the day it was assigned you will need to complete the assignment and be sure to get your log stamped the next day. This homework log will need to be kept in the front of your binder. If the assignment and or homework log are not out and ready when I come by, you will get a zero. It will be **your responsibility** to keep track of. **I will not re-stamp for any assignments.** Late work will not be accepted. This policy is subject to change second semester.

Binder: Your binder needs to have three sections: **one for vocabulary, one for note and one for speaking and writing labs.** It must be kept in chronological order. . **Keep notes and vocab for the entire year.**

Quizzes/Tests: Expect a quiz or a test every week. There will be a summative test at the end of every unit. A student's grade in this category will be based on his/her ability to perform the skills listed on the class syllabus. Skills are assessed via a collection of tests. **Students may retake quizzes one time each.** It must be retaken near the end of that unit/chapter. The retake deadline for each chapter will be posted on the board. You will

have to schedule a time with me before or after school to retake these quizzes. In order to retake the quiz you must bring me your old quiz with corrections made and write an explanation of what you did to prepare differently for the quiz retake. Tests may NOT be retaken. Make sure you complete all of your assignments, take advantage of quiz retakes, and make sure to study outside of class so that you are successful on your tests. Remember they count for A LOT!

There could be at least one big project/presentation each semester. Students will not be able to re-do a project or presentation or to turn them in late. I give ample time to complete these and they will be **due on the due date**.

Semester Final Exam: This is a comprehensive summative assessment that will be given at the end of each semester. It will contain some kind of performance task as well. This exam may NOT be retaken.

Make-up Work: If you are absent it is your responsibility to make up any work missed due to the absence. Please check with a trusted classmate, the assignment board, or your teacher (before or after school only) to find out what you have missed. Please communicate with your teacher before any pre-arranged absence and again upon returning.

All work missed while absent that was turned in for a grade will be shown in the grade book as a zero and missing until it is made up. If the work is not made up it will remain a zero and will no longer be marked "missing". Again, this is ONLY for work missed due to excused absences. Work missed due to an unexcused absence will not be able to be turned in for a score, it will be a zero. This includes missing a test, quiz, presentation, or anything due that day.

As per the student handbook students will have 1 day for every day absent to make up work, tests, etc. A schedule of the week's activities and due dates will be posted on the board every Monday.

Suggestions for success:

- Study 15 minutes every night in addition to any homework – there is ALWAYS something to review
- If you start to fall behind, come see me **immediately** for help.
- Participate in all class activities.
- Practice speaking outside of class.
- Make flashcards of vocabulary words.
- Communicate with your teacher about missing work or any other questions or concerns.

Return this page to your teacher.

Quarter 4	Entertainment, preterite tense stem-changers, verbs that use indirect objects, (As time allows: present perfect tense, cooking, negative tú commands, the impersonal se, camping, Ud. and Uds. commands.)	Chapters 5 & 6

Classroom Rules:

- **On Time and Prepared**
 - In assigned seat at bell, with materials and completed assignments, having done any necessary study/practice beforehand and taken care of any outside matters.
- **Actions and Words appropriate to task at hand**
 - See student handbook for offense procedures.
 - No food/drink – except water in a clear container.
 - In order to ensure academic success, student electronic devices will only be permitted in this classroom when the lesson incorporates them. A clear visual indicator (traffic light) is posted in the room for when device use is appropriate.**
 - If an electronic device is used during the “red light”, (this includes cell phones and earbuds) you will be asked to take the device to surrender it in the In House Suspension room in our office per our student handbook. Your parent, guardian or anyone on the Skyward emergency contact list will be responsible for picking up the item. Parents: Please refrain from contacting your student through text or phone during classroom time. If a circumstance occurs that requires immediate attention, please contact the office 1-208-773-0581.**
- **Respect for Everyone**
 - Respect yourself: Be responsible for your actions, be on task, and take initiative. Try to give your best effort and strive for success.
 - Respect others: Treat others as you would like to be treated in your future workplace through thoughtful actions and appropriate language. Help others to succeed.
 - Respect for everyone’s property: Keep the classroom clean. If you see something out of place or trash on the floor or desks, take a minute to clean it up.
- **Ask Questions**
 - Chances are, someone else has the same question.

-If you need general help, don't hesitate to make time for one-on-one tutoring with me, at Trojan Table, or with an NHS tutor.

Group Expectations: Many of the activities we do in class will require that you collaborate with your classmates in order to complete them. For example, there will be a lot of paired speaking activities. Sometimes I will allow you to choose your partner/s and other times I will choose for you. It is a life skill to be able to work well with other people and I expect that you do your best to work well with the person/people in your group. Many times I will allow you to work with other students in your area on written assignments but I will always have a seating chart and expect for you to sit in your assigned seat unless I have told you otherwise. Other times you will have to work individually and will be asked to not collaborate with others. If you are having a difficult time working with a particular person please come see me as soon as possible so that I may help fix the problem. Please don't wait until the assignment is due to express your concerns or it may be too late.

Attendance/Tardies: The attendance and tardy policies in the Student Handbook will be strictly enforced. Students will be counted as tardy if they are not in their seats when the bell rings. The district tardy policy is as follows:

2 tardies = detention

4 tardies = In-House suspension w/ call home

6 tardies = 1 Friday School

Grades: Your student's grades can be checked anytime by using our online system called Skyward Family Access. If you need your username and password, contact the counseling center.

Classwork/Homework: Expect classwork/homework daily. Typically you will have time in class to finish your work. If you do not finish it becomes homework and is **"due" at the beginning of the hour the next day** unless otherwise instructed. Classwork/homework is done for practice towards mastering a particular standard. Although you will be given prompt feedback on the classwork/homework assigned, I will not be grading every assignment for correctness. At the beginning of class when homework is due I will check your assignment's completion. Once I have checked everyone's papers we will go over the answers to that assignment and you may correct/fill in any answer that is wrong or missing. If you choose to not complete assignments or to copy from another student on a regular basis you are only hurting yourself. You will not be prepared for the assessment that those assignments are preparing you for. **If you are absent** the day the assignment was turned in **you are responsible** for getting your homework checked by me **when you return**. If you are absent the day it was assigned you will need to complete the assignment and be sure to get it checked the next day.

Quizzes/Tests: Expect at least one quiz every week. There will be a summative test at the end of every unit. A student's grade in this category will be based on his/her ability to perform the skills listed on the class syllabus. Skills are assessed via a collection of tests. Students may retake book quizzes one time each at the end of the unit/chapter. If you receive a 50% or higher on a quiz and retake it you may replace your first score with any higher score you earn. If you receive lower than a 50% on the quiz and choose to retake it you will receive an average of the two quiz scores. You will have to schedule a time with me before or after school to retake book quizzes. Formative skills assessments ("Challenge quizzes") will be re-taken until the student reaches the "passing" threshold. Tests may NOT be retaken. Make sure you complete all of your assignments, take advantage of quiz retakes, and make sure to study outside of class so that you are successful on your tests. Remember they count for A LOT!

There will be several small projects/presentations each semester. Students will not be able to re-do a project or presentation or to turn them in late. I give ample time to complete these and they will be **due on the due date**.

Semester Final Exam: This is a comprehensive summative assessment that will be given at the end of each semester. It will contain some kind of performance task as well. This exam may NOT be retaken.

Make-up Work: If you are absent it is your responsibility to make up any work missed due to the absence. Please check on the Google Classroom, with a trusted classmate, in the assignment board/handouts basket, or Ms. Tremblay (before or after school only) to find out what you have missed. If you call in and request assignments, please have a

parent, sibling, or friend pick them up while you are gone. Do not wait until the day you return to class. Please communicate with Ms. Tremblay before any prearranged absence and again upon returning.

All work missed while absent that was turned in for a grade will be shown in the grade book as a zero until it is made up. If the work is not made up it will remain a zero. Again, this is ONLY for work missed due to excused absences. Work missed due to an unexcused absence will not be able to be turned in for a score, it will be a zero.

As per the student handbook, students will have 1 day for every day absent to make up work, tests, etc.

A schedule of the week's activities and due dates will be posted on the board every Monday.

Suggestions for success:

- Study 15 minutes every night in addition to any homework – there is ALWAYS something to review
- If you start to fall behind, come see me **immediately** for help.
- Participate in all class activities.
- Practice speaking outside of class.
- Make flashcards of vocabulary words.
- Communicate with your teacher about missing work or any other questions or concerns.

Parent/Guardian Opt-In Consent (Per Idaho Code 33-1611)

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

<p>Course title and description: Agricultural Structures: This course is designed to teach students the basics of construction. A majority of this course will focus on residential construction; including safety, power tool usage, materials estimation, wood frame carpentry, drywall, electrical, plumbing, flooring, stairs, roofing, tiling, and painting and trim work. Students will explore careers in construction as well as become knowledgeable homeowners for the future. Each topic of study will include an overview, reading and math unit, followed by hands-on lab activity using actual construction materials and techniques. Students will construct a small modular structure as the class project after the required skills are obtained.</p>	<p>Teacher name and contact information: Instructor: Brandon Hoxie Email: brandon.hoxie@sd273.com Phone Extension: 6177</p>
<p>Suggested student supplies: Notebook, pen or pencil, hair ties if student has long hair, closed toed shoes.</p>	
<p>Board-approved curriculum and supplemental resources: This course utilizes a variety of curricular resources, including materials curated from reputable educational websites, teacher-developed content, and supplemental tools that support the learning goals outlined in the syllabus. Every effort is made to ensure these resources are aligned with grade-level standards and are appropriate for classroom use.</p> <p>If you have any questions about the materials being used or would like to review them in more detail, please feel free to contact me to schedule a meeting. I welcome the opportunity to discuss the curriculum and support your child's learning experience.</p>	
<p>Standards covered: Agricultural Mechanics Program Standards: 1.1.1, 1.1.2, 1.1.3, 1.1.4, 1.1.5, 1.1.6, 1.1.8, 1.1.10, 1.1.11, 2.1.1, 2.1.2, 2.1.3, 2.1.5, 2.2.1, 9.1.1, 10.1.1, 10.1.4, 11.1.1, 11.1.2</p> <p>Agricultural Structures Class Standards: 03.01, 03.02, 03.03, 03.04, .03.05, 03.06, 03.07, 03.09,</p>	
<p>Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).</p> <p>Grades in this course are weighted: Yes No</p>	

Other information:

Proper dress

Students must wear close toed shoes at all times. Students must wear safety glasses when any person is using power equipment. Long hair must be tied back. Loose clothing is a safety hazard around power tools, please plan appropriately. No hats at any time.

Classroom Expectations

Always conduct yourself in a safe and responsible manner, absolutely no horse play, throwing things, using tools in a manner that they were not intended for.

Show up on time

Respect equipment, facility, each other.

Absolutely no profanity

Cell phones should be left in backpacks and silenced

Work should be turned in on time and complete.

Everyone cleans up...everyday

No food or drink except a reusable water bottle with a lid.

FFA

The FFA is the Career and Technical Student Organization that is associated with all agriculture classes. It is considered to be intra-curricular, meaning it is a part of the program's curriculum. Students are strongly encouraged to become a member. Membership includes additional opportunities for travel and competition. If you have any questions please contact me.

Disclaimer

The Construction class is inherently dangerous. There are tools and materials they may if used improperly or due to some negligence cause serious bodily harm. The students will be shown the proper way to use these tools and how to work with them. Students will be required to pass all safety tests prior to using the equipment and machines. All the preparation in the world does not account for human error. By signing this you acknowledge that you have been informed of the dangers in the class, and are still willing to allow your child to participate in the class

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

Post Falls School District Course Syllabus

School: Post Falls

Course title and description: Digital Design	Teacher name and contact information: Gabe Lawson gabe.lawson@sd273.com
Suggested student supplies: Notebook and writing utensils, sd card and camera if you own one	
Board-approved curriculum and supplemental resources: This course utilizes a variety of curricular resources, including materials curated from reputable educational websites, teacher-developed content, and supplemental tools that support the learning goals outlined in the syllabus. Every effort is made to ensure these resources are aligned with grade-level standards and are appropriate for classroom use. If you have any questions about the materials being used or would like to review them in more detail, please feel free to contact me to schedule a meeting. I welcome the opportunity to discuss the curriculum and support your child's learning experience.	
Standards covered: <i>Performance Standard 1.1: Elements of Design</i> 1.1.1. Identify, analyze, and implement the application of color, line, shape, texture, size, and value in design. <i>Performance Standard 1.4: Principles and Elements of Design to Layout</i> 1.4.1. Apply effective use of negative space, composition, message structure, graphics, etc., to graphic works. 1.4.3. Utilize rule of thirds, simplicity, and/or complexity, etc. in layout. CONTENT STANDARD 3.0: DIGITAL MEDIA PRODUCTION EQUIPMENT <i>Performance Standard 3.1: Camera Operation and Techniques</i> 3.1.1 Select, operate and exhibit correct use of video cameras for project specifications. 3.1.2 Demonstrate the functions and uses of camera mounting devices (e.g. tripods, Steadicam, monopods, etc.). 3.1.3 Demonstrate types of camera angles and movements. 3.1.4 Demonstrate an understanding of the rule of thirds. 3.1.5 Demonstrate different shot compositions (e.g. medium shot, close up, long shot, etc.). 3.1.6 Demonstrate shot flow including sequencing and continuity. 3.1.7 Demonstrate understanding of white balance settings. 3.1.8 Connect various pieces of camera equipment using proper cables and/or adaptors. <i>Performance Standard 3.3: Proper Lighting Techniques</i> 3.3.1 Identify and explain the use of basic lighting equipment. 3.3.2 Demonstrate one, two and three point lighting techniques. 3.3.3 Utilize various light sources (e.g. natural light, reflectors, portable lights, etc.). 3.3.4 Explain and demonstrate the use of lighting techniques in creating composition, visual continuity,	

mood, and color temperature.

Performance Standard 5.1: Portfolio Development

5.1.1. Develop portfolio that include various types of media, i.e. video, print, web, or graphic Design.

Performance Standard 7.2: Image Creation and Manipulation

7.2.2. Use a variety of devices and media to import/download photos, images, and other digital media content.

7.2.4. Apply nondestructive image editing techniques such as layering and masking.

7.2.5. Practice using different selection tools and techniques to manipulate images.

Performance Standard 7.3: Media Outputs

7.3.1. Use appropriate resolution, compression, and file formats for various media outputs including web, video, audio, and print.

7.3.2. Incorporate appropriate current industry standard color modes in graphic works (e.g., RGB, HEX, LAB, CMYK and Pantone), and explain how they relate to HSB.

7.3.3. Understand the difference between gray scale, spot color, and process colors.

Performance Standard 8.1: Industry Terminology and Roles

8.1.1. Knowledge of the terminology used in the video industry.

8.1.2. Understand the roles and responsibilities of the digital video industry.

Video Standards

Performance Standard 8.1: Industry Terminology and Roles

8.1.1. Knowledge of the terminology used in the video industry.

8.1.2. Understand the roles and responsibilities of the digital video industry.

Performance Standard 8.3: Pre-Production and Planning

8.3.1. Demonstrate consistent and logical naming conventions and document filing skills.

8.3.2. Demonstrate storyboard design and implementation.

8.3.3. Identify the goal of the video.

8.3.4. Develop, read, write, and understand a script.

8.3.5. Determining the right format for the content e.g. promo, PSA, documentary.

Performance Standard 8.4: Production

8.4.1. Preparing and scouting a location.

8.4.2. Identify how to implement film theory i.e. knowing the type of shots and why you need those kinds of shots.

8.4.3. Understand how and when to use lighting.

8.4.4. Understand how to produce quality audio.

Performance Standard 8.5: Post Production

8.5.1. Produce video: import video, edit video, sound, music, visual effects, and motion graphics.

8.5.2. Export video: choose appropriate file format for display medium.

8.5.3. Demonstrate editing techniques that present continuity, emphasis and pace.

Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).

Grades in this course are weighted:

- Yes
- No

If yes, grades are weighted as follows: .5 percentage points added because it is an honors class

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

Grades in this course are weighted:

Yes

No

- 50% Projects
- 15% Class Participation
- 25% Classwork
- 10% Final

Other information:

Plagiarism Policy: Plagiarism is defined as the act of presenting other people’s ideas and writings as one’s own and/or not giving credit to the original source(s). Students who cheat on tests and/or assignments, or aid another who is, will receive a zero. Consequences of plagiarism: 1st offense, student receives a zero on the assignment. 2nd offense, student receives an ‘F’ in the course. This rule applies to all classes providing credit for graduation.

Plagiarism Policy with AI: Generally speaking, students are not permitted to use artificial intelligence (AI) writing tools to generate their work for this class. This includes tools that generate text, outlines, or other writing components. There are few exceptions. If you are unsure whether or not you are permitted to use an AI tool for a specific purpose, please ask for clarification. **Any work that is generated by an AI tool and submitted for a graded assignment will be considered plagiarism.** This includes work that is only partially generated by AI. **I reserve the right to require students to provide evidence of their own work on all graded assignments. This may include providing a copy of their original notes, outlines, or drafts.** I believe that AI can be a valuable tool for writers, but it is important to use it responsibly. AI tools are not a substitute for critical thinking and creativity.

Late work Policy:

The late work policy for this class is after the assigned due date, students can still turn in assignments within the current unit for up to 50%. This means if the unit is over then the students will not be able to make up the work.

Students can make up points for an assignment if they turn it in on time **completed**.

Cell Phone/Headphone Policy:

Cell phones will not be allowed in class unless the teacher says otherwise. If a student is caught with their cell phone out when they are not supposed to then the student will turn the cell phone into the office.

Headphones are not allowed to be in during the class, unless students have been given permission. Students will be asked once to put it away and after that they will be sent to the office. This is to allow the students to clearly hear the lesson or instruction from the teacher. This also allows students to actively participate in group discussions.

Pacing of the class:

This class is fast paced. We build off of what we learned the day before, so missing a day can be a problem. If a student misses a day or multiple days please check Google Classroom for the material. If the student cannot find what they are looking for please email the teacher.

Course: _____

Parent/Guardian Opt-In Consent (Per Idaho Code 33-1611)

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

<p>Course title and description: Creative Writing I</p> <p>In a workshop-style setting, students will examine and discuss different elements of creative writing by 20th-21st century artists of their choice. Students will get a chance to explore various genres with their own writing including lyrics, poetry, short stories, screenplays and chapters and will be encouraged to apply mechanics of the writing process to create publishable writing. There are various genres that will be focused on throughout the semester including but not limited to, Poetry, Gothic, Science Fiction, Dystopian/Post-Apocalyptic, and Screenwriting. By the end of the semester, students will have a final journal that showcases their best work.</p>	<p>Teacher name and contact information:</p> <p>Kiara Hauck</p> <ul style="list-style-type: none">• kiara.hauck@sd273.com

Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).

Grades in this course are weighted:

Yes

No

- 50% Projects
- 15% Class Participation
- 25% Classwork
- 10% Final

Other information:

Plagiarism Policy: Plagiarism is defined as the act of presenting other people’s ideas and writings as one’s own and/or not giving credit to the original source(s). Students who cheat on tests and/or assignments, or aid another who is, will receive a zero. Consequences of plagiarism: 1st offense, student receives a zero on the assignment. 2nd offense, student receives an ‘F’ in the course. This rule applies to all classes providing credit for graduation.

Plagiarism Policy with AI: Generally speaking, students are not permitted to use artificial intelligence (AI) writing tools to generate their work for this class. This includes tools that generate text, outlines, or other writing components. There are few exceptions. If you are unsure whether or not you are permitted to use an AI tool for a specific purpose, please ask for clarification. **Any work that is generated by an AI tool and submitted for a graded assignment will be considered plagiarism.** This includes work that is only partially generated by AI. **I reserve the right to require students to provide evidence of their own work on all graded assignments. This may include providing a copy of their original notes, outlines, or drafts.** I believe that AI can be a valuable tool for writers, but it is important to use it responsibly. AI tools are not a substitute for critical thinking and creativity.

Late work Policy:

The late work policy for this class is after the assigned due date, students can still turn in assignments within the current unit for up to 50%. This means if the unit is over then the students will not be able to make up the work.

Students can make up points for an assignment if they turn it in on time **completed**.

Cell Phone/Headphone Policy:

Cell phones will not be allowed in class unless the teacher says otherwise. If a student is caught with their cell phone out when they are not supposed to then the student will turn the cell phone into the office.

Headphones are not allowed to be in during the class, unless students have been given permission. Students will be asked once to put it away and after that they will be sent to the office. This is to allow the students to clearly hear the lesson or instruction from the teacher. This also allows students to actively participate in group discussions.

Pacing of the class:

This class is fast paced. We build off of what we learned the day before, so missing a day can be a problem. If a student misses a day or multiple days please check Google Classroom for the material. If the student cannot find what they are looking for please email the teacher.

Return this page to your teacher.

Other information:

This class is designed to familiarize you with various forms of Literature. A multicultural approach dealing with these forms: novel, short story, non-fiction, poetry, and drama will be the focus of this class. The knowledge and application of literary terms, in addition to the improvement of student vocabulary, grammar usage, and mechanics will be emphasized through narrative, essay, creative, and research-based writing. There will be class discussions about the materials we read as well as written assignments. Credit in English 1 is needed to fulfill graduation requirements.

Late/missing work:

This class uses a points based system. You will be given ample time in class to work on assignments. However, there may be times when work needs to be finished outside of class. Assignments are expected to be turned in on time/when requested.

Cell Phone Policy

- Cell phones are often a distraction from the learning environment. Unless permission is given ahead of time, ALL phones must be silenced and put away. Failure to follow this expectation will result in the student bringing their phone to the office.

*See your *Student Handbook* pg. 7 for the school's cell phone/electronic devices policy.

Academic dishonesty/plagiarism

- If you are caught copying or allowing someone to copy from you it will be considered cheating and will result in a grade of 0 for all parties. This includes using AI to complete coursework. Possible further consequences will be implemented as necessary. Please review the *Student Handbook* policy (pg. 3) on plagiarism, as well.

<p>Board-approved curriculum and supplemental resources:</p> <p>HMH-Into Literature</p>	
<p>Standards covered:</p> <p>Reading Comprehension Strand 11/12.RC Text Complexity (TC)</p> <ol style="list-style-type: none">1. Independently and proficiently read and comprehend texts representing a balance of genres, cultures, and perspectives that exhibit complexity at the lower end of the grades 11–12 band. (See the Quantitative Analysis Chart for Determining Text Complexity in the Resource Reference.) Volume of Reading to Build Knowledge (V)2. Regularly engage in a volume of reading, texts independently, with peers, or with modest support related to the topics and themes being studied to build knowledge and vocabulary. Textual Evidence (TE)3. Draw and cite strong and thorough evidence from grade-level texts to support claims and inferences, attending to important distinctions authors make and how those are supported, as well as any gaps or inconsistencies in accounts offered. Reading Fluency (RF)4. Read grade-level text with accuracy, automaticity, appropriate rate, and expression in successive readings to support comprehension (see the 2017 Hasbrouck and Tindal norms listed in Resource Reference). Literature (L)5. Use evidence from literature to demonstrate understanding of grade-level texts.<ol style="list-style-type: none">5a. Compare the development of a universal theme over the course of two texts, including how it emerges and is shaped and refined by specific details in each.5b. Evaluate the choices authors make regarding how to develop and relate several elements of literary texts , including how the characters are introduced and developed and how the action is ordered.	

- 5c. Evaluate how authors structure texts to distinguish what is directly stated in a text from what is really meant, including satire, sarcasm, irony, and understatement.
- 5d. Relate literary works and their authors' points of view to the political events and seminal ideas of their eras.
- 5e. Compare and contrast how works of literary or cultural significance, including myths and traditional stories, draw on similar themes, patterns of events, or character types.

Nonfiction Text (NF)

6. Use evidence from nonfiction works to demonstrate understanding of grade-level texts.
- 6a. Compare texts that express similar central ideas and analyze in detail how their development and treatment of the topic compares over the course of the two texts; provide accurate summaries of how key events or ideas develop.
- 6b. Evaluate various explanations of concepts and ideas and determine which explanation best accords with textual evidence, noting discrepancies among sources.
- 6c. Evaluate the effectiveness of the structure(s) and rhetorical devices authors use in their exposition or argument, including whether the structure helps makes points clear, convincing, and engaging.
- 6d. Analyze the hypotheses, data, analysis, and conclusions in an argument, verifying the data when possible and corroborating or challenging conclusions with other sources of information.
- 6e. Evaluate the premises and purposes in works of public advocacy.

Vocabulary Development Strand 11/12.VD

Word Building (WB)

1. Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grade-level content, choosing flexibly from a range of strategies.
- 1a. Use context (e.g., the overall meaning of a sentence, paragraph, or portion of text; a word's position or function in a sentence or a sentence within a paragraph) as a clue to the meaning of a word or phrase.
- 1b. Identify and correctly use patterns of word changes that indicate different meanings or parts of speech (e.g., symbol, symbolism, symbolic, symbolize).
- 1c. Consult general and specialized reference materials (e.g., dictionaries, glossaries, thesauruses), print or digital, to find the pronunciation of a grade-level word and determine or clarify its precise meaning, its part of speech, its etymology, or its standard usage.
- 1d. Verify the preliminary determination of the meaning of a word or phrase (e.g., by checking the inferred meaning in context or in a dictionary).
2. Determine how words and phrases provide meaning and nuance to texts.
- 2a. Use Greek, Latin, and Norse mythology; and other works often alluded to in American and world literature to understand the meaning of words or phrases (e.g., "narcissistic" from the myth of Narcissus and Echo).
- 2b. Analyze how an author uses and refines the meaning of a key term or terms over the course of a text (e.g., how FDR explored different ideas regarding freedom in his "Four Freedoms" speech).
- 2c. Analyze nuances in the meaning of words with similar denotations (e.g., aggressive, assertive, forceful, domineering).
- 2d. Analyze the impact of specific word choices on the effectiveness of the message meaning and the tone of the text.

Academic Vocabulary (AV)

3. Acquire and use accurately general academic and content-specific words and phrases occurring in gradelevel reading and content; demonstrate independence in gathering vocabulary knowledge when considering a word or phrase important to comprehension or expression. Use these words in discussions and writing.

Research Strand 11/12.RS

Inquiry Process to Build, Present, and Use Knowledge (IP)

1. Conduct brief as well as multi-day research projects to take some action or share findings orally or in writing by formulating multiple interlocking research questions that span the field of inquiry in time and scope; gathering relevant information efficiently from a variety of authoritative sources, as well as from direct observation, interviews, and surveys; making distinctions about the strengths and limitations of each

source in terms of the task, purpose, and audience, noting any discrepancies among the data; and following a standard approved format (e.g., APA, MLA, Chicago) for citations and bibliographies.

Deep Reading on Topics to Build Knowledge (DR)

2. Read a series of texts independently, with peers, or with modest support, organized around a variety of conceptually related topics to build knowledge about the world.

Writing Strand 11/12.W

Range of Writing (RW)

1. Develop flexibility in writing by routinely engaging in the production of shorter and longer pieces for a range of tasks, purposes, and audiences. This could include, among others, summaries, reflections, descriptions, critiques, letters, and poetry, etc.
2. Write arguments that support well-defined points of view that establish the significance of the claim(s) and distinguish those claim(s) from alternate or opposing claims with persuasive evidence and clear reasoning; point out the strengths and limitations of each claim in a manner that anticipates the audience's knowledge level, concerns, and values; and provide a concluding section that articulates the implications, or the significance, of the argument presented.
- 3&4. (Teachers can include informational and narrative writing at their discretion.)
5. Produce clear and coherent organizational structures that attend to the norms and conventions of the writing genre, and in which ideas, concepts, and other information build on one another; include formatting and graphics to support the purpose, aid in comprehension, and create a unified whole; and use precise language, content-specific vocabulary, and varied transitions to link major sections of the text, create cohesion and clarify the relationships between and among ideas and concepts.
6. Develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach, focusing on reframing points to address specific purposes or needs of the audience. (Editing should demonstrate command of grade-level Grammar and Conventions.)

Handwriting and Keyboarding (HWK)

7. Write by hand or with technology to produce, publish, and update individual or shared writing products in response to ongoing feedback, including new arguments or information.

Oral and Digital Communications Strand 11/12.ODC

Oral Communication (OC)

1. Engage in collaborative discussions about grade-level topics and texts with peers by promoting civil, democratic discussions and decision-making, establishing individual roles, and tracking progress on specific goals; propelling conversations forward by synthesizing comments and ideas of several speakers and responding to diverse perspectives with relevant observations and ideas, resolving contradictions when possible; and determining what additional information is required to deepen the investigation or complete the task.
2. Analyze how visual and sound techniques or design (such as special effects, camera angles, and music) carry or influence messages in various media.
3. Evaluate a speaker's point of view, reasoning, and use of evidence and rhetoric, assessing the stance, premises, links among ideas, word choice, points of emphasis, and tone used.
4. Present information, findings, and supporting evidence orally, conveying a clear and distinct perspective, such that listeners can follow the line of reasoning; ensure alternative or opposing perspectives are addressed; and the organization, development, substance, and style are appropriate to purpose, audience, and a range of formal and informal tasks.

Digital Communications (DC)

5. Demonstrate the responsible and ethical use of information and communication technologies by distinguishing between kinds of information that should and should not be publicly shared and describing the consequences of a poor decision.
6. Integrate multiple sources of information presented in diverse digital media to make informed decisions and solve problems, evaluating the credibility and accuracy of each source and noting any discrepancies

among the data.

7. Analyze multiple interpretations of a text (e.g., recorded or live production of a play or recorded novel or poetry), evaluating how each version interprets the source text.

8. Make strategic use of digital media in presentations to enhance understanding of findings, reasoning, and evidence and to add interest.

Grammar and Conventions Strand 11/12.GC

Grammar and Usage (GU)

1. Demonstrate command of the conventions of English grammar and usage when writing or speaking.

1a. Apply the understanding that usage is a matter of convention, can change over time, and is sometimes contested, consulting references (e.g., Merriam-Webster's Dictionary of English Usage, Garner's Modern American Usage) as needed. 57

1b. Use a variety of sentence structures, including compound and compound-complex sentences with effective coordination and subordination of ideas and parallel, repetitive, and analogous sentence structures.

1c. Write and edit work so that it conforms to the guidelines in a style manual (e.g., MLA Handbook, Turabian's Manual for Writers) appropriate for the writing type.

1d. Vary syntax for effect, consulting references (e.g., Tufte's Artful Sentences) for guidance as needed.

1e. Adapt speech to a variety of contexts and tasks, using formal English when appropriate to task and situation; and distinguish where informal discourse is more appropriate.

Mechanics (M)

2. Demonstrate command of the conventions of English punctuation and capitalization when writing and reading aloud to create meaning.

2a. Reflect appropriate manuscript requirements in writing, including correct use of seriation (headings and subheadings).

3. Spell correctly, consulting reference materials to check as needed.

Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).

Grades in this course are weighted:

Yes

No

If yes, grades are weighted as follows:

Cherise Hensley-Jenkins

- Test/Projects 50%
- Quizzes/Homework 30%
- Final Exam 10%
- Participation 10%

Kiera Herndon

- Classwork 80%
- Participation 10%
- Final Exam 10%

Kiara Hauck

- 10% Class Participation
- 35% Classwork
- 45% Projects/Tests/Quizzes/JRP
- 10% Final

Course: _____

Parent/Guardian Opt-In Consent (Per Idaho Code 33-1611)

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

<p>Course title and description:</p> <p style="text-align: center;">HONORS ENGLISH III</p> <p>This honors course advances the development of the essay, the study and practice of writing introductions and conclusions, the analysis and development of persuasive arguments, and the investigation and writing of various research applications and projects. A literary analysis and historical examination of American literature will be emphasized. Students receive an extra .5 added to their G.P.A.</p>	<p>Teacher name and contact information:</p> <p>Cherise Hensley-Jenkins ● cherise.hensley-jenkins@sd273.com</p>
<p>Suggested student supplies:</p> <ol style="list-style-type: none">1. Writing utensils (pens and pencils)2. A binder/folder3. A notebook4. Lined Paper5. Highlighters	
<p>Board-approved curriculum and supplemental resources:</p> <p>HMH-Into Literature</p>	
<p>Standards covered:</p> <p>Reading Comprehension Strand 11/12.RC Text Complexity (TC)</p> <ol style="list-style-type: none">1. Independently and proficiently read and comprehend texts representing a balance of genres, cultures, and perspectives that exhibit complexity at the lower end of the grades 11–12 band. (See the Quantitative Analysis Chart for Determining Text Complexity in the Resource Reference.) Volume of Reading to Build Knowledge (V)2. Regularly engage in a volume of reading, texts independently, with peers, or with modest support related to the topics and themes being studied to build knowledge and vocabulary. Textual Evidence (TE)3. Draw and cite strong and thorough evidence from grade-level texts to support claims and inferences, attending to important distinctions authors make and how those are supported, as well as any gaps or inconsistencies in accounts offered. Reading Fluency (RF)4. Read grade-level text with accuracy, automaticity, appropriate rate, and expression in successive readings to support comprehension (see the 2017 Hasbrouck and Tindal norms listed in Resource Reference). Literature (L)5. Use evidence from literature to demonstrate understanding of grade-level texts.<ol style="list-style-type: none">5a. Compare the development of a universal theme over the course of two texts, including how it emerges and is shaped and refined by specific details in each.5b. Evaluate the choices authors make regarding how to develop and relate several elements of literary texts, including how the characters are introduced and developed, and how the action is ordered.5c. Evaluate how authors structure texts to distinguish what is directly stated in a text from what is really	

meant, including satire, sarcasm, irony, and understatement.

5d. Relate literary works and their authors' points of view to the political events and seminal ideas of their eras.

5e. Compare and contrast how works of literary or cultural significance, including myths and traditional stories, draw on similar themes, patterns of events, or character types.

Nonfiction Text (NF)

6. Use evidence from nonfiction works to demonstrate understanding of grade-level texts.

6a. Compare texts that express similar central ideas and analyze in detail how their development and treatment of the topic compares over the course of the two texts; provide accurate summaries of how key events or ideas develop.

6b. Evaluate various explanations of concepts and ideas and determine which explanation best accords with textual evidence, noting discrepancies among sources.

6c. Evaluate the effectiveness of the structure(s) and rhetorical devices authors use in their exposition or argument, including whether the structure helps make points clear, convincing, and engaging.

6d. Analyze the hypotheses, data, analysis, and conclusions in an argument, verifying the data when possible and corroborating or challenging conclusions with other sources of information.

6e. Evaluate the premises and purposes in works of public advocacy.

Vocabulary Development Strand 11/12.VD

Word Building (WB)

1. Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grade-level content, choosing flexibly from a range of strategies.

1a. Use context (e.g., the overall meaning of a sentence, paragraph, or portion of text; a word's position or function in a sentence or a sentence within a paragraph) as a clue to the meaning of a word or phrase.

1b. Identify and correctly use patterns of word changes that indicate different meanings or parts of speech (e.g., symbol, symbolism, symbolic, symbolize).

1c. Consult general and specialized reference materials (e.g., dictionaries, glossaries, thesauruses), print or digital, to find the pronunciation of a grade-level word and determine or clarify its precise meaning, its part of speech, its etymology, or its standard usage.

1d. Verify the preliminary determination of the meaning of a word or phrase (e.g., by checking the inferred meaning in context or in a dictionary).

2. Determine how words and phrases provide meaning and nuance to texts.

2a. Use Greek, Latin, and Norse mythology, and other works often alluded to in American and world literature to understand the meaning of words or phrases (e.g., "narcissistic" from the myth of Narcissus and Echo).

2b. Analyze how an author uses and refines the meaning of a key term or terms over the course of a text (e.g., how FDR explored different ideas regarding freedom in his "Four Freedoms" speech).

2c. Analyze nuances in the meaning of words with similar denotations (e.g., aggressive, assertive, forceful, domineering).

2d. Analyze the impact of specific word choices on the effectiveness of the message's meaning and the tone of the text.

Academic Vocabulary (AV)

3. Acquire and use accurately general academic and content-specific words and phrases occurring in grade-level reading and content; demonstrate independence in gathering vocabulary knowledge when considering a word or phrase important to comprehension or expression. Use these words in discussions and writing.

Research Strand 11/12.RS

Inquiry Process to Build, Present, and Use Knowledge (IP)

1. Conduct brief as well as multi-day research projects to take some action or share findings orally or in writing by formulating multiple interlocking research questions that span the field of inquiry in time and scope; gathering relevant information efficiently from a variety of authoritative sources, as well as from direct observation, interviews, and surveys; making distinctions about the strengths and limitations of each source in terms of the task, purpose, and audience, noting any discrepancies among the data; and

following a standard approved format (e.g., APA, MLA, Chicago) for citations and bibliographies.

Deep Reading on Topics to Build Knowledge (DR)

2. Read a series of texts independently, with peers, or with modest support, organized around a variety of conceptually related topics to build knowledge about the world.

Writing Strand 11/12.W

Range of Writing (RW)

1. Develop flexibility in writing by routinely engaging in the production of shorter and longer pieces for a range of tasks, purposes, and audiences. This could include, among others, summaries, reflections, descriptions, critiques, letters, and poetry etc.
2. Write arguments that support well-defined points of view that establish the significance of the claim(s) and distinguish those claim(s) from alternate or opposing claims with persuasive evidence and clear reasoning; point out the strengths and limitations of each claim in a manner that anticipates the audience's knowledge level, concerns, and values; and provide a concluding section that articulates the implications, or the significance, of the argument presented.
- 3&4. (Teachers can include informational and narrative writing at their discretion.)
5. Produce clear and coherent organizational structures that attend to the norms and conventions of the writing genre, and in which ideas, concepts, and other information build on one another; include formatting and graphics to support the purpose, aid in comprehension, and create a unified whole; and use precise language, content-specific vocabulary, and varied transitions to link major sections of the text, create cohesion and clarify the relationships between and among ideas and concepts.
6. Develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach, focusing on reframing points to address specific purposes or needs of the audience. (Editing should demonstrate command of grade-level Grammar and Conventions.)

Handwriting and Keyboarding (HWK)

7. Write by hand or with technology to produce, publish, and update individual or shared writing products in response to ongoing feedback, including new arguments or information.

Oral and Digital Communications Strand 11/12.ODC

Oral Communication (OC)

1. Engage in collaborative discussions about grade-level topics and texts with peers by promoting civil, democratic discussions and decision-making, establishing individual roles, and tracking progress on specific goals; propelling conversations forward by synthesizing comments and ideas of several speakers and responding to diverse perspectives with relevant observations and ideas, resolving contradictions when possible; and determining what additional information is required to deepen the investigation or complete the task.
2. Analyze how visual and sound techniques or design (such as special effects, camera angles, and music) carry or influence messages in various media.
3. Evaluate a speaker's point of view, reasoning, and use of evidence and rhetoric, assessing the stance, premises, links among ideas, word choice, points of emphasis, and tone used.
4. Present information, findings, and supporting evidence orally, conveying a clear and distinct perspective, such that listeners can follow the line of reasoning; ensure alternative or opposing perspectives are addressed; and the organization, development, substance, and style are appropriate to the purpose, audience, and a range of formal and informal tasks.

Digital Communications (DC)

5. Demonstrate the responsible and ethical use of information and communication technologies by distinguishing between kinds of information that should and should not be publicly shared and describing the consequences of a poor decision.
6. Integrate multiple sources of information presented in diverse digital media to make informed decisions and solve problems, evaluating the credibility and accuracy of each source and noting any discrepancies among the data.

7. Analyze multiple interpretations of a text (e.g., recorded or live production of a play or recorded novel or poetry), evaluating how each version interprets the source text.
8. Make strategic use of digital media in presentations to enhance understanding of findings, reasoning, and evidence, and to add interest.

Grammar and Conventions Strand 11/12.GC

Grammar and Usage (GU)

1. Demonstrate command of the conventions of English grammar and usage when writing or speaking.
 - 1a. Apply the understanding that usage is a matter of convention, can change over time, and is sometimes contested, consulting references (e.g., Merriam-Webster's Dictionary of English Usage, Garner's Modern American Usage) as needed. 57
 - 1b. Use a variety of sentence structures, including compound and compound-complex sentences with effective coordination and subordination of ideas and parallel, repetitive, and analogous sentence structures.
 - 1c. Write and edit work so that it conforms to the guidelines in a style manual (e.g., MLA Handbook, Turabian's Manual for Writers) appropriate for the writing type.
 - 1d. Vary syntax for effect, consulting references (e.g., Tufte's Artful Sentences) for guidance as needed.
 - 1e. Adapt speech to a variety of contexts and tasks, using formal English when appropriate to task and situation, and distinguish where informal discourse is more appropriate.

Mechanics (M)

2. Demonstrate command of the conventions of English punctuation and capitalization when writing and reading aloud to create meaning.
 - 2a. Reflect appropriate manuscript requirements in writing, including correct use of seriation (headings and subheadings).
3. Spell correctly, consulting reference materials to check as needed.

Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).

Grades in this course are weighted:

- Yes
- No

If yes, grades are weighted as follows:

- **TESTS / PROJECTS:** 50%
- **CLASSWORK / QUIZ / HW:** 25%
- **FINAL EXAM:** 15%
- **PARTICIPATION:** 10%

Other information:

Plagiarism Policy: Plagiarism is defined as the act of presenting other people's ideas and writings as one's own and/or not giving credit to the original source(s). Students who cheat on tests and/or assignments, or aid another who is, will receive a zero. Consequences of plagiarism: 1st offense, student receives a zero on the assignment. 2nd offense, student receives an 'F' in the course. This rule applies to all classes providing credit for graduation.

Plagiarism Policy with AI: Generally speaking, students are not permitted to use artificial intelligence (AI) writing tools to generate their work for this class. This includes tools that generate text, outlines, or other writing components. There are few exceptions. If you are unsure whether you are permitted to use an AI tool for a specific

purpose, please request clarification. **Any work that is generated by an AI tool and submitted for a graded assignment will be considered plagiarism.** This includes work that is only partially generated by AI. **I reserve the right to require students to provide evidence of their own work on all graded assignments. This may include providing a copy of their original notes, outlines, or drafts.** AI can be a valuable tool for writers, but it is important to use it responsibly. AI tools are not a substitute for one's own critical thinking and creativity.

Late Work Policy:

In the job market, turning in important work after a deadline is not acceptable. It won't be acceptable in this classroom either.

Late work will be given half credit the day after it's due. There will be no credit for assignments turned in over a day late.

Students with excused absences can make up points for an assignment according to the rules covered in the student handbook.

Cell Phone/Headphone Policy:

Cell phones are often a distraction from the learning environment and can hinder academic success. Unless permission is given ahead of time, ALL phones must be silenced and put away. Failure to comply will result in a referral to the office.

*Parents who need to reach a student in case of emergency, please call the office and your message will be forwarded to our classroom immediately.

Headphones are also not allowed to be in during class, unless students have been given permission. This is to allow students to clearly hear the lesson or instruction from the teacher and to actively participate in group discussions with their peers.

Pacing of the class:

This class is fast-paced, and students will be expected to complete readings at home in order to come to class prepared to discuss the material. While we do cover many of the same texts that English III encounters, honors students are expected to perform much deeper analysis and complete more challenging coursework in relation to those readings. We also emphasize proper grammar/punctuation usage and preparation for college entrance exams like the SAT.

Potential Readings for Honors English III

Units	Readings
<p style="text-align: center;">Junior Research Project</p> <p>The purpose of this research project is to persuade your audience that you know how to solve an issue/problem that plagues society. In order to do this, you will have to become an expert on your issue. You will have to research the issue and understand a few dynamics, including:</p> <ul style="list-style-type: none"> ● The history: how did it get to this point? ● The causes: what is creating the issue in the first place? ● The effects: how is the issue impacting people, society, the planet? ● Possible solutions: what solutions have been tried or have been proposed? 	<p>Scholarly, peer-reviewed articles on a student’s chosen and approved research topic.</p> <p>Students will be required to use the latest scientific research to support their analysis of the issue and will cite this evidence properly in MLA in their paper.</p>
<p style="text-align: center;">Unit 1: Foundation and Encounters</p> <p><u>Essential Questions:</u></p> <ul style="list-style-type: none"> ● <i>What connects people to certain places?</i> ● <i>What values and beliefs shape who we are?</i> ● <i>What does it mean to be a stranger in a strange land?</i> ● <i>What happens when cultures collide?</i> <p>LONG READ: <i>The Crucible</i> by Arthur Miller</p>	<ul style="list-style-type: none"> ● “The World on Turtle’s Back” by Iroquois Storytellers ● “Balboa” by Sabrina Murray ● “A Desperate Trek Across America” by Andres Resendez ● “New Orleans” by Joy Harjo ● “Coming of Age in the Dawn Land” by Charles Mann ● Excerpt from <i>Of Plymouth Plantation</i> ● Excerpt from “Sinners in the Hands of an Angry God” by Jonathan Edwards ● “Upon the Burning of Our House” by Anne Bradstreet ● “World, in hounding me...” by Sor Juana Ines de la Cruz
<p style="text-align: center;">Unit 2: Building a Democracy</p> <p><u>Essential Questions:</u></p> <ul style="list-style-type: none"> ● <i>What does oppression look like?</i> ● <i>How do we gain our freedom?</i> ● <i>How can we share power and build alliances?</i> ● <i>How do we reach our goals?</i> 	<ul style="list-style-type: none"> ● Declaration of Independence ● “A Soldier for the Crown” by Charles Johnson ● Excerpt from “Lean In” by Sheryl Sandberg ● “Letter to John Adams” by Abigail Adams ● “Speech to Virginia Convention” by Patrick Henry ● “One Today” by Richard Blanco

<p style="text-align: center;">Unit 3: <i>The Individual and Society</i></p> <p><u>Essential Questions:</u></p> <ul style="list-style-type: none"> ● <i>How can we be true to ourselves?</i> ● <i>How do we relate to the world around us?</i> ● <i>What do we secretly fear?</i> ● <i>When should we stop and reflect on our lives?</i> 	<ul style="list-style-type: none"> ● Excerpts from “Song of Myself” by Walt Whitman ● Poems by Emily Dickinson ● Excerpts from <i>Walden</i> by Henry David Thoreau ● Excerpts from <i>Last Child in the Woods</i> by Richard Louv ● Excerpts from “Self-Reliance” by Ralph Waldo Emerson ● “The Minister’s Black Veil” by Nathaniel Hawthorne ● “The Fall of the House of Usher” by Edgar Allan Poe ● “The Feather Pillow” by Horacio Quiroga ● “Cask of Amontillado” by Edgar Allan Poe ● “The Raven” by Edgar Allan Poe ● “A Rose for Emily” by William Faulkner

Second Semester Novel Studies and Literary Analysis

Reading Groups: Students will operate in small groups that change with each novel, and each student will be responsible for analyzing a different component of that novel. Group discussions will happen almost daily regarding the reading, so coming to class prepared will be vital.

Lit Circles: Literature circles are student-choice reading groups, where students can choose which book to read and which groupmates fit that choice.

Literary Analysis: In preparation for the type of literary analysis they will face in college, students will also choose which lens perspective they will use to analyze readings and get practice with deeper-level examinations of texts.

Course: _____

Parent/Guardian Opt-In Consent (Per Idaho Code 33-1611)

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

Parent/Guardian Name (Printed): _____

Parent/Guardian Signature: _____ Date: _____

English 1101: Writing and Rhetoric I

Dual Credit/Honors English IV

Instructor Information

Instructor: Chris Johnson

Instructor Email: chris.johnson@sd273.com

I am always available to respond to any questions or concerns you may have about this class. Please feel free to communicate with me in person or through email.

Course Description and Learning Outcomes

English 1101 is an introductory college-level composition course that focuses on strategies for critical reading, generating ideas for writing, planning and organizing material, and for

revising and editing. The course prepares you for the demands of college reading and writing. We will focus on reading critically, writing with a main idea, and properly incorporating source material into your writing.

By the end of the course, you should be able to...

- ✓ Demonstrate reading comprehension.
- ✓ Read, interpret, and communicate key concepts in writing and rhetoric.
- ✓ Use flexible writing process strategies to generate, develop, revise, edit, and proofread texts.
- ✓ Compose prose that meets college-level expectations for academic writing.

Course Assignments

English 1101 is a genre-based course focused on writing for real-world audiences and rhetorical situations. Our course is divided into three modules. In each module, you will complete a sequence of reading, analysis, drafting, revision, and other activities culminating in a polished final draft of the genre you have been writing.

Module 1: Literacy Narrative

- Process Assignment 1 (Literacy Narrative Proposal)
- Process Assignment 2 (Literacy Narrative Rough Draft)
- Module 1 Project (Literacy Narrative Final Draft & Writer's Reflection)

Module 2: Review Essay

- Process Assignment 3 (Review Essay Proposal)

- Process Assignment 4 (Review Essay Rough Draft)
- Module 2 Project (Review Essay Final Draft & Writer's Reflection)

Module 3: Academic Op-Ed

- Process Assignment 5 (Works Cited Page + Research Matrix)
- : Process Assignment 6 (Op-Ed Rough Draft)
- Module 3 Project (Op-Ed Final Draft & Writer's Reflection)

Grading

English 1101 is graded **A / B / C / N** (for Not Yet) / **F** (for Failure). To pass English 1101, you must earn a final grade of C or higher.

Course Policies

Attendance and Participation Policy

Students are expected to attend class each day prepared to actively participate in the day's activities. Being absent does not excuse you from doing the assigned reading. If you are unsure of the reading assignment, contact a fellow student or the instructor.

Late Work Policy

Assignments are expected to be turned in on the day they are due unless prior arrangements have been made. Missed quizzes should be made up as soon as possible before school, during lunch or after school.

AI (Artificial Intelligence) Usage Policy

Use of AI writing services like ChatGPT, Google Gemini, and the like are **ONLY** permitted if you have specific prior approval from your instructor. If you receive instructor permission to use AI, you must clearly show where and how you used AI in your writing. Please talk with your instructor if you have questions about what counts as "AI usage" or about how to cite this AI usage appropriately. Using AI tools without instructor permission or clear documentation is an academic integrity violation per our [Student Code of Conduct](#) and may result in severe penalties.

Plagiarism Policy

As a student at the University of Idaho, you must uphold academic integrity in your coursework. This means avoiding all forms of "academic dishonesty" such as plagiarism, which our [Student Code of Conduct](#) defines as follows:

1. "Using, by paraphrase or direct quotation, the published or unpublished work of another person without full and clear acknowledgment.
2. The unauthorized alteration or invention of a citation.
3. Buying or selling academic work for the purpose of submitting it for course completion.
4. Submitting academic work, or any part of academic work, completed for one course as work for another course without the express prior approval of both instructors."

Academic integrity issues like plagiarism are serious violations of the Student Code of Conduct and may result in being reported to the Dean of Students, receiving a failing course grade (F), and incurring other penalties. You will learn principles of academic integrity in this course, including how to use in-text citations and other tools to credit your sources appropriately. But if you are ever confused or have questions about plagiarism, please reach out to your instructor for help! Citation errors can be a learning opportunity, and for first-time citation problems, instructors will typically give students the chance to revise and resubmit their work.

Required Software Policy

You must have word processing software that allows you to save (and open) documents as .doc, .docx, or .pdf files. As a full-time University of Idaho student, you can download Microsoft software at no cost. More information is available in the [ITS Tech Support Portal](#).

University Policies

Mandatory Reporting

I am a mandatory reporter. If you disclose anything about sexual harassment or misconduct (Title IX violations), I am required by law to report it to the [Office of Civil Rights and Investigations](#). This includes information shared in writing (emails, essays, homework, etc.) or verbally (in class, office hours, etc.). If you need to talk to someone confidentially about sexual harassment or misconduct, please visit the [Counseling and Mental Health Center](#) or the [Vandal Health Clinic](#). You can also call the confidential 24/7 hotline of [Alternatives to Violence of the Palouse](#), an off-campus resource. Please see [this FAQ page](#) for more information about Title IX.

Accessibility Statement

The University of Idaho is committed to ensuring an accessible learning environment where course or instructional content is usable by all students and faculty. If you believe that you require disability-related academic adjustments for this class (including pregnancy-related disabilities), please contact the [Center for Disability Access and Resources \(CDAR\)](#) to discuss eligibility. A current accommodation letter from CDAR is required before any modifications, above and beyond what is otherwise available for all other students in this class, will be provided. Please be advised that disability-related academic adjustments are not retroactive. CDAR is located at the Bruce Pitman Building, Suite 127. Their phone number is 208-885-6307 and their email is cdar@uidaho.edu. For a listing of services and current business hours, visit uidaho.edu/cdar.

U of I Classroom Learning Civility Clause

In any environment in which people gather to learn, it is essential that all members feel as free and safe as possible in their participation. To this end, it is expected that everyone in this course will be treated with mutual respect and civility, with an understanding that all of us (students, instructors, professors, guests, and teaching assistants) will be respectful and civil to one another in discussion, in action, in teaching, and in learning.

Should you feel our classroom interactions do not reflect an environment of civility and respect, you are encouraged to meet with your instructor during office hours to discuss your concerns. Additional resources for expression of concern or requesting support include the [Office of the Dean of Students](#) and the [Counseling and Mental Health Center \(CMHC\)](#).

Controversial Topics

Consistent with the University's educational mission, this class will introduce students to controversial subject-matter and seek to ensure that students can discuss those topics knowledgeably and civilly. This class will not direct or otherwise compel students to personally affirm, adopt, or adhere to any of the tenets enumerated in Idaho Code 33-138 (H.B. 377), entitled "Dignity and Nondiscrimination in Public Education." Nor will this class direct or compel students to personally engage in speech or other forms of expression when that direction or compulsion would violate U.S. Supreme Court precedent or other binding legal precedent or laws — e.g., *West Virginia State Board of Education v. Barnette* (U.S. Sup. Ct. 1943), which holds that public school students cannot be compelled to salute the flag.

Post Falls School District Course Syllabus

School: Post Fall's

Course title and description: English A	Teacher name and contact information: Aaron Valle aaron.valle@sd273.com
Suggested student supplies: Pencils/pens, composition notebook or binder, highlighters, textbook (provided)	
Board-approved curriculum and supplemental resources: HMH Textbook: Into Literature Grade 9 Read 180 Dear Caregiver, I am excited to announce that our school is using Read 180® this year. The Read 180 literacy program aims to help all students master the reading skills they need to read at grade level. It has been designed to motivate students to become confident, lifelong readers. Our school has carefully selected students to participate in this program to support their instructional needs. Read 180 is a research-based program with proven results in raising student reading achievement. Each day, students receive instruction and practice essential reading skills through my lessons. They will use software designed to target students' specific reading needs, and will engage in independent reading. In our Read 180 class, students will strengthen their literacy by developing: ■ skills needed to read fluently and understand what they have read; ■ knowledge needed to read and understand texts across a wide range of subjects, such as social studies, science, and math; ■ writing skills across a range of writing types; ■ a deep level of confidence in themselves and their literacy abilities. Read 180 challenges students to work hard and, by doing so, achieve reading success. You can offer encouragement and provide support at home by visiting the library, setting aside reading time, and discussing what your student is learning in Read 180. Thank you in advance for helping us achieve our goals. Together we will support your student on the path to strengthening their reading, language, and writing skills! Sincerely	
Standards covered: Reading Comprehension 9/10 RC.1-6, Vocabulary Development 9/10 VD.1-3, Research Strand 9/10 RS. 1-2, Writing Strand 9/10 W. 1-7, Oral and Digital Communication 9/10 ODC. 1-8, Grammar and Conventions 9/10 GC. 1-3.	
Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).	

Grades in this course are weighted:

- ~~Yes~~
- No

Thank you in advance for helping us achieve our goals. Together we will support your student on the path to strengthening their reading, language, and writing skills! Sincerely Mr. Valle

Other information:

This class is designed to familiarize you with various forms of Literature. A multicultural approach dealing with these forms: novel, short story, non-fiction, poetry, and drama will be the focus of this class. The knowledge and application of literary terms, in addition to the improvement of student vocabulary, grammar usage, and mechanics will be emphasized through narrative, essay, creative, and research-based writing. There will be class discussions about the materials we read as well as written assignments. Credit in English 1 is needed to fulfill graduation requirements.

Late/missing work:

This class uses a points based system. You will be given ample time in class to work on assignments. However, there may be times when work needs to be finished outside of class. Assignments are expected to be turned in on time/when requested.

Cell Phone Policy

- Cell phones are often a distraction from the learning environment. Unless permission is given ahead of time, ALL phones must be silenced and put away. Failure to follow this expectation will result in the student bringing their phone to the office.

*See your *Student Handbook* pg. 7 for the school's cell phone/electronic devices policy.

Academic dishonesty/plagiarism

- If you are caught copying or allowing someone to copy from you it will be considered cheating and will result in a grade of 0 for all parties. This includes using AI to complete coursework. Possible further consequences will be implemented as necessary. Please review the *Student Handbook* policy (pg. 3) on plagiarism, as well.

Return this page to your teacher.

Parent/Guardian Opt-In Consent (Per Idaho Code 33-1611)

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Phone calls and text messages are considered urgent, so if I am not able to answer, I will call you back as soon as possible.

Office Hours

Friday, 9:00 AM to 10:00 AM, Internet

Online office hours via Google Meets. <https://meet.google.com/imc-szdn-kbb>
(<https://meet.google.com/imc-szdn-kbb>).

Please schedule Google Meet office hours in advance.

In-person meetings can be scheduled before or after 3rd period or at other times with advanced scheduling.

Meeting Times

Hybrid Lecture

3rd Period

9:55 AM to 11:00 AM, PFHS Rm 137

The class meets two days each week.

Section 705 meets Monday & Wednesday.

Section 706 meets Tuesday & Thursday.

Students are expected to spend off days independently working on course assignments, reading, and other activities in the high school library.

This is a Hybrid Lecture class because the class meets only two days each week. Each credit or credit hour carries the expectation of 45 hours of academic time. Normally a 3 credit class would represent 50 minutes in-class 3 times each week plus twice that amount outside of class. As a result of only having 2 in-class sessions each week, the expectation is that students will spend approximately 6-7 hours each week outside of class.

Most assignments will be submitted in CANVAS, Class time will be used for lecture and student participation.

Description

This course introduces students to what communication is and how it affects human interaction. Emphasis is on public speaking with attention to audience analysis, organizational, and delivery skills. The controlled and supportive classroom environment is an ideal setting for students to practice and perfect those communication skills of effective speaking and critical listening valued in all professions, the community, and personal relations. It is, however, a complex discipline of reading, writing, research, and performance.

Materials

Messages that Matter: Public Speaking for the Information Age

3rd Edition

Editor and OER Creator:

This book is available online in your course and here:

[Link to Messages that Matter, OER edition](https://nic.pressbooks.pub/messagesthatmatter/) (<https://nic.pressbooks.pub/messagesthatmatter/>).

Outcomes

At the conclusion of the course, students should be able to:

- research, organize and develop informative speeches that are adapted to specific audiences.
- effectively use persuasive strategies to structure verbal messages that are adapted to specific audiences.
- demonstrate effective listening skills and will be able to critically analyze in writing the effectiveness of the speaker and the message presented.
- adapt their speeches to their intended audiences being mindful and respectful of individual differences and conforming to ethical parameters.
- demonstrate confident verbal and nonverbal delivery through the presentation of speeches.
- critically analyze their own speech performance.
- create and effectively use visual aids to enhance verbal messages.

Assessment

Criteria

Assignments

Speech to Inform – 190 Points

Outlines, Speech, Peer Evaluations, & Self Analysis

Speech to Inform with Visuals – 190 Points

Outline, Speech, Peer Evaluations, & Self Analysis

Speech to Motivate to Action – 290 Points

Outlines, Speech, Peer Evaluations, & Self Analysis

Quizzes and Other Assignments – 230 Points

Final Exam – 100 Points (Some students are exempt from the final exam; see attendance section for details.)

Total: 1,000 points

COMM101 COURSE OUTLINE

(Order subject to change. See course calendar for details.)

Course overview, Introductions

Basic communication theory

Speaking anxiety

Topic selection/purpose

Audience analysis

Research and supporting information

Speech organization and outlining

Language and framing

Listening techniques and critical evaluation

Delivery techniques and practice/preparation

Deliver Speech 1, to inform

Visual aid design and use

Deliver Speech 2, to inform with visual aids

Persuasion Theory

Monroe's Motivated Sequence

Deliver Speech 3, to motivate action

Course wrap-up

Final Exam will be asynchronous online

Breakdown

Grading

Grades are assigned on the basis of a point system. The student's grade is determined by the total number of points earned in relation to the total number of points that are possible.

Grade Equivalency

Grade	Equivalency
A	93 - 100%
A-	90 - 92%
B+	87 - 89%
B	83 - 86%
B-	80 - 82%
C+	77 - 79%
C	73 - 76%
C-	70 - 72%
D+	67 - 69%
D	63 - 66%
D-	60 - 62%
F	0 - 59%

* Course Policies

AI-GENERATED MATERIAL

You are expected to generate your own work in this class.

You may use AI for the following purposes:

- Generate topic ideas

- Begin research
- Other tasks that involve processing massive amounts of web page data
- You may use AI to help locate research sources but you must turn in a transcript showing the questions you posed to the AI tool and the responses you received.
- Generate illustrations from text or other images (citation required)

You may NOT use AI to:

- Write initial drafts
- Write final submission of any assignments
- Do not any AI tool to write an assignment and then modify or paraphrase a few words. You must be the author of the paper or other assignment.

Please note that your instructor will conduct random reference checks when grading outline assignments. You are encouraged to use spelling and grammar checking applications (many free versions are available) before you submit your assignments for grading.

Why these rules are important:

Having an AI tool do your work for you negates your opportunity to learn from the experience of doing the assignment. Do not disrespect your educational effort or yourself as a person by taking credit for work generated by AI and not you.

Attendance

Students not only learn from composing and delivering presentations, but also from each other. Being present in class as others deliver speeches not only allows students to practice and refine their listening and critical evaluation skills, but also provides a wide array of examples from which to learn. Therefore, consider the following policy:

- All absences are considered equal and will count toward course maximums. The only exception is college and/or high school-supported activities.
- Students who exceed the equivalent of two weeks of absences will be required to withdraw or will receive a failing grade.
- Prearranged college or high school-supported activities need to be cleared in writing with your instructor prior to the events, and such absences do not excuse a student from completing assigned work on time. All student athletes are required to provide their instructor an official schedule at the start of the season.
- Late arrivals and early departures from class are disruptive to all. None of these are excused, and three late arrivals or early departures will be converted into one absence.

The research clearly indicates regular attendance in classes maximizes your chances to achieve academic success, which is the goal of all students and instructors.

Speech Delivery Requirements

Students are required to deliver the minimum three speeches in extemporaneous style to pass COMM 101:

~ Speech to inform

- 5-7 minutes long
- no visual aids
- minimum 7 audience members
- 2 academic sources (minimum) (1 must be scholarly/peer reviewed)

~ Speech to Inform with Visual Aids

- 6-8 minutes long
- 3 electronic visual aids required (minimum)
- minimum 7 audience members
- 3 academic sources (minimum) (1 must be scholarly/peer reviewed)

~ Speech to Motivate to Action (Persuasive)

- 8-10 minutes long
- 3 electronic visual aids required (minimum)
- minimum 7 audience members
- 3 academic sources (minimum) (1 must be scholarly/peer reviewed)

Failure to deliver all three speeches will result in the student failing the course

Speech Topic Selection

The Department of Communication is committed to honoring students' right to freedom of speech; however, students will not be allowed to select and speak on topics that would be considered hateful or overly sensitive to the point that it detracts from the learning environment. Instructors may discourage students from selecting topics that are unoriginal or do not meet the speech criteria and/or outcomes. Ultimately, students are responsible for selecting an appropriate topic that meets the needs and goals of the assignment and audience

Late Assignments

1. **Due to reduced meeting times, this course is a type of hybrid.** As mentioned, due to the nature of the hybrid course, speeches cannot be made up. You must attend all speech days and complete your speeches on the assigned date in order to pass the course unless arrangements are made with your instructor.
2. **Late work is not worthless - it is just worth less.** Written assignments and quizzes submitted via Canvas will be deducted 10% for each day they are submitted late down to 50%. After that, all late work is subject to 50% credit for late submission.
3. **Note:** when submitting assignments via Canvas, please make sure to double check that the assignment submitted properly by confirming submission under the "grades" tab. If you are having trouble with a submission, make sure to email me with an attachment of your assignment, **prior to the**

deadline, to avoid penalty.

4. If you use Google docs or another cloud storage location for your written work, be sure that permissions are set appropriately so that I can **access and edit** your submission. **Late charges will apply if I cannot access your assignment for grading.**

5. Some quizzes may be taken more than one time. Multiple attempts must be completed prior to the due date or they will be subject to late deductions automatically.

Email/Assignment Response Time

Email: You can expect a response to email or course message within 24 hours. For the quickest response time email me directly at Lee.Wallace@sd273.com or Lee.Wallace@NIC.edu

Assignment Feedback: You can expect grades to be posted within 1 week of the assignment due date. There may be a quicker response time on specific assignments, and you will be made aware of feedback availability via Inbox on Canvas.

Technology Requirements

In addition to the use of Canvas to facilitate the course assignments and interaction, some weekly folders may include web links to view videos via YouTube. You will also need word processing software to complete some of the weekly assignments, please note that you will need to submit written assignments in doc, docx or pdf format, as these formats are compatible with Canvas (Note: .pages files are not compatible with Canvas). Lastly, if you do not have Microsoft Word, you have free access to all Microsoft Office products as a student here at NIC. Click the link for more info: [Download Microsoft Office \(http://nic.edu/modules/images/websites/102/file/Microsoft_Office_Install.pdf\)](http://nic.edu/modules/images/websites/102/file/Microsoft_Office_Install.pdf)

You can also use Adobe Acrobat (<https://get.adobe.com/reader>) to download many of the weekly assignment instructions and forms.

As a norm, log-in to Canvas via a laptop or desktop rather than via the phone app. The phone app does not have the same functionalities, and will not allow you to see all the content, course activities, feedback etc. I only recommend using the app for supplemental activities such as sending a quick email or checking a due date, rather than your primary way of engaging in the course.

Note: do not take quizzes on your phone via the Canvas app, as there are often problems with students getting locked out. To avoid this, make sure to take quizzes and submit assignments on a laptop or desktop using Chrome or Firefox (avoid using Internet Explorer, as Canvas is not compatible with this browser).

Gateway Course

This course is a designated Gateway course [for students enrolled in Communication, Hospitality, History, Medical Lab Technology, Surgical Technology program(s)]. Gateway courses are good early indicators of student readiness for further study. Successful completion of this course will provide a solid foundation for next steps in your studies so be sure to take every advantage of the available support and resources provided to you.

Course Assignment Details/Grade Expectations

Assignment Descriptions:

Quizzes: Quizzes are open note and open book; they are not timed. Quizzes will consist of content from the textbook chapters and may be taken multiple times. Note that late points will be deducted if quizzes are taken a second time AFTER the due date.

Outlines/Self-Analysis/Other Written Assignments: These assignments will give you a chance to both prepare for your speeches and evaluate them from your perspective. **Grading** is based on following the assignment instructions/relevant format, accuracy and completion in their entirety. Assignment guidelines and grading rubrics will be provided in the relevant weekly modules.

Speeches: Speeches are your opportunity to put all you are learning in the course into action.

Grading will be based on application of the course principles by following the speech format that will be addressed in the class, effective delivery and use of visual aids. Individual grading rubrics for each speech can be found in the relevant weekly folder.

Grade Expectations:

A: Excellent: A superior work that addresses all aspects of the assignment thoroughly and with thoughtful response and examples were needed. This work will address: the assignment prompt fully, all instructions/formatting and be sound in terms of good English writing.

B: Above Average: This work will be well presented, but may be weaker in some areas in comparison to a superior work. For example it may not thoroughly address all aspects of the assignment; it may not be as well organized as the superior work or may have a few inconsistencies in terms of grammar, spelling, formatting or following assignment instructions. Overall, this work is well composed and put together.

C: Average: This score is given for assignments that minimally address assignment criteria. Responses are general and superficial in nature. Additionally, some important components of the assignment may be left inadequately addressed. There are some obvious errors in formatting, spelling, grammar, addressing assignment prompt.

D: Below Average: This score is for work that shows little understanding of the assignment and instructions. There are major weaknesses in organization, preparation, and completeness of work.

F: Poor/Unsatisfactory: This score is given for work that is not submitted/presented at the required time or for works that show incompetence and minimal understanding of the assignment requirements. Primary components of the assignment are left out and/or completely unaddressed.

Extra Credit

From time to time, there will be extra credit opportunities offered in this class. The maximum amount of extra credit that can be earned is 50 points. Extra credit is intended to help nudge a student's grade higher, but it is not intended to replace required assignments. If, at the end of the semester, a student

has mandatory assignments that are missing, *all earned extra credit will be withdrawn*. Extra credit is not an effective method of avoiding assignments.

Mandatory assignments include those that would be awarded points or marked as "complete". Extra credit assignments are NOT mandatory.

Division Policies

Institutional Policies

North Idaho College Learning Environment

North Idaho College is committed to providing a learning environment that promotes the free exchange of ideas in a respectful and professional manner. Faculty, staff, and students are encouraged to engage in respectful dialogue about educationally appropriate subjects in all courses in accordance with the "Freedom of Inquiry in Higher Education" law, codified as Idaho Code § 67-5909D, and other applicable laws.

Students are encouraged to engage in the marketplace of ideas as part of their educational journey, and may be asked to read, discuss, and explore themes that relate to diversity, equity, and inclusion ("DEI") as defined in Idaho Code § 67-5909D. Students will not be compelled to personally affirm, adopt, or adhere to any particular political, religious, philosophical, or ideological tenets. Students also have the right to express personal opinions about concepts and theories presented in their courses and to disagree with opinions by faculty and fellow students.

Academic Dishonesty

Violations of academic integrity involve using or attempting to use any method that enables an individual to misrepresent the quality or integrity of his or her work at North Idaho College. These violations include the following:

- Cheating: using or attempting to use unauthorized materials, information, or study in any academic exercise.
- Fabrication: falsifying or inventing any information or citation in an academic exercise.
- Plagiarism: knowingly representing the words or ideas of another as one's own in an academic exercise.
- Violation of Intellectual Property: stealing, altering, or destroying the academic work of other members of the community or the educational resources, materials, or official documents of the college.
- Facilitating Academic Dishonesty: knowingly helping another to attempt to violate any provisions of this policy.

Violations of academic integrity may result in failure of an assignment, failure of the course, or more serious sanctions.

For a complete explanation of the North Idaho College Statement on Academic Honesty & Academic Integrity please refer to Policy 5.06 & Procedure 5.06.01 in the [NIC Policy Manual](http://www.nic.edu/policy/) (<http://www.nic.edu/policy/>).

Student Code of Conduct

The Student Code of Conduct applies to any student enrolled at North Idaho College. This includes, but is not limited to, face-to-face classes and Internet classes.

NIC shall maintain a Student Code of Conduct that specifically addresses prohibited behavior and assures due process for alleged violations. The Code of Conduct shall make clear possible sanctions for such actions. [Policy Manual \(https://www.nic.edu/policy/all/506/\)](https://www.nic.edu/policy/all/506/). (See 5.06)

Disability Support Services and the Americans with Disabilities Act (ADA)

In compliance with the Americans with Disabilities Act of 1990 and Section 504/508 of the Rehabilitation Act of 1973, North Idaho College provides accommodations to eligible students who experience barriers in the educational setting due to learning, emotional / mental, physical, visual, or hearing disabilities. Instructors will provide accommodations to students only after having received a Letter of Accommodation from Disability Support Services (DSS).

If a student would like to request accommodations, he or she must contact DSS so that a Letter of Accommodation may be sent to the instructor. Students requesting accommodations should contact DSS as early in the semester as possible to avoid delay of accommodation due to student load. Accommodations are not retroactive. DSS provides academic accommodations, access, assistance and services at NIC and at the North Idaho Consortium of Higher Education campus.

Contact:

[Disability Support Services Website \(https://www.nic.edu/dss/\)](https://www.nic.edu/dss/)
(208) 769-5947

Withdrawal

Please check the [NIC Calendar \(https://www.nic.edu/calendar/\)](https://www.nic.edu/calendar/) for the last day students can withdraw from courses.

Instructor-Initiated Withdrawal: An instructor has the right to withdraw a student for academic reasons. For more information, see the [Instructor-Initiated Withdrawal Procedure \(https://www.nic.edu/policy/all/50402/\)](https://www.nic.edu/policy/all/50402/).

Financial Aid Satisfactory Progress (SAP): Federal Regulations require North Idaho College to establish Satisfactory Academic Progress standards (SAP) for all financial aid recipients. The purpose of SAP standards are meant to ensure that students and academic institutions are held accountable to the taxpayer-funded federal student aid programs while students complete their academic goals in a timely manner. This process monitors student performance in all terms of enrollment, including terms in which the student did not receive financial aid. For more information, see the [Financial Aid Satisfactory Progress \(http://www.nic.edu/websites/default.aspx?dpt=29&pagelid=3025\)](http://www.nic.edu/websites/default.aspx?dpt=29&pagelid=3025) website.

For more information on withdrawals, see the [NIC Catalog \(https://www.nic.edu/catalog/\)](https://www.nic.edu/catalog/).

Title IX

North Idaho College seeks to provide an environment that is free of bias, discrimination, and harassment. If you have been the victim of sexual harassment/misconduct/assault we encourage you to report this. If you report this to any college employee, (except for a licensed counselor or health care professional) she or he must notify our college's Title IX coordinator about the basic facts of the incident (you may choose whether

you or anyone involved is identified by name). For more information about your options at NIC, please go to: [NIC Title IX - Sexual Assault, Discrimination, and Harassment \(https://www.nic.edu/titleix/\)](https://www.nic.edu/titleix/) or call (208) 676-7156

Removal From Class For Non-Attendance

Attendance is based on your participation in this class. Failure to attend will result in your being removed from this class and may result in your financial aid award being reduced. You are responsible for confirming the accuracy of your attendance record.

Student Questions and Concerns

NIC instructors are a great resource for course related questions as well as general questions regarding your field of study and career. In addition, your instructor is your first point of contact if you have a question or concern about this course. Instructor office hours are posted here on the syllabus as well as in the campus directory. Division chairs are an additional resource you may contact if you are unable to resolve your question or concern with your instructor. The most current contact information for the division chair can be found here. [Office of Instruction - Division Chairs \(https://www.nic.edu/instruction/deans-and-division-chairs/\)](https://www.nic.edu/instruction/deans-and-division-chairs/).

Post Falls School District Course Syllabus

School: Post Falls High School

<p>Course title and description:</p> <p>Introduction to Speech and Communication This class is an introductory speech and communications class designed to help the student develop effective skills: interpersonal (one-to-one), small group, oral interpretation (reading), and public speaking situations. Course content will include written assignments and written tests, oral presentations, and a communication portfolio.</p>	<p>Teacher name and contact information:</p> <p>Jared McDougall, jared.mcdougall@sd273.com Yvette Tremblay, yvette.tremblay@sd273.com</p>
<p>Suggested student supplies:</p> <p>Writing utensil, notecards, lined paper, folder for assignments and notes</p>	
<p>Board-approved curriculum and supplemental resources:</p> <p><i>Messages that Matter: Public Speaking for the Information Age</i> (2016)</p>	
<p>Standards covered:</p> <p>9/10.RC-3 9/10.RC-6 9/10.VD-1 9/10.VD-2 9/10.RS-1 9/10.W-3 9/10.W-5 9/10.W-6 9/10.W-7 9/10.ODC-1 9/10.ODC-2 9/10.ODC-3 9/10.ODC-4 9/10.ODC-6 9/10.ODC-8 9/10.GC-1i 9/10.GC-1j 9/10.GC-3</p>	
<p>Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).</p> <p>Grades in this course are weighted: Yes No</p> <p>If yes, grades are weighted as follows:</p>	

- Student performance on speeches/quizzes/tests: 15%
- In-class and homework assignments: 15%
- Informative and persuasive research projects: 60%
- Written final exam: 10%

Other information:

Speech Presentation Policy: Students will be required to submit all paperwork for the speech on the designated day, with the understanding that everyone in the class has equal time to prepare and everyone should be ready to deliver the speech on the due date, although time constraints do not permit everyone to deliver speeches the same day.

If a student elects not to give his/her speech on the day his/her name comes up, he/she will be given the opportunity to give the speech the next day for 50% of the earned score. If the missed speech is not given the second day, a zero will be given for the delivery portion of the score. Students who have been absent on the day their names came up will be asked to deliver the speech the next class day, although their score will be counted as a zero if the absence is later determined to have been unexcused.

Any student speech material/ performance deemed inappropriate for the classroom setting will automatically receive zero points as well as corresponding disciplinary action.

Parent/Guardian Opt-In Consent (Per Idaho Code 33-1611)

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

<p>Course title and description: Welcome to ESL 1st period! The purpose of this course is to provide you with meaningful opportunities to learn and reinforce English listening, reading, speaking, and writing skills. Students will work with curricular materials in English in order to strengthen critical thinking, reading comprehension, vocabulary acquisition, grammar skills, writing skills, and social and academic conversation.</p>	<p>Teacher name and contact information: Brenda Valentine brenda.valentine@sd273.com</p>
<p>Suggested student supplies: Composition notebook (provided) Pencils/pens</p>	
<p>Board-approved curriculum and supplemental resources: National Geographic Life Level 2</p>	
<p>Standards covered: WIDA ELD Standards: English Language Development Standard 1: English language learners communicate for Social and Instructional purposes within the school setting English Language Development Standard 2: English language learners communicate information, ideas, and concepts necessary for academic success in the content area of Language Arts English Language Development Standard 3: English language learners communicate information, ideas, and concepts necessary for academic success in the content area of Mathematics English Language Development Standard 4: English language learners communicate information, ideas, and concepts necessary for academic success in the content area of Science English Language Development Standard 5: English language learners communicate information, ideas, and concepts necessary for academic success in the content area of Social Studies</p>	
<p>Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).</p>	

Grades in this course are weighted:

Yes

No

If yes, grades are weighted as follows:

- Classwork/Projects/Homework 45%
- Midterm/Final 25%
- Tests 20%
- Participation 10%

Other information:

Cell phones:

Cell phones are often a distraction from the learning environment and can hinder academic success. Unless permission is given ahead of time, ALL phones must be silenced and put away. Failure to comply will result in a referral to the office.

Headphones are also not allowed to be in during class, unless students have been given permission. This is to allow students to clearly hear the lesson or instruction from the teacher and to actively participate in group discussions with their peers.

*See your *Student Handbook* pg. 7 for the school's cell phone/electronic devices policy.

Late/missing work:

This class uses a points based system. You will be given ample time in class to work on assignments. However, there may be times when work needs to be finished outside of class. Assignments are expected to be turned in on time/when requested.

Parent/Guardian Opt-In Consent (Per Idaho Code 33-1611)

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

Post Falls School District Course Syllabus

School: Post Falls High School

Course title and description: Physical Education.

This course provides students with a comprehensive understanding of the importance of physical activity and its positive impact on overall health and well-being. We'll explore how regular exercise benefits the physical, mental, and social aspects of our lives. The class will focus on developing fundamental skills in a wide variety of sports and team-based activities. These sports include but are not limited to; basketball, volleyball, tennis, pickleball, badminton, softball, etc.

Teacher name and contact information:

Mr. Brooks: tanner.brooks@sd273.com

Mrs. Bektic: michele.bektic@sd273.com

Mr. Etchison: brian.etchison@sd273.com

Suggested student supplies:

Appropriate Athletic Attire: This is the most crucial item. Students will need to change into clothes specifically for PE each day. This includes:

- A non-restrictive T-Shirt
- Shorts or Athletic Sweatpants
- Athletic, Closed-toe shoe
- Deodorant
- NO HATS

Other things to have: Waterbottle

Board-approved curriculum and supplemental resources:

This course utilizes a variety of curricular resources, including materials curated from reputable educational websites, teacher-developed content, and supplemental tools that support the learning goals outlined in the syllabus. Every effort is made to ensure these resources are aligned with grade-level standards and are appropriate for classroom use.

Standards covered:

[9-12.PE.1.1.1](#)

[9-12.PE.2.1.2](#)

[9-12.PE.2.1.3](#)

[9-12.PE.4.1.1](#)

Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).

Grades in this course are weighted:

Yes

No

ABSENCES

- Only 9 absences can be made up using google classroom. To earn points for any additional absence (beyond 9) an appointment with your teacher is required.

Other information:

Equipment Rules:

Handle with care: Treat all equipment as if it's your own. Don't throw, kick, or slam equipment unless the activity specifically requires it.

Use as instructed: Only use equipment for its intended purpose and in the manner demonstrated by your teacher. For example, don't use volleyball to play dodgeball.

Don't damage or modify: Avoid writing on, cutting, or otherwise altering any equipment. If you notice a piece of equipment is broken, tell the teacher immediately so it can be fixed or replaced.

If these rules are not followed, you will not be able to use the equipment.

Makeup Forms:

When you are absent. Fill in the spreadsheet that is on Google Classroom. **You will need to complete 40 minutes per class missed.** If there is no adult listed on the spreadsheet, the make-up points will not count.

Typical PE Week

(What does it look like?)

Monday and Wednesday

1. Dress
2. Warm Up
3. Fitness Activity/Exercises
4. Group Activity (some days will be student choice)
5. Clean up and change in locker room

Tuesday and Thursday

1. Dress
2. Warmup
3. Choice Activity with rotations
4. Clean up and change in locker room

Group Activities Include:

Flag Football, Soccer, Wiffle Ball, Ultimate, Yard Games, Basketball, Volleyball, Badminton, Pickleball, Spike Ball, Softball

Semester long fitness-based exercises include:

Cardiovascular Endurance, Muscular Strength, Muscular Endurance, Speed, & Agility Activities

<p>Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).</p> <ol style="list-style-type: none">1. Each day is worth 5 points, and will display as a weekly grade in Skyward (20 points/week).2. Daily point loss will result due to lack of proper footwear AND lack of effort/participation. <p>Grades in this course are weighted: Yes No</p>	

ABSENCES

- Only 9 absences can be made up using google classroom. To earn points for any additional absence (beyond 9) an appointment with your teacher is required.

Other information:

Students should expect to walk **everyday** in class for the entire period.

The program will involve several different walking workouts & activities including distance, intervals and timed walks.

The class will walk together as a group and the courses will vary depending on the day & weather.

The class will walk **outside** unless the weather is VERY uncooperative. The instructor will make the decision to walk indoors. A steady rain, freezing temperatures and snow will be the only reason the class will not venture outdoors. Students need to be prepared for cooler temperatures with hats, gloves and jackets.

Instruction will be done through a combination of modeling, demonstrations, lecture, supplemental related reading, articles and written assignments.

Assessment of student progress will be done through demonstration of fitness improvement, quizzes and a written exam.

Return this page to your teacher.

WALK-FIT

WALK-FIT is a class based on the premise that movement is essential for health. Establishing a positive routine for health is our goal. In this class there will be times that our students will walk off of campus during the class period. At all times the students will be in the sight of the teacher and only on sidewalks or designated trails. A signature below indicates approval to take your child off campus during the school year. Contact the school &/or your child's teacher if you have questions or choose (per phone msg.) for your child not to participate.

Student's Name (please print) _____

YES, I GRANT PERMISSION FOR MY CHILD TO WALK OFF CAMPUS FOR WALK-FIT CLASS AND ENSURE THE MY CHILD UNDERSTANDS AND WILL FOLLOW PEDESTRIAN SAFETY LAWS.

NO, I DO NOT GRANT PERMISSION FOR MY CHILD TO GO OFF CAMPUS DURING WALK-FIT CLASS

Parent/Guardian Opt-In Consent (Per Idaho Code 33-1611)

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

- Just enough effort to get by
- Does not understand what it takes to be a champion
- Must be watched and pushed to get minimum results
- Pain and fatigue beats them

2- Pretender (Not Acceptable)

- Less than minimum effort
- No desire to do what it takes to be good
- Does nothing when not watched
- Stops at the sign of fatigue

0-1 Absence/No Dress/No Participation

*Injured students will be required to provide a physician's note to be excused from participation.

ABSENCES

- Only 9 absences can be made up using google classroom. To earn points for any additional absence (beyond 9) an appointment with your teacher is required.

GOALS & OBJECTIVES:

Students will become familiar with strength training and fitness principles

Students will understand the importance of sound technique

Students will demonstrate proficiency through knowledge, acquired skills, and everyday participation, while improving their strength and endurance

FACILITY RULES:

- Be safe with peers and equipment, be respectful, & be responsible
- Students will have about 5 minutes to change after the tardy bell rings
- Personal items to be left in locker room (phones, headphones, backpacks, purses, etc.)
- Facility and equipment must be treated with respect and put away properly after use
- Always use proper technique to avoid injury
- A spotter is required for all major lifts/movements
- Always use collars on free weight bars (barbells, EZ bars, etc.)
- Rack weights after each lift - do not leave equipment on the floor!
- Do not drop any weights
- No equipment on the benches

PHONE/HEADPHONE POLICY:

No phones or headphones are allowed in class. Phones need to be left in the student's locker or backpack. If a student uses a phone during class the student will take the phone to in-house and follow school protocol and lose 2 participation points for the day.

WHAT DO I WEAR?

ALL CLOTHING MUST COMPLY WITH THE SCHOOL DRESS CODE

- T-Shirt
- Shorts, sweats, or leggings
- Proper gym/athletic shoes.
- NO HATS

Typical Week

(What does it look like?)

Monday-Thursday (2 days in Weight Room, 2 days in a different facility)

1. Dress
2. Warm Up
3. Group Lift - follow the in-class workout
4. Group Conditioning (depending on the class)
5. Clean up and change in locker room

Return this page to your teacher.

I agree to and understand all of the above rules and regulations as outlined by this course description. I will follow these rules and regulations while participating in Weight Training/Athletic Conditioning. *I understand that compliance is necessary for my safety and the safety of others.* I acknowledge that if I do not comply, I may be removed from participation in this course.

--

Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60). Grades in this course are weighted: Yes X-No
--

Other information:

Cell Phone Policy

At specific times cell phones may be used, but only during permitted time authorized by the instructor. Otherwise, cell phones shall remain put away IN BACKPACKS. Any cell phone seen out during classwork time will follow into the process of 1) Warning 2) The student will turn their phone into the office to be picked up at the end of the school day. Any recurring offenses will result in an office referral.

Late and Absent Work Policy

The majority of assignments are designed to be completed during each class period. The expectation is students will be working on assignments *during* class time given. Late work will be accepted until the end of the unit, but for reduced credit. Please note *Students who submit late work will lose additional credit if they did not finish the assignment in the class time given because of poor time management. Exception: If a student is absent, they will have the same number of days as the time of the absence to make up for any missed work.

Post Falls School District Course Syllabus

School: Post Falls High School

<p>Course title and description: In Sports History we will look at the history of sports in America as well as around the world. Though we will primarily focus on the big 3 (basketball, football, baseball) we will also talk about golf, baseball, car racing, mixed martial arts as well as other sports. We will also apply what we learn historically to what is currently happening in sports.</p> <p>Students will develop critical skills in analysis, synthesis, evaluation and creation in a rigorous and reflective academic setting. Students will be empowering themselves and performing at high levels as they engage in analysis and discussion with their peers.</p>	<p>Teacher name and contact information:</p> <p>Coach Brian Etchison Post Falls High School brian.etchison@sd273.com</p>
<p>Suggested student supplies: Everything you need for class will be provided for you through the Chromebooks. However, you will often view educational videos or podcasts through your Chromebook, so I highly recommend having a pair of headphones to bring to class, as you will often be working at your own pace separate from other students. Also, it's a good idea to always have paper and pen available. You will need colored pencils for one project.</p> <p>Please provide one box of tissues</p>	
<p>Board-approved curriculum and supplemental resources:</p> <p>Discussion and Project based assignments</p>	
<p>Standards covered:</p> <p>9-13 PE 5.1</p>	
<p>Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).</p>	

Grades in this course are weighted:

- Yes
 No

If yes, grades are weighted as follows:

Grades are weighted based on the significance of that assignment. Fairly standard.

Grading Procedures

A	100-90	Larger Projects/Test: 50%
B	89-80	Classwork: 30%
C	79-70	Final: 10%
D	69-60	Participation: 10%
F	59 or Below (This should never be you!)	

Other information:

Academic Integrity:

Post Falls High School expects all students to adhere to moral and ethical academic standards. Academic dishonesty - plagiarism, cheating or copying the work of another, using technology for illicit purposes and any communication between students to gain an academic advantage is strictly prohibited. Swift action will be taken against violations with consequences ranging from a zero on the assignment, parent contact/conferences and administrative actions.

Classwork and Assignments

99% of assignments and materials will be distributed through Google Classroom. This also means that **you alone are responsible for your classwork**, missing or otherwise. If you're absent, guess where the assignment is? It's on Classroom.

I will take late work based on the school policy of missed days. In example, if you miss one day of school you get one additional day from the due date to turn that assignment in. **NO OTHER LATE WORK IS ACCEPTED.**

Rules/Expectations:

Your parents, your friends parents, or even you have contributed to purchasing these new Chromebooks for this classroom, and as such, you are to treat these Chromebooks with the utmost respect. This is an investment by your community into your education, and it is not a right, but a privilege to use these devices. If you abuse that privilege, this great opportunity will no longer be available to you.

1. Be **respectful** to everyone in the room
2. **Do not talk** if someone else is talking, especially me.
3. Do not **distract others** from learning
4. **Follow directions** the first time they are given
5. **Food and drink allowed provided you're not making a mess.**
6. **No Phones! Music at teachers discretion.**
7. *Always* carry the Chromebooks with **two hands**.
8. *Always* **plug in your Chromebook** to its proper charger at the end of each period.

Classroom Behavior:

Guidelines

1. Use your time wisely and responsibly.
2. Take accountability of your words and actions.
3. Come to class on time, I have no problem marking you tardy.
4. Please remain in your seat. Don't roam the classroom.
5. Be ready to go when the bell rings.

Consequences

1. Verbal warning
2. Student-Teacher discussion
3. Parent Contact/Lunch Detention
4. Office Referral

Just be a respectful and responsible student please.

Class Discussion:

1. PLEASE participate - you will be graded on participation, thus participation will be required.
2. Remember, I do actually want to hear what you have to say.
3. Make all questions and comments **relevant** to the current discussion.
4. If your question is off topic, write it down and bring it up later.
5. Sometimes your classmates may have an **opinion that's different than yours and that's okay. What is unacceptable is making personal verbal attacks towards that person** for their opinion. You can disagree without being disagreeable.

Leaving Class

Nature calls. I get it. You may use the bathroom when you need to. When you leave the room, I ask that you write your name and where you're going on the whiteboard as you leave.

Excessive bathroom use may result in the revocation of your bathroom privileges, and if I figure out you're "going to the bathroom" but actually busy sending snaps in the hallway or being otherwise irresponsible, your bathroom rights are **gone for the remainder of the year**.

General Breakdown of Class:

- **Brain Candy** - This is your entry task every day. It may be interpreting a quote, reading a short passage and giving me your opinion on it, watching CNN Student News and answering a question, etc. You will create a new word document every week. Put the date (EX: Tuesday, 9/6/22), the prompt and then your response. We will also have a short discussion on this as a class before we move on to the content for that day. At the end of the week you will turn these into Google Classroom and it will be a grade.
- **Lecture/Discussion/Activity** - We will then get into our content for that day. I prefer to be more conversational with our topic so be prepared to answer questions and participate. We learn more when everyone is involved.
- **Exit Task** - This could be a short review of what you learned today, a question, etc.

Return this page to your teacher.

To earn points for any additional absence (beyond 9) an appointment with your teacher is required.	

Other information:

Students will:

- Create teams and keep their own score during the games
- Assess, call their own fouls, and officiate themselves during the games
- Resolve disagreements using appropriate and accepted basketball solutions

Typical Daily Routine:

- Change in locker rooms, then attendance
- 5 minute dynamic/functional warmup as a class
- Students divide into teams, keep score, and officiate themselves
- Winning team stays on the court

Class Policies, Rules, & Expectations:

- No phones or electronic devices (ear buds) during the class period
- Zero tolerance for intentional sabotage of the game (half court shots, cherry picking, excessive fouls, not following basketball rules, etc.)
- Students are expected to give maximum effort during games - participation is essential (no sitting out)
- Students must respect classmates and others at all times. Listen when others are talking.

Locker Rooms & Behavior:

- Students have the option to check out & use a locker in the locker room
- All backpacks and personal items must be stored in the locker room during class, even if the student has elected to not check out a locker.
- No loitering (hanging out) in the locker rooms! Get in, change, get out!

Post Falls School District Course Syllabus

School: Post Falls High School

<p>Course title and description: STRETCH and TONE <u>Course Description:</u> Stretch and Tone is related to the flexibility component of physical fitness. This class will utilize flexibility techniques that can enhance movement performance and prevent injuries. Having a level of flexibility is important for proper movement. This class will synthesize physical movement, flexibility and muscular strength/endurance.</p>	<p>Teacher name and contact information: Amy Robertson amy.robertson@sd273.com School phone number: 208-773-0581</p>
<p>Suggested student supplies: Rules and Expectations:</p> <ul style="list-style-type: none">• Stretch and tone class is graded daily based on participation and effort by the student and appropriate dress. Please come prepared to participate and <u>have appropriate clothing and shoes. NO JEANS!</u> Lockers will be provided with time to change. <u>Restroom use needs to take place before class starts.</u> Students can earn up to 5 points per day. Students will lose points for non participation, low effort or inappropriate clothing.• Shoes may not be worn in the wrestling room and will be placed in a designated area during class. However, <u>appropriate shoes are required</u> in case the class has an activity outside of the wrestling room. For example- Aux gym, outside or upstairs.	
<p>Board-approved curriculum and supplemental resources: On occasion, media is utilized to demonstrate different techniques and movements. The class may view different workouts via youtube.com including yoga, dynamic stretches, body weight exercises, roller routines and aerobic activities. The class will use task cards that give a visual representation of an exercise in a station format.</p>	
<p>Standards covered: Idaho content standards Standard 1: Skilled movement 9-12.PE.1.1.1 Demonstrate competency in basic and advanced skills and tactics in multiple leisure and lifetime physical activities (e.g., individual/dual/team-related sports, outdoor pursuits, dance, resistance training, fitness, aquatics). Standard 2: Movement knowledge Demonstrate the knowledge and understanding necessary to develop scientifically based personal activity plans that include self-selected physical activities (e.g., physical activity goal setting, fitness profiles and assessments). Standard 4: Personal and social responsibility 9-12.PE.4.1.1 Demonstrate the ability to initiate responsible personal and social behavior, function independently, and positively influence the behavior of others in physical activity settings (e.g., respectful sportspersonship, self-control, and role-modeling). Standard 5: Valuing a physically active lifestyle 9-12.PE.5.1.5 Enjoy and appreciate the challenge of working hard and feeling the satisfaction when successfully improving skills and achieving personal goals (e.g. surveys, tracking data, journaling, reflections, review and revise fitness/physical activity goals).</p>	

Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).

Grades in this course are weighted:

Yes

No

If yes, grades are weighted as follows:

Other information:

- Absent work: If a class is missed, there will be an absent assignment to make up daily points. The assignment can be found in the course google classroom. For up to 3 absences you may receive $\frac{4}{5}$ points. After 3 absences, it will be reduced. After the maximum number of absences (9) according to the handbook), students will not receive credit for the absences, unless a doctor's note or administrative approval is given.
- There will be a written final project/exam at the end of the course to check for understanding and measure improvement.
- Stretch and Tone is geared toward lower impact activities and often incorporates relaxation techniques in which a quiet environment is expected. If a student is distracting from the environment with inappropriate volume or sounds and has been asked to stop, the school discipline policy will be utilized. (handbook)

Please sign and return below the dotted line within 2 days of receiving

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Post Falls School District Course Syllabus

School: Post Falls High School

Course title and description: Walk Fit

Walk Fit is a class for the student who prefers not to play individual or team games. The course is designed to develop attitudes and behaviors which promote healthy lifestyles and positive self- image through walking, stretching, and strength activities. Students will learn about achieving and maintaining ideal body weights, diet, nutrition, and personal fitness.

Teacher name and contact information:

Mrs. Bektic - michele.bektic@sd273.com
Mr. Roberts- luke.roberts@sd273.com
Mr. Kent- craig.kent@sd273.com
Mrs. Whitney (Paven)- lauren.paven@sd273.com
Mrs. Robertson- amy.robertson@sd273.com
Mr. Brooks- tanner.brooks@sd273.com

Suggested student supplies:

- School appropriate clothing, including (sweat)pants/ sweatshirt or jacket for cooler days.
- Athletic/fitness-type shoes (running, walking or cross-training) for exercise. **NO** boots, flip flops, slippers, open-heeled or slip-on footwear.
- Water bottle, if desired

Board-approved curriculum and supplemental resources:

This course utilizes a variety of curricular resources, including materials curated from reputable educational websites, teacher-developed content, and supplemental tools that support the learning goals outlined in the syllabus. Every effort is made to ensure these resources are aligned with grade-level standards and are appropriate for classroom use.

Standards covered:

[9-12.PE.3.1.2](#)

[9-12.PE.3.1.3](#)

[9-12.PE.5.1.2](#)

[9-12.PE.5.1.3](#)

[9-12.PE.5.1.5](#)

Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).

1. Each day is worth 5 points, and will display as a weekly grade in Skyward (20 points/week).
2. Daily point loss will result due to lack of proper footwear AND lack of effort/participation.

Grades in this course are weighted:

Yes

No

ABSENCES

- Only 9 absences can be made up using google classroom. To earn points for any additional absence (beyond 9) an appointment with your teacher is required.

Other information:

Students should expect to walk **everyday** in class for the entire period.

The program will involve several different walking workouts & activities including distance, intervals and timed walks.

The class will walk together as a group and the courses will vary depending on the day & weather.

The class will walk **outside** unless the weather is VERY uncooperative. The instructor will make the decision to walk indoors. A steady rain, freezing temperatures and snow will be the only reason the class will not venture outdoors. Students need to be prepared for cooler temperatures with hats, gloves and jackets.

Instruction will be done through a combination of modeling, demonstrations, lecture, supplemental related reading, articles and written assignments.

Assessment of student progress will be done through demonstration of fitness improvement, quizzes and a written exam.

Return this page to your teacher.

I agree to and understand all of the above rules and regulations as outlined by this course description. I will follow these rules and regulations while participating in Walk Fit. *I understand that compliance is necessary for my safety and the safety of others.* I acknowledge that if I do not comply, I may be removed from participation in this course.

WALK-FIT

WALK-FIT is a class based on the premise that movement is essential for health. Establishing a positive routine for health is our goal. In this class there will be times that our students will walk off of campus during the class period. At all times the students will be in the sight of the teacher and only on sidewalks or designated trails. A signature below indicates approval to take your child off campus during the school year. Contact the school &/or your child's teacher if you have questions or choose (per phone msg.) for your child not to participate.

Student's Name (please print) _____

YES, I GRANT PERMISSION FOR MY CHILD TO WALK OFF CAMPUS FOR WALK-FIT CLASS AND ENSURE THE MY CHILD UNDERSTANDS AND WILL FOLLOW PEDESTRIAN SAFETY LAWS.

NO, I DO NOT GRANT PERMISSION FOR MY CHILD TO GO OFF CAMPUS DURING WALK-FIT CLASS

School: Post Falls High School

Course title and description: Weight Training

The introduction to weight training course is designed for the student who is serious about developing strength, power and endurance. Programs are designed to combine resistance training, cardiovascular training and plyometrics for improving student success. Students will gain and improve their understanding of the muscular system, develop strength training programs and build a foundation on which they can continue strength and fitness training for the rest of their life

Teacher name and contact information:

Michele Bektic, michele.bektic@sd273.com
Tanner Brooks, tanner.brooks@sd273.com
Brian Etchison, brian.etchison@sd273.com
Craig Kent, Craig.kent@sd273.com
Luke Roberts, luke.roberts@sd273.com
Lauren Whitney, lauren.paven@sd273.com

Suggested student supplies:

- School appropriate athletic attire (shirts and shorts) are required as well as proper athletic, closed-footwear. No crocs, slides, etc.
- Deodorant!!!!!!

Other things to have: Waterbottle

Board-approved curriculum and supplemental resources:

This course utilizes a variety of curricular resources, including materials curated from reputable educational websites, teacher-developed content, and supplemental tools that support the learning goals outlined in the syllabus. Every effort is made to ensure these resources are aligned with grade-level standards and are appropriate for classroom use.

Standards covered:

[9-12.PE.1.1.1](#)

[9-12.PE.2.1.2](#)

[9-12.PE.3.1.1](#)

[9-12.PE.3.1.2](#)

[9-12.PE.3.1.4](#)

[9-12.PE.4.1.2](#)

Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).

Grades in this course are weighted:

Yes

No

1. Each day is worth 5 points, and will display as a weekly grade in Skyward (20 points/week).
2. Loss of points will result from lack of participation, absences, insubordination, cell phone use, etc.

See effort scale below for reference

5- CHAMPION (Excellent)

- Attitude and effort of a champion,
- Willing to work extra to be the best
- Pushes themselves and others to maximum results
- Does not let pain and fatigue beat them

4- CONTENDER (Successful)

- Enough effort to show positive results
- Must increase intensity to become a champion

- Needs to be pushed to get maximum results
- Pain and fatigue slows them down

3- PLAYER (Sub-Par)

- Just enough effort to get by
- Does not understand what it takes to be a champion
- Must be watched and pushed to get minimum results
- Pain and fatigue beats them

2- Pretender (Not Acceptable)

- Less than minimum effort
- No desire to do what it takes to be good
- Does nothing when not watched
- Stops at the sign of fatigue

0-1 Absence/No Dress/No Participation

*Injured students will be required to provide a physician's note to be excused from participation.

ABSENCES

- Only 9 absences can be made up using google classroom. To earn points for any additional absence (beyond 9) an appointment with your teacher is required.

GOALS & OBJECTIVES:

Students will become familiar with strength training and fitness principles

Students will understand the importance of sound technique

Students will demonstrate proficiency through knowledge, acquired skills, and everyday participation, while improving their strength and endurance

FACILITY RULES:

- Be safe with peers and equipment, be respectful, & be responsible
- Students will have about 5 minutes to change after the tardy bell rings
- Personal items to be left in locker room (phones, headphones, backpacks, purses, etc.)
- Facility and equipment must be treated with respect and put away properly after use
- Always use proper technique to avoid injury
- A spotter is required for all major lifts/movements
- Always use collars on free weight bars (barbells, EZ bars, etc.)
- Rack weights after each lift - do not leave equipment on the floor!
- Do not drop any weights
- No equipment on the benches

PHONE/HEADPHONE POLICY:

No phones or headphones are allowed in class. Phones need to be left in the student's locker or backpack. If a student uses a phone during class the student will take the phone to in-house and follow school protocol and lose 2 participation points for the day.

WHAT DO I WEAR?

ALL CLOTHING MUST COMPLY WITH THE SCHOOL DRESS CODE

- T-Shirt
- Shorts, sweats, or leggings
- Proper gym/athletic shoes.
- NO HATS

Typical Week

(What does it look like?)

Monday-Thursday (2 days in Weight Room, 2 days in a different facility)

1. Dress
2. Warm Up
3. Group Lift - follow the in-class workout
4. Group Conditioning (depending on the class)
5. Clean up and change in locker room

Return this page to your teacher.

I agree to and understand all of the above rules and regulations as outlined by this course description. I will follow these rules and regulations while participating in Weight Training/Athletic Conditioning. *I understand that compliance is necessary for my safety and the safety of others.* I acknowledge that if I do not comply, I may be removed from participation in this course.

<p>Course title and description: <u>Chemistry</u> This course aims to explain the behavior and properties of matter at the most fundamental level. By understanding and applying how this behavior affects the world around us we are able to see the world in a different way. The goal of this course is to show students the observations and ideas that helped form our current essential knowledge of chemistry. This class relies on skills taught in mathematics, and will require problem solving and application of those mathematical skills.</p>	<p>Teacher name and contact information:</p> <p>Corey Neal corey.neal@sd273.com</p> <p>Emily Edlund emily.edlund@sd273.com</p> <p>Teacher: Mr. Max Birdsell Email: max.birdsell@sd273.com Phone: 773-0581 ext 6144</p>
<p>Suggested student supplies:</p> <ul style="list-style-type: none">● Highlighter or colored pencils● Writing utensil(s)-pen, pencil, etc.● Access to the Internet	
<p>Board-approved curriculum and supplemental resources: This course will be taught using the <i>Pearson: Chemistry</i> textbook and curriculum. The textbook is available in class or online. All assignments will be turned in on google classroom. Some time each week will need to be devoted to these activities and will require some online access. If this is not possible (library, before or after school, friends/relatives house) arrangements must be made before the assignment is due.</p>	
<p>Standards covered: Topics for Chemistry <u>Semester 1</u> Quarter 1- Mining Emphasis (Chapters 1-4, 6, 13) *Standards: HS-PSC-1.1, HS-PSC-1.3, HS-PSC-1.4, HS-PSC-2.1, HS-PSC-2.3, HS-PSC-2.4 Quarter 2- Nutrition (Chapters 5, 7-9) *Standards: HS-PSC-1.1, HS-PSC-1.3, HS-PSC-2.1, HS-PSC-2.4 <u>Semester 2</u> Quarter 3 - Fire Science (Chapters 10, 12, 14, 15-17) *Standards: HS-PSC-1.1, HS-PSC-1.3, HS-PSC-2.2, HS-PSC-2.4, HS-PSC-3.4 Quarter 4 - Modern Technology (Chapters 18-21, 25) *Standards: HS-PSC-1.4, HS-PSC-2.1, HS-PSC-2.2, HS-PSC-2.3, HS-PSC-2.4, HS-PSC-2.5</p>	
<p>Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).</p> <p>Grades in this course are weighted: Yes No</p>	

If yes, grades are weighted as follows:

- Practice Problems (Classwork)- 10% of final grade
- Notes (Homework)- 10% of final grade
- Labs- 20% of final grade
- **Weekly Participation** and Performance in Labs and Activities- 10% of final grade (based on on-time work)
- Tests and Quizzes- 30% of final grade
- Semester Project- 10% of final grade
- Semester Final Exam- 10% of final grade

Other information:

Lab Safety: In this class, we will be dealing with some potentially hazardous and dangerous chemicals. It is of the utmost importance that proper laboratory procedures are followed during lab day. Long hair must be tied back, closed-toed shoes and safety goggles must be worn at all times during labs. Do not wear loose or extremely tight fitting clothing during laboratory procedures in case of accidental chemical spills or Bunsen burner fires. These rules for lab safety will be strongly enforced. You will not be permitted to complete the lab if you are not dressed appropriately.

Cell Phone Policy: There will be ABSOLUTELY NO PHONES OR HEADPHONES ALLOWED DURING TIMES ONCE YOU ENTER THE CLASSROOM as per school policy.

AI Policy: The emergence of artificial intelligence has created a new space that is rapidly changing how students and teachers interact in the classroom. It is my goal to let students use new technology as much as possible, but there is a limit to what I expect from AI. I aim to be clear what I expect but this can change if new technology presents an issue, and this list can change if that occurs.

Acceptable uses of Artificial Intelligence	Unacceptable uses of Artificial Intelligence
Generating images for projects	Generating text responses
Asking for clarification	Formula solving tools
Getting help on a formula or vocabulary word	Copy and pasting directly from an AI source
	Passing off AI responses as your own work

Make-up and Late Work Policy:

Practice Problems/Labs/Notes

- THERE ARE NO MAKEUPS OR LATE WORK ACCEPTED IN THESE CATEGORIES (Few exceptions)
- It is expected that your student knows that these will be done every week regardless of circumstance.

- Obvious expectations and considerations will be given, but remember this, “It is better to be proactive, than reactive”. If you tell me before it is due, I am much more likely to consider the situation than if it is after the due date.
- Google classroom will record when you turn it in, so make sure you have hit “submit” when you are finished so you don’t risk it being marked “Late”

Quiz Make-ups

- Quizzes can be made up the weekend after they are given online for full points
- That will be the only time it is active
- If you have not taken the quiz yet **YOU ARE NOT ELIGIBLE FOR THE RETAKE**. IF YOU TAKE THE RETAKE FIRST YOU WILL BE GIVEN A ‘0’ FOR THE QUIZ

Test Corrections

- Up to 50% of the point value(s) missed on **1 test a semester** may be made up under the following conditions:
 - All classwork assignments, homework, and labs must be completed and turned in on time. If these requirements are not met, you will not be allowed to complete test corrections. **NO EXCEPTIONS!!!!**
 - All assigned online remediation must be completed
 - Test corrections can only be made up during a scheduled time, before or after school.

Parent/Guardian Opt-In Consent (Per Idaho Code 33-1611)

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

Parent/Guardian Name (Printed): _____

Post Falls School District Course Syllabus

School: **Post Falls High School**

<p>Course title and description:</p> <h2>Chemistry in the Community</h2> <p>A chemistry lab oriented curriculum designed to focus on chemistry related technological issues of today. The issues serve as a basis for the introduction of major concepts: i.e. vocabulary, thinking skills, equations and lab techniques expected in any introductory chemistry course.</p>	<p>Teacher name and contact information:</p> <p>Emily Sarha (208) 773-0581 ext. 6209 emily.sarha@sd273.com</p>
<p>Suggested student supplies:</p> <ul style="list-style-type: none">● 3 ring binder● calculator	
<p>Board-approved curriculum and supplemental resources:</p> <ul style="list-style-type: none">● Living by Chemistry, second edition	
<p>Standards covered:</p> <p>HS-PSC-1.1 Develop models to describe the atomic composition of simple molecules and extended structures.</p> <p>HS-PSC-1.2 Use the periodic table as a model to predict the relative properties of elements based on the patterns of electrons in the outermost energy level of atoms.</p> <p>HS-PSC-1.3 Plan and conduct an investigation to gather evidence to compare the structure of substances at the bulk scale to infer the strength of electrostatic forces between particles.</p> <p>HS-PSC-1.4 Develop models to illustrate the changes in the composition of the nucleus of the atom and the energy released during the processes of fission, fusion, and the various modes of radioactive decay.</p> <p>HS-PSC-1.5 Communicate scientific and technical information about why the molecular-level structure is important in the functioning of designed materials.</p> <p>HS-PSC-2.1 Construct and revise an explanation for the outcome of a simple chemical reaction based on the outermost electron states of atoms, trends in the periodic table, and knowledge of the patterns of chemical properties.</p> <p>HS-PSC-2.2 Develop a model to illustrate that the energy transferred during an exothermic or endothermic chemical reaction is based on the bond energy difference between bonds broken (absorption of energy) and bonds formed (release of energy).</p> <p>HS-PSC-2.3 Apply scientific principles and evidence to provide an explanation about the effects of changing the temperature or concentration of the reacting particles on the rate at which a reaction occurs.</p> <p>HS-PSC-2.4 Use mathematical representations to support the claim that the number and type of atoms, and therefore mass, are conserved during a chemical reaction.</p> <p>HS-PSC-3.3 Develop and use models to illustrate that energy at the macroscopic scale can be accounted for as a combination of energy associated with the motions of particles (objects) and energy associated with the relative positions of particles (objects).</p> <p>HS-PSC-3.5 Plan and conduct an investigation to provide evidence that the transfer of thermal energy when two components of different temperature are combined within a closed system results in a more uniform energy distribution among the components in the system (second law of thermodynamics).</p> <p>HS-PSP-1.6 Communicate scientific and technical information about why the molecular-level structure is important in the functioning of designed materials.</p> <p>HS-LS-1.6 Construct an explanation based on evidence for how carbon, hydrogen, and oxygen from sugar molecules may combine with other elements to form amino acids and/or other large carbon-based molecules.</p> <p>HS-LS-1.2 Develop and use a model to illustrate the hierarchical organization of interacting systems that provide specific functions within multicellular organisms.</p>	

Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).

Grades in this course are weighted:

Yes

No

- Grades are based on a total point system.
- Late homework will not be accepted after the unit assessment has been given.
- Late projects are worth 50% of the graded value.
- You may re-take any unit assessment one time.

Other information:

Absent?

- All daily work can be turned in until the day the class takes the assessment.
- Labs must be made up within 1 week.

The Chem Com website will be your go-to spot if you're missing homework papers, catching up on class notes, or looking for extra help resources.

--	---

Cell Phone Policy: CELL PHONES AND HEADPHONES ARE NOT ALLOWED DURING CLASS TIME as per school policy.

Homework/Assignments Policy:

- Students will be given time in class to complete work. However, if the assignment is not completed during the given class time, students will be expected to complete it at home.
- We will be using a combination of Google Classroom and hard copies to complete assignments.
 - **Google classroom:** Students will have access to most things on google classroom. This includes the slides used for notes, major projects, some daily assignments, videos, review activities for tests and quizzes, and access to websites we use in class. NOT ALL ASSIGNMENTS WILL BE POSTED ON GOOGLE CLASSROOM.

Make-Up and Late Work Policy:

- **Absences:** Upon returning from an absence, it is **the students responsibility** to check google classroom or with the teacher to make up for missing work. Students will receive **1 extra day per missed day** to make up work.
- **Quiz Make-Ups:** Students must come before or after school or schedule a time to complete a quiz that has been missed. Quizzes can be retaken for a better score with the approval of the teacher.
- **Test:** Students that miss a test due to an absence will have **1 week** to take the test before it receives a zero in the gradebook—students can still take the test once this has happened.
 - **Cheating:** there is a zero-tolerance policy for cheating. Any cheating that occurs on a test will result in a zero and parents will be notified.
- **Late/Missing Assignments:**
 - Assignments not turned in by a student will be **marked as missing and receive a zero** in Skyward.
 - Late/missing assignments must be turned in before the end of the quarter and will be given a penalty of a 30% deduction for being turned in late.

Lab Safety: In labs there will be times when we will be using laboratory equipment, chemicals, and other items that can be dangerous if not used properly. To keep everyone safe in the classroom the following rules and procedure must be followed. If a student does not follow the safety rules, then it will result in the student not being able to participate in the lab and will be asked to complete an alternative assignment.

General Safety Rules:

- Follow all instructions carefully. If you do not understand a direction or part of a procedure, **ASK YOUR TEACHER BEFORE MOVING ON IN THE ACTIVITY.**
- Be responsible! Horseplay, and pranks will not be tolerated.
- Keep the area you are working in clutter free.
- Clean up your lab area when you have completed the lab.
- Report any broken equipment, accidents, or injuries to the teacher **IMMEDIATELY.**

- Know the locations and operating procedures of all safety equipment including safety showers, sinks, first aid kits, and fire extinguishers
- Dress properly—avoid loose or baggy clothing, tie back hair, and wear closed toed shoes
- **NO FOOD OR DRINK IN THE LAB.**

Google Classroom Codes: 2nd period: x7vytysa

3rd period: ktdigxln

COURSE DESCRIPTION

CHEM 101 is an introductory course included in the General Education in Natural and Applied Sciences curriculum. This course delivers a general treatment of the fundamentals of chemistry and provides a broad background in various areas of chemistry.

LEARNING OBJECTIVES AND ASSIGNMENTS

Learning Objectives: Upon completing honors chemistry, the student should be able to demonstrate the following learning objectives:

1. Apply the Scientific method
2. Demonstrate proper use of scientific equipment.
3. Appraise the value of chemistry to the modern world.
4. Apply the SI system in problem solving.
5. Compare/contrast the function of the parts of an atom.
6. Identify common elements by their symbol.
7. Differentiate different isotopes.
8. Calculate electron configurations.
9. Illustrate the periodic table and its different sections.
10. Compare/contrast bond types.
11. Construct balanced chemical equations.
12. Define mole, molality and molarity.
13. Solve stoichiometry problems.
14. Solve concentration problems.
15. Know the three parts of Kinetic molecular theory.
16. Compare contrast heat/temperature.
17. Explain how internal energy relates to change of state.

18. Compare/contrast Gay-Lussac, Boyle's, Charles', and the ideal gas laws.
19. Solve problems with the gas laws.
20. Compare/contrast acids and bases.
21. Calculate pH
22. Calculate concentrations of solutions.
23. Perform Titrations.
24. Define organic Chemistry
25. Compare/contrast alkanes, alkenes, alkynes.
26. Define and describe the properties of common organic derivatives.
27. Know and apply the basic organic nomenclature rules.

University of Idaho Learning Outcomes:

Your performance in this class is determined by your ability to meet the Learning Outcomes expected in this course. These learning outcomes include the University of Idaho Learning Outcome, State of Idaho Learning Outcomes, and specific Learning Outcomes for the content delivered in the course. The content Learning Outcomes are specific for each chapter. In addition to the specific course outcome this course satisfies a part of the General Education Curriculum at UI. This course meets the UI General Learning Outcomes and the State of Idaho Learning Outcomes:

1. **Learn and integrate** – Through independent learning and collaborative study, attain, use, and develop knowledge in the arts, humanities, sciences, and social sciences, with disciplinary specialization and the ability to integrate information across disciplines. Specifically, this course focuses on science.
2. **Think and create** – Use multiple thinking strategies to examine real-world issues, explore creative avenues of expression, solve problems, and make consequential decisions.
3. **Communicate** – Acquire, articulate, create and convey intended meaning using verbal and nonverbal methods of communication that demonstrate respect and understanding in a complex society.
4. **Clarify purpose and perspective** - Explore one's life purpose and meaning through transformation experiences that foster an understanding of self, relationships, and diverse global perspective.
5. **Practice citizenship** – Apply principles of ethical leadership, collaborative engagement, socially responsible behavior, respect for diversity in an interdependent world, and service-oriented commitment to advance and sustain local and global communities.

State of Idaho Learning Outcomes for General Courses in the Natural, Physical, and Applied Sciences:

1. Apply foundational knowledge and models of a natural or physical science to analyze and/or predict phenomena.
2. Understand the scientific method and apply scientific reasoning to critically evaluate assertions.
3. Interpret and communicate scientific information via written, spoken, and/or visual representations.
4. Describe the relevance of specific scientific principles to the human experience.
5. Form and test a hypothesis in the laboratory, classroom, or field using discipline-specific tools and techniques for data collection and/or analysis.

Homework: All homework assignments are 20 points (regardless of the number of actual problems) and generally are **always due on Tuesday**.

Review Assignments: A unit review is always completed prior to a unit test. Reviews are 10 points.

Tests: Tests are always worth 100 points except for the 1st Semester test and the Final test which are each worth 200 points.

GRADING

All grades will be calculated on percent of **total points** earned using the following scale:

Post Falls High School

A = 93% - 100%

A- = 90% - 92%

B+ = 86% - 89%

B = 83% - 85%

B- = 80% - 82%

C+ = 76% - 79%

C = 73% - 75%

C- = 70% - 72%

D+ = 66% - 69%

D = 63% - 65%

D- = 60% - 62%

F = 0% - 59%

University of Idaho*

A \geq 90%

B \geq 80%

C \geq 70%

D \geq 60% **Must repeat course**

F \leq 59% **Must repeat course**

***Note:** UI grades are a 50-50 average of **both** semesters!

Points will be earned from the following topics

Semester 1:

Unit 1: Introduction

- Homework 110 points
- Labs 100 points
- Test 100 points

Unit 2: Matter and Energy

- Homework 114 points
- Labs 60 points
- Test 100 points

Unit 3: The Atom

- Homework 80 points
- Labs 60 points
- Test 100 points

Unit 4: Electron Configuration and the Periodic Table

- Homework 129 points
- Labs 100 points
- Test 100 points

Unit 5: Chemical Bonds and Nomenclature

- Homework 70 points
- Labs 20 points
- Tests 100 points

First Semester Test 200 points

Total First Semester Points ~1443 (Exact number of points may vary)

Semester 2:

Unit 6: Chemical Reactions and Equations

- Homework 60 points
- Labs 40 points
- Test 100 points

Unit 7: Molar Conversions

- Homework 80 points
- Labs 40 points
- Tests 100 points

Unit 8: Stoichiometry

- Homework 20 points
- Labs 20 points
- Test 100 Points

Unit 9: Thermochemistry and the Gas Laws

- Homework 80 points
- Labs 40 points
- Test 100 points

Unit 10: Acids and Bases

- Homework 100 points
- Labs 60 points
- Test 100 points

Unit 11: Introduction to Organic Chemistry

- Homework 40 points
- Labs 20 points
- Test 100 points

Yearlong Cumulative Final: 200 Points

Total Points: 1540 Points (Exact number of points will vary)

Important:

In order to advance to the next level, students must have a minimum of 70 percent to pass individual courses. To be more successful in the next level, students should try to achieve 80 percent or higher in individual courses. A GPA less than 2.0 indicates unsatisfactory progress and students may be placed on academic probation.

Grade Standards:

- A (90 - 100 percent): Pass course
- B (80 - 89 percent): Pass course
- C (70 - 79 percent): Pass course
- D (60 - 69 percent): Must repeat course
- F (Below 60 percent): Must repeat course

The high school grade may be recorded as a numerical grade while the university grade will be recorded as a letter grade only. **High school and university grades may differ from each other, depending on your teacher's and/or high school's grading policies as shown above.**

Final grades are posted in [MyUI](#).

ACADEMIC INTEGRITY

“Please note that Dual Credit students are held to the same student standards found in the University of Idaho, Student Code of Conduct, which can be viewed at <https://www.uidaho.edu/student-affairs/dean-of-students/student-conduct/student-code-of-conduct>. Definitions of cheating, plagiarism and other forms of academic dishonesty, as well as, policies and procedures for handling such cases are included.”

Important point for exams:

- If you miss an exam on the scheduled exam date, you will not be allowed to earn extra credit points if there is an extra credit option available. This stands even if your absence is excused.
- If you miss an exam on the scheduled exam date and it remains an unexcused absence, you will not be allowed to make up the missed exam. This is a college course. If you miss the exam on campus at the University, you don't have the opportunity to make it up.

Cell Phone Policy: There will be ABSOLUTELY NO PHONES OR HEADPHONES ALLOWED ONCE YOU ENTER THE CLASSROOM as per school policy.

AI Policy: The emergence of artificial intelligence has created a new space that is rapidly changing how students and teachers interact in the classroom. It is my goal to let students use new technology as much as possible, but there is a limit to what I expect from AI. I aim to be clear what I expect but this can change if new technology presents an issue, and this list can change if that occurs.

Acceptable uses of Artificial Intelligence	Unacceptable uses of Artificial Intelligence
Generating images for projects	Generating text responses
Asking for clarification	Formula solving tools
Getting help on a formula or vocabulary word	Copy and pasting directly from an AI source
	Passing off AI responses as your own work

DUAL CREDIT POLICIES

Dates and Deadlines

Adding or Dropping Courses: To drop or withdraw from a course, dual credit students must submit a request through [DualEnroll](#). The high school counselor will approve or deny the request; if approved, it will be processed through MyUI. Students must confirm all course changes by logging on to [MyUI](#)—MyUI is the official record.

- A “drop” is when a student unenrolls from a course within the posted drop/add period and does not receive a “W” (withdrawal from course). A dropped course is not transcribed.
- A “withdrawal” is when a student unenrolls from a course after the posted drop/add. A grade of “W” will be transcribed. This will not affect the student’s college grade point average; however, they should check their high school’s policy on how a “W” affects their high school grade point average and eligibility for participating in high school activities and programs.
- If a student withdraws or fails to earn credit for a course paid for by Advanced Opportunities, they must subsequently pay for a similar course to be eligible for further Advanced Opportunities funding.

Note: CHEM 101 is a yearlong course, however, we do not register for the course until the spring semester. Even though registration occurs in the spring your grade is based on your performance in both semesters.

CENTER FOR DISABILITY ACCESS AND RESOURCES (CDAR)

The University of Idaho is committed to ensuring an accessible learning environment where course or instructional content are usable by all students and faculty. If you believe that you require disability-related academic adjustments for this class (including pregnancy-related disabilities), please contact Center for Disability Access and Resources (CDAR) to discuss eligibility. A current accommodation letter from CDAR is required before any modifications, above and beyond what is otherwise available for all other students in this class will be provided. Please be advised that disability-related academic adjustments are not retroactive. CDAR is located at the Bruce Pitman Building, Suite 127. The phone number is 208-885-6307 and e-mail is cdar@uidaho.edu. For a complete listing of services and current business hours visit [Center for Disability Access and Resources](#)

HELP AND RESOURCES

The University of Idaho provides student support to ensure a successful learning experience. The [Dual Credit Website](#) contains information about the Dual Credit program at the University of Idaho.

[MyUI](#) contains official University of Idaho student records. MyUI is the site students use to access student account/billing information, verify enrollment, and grades.

[VandalMail](#) is the official University of Idaho email service. Students should check their account on a regular basis or forward to your regular checked e-mail account.

[Canvas](#) is the University of Idaho’s course management system. Please ask your instructor if your course requires you to login to Canvas.

Course Evaluations: Student evaluation of teaching has two purposes: To assist individual instructors in improving their own teaching; and to assist academic administrators in counseling instructors about their teaching. Student evaluations are carefully weighed as a factor in judging the teaching component in tenure, promotion, and salary determinations. Click [here](#) to access your student dashboard to see course evaluation status for any class you are enrolled in.

Library Help: The library website has many databases that will help you find relevant and reliable books, articles, images, and more. Do not hesitate to contact a librarian for research assistance.

PREREQUISITES: None

TEXTBOOK: Chemistry Atoms First 2e (<https://openstax.org/details/books/chemistry-atoms-first-2e>)

Google Classroom Codes: 2nd period: x7vytysa

3rd period: ktdigxln

COURSE DESCRIPTION

CHEM 101 is an introductory course included in the General Education in Natural and Applied Sciences curriculum. This course delivers a general treatment of the fundamentals of chemistry and provides a broad background in various areas of chemistry.

LEARNING OBJECTIVES AND ASSIGNMENTS

University of Idaho Learning Outcomes:

Your performance in this class is determined by your ability to meet the Learning Outcomes expected in this course. These learning outcomes include the University of Idaho Learning Outcome, State of Idaho Learning Outcomes, and specific Learning Outcomes for the content delivered in the course. The content Learning Outcomes are specific for each chapter. In addition to the specific course outcome this course satisfies a part of the General Education Curriculum at UI. This course meets the UI General Learning Outcomes and the State of Idaho Learning Outcomes:

1. **Learn and integrate** – Through independent learning and collaborative study, attain, use, and develop knowledge in the arts, humanities, sciences, and social sciences, with disciplinary specialization and the ability to integrate information across disciplines. Specifically, this course focuses on science.
2. **Think and create** – Use multiple thinking strategies to examine real-world issues, explore creative avenues of expression, solve problems, and make consequential decisions.
3. **Communicate** – Acquire, articulate, create and convey intended meaning using verbal and nonverbal methods of communication that demonstrate respect and understanding in a complex society.
4. **Clarify purpose and perspective** - Explore one's life purpose and meaning through transformation experiences that foster an understanding of self, relationships, and diverse global perspective.
5. **Practice citizenship** – Apply principles of ethical leadership, collaborative engagement, socially responsible behavior, respect for diversity in an interdependent world, and service-oriented commitment to advance and sustain local and global communities.

State of Idaho Learning Outcomes for General Courses in the Natural, Physical, and Applied Sciences:

1. Apply foundational knowledge and models of a natural or physical science to analyze and/or predict phenomena.
2. Understand the scientific method and apply scientific reasoning to critically evaluate assertions.
3. Interpret and communicate scientific information via written, spoken, and/or visual representations.
4. Describe the relevance of specific scientific principles to the human experience.
5. Form and test a hypothesis in the laboratory, classroom, or field using discipline-specific tools and techniques for data collection and/or analysis.

Lab Reports: Lab reports are worth 20 points, and are almost always turned in electronically as a spreadsheet. Most labs will contain a grading rubric, a data table, one or more graphs, and a set of lab questions. Details as to what is expected in each section can be found below.

GRADING

All grades will be calculated on percent of **total points** earned using the following scale:

Post Falls High School

A = 93% - 100%
 A- = 90% - 92%
 B+ = 86% - 89%
 B = 83% - 85%
 B- = 80% - 82%
 C+ = 76% - 79%
 C = 73% - 75%
 C- = 70% - 72%
 D+ = 66% - 69%
 D = 63% - 65%
 D- = 60% - 62%
 F = 0% - 59%

University of Idaho*

A \geq 90%
 B \geq 80%
 C \geq 70%
 D \geq 60% **Must repeat course**
 F \leq 59% **Must repeat course**

***Note:** UI grades are a 50-50 average of **both** semesters!

Data Table

Virtually every lab we do has a set of data that needs to be collected during the lab. This ‘raw data’ needs to appear in your final lab copy. During our first few weeks of school we will demonstrate how to incorporate the data into Google Sheets/Excel for further analysis. The data table should be neat, well organized, expressed with the proper precision, correct units, and easy to follow. Often times the lab will also ask for “observations”. Any time a lab asks you to make observations this should entail a description of the object’s physical properties before any reaction, what you saw during the reaction, and a description of the physical properties after the reaction.

Here is an example of a good observation: “The magnesium was a solid silver colored metal and the hydrochloric acid was a clear liquid that looks like water. After the magnesium was dropped into the

acid it bubbled and fizzed and the magnesium appeared to dissolve. Following the reaction the magnesium was no longer visible, but the liquid had no apparent change in color.”

The data sheet as well as any required graphs will be on separate tabs of the electronic lab report. All members of the same group should have the same or similar data sheets and/or graphs. This is the **only** portion of the lab that should be identical. Pre-lab questions, post lab questions, and analysis questions must be independent work (see academic dishonesty clause in main syllabus).

Lab Questions

Many of the post lab questions are open ended questions asking for thoughtful answers. Any time you are asked an open ended question you are required to follow the **RACE** format for your answer. It is typical for each lab to ask a “source of error” question at the end of the post lab analysis. I put a lot of value on this question. First and foremost the words “human error” is **never** acceptable. There are *reading errors*, *systematic errors* and *random errors*. Reading errors are usually issues with analog systems, or reflect the precision of your measuring device. Imagine an acceptable answer is 9.801 cm³, but the precision of your setup only allows you to record a value of 10 cm³. This is a reading error and reflects good data within the parameters of the experiment. Systematic errors are things caused primarily by the apparatus. Think of a tape measure that is missing the first centimeter. As a result every measurement will be off by approximately 1cm. Random errors are things that occur because of all the small things we can’t control. If I roll a ball down a ramp and across the floor and measure how far it goes before it stops, we might see several values that differ by a centimeter or two. These are random errors. If our theory says it should go 1.24 m, we get a bunch of numbers that vary around 0.99m, 1.01m, 0.97m, 1.10m, these differences are random errors, and the fact that they are all smaller than the expected value is a systematic error. Your lab reports should explain the small random errors were likely caused by irregularities in the floor and ball as well as the probable cause of the systematic error.

Final Lab Report

The final lab report will be handed in electronically, usually as a spreadsheet with multiple tabs. The first tab will be the grading rubric that I will provide for you in each lab. The second tab will be your data sheet. Graphs must be on their own separate tabs with one graph per sheet, preferably in landscape format. The final tab shall be your answers to the Pre/Post Lab questions. Labs are **always** due at the beginning of class one week after lab day. Some time is provided for writing up the report, but much of the final work will have to be done on your own time. Each lab report is worth 20 points and will be graded using the provided lab rubric.

Important:

In order to advance to the next level, students must have a minimum of 70 percent to pass individual courses. To be more successful in the next level, students should try to achieve 80 percent or higher in individual courses. A GPA less than 2.0 indicates unsatisfactory progress and student may be placed on academic probation.

Grade Standards:

- A (90 - 100 percent): Pass course
- B (80 - 89 percent): Pass course
- C (70 - 79 percent): Pass course
- D (60 - 69 percent): Must repeat course
- F (Below 60 percent): Must repeat course

The high school grade may be recorded as a numerical grade while the university grade will be recorded as a letter grade only. **High school and university grades may differ from each other, depending on your teacher’s and/or high school’s grading policies as shown above.**

Final grades are posted in [MyUI](#).

ACADEMIC INTEGRITY

“Please note that Dual Credit students are held to the same student standards found in the University of Idaho, Student Code of Conduct, which can be viewed at <https://www.uidaho.edu/student-affairs/dean-of-students/student-conduct/student-code-of-conduct>. Definitions of cheating, plagiarism and other forms of academic dishonesty, as well as, policies and procedures for handling such cases are included.”

Important point for exams:

- If you miss an exam on the scheduled exam date, you will not be allowed to earn extra credit points if there is an extra credit option available. This stands even if your absence is excused.
- If you miss an exam on the scheduled exam date and it remains an unexcused absence, you will not be allowed to make up the missed exam. This is a college course. If you miss the exam on campus at the University, you don’t have the opportunity to make it up.

Cell Phone Policy: There will be ABSOLUTELY NO PHONES OR HEADPHONES ALLOWED ONCE YOU ENTER THE CLASSROOM as per school policy.

AI Policy: The emergence of artificial intelligence has created a new space that is rapidly changing how students and teachers interact in the classroom. It is my goal to let students use new technology as much as possible, but there is a limit to what I expect from AI. I aim to be clear what I expect but this can change if new technology presents an issue, and this list can change if that occurs.

Acceptable uses of Artificial Intelligence	Unacceptable uses of Artificial Intelligence
Generating images for projects	Generating text responses
Asking for clarification	Formula solving tools
Getting help on a formula or vocabulary word	Copy and pasting directly from an AI source

DUAL CREDIT POLICIES

Dates and Deadlines

Adding or Dropping Courses: To drop or withdraw from a course, dual credit students must submit a request through [DualEnroll](#). The high school counselor will approve or deny the request; if approved, it will be processed through MyUI. Students must confirm all course changes by logging on to [MyUI](#)—MyUI is the official record.

- A “drop” is when a student unenrolls from a course within the posted drop/add period and does not receive a “W” (withdrawal from course). A dropped course is not transcribed.
- A “withdrawal” is when a student unenrolls from a course after the posted drop/add. A grade of “W” will be transcribed. This will not affect the student’s college grade point average; however, they should check their high school’s policy on how a “W” affects their high school grade point average and eligibility for participating in high school activities and programs.
- If a student withdraws or fails to earn credit for a course paid for by Advanced Opportunities, they must subsequently pay for a similar course to be eligible for further Advanced Opportunities funding.

Note: CHEM 101 is a yearlong course, however, we do not register for the course until the spring semester. Even though registration occurs in the spring your grade is based on your performance in both semesters.

CENTER FOR DISABILITY ACCESS AND RESOURCES (CDAR)

The University of Idaho is committed to ensuring an accessible learning environment where course or instructional content are usable by all students and faculty. If you believe that you require disability-related academic adjustments for this class (including pregnancy-related disabilities), please contact Center for Disability Access and Resources (CDAR) to discuss eligibility. A current accommodation letter from CDAR is required before any modifications, above and beyond what is otherwise available for all other students in this class will be provided. Please be advised that disability-related academic adjustments are not retroactive. CDAR is located at the Bruce Pitman Building, Suite 127. The phone number is 208-885-6307 and e-mail is cdar@uidaho.edu. For a complete listing of services and current business hours visit [Center for Disability Access and Resources](#)

Post Falls School District Course Syllabus

School: Post Falls High School

<p>Course title and description: Honors Earth and Space Science- The course will contain significant levels of reading, writing, statistical analysis, evidence collection, and research. Expect to spend about 2-4 hours on these tasks outside of class per week. This class will be taught in the perspective of inquiry based learning; participation, presentation, and debate are critical components of this course.</p>	<p>Teacher name and contact information:</p> <p>Corey Neal corey.neal@sd273.com</p>
<p>Suggested student supplies:</p> <ul style="list-style-type: none">• Writing utensil(s)-pen, pencil, etc.• Access to the Internet	
<p>Board-approved curriculum and supplemental resources: This course will be taught using the <i>HMH: Dimensions</i> textbook and curriculum. The textbook is available in class or online. Some assignments will be turned in on google classroom, and some must be done in person. It will ALWAYS be on the whiteboard in the front of the room- Some time each week will need to be devoted to these activities and will require some online access. If this is not possible (library, before or after school, friends/relatives house) arrangements must be made before the assignment is due.</p>	
<p>Standards covered: Topics for Honors Earth and Space Science</p> <p><u>Semester 1</u></p> <p>Quarter 1- Connectivity of Earth’s Systems- Chapters 1, 2, and 9; Beaver Project *Standards: HS-ESS2-2, HS-ESS2-3, HS-ESS2-4, HS-ESS2-5, HS-ESS2-6, HS-ESS2-7, HS-ESS3-5, HS-ESS3-6</p> <p>Quarter 2- Space and the Universe- Chapters 4 and 5; Astronomy Project *Standards: HS-ESS1-1, HS-ESS1-2, HS-ESS1-3, HS-ESS1-4, HS-ESS1-6, HS-ESS2-4</p> <p><u>Semester 2</u></p> <p>Quarter 3 - Geologic Processes- Chapters 6, 7, and 10; Fossil Project *Standards: HS-ESS1-5, HS-ESS2-1, HS-ESS2-2, HS-ESS2-3, HS-ESS2-5, HS-ESS2-7, HS-ESS3-1, HS-ESS3-5</p> <p>Quarter 4 - Natural Resources- Chapters 3, 8, and 11; Watershed Project *Standards: HS-ESS2-5, HS-ESS3-1, HS-ESS3-2, HS-ESS3-3, HS-ESS3-4, HS-ESS3-6, HS-ESS1-2, HS-ESS1-3</p>	
<p>Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).</p> <p>Grades in this course are weighted: Yes No</p>	

If yes, grades are weighted as follows:

- Can you explain it? (Classwork)- 15% of final grade; In person
- Notes (Homework)- 10% of final grade; In person
- Labs- 10% of final grade; Some online, some in person
- Participation- 10% of final grade; weekly on Thursdays
- Tests and Quizzes- 30% of final grade; Weekly (quiz) and at the end of each chapter (Test)
- Semester Projects- 10% of final grade; 2, one per quarter
- Semester Final Exam- 15% of final grade; semester

Other information:

Cell Phone Policy: There will be ABSOLUTELY NO PHONES OR HEADPHONES ALLOWED DURING TIMES ONCE YOU ENTER THE CLASSROOM as per school policy.

AI Policy: The emergence of artificial intelligence has created a new space that is rapidly changing how students and teachers interact in the classroom. It is my goal to let students use new technology as much as possible, but there is a limit to what I expect from AI. I aim to be clear what I expect but this can change if new technology presents an issue, and this list can change if that occurs.

Acceptable uses of Artificial Intelligence	Unacceptable uses of Artificial Intelligence
Generating images for projects	Generating text responses
Asking for clarification	Formula solving tools
Getting help on a formula or vocabulary word	Copy and pasting directly from an AI source
	Passing off AI responses as your own work

Make-up and Late Work Policy:

Labs/Notes/Can you explain it?

- THERE ARE NO MAKEUPS OR LATE WORK ACCEPTED IN THESE CATEGORIES (Few exceptions)
- It is expected that your student knows that these will be done every week regardless of circumstance.
- Obvious expectations and considerations will be given, but remember this, "It is better to be proactive, than reactive". If you tell me before it is due, I am much more likely to consider the situation than if it is after the due date.
- Google classroom will record when you turn it in, so make sure you have hit "submit" when you are finished so you don't risk it being marked "Late"

Quiz Make-ups

- Quizzes are done during the weekend and there will be no makeup unless it is arranged before.
- You can take the quiz as often as you want while it is open

- Once the quiz closes it will NOT reopen

Test Corrections

- There are no test corrections in this course

Return this page to your teacher.

Course: _____

Parent/Guardian Opt-In Consent (Per Idaho Code 33-1611)

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

TEXTBOOK: College Physics via (<https://openstax.org/details/books/college-physics-2e>)

Google Classroom Codes: 6th period: 2thhbg27

COURSE DESCRIPTION

Phys 100 is an introductory course included in the General Education in Natural and Applied Sciences curriculum. This course expects that students entering have a solid foundation in Algebra skills. The course will cover introductory material in many of the various branches within the broad topic of physics.

LEARNING OBJECTIVES AND ASSIGNMENTS

Learning Objectives: Upon completing honors physics, the student should be able to demonstrate the following learning objectives:

1. Define Physics
2. Apply the International System of Measures to problem solving
3. Compare/contrast fundamental and derived units
4. Apply the scientific method
5. Apply significant digit rules when solving problems
6. Apply kinematics formulas to solve motion problems.
7. Apply Newton's laws of motion
8. Calculate nonlinear motions.
9. Apply Kepler's Laws
10. Compare/contrast special and general relativity
11. Apply the law of conservation of momentum and angular momentum
12. Solve rotational motion and torque problems
13. Explain the uses of simple machines
14. Apply the work-energy theorem
15. Apply the law of conservation of energy
16. Assess the importance of work/energy in the world around us.
17. Apply the concepts of wavelength, amplitude, frequency.

18. Compare/contrast types of waves
19. Diagram the electromagnetic spectrum
20. Apply Snell's Law
21. Apply the lens maker's formula
22. Define electric charge
23. Compare/contrast static and current electricity
24. Apply Coulomb's Law
25. Apply Ohm's Law
26. Analyze simple series and parallel circuits
27. Explain the relationship between electricity and magnetism
28. Analyze electric and magnetic fields.

University of Idaho Learning Outcomes:

Your performance in this class is determined by your ability to meet the Learning Outcomes expected in this course. These learning outcomes include the University of Idaho Learning Outcome, State of Idaho Learning Outcomes, and specific Learning Outcomes for the content delivered in the course. The content Learning Outcomes are specific for each chapter. In addition to the specific course outcome this course satisfies a part of the General Education Curriculum at UI. This course meets the UI General Learning Outcomes and the State of Idaho Learning Outcomes:

1. **Learn and integrate** – Through independent learning and collaborative study, attain, use, and develop knowledge in the arts, humanities, sciences, and social sciences, with disciplinary specialization and the ability to integrate information across disciplines. Specifically, this course focuses on science.
2. **Think and create** – Use multiple thinking strategies to examine real-world issues, explore creative avenues of expression, solve problems, and make consequential decisions.
3. **Communicate** – Acquire, articulate, create and convey intended meaning using verbal and nonverbal methods of communication that demonstrate respect and understanding in a complex society.
4. **Clarify purpose and perspective** - Explore one's life purpose and meaning through transformation experiences that foster an understanding of self, relationships, and diverse global perspective.
5. **Practice citizenship** – Apply principles of ethical leadership, collaborative engagement, socially responsible behavior, respect for diversity in an interdependent world, and service-oriented commitment to advance and sustain local and global communities.

State of Idaho Learning Outcomes for General Courses in the Natural, Physical, and Applied Sciences:

1. Apply foundational knowledge and models of a natural or physical science to analyze and/or predict phenomena.
2. Understand the scientific method and apply scientific reasoning to critically evaluate assertions.
3. Interpret and communicate scientific information via written, spoken, and/or visual representations.
4. Describe the relevance of specific scientific principles to the human experience.
5. Form and test a hypothesis in the laboratory, classroom, or field using discipline-specific tools and techniques for data collection and/or analysis.

Homework: All homework assignments are 20 points (regardless of the number of actual problems) and generally are **always due on Tuesday**.

Review Assignments: A unit review is always completed prior to a unit test. Reviews are 10 points.

Tests: Tests are always worth 100 points except for the 1st Semester test and the Final test which are each worth 200 points.

GRADING

All grades will be calculated on percent of **total points** earned using the following scale:

Post Falls High School

A = 93% - 100%

A- = 90% - 92%

B+ = 86% - 89%

B = 83% - 85%

B- = 80% - 82%

C+ = 76% - 79%

C = 73% - 75%

C- = 70% - 72%

D+ = 66% - 69%

D = 63% - 65%

D- = 60% - 62%

F = 0% - 59%

University of Idaho*

A \geq 90%

B \geq 80%

C \geq 70%

D \geq 60% **Must repeat course**

F \leq 59% **Must repeat course**

***Note:** UI grades are a 50-50 average of **both** semesters!

Points will be earned from the following topics

Semester 1:

Unit 1: Introduction

- Homework 2 assignments (40 points)
- Review 10 points
- Test 100 points

Unit 2: Kinematics

- Homework 3 assignments (60 points)
- Review (10 Points)
- Exam (100 points)

Unit 3: Dynamics

- Homework 3 assignments (60 points)
- Review (10 Points)
- Exam (100 points)

Unit 4: Vectors

- Homework 4 assignments (80 points)
- Review (10 points)
- Exam (100 Points)

Unit 5: Non-Linear Motion

- Homework 4 assignments (80 points)
- Review (10 points)
- Exam (100 points)

Unit 6: Conservation of momentum and Rotational Motion

- Homework 3 assignments (60 Points)
- Review (10 Points)
- Exam (100 Points)

First Semester Cumulative Final 200 points

Semester 2:

Unit 7: Work-Energy Theorem

- Homework 3 assignments (60 points)
- Review (10 points)
- Exam (100 Points)

Unit 8: Intro to Waves and Sound

- Homework 2 assignments (40 points)
- Review (10 points)
- Exam (100 points)

Unit 9: Light and Optics

- Homework 3 assignments (60 points)
- Review (10 Points)
- Exam (100 points)

Unit 10: Electricity and Magnetism

- Homework 4 assignments (80 points)
- Review (10 points)
- Exam (100 Points)
- Bridge Project (100 points)

Yearlong Cumulative Final: 200 Points

Note: Exact points and number of assignments may vary!

Important:

In order to advance to the next level, students must have a minimum of 70 percent to pass individual courses. To be more successful in the next level, students should try to achieve 80 percent or higher in individual courses. A GPA less than 2.0 indicates unsatisfactory progress and students may be placed on academic probation.

Grade Standards:

- A (90 - 100 percent): Pass course
- B (80 - 89 percent): Pass course
- C (70 - 79 percent): Pass course
- D (60 - 69 percent): Must repeat course
- F (Below 60 percent): Must repeat course

The high school grade may be recorded as a numerical grade while the university grade will be recorded as a letter grade only. **High school and university grades may differ from each other, depending on your teacher’s and/or high school’s grading policies as shown above.**

Final grades are posted in [MyUI](#).

ACADEMIC INTEGRITY

“Please note that Dual Credit students are held to the same student standards found in the University of Idaho, Student Code of Conduct, which can be viewed at <https://www.uidaho.edu/student-affairs/dean-of-students/student-conduct/student-code-of-conduct>. Definitions of cheating, plagiarism and other forms of academic dishonesty, as well as, policies and procedures for handling such cases are included.”

Important point for exams:

- If you miss an exam on the scheduled exam date, you will not be allowed to earn extra credit points if there is an extra credit option available. This stands even if your absence is excused.
- If you miss an exam on the scheduled exam date and it remains an unexcused absence, you will not be allowed to make up the missed exam. This is a college course. If you miss the exam on campus at the University, you don’t have the opportunity to make it up.

Cell Phone Policy: There will be ABSOLUTELY NO PHONES OR HEADPHONES ALLOWED ONCE YOU ENTER THE CLASSROOM as per school policy.

AI Policy: The emergence of artificial intelligence has created a new space that is rapidly changing how students and teachers interact in the classroom. It is my goal to let students use new technology as much as possible, but there is a limit to what I expect from AI. I aim to be clear what I expect but this can change if new technology presents an issue, and this list can change if that occurs.

Acceptable uses of Artificial Intelligence	Unacceptable uses of Artificial Intelligence
Generating images for projects	Generating text responses
Asking for clarification	Formula solving tools
Getting help on a formula or vocabulary word	Copy and pasting directly from an AI source
	Passing off AI responses as your own work

DUAL CREDIT POLICIES

Dates and Deadlines

Adding or Dropping Courses: To drop or withdraw from a course, dual credit students must submit a request through [DualEnroll](#). The high school counselor will approve or deny the request; if approved, it will be processed through MyUI. Students must confirm all course changes by logging on to [MyUI](#)—MyUI is the official record.

- A “drop” is when a student unenrolls from a course within the posted drop/add period and does not receive a “W” (withdrawal from course). A dropped course is not transcribed.
- A “withdrawal” is when a student unenrolls from a course after the posted drop/add. A grade of “W” will be transcribed. This will not affect the student’s college grade point average; however, they should check their high school’s policy on how a “W” affects their high school grade point average and eligibility for participating in high school activities and programs.
- If a student withdraws or fails to earn credit for a course paid for by Advanced Opportunities, they must subsequently pay for a similar course to be eligible for further Advanced Opportunities funding.

Note: CHEM 101 is a yearlong course, however, we do not register for the course until the spring semester. Even though registration occurs in the spring your grade is based on your performance in both semesters.

CENTER FOR DISABILITY ACCESS AND RESOURCES (CDAR)

The University of Idaho is committed to ensuring an accessible learning environment where course or instructional content are usable by all students and faculty. If you believe that you require disability-related academic adjustments for this class (including pregnancy-related disabilities), please contact Center for Disability Access and Resources (CDAR) to discuss eligibility. A current accommodation letter from CDAR is required before any modifications, above and beyond what is otherwise available for all other students in this class will be provided. Please be advised that disability-related academic adjustments are not retroactive. CDAR is located at the Bruce Pitman Building, Suite 127. The phone number is 208-885-6307 and e-mail is cdar@uidaho.edu. For a complete listing of services and current business hours visit [Center for Disability Access and Resources](#)

HELP AND RESOURCES

The University of Idaho provides student support to ensure a successful learning experience. The [Dual Credit Website](#) contains information about the Dual Credit program at the University of Idaho.

[MyUI](#) contains official University of Idaho student records. MyUI is the site students use to access student account/billing information, verify enrollment, and grades.

[VandalMail](#) is the official University of Idaho email service. Students should check their account on a regular basis or forward to your regular checked e-mail account.

[Canvas](#) is the University of Idaho’s course management system. Please ask your instructor if your course requires you to login to Canvas.

Course Evaluations: Student evaluation of teaching has two purposes: To assist individual instructors in improving their own teaching; and to assist academic administrators in counseling instructors about their teaching. Student evaluations are carefully weighed as a factor in judging the teaching component in tenure, promotion, and salary determinations. Click [here](#) to access your student dashboard to see course evaluation status for any class you are enrolled in.

Library Help: The library website has many databases that will help you find relevant and reliable books, articles, images, and more. Do not hesitate to contact a librarian for research assistance.

I will try to respond to your email within 24 hours.

Dr. Christopher Jones

University of Idaho Faculty Liaison

Email: crjones@uidaho.edu

YEAR: 2025-2026 **TERM:** Yearlong **CREDIT HOURS:** 1

PREREQUISITES: None

TEXTBOOK: College Physics via (<https://openstax.org/details/books/college-physics-2e>)

Google Classroom Codes: 6th period: 2thhbg27

COURSE DESCRIPTION

Phys 100L is an introductory course included in the General Education in Natural and Applied Sciences curriculum. This course expects that students entering have a solid foundation in Algebra skills. The course will cover introductory material in many of the various branches within the broad topic of physics. The labs are designed to (1) Teach basic lab techniques and (2) complement and enhance the materials covered in lecture.

LEARNING OBJECTIVES AND ASSIGNMENTS

University of Idaho Learning Outcomes:

Your performance in this class is determined by your ability to meet the Learning Outcomes expected in this course. These learning outcomes include the University of Idaho Learning Outcome, State of Idaho Learning Outcomes, and specific Learning Outcomes for the content delivered in the course. The content Learning Outcomes are specific for each chapter. In addition to the specific course outcome this course satisfies a part of the General Education Curriculum at UI. This course meets the UI General Learning Outcomes and the State of Idaho Learning Outcomes:

1. **Learn and integrate** – Through independent learning and collaborative study, attain, use, and develop knowledge in the arts, humanities, sciences, and social sciences, with disciplinary specialization and the ability to integrate information across disciplines. Specifically, this course focuses on science.
2. **Think and create** – Use multiple thinking strategies to examine real-world issues, explore creative avenues of expression, solve problems, and make consequential decisions.
3. **Communicate** – Acquire, articulate, create and convey intended meaning using verbal and nonverbal methods of communication that demonstrate respect and understanding in a complex society.
4. **Clarify purpose and perspective** - Explore one's life purpose and meaning through transformation experiences that foster an understanding of self, relationships, and diverse global perspective.

5. **Practice citizenship** – Apply principles of ethical leadership, collaborative engagement, socially responsible behavior, respect for diversity in an interdependent world, and service-oriented commitment to advance and sustain local and global communities.

State of Idaho Learning Outcomes for General Courses in the Natural, Physical, and Applied Sciences:

1. Apply foundational knowledge and models of a natural or physical science to analyze and/or predict phenomena.
2. Understand the scientific method and apply scientific reasoning to critically evaluate assertions.
3. Interpret and communicate scientific information via written, spoken, and/or visual representations.
4. Describe the relevance of specific scientific principles to the human experience.
5. Form and test a hypothesis in the laboratory, classroom, or field using discipline-specific tools and techniques for data collection and/or analysis.

Lab Reports: Lab reports are worth 20 points, and are almost always turned in electronically as a spreadsheet. Most labs will contain a grading rubric, a data table, one or more graphs, and a set of lab questions. Details as to what is expected in each section can be found in the lab write up.

There will be 14 laboratory experiments in this course. The names are as follows: Spreadsheet Basics, Introduction to Physics, Data Logging Lab, Introduction to Kinematics, Calculating g, Newton’s 2nd Law-Constant Force, Friction, Impulse, Conservation of Energy, Build-A-Catapult, Pendulums, and Speed of Sound, Snell’s Law, and Circuits.

GRADING

All grades will be calculated on percent of **total points** earned using the following scale:

Post Falls High School

- A = 93% - 100%
- A- = 90% - 92%
- B+ = 86% - 89%
- B = 83% - 85%
- B- = 80% - 82%
- C+ = 76% - 79%
- C = 73% - 75%
- C- = 70% - 72%
- D+ = 66% - 69%
- D = 63% - 65%
- D- = 60% - 62%
- F = 0% - 59%

University of Idaho*

- A ≥ 90%
- B ≥ 80%
- C ≥ 70%
- D ≥ 60% **Must repeat course**
- F ≤ 59% **Must repeat course**

***Note:** UI grades are a 50-50 average of **both** semesters!

Writing Lab Reports

Data Table

Virtually every lab we do has a set of data that needs to be collected during the lab. This ‘raw data’ needs to appear in your final lab copy. During our first few weeks of school we will demonstrate how

to incorporate the data into Google Sheets/Excel for further analysis. The data table should be neat, well organized, expressed with the proper precision, correct units, and easy to follow.

It is required that students learn basic spreadsheet skills such as precision adjustment, writing simple calculation formulas, and expressing data in graphical means.

The data sheet as well as any required graphs will be on separate tabs of the electronic lab report. All members of the same group should have the same or similar data sheets and/or graphs. This is the **only** portion of the lab that should be identical. Pre-lab questions, post lab questions, and analysis questions must be independent work (see academic dishonesty clause).

Essay Questions

Many of the post lab questions are open ended questions asking for thoughtful answers. Any time you are asked an open ended question you are required to follow the RACE format for your answer. It is typical for each lab to ask a “source of error” question at the end of the post lab analysis. I put a lot of value on this question. First and foremost the words “human error” is never acceptable. There are reading errors, systematic errors and random errors. Reading errors are usually issues with analog systems, or reflect the precision of your measuring device. Imagine an acceptable answer is 9.801 cm^3 , but the precision of your setup only allows you to record a value of 10 cm^3 . This is a reading error and reflects good data within the parameters of the experiment. Systematic errors are things caused primarily by the apparatus. Think of a tape measure that is missing the first centimeter. As a result every measurement will be off by approximately 1cm. Random errors are things that occur because of all the small things we can't control. If I roll a ball down a ramp and across the floor and measure how far it goes before it stops, we might see several values that differ by a centimeter or two. These are random errors. If our theory says it should go 1.24 m, we get a bunch of numbers that vary around 0.99m, 1.01m, 0.97m, 1.10m, these differences are random errors, and the fact that they are all smaller than the expected value is a systematic error. Your lab reports should explain the small random errors were likely caused by irregularities in the floor and ball as well as the probable cause of the systematic error.

Final Lab Report

The final lab report will be handed in electronically, usually as a spreadsheet with multiple tabs. The first tab will be the grading rubric that I will provide for you in each lab. The second tab will be your data sheet. Graphs must be on their own separate tabs with one graph per sheet, preferably in landscape format. The final tab shall be your answers to the Pre/Post Lab questions. Labs are **always** due at the beginning of class one week after lab day. Some time is provided for writing up the report, but much of the final work will have to be done on your own time. Each lab report is worth 20 points and will be graded using the provided lab rubric.

Important:

In order to advance to the next level, students must have a minimum of 70 percent to pass individual courses. To be more successful in the next level, students should try to achieve 80 percent or higher in individual courses. A GPA less than 2.0 indicates unsatisfactory progress and students may be placed on academic probation.

Grade Standards:

- A (90 - 100 percent): Pass course
- B (80 - 89 percent): Pass course
- C (70 - 79 percent): Pass course
- D (60 - 69 percent): Must repeat course
- F (Below 60 percent): Must repeat course

The high school grade may be recorded as a numerical grade while the university grade will be recorded as a letter grade only. **High school and university grades may differ from each other, depending on your teacher’s and/or high school’s grading policies as shown above.**

Final grades are posted in [MyUI](#).

ACADEMIC INTEGRITY

“Please note that Dual Credit students are held to the same student standards found in the University of Idaho, Student Code of Conduct, which can be viewed at <https://www.uidaho.edu/student-affairs/dean-of-students/student-conduct/student-code-of-conduct>. Definitions of cheating, plagiarism and other forms of academic dishonesty, as well as, policies and procedures for handling such cases are included.”

Cell Phone Policy: There will be ABSOLUTELY NO PHONES OR HEADPHONES ALLOWED ONCE YOU ENTER THE CLASSROOM as per school policy.

AI Policy: The emergence of artificial intelligence has created a new space that is rapidly changing how students and teachers interact in the classroom. It is my goal to let students use new technology as much as possible, but there is a limit to what I expect from AI. I aim to be clear what I expect but this can change if new technology presents an issue, and this list can change if that occurs.

Acceptable uses of Artificial Intelligence	Unacceptable uses of Artificial Intelligence
Generating images for projects	Generating text responses
Asking for clarification	Formula solving tools
Getting help on a formula or vocabulary word	Copy and pasting directly from an AI source
	Passing off AI responses as your own work

DUAL CREDIT POLICIES

Dates and Deadlines

Adding or Dropping Courses: To drop or withdraw from a course, dual credit students must submit a request through [DualEnroll](#). The high school counselor will approve or deny the request; if approved, it will

be processed through MyUI. Students must confirm all course changes by logging on to [MyUI](#)—MyUI is the official record.

- A “drop” is when a student unenrolls from a course within the posted drop/add period and does not receive a “W” (withdrawal from course). A dropped course is not transcribed.
- A “withdrawal” is when a student unenrolls from a course after the posted drop/add. A grade of “W” will be transcribed. This will not affect the student’s college grade point average; however, they should check their high school’s policy on how a “W” affects their high school grade point average and eligibility for participating in high school activities and programs.
- If a student withdraws or fails to earn credit for a course paid for by Advanced Opportunities, they must subsequently pay for a similar course to be eligible for further Advanced Opportunities funding.

Note: Phys 100L is a yearlong course, however, we do not register for the course until the spring semester. Even though registration occurs in the spring your grade is based on your performance in **both** semesters.

Other information:

Classroom Expectations:

All students will:

...adhere to the policies set by Post Falls High School, as stated in the student handbook.

...be open to mathematical growth and learning.

...follow the Golden Rule: **Respect!** yourself as well as others.

...use class time productively.

CELL PHONE POLICY

Cell Phones/Electronic Devices Post Falls School District policy is also our classroom policy. :) Devices must be off and away for the day. **If a prohibited electronic device is used, (this includes cell phones and earbuds) you will be asked to take the device to surrender it in the In House Suspension room in our office per our student handbook. Your parent, guardian or anyone on the Skyward emergency contact list will be responsible for picking up the item. Parents: Please refrain from contacting your student through text or phone during classroom time. If a circumstance occurs that requires immediate attention, please contact the office 1-208-773-0581.**

Return this page to your teacher.

Student Name: _____

Course: _____

Parent/Guardian Opt-In Consent (Per Idaho Code 33-1611)

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

Parent/Guardian Name (Printed): _____

Parent/Guardian Signature: _____ Date: _____

Post Falls School District Course Syllabus

School: Post Falls High School

Algebra 2

Course Description:

Algebra 2 is a year-long course that builds on Algebra 1 and Geometry concepts. This course will prepare students for future mathematics courses at the high school and college level. The concepts covered in this course are based on the Idaho Common Core standards for Algebra 2. A portion of the course will be spent preparing students for college or technical school entrance exams and/or the Idaho ISAT Exam.

Course Instructor: Macklin Warrington

Email: macklin.warrington@sd273.com

Room: 216

Phone: 208-773-0581 Ext 6216

Google Classroom Codes:

4th Period: jhsjxh3e

5th Period: q723bz2o

6th Period: oitthtjn

Suggested student supplies:

Notebook/paper for taking notes and doing assignments, folder to keep things organized, scientific or graphing calculator, pen or pencil. A classroom set of textbooks will be available during class for students to use. A classroom set of scientific calculators will be available to students during each class period. Sanitation supplies available.

Board-approved curriculum and supplemental resources: Pearson's Algebra 2 Common Core

Unit 1: Expressions, Equations and Inequalities

Unit 2: Functions, Equations, and Graphs

Unit 3: Linear Systems

Unit 4: Quadratic Functions and Equations

Unit 5: Polynomials and Polynomial Functions

Unit 6: Radical Functions and Rational Exponents

Unit 7: Exponential and Logarithmic Functions

Unit 8: Rational Functions

Unit 9: Sequences and Series

Unit 10: Quadratic Relations and Conic Sections

Unit 12: Matrices

Unit 13: Periodic Functions and Trigonometry

Unit 14: Trigonometric Identities and Equations

Standards covered:

Chapter 1: A-SSE.B.3, N-4N.B.3 prep, N-Q.A.2, A-SSE.A.1, A-CED.A.1, A-CED.A.4

Chapter 2: F-IF.A.1, F-IF.A.2, A-CED.A.2, F-IF.C.9, F-IF.B.4, F-BF.B.3

Chapter 3: A-CED.A.2, A-REI.C.6, A-REI.D.12, A-CED.A.3, A-REI.C.8

Chapter 4: F-BF.B.3, A-CED.A.1, F-IF.B.4, F-IF.B.6, A-CED.A.2, F-IF.C.8, F-IF.C.9, F-IF.B.5, A-SSE.A.2, A-CED.A.1, A-REI.B.4b, N-CN.A.1, N-CN.A.2, N-CN.C.7, N-CN.C.8, A-CED.A.3, A-REI.C.7, A-REI.D.11

Chapter 5: F-IF-C.7c, A-SSE.A.1a, A-APR.B.3, A-REI.D.11, A-SSE.A.2, A-APR.B.2, A-APR.A.1, N-CN.C.7, N-CN.C.8, N-CN.C.9, A-APR.C.5.

Chapter 6: A-SSE.A.2, N-RN.A.2, A-REI.A.2, F-BF.A.1b, F-BF.B.4a, F-IF.C.7b, F-IF.C

Chapter 7: F-IF.C.7e, A-SSE.A.1b, A-CED.A.2, F-IF.C.8, F-BF.A.1b, F-BF.B.4a, F-IF.C.9, F-IF.A.4, F-LE.A.4, A-REI.D.11

Chapter 8: A-CED.A.2, F-BF.B.3, F-IF.C.7d, F-Bf.A.1b, A-SSE.A.2, A-SSE.A.1b, A-APR.D.7, A-APR.D.7

Chapter 9: A-SSE.B.4, F-IF.A.3, A-SSE.B.4

Chapter 10: G-GPE-A.1, G-GPE-A.2, G-GPE-A.3

Chapter 12: N-VM.C.8, N-VM.C.10, N-VM.C.6, N-VM.C.7, N-VM.C.12, G-CO.A.5, G-CO.A.2, N-VM.B.5a, N-VM.A.2, N-VM.A.3

Chapter 13: F-IF.B.4, F-TF.B.5, F-TF.A.2, F-TF.A.1, F-IF.C.7e

Chapter 14: F-TF.C.8, F-TF.B.6, G-SRT.C.6, G-SRT.D.9, G-SRT.D.11, G-SRT.D.10, F-TF.C.9

Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).

Grades in this course are weighted: No

Classroom Expectations:

1. Come to class prepared.
2. Be respectful to others.
3. Cheating will not be tolerated. Students will be given a zero on the assignment/assessment and parents/administration will be notified.
4. In order to maintain a positive learning environment, **cell phones/electronic devices** should not be a distraction and will be taken away if they interfere with classroom learning.
5. Food/drinks should not be in the classroom.
6. Participate in Google Classroom

CELL PHONE POLICY

In order to ensure academic success, student electronic devices will not be used during class time. If a prohibited electronic device is used, (this includes cell phones and earbuds) you will be asked to take the device to surrender it in the In House Suspension room in our office per our student handbook. Your parent, guardian or anyone on the Skyward emergency contact list will be responsible for picking up the item. Parents: Please refrain from contacting your student through text or phone during classroom time. If a circumstance occurs that requires immediate attention, please contact the office 1-208-773-0581.

Tardy Policy According to Student Handbook: Per semester: 2 unexcused tardies = detention. 4 = in-house suspension. 6 or more even multiples = Friday school.

PFHS Semester Grading:

Tests: 45% of grade.

Quizzes: 25% of grade.

Homework: 15% of grade

Final Exam: 15% of grade

Tests/Quizzes: Usually one per unit. Quizzes may be retaken for full credit within the chapter being covered. Test retakes are available. The average of the original score and the new score will be the new test grade.

Homework Record: Homework is graded during each in-class session and recorded on the homework record (4 pts = complete, 3 points = mostly completed, 2 point = about half completed, 1 point = less than half completed, 0 point = not done). Entry tasks are recorded each day on the back side of the homework record. Homework records will be turned in weekly. There will also be HW Quizzes that will be one question and will be over the concepts from the homework. HW Quizzes can be retaken twice.

Google Classroom: Students need to check GC regularly. The students will have access to all homework, notes, answer keys and extra help. There will be extra credit opportunities for students throughout the semester. Use this tool to your advantage!

** Answer keys are available for students to check their work. Students must show all work to receive credit on homework. Copying the answers will not prepare you for the tests and quizzes.

Notebook: Students will keep all notes and assignments in a notebook. This notebook may be used when announced on certain quizzes and tests. It is crucial students take good notes.

Absences/Late work: Students will have 1 to 2 days to make up missing work due to excused absences. LATE WORK WILL NOT BE ACCEPTED.

Passes to leave classroom: It is desirable for students not to leave the classroom. Teacher will limit the number of times that students leave so as not to interrupt the learning environment.

Extra Help: Students can come in for help before or after school. You may ask via email or Google Classroom. **Please do not hesitate to contact me with any questions. There are no dumb questions!**

Return this page to your teacher.

School: Post Falls

Course title and description: Algebra 1	Teacher name and contact information: Jessica Smart - jessica.smart@sd273.com Kathryn Sinn - kathryn.sinn@sd273.com Steve Palmer - steve.palmer@sd273.com Stephanie Eskew - stephanie.eskew@sd273.com
Suggested student supplies: Notebook, writing utensils, and scientific calculator	
Board-approved curriculum and supplemental resources: Pearson's Common Core Algebra 1 Kuta Software (Algebra 1)	

Standards covered:

Chapter 1	Standards
1-1 Variables and Expressions	A-SSE.A.1, A-SSE.A.1a
1-2 Order of Operations and Evaluating Expressions	A-SSE.A.1, A-SSE.A.1a
1-3 Real Numbers and the Number Line	N-RN.B.3
1-4 Properties of Real Numbers	N-RN.B.3
1-5 Adding and Subtracting Real Numbers	N-RN.B.3
1-6 Multiplying and Dividing Real Numbers	N-RN.B.3
1-7 The Distributive Property	A-SSE.A.1a
1-8 And Introduction to Equations	A-CED.A.1
1-9 Patterns, Equations, and Graphs	A-CED.A.2, A-REI.D.10
Chapter 2	Standards
2.1 Solving One-Step Equations	A-CED.A.1, A-REI.B.3
2.2 Solving Two-Step Equations	A-CED.1.1, A-REI.A.1, A-REI.B.3
2.3 Solving Multi-Step Equations	A-CED.A.1, A-REI.A.1, A-REI.B.3
2.4 Solving Equations with Variables on Both Sides	A-CED.A.1, A-REI.A.1, A-REI.B.3
2.5 Literal Equations and Formulas	N-Q.A.1, A-CED.A.1, A-CED.A.4, A-REI.A.1, A-REI.B.3
2.6 Ratios, Rates, and Conversions	N-Q.A.1, N-Q.A.2
2.7 Solving Proportions	N-Q.A.1, A-CED.A.1, A-REI.B.3
2.8 Proportions and Similar Figures	A-CED.A.1, A-REI.B.3
2.9 Percents	N-Q.A.3
2.10 Changes Expressed as a Percent	N-Q.A.3
Chapter 3	Standards
3-1 Inequalities and Their Graphs	A-REI.B.3
3-2 Solving Inequalities - Addition or Subtraction	A-REI.B.3 & A-CED.A.1
3-3 Solving Inequalities - Multiplication or Division	A-CED.A.1, N-Q.A.2, A-REI.B.3
3-4 Solving Multi-Step Inequalities	A-REI.B.3, A-CED.A.1
3-5 Working With Sets	A-REI.B.3
3-6 Compound Inequalities	A-REI.B.3, A-CED.A.1
3-7 Absolute Value Equations and Inequalities	A-CED.A.1, A-SSE.A.1b
3-8 Unions and Intersections of Sets	A-CED.A.1
Chapter 4	Standards
4-1 - Using Graphs to Relate Two Quantities	F-IF.B.4
4-2 Patterns and Linear Functions	A-REI.D.10, F-IF.B.4
4-3 Patterns and Nonlinear Functions	A-REI.D.10, F-IF.B.4
4-4 Graphing a Function Rule	F-IF.B.5, N-Q.A.1, A-REI.D.10
4-5 Writing a Function Rule	N-Q.A.2, A-SSE.A.1a, A-CED.A.2
4-6 Formalizing Relations and Functions	F-IF.A.1, F-IF.A.2
4-7 Arithmetic Sequences	F-IF.A.3, A-SSE.A.1a, F-BF.A.1a, F-BF.A.2, F-LE.A.2
Chapter 5	Standards
5-1 Rate of Change and Slope	F-LE.A.1b, F-IF.B.6,
5-2 Direct Variation	A-CED.A.2, N-Q.A.2
5-3 Slope Intercept Form	F-IF.C.7a, A-SSE.A.1a, A-CED.A.2, F-IF.B.4, F-LE.A.2

5-4 Point Slope Form	F-LE.A.2, A-CED.A.2, F-IF.B.4, F-IF.C.7a, F-LE.B.5	
5-5 Standard Form	A-CED.A.2, F-IF.B.4, F-IF.C.7a, F-LE.A.2, F-LE.B.5	
5-6 Parallel and Perpendicular Lines	G-GPE.B.5	
5-7 Scatter Plots and Trend Lines	S-ID.B.6c, S-ID.B.6a, S-ID.C.7, S-ID.C.8, S-ID.C.9	
5-8 Graphing Absolute Value Functions	F-BF.B.3	
Chapter 6	Standards	
6-1 Solving Systems by Graphing	A-REI.C.6	
6-2 Solving Systems Using Substitution	A-REI.C.6	
6-3 Solving Systems Using Elimination	A-REI.C.5, A-REI.C.6	
6-4 Applications of Linear Systems	A-REI.C.6, N-Q.A.3, A-CEC.A.3	
6-5 Linear Inequalities	A-REI.D.12, A-CED.A.3	
6-6 Systems of Linear Inequalities	A-REI.D.12	
Chapter 7	Standards	
7-1 Zero and Negative Exponents	N-RN.A.1, N-RN.A.2	
7-2 Multiplying Powers With the Same Base	N-RN.A.1	
7-3 More Multiplication Properties of Exponents	N-RN.A.1	
7-4 Division Properties of Exponents	N-RN.A.1	
7-5 Rational Exponents and Radicals	N-RN.A.2	
7-6 Exponential Functions	F-IF.C.7e, F-IF.B.4, F-IF.B.5, F-IF.C.9, F-LE.A.2	
7-7 Exponential Growth and Decay	F-IF.C.8b, A-SSE.B.3c, A-CED.A.2, F-LE.A.1c, F-LE.B.5	
Chapter 8	Standards	
8-1 Adding and Subtracting Polynomials	A-APR.A.1	
8-2 Multiplying and Factoring	A-APR.A.1	
8-3 Multiplying Binomials	A-APR.A.1	
8-4 Multiplying Special Cases	A-APR.A.1	
8-5 Factoring Quadratic Trinomials $a=1$	A-SSE.A.1a	
8-6 Factoring Quadratic Trinomials $a \neq 1$	A-SSE.A.1a	
8-7 Factoring Special Cases	A-SSE.A.1a, A-SSE.A.1b, A-SSE.A.2	
8-8 Factoring by Grouping	A-SSE.A.1a, A-SSE.A.1b, A-SSE.A.2	
Chapter 9	Standards	
9.1 Quadratic Graphs and Their Properties	A-SSE.A.1, A-CED.A.2, F-IF.B.4, F-IF.B.5, F-IF.C.7, F-IF.C.7A, F-IF.C.7B, F-BF.B.3	
9.2 Quadratic Functions	A-SSE.A.1, A-CED.A.2, F-IF.B.4, F-IF.C.7, F-IF.C.7A, F-IF.C.8A, F-IF.C.9, F-BF.A.1, F-BF.B.3	
9.3 Solving Quadratic Equations	A-CED.A.1, A-CED.A.4, A-APR.B.3, A-REI.B.4, A-REI.B.4B	
9.4 Factoring to Solve Quadratic Equations	A-SSE.B.3, A-SSE.B.3A, A-CED.A.1, A-REI.B.4, A-REI.B.4B, F-IF.C.8A	
9.5 Completing the Square	N-Q.A.3, A-SSE.A.1, A-SSE.A.1A, A-SSE.A.1B, A-SSE.B.3, A-SSE.B.3B, A-CED.A.1, A-REI.A.1, A-REI.B.4, A-REI.B.4A, A-REI.B.4B, F-IF.C.8A	
9.6 The Quadratic Formula and Discriminant	N-Q.A.3, A-SSE.A.1, A-CED.A.1, A-REI.B.4, A-REI.B.4A, A-REI.B.4B	
9.7 Linear, Quadratic, and Exponential Models	F-IF.B.4, F-BF.A.1B, F-LE.A.1, F-LE.A.1A, F-LE.A.2, F-LE.A.3, S-ID.B.6A	
9.8 Systems of Linear and Quadratic Equations	A-CED.A.3, A-REI.C.7, A-REI.D.11	
Chapter 10	Standards	
10-2 Simplifying Radicals	A-REI.A.2	

Chapter 11	Standards	
11.1 Simplifying Rational Expressions	A-APR.D.7	
11.2 Multiplying and Dividing Rational Expressions	A-APR.D.7	
11.3 Dividing Polynomials	A-APR.D.6	

Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).

Grades in this course are weighted:

- Yes
- No

If yes, grades are weighted as follows: .5 percentage points added because it is an honors class

Other information:

Course: _____

Parent/Guardian Opt-In Consent (Per Idaho Code 33-1611)

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

Math 170 | Calculus I

Mr. Macklin Warrington

Post Falls High School

Post Falls, Idaho

Email: macklin.warrington@sd273.com

Phone: 208-773-0581 ext. 6216

Google Classroom Code: l24mlh2q

Theresa Allen

University of Idaho Faculty Liaison

Email: tmallen@uidaho.edu

Phone: 208-885-1168

TERM: Yearlong **CREDIT HOURS:** 4 **COURSE FORMAT:** Face to Face instruction, M-F

PREREQUISITES: Completion of Precalculus (C+ or better grade)

TEXTBOOK: Calculus of a Single Variable, 10 Edition. Larson/Edwards. ISBN-13: 978-1-285-06028-6

COURSE DESCRIPTION

This course covers functions, limits, continuity, differentiation, integration, and their applications. Students taking this course should have successfully completed (C+ or higher) a Precalculus course. Primarily for students pursuing a degree or career in engineering, mathematics, science or computer science. Four credits will be available through the University of Idaho for Calculus I (MATH 170); students will be given more information about dual credit as it becomes available.

Classroom Expectations

1. Come to class prepared.
2. Be respectful to others.
3. Cheating will not be tolerated. Students will be given a zero on the assignment/assessment and parents/administration will be notified.
4. In order to maintain a positive learning environment, **cell phones/electronic devices** should not be a distraction and will be taken away if they interfere with classroom learning.
5. Food/drinks should not be in the classroom.
6. Participate in Google Classroom

ASSIGNMENTS

Learning Outcomes

- The student will have a conceptual understanding of the basic notions of calculus – limit, derivative, and integral – and be able to interpret these appropriately in graphical settings.
- The student will be able to use standard techniques to compute limits, derivatives, and integrals, particularly the differentiation rules and the technique of integration by substitution.
- The student will understand the definition of the derivative as a limit of difference quotients, and also the definition of the definite integral as a limit of Riemann sums.
- The student will be able to apply derivatives and integrals appropriately in application problems to compute rates of change, areas, and volumes.

Learning Activities / Assignments

Student learning activities include daily assignments, investigative labs, quizzes, exams, classroom participation and discussion, and an end of course assessment (final exam).

GRADING

Student grades will be posted on the Skyward system, located on the district website www.pfsd.com and updated weekly. Students should monitor their progress and speak to Mr. Warrington if questions arise. Students may request a printed progress report at any time from your teacher.

Course Work	Percent of Final Grade
Homework	10%
Quizzes/Group Tasks/Labs	30%
Unit Exams	40%
Semester Final Exams	20%
TOTAL	100%

Homework

We will be having homework daily. It is vital to the class that you understand the homework. If you are struggling with the homework and don't understand it completely, that is a sign that you may need to come in for some extra help.

Extra Help: Students can come in for help before or after school. You may ask via email or Google Classroom. **Please do not hesitate to contact me with any questions. There are no dumb questions!**

QUIZZES

We will be having quizzes weekly or biweekly. If you plan on being gone on the day of the quiz, you need to let Mr. Warrington know before hand and set up a time to make it up. Quizzes will be graded promptly and once they are returned students will **not** have the chance to take the quizzes. If a student takes all the quizzes in a semester, 3% points will be added to each quiz. Students have the option to drop two of their quizzes in a semester.

There will also be homework quizzes that will happen randomly. These quizzes will cover concepts on the homework. They will be one to three questions. Students can retake these homework quizzes once. If a student takes all the homework quizzes for the semester, they will get a free 100% on a homework quiz.

Tests

We will be having a test after every chapter. For some chapters, we will be having practice tests that will count as a small percentage of your test grade.

Important College Information:

In order to advance to the next level, students must have a minimum of 70 percent to pass individual courses. To be more successful in the next level, students should try to achieve 80 percent or higher in individual courses. A GPA less than 2.0 indicates unsatisfactory progress and may be placed on academic probation.

Grade Standards:

- A (90 - 100 percent): pass course
- B (80 - 89 percent): pass course
- C (70 - 79 percent): pass course
- D (60 - 69 percent): must repeat course
- F (Below 60 percent): must repeat course

The Dual Credit High School Grade is recorded as a numerical grade on a 100-point scale. The Dual Credit University Grade is recorded as a letter grade only. Final grades are posted in [Vandal Web](#).

ACADEMIC INTEGRITY

“Please note that Dual Credit students are held to the same student standards found in the University of Idaho, Student Code of Conduct, which can be viewed at <https://www.uidaho.edu/student-affairs/dean-of-students/student-conduct/student-code-of-conduct>. Definitions of cheating, plagiarism and other forms of academic dishonesty, as well as, policies and procedures for handling such cases are included.”

DUAL CREDIT POLICIES

[Dates and Deadlines](#)

Adding or Dropping Courses: Dual credit students **must add, drop, or withdrawal from a course through [DualEnroll](#)**. Any course drop or withdrawal requests must be approved by a high school counselor.

To drop or withdraw from a course, students must submit a request through [DualEnroll](#). The high school counselor will approve or deny the request; if approved, it will be processed through VandalWeb. Students must confirm all course changes by logging on to [VandalWeb](#)—VandalWeb is the official record.

- A “drop” is when students are taken out of a course within the posted drop/add period and do not receive a grade of W (withdrawal from course). A dropped course is not transcribed.
- A “withdrawal” is when students are taken out of a course after the posted drop/add period (some instructors may withdraw students for nonattendance). A grade of “W” will be transcribed. This will not affect the student’s college grade point average; however, they should check their high school’s policy on how a “W” affects their high school grade point average and eligibility for participating in high school activities and programs.
- If students withdraw or fail to earn credit for a course paid for by Advanced Opportunities, they must subsequently pay for a similar course to be eligible for further Advanced Opportunities funding.

CENTER FOR DISABILITY ACCESS AND RESOURCES (CDAR)

Reasonable accommodations are available for students who have documented temporary or permanent disabilities. All

accommodations must be approved through the Center for Disability Access and Resources (CDAR) in order to notify your instructor(s) as soon as possible regarding accommodation(s) needed for the course.

- PHONE: (208) 885-6307
- cdar@uidaho.edu
- <https://www.uidaho.edu/current-students/cdar>

HELP AND RESOURCES

The University of Idaho provides student support to ensure a successful learning experience. The [Dual Credit Website](#) contains information about the Dual Credit program at the University of Idaho.

[VandalWeb](#) contains your official University of Idaho student records. VandalWeb is the site students use to access student account/billing information, verify enrollment, and grades.

[VandalMail](#) is the official University of Idaho email service. Students should check their account on a regular basis or forward to your regular checked e-mail account.

[Canvas](#) is the University of Idaho's course management system. Please ask your instructor if your course requires you to login to Canvas.

[Course Evaluations](#): Student evaluation of teaching has two purposes: To assist individual instructors in improving their own teaching; and to assist academic administrators in counseling instructors about their teaching. Student evaluations are carefully weighed as a factor in judging the teaching component in tenure, promotion, and salary determinations. Click [here](#) to access your student dashboard to see course evaluation status for any class you are enrolled in.

[Library Help](#): The library website has many databases that will help you find relevant and reliable books, articles, images, and more. Do not hesitate to contact a librarian for research assistance.

- [UIDAHO Library](#)
- [UIDAHO Library \(Off Campus\)](#)
- [Help – Reference Services](#)

[Technology Help](#): The U of I Student Technology Center provides many technology-related services to students.

- [PHONE: 208-885-HELP \(208-885-4357\)](#)
- support@uidaho.edu

<p>Board-approved curriculum and supplemental resources: Pearson Geometry Common Core textbook</p>	
<p>Standards Covered: G-CO.A.1 G-CO.A.2 G-CO.A.3 G-CO.A.4 G-CO.A.5 G-CO.B.6 G-CO.B.7 G-CO.B.8 G-CO.C.9 G-CO.C.10 G-CO.C.11 G-CO.D.12 G-CO.D.13 G-SRT.A.1a G-SRT.A.1b G-SRT.A.2 G-SRT.A.3 G-SRT.B.4 G-SRT.B.5 G-SRT.C.6 G-SRT.C.7 G-SRT.C.8 G-C.A.1 G-C.A.2 G-C.A.3 G-C.A.5 G-GPE.A.1 G-GPE.B.4 G-GPE.B.5 G-GPE.B.6 G-GPE.B.7 G-GMD.A.1 G-GMD.A.3 G-GMD.A.4 G-MG.A.1 G-MG.A.2 G-MG.A.3</p>	
<p>Grading: Grades will be earned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).</p>	
<p>Grades in this course are weighted Categories are weighted as follows:</p> <ul style="list-style-type: none">• Daily Assignments: 15%• Chapter Quizzes: 25%• Chapter Tests/Projects: 50%• Semester Final: 10% <p>Daily Assignments Turn-in and Scoring: On Monday's ONE Daily Assignment from the previous week will be randomly drawn (by a student) as the assignment that is turned in and recorded in the gradebook on Skyward. Scores will be input during the week the assignment was collected. Assignments will be scored based on accuracy and completion.</p> <p>QUIZZES 10-50 points each. Students may use their notes and math notebooks on quizzes. Their math notebook will be THE best resource! Therefore, retakes and corrections for ½ points will not be offered.</p> <p>Chapter Tests/Projects: One per unit, 100 points each. Students may use their index card as their notes on Unit Tests and their semester final. Semester finals are cumulative.</p>	

Scores of 80% or higher demonstrates concept mastery.

Scores of less than 80% demonstrate concept knowledge at the time of taking the Unit Chapter Test.

Students may use 1 index card (any size) with notes/examples/vocabulary as their Students who score less than 80% will take the opportunity to earn up to ½ points back which will be added to their original test score.

Chapter Tests/Projects (continued)

Test Corrections Rubric will be posted on our Google Classroom. Corrections are due 1 week from the date the test was returned to students.

Original Test Scores will be recorded 7 school days from the day students took the test.

Students should check their grades for confirmation of accuracy once the scores have been input and the test has been returned to the students.

Student grades may be checked at www.pfsd.com using the link “Skyward Family/Student Access” on the left.

Instruction for this course will take place primarily in the classroom. Chrome books and school grounds will be used occasionally. Assignments not completed in the classroom become homework, and students are expected to have them completed the next day. In the event that I am unavailable, students are welcome to seek help from other math instructors as well as online. Useful online websites include youtube.com; khanacademy.org, and DESMOS.COM

Students will learn the material through practice, discussion and application. Daily work provides an opportunity to master skills. Handouts will be utilized when text material needs to be enhanced. Opportunities to ask questions, to discuss, and to review concepts will occur frequently. Projects, tasks and tests allow students to demonstrate their abilities to apply concepts individually.

CELL PHONE POLICY

Cell Phones/Electronic Devices Post Falls School District policy is also our classroom policy. :) Devices must be off and away for the day. **If a prohibited electronic device is used, (this includes cell phones and earbuds) you will be asked to take the device to surrender it in the In House Suspension room in our office per our student handbook. Your parent, guardian or anyone on the Skyward emergency contact list will be responsible for picking up the item. Parents: Please refrain from contacting your student through text or phone during classroom time. If a circumstance occurs that requires immediate attention, please contact the office 1-208-773-0581.**

Excused Absences and Late Work:

Assignments may be obtained on Google Classroom, and/or hard copies in the daily assignment folder.

Students are responsible to copy the class notes and lesson examples into their math notebooks. Always check Google Classroom for Class Notes/Intro Lessons and Assignments. :)

Missed quizzes and tests must be scheduled or taken upon the student returning to class and completed within the number of school days a student is absent.

Best Practice: Always check in with the teacher after an absence with any questions and/or concerns so we're all on the same page!

Failure to meet this timeline will result in a zero for the missing grade(s).

LATE WORK:

Students who miss class due to illness are allowed 1 school day per day of the excused absence turn in the assignment(s).

Work from prearranged absences and school activities is due the day students return to school.

Unexcused Absences/Truancies: A zero will be recorded for any missed work, including tests.

Classroom Expectations:

All students will:

...adhere to the policies set by Post Falls High School, as stated in the student handbook.

...be open to mathematical growth and learning.

...follow the Golden Rule: **Respect!** yourself as well as others.

...use class time productively.

...join **Google Classroom** using **codes** located at the top of your syllabus.

Failure to meet Classroom Expectations will result in:

Communication between the teacher and student, &/or Detention assigned to the student, &/or Parent Contact, &/or Referral to administration

Passes to leave classroom: It is desirable for students not to leave the classroom. Teachers will limit the number of times that students leave so as not to interrupt the learning environment.

Return this page to your teacher.

Parent/Guardian Opt-In Consent (Per Idaho Code 33-1611)

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

<p>Instruction for this course will take place primarily in the classroom. Chrome books and school grounds will be used occasionally. Assignments not completed in the classroom become homework, and students are expected to have them completed the next day. Students needing additional assistance are encouraged to make arrangements to see me half an hour before or after school. In the event that I am unavailable, students are welcome to seek help from other math instructors as well as online. Useful online websites include youtube.com and khanacademy.org.</p> <p>Students will learn the material through practice, discussion and application. Daily work provides an opportunity to master skills. Handouts will be utilized when text material needs to be enhanced. Opportunities to ask questions, to discuss, and to review concepts will occur frequently. Projects, tasks and tests allow students to demonstrate their abilities to apply concepts individually.</p>	

Scores below 73% do not represent mastery. One test retake is offered per semester. At the end of Semester 1, students with an overall grade below 73% will transfer to regular Geometry.

Cell Phones/Electronic Devices should not cause a distraction in class. Devices must be out of sight during class. Any device used during class will result in confiscation of the device for the remainder of the day.

Grading:

Grades will be calculated as follows: 50% tests & projects, 20% quizzes, 15% assignments & tasks, 15% final exam. Student grades may be checked regularly after the first two weeks of each semester at www.pfsd.com using the link "Skyward Family/Student Access" on the left.

Grading Categories:

Tests: One per unit, 100 points each. Semester finals are cumulative. One chapter test may be retaken each semester. The new test score will replace the old test score.

Quizzes: One or two per week, 10-50 points each. Retakes are available during the current unit. A retake grade replaces the old quiz score. Once the unit test is given, the quiz grades are locked in.

Assignments: Checked daily or weekly, worth 3 points each day based on completeness, and recorded on the Homework Record Sheet. Weekly Homework quiz and entry tasks on the back of the Homework Record. **No late work will be accepted**, with the exception of excused absences! Work from prearranged absences and school activities is due the day of return.

Excused Absences and late work:

*You are allowed one school day per day of excused absence to turn in work. Assignments may be obtained from the students' HW Record, Google Classroom, or by email.

*You must copy missed class notes and warm-ups from another student or Google Classroom.

*Missed quizzes and tests must be taken upon return or scheduled to be taken outside of class. They must be completed within the number of school days you were absent.

**Failure to meet this timeline will result in a zero for the missing grade(s).

Unexcused Absences/Tuancies: A zero will be recorded for any missed work, including tests.

Classroom Expectations:

All students will:

...adhere to the policies set by Post Falls High School, as stated in the student handbook.

...be open to mathematical growth and learning.

...follow the Golden Rule: **Respect!** yourself as well as others.

...use class time productively.

...join **Google Classroom** using **code:** 6bhiyewh

Failure to meet Classroom Expectations will result in:

Communication between the teacher and student, &/or Detention assigned to the student, &/or Parent Contact, &/or Referral to administration

Rewards:

*Each student's lowest homework score will be removed at the end of each semester.

*Each student's lowest quiz score will be removed at the end of each semester.

*Extra credit assignments may be given once per chapter.

*Extra credit if you save & turn this syllabus in with you with 2nd semester EOCA.

MATH 123 | Math in Modern Society

High School Course Name: Math in Modern Society

Macklin Warrington & Rita Shaber
Post Falls High School
Post Falls, Idaho 83854
Email: macklin.warrington@sd273.com
rita.shaber@sd273.com
Phone: (208)773-0581

Theresa Allen
University of Idaho Faculty Liaison
Email: tmallen@uidaho.edu
Phone: (208)885-7709

YEAR: 2025-26 **TERM:** Yearlong **CREDIT HOURS:** 3 semester credits **COURSE FORMAT:** Face to Face

PREREQUISITES: Teacher recommendation, at least a “C” in Algebra 2 or Honors Algebra 2

TEXTBOOK/SUPPLIES: pencil, paper, scientific or graphing calculator, textbook: pdf on Google Classroom

COURSE DESCRIPTION

This course models the use of mathematics in real-world situations. Students will be able to apply mathematical modeling principles to a variety of practical situations, including problem solving, personal finance, risk assessment, statistics, probability, path analysis, similarity and scaling, right-triangle trigonometry, cryptography, and/or fractals.

ASSIGNMENTS

Learning Outcomes - After completing Math 123 , Math in Modern Society, the students will be able to:

- Use critical thinking skills to solve word problems using percents, rates, and proportions
- Understand how finances work in saving accounts, retirement, loans, etc
- Apply formulas to best meet one's financial needs
- Evaluate data and use tools to act intelligently to information you hear and read
- Summarize and present data in meaningful ways
- Understand and apply theoretical probability
- Apply fair division methods that ensure equal distribution amongst all parties
- Plan efficient routes using graph theory
- Determine optimal schedules using digraphs and critical path algorithms
- Use encryption and decoding techniques
- Decipher and create fractals

Learning Activities / Assignments: Student learning activities include quizzes, assignments, projects, exams, writing, discussions, and a final exam. Each quiz will be open notes and may be retaken once prior to the unit exam. One exam may be retaken each semester.

Extra Help: Students are encouraged to come in before school, during 2nd lunch, or after school to get extra help when challenged by a topic.

Unexcused Absences & Tardies: Students will follow the policies stated in the PFHS Student Handbook.

Join Google Classroom: 3RD hour - s45zvc dh, 5TH hour - d2p4m3ie, 6TH hour - ezpny n3u

Classroom Expectations - All students will...

- adhere to the policies set by PFHS, as stated in the student handbook
- be open to mathematical growth and learning
- follow the Golden Rule: RESPECT yourself and others
- come to class prepared
- use class time productively - cell phone use will result in a trip to the office

Excused absences & late work: It is the student’s responsibility to check with the teacher and Google Classroom for missing work, and to follow the school’s make-up period (1 day absent = 1 day makeup). Students should be prepared to make up a missed quiz or test on the day he/she returns, unless otherwise arranged with the teacher. Unexcused late work will not be accepted.

GRADING

PFHS Semester Grading:

Tests: 40%

Quizzes: 30%

Work: 15%

Final Exam: 15%

PFSD Grading Scale:

A=93-100, A-=90-92.9

B+=87-89.9, B=83-86.9, B-=80-82.9

C+=77-79.9, C=73-76.9, C-=70-72.9

D+=67-69.9, D=63-66.9, D-=60-62.9

F=0-59.9

UofI Grading Standards:

90-100% = A (pass course)

80-89% = B (pass course)

70-79% = C (pass course)

60-69% = D (must repeat course)

0-59% = F (must repeat course)

Grades will be posted on Skyward on the district website and updated each week. Students may request a printed progress report at any time.

University of Idaho grade will be calculated from the average of the student’s Semester 1 and 2 grades.

Important College Information:

In order to advance to the next level, students must have a minimum of 70 percent to pass individual courses. To be more successful in the next level, students should try to achieve 80 percent or higher in individual courses. A GPA less than 2.0 indicates unsatisfactory progress and student may be placed on academic probation.

The Dual Credit high school grade is recorded as a numerical grade on a 100-point scale. The Dual Credit University grade is recorded as a letter grade only. **High school and university grades may differ from each other, depending on your teacher’s and/or high school’s grading policies.**

Final grades are posted in [MyUI](#).

ACADEMIC INTEGRITY

“Please note that Dual Credit students are held to the same student standards found in the University of Idaho, Student Code of Conduct, which can be viewed at <https://www.uidaho.edu/student-affairs/dean-of-students/student-conduct/student-code-of-conduct>. Definitions of cheating, plagiarism and other forms of academic dishonesty, as well as, policies and procedures for handling such cases are included.”

DUAL CREDIT POLICIES

Dates and Deadline

Adding or Dropping Courses: Dual credit students **must add, drop, or withdrawal from a course through DualEnroll**. Any course drop or withdrawal requests must be approved by a high school counselor.

To drop or withdraw from a course, students must submit a request through DualEnroll. The high school counselor will approve or deny the request; if approved, it will be processed through MyUI. Students must confirm all course changes by logging on to MyUI—MyUI is the official record.

- A “drop” is when students are taken out of a course within the posted drop/add period and do not receive a grade of W (withdrawal from course). A dropped course is not transcribed.
- A “withdrawal” is when students are taken out of a course after the posted drop/add period (some instructors may withdraw students for nonattendance). A grade of “W” will be transcribed. This will not affect the student’s college grade point average; however, they should check their high school’s policy on how a “W” affects their high school grade point average and eligibility for participating in high school activities and programs.
- If students withdraw or fail to earn credit for a course paid for by Advanced Opportunities, they must subsequently pay for a similar course to be eligible for further Advanced Opportunities funding.

CENTER FOR DISABILITY ACCESS AND RESOURCES (CDAR)

The University of Idaho is committed to ensuring an accessible learning environment where course or instructional content are usable by all students and faculty. If you believe that you require disability-related academic adjustments for this class (including pregnancy-related disabilities), please contact Center for Disability Access and Resources (CDAR) to discuss eligibility. A current accommodation letter from CDAR is required before any modifications, above and beyond what is otherwise available for all other students in this class will be provided. Please be advised that disability-related academic adjustments are not retroactive. CDAR is located at the Bruce Pitman Building, Suite 127. The phone number is 208-885-6307 and e-mail is cdar@uidaho.edu. For a complete listing of services and current business hours visit <https://www.uidaho.edu/cdar>

HELP AND RESOURCES

The University of Idaho provides student support to ensure a successful learning experience. The Dual Credit Website contains information about the Dual Credit program at the University of Idaho.

MyUI contains your official University of Idaho student records. MyUI is the site students use to access student account/billing information, verify enrollment, and grades.

VandalMail is the official University of Idaho email service. Students should check their account on a regular basis or forward to your regular checked e-mail account.

Canvas is the University of Idaho’s course management system. Please ask your instructor if your course requires you to login to Canvas.

Course Evaluations: Student evaluation of teaching has two purposes: To assist individual instructors in improving their own teaching; and to assist academic administrators in counseling instructors about their

teaching. Student evaluations are carefully weighed as a factor in judging the teaching component in tenure, promotion, and salary determinations. Click [here](#) to access your student dashboard to see course evaluation status for any class you are enrolled in.

Library Help: The library website has many databases that will help you find relevant and reliable books, articles, images, and more. Do not hesitate to contact a librarian for research assistance.

Student Name: _____

Course: Math 123 Math in Modern Society

Parent/Guardian Opt-In Consent (Per Idaho Code 33-1611)

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

Parent/Guardian Name (Printed): _____

Parent/Guardian Signature: _____ Date: _____

Parent/Guardian Email: _____

Parent/Guardian Phone Number: _____

MATH 1143 | Precalculus 1: College Algebra

High School Course Name: Honors PreCalculus

Rita Shaber
Post Falls High School
Post Falls, Idaho 83854
Email: rita.shaber@sd273.com
Phone: (208)773-0581 ext.6222

Theresa Allen
University of Idaho Faculty Liaison
Email: tmallen@uidaho.edu
Phone: (208)885-7709

YEAR: 2025-26 **TERM:** Yearlong **CREDIT HOURS:** 3 semester credits **COURSE FORMAT:** Face to Face

PREREQUISITES: Teacher recommendation, at least a “C” in Algebra 2, Honors Algebra 2, or Trig/Stats

TEXTBOOK/SUPPLIES: Precalculus with Limits - A Graphing Approach, by Ron Larson, Sixth Edition (pdf version available on Google Classroom), pencil, paper, scientific or graphing calculator

COURSE DESCRIPTION

The primary purpose of Honors PreCalculus is to improve your skills and competency in Algebra so that you will be successful in Calculus, other math courses required for your college major, and any other courses that use mathematics. Another goal is to help you develop your mathematical learning skills so that you will be more confident in your future mathematical courses.

This course introduces the concept and examples of real functions. Topics include: definition, domain and range of a function; composition and inverse of functions, transformations; linear, quadratic and higher degree polynomials; rational, exponential and logarithmic functions; representations (formulas, graphs) and applications.

ASSIGNMENTS

Learning Outcomes - After completing Math 1143 Honors PreCalculus, the students will be able to:

- Solve linear equations, quadratic equations, equations that are quadratic in form, rational equations, exponential equations, and logarithmic equations.
- Solve polynomial and rational inequalities
- Determine the domain of polynomial functions, rational functions, root functions, exponential functions, and logarithmic functions
- Understand the concept of composite functions, one-to-one functions, and inverse functions
- Use synthetic division, the remainder theorem, the factor theorem, the fundamental theorem of algebra, and the intermediate value theorem to determine the zeros of polynomial functions
- Sketch the graphs of basic functions using transformations including polynomial functions, root functions, absolute value functions, rational functions, exponential functions, & logarithmic functions
- Use critical thinking skills to solve word problems which include maximizing/minimizing problems in economics, physics, and geometry

Learning Activities / Assignments: Student learning activities include quizzes, assignments, tasks, exams, writing, projects, and discussions.

Extra Help: Students are encouraged to come in before school, during 2nd lunch, or after school to get extra help when challenged by a topic.

Unexcused Absences & Tardies: Students will follow the policies stated in the PFHS Student Handbook.

Join Google Classroom: 1ST hour - okkxhj5a, 3RD hour - 5etaimwq, 4TH hour - tgqm62h4

Classroom Expectations - All students will...

- adhere to the policies set by PFHS, as stated in the student handbook
- be open to mathematical growth and learning
- follow the Golden Rule: RESPECT yourself and others
- come to class prepared
- use class time productively - cell phones should not be a distraction or will be sent to the office

Excused absences & late work: It is the student's responsibility to check with the teacher and Google Classroom for missing work, and to follow the school's make-up period (1 day absent = 1 day makeup). Students should be prepared to make up a missed quiz or test on the day he/she returns, unless otherwise arranged with the teacher. Unexcused late work will not be accepted.

GRADING

PFHS Semester Grading:	PFSD Grading Scale:	UofI Grading Standards:
Tests: 50%	A=93-100, A-=90-92.9	90-100% = A (pass course)
Quizzes: 20%	B+=87-89.9, B=83-86.9, B-=80-82.9	80-89% = B (pass course)
Work: 10%	C+=77-79.9, C=73-76.9, C-=70-72.9	70-79% = C (pass course)
Final Exam: 20%	D+=67-69.9, D=63-66.9, D-=60-62.9	60-69% = D (must repeat course)
	F=0-59.9	0-59% = F (must repeat course)

Grades will be posted on Skyward on the district website and updated each week. Students may request a printed progress report from Mrs. Shaber at any time.

University of Idaho grade will be calculated from the average of the student's Semester 1 and 2 grades.

Important College Information:

In order to advance to the next level, students must have a minimum of 70 percent to pass individual courses. To be more successful in the next level, students should try to achieve 80 percent or higher in individual courses. A GPA less than 2.0 indicates unsatisfactory progress and student may be placed on academic probation.

The Dual Credit high school grade is recorded as a numerical grade on a 100-point scale. The Dual Credit University grade is recorded as a letter grade only. **High school and university grades may differ from each other, depending on your teacher's and/or high school's grading policies.**

Final grades are posted in [MyUI](#).

ACADEMIC INTEGRITY

"Please note that Dual Credit students are held to the same student standards found in the University of Idaho, Student Code of Conduct, which can be viewed at

Phone: 208-885-7709 (Microsoft Teams)

YEAR: 2025-26 **TERM:** Yearlong **CREDIT HOURS:** 1 semester credit **COURSE FORMAT:** Face to Face

PREREQUISITES: Sufficient score on SAT, ACT, or math placement test. Students may qualify by enrolling concurrently in MATH 1143. In high school, this corresponds to having already taken Algebra 2 with a grade of A or B.

TEXTBOOK/SUPPLIES: Precalculus with Limits - A Graphing Approach, by Ron Larson, Sixth Edition (pdf version available on Google Classroom), pencil, paper

COURSE DESCRIPTION

Goals of the course: The primary purpose of Trigonometry is to improve your skills and competency in trigonometry to prepare you for calculus. Another goal is to help you develop your mathematical learning skills so that you will be more confident in future mathematical courses.

ASSIGNMENTS

LEARNING OUTCOMES: After completing Math 1144, the student should be able to do the following without the use of a calculator:

- Understand the right triangle definitions of the trigonometric functions
- Understand the unit circle definitions of the trigonometric functions
- Evaluate trigonometric functions of angles belonging to the $\frac{\pi}{3}$, $\frac{\pi}{4}$, $\frac{\pi}{6}$ families
- Sketch the graph of functions of the form $y = A \sin(Bx + C) + D$ and $y = A \cos(Bx + C) + D$
- Understand the graph of the tangent function and its properties
- Understand the graph of the cosecant and secant functions and their properties
- Understand the graphs of the inverse sine function, inverse cosine function, and inverse tangent function
- Evaluate expressions involving inverse trigonometric functions
- Verify trigonometric identities
- Solve trigonometric equations

Learning Activities / Assignments: Student learning activities include quizzes, assignments, tasks, exams, writing, projects, and discussions.

Extra Help: Students are encouraged to come in before school, during 2nd lunch, or after school to get extra help when challenged by a topic.

Unexcused Absences & Tardies: Students will follow the policies stated in the PFHS Student Handbook.

Join Google Classroom: 1ST hour - okkxhj5a, 3RD hour - 5etaimwq, 4TH hour - tgqm62h4

Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).

Grades in this course are weighted:

Yes
No

If yes, grades are weighted as follows:

Grade Breakdown:

- Final 10%
- Test score 25%
- Quiz Score 20%
- Assignments and Homework 25%
- Participation 10%

Other information:

Late work will be accepted within the same quarter.

Grade Breakdown:

- Final 10%
- Test score 25%
- Quiz Score 20%
- Assignments and Homework 25%
- Participation 10%
- Project 10%

Quiz grades can be replaced by the unit test grade only if the test grade is better than the quiz

grade. This only applies to the initial test score, extra credit or make up points do not apply.

Parent/Guardian Opt-In Consent (Per Idaho Code 33-1611)

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

Classroom Expectations:

All students will:

- ...adhere to the policies set by Post Falls High School, as stated in the student handbook.
- ...be open to mathematical growth and learning.
- ...follow the Golden Rule: **Respect!** yourself as well as others.
- ...use class time productively.

CELL PHONE POLICY

Cell Phones/Electronic Devices Post Falls School District policy is also our classroom policy. :) Devices must be off and away for the day. **If a prohibited electronic device is used, (this includes cell phones and earbuds) you will be asked to take the device to surrender it in the In House Suspension room in our office per our student handbook. Your parent, guardian or anyone on the Skyward emergency contact list will be responsible for picking up the item. Parents: Please refrain from contacting your student through text or phone during classroom time. If a circumstance occurs that requires immediate attention, please contact the office 1-208-773-0581.**

Course title and description:

Transition Math:

The purpose of this course is to provide specialized academic instruction for special education students. They will be exposed to concepts within Addition, Subtraction, Multiplication and Division, in order to help build upon the students foundation of math skills..

- Lessons are composed of two parts: one part to develop understanding of math concepts, and one part to apply those concepts in problem-solving situations.
- The development of key concepts is spread across the program to provide more time with each concept.
- Ongoing practice with math skills is part of every lesson.

If yes, grades are weighted as follows:

Other information:

Economics is the study of money, how it is created and how it moves throughout our country and the world. We will look at key concepts from both micro and macro economics in this course including: supply and demand, free enterprise, types of markets, factors of production, money, banking, how prices are set, etc. There is also a big portion of the course that deals with consumer economics in an attempt to ready you for the immediate future. You will be dealing with life investing, making budgets, getting jobs, as well as buying houses and automobiles.

YEAR: 2025 - 26 **TERM:** Fall **CREDIT HOURS:** 3 **COURSE FORMAT:** Traditional

PREREQUISITES: Sophomore: English/writing proficient

TEXTBOOK: *Invitation to Psychology by Carole Wade and Carol Tavris, Samuel Sommers, Lisa Shin. 7th Edition*

COURSE DESCRIPTION

This semester course provides an overview of the major areas in the field of psychology. As a survey course, we will cover many diverse areas within the field. The following areas will be emphasized: what psychology is, research and ethics in psychology, psychology and the brain, development over the lifespan, learning, memory and cognition, emotion and motivation, personality, sensation and perception, and psychological disorders and treatments. This course is a 3 semester credit college level class in which we must cover the entire textbook in a single semester.

ASSIGNMENTS

Learning Outcomes – This course target several outcomes that align with the American Psychological Association’s guidelines for undergraduate study in psychology.

Students who complete this course should be able to:

1. Describe key concepts, principles, and overarching themes in psychology. [APA Goal 1.1]
2. Demonstrate a working knowledge of psychology’s content domains. [APA Goal 1.2]
3. Describe applications of psychology. [APA Goal 1.3]
4. Use scientific reasoning to interpret psychological phenomena. [APA Goal 2.1]
5. Describe research methods used by psychologists including their respective advantages and disadvantages. [APA Goal 2.4a]
6. Define and explain the purpose of key research concepts that characterize psychological research. [APA Goal 2.4c]
7. Apply ethical standards to evaluate psychological science and practice. [APA Goal 3.1]
8. Describe settings in which people with backgrounds in psychology typically work. [APA Goal 5.5c]

GRADING

Late work is not accepted

Course Work	Points per assignment	Percent of Final Grade
Participation	100	10%
Homework	100	20%
Quizzes	100	20%
Test/Projects/Chapter Summaries	100	40%
Final Exam	100	10%
Total		100%

Important:

In order to advance to the next level, students must have a minimum of 70 percent to pass individual courses. To be more successful in the next level, students should try to achieve 80 percent or higher in individual courses. A GPA less than 2.0 indicates unsatisfactory progress and student may be placed on academic probation.

Grade Standards:

- A (90 - 100 percent): Pass course
- B (80 - 89 percent): Pass course
- C (70 - 79 percent): Pass course
- D (60 - 69 percent): Must repeat course
- F (Below 60 percent): Must repeat course

The Dual Credit high school grade is recorded as a numerical grade on a 100-point scale. The Dual Credit University grade is recorded as a letter grade only. **High school and university grades may differ from each other, depending on your teacher's and/or high school's grading policies.**

Final grades are posted in [Vandal Web](#).

“Please note that Dual Credit students are held to the same student standards found in the University of Idaho, Student Code of Conduct, which can be viewed at <https://www.uidaho.edu/student-affairs/dean-of-students/student-conduct/student-code-of-conduct>. Definitions of cheating, plagiarism and other forms of academic dishonesty, as well as, policies and procedures for handling such cases are included.”

DUAL CREDIT POLICIES

Dates and Deadlines

Adding or Dropping Courses: Dual credit students **must add, drop, or withdrawal from a course through DualEnroll**. Any course drop or withdrawal requests must be approved by a high school counselor.

To drop or withdraw from a course, students must submit a request through [DualEnroll](#). The high school counselor will approve or deny the request; if approved, it will be processed through VandalWeb. Students must confirm all course changes by logging on to [VandalWeb](#)—VandalWeb is the official record.

- A “drop” is when students are taken out of a course within the posted drop/add period and do not receive a grade of W (withdrawal from course). A dropped course is not transcribed.
- A “withdrawal” is when students are taken out of a course after the posted drop/add period (some instructors may withdraw students for nonattendance). A grade of “W” will be transcribed. This will not affect the student’s college grade point average; however, they should check their high school’s policy on how a “W” affects their high school grade point average and eligibility for participating in high school activities and programs.
- If students withdraw or fail to earn credit for a course paid for by Advanced Opportunities, they must subsequently pay for a similar course to be eligible for further Advanced Opportunities funding.

CENTER FOR DISABILITY ACCESS AND RESOURCES (CDAR)

Reasonable accommodations are available for students who have documented temporary or permanent disabilities. All accommodations must be approved through the Center for Disability Access and Resources (CDAR) in order to notify your instructor(s) as soon as possible regarding accommodation(s) needed for the course.

- **PHONE:** (208) 885-6307
- cdar@uidaho.edu

University of Idaho

Dual Credit Program

As part of this course, your student will be asked to take a few relative psychological assessments, most notably personality inventories. These assessments are meant to introduce the student to the concept of personality inventories and the results of them are simply informational. Please sign below to indicate your willingness to allow your student to participate in these assessments.

Student Name: _____

Course: _____

Parent/Guardian Opt-In Consent (Per Idaho Code 33-1611)

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

YEAR: 2025 **TERM:** Fall **CREDIT HOURS:** 3

PREREQUISITES: Notebook and writing utensil.

TEXTBOOK: Copies of *America's History* will be available for check out and class use. The other materials will be posted on Google Classroom to include: *The American* (online textbook) and Digital History and Gilderman Institute readings.

COURSE DESCRIPTION

This course introduces students to major political, social, economic, and cultural developments in early America and the eventual United States. We will begin with encounters between Native Americans, Europeans, and Africans in the early modern world and conclude with the end of Reconstruction in 1877. Along the way, we will study a range of topics – from the European colonization of the Americas to the Atlantic Slave Trade, the Puritans to the Revolution, Westward Expansion, Market Revolution, and the Abolitionist Movement to the Civil War.

Although we will study a vast period and a great number of people and places, we will keep certain key themes in mind. Central to this course is the history of freedom. “No idea is more fundamental to Americans’ sense of themselves as individuals and as a nation than freedom,” historian Eric Foner notes. Inspired by Foner’s claim, we will examine the changing conceptions of freedom over time, its social conditions, and how various historical actors have asserted the boundaries for who should enjoy it. Other key concepts will include the meanings of (and contests over) equality, the uneven evolution of democracy, issues of race, class, gender, and nation, and the development of capitalism. Through lectures and readings, students will gain a solid foundation in the major themes and transformations of American history in this period.

ASSIGNMENTS

History 111

- Students should gain a solid understanding of important political, social, cultural, and economic developments in American history from European Contact to 1877.
- Students should develop their capacity to interpret historical documents, to ask meaningful questions about the past, and to craft an argument about history in written form. Students will sharpen these skills through lectures, class discussions, and exams as well as written assignments, including analyses on Judith Sargent Murray’s “On the Equality of the Sexes” and Henry David Thoreau’s “Civil Disobedience.”
- Students should be able to describe the similarities, distinctions, and interactions between various

social groups and cultures in the development of colonial America and the eventual United States.

- Students should be able to draw upon categories including race, class, gender, and nation to analyze the past.
- Students should be able to identify different conceptual frameworks for understanding key events and transformations – including the Revolution, the relationship between slavery and capitalism, the women’s movement, and the Civil War. Students will demonstrate this knowledge acquisition through exams.
- Students should be able to recognize the ways in which the study of American history and culture informs our understanding of the present. Class discussions in particular will help students deepen this understanding.

Department of History

- Students should be able to explain the historical context which shapes human consciousness and action, and to identify those factors which shape continuity and change in diverse human communities.
- Students should be able to recognize the rich diversity of human artifacts, to reflect upon how they illuminate the historical past, and to use them to make meaning of the human experience.
- Students should be able to understand historical evidence and interpretation, to assess their strengths and weaknesses, and to situate both in broader scholarly debate.
- Students should be able to formulate historical questions and to engage in independent research and inquiry.
- Students should demonstrate command of formal language and to be able to exchange ideas in a cogent, coherent, and respectful manner.
- Students should be able to apply historical knowledge so they can reflect upon global human experience and complexity

University of Idaho

- Learn and Integrate. Through independent learning and collaborative study, attain, use and develop knowledge in the arts, humanities, sciences and social sciences, with disciplinary specialization and the ability to integrate information across disciplines.
- Think and Create. Use multiple thinking strategies to examine real-world issues, explore creative avenues of expression, solve problems and make consequential decisions.
- Communicate. Acquire, articulate, create and convey intended meaning using verbal and non-verbal methods of communication that demonstrate respect and understanding in a complex society.
- Clarify Purpose and Perspective. Explore one's life purpose and meaning through transformational experiences that foster an understanding of self, relationships and diverse global perspectives.
- Practice Citizenship. Apply principles of ethical leadership, collaborative engagement, socially responsible behavior, respect for diversity in an interdependent world and a service-oriented commitment to advance and sustain local and global communities.

Assignments

- Various assignments will count for 40% of the grade. These assignments might include primary source analysis, worksheets, study guides, individual and group projects, notebook checks, entry tasks etc.

Late Work and Make-Up Exams

- Tying assignments and keeping up on reading are imperative factors in success. Late work will be docked 10% everyday that it is late and will not exceed 50%. *Once the unit/chapter is complete, no*

late work will be accepted and you will receive a zero for any missing work. Make up exams must be made up on the day the student returns to class. It is your responsibility to schedule it.

Writing Assignments and Reaction Papers

- Students will receive various writing assignments over the course of the semester. These would include summaries and reactions to video presentations or sections of the textbook or analysis of primary sources.
- You will have a Midterm argumentative essay (500-750 words) with a provided prompt(s). An argument is a claim that you back, paragraph by paragraph, with historical evidence. More information will be provided at the time of the paper for formatting.

The following format will be used for grading your papers:

- Argument
- Evidence
- Organization and Clarity
- Understanding of Material
- Presentation (typos, grammar, etc.)

GRADING

Course Work	Percent of Final Grade
Homework	40%
Quizzes (1 per chapter)	20%
Mid-Term Paper (100 pts)	20%
Exams (2 exams: Written and Multiple Choice)	20%
TOTAL	100%

Important:

In order to advance to the next level, students must have a minimum of 70 percent to pass individual courses. To be more successful in the next level, students should try to achieve 80 percent or higher in individual courses. A GPA less than 2.0 indicates unsatisfactory progress and the student may be placed on academic probation.

Grade Standards:

- A (90 - 100 percent): Pass course
- B (80 - 89 percent): Pass course
- C (70 - 79 percent): Pass course
- D (60 - 69 percent): Must repeat course
- F (Below 60 percent): Must repeat course

The high school grade may be recorded as a numerical grade while the university grade will be recorded

as a letter grade only. **High school and university grades may differ from each other, depending on your teacher's and/or high school's grading policies.**

Final grades are posted in [MyUI](#).

ACADEMIC INTEGRITY

“Please note that Dual Credit students are held to the same student standards found in the University of Idaho, Student Code of Conduct, which can be viewed at <https://www.uidaho.edu/student-affairs/dean-of-students/student-conduct/student-code-of-conduct>. Definitions of cheating, plagiarism and other forms of academic dishonesty, as well as, policies and procedures for handling such cases are included.”

DUAL CREDIT POLICIES

Dates and Deadlines

Adding or Dropping Courses: To drop or withdraw from a course, dual credit students must submit a request through [DualEnroll](#). The high school counselor will approve or deny the request; if approved, it will be processed through MyUI. Students must confirm all course changes by logging on to [MyUI](#)—MyUI is the official record.

- A “drop” is when a student unenrolls from a course within the posted drop/add period and does not receive a “W” (withdrawal from course). A dropped course is not transcribed.
- A “withdrawal” is when a student unenrolls from a course after the posted drop/add. A grade of “W” will be transcribed. This will not affect the student’s college grade point average; however, they should check their high school’s policy on how a “W” affects their high school grade point average and eligibility for participating in high school activities and programs.
- If a student withdraws or fails to earn credit for a course paid for by Advanced Opportunities, they must subsequently pay for a similar course to be eligible for further Advanced Opportunities funding.

CENTER FOR DISABILITY ACCESS AND RESOURCES (CDAR)

The University of Idaho is committed to ensuring an accessible learning environment where course or instructional content are usable by all students and faculty. If you believe that you require disability-related academic adjustments for this class (including pregnancy-related disabilities), please contact Center for Disability Access and Resources (CDAR) to discuss eligibility. A current accommodation letter from CDAR is required before any modifications, above and beyond what is otherwise available for all other students in this class will be provided. Please be advised that disability-related academic adjustments are not retroactive. CDAR is located at the Bruce Pitman Building, Suite 127. The phone number is 208-885-6307 and e-mail is cdar@uidaho.edu. For a complete listing of services and current business hours visit [Center for Disability Access and Resources](#)

Post Falls School District Course Syllabus

School: Post Falls High School

Course title and description: General Psychology: A survey course that provides and overview of the major areas in the field of psychology	Teacher name and contact information: Paul Childs - paul.childs@sd273.com
Suggested student supplies: Notebook, writing materials	
Board-approved curriculum and supplemental resources: Prentice Hall: Psychology, Second Edition	
Standards covered: Content Standard 1: Development of psychology as an empirical science 1.1 Define psychology as a discipline and identify its goals as a science. 1.2 Describe the emergence of psychology as a scientific discipline. 1.3 Describe perspectives employed to understand behavior and mental processes. 1.4 Explain how psychology evolved as a scientific discipline. Content Standard 2: Major subfields within psychology Students are able to 2.1 Discuss the value of both basic and applied psychological research with human and non-human animals. 2.2 Describe the major subfields of psychology. 2.3 Identify the important role psychology plays in benefiting society and improving people's lives. Standard Area: Research Methods, Measurement, and Statistics Content Standards With Performance Standards Content Standard 1: Research methods and measurements used to study behavior and mental processes Students are able to (performance standards): 1.1 Describe the scientific method and its role in psychology.	

1.2 Describe and compare a variety of quantitative (e.g., surveys, correlations, experiments) and qualitative (e.g., interviews, narratives, focus groups) research methods.

1.3 Define systematic procedures used to improve the validity of research findings, such as external validity.

1.4 Discuss how and why psychologists use non-human animals in research.

Content Standard 2: Ethical issues in research with human and non-human animals

Students are able to (performance standards):

2.1 Identify ethical standards psychologists must address regarding research with human participants.

2.2 Identify ethical guidelines psychologists must address regarding research with non-human animals.

Content Standard 3: Basic concepts of data analysis

Students are able to (performance standards):

3.1 Define descriptive statistics and explain how they are used by psychological scientists.

3.2 Define forms of qualitative data and explain how they are used by psychological scientists.

3.3 Define correlation coefficients and explain their appropriate interpretation.

3.4 Interpret graphical representations of data as used in both quantitative and qualitative methods.

3.5 Explain other statistical concepts, such as statistical significance and effect size.

3.6 Explain how validity and reliability of observations and measurements relate to data analysis.

Biopsychological Domain

Standards Area: Biological Bases of Behavior

Content Standards

After concluding this unit, students understand:

1. Structure and function of the nervous system in human and non-human animals

2. Structure and function of the endocrine system

3. The interaction between biological factors and experience

4. Methods and issues related to biological advances

Content Standards With Performance Standards

Content Standard 1: Structure and function of the nervous system in human and non-human animals

Students are able to (performance standards):

- 1.1 Identify the major divisions and subdivisions of the human nervous system.
- 1.2 Identify the parts of the neuron and describe the basic process of neural transmission.
- 1.3 Differentiate between the structures and functions of the various parts of the central nervous system.
- 1.4 Describe lateralization of brain functions.
- 1.5 Discuss the mechanisms of, and the importance of, plasticity of the nervous system.

Content Standard 2: Structure and function of the endocrine system

Students are able to (performance standards):

- 2.1 Describe how the endocrine glands are linked to the nervous system.
- 2.2 Describe the effects of hormones on behavior and mental processes.
- 2.3 Describe hormone effects on the immune system.

Content Standard 3: The interaction between biological factors and experience

Students are able to (performance standards):

- 3.1 Describe concepts in genetic transmission.
- 3.2 Describe the interactive effects of heredity and environment.
- 3.3 Explain how evolved tendencies influence behavior.

Content Standard 4: Methods and issues related to biological advances

Students are able to (performance standards):

- 4.1 Identify tools used to study the nervous system.
- 4.2 Describe advances made in neuroscience.
- 4.3 Discuss issues related to scientific advances in neuroscience and genetics.

Standard Area: Sensation and Perception

Content Standards

After concluding this unit, students understand:

1. The processes of sensation and perception
2. The capabilities and limitations of sensory processes
3. Interaction of the person and the environment in determining perception

Content Standards With Performance Standards

Content Standard 1: The processes of sensation and perception
Students are able to (performance standards):

1.1 Discuss processes of sensation and perception and how they interact.

1.2 Explain the concepts of threshold and adaptation.

Content Standard 2: The capabilities and limitations of sensory processes
Students are able to (performance standards):

2.1 List forms of physical energy for which humans and non-human animals do and do not have sensory receptors.

2.2 Describe the visual sensory system.

2.3 Describe the auditory sensory system.

2.4 Describe other sensory systems, such as olfaction, gustation, and somesthesia (e.g., skin senses, kinesthesia, and vestibular sense).

Content Standard 3: Interaction of the person and the environment in determining perception
Students are able to (performance standards):

3.1 Explain Gestalt principles of perception.

3.2 Describe binocular and monocular depth cues.

3.3 Describe the importance of perceptual constancies.

3.4 Describe perceptual illusions.

3.5 Describe the nature of attention.

3.6 Explain how experiences and expectations influence perception.

Standard Area: Consciousness

Content Standards

After concluding this unit, students understand:

1. The relationship between conscious and unconscious processes
2. Characteristics of sleep and theories that explain why we sleep and dream
3. Categories of psychoactive drugs and their effects
4. Other states of consciousness

Content Standards With Performance Standards

Content Standard 1: The relationship between conscious and unconscious processes
Students are able to (performance standards)

1.1 Identify states of consciousness.

1.2 Distinguish between processing which is conscious (i.e., explicit) and other processing which happens without conscious awareness (i.e., implicit).

Content Standard 2: Characteristics of sleep and theories that explain why we sleep and dream
Students are able to (performance standards)

2.1 Describe the circadian rhythm and its relation to sleep.

2.2 Describe the sleep cycle.

2.3 Compare theories about the functions of sleep.

2.4 Describe types of sleep disorders.

2.5 Compare theories about the functions of dreams.

Content Standard 3: Categories of psychoactive drugs and their effects
Students are able to (performance standards):

3.1 Characterize the major categories of psychoactive drugs and their effects.

3.2 Describe how psychoactive drugs act at the synaptic level.

3.3 Evaluate the biological and psychological effects of psychoactive drugs.

3.4 Explain how culture and expectations influence the use and experience of drugs.

Content Standard 4: Other states of consciousness
Students are able to (performance standards)

4.1 Describe meditation and relaxation and their effects.

4.2 Describe hypnosis and controversies surrounding its nature and use.

4.3 Describe flow states.

Development and Learning Domain

Standard Area: Life Span Development

Content Standards

After concluding this unit, students understand:

1. Methods and issues in life span development

2. Theories of life span development
3. Prenatal development and the newborn
4. Infancy (i.e., the first two years of life)
5. Childhood
6. Adolescence
7. Adulthood and aging

Content Standards With Performance Standards

Content Standard 1: Methods and issues in life span development

Students are able to (performance standards):

- 1.1 Explain the interaction of environmental and biological factors in development, including the role of the brain in all aspects of development.
- 1.2 Explain issues of continuity/discontinuity and stability/change.
- 1.3 Distinguish methods used to study development.
- 1.4 Describe the role of sensitive and critical periods in development.
- 1.5 Discuss issues related to the end of life.

Content Standard 2: Theories of life span development

Students are able to (performance standards):

- 2.1 Discuss theories of cognitive development.
- 2.2 Discuss theories of moral development.
- 2.3 Discuss theories of social development.

Content Standard 3: Prenatal development and the newborn

Students are able to (performance standards):

- 3.1 Describe physical development from conception through birth and identify influences on prenatal development.
- 3.2 Describe newborns' reflexes, temperament, and abilities.

Content Standard 4: Infancy (i.e., the first two years of life)

Students are able to (performance standards):

- 4.1 Describe physical and motor development.

4.2 Describe how infant perceptual abilities and intelligence develop.

4.3 Describe the development of attachment and the role of the caregiver.

4.4 Describe the development of communication and language.

Content Standard 5: Childhood

Students are able to (performance standards):

5.1 Describe physical and motor development.

5.2 Describe how memory and thinking ability develops.

5.3 Describe social, cultural, and emotional development through childhood.

Content Standard 6: Adolescence

Students are able to (performance standards):

6.1 Identify major physical changes.

6.2 Describe the development of reasoning and morality.

6.3 Describe identity formation.

6.4 Discuss the role of family and peers in adolescent development.

Content Standard 7: Adulthood and aging

Students are able to (performance standards):

7.1 Identify major physical changes associated with adulthood and aging.

7.2 Describe cognitive changes in adulthood and aging.

7.3 Discuss social, cultural, and emotional issues in aging.

Standard Area: Learning

Content Standards

After concluding this unit, students understand:

1. Classical conditioning

2. Operant conditioning

3. Observational and cognitive learning

Content Standards With Performance Standards

Content Standard 1: Classical conditioning

Students are able to (performance standards):

1.1 Describe the principles of classical conditioning.

1.2 Describe clinical and experimental examples of classical conditioning.

1.3 Apply classical conditioning to everyday life.

Content Standard 2: Operant conditioning

Students are able to (performance standards):

2.1 Describe the Law of Effect.

2.2 Describe the principles of operant conditioning.

2.3 Describe clinical and experimental examples of operant conditioning.

2.4 Apply operant conditioning to everyday life.

Content Standard 3: Observational and cognitive learning

Students are able to (performance standards):

3.1 Describe the principles of observational and cognitive learning.

3.2 Apply observational and cognitive learning to everyday life.

Standard Area: Language Development

Content Standards

After concluding this unit, students understand:

1. Structural features of language

2. Theories and developmental stages of language acquisition

3. Language and the brain

Content Standards With Performance Standards

Content Standard 1: Structural features of language

Students are able to (performance standards):

1.1 Describe the structure and function of language.

1.2 Discuss the relationship between language and thought.

Content Standard 2: Theories and developmental stages of language acquisition

Students are able to (performance standards):

2.1 Explain the process of language acquisition.

2.2 Discuss how acquisition of a second language can affect language development and possibly other cognitive processes.

2.3 Evaluate the theories of language acquisition.

Content Standard 3: Language and the brain
Students are able to (performance standards):

3.1 Identify the brain structures associated with language.

3.2 Discuss how damage to the brain may affect language.

Sociocultural Context Domain

Standard Area: Social Interactions

Content Standards

After concluding this unit, students understand:

1. Social cognition

2. Social influence

3. Social relations

Content Standards With Performance Standards

Content Standard 1: Social cognition
Students are able to (performance standards):

1.1 Describe attributional explanations of behavior.

1.2 Describe the relationship between attitudes (implicit and explicit) and behavior.

1.3 Identify persuasive methods used to change attitudes.

Content Standard 2 : Social influence
Students are able to (performance standards):

2.1 Describe the power of the situation.

2.2 Describe effects of others' presence on individuals' behavior.

2.3 Describe how group dynamics influence behavior.

2.4 Discuss how an individual influences group behavior.

Content Standard 3: Social relations

Students are able to (performance standards):

- 3.1 Discuss the nature and effects of stereotyping, prejudice, and discrimination.
- 3.2 Describe determinants of prosocial behavior.
- 3.3 Discuss influences upon aggression and conflict.
- 3.4 Discuss factors influencing attraction and relationships.

Standard Area: Sociocultural Diversity

Content Standards

After concluding this unit, students understand:

1. Social and cultural diversity
2. Diversity among individuals

Content Standards With Performance Standards

Content Standard 1: Social and cultural diversity

Students are able to (performance standards):

- 1.1 Define culture and diversity.
- 1.2 Identify how cultures change over time and vary within nations as well as internationally.
- 1.3 Discuss the relationship between culture and conceptions of self and identity.
- 1.4 Discuss psychological research examining race and ethnicity.
- 1.5 Discuss psychological research examining socioeconomic status.
- 1.6 Discuss how privilege and social power structures relate to stereotypes, prejudice, and discrimination.

Content Standard 2: Diversity among individuals

Students are able to (performance standards):

- 2.1 Discuss psychological research examining gender identity.
- 2.2 Discuss psychological research examining diversity in sexual orientation.
- 2.3 Compare and contrast gender identity and sexual orientation.
- 2.4 Discuss psychological research examining gender similarities and differences and the impact of gender discrimination.
- 2.5 Discuss the psychological research on gender and how the roles of women and men in societies are

perceived.

2.6 Examine how perspectives affect stereotypes and treatment of minority and majority groups in society.

2.7 Discuss psychological research examining differences in individual cognitive and physical abilities.

Cognition Domain

Standard Area: Memory

Content Standards

After concluding this unit, students understand:

1. Encoding of memory
2. Storage of memory
3. Retrieval of memory

Content Standards With Performance Standards

Content Standard 1: Encoding of memory

Students are able to (performance standards):

- 1.1 Identify factors that influence encoding.
- 1.2 Characterize the difference between shallow (surface) and deep (elaborate) processing.
- 1.3 Discuss strategies for improving the encoding of memory.

Content Standard 2: Storage of memory

Students are able to (performance standards):

- 2.1 Describe the differences between working memory and long-term memory.
- 2.2 Identify and explain biological processes related to how memory is stored.
- 2.3 Discuss types of memory and memory disorders (e.g., amnesias, dementias).
- 2.4 Discuss strategies for improving the storage of memories.

Content Standard 3: Retrieval of memory

Students are able to (performance standards):

- 3.1 Analyze the importance of retrieval cues in memory.
- 3.2 Explain the role that interference plays in retrieval.
- 3.3 Discuss the factors influencing how memories are retrieved.

3.4. Explain how memories can be malleable.

3.5 Discuss strategies for improving the retrieval of memories.

Standard Area: Thinking

Content Standards

After concluding this unit, students understand:

1. Basic elements comprising thought
2. Obstacles related to thought

Content Standards With Performance Standards

Content Standard 1: Basic elements comprising thought

Students are able to (performance standards):

- 1.1 Define cognitive processes involved in understanding information.
- 1.2 Define processes involved in problem solving and decision making.
- 1.3 Discuss non-human problem-solving abilities.

Content Standard 2: Obstacles related to thought

Students are able to (performance standards):

- 2.1 Describe obstacles to problem solving.
- 2.2 Describe obstacles to decision making.
- 2.3 Describe obstacles to making good judgments.

Standard Area: Intelligence

Content Standards

After concluding this unit, students understand:

1. Perspectives on intelligence
2. Assessment of intelligence
3. Issues in intelligence

Content Standards With Performance Standards

Content Standard 1: Perspectives on intelligence

Students are able to (performance standards):

- 1.1 Discuss intelligence as a general factor.
- 1.2 Discuss alternative conceptualizations of intelligence.
- 1.3 Describe the extremes of intelligence.

Content Standard 2: Assessment of intelligence

Students are able to (performance standards):

- 2.1 Discuss the history of intelligence testing, including historical use and misuse in the context of fairness.
- 2.2 Identify current methods of assessing human abilities.
- 2.3 Identify measures of and data on reliability and validity for intelligence test scores.

Content Standard 3: Issues in intelligence

Students are able to (performance standards):

- 3.1 Discuss issues related to the consequences of intelligence testing.
- 3.2 Discuss the influences of biological, cultural, and environmental factors on intelligence.

Individual Variation Domain

Standard Area: Motivation

Content Standards

After concluding this unit, students understand:

1. Perspectives on motivation
2. Domains of motivated behavior in humans and non-human animals

Content Standards With Performance Standards

Content Standard 1: Perspectives on motivation

Students are able to (performance standards):

- 1.1 Explain biologically based theories of motivation.
- 1.2 Explain cognitively based theories of motivation.
- 1.3 Explain humanistic theories of motivation.
- 1.4 Explain the role of culture in human motivation.

Content Standard 2: Domains of motivated behavior in humans and non-human animals
Students are able to (performance standards):

- 2.1 Discuss eating behavior.
- 2.2 Discuss sexual behavior and orientation.
- 2.3 Discuss achievement motivation.
- 2.4 Discuss other ways in which humans and non-human animals are motivated.

Standard Area: Emotion

Content Standards

After concluding this unit, students understand:

1. Perspectives on emotion
2. Emotional interpretation and expression
3. Domains of emotional behavior

Content Standards With Performance Standards

Content Standard 1: Perspectives on emotion
Students are able to (performance standards):

- 1.1 Explain the biological and cognitive components of emotion.
- 1.2 Discuss psychological research on basic human emotions.
- 1.3 Differentiate among theories of emotional experience.

Content Standard 2: Emotional interpretation and expression
Students are able to (performance standards):

- 2.1 Explain how biological factors influence emotional interpretation and expression.
- 2.2 Explain how culture and gender influence emotional interpretation and expression.
- 2.3 Explain how other environmental factors influence emotional interpretation and expression.

Content Standard 3: Domains of emotional behavior
Students are able to (performance standards):

- 3.1 Identify biological and environmental influences on the expression and experience of negative emotions, such as fear.

3.2 Identify biological and environmental influences on the expression and experience of positive emotions, such as happiness.

Standard Area: Personality

Content Standards

After concluding this unit, students understand:

1. Perspectives on personality
2. Assessment of personality
3. Issues in personality

Content Standards With Performance Standards

Content Standard 1: Perspectives on personality

Students are able to (performance standards):

- 1.1 Evaluate psychodynamic theories.
- 1.2 Evaluate trait theories.
- 1.3 Evaluate humanistic theories.
- 1.4 Evaluate social-cognitive theories.

Content Standard 2: Assessment of personality

Students are able to (performance standards):

- 2.1 Differentiate personality assessment techniques.
- 2.2 Discuss the reliability and validity of personality assessment techniques.

Content Standard 3: Issues in personality

Students are able to (performance standards):

- 3.1 Discuss biological and situational influences.
- 3.2 Discuss stability and change.
- 3.3 Discuss connections to health and work.
- 3.4 Discuss self-concept.
- 3.5 Analyze how individualistic and collectivistic cultural perspectives relate to personality.

Standards Area: Psychological Disorders

Content Standards

After concluding this unit, students understand:

1. Perspectives on abnormal behavior
2. Categories of psychological disorders

Content Standards With Performance Standards

Content Standard 1: Perspectives on abnormal behavior

Students are able to (performance standards):

- 1.1 Define psychologically abnormal behavior.
- 1.2 Describe historical and cross-cultural views of abnormality.
- 1.3 Describe major models of abnormality.
- 1.4 Discuss how stigma relates to abnormal behavior.
- 1.5 Discuss the impact of psychological disorders on the individual, family, and society.

Content Standard 2: Categories of psychological disorders

Students are able to (performance standards):

- 2.1 Describe the classification of psychological disorders.
- 2.2 Discuss the challenges associated with diagnosis.
- 2.3 Describe symptoms and causes of major categories of psychological disorders (including schizophrenic, mood, anxiety, and personality disorders).
- 2.4 Evaluate how different factors influence an individual's experience of psychological disorders.

Applications of Psychological Science Domain

Standard Area: Treatment of Psychological Disorders

Content Standards

After concluding this unit, students understand:

1. Perspectives on treatment
2. Categories of treatment and types of treatment providers
3. Legal, ethical, and professional issues in the treatment of psychological disorders

Content Standards With Performance Standards
Content Standard 1: Perspectives on treatment
Students are able to (performance standards):

- 1.1 Explain how psychological treatments have changed over time and among cultures.
- 1.2 Match methods of treatment to psychological perspectives.
- 1.3 Explain why psychologists use a variety of treatment options.

Content Standard 2: Categories of treatment and types of treatment providers
Students are able to (performance standards):

- 2.1 Identify biomedical treatments.
- 2.2 Identify psychological treatments.
- 2.3 Describe appropriate treatments for different age groups.
- 2.4 Evaluate the efficacy of treatments for particular disorders.
- 2.5 Identify other factors that improve the efficacy of treatment.
- 2.6 Identify treatment providers for psychological disorders and the training required for each.

Content Standard 3: Legal, ethical, and professional issues in the treatment of psychological disorders
Students are able to (performance standards):

- 3.1 Identify ethical challenges involved in delivery of treatment.
- 3.2 Identify national and local resources available to support individuals with psychological disorders and their families (e.g., NAMI and support groups).

Standard Area: Health

Content Standards

After concluding this unit, students understand:

1. Stress and coping
2. Behaviors and attitudes that promote health

Content Standards With Performance Standards
Content Standard 1: Stress and coping
Students are able to (performance standards):

- 1.1 Define stress as a psychophysiological reaction.

1.2 Identify and explain potential sources of stress.

1.3 Explain physiological and psychological consequences for health.

1.4 Identify and explain physiological, cognitive, and behavioral strategies to deal with stress.

Content Standard 2: Behaviors and attitudes that promote health
Students are able to (performance standards):

2.1 Identify ways to promote mental health and physical fitness.

2.2 Describe the characteristics of and factors that promote resilience and optimism.

2.3 Distinguish between effective and ineffective means of dealing with stressors and other health issues.

Standard Area: Vocational Applications

Content Standard

Content Standards With Performance Standards

Content Standard 1: Career options
Students are able to (performance standards):

1.1 Identify careers in psychological science and practice.

1.2 Identify careers related to psychology.

Content Standard 2: Educational requirements
Students are able to (performance standards):

2.1 Identify degree requirements for psychologists and psychology-related careers.

2.2 Identify resources to help select psychology programs for further study.

Content Standard 3: Vocational applications of psychological science

3.1 Discuss ways in which psychological science addresses domestic and global issues.

3.2 Identify careers in psychological science that have evolved as a result of domestic and global issues.

Grading: Grades will be assigned based on the following scale: A (93–100), A– (90–92), B+ (86–89), B (83–85), B– (80–82), C+ (76–79), C (73–75), C– (70–72), D+ (66–69), D (63–65), D– (60–62), and F (below 60).

Grades in this course are weighted:

Yes
No

If yes, grades are weighted as follows:

Other information:

Respect is the most important expectation.

Students should be prepared to discuss material on a daily basis.

Food and drink is not allowed. (Except water)

No cell phones, electronic devices, or headphones allowed in class.

Use of electronic devices during testing will be considered cheating.

Late work due to an unexcused absence will not be accepted.

Late work due to an excuse absence will have a due date of one day for each excused absence.

Students are expected to be prepared to positively participate each and every day.

Students can make up tests and quizzes for an excused absence.

The school's tardy policy will be in effect.

Course: _____

Parent/Guardian Opt-In Consent (Per Idaho Code 33-1611)

As part of the school curriculum, students may be introduced to educational content related to human development, including topics such as reproduction, personal safety, and healthy relationships. These topics may be integrated into various courses, including health, science, English/language arts, or other relevant subjects.

Instructional content may include:

- Basic understanding of human anatomy and the reproductive system
- Information about abstinence
- Age-appropriate discussions related to personal boundaries, safety, and respectful behavior

Please indicate your preference below:

- Yes, I give permission for my student to receive instruction that includes content related to human development, reproduction, and personal safety across applicable subject areas.
- No, I do not give permission for my student to receive such instruction. I understand that an appropriate alternate assignment or activity will be provided during this time.

Parent/Guardian Acknowledgment

I have reviewed the course syllabus and understand the outlined expectations and content. I understand I may contact the teacher with any questions or concerns throughout the semester.

Post Falls School District Course Syllabus

School: Post Falls High School

<p>WORLD HISTORY This course will explore historical themes that transcend time and culture, bridging humanity and creating a complex world. Emphasis will be placed on eight historical themes. These themes include - rise of civilization, trade and economic systems, science technology and the environment, religious and ethical systems, power and authority, empire building, revolution, and conflict and change. Each theme unit will include a study of geography, arts and culture, primary sources, and modern connections. Students will engage in exploratory projects, narrative writing based on historical events, and presentations to further his/her experience in studying the historical theme. Students will be able to show how common themes bridge the world as one and how differences in time, culture, and politics change the outcome of these themes.</p>	<p>Teacher name and contact information: Matthew Gunderson - matt.gunderson@sd273.com Stuart Gossler - stuart.gossler@sd273.com</p>
