Before you can apply for a scholarship, your daughter must be registered for a place at Mayfield School.

REGISTER HERE

Once your daughter has been registered you can then submit your scholarship application, making sure it arrives before the application deadline.

Candidates will be invited to attend the entrance assessments and relevant Scholarship Day (s).

WHAT FINANCIAL ASSISTANCE DOES A SCHOLARSHIP OFFER?

The majority of awards given at Mayfield School come with a small percentage reduction in the day fee, or in the case of Music scholar - free instrumental or voice tuition for Riding scholars - weekly squad sessions. All scholarships may be supplemented by a means-tested bursary.

HOW MANY SCHOLARSHIPS CAN YOU APPLY FOR?

Candidates can apply for a maximum of **two** scholarships.

WHAT DO WE EXPECT FROM OUR APPLICANTS?

Awards are made from the beginning of the Autumn term, for the duration of their time at Mayfield School provided the student continues to show continuous

effort, enthusiasm and performance, and is dependent on good conduct. Where appropriate in the sixth form scholarship criteria, scholars will normally forfeit their award if they do not study the subject beyond GCSE. All scholarships will be reviewed annually. The School reserves the right to withdraw awards if at any point, in the opinion of the Headmistress, and after monitoring procedures, the pupil is performing significantly below expectations or in cases of serious misconduct.

HOW ARE PUPILS ASSESSED?

In addition to the general sixth form entry requirements any scholarship specific requirements can be found in the following relevant pages. Awards are made as a result of strictly-moderated open competition and assessment. Candidates will be required to sit either a written examination or practical assessment and interview.

Academic Scholarship

The curriculum at Mayfield is rooted in the convictions of our founder, Cornelia Connelly. As such, the curriculum is wide and varied and aims to provide breadth and depth of opportunity both within and beyond the classroom.

The School expects potential academic scholarship candidates to have all 7-9 predictions at GCSE from their current school as well as a very positive reference.

WHAT MORE DOES THE SCHOLARSHIP OFFER?

All academic scholars will join the prestigious Scholar's Programme run exclusively for scholars (and for other more able and talented pupils by invitation who demonstrate scholarly potential). Members benefit from a programme of support, monitoring and encouragement and are expected to participate actively at the top of their classes, not only for their own benefit, but for the academic benefit of those around them.

How are pupils assessed?

The academic scholarship assessment will consist of a 45 minute written examination in three of the below subjects:

General Paper – designed to evaluate the student's ability to think critically, logically and creatively and write coherently.

Two subject papers from a choice of the following subjects:

- English
- Mathematics
- Chemistry
- Biology
- Physics
- French
- Spanish
- Latin and Greek (one paper covering both – students can choose to do one or both sections)
- History
- Geography
- Religious Studies

All candidates should nominate their two strongest subjects for examination. Pupils may wish to study these at A Level or they are simply those that will show the candidate's academic ability in the best light. During the day, candidates will also take part in an interview with a senior member of staff.

[\(All exam papers are created by the head of department. Sample papers are available \(in most subjects\) upon request from the admissions office after the application submission deadline has passed.](#)

Sixth Form Academic Scholarship awards are determined by a candidate's performance in the Sixth Form Academic Scholarship Assessments from the papers outlined above, the impact they make at interview, the strength of their predicted GCSE/equivalent grades (where appropriate), together with supporting information including reference(s) provided by her current school. Candidates who are not offered an Academic Scholarship but who achieve an acceptable standard in the Scholarship assessments will be offered a Sixth Form place.

Creative Arts Scholarship

Creative Arts is a vital and enriching subject within the curriculum at Mayfield. We encourage our pupils to be adventurous, confident, innovative and ambitious in their creative endeavour. Students work with a wealth of media across several disciplines, exploring traditional and contemporary approaches to help them find their chosen area to create highly personal, individual and sophisticated outcomes.

WHAT DO WE EXPECT FROM OUR APPLICANTS?

Applicants will need to show exceptional ability in drawing and painting. Successful candidates are encouraged to study Art, Ceramics or Textiles at A Level, to take an active part in other art events at the School, all under the guidance of the Head of Art, Ceramics and or Textiles.

WHAT MORE DOES THE SCHOLARSHIP OFFER?

In addition to the award, scholars will receive extra tuition and benefit from a programme of support, monitoring, and encouragement.

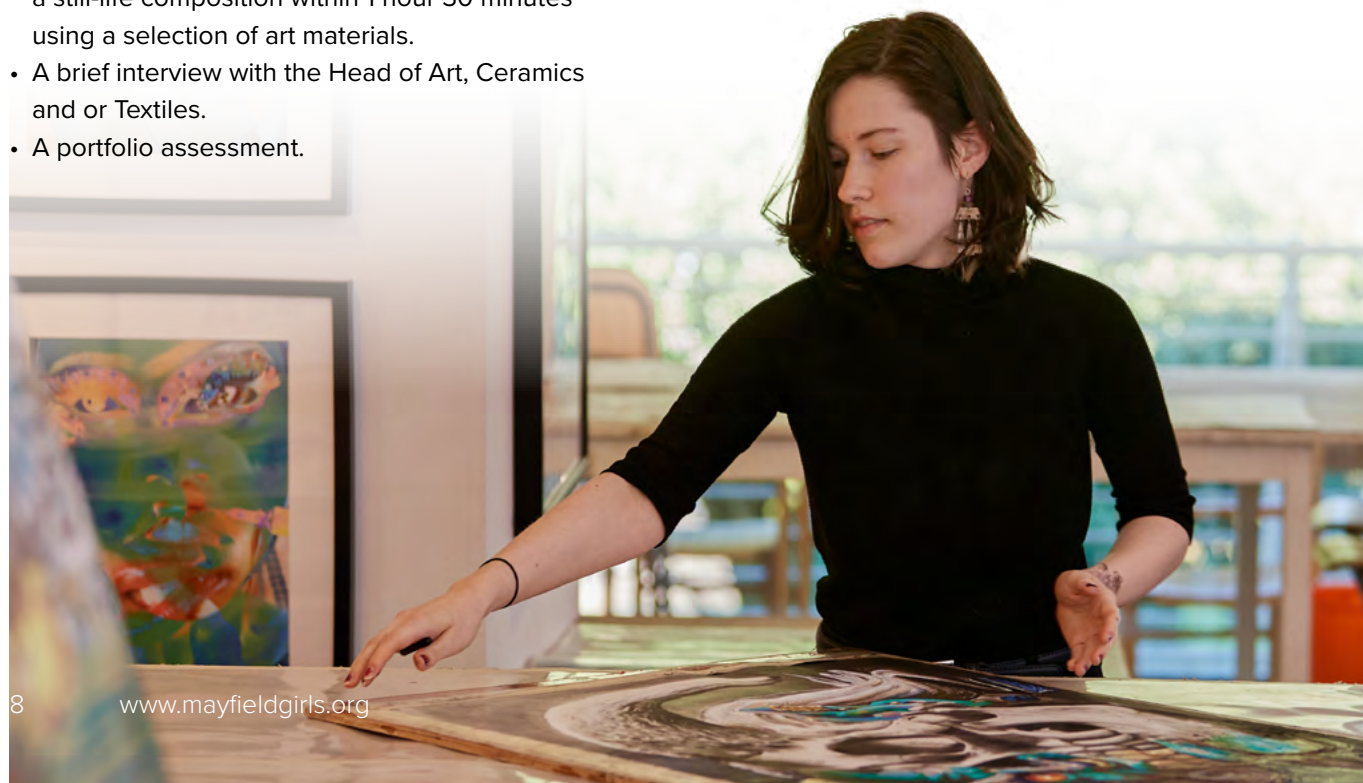

HOW ARE PUPILS ASSESSED?

The assessment will consist of:

- An observational drawing test- pupils will complete a still-life composition within 1 hour 30 minutes using a selection of art materials.

Drama at Mayfield School offers a welcoming atmosphere where students can develop their artistic, communication and organisational skills. Apart from the practical experience of bringing text to life on stage through acting, expertise is also developed in a number of areas including lighting, sound, make-up and costume design. Drama education is the acquisition of transferable skills and techniques necessary for performing to an audience and promotes the emotional development of our girls, boosting their confidence.

WHAT DO WE EXPECT FROM OUR APPLICANTS?

Successful candidates are encouraged to study drama at A Level, but is not a requirement as long as they involve themselves in productions and continue to contribute fully to co-curricular and extra-curricular drama at the School.

WHAT MORE DOES THE SCHOLARSHIP OFFER?

In addition to the award which carries a discount in fees, candidates will benefit from a programme of support, monitoring and encouragement. The School is happy to support drama scholars who have professional engagements. If they wish to be involved in external amateur productions, this needs to be on the understanding that it is in the pupil's best interests in terms of time management and academic studies, and that it does not have a significant impact on School commitments and directed time.

HOW ARE PUPILS ASSESSED?

A month prior to the assessment day, a selection of monologues will be sent to all candidates. The assessment day will consist of two parts:

1. **Performance** - candidates will perform **two** contrasting monologues (without script): **one Shakespearean** (of candidates own choosing) and **one modern** (from a list provided).

Candidates of scholarship calibre will demonstrate outstanding dramatic potential and commitment and should ideally be a member of a theatre group.
