

Wilson Central School District:

Each student will have the educational opportunity to reach his or her maximum potential by challenging all students to higher levels of achievement. We will provide the environment, encouragement, and instruction to meet this goal while developing the whole child physically, socially, emotionally, and culturally

From The Helm

May 2, 2025

Wilson Central School District
Timothy P. Carter – Superintendent

From the Desk of Tim Carter:

Dear Wilson CSD Families and Staff,

As we move through the busy days of learning, teaching, and growing together, it's easy to get caught in the mindset of *obligation*—feeling like we *have to* show up, *have to* study, *have to* complete one more task. But what if we shifted our perspective? Life isn't an obligation. It's a gift. Every day we walk through these doors, we're not burdened with responsibilities—we're *blessed* with opportunities.

We don't *have to* come to school—we *get to*.

We don't *have to* teach or learn—we *get to*.

We *get to* connect, to grow, to explore new ideas, and build relationships that shape our future.

When we choose gratitude, our mindset changes. We begin to see our daily experiences not as chores, but as chances—chances to become better, stronger, and more compassionate people. So let's remember: shifting from “have to” to “get to” can transform stress into appreciation and pressure into purpose. Life is full of gifts, and this school community is one of them.

Have a wonderful weekend, and enjoy the time with your family!

Timothy P. Carter

Superintendent

Thought of the Week

Daily Positive

Today, shift your perspective and realize it's not about having to do anything. Life is not an obligation. It's a gift. Replace "Have To" with "Get To." Focus on gratitude and you'll find yourself feeling blessed instead of stressed.

From "The No Complaining Rule"

Updates

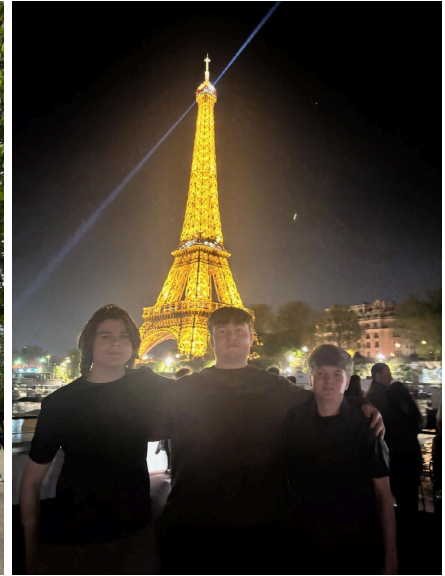

Wilson Elementary Newsletter- Please enjoy the April 2025 edition of the [Wilson Elementary Newsletter](#).

Trip to France - Over April break, from April 11-19, 10 French students and 8 adults went on a field trip to France. Students were able to see the major French monuments of Paris, such as the Eiffel Tower, the Arc de Triomphe, Notre Dame, and the Louvre Museum, and even go on a dinner cruise on the Seine. Outside of Paris, students visited Omaha Beach in Normandy and the American Cemetery to learn about D-Day, the city of Bayeux to see the Bayeux Tapestry, St. Malo, and the Chenonceau and Chambord Castles in the Loire Valley. It was a packed and fun-filled visit where places and events that students have learned about were able to become a little more real to them. We went with another French class from Sag Harbor, and the students quickly befriended each other. Our tour guide, Louna Huet, was a native Parisian and was able to give intricate details about the places we visited, as well as helping students practice their vocabulary. Thank you to the amazing parents, chaperones, Mr. Stack, and everyone who supported the French students as they prepared for and experienced this trip.
