Programs for Students With Disabilities

All students with disabilities living within the District are identified, evaluated and placed in appropriate educational programs. This includes children for whom the District is the district of residence who are being held or have been court ordered to juvenile detention centers or children who have been committed to community correctional facilities. Additionally, all parentally placed private school children with disabilities who reside in a state other than Ohio and attend a private school within the District are located, identified and evaluated. Due process requirements, procedural safeguards and confidential treatment of information are adhered to as required by State and Federal law.

The Superintendent is expected to supervise all special education programs and to assign a member of the staff to coordinate efforts. The person designated is responsible for the identification of students with disabilities, the evaluation of disabilities and evaluation procedures, the design of Individualized Education Programs (IEP), plans and placement. All procedures are in accordance with State and Federal law.

The IEP determined for each identified student is developed in accordance with the student's individual needs. The plan provides for reevaluation of the student's needs, progress and effectiveness of the program being offered.

Although the District requires all students with disabilities to be tested, each student with a disability is considered individually relative to his/her participation in the District's educational and testing programs. Alternative assessments may be required. Students must make yearly gains toward closing the achievement gap as defined by the State Board of Education performance targets.

The Board, by resolution, directs the administration to comply with and follow the Ohio Department of Education, Office of Exceptional Children's model special education policies and procedures.
