your IGP meeting!**

NFHS Rising 10th Grade Course Selections 2026-2027

Students should use this form to identify courses they would like to take next year in the 10th grade. All students will need to select one Math, English, Science, and Social Studies course and then 4 electives. Students will also need to identify at least 3 alternate electives in case their primary requests are not available. This is a planning tool; we recommend that you use a highlighter or other indicator to identify the courses you are interested in selecting. You will make your official selections with your counselor during the IGP meeting.

**Courses with this symbol have a prerequisite course and/or grade requirement. See the FMSD Program of Studies for details*
