Dear Parents & Guardians,

We're excited to invite your child to be part of this year's **School Ski & Snowboard Club at Swain Resort**! Ski Club is more than just an after-school activity – it's a chance for students to stay active, make friends, and build skills that last a lifetime.

### Why Swain?

- Swain Resort is **family-owned and operated**, with a proud tradition of welcoming families and schools for generations.
- We were the **first ski resort in New York State to allow snowboarding**, and today we're home to multiple terrain parks for students who love freestyle fun.
- Our mountain offers **challenging terrain for experienced skiers**, while still being one of the **best places in the state for beginners to learn** – voted the Best Ski Resort to Learn to Ski in NYS!
- With more than **1,000 school club members every year**, many families have made Ski Club at Swain a **multi-generational tradition**.

### Why Ski Club?

- **Active & Healthy:** Skiing and snowboarding build strength, balance, and confidence.
- **Safe & Supervised:** Students are guided by school advisors and trained Swain staff.
- **All Levels Welcome:** From first-timers to advanced riders, there's something for everyone.
- **Affordable Fun:** Club members enjoy **special discounted pricing** on season passes, lift tickets, rentals, meals, and lessons.
- **Community:** Kids build friendships, share laughs, and create memories that last a lifetime.

### Why Kids Love Ski Club (and Parents Do Too!)

- It's a **fun way to beat the winter blues** – kids look forward to Ski Club days every week.
- Students gain **independence** while learning responsibility in a safe, structured environment.
- Skiing and snowboarding give kids a **lifelong skill** they can enjoy with family and friends for years to come.
- Parents love knowing their kids are spending time **outside, active, and social** instead of being stuck indoors.

### A Bonus for Families

When your child joins a Ski Club, **the whole family benefits!** Parents and siblings also receive **discounted lift tickets and rentals** through the program. Skiing and snowboarding are truly family sports – this is your chance to make winter something you enjoy **together**.

👉 For more information and to sign up, please contact your school's **Ski Club Advisor**:
