- Location: New London High School Multi-Magnet Campus
- Total Number of Students: 59
- Number of Credits Recovered: 27.5
- 16 students gained enough credits to become "on-track" for graduation

Extended School Year Services

- Extended School Year (ESY) provides special education and related services to students with disabilities beyond the regular school year to prevent regression in critical skills and help them retain knowledge and abilities during extended breaks from instruction.
 - Approximately 130 students attended ESY this summer
 - Students from preschool through high school (ages 3 to 22!) participated in the program
 - Amazing staff consisted of special education teachers, occupational therapists, physical therapists, speech and language pathologists, speech/language assistants, paraeducators, board certified behavior analysts (BCBAs), and registered behavior technicians
- The primary goal of ESY is to maintain skills however lots of fun is woven into each day too!

Thank you!
