Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed, unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template.**

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development.** ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Current enrollment as of April 12, 2021, is 1,918. It is 115 fewer students than last year's enrollment 75 percent Hispanic, 17.3 percent Asian, 2.8 percent White, and 2.5 percent African American, 47% of the students are identified as English Learners. The district has an unduplicated disadvantaged student percentage of 86%, where 21% are English Learners, 40% are socioeconomically disadvantaged, and 16% have learning disabilities.

Mount Pleasant Elementary School District worked closely with stakeholders including the LCAP/Budget Committees composed of DELAC/ELAC parents, PTA, School Site Council, Certificated, and Classified Employees. Additional feedback was obtained during the Superintendent's meeting (coffee with the Superintendent); parents and community members attended the meetings.

In addition to having DELAC and ELAC parents on the LCAP Committee, goals related to English Language Learners were reviewed during the DELAC and ELAC meetings. The Budget and LCAP Committees worked carefully to evaluate the progress that had been made on each of the LCAP goals. The LCAP goals, metrics at each of the ELAC/DELAC meetings; the May 4th meeting was dedicated to reviewing the goals and actions of the LCAP to address the needs of English Learners. DELAC parents presented to the board in June 9th; parents shared their involvement with the LCAP and their recommendations.

The LCAP/Budget committee assessed the progress or degree of implementation by analyzing student data and reviewing each action item associated with each goal. The committee provided feedback and recommendations for possible next steps.

The current three-year LCAP is composed of five goals that address all of the eight state priority areas and are aligned with the District's Strategic Plan, the District Plan for English Learners, and all Single Plans for Student Achievement.

Goal 1 - Increase student success in English Language Arts/Literacy, Math, and Science by providing high-quality instruction that promotes college and career readiness with academic interventions and differentiated instruction to decrease the achievement gap.

Goal 2 - Prepare students to be college and career ready by increasing enrichment opportunities, increase the use of technology and the 4Cs (Collaboration, Communication, Critical Thinking, and Creativity).

Goal 3 - Create a safe and supportive learning environment at all school sites where students attend and are connected to their schools.

Goal 4 - Decrease the percentage of students identified as Long Term English Learners (LTELs) by increasing the rate that English Learners (ELs) become proficient in English.

Goal 5 - Engage parents and families to support student success in school.

We currently do not have the testing data for our English Language Learners given that the Governor suspended state testing last academic year. Therefore, the data presented here is based on a comparison from 2017-2018 to the 2018-2019 academic school year. Our English Language Learners showed improvement based on the 2019 ELPAC and CAASPP test scores. We have redesignated 12.7% of our students since the last ELPAC exam in 2019 compared to 8.7% in the year 2018-19. According to the CA School Dashboard, English Language Learners increased by 9.2 points in 2019 compared to a decline of 6.1 points in 2018. The district is also using state funding to improve school climate, increase enrichment opportunities and the use of technology, decrease the percentage of Long Term English Learners and increase parent participation.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

The district is planning to use federal funds to supplement the district efforts in the following way:

- Provide additional professional development to support teachers with the implementation of the curriculum to support the needs of our diverse student population, especially our Latino subgroup, low socioeconomic, English Learners, and Special Education students
- Provide reading intervention to students that are more than a year behind in reading to students in grades K-3rd grade
- Schedule parent meetings with parents to review the progress of English Learners that are not making adequate growth and are at risk of becoming Long-Term English Learners
- Provide after-school interventions and extended year interventions
- Provide workshops that parents have identified, such as early literacy, cyber safety, and social-emotional as well as discipline

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals, and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.
