

2025-2026 Henry Tab Tops

The Tab Top program invites you to collect aluminum tabs from various cans to support Ronald McDonald House Charities of St. Louis.

How?

Collect Tab Tops (in a zip top bag works great) and send them in to school with your student to give to their classroom teacher.

Tabs are sent to recycling partner, Didion Orf, then converted to monetary funds that support RMHC-STL. Last school year, the Henry community collected and donated 70 pounds of Tab Tops!

When?

Collections are on the 1st Tuesday of each month, beginning in October.

October 7th

November 11th

December 2nd

January 6th

February 3rd

March 3rd

April 14th

May 5th

PULL TOGETHER

Local supports include family rooms, a refuge for families, whose children have been hospitalized because of illness or injury, and overnight houses for families of seriously ill children.

In addition to the 20 bedroom location in West County on the Mercy campus, a new 72 bedroom facility opened near Children's Hospital in St. Louis City in August of 2024.

Where?

Tab Tops are collected by the classroom teachers. Each month, the class with the winning total (by weight) will be awarded the traveling trophy.

In 2024, these facilities provided housing for 540 families whose children were hospitalized in our area. Locally, the Tab Top Program raised over \$22,000 for this critical service last year.
