Dear Parent/Guardian:

You are receiving this letter because your child has expressed interest in participating in middle or high school athletic activities.

Parents/guardians must provide proof of private insurance or Medicaid coverage or purchase a voluntary coverage plan, developed specifically for CPSB, for their child before he/she can participate in middle and high school athletic activities including the following: football, baseball, softball, basketball, volleyball, soccer, track & field, golf, tennis, swim, cheer, dance, pep squad, band, bowling, and wrestling.

Parents/guardians with existing insurance may also purchase the voluntary plan to provide additional coverage for co-pays, deductibles and out-of-pocket expenses.

Please see the attached enrollment form and instructions if you are interested in purchasing a voluntary policy.

If you have any questions, feel free to contact the Risk Management Department at 337-217-4240.

Respectfully,

After reading the Concussion Fact Sheet, I am aware of the following information:

<u>Parent Initial</u>	<u>Student Initial</u>	
		A concussion is a brain injury, which I am responsible for reporting to my coach, athletic trainer, or team physician.
		A concussion can affect by ability to perform everyday activities, and affect reaction time, balance, sleep, and classroom performance.
		You cannot see a concussion, but you might notice some of the symptoms right away. Other symptoms can show up hours or days after the injury.
		If I suspect a teammate has a concussion, I am responsible for reporting the injury to my coach, athletic trainer, or team physician.
		I will not return to play in a game or practice if I have received a blow to the head or body that results in concussion-related symptoms.
		Following a concussion, the brain needs time to heal. You are much more likely to have a repeat concussion if you return to play before your symptoms resolve.
		In rare cases, repeat concussions can cause permanent brain damage, and even death.

Parent and Athlete Notification - Risk of Serious Injury in Athletics

Pursuant to Act 352 of the 2011 Louisiana Legislative Session, before a student is allowed to participate in any school-sponsored or school sanctioned athletic activity, the student and parents or guardian of the student shall document they have viewed information provided in written or verifiable electronic form by the school regarding the risks of serious sports injuries.

By its very nature, competitive athletics can involve students in situations in which SERIOUS, CATASTROPHIC, and perhaps FATAL accidents could occur. Students' parents/guardians must assess the risks involved in such participation and make their choice to participate despite those risks. NO amount of instruction, precaution or supervision will completely eliminate all risk of injury. Participation in athletics is inherently dangerous.

By granting permission for your son/daughter to participate in athletic competition, a parent or guardian acknowledges that participating in any sport can be a dangerous activity involving many risks of injury. Both the athlete and parent/guardian must understand that the dangers and risks of playing or practicing a sport include but are not limited to death, complete or partial paralysis, brain damage, serious injury to virtually all internal organs, bones, joints, ligaments, muscles, tendons and other aspects of the skeletal system and the potential impairment to other aspects of the body, general health, and well-being

Because of the dangers of participating in sports, we (parent/guardian and player) recognize the importance of following instructions regarding playing techniques, training, the proper use of all associated sports equipment and other team rules, etc. both in competition and practice and agree to obey such instruction and proper use.

In signing this, I acknowledge and represent that I (a) have read the foregoing document, understand it and sign it voluntarily; (b) have received no oral representations, statements or inducements apart from the foregoing written agreement; and (c) am fully competent and the proper person to execute this document.

I recognize that I have the responsibility to wear the required equipment, obey the rules of any sport, train and condition my body to the best of my ability, and to utilize the proper techniques when playing any sport. I also know that I must avoid athletic activities for which I have not been trained or do not feel qualified to perform. I agree to uphold my responsibility to report any injuries to the athletic training staff immediately, and follow their recommendations for treatment and rehabilitation, as needed to safely return to full participation.

Finally, I understand that the NOCSAE seal on any sports helmet indicates that a manufacturer has complied with the best available engineering standards for head protection. By keeping a proper fit, by not modifying its design, and by reporting to the equipment manager any need for its maintenance, I am also complying with the purpose of the NOCSAE standard.

I have read and understand the significance of these statements. Signed this _____ day of _____, 20_____.

Student/Athletic Accident Insurance

Dear Parent/Guardian,

As you are aware, health care costs can be very expensive. If a CPSB student is accidentally injured at school or participating in a school sponsored event, the cost for any medical treatment is the responsibility of the parent or guardian. Every student should have health insurance whether it is private insurance, employer sponsored, or a government program such as Medicaid. In an effort to ensure that our students are adequately protected in the event of an accident or injury, we are pleased to offer a voluntary student/athletic insurance plan to all CPSB students. This insurance is a secondary policy and is designed to help with the unpaid portion of a school accident claim such as deductible or out-of-pocket expenses that are left over after filing with your personal/primary insurance.

Any CPSB enrolled student who attends a CPSB school is eligible to purchase this voluntary accident coverage. There are two different plans that may be purchased:

School Time Accident Coverage

If coverage is elected and appropriate premium is received, this accident insurance provides coverage while the student is at school and while attending or participating in school sponsored events on or off school premises. You can cover your child for as little as \$38 per school year.

Includes:

- Travel to and from school
- Summer activities
- Class trips

24 Hour Accident Coverage

If coverage is elected and appropriate premium is received, this accident insurance provides 24 hour coverage. You can cover your child for as little as \$165.00 per year.

Includes:

- Weekends
- Vacation periods, including summer vacation
- Coverage at home or while away

Additional information and enrollment forms can be obtained by visiting www.StudentInsurance-kk.com. If you have any questions or would like to purchase a policy for your child, please contact Risk Management at 337-217-4240 Ext.3004.

I, _____ acknowledge that I have been made aware of the Student/Athletic Accident Insurance offered by Calcasieu Parish School Board and understand that I do have the option to purchase a student/athletic accident insurance policy for my child.

ACT 314

Louisiana Youth Concussion Act

During the 2011 Legislative session ACT 314, "Louisiana Youth Concussion Act", was signed into law. ACT 314 has three major requirements.

1. Prior to beginning of each athletic season, provide pertinent information to all coaches, officials, volunteers, youth athletes, and their parents or legal guardian which informs of the nature and risk of concussion and head injury, including the risks associated with continuing to play after a concussion or head injury.
2. Require each coach, whether such coach is employed or a volunteer, and every official of a youth activity that involves interscholastic play to complete an annual concussion recognition education course.
3. Requires as a condition of participation in any athletic activities that the youth athlete and the youth athlete's parent or legal guardian sign a concussion and head injury information sheet which provides adequate notice of the statutory requirements which must be satisfied in order for an athlete who has or is suspected to have suffered a concussion or head injury to return to play.

ACT 314 gives the responsibility of compliance of the act to the governing authority of each public and nonpublic elementary school, middle school, junior high school, and high school. As a result of many requests from our member schools, the LHSAA Sports Medicine Advisory Committee met and came up with some suggestions that may help our member schools to be

in compliance with this law. We have included the following documents to help you in your responsibility. The LHSAA is not named in this law, so **DO NOT SEND THIS DOCUMENTATION TO THE LHSAA**; keep it on file at your school for your own protection of compliance.

General Information

- LHSAA Concussion Policy/Rule (Adopted in 2010)
- Suggested Return-to-Play Healthcare Provider Release
- Suggested Step-wise Return-to-Play Progression
- LHSAA Suggested Home Instruction Sheet
- LHSAA Return-to-Competition Form
- Pocket SCAT2 Evaluation Tool

Coaches/Officials Information

- A Fact Sheet for Coaches (Center for Disease Control and Prevention or CDC)
- A Coaches Concussion Statement (LHSAA Sports Medicine Committee)
- A Sideline Sheet for Coaches (Center for Disease Control and Prevention or CDC)
- An Officials Concussion Statement (LHSAA Sports Medicine Committee)

Student-Athletes/Parents Information

- A Fact Sheet for Athletes (Center for Disease Control and Prevention or CDC)
- A Fact Sheet for Parents (Center for Disease Control and Prevention or CDC)
- A Parent's Guide to Concussion in Sports (National Federation of State High School Association or NFHS)
- A Parent and Student-Athlete Concussion Statement (LHSAA Sports Medicine Committee)
- A Home Instruction Sheet (LHSAA Sports Medicine Committee)

To help meet the education course aspect of ACT 314, the LHSAA recommends that individuals go to the NFHS website, www.nfhslearn.com, and click the link [Concussion in Sports: What You Need to Know](#), under [Great Free Courses](#).

A Fact Sheet for PARENTS

WHAT IS A CONCUSSION?

A concussion is a brain injury. Concussions are caused by a bump or blow to the head. Even a “ding,” “getting your bell rung,” or what seems to be a mild bump or blow to the head can be serious.

You can't see a concussion. Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If your child reports any symptoms of concussion, or if you notice the symptoms yourself, seek medical attention right away.

WHAT ARE THE SIGNS AND SYMPTOMS OF A CONCUSSION?

Signs Observed by Parents or Guardians

If your child has experienced a bump or blow to the head during a game or practice, look for any of the following signs and symptoms of a concussion:

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows behavior or personality changes
- Can't recall events prior to hit or fall
- Can't recall events after hit or fall

Symptoms Reported by Athlete

- Headache or “pressure” in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light
- Sensitivity to noise
- Feeling sluggish, hazy, foggy, or groggy
- Concentration or memory problems
- Confusion
- Does not “feel right”

HOW CAN YOU HELP YOUR CHILD PREVENT A CONCUSSION?

Every sport is different, but there are steps your children can take to protect themselves from concussion. Ensure that they follow their coach's rules for safety and the rules of the sport.

- Encourage them to practice good sportsmanship at all times.
- Make sure they wear the right protective equipment for their activity (such as helmets, padding, shin guards, and eye and mouth guards). Protective equipment should fit properly, be well maintained, and be worn consistently and correctly.
- Learn the signs and symptoms of a concussion.

WHAT SHOULD YOU DO IF YOU THINK YOUR CHILD HAS A CONCUSSION?

1. Seek medical attention right away. A health care professional will be able to decide how serious the concussion is and when it is safe for your child to return to sports.

2. Keep your child out of play. Concussions take time to heal. Don't let your child return to play until a health care professional says it's OK. Children who return to play too soon – while the brain is still healing – risk a greater chance of having a second concussion. Second or later concussions can be very serious. They can cause permanent brain damage, affecting your child for a lifetime.

3. Tell your child's coach about any recent concussion. Coaches should know if your child had a recent concussion in ANY sport. Your child's coach may not know about a concussion your child received in another sport or activity unless you tell the coach.

It's better to miss one game than the whole season.

A Fact Sheet for ATHLETES

WHAT IS A CONCUSSION?

A concussion is a brain injury that:

- Is caused by a bump or blow to the head
- Can change the way your brain normally works
- Can occur during practices or games in any sport
- Can happen even if you haven't been knocked out
- Can be serious even if you've just been “dinged”

WHAT ARE THE SYMPTOMS OF A CONCUSSION?

- Headache or “pressure” in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light
- Bothered by noise
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion
- Does not “feel right”

WHAT SHOULD I DO IF I THINK I HAVE A CONCUSSION?

Tell your coaches and your parents. Never ignore a bump or blow to the head even if you feel fine. Also, tell your coach if one of your teammates might have a concussion.

Get a medical check up. A doctor or health care professional can tell you if you have a concussion and when you are OK to return to play.

Give yourself time to get better. If you have had a concussion, your brain needs time to heal. While your brain is still healing, you are much more likely to have a second concussion. Second or later concussions can cause damage to your brain. It is important to rest until you get approval from a doctor or health care professional to return to play.

HOW CAN I PREVENT A CONCUSSION?

Every sport is different, but there are steps you can take to protect yourself.

- Follow your coach's rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.
- Use the proper sports equipment, including personal protective equipment (such as helmets, padding, shin guards, and eye and mouth guards). In order for equipment to protect you, it must be:

- The right equipment for the game, position, or activity
- Worn correctly and fit well
- Used every time you play

It's better to miss one game than the whole season.
