GRADING:

The academic school year consists of two semesters. Each class meets daily for a total of 262 minutes a week for 180 instructional days. Students are usually enrolled in 6 classes each semester and receive 5 credits for each class each semester. GPAs are calculated from grades earned in grades 9–11 through the 6th semester transcript, and from grades 9 through the first semester of

grade 12 for the 7th semester transcript. There is also an intervention period on Wednesday to support students struggling in particular classes.

Explanation of marking system:

A = Excellent	D = Below Average	NC = No Credit	P = College Prep	ELD = English Development
B = Above average	F = Failing	H = Honors	HS1 = RSP	IE = Intensive English
C = Average	I = Incomplete	AP = Advanced Placement	SDAIE = Prep ELD	

GPAs are reported on a 4.0 scale and courses marked with a "+" are weighted thus: A = 5, B = 4, C = 3. Class rank is calculated using the *academic weighted* average of all marks earned in all semester grades.

Class of 2026 decile rank distribution is as follows:

Decile Rank	12th Grade GPA Range
1	4.96 - 4.45
