

GARZA-PEÑA CAMPUS IMPROVEMENT PLAN

Submitted for Board Approval on _____ 2025

Board Approved Date: _____ 2025

Vision

Every PSJA student is prepared to participate, compete, and excel in a global society to foster multi-generational prosperity.

Mission

As educational leaders, the PSJA team is engaged and empowered to connect all students with innovative instruction, outstanding facilities, technology, skills, and social- emotional support while prioritizing health and safety for all – from early childhood through their chosen career.

As one PSJA family, we build on our legacy of academic excellence, renowned college and career readiness, biliteracy and extracurricular programs, and our multicultural heritage to ensure every student has the experiences and resources necessary to achieve the highest levels of success.

Adopted June 22, 2020, by the PSJA School Board of Trustees

Campus Vision

The vision of Garza-Peña Elementary is to provide an education that will ensure successful learning for students. The Garza-Peña students will be responsible individuals that will show respect and concern for one another. The teachers and staff will provide a quality instructional program implementing successful strategies and demonstrating leadership. The parents and community will be actively involved to ensure student success and responsibility. A positive school environment will contribute to every students' success at Garza-Peña Elementary.

Campus Mission

The mission of Garza-Peña Elementary is to provide a quality instructional program in a nurturing, positive, and creative learning environment which addresses the cognitive, affective, and physical needs of the children. The staff, parents, and community will be committed to provide successful educational experiences which will enable the students to become productive members of society.

Student Performance:

Using preliminary student performance data, Garza-Peña Elementary has been rated a "B" Campus by the state of Texas on the 2024-2025 Accountability. In Domain I, Student Achievement Domain, STAAR Performance was at a component score of a 47 and Garza-Peña earned a grade of 75 (C).

In Domain II, School Progress (79) and Relative Performance (84) with an Eco Dis at a 92.8%, Garza-Peña earned a scale score of 84. Domain III, Closing the Gaps Domain, Garza-Peña scale score was a 92.

The overall 2024 Accountability Rating for Garza-Peña Elementary was a score of 86 (B). In grades 3-5 all tested STAAR subjects Garza-Peña administered 606 tests and had 100% participation for the 2024-2025 school year.

Executive Summary Continued

Student Performance:

For the 2025-2026 school year, the Student Performance goals are the following:

- The percentage of all students that score meets grade level or above on STAAR combined Reading, Mathematics, and Science will increase from 48% (57% Reading, 46% Math, & 27% Science) in June 2025 to 50% by June 2026.
- The percentage of students who perform at meets grade level or above on STAAR Reading will increase by three percentage points by June 2026.
- The percentage of students who perform at MEETS grade level or above on STAAR Mathematics will increase 5-10 percentage points by June 2026.
- The percentage of students who perform at meets grade level or above on STAAR Science will increase by ten percentage points by June 2026.

Effective Teaching and Learning:

Teachers utilize the Balanced Literacy approach for language arts instruction with a focus on reader's and writer's workshop and guided reading. All students participate in Masters and sustainability learning, a project/passion-based learning approach. Garza Pena now offers ten Dual Language classrooms: 1 in P3, 1 in PK, 1 in Kinder, 1 in 1st, 2 in 2nd grade, 2 in 3rd grade, 2 in 4th grade, 1 in 5th. These classrooms contain ELL students. The mission for our campus is to develop a culture of readers (both staff and students). Recognizing the need to engage students in authentic reading and meaningful practice, our focus will be on classroom libraries to promote the love of reading, as well as providing materials and professional development to support writing and reading workshops. Handwriting will also be a focus of literacy instruction so that students will be able to write legibly and fluidly.

Summary of Goals:

Improve student mastery of grade level TEKS by utilizing TEKS based, data driven instruction to increase the number of all students scoring at the Meets or Masters level on STAAR by 5-10% in all subject areas and subgroups. Students in grades K-2 will show a 5-10% increase in the number of students performing in Tier 1 as determined by I-Ready reading and math. Each grade level will show a 5-10% increase in the percentage of students reading on grade level. Improve practice of high-engagement, rigorous instruction for all students. State data will reflect a 5-10% increase in Domains I, II, and III. Provide a safe, rigorous, highly engaging learning environment to all students and staff. 100% of students will participate in our campus wide PBIS and social emotional initiative. Increase the academic achievement of all students, in all subgroups by 5-10%. Close the achievement gap by 5-10% between the economically disadvantaged, special education and ELL populations. 100% of parents will have the opportunity to participate in school events and engagement activities. Garza Pena will continue to partner with community stakeholders to ensure student/campus success.

Comprehensive Needs Assessment

1

GOAL AREA 1: EFFECTIVE TEACHING AND LEARNING

Areas Reviewed: Student Performance

Strengths

Pharr-San Juan- Alamo provides the campus with a standards-aligned Guaranteed and Viable Curriculum and scope and sequence. The district curriculum is developed and adjusted after the district content- based assessments and benchmark data are analyzed. The development and adjustment of the district curriculum is led by the Curriculum & Instruction Department, and includes teachers, district content coordinators, and district Executive Officers for each level. The district also provides teachers and campus leaders access to assessments aligned to the standards and expected levels of rigor. A data assessment platform to capture immediate assessment data by item and student is inclusive as part of the curriculum practices and curriculum implementation. In addition:

- Curriculums and assessments are aligned to Texas Essential Knowledge and Skills (TEKS) and included in a year-long scope and sequence. After each assessment, campus and district staff conduct data review sessions and adjustments are immediately made to the scope and sequence and resources are evaluated.
- The scope and sequence, units of study, and assessments are aligned to the standards for all state assessed subjects and grade levels in grades Pk-2nd, 3rd-5th, middle and high school.
- Assessments that are aligned to state standards at the appropriate level of rigor are administered strategically throughout the year to determine student progress. Corrective instruction is built into the curriculums and scope and sequence.
- Instructional materials with key ideas, essential questions, and recommended materials including content-rich texts, are used across classrooms. The instructional materials include resources intentionally designed to meet the needs of students with disabilities and English learners among other student groups.
- Professional development is provided throughout the year in response to classroom observations, formative assessments and campus performance.

Challenges

The area of literacy, specifically in reading comprehension and writing has been a challenge district-wide and great emphasis and resources are being dedicated to this area of need. Additionally, the 2025 STAAR Performance results indicate academic gaps in mathematics and science.

- The Spec Ed Group in ELA/Reading at Meets Grade Level Standard or Above was at 30%.
- Student reading on level by third grade is an area that we as the district continue to work on and monitor. 46% of 3rd grade students scored 0 points on the ECR.
- Cross curricular writing must be done at all grade levels
- Professional development for teaching writing must be provided at all grade levels.
- The All-Student Group in Mathematics at Meets Grade Level Standard or Above was at 46%.
- Emergent Bilingual Student Group in Mathematics at Meets Grade Level Standard or Above was at 34%.
- Special Education (Current) Student Group in Mathematics at Meets Grade Level Standard or Above was at 32%.
- Elementary Reading, Writing and Mathematics curriculums will be monitored for alignment and effectiveness.
- The All-Student Group in Science at Meets Grade Level Standard or Above was at 27%.
- Emergent Bilingual Student Group in Science at Meets Grade Level Standard or Above was at 15%.
- Special Education (Current) Student Group in Science at Meets Grade Level Standard or Above was at 23%.

Goal Area 1: Effective Teaching and Learning

Annual Goal 1: The percentage of all students that score meets grade level or above on STAAR combined Reading, Mathematics, and Science will increase from 48% (57% Reading, 46% Math & 27% Science) in June 2025 to 50% by June 2026 by having access to a standards-aligned guaranteed and viable curriculum.

Strategy 1: Strategically plan instruction to target specific needs of students by implementing lessons targeting SDGs.

Timeline: June 2025- Aug. 2026

Title I School Components: Title I, Title II, Title III, Special Ed. & Bilingual Funds, Migrant Funds

Persons Responsible: Principal, Assistant Principal, CLL and Content teachers

Action Steps:

- 1) Use data from a variety of sources to identify areas of concern.
- 2) Plan accordingly to target areas of concern and develop action plans
- 3) Monitor data weekly/bi-weekly utilizing progress monitoring tracking sheets & assessments.

GOAL AREA 2: STUDENT SUPPORT

Areas Reviewed: Student Performance

Strengths

Pharr-San Juan- Alamo provides the campus with a standards-aligned Guaranteed and Viable Curriculum and scope and sequence. The district curriculum is developed and adjusted after the district content- based assessments and benchmark data are analyzed. The development and adjustment of the district curriculum is led by the Curriculum & Instruction Department, and includes teachers, district content coordinators, and district Executive Officers for each level. The district also provides teachers and campus leaders access to assessments aligned to the standards and expected levels of rigor. A data assessment platform to capture immediate assessment data by item and student is inclusive as part of the curriculum practices and curriculum implementation. In addition:

- Curriculums and assessments are aligned to Texas Essential Knowledge and Skills (TEKS) and included in a year-long scope and sequence. After each assessment, campus and district staff conduct data review sessions and adjustments are immediately made to the scope and sequence and resources are evaluated.
- The scope and sequence, units of study, and assessments are aligned to the standards for all state assessed subjects and grade levels in grades Pk-2nd, 3rd-5th, middle and high school.
- Assessments that are aligned to state standards at the appropriate level of rigor are administered strategically throughout the year to determine student progress. Corrective instruction is built into the curriculums and scope and sequence.
- Instructional materials with key ideas, essential questions, and recommended materials including content-rich texts, are used across classrooms. The instructional materials include resources intentionally designed to meet the needs of students with disabilities and English learners among other student groups.
- Professional development is provided throughout the year in response to classroom observations, formative assessments and campus performance.

Challenges

The area of literacy, specifically in reading comprehension and writing has been a challenge district-wide and great emphasis and resources are being dedicated to this area of need. Additionally, the 2025 STAAR Performance results indicate academic gaps in mathematics and science.

- The Spec Ed Group in ELA/Reading at Meets Grade Level Standard or Above was at 30%.
- Student reading on level by third grade is an area that we as the district continue to work on and monitor. 46% of 3rd grade students scored 0 points on the ECR.
- Cross curricular writing must be done at all grade levels
- Professional development for teaching writing must be provided at all grade levels.
- The All-Student Group in Mathematics at Meets Grade Level Standard or Above was at 46%.
- Emergent Bilingual Student Group in Mathematics at Meets Grade Level Standard or Above was at 34%.
- Special Education (Current) Student Group in Mathematics at Meets Grade Level Standard or Above was at 32%.
- Elementary Reading, Writing and Mathematics curriculums will be monitored for alignment and effectiveness.
- The All-Student Group in Science at Meets Grade Level Standard or Above was at 27%.
- Emergent Bilingual Student Group in Science at Meets Grade Level Standard or Above was at 15%.
- Special Education (Current) Student Group in Science at Meets Grade Level Standard or Above was at 23%.
