Comprehensive Needs Assessment

Demographics

Demographics Summary

Special Education:

The following accountability sources were used to review the Special Education data by the Campus Site-Based Decision-Making Committee (SBDM): State of Texas Assessments of Academic Readiness (STAAR) results, Performance Based Monitoring Assessment System (PBMAS) and State Performance Plan (SPP) indicators to determine strengths and needs of our Special Education students. In addition, the Special Education Department was very involved in the curriculum writing and revision for grades K-5 during the summer to ensure that the general curriculum meets the needs of our special education students. Professional development is also coordinated with the curriculum and instruction department to ensure that all general education teachers are well versed in best practices that support the learning of special education students.

Needs:

Align student goals and objectives outlined in IEP with TEKS being assessed on STAAR, STAAR Online, STAAR-Alt 2, TELPAS and TELPAS-ALT.

Personnel Needs:

Campus Administrators will work closely with Human Resources (HR) to ensure the selection of highly qualified employee(s) holding valid state issued certification.

Professional Development Needs:

Special Education Staff will be included in all Professional Development (PD) provided by the campus/district in the areas that are to be addressed by individual students. The Special Education Department will work closely with the Campus and provide PD in the area of co-teaching to implement the inclusion model effectively. Resource teachers will work collaboratively with homeroom teachers to ensure IEP implementation.

Emergent Bilinguals (EB):

The following accountability sources were used to review the Bilingual Education/Dual Language (BE/DL) Department data by the SBDM Committee: State of Texas Assessments of Academic Readiness (STAAR) results, Performance Based Monitoring Assessment System (PBMAS) and TELPAS indicators to determine strengths and needs of our EL students. The BE/DL Department was very involved in the curriculum writing and revision for grades K-5 during the summer to address the needs of our EL students and align the curriculum between English and Spanish Language Arts that led to a more coherent and consistent bi-literacy program.

Strengths

Pharr-San Juan- Alamo provides the campus with a standards-aligned Guaranteed and Viable Curriculum and scope and sequence. The district curriculum is developed and adjusted after the district content- based assessments and benchmark data are analyzed. The development and adjustment of the district curriculum is led by the Curriculum & Instruction Department, and includes teachers, district content coordinators, and district Executive Officers for each level. The district also provides teachers and campus leaders access to assessments aligned to the standards and expected levels of rigor. A data assessment platform to capture immediate assessment data by item and student is inclusive as part of the curriculum practices and curriculum implementation. In addition:

- Curriculums and assessments are aligned to Texas Essential Knowledge and Skills (TEKS) and included in a year-long scope and sequence. After each assessment, campus and district staff conduct data review sessions and adjustments are immediately made to the scope and sequence and resources are evaluated.
- The scope and sequence, units of study, and assessments are aligned to the standards for all state assessed subjects and grade levels in grades PK-2nd, 3rd-5th, middle and high school.
- Assessments that are aligned to state standards at the appropriate level of rigor are administered strategically throughout the year to determine student progress. Corrective instruction is built into the curriculums and scope and sequence.
- Instructional materials with key ideas, essential questions, and recommended materials including content-rich texts, are used across classrooms. The instructional materials include resources intentionally designed to meet the needs of students with disabilities and English learners among other student groups.
- Professional development is provided throughout the year in response to classroom observations, formative assessments and campus performance.
