

# Guía rápida del Informe individual del estudiante (ISR) de MCA para lectura y matemáticas

Se generan los Informes individuales del estudiante (o ISR) para los estudiantes que se espera tomen una evaluación estatal. El ISR provee información acerca del desempeño del estudiante y su aprendizaje de los Estándares Académicos de Minnesota.

La MCA se administra a los estudiantes de lectura en los grados 3 al 8 y 10, y de matemáticas en los grados 3 al 8 y 11.

Comenzando en el año 2024–2025, cada materia y prueba aparece en un ISR separado.

Para los estudiantes que no participaron, el ISR muestra por qué no se incluyen los resultados (por ejemplo, por ausencia o por no terminar la evaluación).

1. Información demográfica del estudiante— Nombre del estudiante, grado, escuela, distrito, fecha y evaluación.
2. Medición del desempeño— La puntuación general del estudiante se muestra como un nivel de desempeño, llamado también nivel del logro. Hay cuatro niveles de desempeño: No cumple con los estándares, Cumple parcialmente con los estándares, Cumple con los estándares o Supera los estándares.

**1** Firstname M. Lastname  
School Name  
Public School District Name  
Spring 2025  
Grade 4

**2** These are your student's results from the Minnesota Comprehensive Assessments taken in the spring of 2025.

**3** Minnesota Academic Standards  
**Mathematics**  
Firstname's score shows performance **above** grade 4 standards  
MCA scores are used in school planning and should be used in discussions with other data at the classroom level

**4** Student Results Video  
Scan the QR code to access a video of your student's results. If you are unable to scan the QR code, contact your student's school.  
English Video

**5** Mathematics: Firstname's Overall MCA-III Results  
Your Student 468  
School Average 465.5  
District Average 448.6  
State Average 451.5  
Performance Level Description: Students at the Exceeds the Standards level exceed the mathematics skills of the Minnesota Academic Standards.

**6** Mathematics Performance Details  
Your student's score is compared to the state expectations for mathematics and its content areas. Performance in content areas within a subject is reported as Below Expectations, At or Near Expectations, or Above Expectations.  
↓ = Below Expectations    ↔ = At or Near Expectations    ↑ = Above Expectations

| Mathematics Area          | Description                                                                                                           | Performance               |
|---------------------------|-----------------------------------------------------------------------------------------------------------------------|---------------------------|
| Number and Operation:     | May include understanding meanings of numbers and operations; computing fluently and making reasonable estimates.     | ↔ At or Near Expectations |
| Algebra:                  | May include models to understand, represent and analyze patterns, relations, and functions.                           | ↑ Above Expectations      |
| Geometry and Measurement: | May include analyzing properties of geometric shapes; understanding the units, systems, and processes of measurement. | ↑ Above Expectations      |
| Data Analysis:            | May include organizing and displaying data questions; understanding and applying basic concepts of probability.       | ↑ Above Expectations      |

Predicted Quantile® measure: 1275Q and range: 1225Q - 1325Q. Enter the predicted Quantile range at [hub.lexile.com](http://hub.lexile.com) to match your student with resources appropriate for their level.

**7** Resources  
 • Go to the [Minnesota Academic Standards](http://Minnesota Academic Standards) webpage to learn more about the learning expectations for each grade and subject ([education.mn.gov](http://education.mn.gov) > Districts, Schools and Educators > Teaching and Learning > Academic Standards K-12).  
 • Go to the [Minnesota Report Card](http://Minnesota Report Card) to see results for your student's district and school and others throughout the state ([education.mn.gov](http://education.mn.gov) > Data Center > Minnesota Report Card).

education.mn.gov MARSS/SSID: 1234567890123 Local Use #: 1234567890 Page 1 of 2  
mmddy-20000000-0000-00-000-00000000

3. Estándares— Una descripción de la puntuación del estudiante en relación con lo que se espera que los estudiantes sepan en cada nivel de desempeño de los Estándares Académicos de Minnesota.
4. Video con los resultados del estudiante— Está disponible un informe en video para cada estudiante con una puntuación válida. Puede acceder al video escaneando el código QR que está impreso en el informe o contactando la escuela del estudiante para solicitar el enlace. El video también puede estar disponible en el idioma usado en el hogar, según los datos de inscripción del estudiante, si se especificó.
5. Resultados generales— La puntuación del estudiante y la puntuación de la escuela, el distrito y el estado.
6. Detalles del desempeño— La puntuación del estudiante se compara con las expectativas estatales para áreas detalladas dentro de cada materia. El desempeño en una materia se informa como por debajo de las expectativas, dentro o cerca de las expectativas, o superior a las expectativas.
7. Medidas Lexile o Quantile— Los ISR de MCA de lectura y de matemáticas tienen un nivel de Lexile (lectura) o Quantile (matemáticas) predicho.

La información para los estudiantes y las familias está disponible en el sitio web **Resultados de las evaluaciones estatales del MDE** ([education.mn.gov](http://education.mn.gov) > Students and Families > Programs and Initiatives > Statewide Testing > Assessment Results).

### Your Student's Mathematics Performance History

Your student's performance history on the Mathematics MCA-III is below. The table shows the achievement level for your student by grade and subject.

### Your Student's Mathematics Performance History

| Student Grade                                               | 3                                                                                          | 4                                                                                            | 5 | 6 | 7 | 8                                                                                      |
|-------------------------------------------------------------|--------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------|---|---|---|----------------------------------------------------------------------------------------|
| Year                                                        | 2024                                                                                       | 2025                                                                                         |   |   |   |                                                                                        |
| Achievement level of student score on grade level standards | <br>Meets | <br>Exceeds |   |   |   | <br>8 |

### Mathematics Career and College Readiness (CCR)

**Your student's score is 1166.**

A student whose Mathematics MCA-III score is at or above 1152 is on track to demonstrate career and college readiness in mathematics on a college admissions test at the end of grade 11.

### MCA-III Placement Score Ranges for Minnesota State Colleges and Universities

| Intended Course of Enrollment (or equivalent)      | Enrollment in Developmental Course Unless Additional Information Indicates Otherwise | Need More Information on Readiness           | Enrollment in College Level Course              |
|----------------------------------------------------|--------------------------------------------------------------------------------------|----------------------------------------------|-------------------------------------------------|
| College algebra<br>Statistics<br>Other mathematics | MCA-III score below 1152<br>MCA-III score below 1146<br>MCA-III score below 1146     | 1152 to 1157<br>1146 to 1147<br>1146 to 1149 | 1158 or above<br>1148 or above<br>1150 or above |

Retain this score report for use if completing the admissions process at a Minnesota State college or university. For more information please contact Minnesota State colleges and universities or your student's school.

- What does the year to year comparison above represent?

- The table shows results for each year the MCA was given in the subjects applicable to that grade. When no score is available, a description of why is included.
- The four MCA performance levels, also referred to as achievement levels, include Does Not Meet, Partially Meets, Meets, and Exceeds the Standards.
- The performance level reported for a grade relates to the Minnesota Academic Standards tested in that particular grade only. When looking at results across grades, keep in mind academic standards change from grade to grade.
- Students who achieve the Meets or Exceeds the Standards performance levels are demonstrating the knowledge, skills and abilities expected for their grade level, as described in the academic standards.

- What is the Individual Student Report (ISR) about?

- This ISR provides your student's results on the Minnesota statewide assessments taken in the spring of 2025 to measure student learning of the Minnesota Academic Standards.
- This ISR includes your student's overall score and performance level in each subject tested and the average scores for students at your school, your district, and at the state level.
- If you have questions about the results, we encourage you to contact your student's school.

- **Who takes these assessments and why?**

The Minnesota statewide assessments are taken by all public students in grades 3-8 and 11 in mathematics, in grades 3-8 and 10 in reading, and in grades 5, 8, and once in high school in science.

- How should parents/guardians use these results?

- State test results are a snapshot of student learning from one day, and they are one data point among many that schools use when measuring classroom teaching and learning.
- Teachers use other assessments on a regular basis, such as quizzes, mid-terms, chapter tests, and final exams, to capture how well students are learning concepts taught in the classroom. Teachers look for areas students do well so they can reinforce how those skills are taught, and for areas that need improvement so they can individualize instruction.
- To be an advocate for your student, keep track of their academic progress and communicate regularly with their teachers.

- Where can parents/guardians find more information?

- [MDE Students and Families Statewide Testing page](#) under Assessment Results (education.mn.gov > Students and Families > Programs and Initiatives > Statewide Testing)

➤ **How can I request my student's results in a translated language or an alternative format?**

If your home language has been reported to your student's school or district, the QR code on page 1 may include a student results video with translated audio and/or captions. This ISR report format may also be made available in another translated language or an alternative format, such as large print, braille, or as an audio file. Contact MDE by email at [mde.testing@state.mn.us](mailto:mde.testing@state.mn.us), by phone 651-582-8674 or by fax 651-582-8874. TTY users may call the Minnesota Relay Service at 711.

## MCA de lectura y matemáticas para los grados 3 al 8

8. Historial del desempeño (grados 3 al 8) — La tabla muestra el historial del desempeño del estudiante en lectura o matemáticas. Nota: El nivel del logro reportado para un grado se relaciona únicamente con los estándares académicos de Minnesota evaluados en ese grado en particular. Al observar resultados entre grados, tenga en mente que los estándares académicos cambian de un grado a otro y que es difícil determinar si los estudiantes están progresando basándose únicamente en los resultados de MCA.

## MCA de lectura y matemáticas de la escuela secundaria

9. Preparación para la universidad y la vida profesional— Para lectura en el grado 10 y matemáticas en el grado 11, la puntuación de MCA del estudiante se muestra en relación con puntuaciones objetivo que se usan para determinar la preparación para la universidad y la vida profesional en lectura o matemáticas.
10. Uso de las puntuaciones de MCA para la asignación de cursos— Las universidades del estado de Minnesota pueden usar las puntuaciones de MCA de lectura de la escuela secundaria para determinar la asignación de cursos. Para más información, por favor visite [Minnesota State colleges and universities](http://minnstate.edu) (minnstate.edu) o contacte la escuela del estudiante.

## Todos los ISR de lectura y matemáticas

11. Preguntas frecuentes y recursos— La segunda página de todos los ISR de lectura y matemáticas incluye las preguntas frecuentes y la información sobre dónde encontrar recursos adicionales.
12. Información de contacto— Para solicitar un formato alternativo o una traducción a otro idioma, por favor contacte al Departamento de Educación de Minnesota.
