

My name is Celeste Erikson, and I am the art teacher at Rabbit Creek. This is my 9th year teaching art, and I am just as excited about teaching art as I was in my 1st year! This year, my focus will be on artistic independence, by providing more time and space for students to expand their own original ideas and work on art projects they are passionate about.

We are kicking off the year with our annual Square 1 Art fundraiser! Students will be working on an original piece of art in class which I will send to the Square 1 Art Company. The Square 1 Art Company provides parents an opportunity to purchase items with their child's artwork on it, with a portion of the proceeds directly coming back to Rabbit Creek to support the fine arts.

Please reach out if you ever have any questions!

Looking forward to an amazing school year!

Ms. Erikson
