Jennifer Lawrence jelawrence@gcboe.us

This program is designed to meet the needs of students with varying disabilities. The **course objectives** are taught each year according to each student's ability and IEP requirements, along with efforts to align to curriculum standards in core subjects. **Evaluations** are done on an individual basis and **grades** are reported by way of progress reports and report cards each marking period.

Program objectives: (all dependent on individual student ability)

- Prepare simple meals
- take care of personal hygiene and grooming needs
- exhibit knowledge of basic safety and health rules
- exhibit awareness of budgeting and monthly planning
- research leisure activities
- exhibit knowledge of basic physical fitness
- explore community and use its' resources
- demonstrate basic skills in these areas: reading, writing, money, time management, math, science, social science and social studies, social communication, basic self care
- demonstrate responsibility for cleaning work area, laundry, recycling program, lunch table, and other school/home "places" and improve transition skills

Upon leaving the program, students should exhibit improved abilities in the objectives attempted in each individually designed program!

"Watch us as grow each day." The Bobcat Crew!
