NOTICE OF ASBESTOS CONTROL

AHERA is the acronym for a federal law that requires all school districts to re-inspect facilities for building materials containing asbestos. District facilities have been inspected and response actions are planned to insure a continued safe environment for students and employees. Activities include training of maintenance staff to prevent disturbance of asbestos and periodic re-inspection and surveillance activities by trained personnel. Details of such activities are described in the District's AHERA Management Plan that is available for review in the Business Office. Questions may be directed to Patrick Poirier, Williamson Central School Director of Facilities, 315-589-9661.

The following pesticide applications are not subject to prior notification requirements:

- anti-microbial products;
- nonvolatile rodenticides in tamper resistant bait stations in areas inaccessible to children;
- nonvolatile insecticidal baits in tamper resistant bait stations in areas inaccessible to children;

In the event of an emergency application necessary to protect against an imminent threat to human health, a good faith effort will be made to supply written notification to those on the list. If you would like to receive 48-hour prior notification of pesticide applications that are scheduled to occur in your school, please send a letter to Patrick Poirier, Williamson Central School District, P.O. Box 900, Williamson, NY 14589. Indicate the building of concern, your name, address, day and evening phone numbers.

Parent(s) may submit a request in writing to the Superintendent of schools that the student's name, address and telephone number not be released for this purpose without the prior written consent of the parent(s).

ANNUAL PROFESSIONAL PERFORMANCE REVIEW (APPR)

All parents/guardians have the right to obtain the APPR quality ratings and composite effectiveness scores for their child's current teacher(s) and principal(s) once they are available. To initiate this request, please contact your child's principal in their corresponding school.

HEALTH INFORMATION

THE HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT OF 1996

The Health Insurance Portability and Accountability Act of 1996 (HIPPA) required adoption of security and privacy standards in order to protect personal health information. In order for the District to exchange information with a child's health care provider, it is necessary for a parent or guardian to sign a comprehensive release of information form that outlines the security provisions.

IMMUNIZATIONS

Under Public Health Law, all students are required to be immunized against measles, polio, diphtheria, mumps, rubella, Hepatitis B, Tetanus, Pertussis and Varicella. A signed physician's certificate or other acceptable evidence must be submitted for all children entering school. Proof of immunization must be submitted within 14 days or the child will not be permitted to attend beyond that point. For more information or questions about the requirement and exceptions contact the school nurse in each building.

INSURANCE

All students of the District are covered under a group student accident insurance plan which acts as co-insurance with the family coverage considered the primary coverage. All accidents must be reported to the school nurse. The accident policy is designed to cover or assist in covering expenses resulting from accidental injury to any student while at school or involved in a school sponsored activity. For further information, contact the school nurse.

MEDICATIONS AT SCHOOL

State law requires a signed written order from a physician and parent/guardian in order for a student to receive any (including over-the-counter) medicine at school. Medication is to be brought to school by the parent/guardian in the original, correctly labeled prescription or product bottle. For specific information regarding these medications on field trips, please contact the school nurse.

SCHOOL HEALTH SCREENINGS

State law requires hearing and vision screenings for all new entrants and for those students in pre-K or Kindergarten, and Grades 1, 3, 5, 7 and 11, if not documented in a health exam submitted to the school. State law requires scoliosis examinations for females in Grades 5 and 7, and males in Grade 9.

PHYSICAL EXAMS

NYS Education Department and State Law requires an annual physical exam which includes a body mass index and weight status category for those students entering UPK, Kindergarten and grades 1, 3, 5, 7, 9 and 11. Any student entering the school district for the first time is required to have an examination. Participation in a sport requires a health history form and a current physician physical dated within the past 12 months.

SCREENING OF NEW STUDENTS

New students will be screened to determine each pupil's educational needs. For more information on screening, please contact the elementary school or guidance office at the middle/high school.

ANAPHYLAXIS

Upon enrollment and whenever there are changes, parents/guardians will be required to provide the District with up-to-date information regarding their child's medical conditions, including any allergies the child may have and any emergency medications prescribed for potential anaphylaxis. These documents will guide all staff in the necessary actions to take during an allergic or anaphylactic reaction. The school district will keep these documents and any emergency medications in a designated area known to all staff members and will ask for updated paperwork when necessary. Parents/guardians should contact the school nurse for assistance with individualized concerns about anaphylaxis.
