

The AICE curriculum requires a total of SEVEN AICE courses between grades 9-11 or grades 10-12 with at least one course and one exam from each of the three subject groups, as well as one in the core group (Global Perspectives & Research). Students may take as many AICE courses as desired if there is a teacher recommendation and the minimum requirement (7) is met. Advanced Subsidiary Level (AS) exams count as one point toward the diploma. Students must earn the seven required credits within 25 months of taking the first AICE exam(s). *Please note that students can take AICE courses without pursuing the diploma.*

\*It is recommended that all students selecting AICE Cambridge courses have earned at least a 4 or 5 on their previous year's Reading assessment and/or received a teacher's recommendation, as well as meeting all prerequisites.

## Benefits of starting in 9<sup>th</sup> grade (preferred)

With 100 hours, Bright Futures will be available as soon as they begin college.

## 10<sup>th</sup> grade start

If they fail an exam their senior year, they cannot come back and retake the exam in November.

No AICE diploma=No Bright Futures

If you pass exams senior year, Bright Futures will not be in effect until your second semester in college.

\*Students can take more than 7 courses; if they want more college credit and/or reassurance just in case they fail an exam.

## Students choosing to take an AICE Class a-la-carte should know that AICE Classes

- Are college level courses
- Student should be a Level 4 or 5 on F.A.S.T. ELA or a Level 3 with consistently excellent grades and attendance.
- Require a lot of writing and research, no multiple choice.
- Have a required AICE Exam at the end of the school year.
