

Title I

What is Title I? Title I is a federally-funded program designed to provide support for students who would benefit from supplemental skill instruction in academic areas such as reading. The purpose of this program is to supplement the skill instruction provided in the classroom, which gives students a greater opportunity to succeed in class, attain grade-level proficiency, and improve academic achievement.

How are students selected to receive Title I instruction? At Pleasant Hill Elementary, selection of students for this program is made through screening data in reading through our school-wide assessment system, "STAR Renaissance". Students who score below the 40th percentile on school-wide assessments may be selected for this program. Title I is a fluid program based on student need throughout the school year. Data will determine who needs additional support through Title I and when that support will take place.

Placement of a child into a program such as Title I is done so with careful consideration. If you have any questions or concerns about Title I, please feel free to contact our Title I teacher, Mrs. Thomas, or our building principal, Ms. Fairchild.
