Bullying Prevention Starts at Home and in the Classroom

October is National Bullying Prevention Month, a time dedicated to raising awareness about the impact of bullying and promoting safe, supportive environments for children and teens. In today's world, 1 in 5 children experience bullying, either online or in person. As one of the most frequently reported disciplinary issues in schools, bullying includes behaviors such as being the subject of rumors or lies, being made fun of, name-calling, insults, threats, physical harm, and social exclusion.

Bullying is defined by deliberate and persistent behavior aimed at asserting power over others. It is categorized as an Adverse Childhood Experience—a potentially traumatic event that can have long-lasting effects on a child's development.

Unfortunately, bullying is often dismissed as a childhood rite of passage. Many children feel reluctant to tell adults due to embarrassment or fear, which is why recognizing early signs is essential to preventing long-term consequences.

Signs of bullying parents should be aware of:

- Declining grades, loss of interest in schoolwork, or not wanting to go to school
- Sudden loss of friends or avoidance of social situations
- Difficulty sleeping or frequent nightmares
- Self-destructive behaviors such as running away, self-harm, or suicidal thoughts
- Planning revenge or retaliation against others

Bullying can impair cognitive, emotional, social, and physical development, and increase the risk of health issues such as depression, anxiety, sleep disturbances, and substance abuse.

Caregivers recognizing the impact of bullying is often the first step. Open communication and creating an environment where children feel safe expressing their emotions helps build resilience and emotional well-being. Caregivers should also initiate conversations with teachers to discuss any concerns about a child's behavior or well-being.

Addressing bullying requires teamwork between caregivers, educators, and health care professionals. Child psychologists and school counselors can offer tailored interventions to support a child's mental and emotional health.

Ocean View Schools Shine with PBIS Awards

Ocean View School District is proud to celebrate all 13 schools for being recognized with California PBIS Implementation Awards for 2025. These honors highlight the incredible work being done across the district to foster positive, supportive environments where students can thrive.

This year, College View Elementary, Marine View Middle School, and Star View Elementary earned the Platinum Award, the highest recognition for PBIS excellence. Circle View Elementary, Harbour View Elementary, Hope View Elementary, Lake View Elementary, Mesa View Middle School, Oak View Elementary, Village View Elementary, Vista View Middle School, and Westmont Elementary were honored with the Gold Award, and Golden View Elementary received the Silver Award. These achievements represent the dedication of teachers, staff, families, and students working together to build strong, caring school communities.

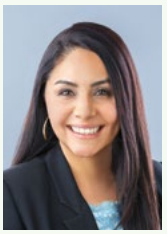

In Ocean View, the PBIS framework is more than a program, it is part of the District's larger commitment to social-emotional well-being. By teaching skills like empathy, resilience, and self-awareness alongside academics, our schools help students build the foundation for lifelong success. These practices are woven into the daily fabric of our classrooms, creating spaces where every student feels seen, supported, and encouraged to grow.

Equally important is Ocean View's focus on community engagement. Strong partnerships between families, staff, and the broader community create a network of support for students. Whether through parent involvement, school events, or collaborative initiatives, these connections reinforce the district's belief that learning extends beyond the classroom. When students feel connected and valued by both their school and community, they are empowered to reach their full potential.

The 2025 PBIS Awards are a celebration not just of the individual schools recognized, but of the District-wide commitment to student well-being, positive culture, and shared success. Together, we are building schools where every child has the opportunity to learn, grow, and shine.

OVSD Launches the 2025–26 School Year

By Patricia Singer, Board President

Ocean View School District is off to a great start as we launched the 2025–26 school year! The journey began on August 25 with an all-staff event designed to invigorate, connect, and prepare our dedicated team for the year ahead. The gathering set the tone for the year, filled with energy, optimism, and a collective commitment to student success.

That spirit quickly soared into the first day of school, where excitement could be felt across every campus. Students arrived eager to reconnect with friends, meet their teachers, and begin a new chapter of learning. The enthusiasm didn't end on day one, as schools across the District hosted back-to-school nights and community events, showcasing our commitment to strong family engagement. These gatherings reflect the strong partnerships we value between schools and families, a foundation that ensures our students thrive both in and out of the classroom.

Looking ahead, OVSD is committed to sustaining this momentum by celebrating both student achievement and family engagement throughout the year. As our students continue to grow academically and personally, we look forward to cheering their successes while expanding opportunities for families to be active partners in their learning. Together, we are building on last year's accomplishments and reaching even higher.

The Board of Trustees, alongside the entire Ocean View team, is thrilled for what lies ahead. With our theme, Ready for Takeoff: The Journey Begins August 27, we see this new year as a launchpad, one that will propel our students to new heights of discovery, growth, and success. The journey has begun, and the best is yet to come.

A New School Year, a Strategic Roadmap, and How One Experience Can Change a Student's Life

I can still see the sun-splashed blacktop at Green Elementary School in San Diego. In third grade, I navigated recess in my wheelchair, eager to play games but often uncertain how to break in. Then one day, something changed.

A Paralympic athlete — strong, confident and seated in a sleek racing wheelchair — visited campus to share his story and challenge students to a 100-meter dash. One by one, he left every competitor in the dust.

Later, I saw his car, outfitted with hand controls. I noticed the way he carried himself — capable, independent and assured. Until that day, I hadn't fully imagined those possibilities for myself. That single moment expanded my vision of what was possible and, in subtle but lasting ways, shifted how my classmates saw me, too.

The experience taught me something I carry to this day: Every student needs a connection that inspires them — a spark.

For some, that spark is found on the athletic field or in a club. For others, it might be a guest speaker, a hands-on project or a trusted adult who sees their potential and makes them feel like they belong.

Last year, I worked alongside educators, parents and members of our community to develop a shared vision for how we can ensure all students in Orange County have the opportunities and support they need to thrive.

We called it our 5-3-1 Strategic Plan because it's based on five goals, three priorities for supporting our districts, and one bold audacious goal for OCDE's own alternative education program. Components of the plan include expanding inclusive career technical education, fostering emotional intelligence, integrating AI in education, improving school safety and exploring new funding strategies to fuel innovative programs.

The Orange County Department of Education is uniquely positioned to lead this charge. Not only do we provide direct instruction to some of the county's most vulnerable student populations through programs like ACCESS and Connections, we also deliver essential support services to the 28 local school districts we serve.

In both capacities, our mission is to help schools and communities create the kinds of experiences that inspire students to see their own potential and find their place.

As we begin this new school year, I encourage every educator, mentor, coach and community partner to consider the difference they can make. Sometimes all it takes is one activity, one opportunity or even one conversation to change the trajectory of a student's life.

I know this because it happened to me. And I believe it can happen for every child in Orange County.

A Symphony of Creativity!

Circle View is already in full creative! Our visual arts program is flourishing, with Mrs. Rabanera inspiring imagination in 3rd–5th grade students, while Mrs. Schubert sparks creativity in our TK–2nd graders.

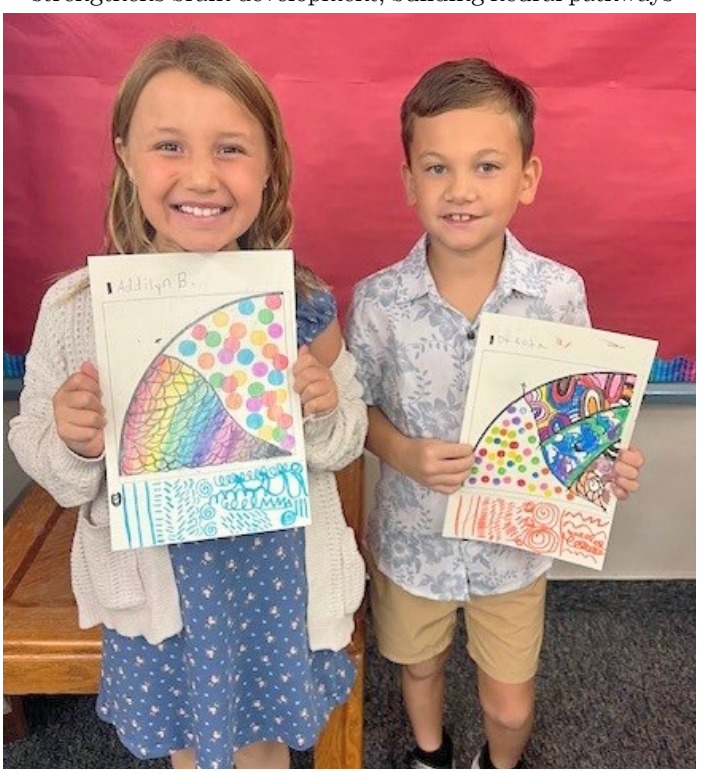

The arts do not stop at visual expression—music is soaring, too! Mrs. Maeda is guiding our TK students to find their voices through joyful movement and song, setting the stage for a lifelong love of music. Meanwhile, under the direction of Ms. Eileen Stressling, students in kindergarten through fifth grade are building strong foundations in rhythm, instruments, cultural and historical genres, solfege ear training, and harmonies. She is also laying the groundwork for the 2025–2026 Circle Singers, Circle View's all-inclusive honor choir, open to every 4th and 5th grader ready to shine.

The impact of arts education extends well beyond the classroom. Research shows that engaging in the arts strengthens brain development, building neural pathways that enhance memory, problem-solving, and language skills. These experiences prepare children not just to paint or perform, but to grow as flexible thinkers and resilient learners.

At Circle View Elementary, creativity doesn't just happen, it thrives! From music to visual arts, our students are discovering the joy of expression, imagination, and innovation in a safe and nurturing environment. Every child has the opportunity to be seen, valued, and inspired. Whether blending colors, playing a melody, or singing in harmony, our students learn that their creativity is powerful and their voice matters.

Principal

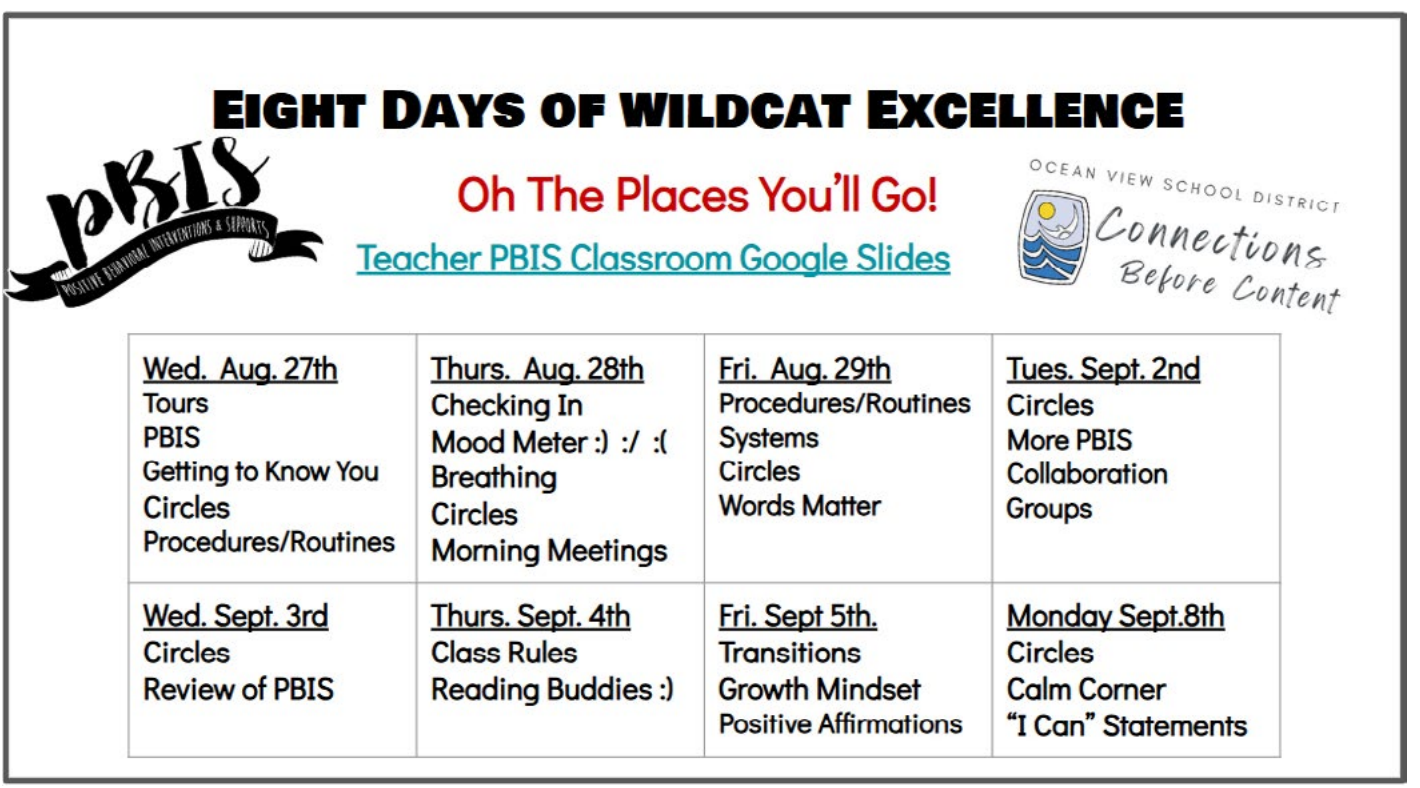

Eight Days of Wildcat Excellence

College View Elementary recently launched its "Eight Days of Wildcat Excellence," focusing on building strong foundations for student success through Positive Behavioral Interventions and Supports (PBIS).

Each day featured activities designed to strengthen community, encourage positive behavior, and create a welcoming learning environment. Students participated in tours, morning meetings, and team-building circles, while also practicing procedures and routines that set expectations for the year.

Highlights included lessons on the Mood Meter, breathing strategies, and positive affirmations, as well as opportunities to collaborate in groups and connect with reading buddies. Words of encouragement, growth mindset activities, and "I Can" statements helped students build confidence and take ownership of their learning.

By focusing on relationships, self-regulation, and collaboration, the Eight Days of Wildcat Excellence set the tone for a school year filled with learning, growth, and community pride.

Principal

Welcome Back

We are thrilled to welcome our students, staff, and families back to an exciting new school year at Golden Elementary! The 2025–2026 school year is off to a strong start, marked by a successful relaunch of our school-wide Positive Behavior Intervention System (PBIS). This year, as being a recipient of the SILVER PBIS AWARD, we are committed more than ever to building a positive, safe, and supportive learning environment for every student.

PBIS School-Wide Launch

Throughout the month of September, all Golden students participated in our annual PBIS review to strengthen their understanding of the Golden Expectations:

Be Respectful
Be Responsible
Be Safe

Students rotated through key areas of our campus where staff reviewed behavioral expectations, safety protocols, and procedures. These hands-on lessons help our students practice what it means to be respectful, responsible, and safe in every space—from classrooms and hallways to the playground and cafeteria.

In addition, students were reintroduced to our Golden Ticket system, which rewards positive behavior. By demonstrating our Golden Expectations, students can earn tickets and redeem them for fun rewards and special opportunities. This system not only reinforces positive choices but also builds excitement and motivation across campus.

Grade-Level Assemblies & Parent Partnership

Each grade level attended an assembly with the principal to review school-wide expectations and progressive discipline system. These assemblies provided an opportunity for students to ask questions, clarify expectations, and commit to being active members of our positive school culture.

We also partnered with families in this launch by sharing the Golden Handbook, which outlines our school policies, systems, and safety procedures. Parents and guardians reviewed the handbook with their children so that we can work together to ensure consistency between home and school.

Moving Forward Together

We are so proud of how our students have embraced the start of this school year with energy, positivity, and a shared commitment to making Golden Elementary a safe and welcoming place for everyone. With home-school connections and continued support, we know that this year will be filled with growth, learning, and many celebrations of student success.

Pelicans Soar Into a New School Year

Harbour View staff welcomed back our students with promises of another exciting new school year of learning, making new friends, enjoying our PTA "fun days", great assemblies, music and art class, and many more adventures. Fabulous bulletin boards displaying the students' autobiographical writing and artwork are adorning our hallways.

Our Back to School Nights were a great success with over 90% of our parents attending the principal's and classroom teachers' presentations. At Harbour View we have two nights. On the first day of school our TK & K parents not only get to gather for a "cheers & tears" meeting with our PTA after they drop their "littles" off, but in the evening, they get the full picture of what TK and Kindergarten are all about. Then a week later we have presentations for our first through fifth grade classes.

On September 11 we had our Patriotic Assembly to honor our 911 first responders and the people who were injured or died on that horrific day. Our Cub Scout Pack 506 presented the colors, and several students wrote acrostic poems called HEROES, and read them to the audience. Many staff and students wore Red, White and Blue and the entire audience sang "I'm Proud to be an American." It was a truly inspirational day.

We also had our kick off for our annual "Bubble Run" where students run to raise funds for our PTA as bubbles fly through the air.

Christina Luckey
Principal

Hope View: Strong Start with Family Engagement

This year, Hope View is off to another fantastic start, strengthening home-school connections through a variety of engaging events. Our meet-and-greets and Back-to-School Night were both wonderful successes, giving parents the opportunity to review classroom happenings and learn something new.

The "Popsicles with Your Teacher" event before the first day of school set a warm, welcoming tone and gave families a fun way to start the year together, while getting to meet their classroom teacher. Building on that momentum, our PTO hosted the ever-popular Pastries with Parents, reimagined this year as the "Syrup Social", which brought families together in a casual, lighthearted setting. To top it off, the "Welcome Back Lunch on the Lawn" provided yet another opportunity for parents, and students to connect, enjoying a beautiful sunny day while strengthening our school community.

These efforts have created a warm and welcoming atmosphere where both families and students feel supported and connected. Most importantly, these relationships strengthen the learning that takes place each day, ensuring students thrive both academically and socially. We look forward to continuing to grow these strong connections throughout the year!

A Colorful Start to the School Year

The start of the school year is always an exciting time, filled with new faces, fresh opportunities, and the joy of learning. For our Transitional Kindergarten (TK) students, this season has been especially vibrant as they begin their journey into school life with a fun and engaging focus on colors.

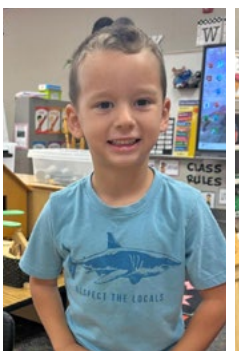

Each day, our youngest learners have been introduced to a "Color of the Day." Students proudly come dressed in clothing that matches the featured color, filling the classrooms and hallways with bright shades of red, blue, yellow, and more. This simple activity sparks excitement and helps students build early connections between language, visual recognition, and real-world application.

To add even more meaning to their color exploration, the children also bring special items from home that reflect the color of the day. These treasures are shared during "show and tell," encouraging students to build confidence in speaking, practice listening skills, and celebrate one another's creativity.

This colorful tradition is more than just fun—it's laying the foundation for early academic success while fostering a sense of belonging and joy. What a wonderful way for our TK students to begin their school adventure!

Marine View *Middle School (6–8)*

Welcome Back

There was a sense of excitement and anticipation in the air as our students returned to campus for the 2025–2026 school year. Marine View students were welcomed by inspiring messages displayed around campus, created by our Leadership Class to set a positive tone for the year. That uplifting energy carried forward as students engaged in a variety of orientation activities throughout the week. During these activities, students learned about our campus, school-wide expectations, and the importance of demonstrating Mariner PRIDE—Preparation, Responsibility, Integrity, Determination, and Excellence. They also discovered key strategies for success in middle school, including how to earn PRIDE Tickets by modeling these core values. Students also engaged in team-building activities designed to strengthen collaboration, problem-solving, and peer connections.

Our Leadership Class hosted our first assembly of the year, which included a highlight of our expectations as well as some spirited grade-level competitions. This assembly was a perfect way to celebrate Mariner PRIDE and set the tone for the year ahead. Already, our teachers and staff are enthusiastically recognizing students by distributing PRIDE Tickets whenever they observe these values being demonstrated across the campus.

This year also brings a remarkable achievement worth celebrating: Marine View has been honored with the Platinum Award for PBIS, the highest level of recognition for Positive Behavioral Interventions and Supports. This award reflects the commitment of our students, staff, and community to fostering a positive, respectful, and supportive school culture. It is both a proud accomplishment and a motivating reminder of what we can achieve when we work together.

Isis Ortiz
Principal

Mesa View Middle School Soars into the New Year with Eagle Spirit Night

Mesa View Middle School launched the 2025–26 school year with energy, pride, and community spirit at its annual Eagle Spirit Night on August 25th. Students, families, and community partners came together for an evening filled with food, music, and celebration—setting the tone for a year of connection, confidence, and success.

Families had the chance to tour the campus and explore key areas. Spirit wear was available for purchase, giving new students—especially incoming 6th graders—the opportunity to get comfortable on campus before the first day of school.

The night buzzed with excitement thanks to the many community partners who joined the celebration. Families enjoyed delicious meals from TK Burgers and sweet treats from Kona Ice. Guests also engaged with interactive displays and performances from organizations including the Huntington Beach Police Department, HB Fire, Wetlands Conservancy, Shark Shack, Inside the Outdoors, Columbia Memorial Space Center, and the HBHS Academy for the Performing Arts.

Additional partners, including Bees for the Solution, Scouting America, Girl Scouts, Sylvan Learning, Huntington Beach Public Library, WAGS Pet Adoption, and Shipley Nature Center, enriched the event with activities and resources that inspired curiosity and connection.

A lively picnic-style dining area, live music, kept the energy high as families mingled and celebrated together.

Principal Ortiz shared that Eagle Spirit Night is all about creating a welcoming environment where students feel supported and excited about the year ahead. "Our goal is for every student to step onto campus with confidence, knowing they are part of a community that cares about their growth and success," Ortiz said.

Mesa View also looks forward to continuing to strengthen and grow partnerships with local organizations throughout the school year. By working hand-in-hand with the community, the school hopes to provide students with even more opportunities to learn, explore, and thrive beyond the classroom.

With laughter echoing across the campus, new friendships forming, and families connecting with teachers and community partners, Eagle Spirit Night once again proved to be a highlight of the Mesa View tradition—soaring students into a brand-new school year full of possibilities.

Araceli Osborn
Principal

Good Morning, Good Start at Oak View Elementary

The 2025–2026 school year at Oak View Elementary has launched with excitement, joy, and a renewed commitment to building community through our Good Morning, Good Start program. We believe every child deserves to begin their school day with connection and confidence, and this program has become a cornerstone of our school culture.

Each day begins with the energy and leadership of our Student Ambassador Valets. These student leaders proudly serve as role models, greeting families during drop-off, opening car doors, and welcoming their peers with warm smiles. Not only do they help reduce morning traffic and keep everyone safe, but they also gain valuable life skills in responsibility, teamwork, and communication. A simple "good morning" from one of our ambassadors often sets a positive tone for an entire family's day.

For many of our families who walk to school, our Community Walker Program provides an added layer of care and safety. Reyna and Maria Elena, our dedicated community walkers, can be found each morning walking alongside students. Their presence not only ensures safe passage but also provides peace of mind to parents and builds connections between the school and neighborhood.

Adding to the joy of the morning is Ms. Mara Moore, our crosswalk guard and morning greeter. With music playing, warm smiles, and cheerful "holas," Ms. Mara transforms the entrance into a place of celebration. Her presence reminds students and families that they are seen, valued, and part of something special. Parents often share how much they appreciate starting their day uplifted by her positivity.

This culture of morning cheer culminates in a new tradition of welcoming students with cheers at the gate on the first date as well as having Ms. Wyman, one of our TK Teachers or Dr. Osborn greeting students and families each morning, creating an ambiance of encouragement that sets the tone for a day of learning and growth. Whether it's through leadership, safety, or joy, our Good Morning, Good Start program embodies Oak View's commitment to building community and ensuring every child begins their day ready to succeed.

As we look ahead, Oak View is excited to carry this positive energy throughout the 2025–2026 school year, continuing to nurture confidence, belonging, and pride in every student, every day.

Star View *Elementary (K–5)*

8411 Worthy Ln., Midway City, CA 92655 • 714/897-1009 • star.ovsd.org

Jeanne Bentley
Principal

A Joyful Opening

Star View opened the school year with a spirit of positivity and joy, setting the tone for a year filled with growth and connections.

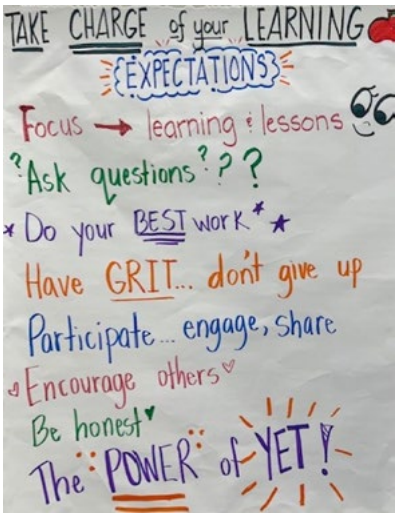

A safe and inclusive environment remains the foundation of Star View's mission. Every student is welcomed, supported, and empowered to be themselves in a space where diversity is celebrated and belonging is prioritized. This focus creates the trust needed for learning and collaboration to flourish.

Teamwork is another key pillar, as students, staff, and families join to encourage one another and work toward common goals. This year, that spirit of collaboration shone during Back to School Night, as teachers partnered with families to demonstrate practical ways parents can help their children master a specific skill.

Star View also celebrates achievers, recognizing both academic excellence and personal growth. Every effort and milestone is honored, motivating students to reach their full potential.

Above all, the school emphasizes being respectful and responsible, shaping character and leadership. With these values in mind, Star View begins the year with a promise of success.

Shannon Mudry
Principal

Growing Together

Village View Elementary is proud to celebrate the growth of its Transitional Kindergarten (TK) program, which has expanded to two classrooms this school year. This exciting milestone reflects the program's success in preparing the youngest learners for school through developmentally appropriate and engaging experiences.

Joining the team is Mrs. Trent, a veteran teacher with years of expertise in both TK and preschool. She brings a wealth of knowledge and a passion for early education to Village View. She joins Mrs. Slegers, who has thoughtfully nurtured and expanded the TK program at the school over the past several years. Together, the two teachers create a dynamic team committed to supporting students' academic, social, and emotional growth.

The TK program is designed to spark curiosity and build foundational skills through play-based and interactive learning. Whether students are exploring hands-on activities, collaborating with classmates, or developing early literacy and math concepts, the focus is always on making learning joyful and meaningful.

Principal Mudry describes the program as "hiding vegetables in food" — the students don't even realize they are learning because they are having so much fun! This balance of play and instruction helps ensure that Village View's TK students are not only ready for kindergarten but are also developing a lifelong love of learning.

With two classrooms now bustling with eager learners, Village View is excited to see its TK program thrive and continue serving as a strong foundation for student success

Manny Quezada
Principal

Vista View Middle School Recognized as a GOLD PBIS School

Vista View Middle School has been officially recognized as a PBIS GOLD School, a distinction that highlights the dedication of staff, students, and families in building a positive and supportive learning environment. This recognition reflects the collective effort to create a culture where expectations are clear, students are celebrated for positive choices, and relationships are at the heart of daily interactions.

Through the implementation of Positive Behavioral Interventions and Supports (PBIS), Vista View has fostered an environment where students feel valued, motivated, and encouraged to succeed. Teachers and staff consistently model and reinforce positive behaviors, which helps create a safe and respectful campus for all.

A key element of this success has been the school's shift to the PBIS Rewards digital platform. This innovative system allows students to track their points and earnings in real time, making the recognition process more engaging and transparent. Students can redeem points for a variety of incentives, providing motivation while reinforcing responsibility and accountability. Parents also benefit from this system by being able to monitor their child's progress, providing another way to stay connected and supportive of student growth.

Principal Quezada praised the recognition as a milestone achievement for the school. "Being recognized as a PBIS GOLD School is a testament to the hard work of our staff and the commitment of our students. I am especially proud of our MTSS team, whose leadership and collaboration have made this possible. The PBIS Rewards program has been an amazing tool for our entire community—it gives students ownership of their choices and allows parents to stay engaged in real time."

"The PBIS Rewards is pretty cool. I'm excited about the rewards and the ability to track my points," said eighth grader Rory A. "It feels good to be recognized for making positive choices, and I'm looking forward to using my points at the student store."

Vista View Middle School is proud of this achievement and excited to continue building a culture where positivity leads the way.

Diana Bianco
Principal

Westmont Rocks: Welcoming Students Back for a Rock and Roll School Year

The first week of school at Westmont Elementary was filled with energy, smiles, and the joy of learning as students returned to campus. From the moment families arrived, students were greeted with warm welcomes, cheerful faces, and plenty of school spirit—including a fun photo opportunity with Monty, the school's beloved mascot.

Classrooms quickly came alive with learning. Students dove into their lessons, working together on engaging activities that encouraged creativity, collaboration, and problem-solving. Whether practicing math skills with colorful counters, reading independently, or enjoying hands-on games, it was clear that the new school year is already off to a strong start.

To set a positive foundation, students also participated in schoolwide PBIS (Positive Behavioral Interventions and Supports) rotations. These sessions gave students the opportunity to learn and practice expectations for being safe, respectful, and responsible across all areas of campus, including the library. By engaging in these rotations, Westmont Stars are building a supportive school culture where every student can thrive.

With classrooms rockin', students engaged, and schoolwide expectations established, Westmont Elementary is ready for a year filled with growth, achievement, and lasting memories. With this year's theme, "Westmont Rocks," the Stars are set to shine brighter than ever. It's going to be a wonderful year!
